(b) Upon a finding of a violation by a chiropractor of one or more of the grounds for discipline contained in subsection (a) of this section, the board may impose one or more of the following penalties:

(1) Revocation of the chiropractic license;

(2) Suspension of the chiropractic license;

(5) Reprimand;

(6) Monetary redress to another party;

(7) A period of free public or charity service;

(8) Satisfactory completion of an educational, training or treatment program, or a combination of programs;

(9) Imposition of an administrative penalty, not to exceed \$1,000 per day per violation; or

(10) Payment of administrative costs for the disciplinary action, including, but not limited to, attorney fees, investigation expenses, hearing examiner fees, witness fees and cost of monitoring compliance with the board's orders.

(c) The board may issue a confidential letter of concern to a licensee when, though evidence does not warrant formal proceedings, the board has noted indications of possible misconduct of a licensee that could lead to serious consequences and formal action. In the letter of concern, the board is also authorized at its discretion to request clarifying information from

the licensee.

(d) The board may require professional competency, physical, mental or chemical dependency examinations of any applicant or licensee including withdrawal and laboratory examination of bodily fluids.

(e) In every disciplinary case considered by the board pursuant to this article, whether initiated by the board or upon complaint or information from any person or organization, the board shall make a preliminary determination whether probable cause exists to substantiate charges due to any reasons set forth in this section. If probable cause is not found in the complaint, all proceedings relating to the complaint and the response of the licensee or his or her representative shall be held confidential and may not be made available to the public or to any other state or federal agency or court. If probable cause is found to exist, all proceedings on the charges shall be open to the public, who are entitled to all reports, records and nondeliberative materials introduced at the hearing, including the record of any final action taken: Provided, That any medical records pertaining to the person who has not waived his or her right to the confidentiality of the records are not open to the public. For purposes of the hearing, the board has the power to subpoena witnesses, documents or any other tangible evidence. The board may, in its discretion, meet in an informal conference with the accused licensee who seeks or agrees to the conference. Disciplinary action taken against a licensee as a result of the informal conference and agreed to in writing by the board and the accused licensee is binding and a matter of public record. The holding of an informal conference does not preclude an open formal hearing if the board determines it is necessary.

(f) If the board determines that the evidence in its possession indicates that a chiropractor's continuation in practice or unrestricted practice constitutes an immediate threat to the public health and safety or when a licensee is convicted of a felony, whether or not related to the practice of chiropractic, the board may seek an injunction in the circuit court of proper jurisdiction for immediate relief implementing any of the board's authority provided in this article.

(g) All disciplinary actions taken by the board shall be reported to the federation of licensing boards, appropriate federal agencies and any other state boards with which the disciplined licensee may also be registered or licensed and all the actions, including related findings of fact and conclusions of law, are matters of public record. Voluntary surrender of and voluntary limitations on a chiropractic license of any person are also matters of public record and shall also be reported to the appropriate agencies.
