(5) The tax imposed by this section does not apply to motor vehicles acquired by registered dealers of this state for resale only.

(6) The tax imposed by this section does not apply to motor vehicles acquired by this state or any political subdivision thereof or by any volunteer fire department or duly chartered rescue or ambulance squad organized and incorporated under the laws of this state as a nonprofit corporation for protection of life or property.

(7) The tax imposed by this section does not apply to motor vehicles acquired by an urban mass transit authority, as defined in article twenty-seven, chapter eight of this code, or a nonprofit entity exempt from federal and state income tax under the Internal Revenue Code for the purpose of providing mass transportation to the public at large or designed for the transportation of persons and being operated for the transportation of persons in the public interest.

(8) The tax imposed by this section does not apply to the registration of a vehicle owned and titled in the name of a resident of this state if the applicant:

If an owner of a vehicle has previously titled the vehicle at a declared gross weight of fifty-five thousand pounds or more and the title was issued without the payment of the tax imposed by this section, then before the owner may obtain registration for the vehicle at a gross weight less than fifty-five thousand pounds, the owner shall surrender to the commissioner the exempted registration, the exempted certificate of title and pay the tax imposed by this section based upon the current market value of the vehicle.

(10) The tax imposed by this section does not apply to vehicles leased by residents of West Virginia. On or after January 1, 2009, a tax is imposed upon the monthly payments for the lease of any motor vehicle leased under a written contract of lease by a resident of West Virginia for a contractually specified continuous period of more than thirty days, which tax is equal to five percent of the amount of the monthly payment, applied to each payment, and continuing for the entire term of the initial lease period. The tax shall be remitted to the Division of Motor Vehicles on a monthly basis by the lessor of the vehicle. Leases of thirty days or less are taxable under the provisions of this article and article fifteen-a of this chapter without reference to this section.

The tax shall be remitted to the Division of Motor Vehicles on a monthly basis by the lessor of the vehicle.

(h) Dedication of tax to highways. — Notwithstanding any provision of this article or article fifteen-a of this chapter to the contrary, all taxes collected pursuant to this section, after deducting the amount of any refunds lawfully paid, shall be deposited in the State Road Fund in the State Treasury and expended by the Commissioner of Highways for design, maintenance and construction of roads in the state highway system.

(i) Legislative rules; emergency rules. — Notwithstanding any provision of this article, article fifteen-a and article ten of this chapter to the contrary, the Commissioner of the Division of Motor Vehicles shall promulgate legislative rules explaining and implementing this section, which rules shall be promulgated in accordance with the provisions of article three, chapter twenty-nine-a of this code and should include a minimum taxable value and set forth instances when a vehicle is to be taxed at fair market value rather than its purchase price. The authority to promulgate rules includes authority to amend or repeal those rules. If proposed legislative rules for this section are filed in the State Register before June 15, 2008, those rules may be promulgated as emergency legislative rules as provided in article three, chapter twenty-nine-a of this code.

(j) Notwithstanding any other provision of this code, effective January 1, 2009, no municipal sales or use tax or local sales or use tax or special downtown redevelopment district excise tax or special district excise tax shall be imposed under article twenty-two, chapter seven of this code or article thirteen, chapter eight of this code or article thirteen-b of said chapter or article thirty-eight of said chapter or any other provision of this code, except this section, on sales of motor vehicles as defined in this article or on any tangible personal property excepted or exempted from tax under this section. Nothing in this subsection shall be construed to prevent the application of the municipal business and occupation tax on motor vehicle retailers and leasing companies.

§11-15-4. Purchaser to pay; accounting by vendor.

(a) Unless assumed or absorbed by the vendor in accordance with the provisions of §11-15A-8 of this code, the purchaser shall pay to the vendor the amount of tax levied by this article which is added to and constitutes a part of the sales price, and is collectible by the vendor who shall account to the state for all tax paid by the purchaser.

(b) The vendor shall keep records necessary to account for:

(1) The vendor's gross proceeds from sales of personal property and services;

(2) The vendor's gross proceeds from taxable sales;

(3) The vendor's gross proceeds from exempt sales;

(4) The amount of taxes collected under this article, which taxes shall be held in trust for the State of West Virginia until paid over to the Tax Commissioner or if assumed or absorbed in accordance with the provisions of §11-15A-8 of this code, the extent to which such taxes were so absorbed or assumed; and

WV Legislature

§11-15-4b. Liability of purchaser; assessment and collection.

(a) *General.* — Unless the vendor assumed or absorbs the tax imposed by this article in accordance with §11-15A-8 of this code, if any purchaser refuses or otherwise does not pay to the vendor the tax imposed by §11-15-3 of this code, or a purchaser refuses to present to the vendor a proper certificate indicating the sale is not subject to this tax, or presents to the vendor a false certificate, or after presenting a proper certificate uses the items purchased in a manner that the sale would be subject to the tax, the purchaser shall be personally liable for the amount of tax applicable to the transaction or transactions.

(b) *Collection of tax from purchaser.* — Except as otherwise provided in this chapter, nothing in this section relieves any purchaser who owes the tax and who has not paid the tax imposed by §11-15-3 of this code from liability for payment of the tax. In those cases, the Tax Commissioner has authority to make an assessment against the purchaser, based upon any information within his or her possession or that may come into his or her possession. This assessment and notice thereof shall be made and given in accordance with §11-10-7 and §11-10-8 of this code.

(c) *Liability of vendor.* — This section may not be construed as relieving the vendor from liability for the tax, except as otherwise provided in this article or §11-15B-1 *et seq.* of this code.

§11-15-4c. Collection of fee in addition to the consumers sales tax for sales of mobile factory-built homes; deposit of additional fee in West Virginia Affordable Housing Trust Fund.

(a) There is imposed, in addition to the sales tax imposed by the provisions of this article and §11-15A-1 et seq. of this code, a fee of \$20 on all sales by licensed dealers of factory-built homes as that term is defined in §37-15-2 of this code to be collected as provided in §11-15B -1 et seq. of this code and remitted to the Tax Commissioner to be deposited by the commissioner in the Affordable Housing Fund, as provided in §31-18-20d of this code.

(b) The moneys collected from this additional fee shall be segregated from other funds of the West Virginia Housing Development Fund and shall be accounted for separately. None of these moneys may be expended by the West Virginia Housing Development Fund to defray administrative and operating costs and expenses actually incurred by the West Virginia Housing Development Fund.

§11-15-5. Total amount collected is to be remitted.

No profit shall accrue to any person as a result of the collection of the tax levied by this article notwithstanding the total amount of the taxes collected may be in excess of the amount for which the person would be liable by the application of the rate of tax levied by section three of this article to the vendor's gross proceeds from taxable sales and services. The total amount of all taxes collected by the vendor shall be returned and remitted to the Tax Commissioner as provided in this article or article fifteen-b of this chapter.

§11-15-5a.

WV Legislature

§11-15-6. Vendor must show sale or service exempt; presumption.

(a) The burden of proving that a sale or service was exempt from the tax shall be upon the vendor, unless the vendor takes from the purchaser an exemption certificate signed by and bearing the address of the purchaser and setting forth the reason for the exemption and substantially in the form prescribed by the Tax Commissioner.

(b) To prevent evasion, it is presumed that all sales and services are subject to the tax until the contrary is clearly established.

§11-15-7. Tax on gross proceeds of sales or value of manufactured, etc., products.

(a) A person exercising the privilege of producing for sale, profit or commercial use, any natural resources, product or manufactured product, and either engaged in the business of selling such product not otherwise exempted herein, or engaged in a business or activity in which such natural resource, product or manufactured product is used or consumed by him and such use or consumption is not otherwise exempt under this article, shall make returns of the gross proceeds of such sales or, in the absence of sale, the gross value of the natural resource, product or manufactured product, so used or consumed by him and pay the tax imposed by this article.

(b) The Tax Commissioner shall promulgate such uniform and equitable rules as he deems necessary for determining the gross value upon which the tax imposed by this article is levied in the absence of a sale, which value shall correspond as nearly as possible to the gross proceeds from the sale of similar products of like quality or character by the same person or by another person.

(c) The provisions of this section, as amended by this act, shall apply to natural resources, products or manufactured products, used or consumed by the producer or manufacturer thereof on or after May 1, 1989.

§11-15-7a. Tax on the manufacture, sale and installation of modular dwellings.

(a) Notwithstanding the provisions of section seven of this article, persons engaged in the manufacture and sale or the manufacture, sale and installation of a modular dwelling shall pay the tax imposed by this article only on the value of the building supplies and materials used in the manufacture and installation of the modular dwelling and the preparation of the site for permanent installation, and not on the labor involved in such activities. For purposes of this section, the value of the building supplies and materials shall be the actual cost of the building supplies and materials. If the manufacturer asserts an exemption at the time of purchase of the building supplies and materials, the manufacturer shall remit the tax due on the value of the building supplies and materials used in the manufacture of the modular dwelling at the time of sale of the modular dwelling. If the manufacturer pays the tax at the time of purchase of the building supplies and materials, the manufacturer is responsible for maintaining records evidencing payment of the tax. Failure to maintain such records will result in the tax being assessed to the manufacturer.

(b) Persons engaged in the sale and installation of a modular dwelling shall pay the tax imposed by this article on only the value of the materials used in the manufacture and installation of the modular dwelling and the preparation of the site for permanent installation, and not on the labor involved in such activities. For purposes of this section, the value of the materials used in the manufacture of the modular dwelling shall be the actual cost of the materials and building supplies to the manufacturer as delineated on the invoice to the purchaser. If the actual cost of the materials is not available, then the cost of the materials used in the manufacture of the modular dwelling shall be sixty percent of the total cost of the modular dwelling. A credit will be given to the purchaser for any sales or use tax that has been lawfully imposed by another state and paid by the manufacturer on the purchase of building supplies and materials used in the manufacture of the modular dwelling. If the manufacturer pays the tax at the time of purchase of the building supplies and materials, the manufacturer is responsible for maintaining records evidencing payment of the tax and delineating this amount on the invoice. Failure to maintain such records will result in the credit being denied.

(c) Definition of modular dwelling. -- For purposes of this article, a modular dwelling shall include, but not be limited to, single and multifamily houses, apartment units and commercial dwellings comprised of two or more sections without a permanent chassis, built to a state or model code other than the National Manufactured Housing Construction and Safety Standards Act of 1974, which are primarily constructed at a location other than the permanent site at which they are to be finally assembled and which are shipped to the site with most permanent components in place.

§11-15-8. Furnishing of services included; exceptions.

The provisions of this article apply not only to selling tangible personal property and custom software, but also to the furnishing of all services, except professional and personal services, and except those services furnished by businesses subject to the control of the Public Service Commission when the service or the manner in which it is delivered is subject to regulation by the Public Service Commission.

WV Legislature

§11-15-8a. Contractors.

(a) The provisions of this article shall not apply to contracting services. However, purchases by a contractor of tangible personal property or taxable services for use or consumption in the providing of a contracting service shall be taxable beginning March 1, 1989, except as otherwise provided in this article.

(b) Transition rules. -- The exemption from payment of tax on purchases of tangible personal property or taxable services directly used or consumed in the activity of contracting, as defined in section two of this article, which expires as of March 1, 1989, shall nevertheless remain in effect with respect to:

(1) Tangible personal property or taxable services purchased by a contractor on or after said first day of March in fulfillment of a written contract for contracting, as defined in section two of this article, that was executed and legally binding on the parties thereto on or before February 15, 1989; or in fulfillment of a written contract entered into after February 15 pursuant to a written bid for contracting that was made on or before February 15 that was binding on the contractor, but only to the extent that the bid is subsequently incorporated into a written contract; or

(2) Tangible personal property or taxable services purchased by a contractor on or after March 1 pursuant to a written contract executed on or before February 15, 1989, to purchase in specified quantities identified tangible personal property or specified taxable services; or

(3) Tangible personal property or taxable services purchased by a contractor for consumption or use in fulfillment of a written contract entered into before September 1, 1989, when such contract is for the construction of a new improvement to real property the construction or operation of which was approved by a federal or state regulatory body prior to February 1, 1989, or pursuant to a federal grant awarded prior to such first day of February.

(c) Renewals and extensions. -- A renewal of any contract shall constitute a new contract for purposes of this section, and the date of entry into a contract renewal by the parties, the date or dates of tender of consideration and the time of performance of any contractual obligations under a renewed contract shall be treated as the dates for determining application of this section to the renewed contract. Extensions of time granted or agreed upon by the parties to a contract for performance of the contract or for tender of consideration under the contract shall not be treated as contract renewals. Contracts to which such extensions apply shall be treated under these transition rules as if the original contractual provisions for performance and tender of consideration remain in effect.

(d) Definitions. -- For purposes of this section:

(1) The term "contract" or "contracts" means written agreements reciting or setting forth a

fixed price consideration or a consideration based upon cost plus a stated percentage or a stated monetary increment. This term shall not mean or include ongoing sales contracts, contracts whereby any element of the consideration or the property or services sold or to be rendered in performance of the contract are undefined, or determined, as to either nature or quantity, subsequent to the making of the contract, or any open-ended contract.

(2) The term "contract renewal" or "renewal" means a covenant or agreement entered into or assumed by parties which have a current contractual relation or which have had a past contractual relation, whereby the parties agree to incur obligations beyond those which they were, or would have been, required, at the minimum, to carry out under their current or past contractual relation.

§11-15-8b. Nonresident contractor--registration, bond, etc.

(a) Every nonresident contractor shall register with the Tax Commissioner prior to engaging in the performance of a contract in this state.

(b) (1) At the time of registration, the contractor shall deposit with the Tax Commissioner six percent of the amount the contractor is to receive for the performance of the contract which shall be held within a Contractors Use Tax Fund pending the completion of the contract, the determination of the taxes due this state under this article and article fifteen-a of this chapter because of such contract and the payment of the tax.

(2) In lieu of the deposit, the contractor may provide a corporate surety bond to be approved by the Tax Commissioner as to form, sufficiency, value, amount, stability, and other features necessary to provide a guarantee of payment of the compensating tax due this state.

(c) In addition, within thirty days after registration, under this section, the contractor shall file a statement with the Tax Commissioner itemizing the machinery, materials, supplies, and equipment that he has or will have on hand at the time he begins the fulfillment of the contract, including where such tangible personal property has been brought, shipped, or transported from outside this state upon which neither the tax imposed by this article nor article fifteen-a of this chapter has been paid, and shall pay the tax due thereon at the time of filing and thereafter shall report and pay the taxes as required by this article and article fifteen-a of this chapter.

§11-15-8c. Transition rules for elimination of exemption for materials and supplies incorporated in real property owned by governmental entities.

(a) General rule. -- The expired provisions in subsection (j), section nine of this article, which previously exempted sales of tangible personal property to persons engaging in the activity of contracting, pursuant to a written contract with the United States, this state, or with a political subdivision thereof, or with a public corporation created by the Legislature or by another governmental entity pursuant to an act of the Legislature, for a building or structure, or improvement thereto, or other improvement to real property that is or will be owned and used by the governmental entity for a governmental or proprietary purpose, shall continue in force for:

(1) Tangible personal property purchased by a contractor on or after October 1, 1990, in fulfillment of a written contract for contracting, as defined in section two of this article, that was executed and legally binding on the parties thereto on or before September 15, 1990; or in fulfillment of a written contract entered into after said fifteenth day of September pursuant to a written bid for contracting that was made on or before said fifteenth day of September that was binding on the contractor, but only to the extent that the bid is subsequently incorporated into a written contract; and

(2) Tangible personal property purchased by a contractor on or after October 1, 1990, for consumption or use in fulfillment of a written contract for the construction of a new improvement to real property, the construction or operation of which was approved by a federal or state regulatory body prior to September 15, 1990, or pursuant to a federal grant awarded prior to said fifteenth day of September.

(b) Renewals and extensions. -- A renewal of any contract shall constitute a new contract for purposes of this section, and the date of entry into a contract renewal by the parties, the date or dates of tender of consideration and the time of performance of any contractual obligations under a renewed contract shall be treated as the dates for determining application of this section to the renewed contract. Extensions of time granted or agreed upon by the parties to a contract for performance of the contract or for tender of consideration under the contract shall not be treated as contract renewals. Contracts to which such extensions apply shall be treated under these transition rules as if the original contractual provisions for performance and tender of consideration remain in effect. For purposes of this section, the terms "contract" or "contracts", and "contract renewal" or "renewal" shall have the same meaning as defined in subsection (d), section eight-a of this article.

§11-15-8d. Limitations on right to assert exemptions.

(a) Persons who perform "contracting" as defined in section two of this article or persons acting in an agency capacity may not assert any exemption to which the purchaser of such contracting services or the principal is entitled. Any statutory exemption to which a taxpayer may be entitled is invalid unless the tangible personal property or taxable service is actually purchased by such taxpayer and is directly invoiced to and paid by such taxpayer. This section does not apply to purchases by an employee for his or her employer, purchases by a partner for his or her partnership or purchases by a duly authorized officer of a corporation, or unincorporated organization, for his or her corporation or unincorporated organization so long as the purchase is invoiced to and paid by the employer, partnership, corporation or unincorporated organization.

(b) Transition rule. -- This section does not apply to purchases of tangible personal property or taxable services in fulfillment of a purchasing agent or procurement agent contract executed and legally binding on the parties thereto prior to September 15, 1999. This transition rule does not apply to any purchases of tangible personal property or taxable services made under such a contract after August 31, 1991, and this transition rule does not apply if the primary purpose of the purchasing agent or procurement agent contract was to avoid payment of consumers sales and use taxes. Effective July 1, 2007, this section does not apply to purchases of services, machinery, supplies or materials, except gasoline and special fuel, to be directly used or consumed in the construction, alteration, repair or improvement of a new or existing building or structure by a person performing "contracting", as defined in section two of this article, if the purchaser of the contracting services would be entitled to claim the refundable exemption under subdivision (2), subsection (b), section nine of this article had it purchased the services, machinery, supplies or materials. Effective July 1, 2009, this section does not apply to purchases of services, computers, servers, building materials and tangible personal property, except purchases of gasoline and special fuel, to be installed into a building or facility or directly used or consumed in the construction, alteration, repair or improvement of a new or existing building or structure by a person performing "contracting", as defined in section two of this article, if the purchaser of the contracting services would be entitled to claim the exemption under subdivision (7), subsection (a), section nine-h of this article. This section shall not apply to qualified purchases of computers and computer software, primary material handling equipment, racking and racking systems, and their components, or to qualified purchases of building materials and certain tangible personal property, as those terms are defined in section nine-n of this article, by a person performing "contracting", as defined in section two of this article, if the purchaser of the contracting services would be entitled to claim the refundable exemption under section nine-n of this article. Purchases of gasoline and special fuel shall not be treated as exempt pursuant to this section.

(c) Effective July 1, 2011, notwithstanding any other provision of this code to the contrary, this section shall apply as to purchases of services, machinery, supplies or materials, except gasoline and special fuel, to be directly used or consumed in the construction, alteration, repair or improvement of a new or existing natural gas compressor station or gas

transmission line having a diameter of twenty inches or more by a person performing "contracting", as defined in section two of this article, even though the purchaser of the contracting services would be entitled to claim the refundable exemption under subdivision (2), subsection (b), section nine of this article had it purchased the services, machinery, supplies or materials, unless the person or entity performing contracting under this subsection, as the term "contracting" is defined in section two of this article, complies with subsection (e), section four, article thirteen-s of this chapter.

(d) (1) Effective July 1, 2012, this section does not apply to purchases of services, building materials and tangible personal property, except purchases of gasoline and special fuel, to be installed into a building or facility or directly used or consumed in the construction, alteration, repair or improvement of a new or existing building or structure by a person performing contracting, as defined in section two of this article, if the purchaser of the contracting services is a nonprofit youth organization that would be entitled to claim the exemption under paragraph (E), subdivision (6), subsection (a), section nine of this article had it purchased the services, machinery, supplies or materials.

(2) For purposes of this subsection, the term "nonprofit youth organization" means any nonprofit organization, including any subsidiary, affiliated or other related entity within its corporate or business structure, that has been chartered by the United States Congress to help train young people to do things for themselves and others, and that has established an area of at least six thousand contiguous acres within West Virginia in which to provide adventure or recreational activities for these young people and others.

(3) The exception provided in this subsection shall terminate June 30, 2022.

§11-15-9. Exemptions.

(a) Exemptions for which exemption certificate may be issued. — A person having a right or claim to any exemption set forth in this subsection may, in lieu of paying the tax imposed by this article and filing a claim for refund, execute a certificate of exemption, in the form required by the Tax Commissioner, and deliver it to the vendor of the property or service in the manner required by the Tax Commissioner. However, the Tax Commissioner may, by rule, specify those exemptions authorized in this subsection for which exemption certificates are not required. The following sales of tangible personal property and services are exempt as provided in this subsection:

(1) Sales of gas, steam, and water delivered to consumers through mains or pipes and sales of electricity;

(3) Sales of property or services to this state, its institutions or subdivisions, governmental units, institutions, or subdivisions of other states: *Provided*, That the law of the other state provides the same exemption to governmental units or subdivisions of this state and to the United States, including agencies of federal, state, or local governments for distribution in public welfare or relief work;

(5) Sales of property or services to churches which make no charge whatsoever for the services they render: *Provided*, That the exemption granted in this subdivision applies only to services, equipment, supplies, food for meals, and materials directly used or consumed by these organizations and does not apply to purchases of gasoline or special fuel;

(6) Sales of tangible personal property or services to a corporation or organization which has a current registration certificate issued under §11-12-1 *et seq.* of this code, which is exempt from federal income taxes under Section 501(c)(3) or (c)(4) of the Internal Revenue Code of 1986, as amended, and which is:

(A) A church or a convention or association of churches as defined in Section 170 of the Internal Revenue Code of 1986, as amended;

(C) A corporation or organization which annually receives more than one half of its support from any combination of gifts, grants, direct or indirect charitable contributions, or membership fees;

(D) An organization which has no paid employees and its gross income from fundraisers, less reasonable and necessary expenses incurred to raise the gross income (or the tangible personal property or services purchased with the net income), is donated to an organization which is exempt from income taxes under Section 501(c)(3) or (c)(4) of the Internal Revenue Code of 1986, as amended;

(i) The term "support" includes, but is not limited to:

(I) Gifts, grants, contributions, or membership fees;

(IV) Gross investment income as defined in Section 509(e) of the Internal Revenue Code of 1986, as amended;

(VI) The value of services or facilities (exclusive of services or facilities generally furnished to the public without charge) furnished by a governmental unit referred to in Section 170(c)(1) of the Internal Revenue Code of 1986, as amended, to an organization without charge. This term does not include any gain from the sale or other disposition of property which would be considered as gain from the sale or exchange of a capital asset or the value of an exemption from any federal, state, or local tax or any similar benefit;

(ii) The term "charitable contribution" means a contribution or gift to, or for the use of, a corporation or organization, described in Section 170(c)(2) of the Internal Revenue Code of 1986, as amended; and

(iii) The term "membership fee" does not include any amounts paid for tangible personal property or specific services rendered to members by the corporation or organization;

(G) The exemption allowed by this subdivision does not apply to sales of gasoline or special fuel or to sales of tangible personal property or services to be used or consumed in the generation of unrelated business income as defined in Section 513 of the Internal Revenue Code of 1986, as amended. The Tax Commissioner may propose a legislative rule for promulgation pursuant to §29A-3-1 *et seq.* of this code which he or she considers necessary for the efficient administration of this exemption;

(8) Sales of tangible personal property or of any taxable services rendered for use or consumption in connection with the commercial production of an agricultural product the ultimate sale of which is subject to the tax imposed by this article or which would have been subject to tax under this article: *Provided*, That sales of tangible personal property and services to be used or consumed in the construction of, or permanent improvement to, real property and sales of gasoline and special fuel are not exempt: *Provided, however*, That nails and fencing may not be considered as improvements to real property;

On and after July 1, 2018, the exemption is reestablished.

(b) Notwithstanding any provision of this article, article 15A or article 15B of this chapter, the purchase of durable medical equipment, as defined in §11-15B-2 of this code, to be dispensed upon prescription by a health care provider and intended for use in the diagnosis, cure, mitigation, treatment or prevention of injury or disease is exempt from the tax imposed by this article: Provided, That the durable medical equipment is purchased by an individual for exclusive use by the purchaser or another individual and used predominantly by the recipient individual in his or her home environment.

The fact that a nursing home may use the equipment only for its residents does not make the equipment exempt for home use: Provided, That nothing in this section shall be interpreted to void or abrogate lawful assertion and application of the purchases for resale exemption as it may apply to any purchaser of durable medical equipment.

(3) For purposes of this section, "health care provider" means any person licensed to prescribe drugs, durable medical equipment, mobility enhancing equipment and prosthetic devices intended for use in the diagnosis, cure, mitigation, treatment, or prevention of injury or disease.
