(2) Allocates to the partner, as income or gain from sources outside West Virginia, a greater proportion of his or her distributive share of partnership income or gain than the ratio of partnership income or gain from sources outside West Virginia to partnership income or gain from all sources, except as authorized in subsection (d); or

(3) Allocates to the partner a greater proportion of a partnership item of loss or deduction connected with West Virginia sources than his or her proportionate share, for federal income tax purposes, of partnership loss or deduction generally, except as authorized in subsection (c).

(c) Alternative methods. -- The Tax Commissioner may, on written application filed on or before the due date of the partner's or S corporation shareholder's return under this article for that taxable year determined without regard to any extension of time for filing, authorize the use of such other method or methods of determining the nonresident partner's portion of partnership items, or the nonresident S corporation shareholder's portion of S corporation items, derived from or connected with West Virginia sources, and the modifications related thereto, as may be appropriate and equitable, on such terms and conditions as the commissioner may require.

(d) Application of rules for resident partners to nonresident partners and shareholders.

- (1) For a partner's distributive share of items, see subsection (a) of section seventeen of this article.
- (2) The character of partnership items for a nonresident partner shall be determined under subsection (b) of section seventeen of this article.
- (3) The effect of a special provision in a partnership agreement, other than a provision referred to in subsection (b) of this section, having the principal purpose of avoidance or evasion of tax under this article shall be determined under subsection (c) of section seventeen of this article.
- (e) Application of rules for resident S corporation shareholders to nonresident S corporation shareholders.
- (1) For an S corporation shareholder's distributive share of S corporation items, see subsection (a) of section seventeen-a of this article.
- (2) The character of S corporation items for a nonresident shareholder of an S corporation shall be determined under subsection (b) of section seventeen-a of this article.
- (f) Effective date. -- The amendments to this section enacted in the year 1992 shall apply to taxable years beginning after December 31, 1992. As to prior taxable years the provisions of this section and of section thirty-seven-a of this article, as then in effect, are fully and completely preserved.

§11-21-37a. Allocation and apportionment of income of nonresidents from multistate business activity.

(a) Notwithstanding any provision of §11-21-37 of this code to the contrary, a business doing business in West Virginia and in one or more other states shall allocate its nonbusiness income as provided in §11-21-37a(c) of this code and shall apportion its business income as provided in §11-21-37a(f) of this code to determine the West Virginia source income of its nonresident partners and nonresident S corporation shareholders for purposes of this article. For purposes of this section:

(1) The term “business entity” includes a partnership, limited partnership, joint venture, corporation, S corporation, and any other group or combination acting as a unit, but does not include a sole proprietorship; and

(2) The term “engaging in business” or “doing business” means any activity of a business entity which enjoys the benefits and protection of government and laws in this state.

(b) *Business activities entirely within West Virginia.* — If the business activities of a taxpayer take place entirely within this state, the entire net income of the taxpayer is subject to the tax imposed by this article. The business activities of a taxpayer are considered to have taken place in their entirety within this state if the taxpayer is not “taxable in another state”. For purposes of allocation and apportionment of net income under this section, a taxpayer is taxable in another state if:

(1) In that state the taxpayer is subject to a net income tax, a franchise tax measured by net income, a franchise tax for the privilege of doing business, or a corporation stock tax; or

(2) That state has jurisdiction to subject the taxpayer to a net income tax, regardless of whether, in fact, that state does or does not subject the taxpayer to the tax.

(c) *Nonbusiness income is allocated.* —

Nonbusiness income. — The term “nonbusiness income” means all income other than business income.

(d) *Business activities partially within and partially without West Virginia; allocation of nonbusiness income.* — If the business activities of a taxpayer take place partially within and partially without this state and the taxpayer is also taxable in another state, rents and royalties from real or tangible personal property, capital gains, interest, dividends or patent or copyright royalties, to the extent that they constitute nonbusiness income of the taxpayer, shall be allocated as provided in §11-21-37a(d)(1) through (4) of this code: *Provided*, That to the extent the items constitute business income of the taxpayer, they may not be so allocated but shall be apportioned to this state according to the provisions of §11-21-37a(e) of this code.

(1) *Net rents and royalties.* —

(A) Net rents and royalties from real property located in this state are allocable to this state.

(B) Net rents and royalties from tangible personal property are allocable to this state:

(i) If and to the extent that the property is utilized in this state; or

(ii) In their entirety if the taxpayer's commercial domicile is in this state and the taxpayer is not organized under the laws of or taxable in the state in which the property is utilized.

(C) The extent of utilization of tangible personal property in a state is determined by multiplying the rents and royalties by a fraction, the numerator of which is the number of days of physical location of the property in the state during the rental or royalty period in the taxable year and the denominator of which is the number of days of physical location of the property everywhere during all rental or royalty periods in the taxable year. If the physical location of the property during the rental or royalty period is unknown or unascertainable by the taxpayer, tangible personal property is utilized in the state in which the property was located at the time the rental or royalty payer obtained possession.

(2) *Capital gains.* —

(A) Capital gains and losses from sales of real property located in this state are allocable to this state.

(B) Capital gains and losses from sales of tangible personal property are allocable to this state if:

(i) The property had a situs in this state at the time of the sale; or

(ii) The taxpayer's commercial domicile is in this state and the taxpayer is not taxable in the state in which the property had a situs.

(C) Capital gains and losses from sales of intangible personal property are allocable to this state if the taxpayer's commercial domicile is in this state.

(3) Interest and dividends are allocable to this state if the taxpayer's commercial domicile is in this state.

(4) *Patent and copyright royalties.* —

(A) Patent and copyright royalties are allocable to this state:

(i) If and to the extent that the patent or copyright is utilized by the payer in this state; or

(ii) If and to the extent that the patent or copyright is utilized by the payer in a state in which the taxpayer is not taxable and the taxpayer's commercial domicile is in this state.

(B) A patent is utilized in a state to the extent that it is employed in production, fabrication,

manufacturing, or other processing in the state or to the extent that a patented product is produced in the state. If the basis of receipts from patent royalties does not permit allocation to states or if the accounting procedures do not reflect states of utilization, the patent is utilized in the state in which the taxpayer's commercial domicile is located.

(C) A copyright is utilized in a state to the extent that printing or other publication originates in the state. If the basis of receipts from copyright royalties does not permit allocation to states or if the accounting procedures do not reflect states of utilization, the copyright is utilized in the state in which the taxpayer's commercial domicile is located.

(e) *Business income defined.* — The term "business income" means income arising from transactions and activity in the regular course of the taxpayer's trade or business and includes income from tangible and intangible property if the acquisition, management, and disposition of the property or the rendering of services in connection therewith constitute integral parts of the taxpayer's regular trade or business operations and includes all income which is apportionable under the Constitution of the United States.

(f) *Business activities partially within and partially without this state; apportionment of business income.* — All net income, after deducting those items specifically allocated under §11-21-37a(d) of this code, shall be apportioned to this state by multiplying the net income by a fraction, the numerator of which is the property factor plus the payroll factor plus two times the sales factor and the denominator of which is four, reduced by the number of factors, if any, having no denominator.

(1) *Property factor.* — The property factor is a fraction, the numerator of which is the average value of the taxpayer's real and tangible personal property owned or rented and used by it in this state during the taxable year and the denominator of which is the average value of all the taxpayer's real and tangible personal property owned or rented and used by the taxpayer during the taxable year, which is reported on Schedule L Federal Form 1065, plus the average value of all real and tangible personal property leased and used by the taxpayer during the taxable year.

(2) *Value of property.* — Property owned by the taxpayer shall be valued at its original cost, adjusted by subsequent capital additions or improvements thereto and partial disposition thereof, by reason of sale, exchange, abandonment, etc.: *Provided*, That where records of original cost are unavailable or cannot be obtained without unreasonable expense, property shall be valued at original cost as determined under rules of the Tax Commissioner. Property rented by the taxpayer from others shall be valued at eight times the annual rental rate. The term "net annual rental rate" is the annual rental paid, directly or indirectly, by the taxpayer, or for its benefit, in money or other consideration for the use of property and includes:

(A) Any amount payable for the use of real or tangible personal property, or any part of the property, whether designated as a fixed sum of money or as a percentage of sales, profits, or otherwise.

(B) Any amount payable as additional rent or in lieu of rents, such as interest, taxes, insurance, repairs, or any other items which are required to be paid by the terms of the lease or other arrangement, not including amounts paid as service charges, such as utilities, janitor services, etc. If a payment includes rent and other charges unsegregated, the amount of rent shall be determined by consideration of the relative values of the rent and the other items.

(3) *Movable property.* — The value of movable tangible personal property used both within and without this state shall be included in the numerator to the extent of its utilization in this state. The extent of the utilization shall be determined by multiplying the original cost of the property by a fraction, the numerator of which is the number of days of physical location of the property in this state during the taxable period and the denominator of which is the number of days of physical location of the property everywhere during the taxable year. The number of days of physical location of the property may be determined on a statistical basis or by other reasonable method acceptable to the Tax Commissioner.

(4) *Leasehold improvements.* — Leasehold improvements shall, for purposes of the property factor, be treated as property owned by the taxpayer regardless of whether the taxpayer is entitled to remove the improvement, or the improvements revert to the lessor upon expiration of the lease. Leasehold improvements shall be included in the property factor at their original cost.

(5) *Average value of property.* — The average value of property shall be determined by averaging the values at the beginning and ending of the taxable year: *Provided*, That the Tax Commissioner may require the averaging of monthly values during the taxable year if substantial fluctuations in the values of the property exist during the taxable year, or where property is acquired after the beginning of the taxable year, or is disposed of, or whose rental contract ceases, before the end of the taxable year.

(6) *Payroll factor.* — The payroll factor is a fraction, the numerator of which is the total compensation paid in this state during the taxable year by the taxpayer for compensation and the denominator of which is the total compensation paid by the taxpayer during the taxable year, as shown on the taxpayer's federal income tax return as filed with the Internal Revenue Service, as reflected in the schedule of wages and salaries and that portion of cost of goods sold which reflects compensation or as shown on a pro forma return.

(7) *Compensation.* — The term "compensation" means wages, salaries, commissions, and any other form of remuneration paid to employees for personal services. Payments made to an independent contractor or to any other person not properly classifiable as an employee shall be excluded. Only amounts paid directly to employees are included in the payroll factor. Amounts considered as paid directly to employees include the value of board, rent, housing, lodging and other benefits or services furnished to employees by the taxpayer in return for personal services, provided the amounts constitute income to the recipient for federal income tax purposes.

(8) *Employee*. — The term “employee” means:

(A) Any officer of a business entity; or

(B) Any individual who, under the usual common-law rule applicable in determining the employer-employee relationship, has the status of an employee.

(9) *Compensation*. — Compensation is paid or accrued in this state if:

(A) The employee’s service is performed entirely within this state; or

(B) The employee’s service is performed both within and without this state, but the service performed without the state is incidental to the individual’s service within this state. The word “incidental” means any service which is temporary or transitory in nature or which is rendered in connection with an isolated transaction; or

(C) Some of the service is performed in this state and:

(i) The employee’s base of operations or, if there is no base of operations, the place from which the service is directed or controlled is in the state; or

(ii) The base of operations or the place from which the service is directed or controlled is not in any state in which some part of the service is performed, but the employee’s residence is in this state.

The term “base of operations” is the place of a more or less permanent nature from which the employee starts his or her work and to which he or she customarily returns in order to receive instructions from the taxpayer or communications from his or her customers, or other persons, or to replenish stock or other materials, repair equipment, or perform any other functions necessary to the exercise of his or her trade or profession at some other point or points. The term “place from which the service is directed or controlled” refers to the place from which the power to direct or control is exercised by the employer.

(10) *Sales factor*. — The sales factor is a fraction, the numerator of which is the gross receipts of the taxpayer derived from transactions and activity in the regular course of its trade or business in this state during the taxable year (business income), less returns and allowances. The denominator of the fraction is the total gross receipts derived by the taxpayer from transactions and activity in the regular course of its trade or business during the taxable year (business income) and reflected in its gross income reported and as appearing on the taxpayer’s Federal Form 1065 or 1120, as appropriate, or any successor form, and consisting of those certain pertinent portions of the (gross income) elements set forth: *Provided*, That if either the numerator or the denominator includes interest or dividends from obligations of the United States government which are exempt from taxation by this state, the amount of such interest and dividends, if any, shall be subtracted from the numerator or denominator in which it is included.

(11) *Allocation of sales of tangible personal property.* —

(A) Sales of tangible personal property are in this state if:

(i) The property is received in this state by the purchaser, other than the United States government, regardless of the free on board point or other conditions of the sale. In the case of delivery by common carrier or other means of transportation, the place at which the property is ultimately received after all transportation has been completed is the place at which the property is received by the purchaser. Direct delivery in this state, other than for purposes of transportation, to a person or firm designated by the purchaser, is delivery to the purchaser in this state and direct delivery outside this state to a person or firm designated by the purchaser is not delivery to the purchaser in this state, regardless of where title passes or other conditions of sale; or

(ii) The property is shipped from an office, store, warehouse, factory or other place of storage in this state and the purchaser is the United States government.

(B) All other sales of tangible personal property delivered or shipped to a purchaser within a state in which the taxpayer is not taxed, as defined in subsection (b) of this section, shall be excluded from the denominator of the sales factor.

(12) *Allocation of other sales.* — Sales, other than sales of tangible personal property, are in this state if:

(A) The income-producing activity is performed in this state; or

(B) The income-producing activity is performed both in and outside this state and a greater proportion of the income-producing activity is performed in this state than in any other state, based on costs of performance; or

(C) The sale constitutes business income to the taxpayer, or the taxpayer is a financial organization not having its commercial domicile in this state, and in either case the sale is a receipt described as attributable to this state in §11-21-7b(b) of this code.

(g) *Income-producing activity.* — The term “income-producing activity” applies to each separate item of income and means the transactions and activity directly engaged in by the taxpayer in the regular course of its trade or business for the ultimate purpose of obtaining gain or profit. The activity does not include transactions and activities performed on behalf of the taxpayer, such as those conducted on its behalf by an independent contractor. “Income-producing activity” includes, but is not limited to, the following:

(1) The rendering of personal services by employees with utilization of tangible and intangible property by the taxpayer in performing a service;

(2) The sale, rental, leasing, licensing, or other use of real property;

(3) The sale, rental, leasing, licensing, or other use of tangible personal property; or

(4) The sale, licensing or other use of intangible personal property. — The mere holding of intangible personal property is not, in itself, an income-producing activity: *Provided*, That the conduct of the business of a financial organization is an income-producing activity.

(h) *Cost of performance*. — The term “cost of performance” means direct costs determined in a manner consistent with generally accepted accounting principles and in accordance with accepted conditions or practices in the trade or business of the taxpayer.

(i) *Other methods of allocation and apportionment*. —

(1) *General*. — If the allocation and apportionment provisions of §11-21-37a(d) and §11-21-37a(f) of this code do not fairly represent the extent of the taxpayer’s business activities in this state, the taxpayer may petition for, or the Tax Commissioner may require, in respect to all or any part of the taxpayer’s business activities, if reasonable:

(A) Separate accounting;

(B) The exclusion of one or more of the factors;

(C) The inclusion of one or more additional factors which will fairly represent the taxpayer’s business activity in this state; or

(D) The employment of any other method to effectuate an equitable allocation or apportionment of the taxpayer’s income. The petition shall be filed no later than the due date of the annual return for the taxable year for which the alternative method is requested, determined without regard to any extension of time for filing the return and the petition shall include a statement of the petitioner’s objections and of the alternative method of allocation or apportionment as it believes to be proper under the circumstances with detail and proof as the Tax Commissioner requires.

(2) *Burden of proof*. — In any proceeding before the Office of Tax Appeals established in §11-10A-1 *et seq.* of this code, or in any court in which employment of one of the methods of allocation or apportionment provided in subdivision (1) or (2) of this subsection is sought, on the grounds that the allocation and apportionment provisions of §11-21-37a(d) and §11-21-37a(f) of this code do not fairly represent the extent of the taxpayer’s business activities in this state, the burden of proof is on:

(A) The Tax Commissioner, if the commissioner seeks employment of one of the methods; or

(B) The taxpayer, if the taxpayer seeks employment of one of the other methods.

(j)(A) *Allocation and apportionment on and after January 1, 2022*. — For tax years beginning on and after January 1, 2022, income of flow-through entities allocated and apportioned under this section and §11-21-32 of this code, shall be allocated and apportioned in the same

manner and to the same extent as the income of corporations and entities taxable under §11-24-1 *et seq.* of this code are allocated and apportioned under §11-24-7 of this code. Apportioned income shall be apportioned pursuant to application of a single sales factor to the same extent as the income of corporations and entities taxable under §11-24-1 *et seq.* of this code are apportioned under §11-24-7 of this code. Allocated income shall be allocated in the same manner and to the same extent as the income of corporations and entities taxable under §11-24-1 *et seq.* of this code are apportioned under §11-24-7 of this code.

(B) For purposes of this article the provisions of §11-21-12K, §11-21-37b and §11-21-37c of this code remain unchanged by this section.

(C) For purposes of this article, “flow-through entity”, “conduit entity” or “pass through entity” means an S corporation, partnership, limited partnership, limited liability partnership, or limited liability company. The term “flow-through entity,” “conduit entity” or “pass through entity” includes a publicly traded partnership as that term is defined in section 7704 of the Internal Revenue Code that has equity securities registered with the Securities and Exchange Commission under Section 12 of Title I of the Securities Exchange Act of 1934, 15 USC 78l.

(D) *Allocation of flow-through income to recipients.* — Income of a flow-through entity allocated and apportioned under this section or any other provision of this article is allocated income in the hands of a shareholder, interest owner, partner, member or other recipient of flow-through income, and taxable to such recipient as income allocated to this state under the provisions of this article, or in the case of recipients of such flow through income that are taxable under the provisions of §11-24-1 *et seq.* of this code, such income is taxable to such recipient as income allocated to this state under the provisions of §11-24-1 *et seq.* of this code.

(k) *Effective date.* — (A) The provisions of this section added in 2019 shall apply to taxable years beginning on and after January 1, 2018.

(B) The provisions of this section added in 2022 shall apply to taxable years beginning on and after January 1, 2022.

§11-21-37b. Special apportionment rules.

(a) General. — The Legislature hereby finds that the general formula set forth in §11-21-37a of this code for apportioning the business income of individuals, partnerships, other pass-through entities, and small business corporations taxable in this as well as in another state is inappropriate for use by certain businesses due to the particular characteristics of those businesses or the manner in which such businesses are conducted. Accordingly, the general formula set forth in §11-21-37a of this code may not be used to apportion business income when a specific formula established under this section applies to the business of the taxpayer. The Legislature further finds that the Tax Commissioner has the authority under §11-1-1 et seq. of this code to promulgate by legislative rules special formula or formulae by which a specified classification of taxpayers is required to apportion its business income. Accordingly, this section may not be construed as prohibiting the Tax Commissioner from exercising his authority to promulgate legislative rules which set forth such other special formula or formulae and in that regulation requiring a specified classification of taxpayers to apportion their business income as provided in that special formula, instead of apportioning their business income employing the general formula set forth in §11-21-37a of this code, when the commissioner believes that the formula or formulae will more fairly and more reasonably allocate and apportion to this state the adjusted federal taxable income of the taxpayer. Additionally, nothing in this section may prevent the Tax Commissioner from requiring the use, or the taxpayer from petitioning to use, as the case may be, some other method of allocation or apportionment as provided in §11-21-37a(h) of this code. Permission granted to a taxpayer under §11-21-37a(h) of this code to use another method of allocation or apportionment shall be valid for a period of five consecutive taxable years, beginning with the taxable year for which such authorization is granted, provided there is no material change of fact or law which materially affects the fairness and reasonableness of the result reached under such other method of allocation or apportionment. Upon expiration of any such authorization the taxpayer may again petition under §11-21-37a of this code to use another method of apportionment. A material change of fact or law which materially affects the fairness and reasonableness of the result reached under such other method of allocation or apportionment automatically revokes authorization to use that other method beginning with the taxable year in which the material change of fact occurred or the taxable year for which a material change in law first takes effect, whichever occurs first.

(b) Motor carriers. — Motor carriers of property or passengers shall apportion the business income component of their adjusted federal taxable income to this state by the use of the ratio which their total vehicle miles in this state during the taxable year bears to total vehicle miles of the corporation everywhere during the taxable year, except as otherwise provided in this subsection.

(1) Definitions. — For purposes of this subsection:

(A) "Motor carrier" means any person engaging in the transportation of passengers or property or both, for compensation by motor propelled vehicle over roads in this state, whether traveling on a scheduled route or otherwise.

(B) "Vehicle mile" means the operation of a motor carrier over a distance of one mile, whether owned or operated by a corporation.

(2) The provisions of this subsection may not apply to a motor carrier:

(A) Which neither owns nor rents real or tangible personal property located in this state, which has made no pick-ups or deliveries within this state, and which has traveled less than 50,000 vehicle miles in this state during the taxable year; or

(B) Which neither owns nor rents any real or tangible personal property located in this state, except vehicles, and which makes no more than 12 trips into or through this state during a taxable year.

(3) The mileage traveled under 50,000 miles or the mileage traveled in this state during the 12 trips into or through this state may not represent more than five percent of the total motor vehicle miles traveled in all states during the taxable year.

(c) Effective date. — The provisions of this section enacted in 2019 shall apply to all taxable years beginning on or after January 1, 2018.

§11-21-37c. Special apportionment rules - financial organizations.

(a) General. — The Legislature hereby finds that the general formula set forth in §11-21-37a of this code for apportioning the business income of persons taxable in this state as well as in another state is inappropriate for use by financial organizations due to the particular characteristics of those organizations and the manner in which their business is conducted. Accordingly, the general formula set forth in §11-21-37a of this code may not be used to apportion the business income of financial organizations, which shall use only the apportionment formula and methods set forth in this section.

(b) West Virginia financial organizations taxable in another state. — The West Virginia taxable income of a financial organization that has its commercial domicile in this state and which is taxable in another state shall be the sum of: (1) The nonbusiness income component of its adjusted federal taxable income for the taxable year which is allocated to this state as provided §11-21-37a(d) of this code; plus (2) the business income component of its adjusted federal taxable income for the taxable year which is apportioned to this state as provided in this section.

(c) Out-of-state financial organizations with business activities in this state. — The West Virginia taxable income of a financial organization that does not have its commercial domicile in this state but which regularly engages in business in this state shall be the sum of: (1) The nonbusiness income component of its adjusted federal taxable income for the taxable year which is allocated to this state as provided in §11-21-37a(d) of this code; plus (2) the business income component of its adjusted federal taxable income for the taxable year which is apportioned to this state as provided in this section.

(d) Engaging in business - nexus presumptions and exclusions. — A financial organization that has its commercial domicile in another state is presumed to be regularly engaging in business in this state if during any year it obtains or solicits business with 20 or more persons within this state, or if the sum of the value of its gross receipts attributable to sources in this state equals or exceeds \$100,000. However, gross receipts from the following types of property, as well as those contacts with this state reasonably and exclusively required to evaluate and complete the acquisition or disposition of the property, the servicing of the property or the income from it, the collection of income from the property or the acquisition or liquidation of collateral relating to the property shall not be a factor in determining whether the owner is engaging in business in this state:

- (1) An interest in a real estate mortgage investment conduit, a real estate investment trust, or a regulated investment company;
- (2) An interest in a loan backed security representing ownership or participation in a pool of promissory notes or certificates of interest that provide for payments in relation to payments or reasonable projections of payments on the notes or certificates;
- (3) An interest in a loan or other asset from which the interest is attributed to a consumer

loan, a commercial loan, or a secured commercial loan and in which the payment obligations were solicited and entered into by a person that is independent, and not acting on behalf, of the owner;

(4) An interest in the right to service or collect income from a loan or other asset from which interest on the loan is attributed as a loan described in the previous paragraph and in which the payment obligations were solicited and entered into by a person that is independent, and not acting on behalf, of the owner; or

(5) Any amounts held in an escrow or trust account with respect to property described above.

(e) Definitions. — For purposes of this section:

(1) "Commercial domicile" has same meaning as that term is defined in §11-24-3a of this code.

(2) "Deposit" means:

(A) The unpaid balance of money or its equivalent received or held by a financial organization in the usual course of business and for which it has given or it is obligated to give credit, either conditionally or unconditionally, to a commercial, checking, savings, time, or thrift account whether or not advance notice is required to withdraw the credit funds, or which is evidenced by a certificate of deposit, thrift certificate, investment certificate, or certificate of indebtedness, or other similar name, or a check or draft drawn against a deposit account and certified by the financial organization, or a letter of credit or a traveler's check on which the financial organization is primarily liable: Provided, That without limiting the generality of the term "money or its equivalent", any account or instrument must be regarded as evidencing the receipt of the equivalent of money when credited or issued in exchange for checks or drafts or for a promissory note upon which the person obtaining any credit or instrument is primarily or secondarily liable or for a charge against a deposit account or in settlement of checks, drafts or other instruments forwarded to the bank for collection;

(B) Trust funds received or held by the financial organization, whether held in the trust department or held or deposited in any other department of the financial organization;

(C) Money received or held by a financial organization or the credit given for money or its equivalent received or held by a financial organization in the usual course of business for a special or specific purpose, regardless of the legal relationship thereby established, including, without being limited to, escrow funds, funds held as security for an obligation due the financial organization or other, including funds held as dealers' reserves or for securities loaned by the financial organization, funds deposited by a debtor to meet maturing obligations, funds deposited as advance payment on subscriptions to United States government securities, funds held for distribution or purchase of securities, funds held to

meet its acceptances or letters of credit, and withheld taxes: Provided, That there may not be included funds which are received by the financial organization for immediate application to the reduction of an indebtedness to the receiving financial organization, or under condition that the receipt thereof immediately reduces or extinguishes an indebtedness;

(D) Outstanding drafts, including advice or authorization to charge a financial organization's balance in another organization, cashier's checks, money orders or other officer's checks issued in the usual course of business for any purpose, but not including those issued in payment for services, dividends, or purchases or other costs or expenses of the financial organization itself; and

(E) Money or its equivalent held as a credit balance by a financial organization on behalf of its customer if the entity is engaged in soliciting and holding balances in the regular course of its business.

(3) "Financial organization" has the same meaning as that term is defined in §11-21-3a of this code.

(4) "Sales" means, for purposes of apportionment under this section, the gross receipts of a financial organization included in the gross receipts factor described in subsection (g) of this section, regardless of their source.

(f) Apportionment rules. — A financial organization which regularly engages in business both within and without this state shall apportion the business income component of its federal taxable income, after adjustment as provided in §11-21-12j of this code, by multiplying the amount thereof by the special gross receipts factor determined as provided in subsection (g) of this section.

(g) Special gross receipts factor. — The gross receipts factor is a fraction, the numerator of which is the total gross receipts of the taxpayer from sources within this state during the taxable year and the denominator of which is the total gross receipts of the taxpayer wherever earned during the taxable year: Provided, That neither the numerator nor the denominator of the gross receipts factor shall include receipts from obligations described in §11-21-12j(a)(1)(A), (B), (C), and (D) of this code.

(1) Numerator. — The numerator of the gross receipts factor shall include, in addition to items otherwise includable in the sales factor under §11-21-37a of this code, the following:

(A) Receipts from the lease or rental of real or tangible personal property whether as the economic equivalent of an extension of credit or otherwise if the property is located in this state;

(B) Interest income and other receipts from assets in the nature of loans which are secured primarily by real estate or tangible personal property if the security property is located in the state. If the security property is also located in one or more other states, receipts are

presumed to be from sources within this state, subject to rebuttal based upon factors described in rules to be proposed by the Tax Commissioner, including the factor that the proceeds of any loans were applied and used by the borrower entirely outside of this state;

(2) Items not in distributable net income. -- There shall be added to or subtracted (as the case may be) the amount derived from or connected with West Virginia sources of any income, gain, loss and deduction which would be included in the determination of federal adjusted gross income if the estate or trust were an individual and which is recognized for federal income tax purposes, but excluded from the definition of federal distributable net income of the estate or trust. The source of such income, gain, loss and deduction shall be determined in accordance with the applicable rules of section thirty-two of this article as in the case of a nonresident individual.

(b) Special West Virginia source rules. -- Deductions with respect to capital losses and net operating losses shall be based solely on income, gains, losses and deductions derived from or connected with West Virginia sources, under regulations of the Tax Commissioner, but otherwise determined in the same manner as the corresponding federal deductions.

§11-21-39. Share of nonresident estate, trust or beneficiary in income from West Virginia sources.

(a) General. -- The share of a nonresident estate or trust under paragraph (1) of subsection (a) of section thirty-eight, and the share of a nonresident beneficiary of any estate or trust under subsection (a) of section thirty-two of this article, in estate or trust income, gain, loss and deduction from West Virginia sources shall be determined as follows:

(1) Items of distributable net income from West Virginia sources. -- There shall be determined the items of income, gain, loss and deduction, derived from or connected with West Virginia sources, which would be included in the determination of federal adjusted gross income if the estate or trust were an individual and which enter into the definition of federal distributable net income of the estate or trust for the taxable year including such items from another estate or trust of which the first estate or trust is a beneficiary. Such determination of source shall be made in accordance with the applicable rules of section thirty-two of this article as in the case of a nonresident individual.

(2) Allocation among estate or trust beneficiaries.

(A) The amounts determined under subdivision (1) of subsection (a) shall be allocated among the estate or trust and its beneficiaries (including, solely for the purposes of this allocation, resident beneficiaries) in proportion to their respective shares of federal distributable net income.

(B) The amounts so allocated shall have the same character under this article as for federal income tax purposes. Where an item entering into the computation of such amounts is not characterized for federal income tax purposes, it shall have the same character as if realized directly from the source from which realized by the estate or trust, or incurred in the same manner as incurred by the estate or trust.

(b) Alternative methods of determining shares.

(1) If the estate or trust has no federal distributable net income for the taxable year, the share of each beneficiary (including, solely for the purposes, of this allocation, resident beneficiaries) in the net amount determined under subdivision (1) of subsection (a) shall be in proportion to the beneficiary's share of the estate or trust income for such year, under local law or the governing instrument, which is required to be distributed currently and any such other amounts of such income distributed in such year. Any balance of such net amounts shall be allocated to the estate or trust.

(2) The Tax Commissioner may, on written application filed on or before the due date of the return due under this article for the taxable year from the estate or trust determined without regard to any extension of time for filing such return, authorize use of such other methods of determining the representative shares of the beneficiaries and of the estate or trust in its income derived from West Virginia sources, and the modifications related thereto, as may be

appropriate and equitable, on such terms and conditions as the commissioner may require.

(3) The Tax Commissioner may by regulation establish such other method or methods of determining the respective shares of the beneficiaries and of the estate or trust in its income derived from West Virginia sources as may be appropriate and equitable. Such method may be used by the fiduciary in his or her discretion whenever the allocation of such respective shares under subsection (a) or subdivision (1) of subsection (b) would result in an inequity which is substantial in amount.

(c) Effective date. -- The amendments to this section enacted in the year 1992 shall apply to taxable years beginning after December 31, 1991.

§11-21-40. Credit for income tax of state of residence.

(2) If the declaration is filed after April 15 and not after June 15 of the taxable year, and is not required to be filed on or before April 15 of the taxable year, the estimated tax shall be paid in three equal installments. (c) Amendments of declaration. -- If any amendment of a declaration is filed, the remaining installments, if any, shall be rateably increased or decreased (as the case may be) to reflect any increase or decrease in the estimated tax by reason of such amendment, and if any amendment is made after September 15, of the taxable year, any increase in the estimated tax by reason thereof shall be paid at the time of making such amendment.

(d) Application to short taxable year. -- This section shall apply to a taxable year of less than twelve months in accordance with regulations of the Tax Commissioner.

(e) Fiscal year. -- This section shall apply to a taxable year other than a calendar year by the substitution of the months of such fiscal year for the corresponding months specified in this section.

(f) Installments paid in advance. -- An individual may elect to pay any installment of his estimated tax prior to the date prescribed for its payment.

§11-21-57. Extensions of time.

(a) General. -- The Tax Commissioner may grant a reasonable extension of time for payment of tax or estimated tax (or any installment), or for filing any return, declaration, statement, or other document required pursuant to this article, on such terms and conditions as he may require. Except for a taxpayer who is outside the United States, no such extension shall exceed six months.

(b) Amount determined as deficiency. -- The Tax Commissioner may, under regulations, extend the time for payment of an amount determined as a deficiency for a period not to exceed eighteen months from the date designated for payment of the deficiency, and under exceptional circumstances, for a further period not to exceed twelve months. An extension under this subsection may be granted only where it is established to the satisfaction of the Tax Commissioner that the payment of a deficiency upon the date designated for payment would result in undue hardship. No extension shall be granted if any part of the deficiency is due to intentional disregard of rules and regulations or to fraud.

(c) Claims in bankruptcy or receivership proceedings. -- Extension of time for payment of any portion of a claim for tax allowed in bankruptcy, receivership or similar proceedings, which is unpaid, may be granted subject to the same provisions and limitations as in the case of a deficiency in such tax.

(d) Furnishing of security. -- If any extension of time is granted for payment of any tax or deficiency, the Tax Commissioner may require the taxpayer to furnish a bond or other security in an amount not exceeding twice the amount for which the extension of time for payment is granted on such terms and conditions as the Tax Commissioner may require.

§11-21-58. Requirements concerning returns, notices, records and statements.

(a) General. -- The Tax Commissioner may prescribe regulations as to the keeping of records, the content and form of returns and statements, and the filing of copies of federal income tax returns and determinations. The Tax Commissioner may require any person, by regulation or notice served upon such person, to make such returns, render such statements, or keep such records, as the Tax Commissioner may deem sufficient to show whether or not such person is liable under this article for tax or for collection of tax.

(b) Partnerships. -- Every partnership having a resident partner or having any income derived from West Virginia sources, determined in accordance with the applicable rules of section thirty-two as in the case of a nonresident individual, shall make a return for the taxable year setting forth all items of income, gain, loss and deduction and such other pertinent information as the Tax Commissioner may by regulations and instructions prescribe.

(c) Information at source. -- The Tax Commissioner may prescribe regulations and instructions requiring returns of information to be made and filed on or before the twenty-eighth day of February of each year as to the payment or crediting in any calendar year of amounts of \$600 or more to any taxpayer under this article. Such returns may be required of any person, including lessees or mortgagors of real or personal property, fiduciaries, employers, and all officers and employees of this state, or of any municipal corporation or political subdivision of this state, having the control, receipt, custody, disposal or payment of interest, rents, salaries, wages, premiums, annuities, compensations, remunerations, emoluments or other fixed or determinable gains, profits or income, except interest coupons payable to bearer. A duplicate of the statement as to tax withheld on wages, required to be furnished by an employer to an employee, shall constitute the return of information required to be made under this section with respect to such wages.

(d) Notice of qualification as receiver, etc. -- Every receiver, trustee in bankruptcy, assignee for benefit of creditors, or other like fiduciary shall give notice of his qualification as such to the Tax Commissioner, as may be required by regulation.

§11-21-59. Report of change in federal taxable income.

(a) Unless the provision of §11-21A-1 et seq. of this code apply, if the amount of a taxpayer's federal taxable income reported on his or her federal income tax return for any taxable year is changed or corrected by the United States Internal Revenue Service or other competent authority, or as the result of a renegotiation of a contract or subcontract with the United States, the taxpayer shall report such change or correction in federal taxable income within 90 days after the final determination of such change, correction, or renegotiation, or as otherwise required by the Tax Commissioner, and shall concede the accuracy of the determination or state wherein it is erroneous. Any taxpayer filing an amended federal income tax return shall also file within 90 days thereafter an amended return under this article, and shall give such information as the Tax Commissioner may require. The Tax Commissioner may by rule prescribe such exceptions to the requirements of this section as he or she determines appropriate.

(b) (1) If a change or correction is made or allowed by the Commissioner of Internal Revenue or other officer of the United States, or other competent authority, a claim for credit or refund resulting from the adjustment may be filed by the taxpayer within two years from the date of the final federal determination, or within the period provided in §11-10-14 of this code, whichever period expires later.

(2) Within two years of the date of the final determination, or within the period provided in §11-10-14 of this code, whichever period expires later, the Tax Commissioner may allow a credit, make a refund, or mail to the taxpayer a notice of proposed overpayment resulting from the final federal determination.

(c) For the purposes of this section, assessments under a partial agreement, closing agreement covering specific matters, jeopardy or advance payment are considered part of the final determination and must be submitted to the Tax Commissioner with the final determination.

(d) If a partial agreement, a closing agreement covering specific matters or any other agreement with the United States Treasury Department would be final except for a federal extension still open for flow-through adjustments from other entities or other jurisdictions, the final determination is the date the taxpayer signs the agreement. Flow-through adjustments include, but are not limited to, items of income gain, loss and deduction that flow through to equity owners, of a partnership, or other pass-through entity. Flow-through adjustments are finally determined based on criteria specified in §11-21-59(g) of this code.

(e) The Tax Commissioner is not required to issue refunds based on any agreement other than a final determination.

(f) If a taxpayer has filed an amended federal return, and no corresponding West Virginia amended return has been filed with the Tax Commissioner, then the period of limitations for issuing a notice of assessment shall be reopened and shall not expire until three years from

the date of delivery to the Tax Commissioner by the taxpayer of the amended federal return. However, upon the expiration of the period of limitations as provided in §11-10-15 of this code, then only those specific items of income, deductions, gains, losses, or credits, which were adjusted in the amended federal return shall be subject to adjustment for purposes of recomputing West Virginia income, deductions, gains, losses, credits, and the effect of such adjustments on West Virginia allocations and apportionments.

(g) For the purposes of this section, "final determination" means the appeal rights of both parties have expired or have been exhausted relative to the tax year for federal income tax purposes.

(h) The amendments made to this section in the year 2019 shall apply, without regard to taxable year, to federal determinations that become final on or after the effective date of the amendments to this section in the year 2019.

§11-21-59a. Report of change in taxes paid to other states.

(a) If the amount of any individual taxpayer's income tax reported on a return filed with any other state for any taxable year is changed or corrected by such state as a result of an examination conducted by a competent authority of the state, and the taxpayer previously claimed a credit for such tax pursuant to §11-21-20 of this code, the taxpayer shall file an amended return, or such other form as the Tax Commissioner may prescribe, reporting the effects of the change or correction on the taxpayer's West Virginia personal income tax within one year after the final determination of the change or correction, or as otherwise required by the Tax Commissioner, and shall concede the accuracy of such determination, or declare wherein it is erroneous. However, if the Tax Commissioner has sufficient information from which to compute the proper additional tax and the taxpayer has paid the tax, then the taxpayer is not required to file an amended West Virginia personal income tax return. Any taxpayer filing an amended income tax return with any other state that results in a change to the taxpayer's West Virginia personal income tax shall also file an amended return within one year thereafter under this article and shall provide such information as the Tax Commissioner may require. The Tax Commissioner may by rule prescribe such exceptions to the requirements of this section as the commissioner considers appropriate.

(b) For the purposes of this section, "final determination" means the appeal rights of both parties have expired or have been exhausted relative to the tax year.

(c) This section amended in the year 2019 shall apply, without regard to the taxable year, to federal determinations that become final on or after the effective date of this section enacted in the year 2019.

§11-21-60. Change of election.

Any election expressly authorized by this article may be changed on such terms and conditions as the Tax Commissioner may prescribe by regulation.

(I) Collection by the Tax Commissioner, by levy or otherwise, of any liability in respect of any tax administered under article ten of this chapter;

(J) Bringing suit by any officer on behalf of this state, in respect of any liability in respect of any tax administered under article ten of this chapter;

(K) Any other act required or permitted under article nine or ten of this chapter or under any

(c) Treatment of individuals performing Desert Shield services.

(1) In general. -- Any individual who performed Desert Shield service shall be entitled to the benefits of this section.

(2) Desert Shield service. -- For purposes of this section, the term "Desert Shield service" means any service in a unit of the Armed Forces of the United States (as defined in Section 7701(a)(15) of the Internal Revenue Code of 1986) or in support of any such unit if:

(A) Such service is performed in the area designated by the President of the United States as the "Persian Gulf Desert Shield Area";

(B) Such service is performed during any portion of the period beginning August 2, 1990, and ending on the date on which any portion of the area referred to in subparagraph (A) is designated a combat zone pursuant to Section 112 of the Internal Revenue Code of 1986; or

(C) Such service is performed during any portion of the period that there is in effect a designation by the President of the United States that the "Persian Gulf Desert Shield Area" is a combat zone, pursuant to Section 112 of the Internal Revenue code.

(3) Hospitalization. -- An individual shall be treated as performing Desert Shield services during any period of continuous qualified hospitalization attributable to an injury received while performing Desert Shield service. The term "qualified hospitalization" means:

(A) Any hospitalization outside the United States; and

(B) Any hospitalization inside the United States, except that not more than five years of hospitalization may be taken into account under this subparagraph (B); and this subparagraph shall not apply for purposes of applying this section with respect to the spouse of an individual entitled to the benefits of subsection (a) of this section.

(d) Special rules.

(1) Application to spouse. -- The provisions of this section shall apply to the spouse of any individual entitled to the benefits of subsection (a). The preceding sentence shall not cause this section to apply for any spouse for any taxable year beginning more than two years after the date designated by the President of the United States, under Section 112 of the Internal Revenue Code, as the date of termination of combatant activities in the Persian Gulf Desert Shield area.

(2) Missing status. -- The period of service referred to in subsection (c) shall include the period during which an individual entitled to benefits under subsection (a) is in missing

status, within the meaning of Section 6013(f)(3) of the Internal Revenue Code of 1986.

(e) Exceptions.

(1) Jeopardy assessments or collection. -- Notwithstanding the provisions of subsection (a), if the Tax Commissioner determines that collection of the amount of any tax would be jeopardized by delay, the provisions of subsection (a) shall not operate to stay the assessment of such amount, or the collection of such amount by levy or otherwise as authorized by law. There shall be excluded from any amount assessed or collected pursuant to this subsection the amount of interest, penalty, additional amount and addition to the tax, if any, in respect of the period disregarded under subsection (a).

(2) Action taken before ascertainment of rights to benefits. -- The assessment or collection of any tax administered under article ten of this chapter may be made, begun or prosecuted in accordance with law, without regard to the provisions of subsection (a), unless prior to such assessment, collection, action or proceeding it is ascertained that the person concerned is entitled to the benefits of subsection (a).

(1) Any tax imposed by this article shall not apply with respect to the taxable year in which falls the date of his or her death, or with respect to any prior taxable year ending on or after the first day he or she served in a combat zone after August 1, 1990; and

(2) Any tax under this article for taxable years preceding those specified in paragraph (1) which is unpaid at the date of his or her death (including interest, additions to tax and additional amounts) shall not be assessed and if assessed the assessment shall be abated and if the assessment has been collected, the amount collected shall be credited or refunded as an overpayment.

(c) Certain military or civilian employees of the United States dying as a result of injuries sustained overseas.

§11-21-71. Requirement of withholding tax from wages.

(a) General. -- Every employer maintaining an office or transacting business within this state and making payment of any wage taxable under this article to a resident or nonresident individual shall deduct and withhold from such wages for each payroll period a tax computed in such manner as to result, so far as practicable, in withholding from the employee's wages during each calendar year an amount substantially equivalent to the tax reasonably estimated to be due under this article resulting from the inclusion in the employee's West Virginia adjusted gross income of wages received during such calendar year. The method of determining the amount to be withheld shall be prescribed by the Tax Commissioner, with due regard to the West Virginia withholding exemption of the employee and any low income exclusion allowed to such employee under section ten of this article and asserted in good faith by the employee. This section shall not apply to payments by the United States for service in the Armed Forces of the United States: Provided, That the Tax Commissioner may execute an agreement with the secretary of the treasury, as provided in 5 U.S.C. §5517, for the mandatory withholding of tax under this section on pay to members of the National Guard while participating in exercises or performing duty under 32 U.S.C. §502, and on pay to members of the ready reserve while participating in scheduled drills or training periods or serving on active duty for training under 10 U.S.C. §270(a).

(b) Withholding exemptions. -- For purposes of this section:

(1) An employee shall be entitled to the same number of West Virginia withholding exemptions as the number of withholding exemptions to which he or she is entitled for federal income tax withholding purposes. An employer may rely upon the number of federal withholding exemptions claimed by the employee, except where the employee claims a higher number of West Virginia withholding exemptions.

(2) With respect to any taxable year beginning after December 31, 1986, the amount of each West Virginia exemption shall be \$2,000 whether the individual is a resident or nonresident.

(c) Exception for certain nonresidents. -- If the income tax law of another state of the United States or of the District of Columbia results in its residents being allowed a credit under section forty sufficient to offset all taxes required by this article to be withheld from wages of an employee, the Tax Commissioner may by regulation relieve the employers of such employees from withholding requirements of this article with respect to such employees.

(d) Effective date. -- The provisions of this section, as amended in the year 1996, shall apply to all taxable years or portions thereof beginning after June 30, 1996.

§11-21-71a. Withholding tax on West Virginia source income of nonresident partners, nonresident S corporation shareholders, and nonresident beneficiaries of estates and trusts.

(a) General rule. — For the privilege of doing business in this state or deriving rents or royalties from real or tangible personal property located in this state, including, but not limited to, natural resources in place and standing timber, a partnership, S corporation, estate or trust, which is treated as a pass-through entity for federal income tax purposes and which has taxable income for the taxable year derived from or connected with West Virginia sources any portion of which is allocable to a nonresident partner, nonresident shareholder, or nonresident beneficiary, as the case may be, shall pay a withholding tax under this section, except as provided in subsections (c) and (k) of this section.

(b) Amount of withholding tax. —

(1) In general. — The amount of withholding tax payable by any partnership, S corporation, estate or trust (except non-grantor trusts administered by licensed private trust companies created pursuant to the provisions of §31I-1-1 *et seq.* of this code), under subsection (a) of this section, shall be equal to four percent of the effectively connected taxable income of the partnership, S corporation, estate or trust (except non-grantor trusts administered by licensed private trust companies created pursuant to the provisions of §31I-1-1 *et seq.* of this code), as the case may be, which may lawfully be taxed by this state and which is allocable to a nonresident partner, nonresident shareholder, or nonresident beneficiary of a trust (except non-grantor trusts administered by licensed private trust companies created pursuant to the provisions of §31I-1-1 *et seq.* of this code) or estate: *Provided*, That for taxable years commencing on or after January 1, 2008, the amount of withholding tax payable by any partnership, S corporation, estate or trust (except non-grantor trusts administered by licensed private trust companies created pursuant to the provisions of §31I-1-1 *et seq.* of this code), under subsection (a) of this section, shall be equal to six and one-half percent of the effectively connected taxable income of the partnership, S corporation, estate or trust (except non-grantor trusts administered by licensed private trust companies created pursuant to the provisions of §31I-1-1 *et seq.* of this code), as the case may be, which may lawfully be taxed by this state and which is allocable to a nonresident partner, nonresident shareholder, or nonresident beneficiary of a trust or estate.

(2) Credits against tax. — When determining the amount of withholding tax due under this section, the pass-through entity may apply any tax credits allowable under this chapter to the pass-through entity which pass through to the nonresident distributees: *Provided*, That in no event may the application of any credit or credits reduce the tax liability of the distributee under this article to less than zero.

(c) When withholding is not required. — Withholding may not be required:

(1) On distribution to a person, other than a corporation, who is exempt from the tax imposed by this article. For purposes of this subdivision, a person is exempt from the tax

imposed by this article only if such person is, by reason of that person's purpose or activities, exempt from paying federal income taxes on such person's West Virginia source income. The pass-through entity may rely on the written statement of the person claiming to be exempt from the tax imposed by this article provided the pass-through entity discloses the name and federal taxpayer identification number for all such persons in its return for the taxable year filed under this article or §11-24-1 *et seq.* of this code; or

(2) On distributions to a corporation which is exempt from the tax imposed by §11-24-1 *et seq.* of this code. For purposes of this subdivision, a corporation is exempt from the tax imposed by §11-24-1 *et seq.* of this code only if the corporation, by reason of its purpose or activities is exempt from paying federal income taxes on the corporation's West Virginia source income. The pass-through entity may rely on the written statement of the person claiming to be exempt from the tax imposed by §11-24-1 *et seq.* of this code provided the pass-through entity discloses the name and federal taxpayer identification number for all such corporations in its return for the taxable year filed under this article or §11-24-1 *et seq.* of this code; or

(3) On distributions when compliance will cause undue hardship on the pass-through entity: *Provided*, That no pass-through entity shall be exempt under this subdivision from complying with the withholding requirements of this section unless the Tax Commissioner, in his or her discretion, approves in writing the pass-through entity's written petition for exemption from the withholding requirements of this section based on undue hardship. The Tax Commissioner may prescribe the form and contents of such a petition and specify standards for when a pass-through entity will not be required to comply with the withholding requirements of this section due to undue hardship. Such standards shall take into account (among other relevant factors) the ability of a pass-through entity to comply at reasonable cost with the withholding requirements of this section and the cost to this state of collecting the tax directly from a nonresident distributee who does not voluntarily file a return and pay the amount of tax due under this article with respect to such distributions; or

(4) On distributions by nonpartnership ventures. An unincorporated organization that has elected, under Section 761 of the Internal Revenue Code, to not be treated as a partnership for federal income tax is not treated as a partnership under this article and is not required to withhold under this section. However, such unincorporated organizations shall make and file with the Tax Commissioner a true and accurate return of information under §11-21-58(c) of this code, under such rules and in such form and manner as the Tax Commissioner may prescribe, setting forth: (A) The amount of fixed or determinable gains, profits, and income; and (B) the name, address and taxpayer identification number of persons receiving fixed or determinable gains, profits or income from the nonpartnership venture.

(5) Publicly traded partnerships. — A publicly traded partnership, as defined in §11-21A-1 of this code, that is treated as a partnership for federal income tax purposes for the taxable year, is exempt from the withholding requirements of §11-21-71a of this code of this section, if the following information is provided to the Tax Commissioner: The name, address, taxpayer identification number, and West Virginia source income of each partner that had an

interest in the publicly traded partnership during the taxable year. This information shall be provided in an electronic format approved by the Tax Commissioner.

(d) Payment of withheld tax. —

(1) General rule. — Each partnership, S corporation, estate or trust, required to withhold tax under this section, shall pay the amount required to be withheld to the Tax Commissioner no later than:

(A) S corporations. — The 15th day of the third month following the close of the taxable year of the S corporation along with the annual information return due under §11-24-1 *et seq.* of this code, unless paragraph (C) of this subdivision applies.

(B) Partnerships, estates, and trusts. — The 15th day of the fourth month following the close of the taxable year of the partnership, estate or trust, with the annual return of the partnership, estate or trust due under this article, unless paragraph (C) of this subdivision applies: *Provided*, That for tax years beginning after December 31, 2015, partnerships shall pay the amount required to be withheld to the Tax Commissioner, along with the annual return of the partnership due under this article, on the 15th day of the third month following the close of the taxable year of the partnership, unless paragraph (C) of this subdivision applies.

(C) Composite returns. — The 15th day of the fourth month of the taxable year with the composite return filed under §11-21-51a of this code: *Provided*, That for tax years beginning after December 31, 2015, partnerships or partners in a partnership filing composite returns under §11-21-51a of this code shall pay the amount required to be withheld to the Tax Commissioner, along with the annual return due under this article, on the 15th day of the third month following the close of the taxable year.

(2) Special rules. —

(A) Where there is extension of time to file return. — An extension of time for filing the returns referenced in subdivision (1) of this subsection does not extend the time for paying the amount of withholding tax due under this section. In this situation, the pass-through entity shall pay, by the date specified in subdivision (1) of this subsection, at least 90 percent of the withholding tax due for the taxable year, or 100 percent of the tax paid under this section for the prior taxable year, if such taxable year was a taxable year of 12 months and tax was paid under this section for that taxable year. The remaining portion of the tax due under this section, if any, shall be paid at the time the pass-through entity files the return specified in subdivision (1) of this subsection. If the balance due is paid by the last day of the extension period for filing the return and the amount of tax due with such return is 10 percent or less of the tax due under this section for the taxable year, no additions to tax may be imposed under §11-10-1 *et seq.* of this code with respect to balance so remitted. If the amount of withholding tax due under this section for the taxable year is less than the estimated withholding taxes paid for the taxable year by the pass-through entity, the excess

shall be refunded to the pass-through entity or, at its election, established as a credit against withholding tax due under this section for the then current taxable year.

(B) Deposit in trust for Tax Commissioner. — The Tax Commissioner may, if the commissioner believes such action is necessary for the protection of trust fund moneys due this state, require any pass-through entity to pay over to the Tax Commissioner the tax deducted and withheld under this section, at any earlier time or times.

(e) Effectively connected taxable income. — For purposes of this section, the term "effectively connected taxable income" means the taxable income or portion thereof of a partnership, S corporation, estate or trust, as the case may be, which is derived from or attributable to West Virginia sources as determined under §11-21-32 of this code and such rules as the Tax Commissioner may prescribe, whether the amount is actually distributed or is determined to have been distributed for federal income tax purposes.

(f) Treatment of nonresident partners, S corporation shareholders, or beneficiaries of a trust or estate. —

(1) Allowance of credit. — Each nonresident partner, nonresident shareholder, or nonresident beneficiary shall be allowed a credit for such partner's or shareholder's or beneficiary's share of the tax withheld by the partnership, S corporation, estate or trust under this section: *Provided*, That when the distribution is to a corporation taxable under §11-24-1 *et seq.* of this code, the credit allowed by this section shall be applied against the distributee corporation's liability for tax under §11-24-1 *et seq.* of this code.

(2) Credit treated as distributed to partner, shareholder, or beneficiary. — Except as provided in rules, a nonresident partner's share, a nonresident shareholder's share, or a nonresident beneficiary's share of any withholding tax paid by the partnership, S corporation, estate or trust under this section shall be treated as distributed to the partner by the partnership, or to the shareholder by the S corporation, or to the beneficiary by the estate or trust on the earlier of:

(A) The day on which the tax was paid to the Tax Commissioner by the partnership, S corporation, estate, or trust; or

(B) The last day of the taxable year for which the tax was paid by the partnership, S corporation, estate, or trust.

(g) Regulations. — The Tax Commissioner shall prescribe such rules as may be necessary to carry out the purposes of this section.

(h) Information statement. —

(1) Every person required to deduct and withhold tax under this section shall furnish to each nonresident partner, or nonresident shareholder, or nonresident beneficiary, as the case may be, a written statement, as prescribed by the Tax Commissioner, showing the amount of

West Virginia effectively connected taxable income, whether distributed or not distributed for federal income tax purposes by such partnership, S corporation, estate or trust, to the nonresident partner, or nonresident shareholder, or nonresident beneficiary, the amount deducted and withheld as tax under this section; and such other information as the Tax Commissioner may require.

(2) A copy of the information statements required by this subsection shall be filed with the West Virginia return filed under this article (or §11-24-1 *et seq.* of this code for S corporations) by the pass-through entity for its taxable year to which the distribution relates. This information statement shall be furnished to each nonresident distributee on or before the due date of the pass-through entity's return under this article or §11-24-1 *et seq.* of this code for the taxable year, including extensions of time for filing such return, or such later date as may be allowed by the Tax Commissioner.

(i) Liability for withheld tax. — Every person required to deduct and withhold tax under this section is hereby made liable for the payment of the tax due under this section for taxable years (of such persons) beginning after December 31, 1991, except as otherwise provided in this section. The amount of tax required to be withheld and paid over to the Tax Commissioner shall be considered the tax of the partnership, estate, or trust, as the case may be, for purposes of §11-9-1 *et seq.* and §11-10-1 *et seq.* of this code. Any amount of tax withheld under this section shall be held in trust for the Tax Commissioner. No partner, S corporation shareholder, or beneficiary of a trust or estate, may have a right of action against the partnership, S corporation, estate, or trust, in respect to any moneys withheld from the person's distributive share and paid over to the Tax Commissioner in compliance with or in intended compliance with this section.

(j) Failure to withhold. — If any partnership, S corporation, estate or trust fails to deduct and withhold tax as required by this section and thereafter the tax against which the tax may be credited is paid, the tax so required to be deducted and withheld under this section may not be collected from the partnership, S corporation, estate, or trust, as the case may be, but the partnership, S corporation, estate, or trust may not be relieved from liability for any penalties or interest on additions to tax otherwise applicable in respect of the failure to withhold.

(k) Distributee agreements. —

(1) The Tax Commissioner shall permit a nonresident distributee to file with a pass-through entity, on a form prescribed by the Tax Commissioner, the agreement of the nonresident distributee: (A) To timely file returns and make timely payment of all taxes imposed by this article or §11-24-1 *et seq.* of this code in the case of a C corporation, on the distributee with respect to the effectively connected taxable income of the pass-through entity; and (B) to be subject to personal jurisdiction in this state for purposes of the collection of any unpaid income tax under this article (or §11-24-1 *et seq.* of this code in the case of a C corporation), together with related interest, penalties, additional amounts and additions to tax, owed by the nonresident distributee.

(2) A nonresident distributee electing to execute an agreement under this subsection shall file a complete and properly executed agreement with each pass-through entity for which this election is made, on or before the last day of the first taxable year of the pass-through entity in respect of which the agreement applies. The pass-through entity shall file a copy of that agreement with the Tax Commissioner as provided in subdivision (5) of this subsection.

(3) After an agreement is filed with the pass-through entity, that agreement may be revoked by a distributee only in accordance with rules promulgated by the Tax Commissioner.

(4) Upon receipt of such an agreement properly executed by the nonresident distributee, the pass-through entity may not withhold tax under this section for the taxable year of the pass-through entity in which the agreement is received by the pass-through entity and for any taxable year subsequent thereto until either the nonresident distributee notifies the pass-through entity, in writing, to begin withholding tax under this section or the Tax Commissioner directs the pass-through entity, in writing, to begin withholding tax under this section because of the distributee's continuing failure to comply with the terms of the agreement.

(5) The pass-through entity shall file with the Tax Commissioner a copy of all distributee agreements received by the pass-through entity during any taxable year with this annual information return filed under this article, or §11-24-1 *et seq.* of this code if S corporations. If the pass-through entity fails to timely file with the Tax Commissioner a copy of an agreement executed by a distributee and furnished to the pass-through entity in accordance with this section, then the pass-through entity shall remit to the Tax Commissioner an amount equal to the amount that should have been withheld under this section from the nonresident distributee. The pass-through entity may recover payment made pursuant to the preceding sentence from the distributee on whose behalf the payment was made.

(a) General. — Every employer required to deduct and withhold tax under this article shall file a withholding return as prescribed by the Tax Commissioner and pay over to the Tax Commissioner the taxes required to be deducted and withheld. The due dates for returns and payments shall be established by the Tax Commissioner to match as closely as practicable the due dates in effect for federal income tax purposes, in accordance with the procedures established by the Internal Revenue Service pursuant to Section 3402 of the Internal Revenue Code except as otherwise provided in this section: *Provided*, That not later than January 31, 2019, and January 31 of each year thereafter, employers and payers shall submit to the Tax Commissioner the annual reconciliation of West Virginia income tax withheld, together with state copies of all withholding tax statements reflecting West Virginia tax withholding, including, but not limited to, forms W-2, W-2G, and 1099, furnished to each employee or payee for the preceding calendar year, notwithstanding the fact that the employer or payer may have a calendar tax year ending on December 31 or a fiscal tax year ending on a date other than December 31. Notwithstanding the provisions of this section, where the average quarterly amount deducted and withheld by any employer is less than \$150 and the aggregate for the calendar year can reasonably be expected to be less than \$600, the Tax Commissioner may by rule permit an employer to file an annual return and pay over to the Tax Commissioner the taxes deducted and withheld on or before the last day of the month following the close of the calendar year.

The Tax Commissioner may promulgate legislative or other rules pursuant to §29A-3-1 *et seq.* of this code for implementation of this subsection.

(c) Deposit in trust for Tax Commissioner. — Whenever any employer fails to collect, truthfully account for, or pay over the tax, or to make returns of the tax as required in this section, the Tax Commissioner may serve a notice requiring the employer to collect the taxes which become collectible after service of the notice, to deposit the taxes in a bank approved by the Tax Commissioner, in a separate account, in trust for and payable to the Tax Commissioner and to keep the amount of the tax in the separate account until payment over

to the Tax Commissioner. The notice remains in effect until a notice of cancellation is served by the Tax Commissioner.

(d) Accelerated payment. —

(1) Every employer required to deduct and withhold tax whose average payment per calendar month for the preceding calendar year under §11-21-74(a) of this code exceeded \$100,000 shall remit the tax attributable to the first 15 days of June each year by June 23.

(2) For purposes of complying with §11-21-74(d)(1) of this code, the employer shall remit an amount equal to the withholding tax due under this article on employee compensation subject to withholding tax payable or paid to employees for the first 15 days of June or, at the employer's election, the employer may remit an amount equal to 50 percent of the employer's liability for withholding tax under this article on compensation payable or paid to employees for the preceding month of May.

(3) For an employer which has not been in business for a full calendar year, the total amount the employer was required to deduct and withhold under §11-21-74(a) of this code for the prior calendar year shall be divided by the number of months, including fractions of a month, that it was in business during the prior calendar year and if that amount exceeds \$100,000, the employer shall remit the tax attributable to the first 15 days of June each year by June 23, as provided in §11-21-74(d)(2) of this code.

(4) When an employer required to make an advanced payment of withholding tax under §11-21-74(d)(1) of this code makes out its return for the month of June, which is due by July 20, that employer may claim as a credit against its liability under this article for tax on employee compensation paid or payable for employee services rendered during the month of June the amount of the advanced payment of tax made under §11-21-74(d)(1) of this code.

(e) Effective upon passage, the provisions of §11-21-74(d) of this code shall no longer have any force or effect.

(f) An annual reconciliation of West Virginia personal income tax withheld shall be submitted by the employer by January 31, following the close of the calendar year, together with Tax Division copies of all withholding tax statements for that preceding calendar year. The reconciliation shall be accompanied by a list of the amounts of income withheld for each employee in such form as the Tax Commissioner prescribes and shall be filed separately from the employer's monthly or quarterly return.

(g) Any employer required to file a withholding return for 50 or more employees shall file its return using electronic filing as defined in §11-21-54 of this code: *Provided*, That for any tax period beginning after December 31, 2017, any employer that uses a payroll service or is required to file a withholding return for 25 or more employees shall file its return using electronic filing as defined in §11-21-54 of this code. An employer that is required to file electronically but does not do so is subject to a penalty in the amount of \$25 per employee

for whom the return was not filed electronically, unless the employer shows that the failure is due to a technical inability to comply.

WV Legislature

§11-21-75. Employer's liability for withheld taxes.

Every employer required to deduct and withhold tax under this article is hereby made liable for such tax. To the extent not inconsistent with the provisions of this article, all of the provisions of article ten of this chapter and section ninety-two of this article twenty-one, relating to assessment and collection of taxes, and to penalties, additions to tax and interest in respect thereto, shall apply to every employer required to withhold tax under this article. For such purposes any amount required to be withheld and paid over to the Tax Commissioner shall be considered the tax of the employer. Any amount of tax actually deducted and withheld under this article shall be held to be a special fund in trust for the Tax Commissioner. No employee shall have any right of action against his employer in respect to any moneys deducted and withheld from his wages and paid over to the Tax Commissioner in compliance or in intended compliance with this article.

§11-21-76. Employer's failure to withhold.

If an employer fails to deduct and withhold tax as required, and thereafter the tax against which such tax may be credited is paid, the tax so required to be deducted and withheld shall not be collected from the employer, but the employer shall not be relieved from liability for any penalties, interest, or additions to the tax otherwise applicable in respect of such failure to deduct and withhold.

§11-21-77. Extension of withholding to certain lottery winnings; lottery winnings source income.

(a) Lottery winnings subject to withholding. — Gross prizes, as defined in §29-22-15a of this code, of more than \$5,000 from any lottery prize awarded by the West Virginia State Lottery Commission are subject to withholding under §11-21-1 et seq. of this code. (b) Statement by recipient. — Every person who is to receive payment of a lottery prize subject to withholding shall furnish to the person making the payment, a statement made under the penalties of perjury, containing the name, address, and taxpayer identification number of the person receiving the payment and each person entitled to any portion of the payment.

(c) Coordination with other sections. — For the purposes of determining liability for payment of taxes and filing of returns, payments of a lottery prize subject to withholding shall be treated as if they were wages paid by an employer to an employee, but shall not be treated as compensation for personal services performed within this state for purposes of §11-21-40 and §11-21-41 of this code.

(d) Source Income. — (1) All lottery prizes awarded by the West Virginia State Lottery Commission shall be taxed as West Virginia source income and shall be subject to all state and federal income tax laws and rules and regulations. Pursuant to this section, state income taxes shall be withheld from prizes paid whenever federal income taxes are required to be withheld under the Internal Revenue Code.

(2) All prizes awarded by the West Virginia State Lottery Commission shall be taxed as West Virginia source income and taxable to nonresidents in accordance with §11-21-32 and §11-21-44 of this code and shall be subject to withholding in accordance with this section.

(3) The sourcing provisions of this section shall apply to all prizes awarded by the West Virginia State Lottery Commission, without regard to the form of payment or the period of time over which payments are made. Lump sum payments, installment payments, annuity payments, and winnings payments that are sold, assigned, transferred, or otherwise split, shared, or conveyed to or among parties other than the original prize winner retain their identity as prizes awarded by the West Virginia State Lottery Commission, and retain their character as West Virginia source income.

(e) Backup withholding. — Beginning July 1, 2012, every person who is required to file Internal Revenue Service Form W-2G, and who is subject to backup withholding under federal law, is subject to West Virginia backup withholding. The payor in making any payment of a gambling prize subject to backup withholding shall deduct and withhold from

(a) Of the revenue collected under this article the State Treasurer shall credit the amount as the Tax Commissioner may determine to be necessary for refunds to which taxpayers shall be entitled under this article to the personal income tax reserve fund described in subsection (b) of this section. The State Treasurer shall credit all remaining interest, penalties and taxes collected under this article to the General Revenue Fund of the State Treasury.

(b) The fund established by the prior enactment of this section is hereby reestablished as an account in the State Treasury designated the "personal income tax reserve fund". The fund shall be administered by the secretary of administration and expended only for the purpose specified in subsection (c) of this section. Notwithstanding any provision of section two, article two, chapter twelve of this code to the contrary, the moneys of the fund are not part of the General Revenue Fund of the State Treasury.

(c) The moneys of the personal income tax reserve fund must be expended to make timely refunds of moneys to which taxpayers may be entitled under this article as certified by the Tax Commissioner. Amounts in the fund which are found from time to time to exceed funds needed for the purposes set forth in this section may be transferred to other accounts or funds and redesignated for other purposes by appropriation of the Legislature.

§11-21-94. Effective date; severability.

(a) Effective date. -- The provisions of this article shall take effect immediately. Such provisions shall apply to all taxable years ending on or after December 31, 1961, and to the entirety of each such year, including that part which has elapsed prior to the effective date of this article. Such provisions shall also apply to taxable years beginning prior to and ending in the year 1961, but the tax imposed for any such year shall be one twelfth of a tax for the full year multiplied by the number of months elapsed from January 1, 1961, until the end of the taxable year.

(b) Severability. -- If any provision of this article or the application thereof shall for any reason be adjudged by any court of competent jurisdiction to be invalid, such judgment shall not affect, impair or invalidate the remainder of said article, but shall be confined in its operation to the provision thereof directly involved in the controversy in which such judgment shall have been rendered, and the applicability of such provision to other persons or circumstances shall not be affected thereby.
