§12-1B-1. Short title.

This article shall be known, and may be cited as, the West Virginia Security for Public Deposits Act.

WV Legislature

§12-1B-2. Legislative intent; findings.

(a) The purpose of the West Virginia Security for Public Deposits Act is to allow designated state depositories to pledge collateral for all public deposits made by the state or by any county, municipality, spending unit, or political subdivision of the state through a pooled method, as defined in §12-1B-4 of this code.

(b) It is the intent of the Legislature that designated state depositories participating in the Public Deposits Program be authorized to secure public deposits through the pooled method, as an alternative to the methods of securing public deposits authorized under other sections of this code, including §7-6-2, §8-13-22a, §12-1-4, §12-1-5, and §18-9-6 of this code.

(c) The Legislature anticipates that authorizing designated state depositories to secure public deposits using the pooled method will lower the overall cost of public deposits and make public banking contracts in West Virginia more desirable to financial institutions.

§12-1B-3. Applicability.

This article applies to public deposits. This article does not apply to investments made by the State Treasurer, the Board of Treasury Investments, the Investment Management Board, or any other investments of the state.

§12-3A-1. Legislative purpose and findings.

The Legislature finds that state government should facilitate and promote electronic commerce, particularly in the electronic receipting and disbursing of state funds. As many individuals receiving recurring state funds do not have bank accounts for the purpose of receiving direct deposits, and as the state desires that all payments be made electronically by the year two thousand two, it is the intent of the Legislature to provide a mechanism for all payees to receive payments by electronic funds transfers through direct deposit or through state issued debit cards. Further, as usage of electronic commerce grows, state spending units need the ability to accept payments electronically. To meet these goals, the Legislature seeks to ensure proper management oversight and accountability are maintained.

The State Auditor shall assist in the review of pay card proposals. Moneys in the account shall be used by the treasurer to pay the fees and costs associated with the POS terminals and related equipment, and for such other purposes as determined by the Legislature.

(e) In carrying out the purposes of this article, the treasurer shall not compete with private sector providers of POS terminals, banks or other financial institutions, or for profit. (c) To facilitate electronic commerce, the State Treasurer may charge a spending unit for the banking and other expenses incurred by the Treasurer on behalf of the spending unit and for any work performed, including, without limitation, assisting in the development of a website and utilization of the Treasurer's payment gateway. A special revenue account, entitled the Treasurer's Financial Electronic Commerce Fund, is created in the State Treasury to receive the amounts charged by the Treasurer. (a) This section may be cited as the West Virginia Grant Transparency and Accountability Act. The West Virginia Grant Transparency and Accountability Act is intended to develop a coordinated, nonredundant process for the effective oversight and monitoring of state grant recipients, thereby ensuring quality programs and limiting fraud, waste, and abuse.

(b) For the purposes of this section:

(1) "Grantor" means a state spending unit awarding a state grant.

(2) "Grantee" means any entity receiving a state grant, including a state spending unit, local government, corporation, partnership, association, individual, or other legal entity.

(3) "Subgrantee" means an entity, including a state spending unit, local government, corporation, partnership, association, individual, or other legal entity, that receives grant money from a grantee that was awarded a state grant.

(4) "Report" means an engagement, such as an agreed-upon procedures engagement or other attestation engagement, performed and prepared by a certified public accountant to test whether state grants were spent as intended. The term "report" does not mean a full-scope audit or review of the entity receiving the state grant.

(5) "State grant" means funding provided by a grantor, regardless of the original source of the funds, to a grantee upon application for a specific purpose. The term "state grant" does not include: (A) Payments for goods and services purchased by a state spending unit; (B) compensation to state employees and public officials; (C) reimbursements to state employees and public officials for travel or incidental expenses; (D) grants of student aid; (E) government transfer payments; (F) direct benefits provided under state insurance and welfare programs; (G) funds reimbursed to a person for expenditures made for qualified purposes when receipts for the expenditures are required prior to receiving the funds; (H) retirement benefits; (I) federal pass-through funds that are subject to the federal Single Audit Act Amendments of 1996, 31 U.S.C. § 7501 *et seq.*, and the funds required to match the federal funds; (J) distributions to volunteer and part-volunteer fire departments and fire companies made pursuant to §33-3-14d, §33-3-33, §33-12C-7 of this code; (K) money received from the Fire Service Equipment and Training Fund as provided in §29-3-5f of this code; and (L) grants made by the West Virginia Water Development Authority.

(8) "Stop payment order" means a communication from the grantor to the State Auditor and the State Treasurer, following procedures established by the State Auditor, causing the cessation of payments to a grantee or subgrantee as a result of the grantee or subgrantee's failure to comply with one or more terms of the state grant or subgrant, violations of law, or the initiation of an audit or investigation.

(9) "Stop payment procedure" means the procedure created by the State Auditor which effects a stop payment order or the lifting of a stop payment order.

(c)(1) Any grantee who receives one or more state grants in the amount of \$50,000 or more in the aggregate in a state's fiscal year shall file with the grantor and the State Auditor a report of the disbursement of the state grant funds. When the grantor causes an audit, by an independent certified public accountant, to be conducted of the state grant funds, the audit is performed using generally accepted government auditing standards, and a copy of the audit is available for public inspection, no report is required to be filed under this section. An audit performed that complies with Office of Management and Budget circular A-133, and submitted within the period provided in this section, may be substituted for the report.

(2) Any grantee who receives a state grant in an amount less than \$50,000, or who is not required to file a report because an audit has been conducted or substituted as provided by subdivision (1) of this subsection, shall file with the grantor and State Auditor a sworn statement of expenditures made under the state grant.

The scope of the report is limited to showing that the state grant funds were spent for the purposes intended when the state grant was made.

(5) In the event the State Auditor determines that applicable reporting or record-keeping provisions for state grants are delinquent or not in compliance with this code, the State Auditor shall notify the State Treasurer and no further state grant funds appropriated to the grantor under the specific state grant shall be encumbered or expended until such time as the State Auditor determines that all applicable reporting or record-keeping provisions are brought into compliance: *Provided*, That such suspension of funding does not violate federal law or regulations, or unreasonably prevent or detrimentally impact, the ability of the

agency grantor to receive federal support or funding.

(6) Each grantor shall designate a Chief Accountability Officer, to the extent possible from within its existing staff, who shall serve as a liaison to the State Auditor, and shall be responsible for the grantor's implementation of, and compliance with, the law, rules, and terms of state grants. Such position may be held concurrently with any other designated position.

Any grantee failing to file a required report or sworn statement of expenditures within the two-year period as provided in this section for state grant funds, is barred from subsequently receiving state grants until the grantee has filed the report or sworn statement of expenditures and is otherwise in compliance with the provisions of this section.

(2) Any grantor shall report any grantee failing to file a required report or sworn statement of expenditures within the required period provided in this section to the State Auditor for purposes of debarment from receiving state grants.

(3) The State Auditor shall maintain a searchable and publicly accessible database listing all awarded state grants. All grantors shall provide a list of grantees and subgrantees to the State Auditor and all other information regarding state grant funds and grantees as required by law or rule.

(e)(1) The grantor administering the state grant shall notify the grantee of the reporting requirements set forth in this section.

(B) Confirmation from the State Auditor by the grantor that the grantee has not been identified as one who has failed to file a report or sworn statement of expenditures under this section. Confirmation may be accomplished by accessing the computerized database provided for in this section.

(3) If any report or sworn statement of expenditures submitted pursuant to the requirements of this section provides evidence of a reportable condition or violation, the grantor shall provide a copy of the report or sworn statement of expenditures to the State Auditor within 30 days of receipt by the grantor.

(4) The grantor and State Auditor shall maintain copies of reports and sworn statements of

expenditures required by this section and make the reports or sworn statements of expenditures available for public inspection, as well as for use in audits and performance reviews of the grantor.

(5) Stop payment procedures - The State Auditor, in cooperation with grantors, shall promulgate legislative, procedural, and interpretive rules in accordance with the provisions of §29A-3-1 *et seq.* of this code in implementing the provisions of this section which shall include, but not be limited to:

This notice shall identify the funds and the amount to be recovered and the specific facts which permit recovery.

(B) A grantee shall have 35 days from the receipt of the notice required in paragraph (A) of this subdivision to return the state grant funds or request a hearing in writing to show why recovery is not justified or proper.

(C) If a grantee requests a hearing pursuant to paragraph (B) of this subdivision, then:

(i) The hearing shall be conducted under §29A-5-1 *et seq.* of this code, and be presided over by the grantor director or their designee;

(ii) The grantor shall hold the hearing at which, the grantee or designated representative may present evidence and witnesses to show why recovery should not be permitted; and

(iii) After the conclusion of the hearing, the grantor shall make a final decision and issue a written final recovery order in compliance with §29A-5-3 of this code and send a copy of the

order to the grantee and the State Auditor.

(D)(i) If a grantee requests a hearing pursuant to paragraph (B) of this subdivision, then the grantor may not take any action of recovery until at least 35 days after the grantor has issued a final recovery order pursuant to the requirements of paragraph (C) of this subdivision.

(ii) If a grantee does not return the state grant funds or request a hearing as permitted in paragraph (B) of this subdivision, then the grantor may proceed with recovery of the state grant funds identified in the notice issued pursuant to the requirements of paragraph (A) of this subdivision, at any time after the expiration of the 35 day request period established in paragraph (B) of this subdivision.

(8) Recovery of State Grant Funds by Grantor Agency - Any state grant funds which have been misspent or are being improperly held are subject to recovery by the grantor. The rules shall set forth uniform administrative requirements and reporting procedures for state grants and subgrants to ensure compliance. Grantors shall not impose additional or inconsistent requirements unless specifically required by state or federal law.

(3) The State Auditor shall maintain the West Virginia debarred list identifying grantees who have failed to file reports and sworn statements required by this section. The list shall be in the form of a computerized database that shall be accessible by grantors and the public over the Internet, unless public disclosure would violate federal law or regulations.

(g) An audit of state grant funds may be authorized at any time by the Joint Committee on Government and Finance to be conducted by the State Auditor in cooperation with the Legislative Auditor at no cost to the grantee.

(h) Any report submitted pursuant to the provisions of this section may be filed electronically in accordance with the provisions of §39A-1-1 *et seq.* of this code.

(i) Any grantee who files a fraudulent sworn statement of expenditures under subsection (b) of the section, a fraudulent sworn statement under subsection (d) of this section, or a fraudulent report under this section, is guilty of a felony and, upon conviction thereof, shall be fined not less than \$1,000 nor more than \$5,000 or imprisoned in a state correctional facility for not less than one year nor more than five years, or both fined and imprisoned.

(j) Prohibition on use of state grant funds for prohibited political activity -

(1) For the purpose of this section, "prohibited political activity" means activity directed

toward the success or failure of a political party, candidate for political office, or ballot issue, and includes, without limitation, express advocacy for the election or defeat of a political party, candidate, or ballot issue.

(2) Grantors, grantees, subgrantees, and personnel thereof shall not knowingly use state grant funds, or goods or services purchased with state grant funds, to engage, either directly or indirectly, in a prohibited political activity.

(3) Grantors, grantees, subgrantees and personnel thereof shall not be knowingly compensated from state grant funds for time spent engaging in a prohibited political activity.

(4) Nothing in this section shall prohibit any organization described in 26 U.S.C. § 501(c)(3) or 26 U.S.C. § 501(c)(4) receiving a state grant from engaging in any federally permissible activity regarding advocacy, indirect and direct lobbying, and political activity, provided that the specific funds acquired by a state grant or grantor shall not be used for those activities that are permitted by federal law but prohibited by this section.

(5) A grantor, grantee, subgrantee, or personnel thereof who knowingly uses state grant funds for prohibited political activity in violation of this section, is guilty of a felony and, upon conviction thereof, shall be fined not less than \$1,000 nor more than \$5,000 or imprisoned in a state correctional facility for not less than one year nor more than five years, or both fined and imprisoned.

(k) Reporting - Effective on or before December 31, 2022, and every three years thereafter, the State Auditor shall submit to the Joint Legislative Committee on Government and Finance a report that demonstrates the efficiencies, cost savings, and reductions in fraud, waste, and abuse. §12-4-14a. Workers' Compensation Subsidy for Volunteer Fire Departments; creation of program; Auditor to administer.

(a) For the purposes of this section:

(1) "Fiscal year" means the fiscal year of the state.

(2) "Individual base year premium" means the individual premium that became due and payable by a volunteer fire department after June 30, 2010, but before July 1, 2011.

(3) "Individual premium" means the workers' compensation insurance premium due and payable by a volunteer fire department for fire fighting services, rapid response emergency medical services, ambulance services or diving services provided by the volunteer fire department in each twelve month period beginning on or after July 1, 2011.

(4) "Total base year premium" means the aggregate workers' compensation insurance premium due and payable by all volunteer fire departments for fire fighting services, rapid response emergency medical services, ambulance services or diving services provided by the volunteer fire departments as determined by the Insurance Commissioner after June 30, 2010, but before July 1, 2011.

(5) "Total premium" means the aggregate workers' compensation insurance premium due and payable by all volunteer fire departments for fire fighting services, rapid response emergency medical services, ambulance services or diving services provided by the volunteer fire departments in each twelve month period beginning on or after July 1, 2011.

(b) In recognition of the burden of increasing workers' compensation insurance premiums on volunteer fire departments, the Legislature has determined that additional funding assistance should be made available to eligible departments to pay a portion of those premium increases beginning with invoices due and payable on or after July 1, 2011.

(c) There is hereby established a special program which shall be known as the "Volunteer Fire Department Workers' Compensation Subsidy Program." The program shall be administered by the State Auditor from moneys that may be appropriated and designated for the program by the Legislature pursuant to this section and section thirty-three-a, article three, chapter thirty-three of this code.

(d) The State Auditor shall administer the distribution of moneys appropriated for the Volunteer Fire Department Workers' Compensation Subsidy Program to volunteer fire departments to help defray workers' compensation insurance premium increases.

(1) Volunteer fire departments shall request supplemental funds by submitting to the Auditor the following information:

(A) The previous fiscal year's workers' compensation premium invoices with paid receipts;

(B) The current fiscal year's workers' compensation premium invoices showing the amount due and due date and any applicable paid receipts; and

(C) Any other information the Auditor deems necessary for administering the subsidy on forms and schedules as the Auditor directs. The Auditor is authorized to set up an electronic filing system at his or her discretion for filing of the aforementioned information.

(2) After determining that there is a premium increase and the amount of the premium increase for the volunteer fire department requesting the subsidy, the Auditor shall make disbursements in the manner set forth in subsection (e) of this section subject to the following requirements:

(A) The volunteer fire department must be in good standing with the State Fire Marshal;

(B) The volunteer fire department must be registered with the Auditor's Office in a form and manner prescribed by the Auditor prior to being eligible for consideration of any subsidy, which registration must be completed no fewer than thirty days prior to the due date of the workers' compensation premium;

(C) The volunteer fire department must agree that the subsidy for its workers' compensation insurance premium increase will be paid directly to its insurance carrier by the Auditor and that it will timely pay the balance of the premium due; and

(D) Should a volunteer fire department fail to pay the balance of its workers' compensation insurance premium after a disbursement by the Auditor and that insurance policy is subsequently cancelled, the premium paid by the Auditor shall be returned directly to him or her. If the Auditor does not receive a reimbursement for a cancelled policy, he or she shall seek reimbursement for the subsidy portion of the insurance premium from the State Treasurer when the Treasurer makes the next quarterly payment to the volunteer fire department pursuant to sections thirty-three and fourteen-d, article three, chapter thirty-three of this code.

(e) Beginning with the fiscal year that starts July 1, 2011, and continuing in each fiscal year thereafter, after the Auditor has verified that a volunteer fire department is eligible for a subsidy pursuant to this section, he or she shall pay on behalf of a volunteer fire department its subsidy, which is calculated by:

(1) Dividing the total amount of premium subsidy allocated by the Legislature to the Volunteer Fire Department Workers' Compensation Subsidy Program by the total premium minus the total base year premium, which calculation produces the "total shortfall multiplier"; and

(2) Multiplying the total shortfall multiplier determined in subdivision (1) of this subsection by the individual premium less the individual base year premium.

(3) In no event shall a volunteer fire department receive a workers' compensation premium

subsidy greater than one hundred percent of its premium increase.

(f) For fiscal years after July 1, 2011, the Auditor shall consult with the Insurance Commissioner to determine the total amount of workers' compensation premium due by volunteer fire departments for any subsequent fiscal year. The Auditor may determine payment dates based upon information reasonably available for such a determination.

(g) The Auditor may promulgate emergency rules and may propose for promulgation legislative rules, in accordance with the provisions of article three, chapter twenty-nine-a of this code, as are necessary to provide for implementation and enforcement of the provisions of this section.

(h) The volunteer fire departments' workers' compensation premium subsidy program shall undergo a review to assess its effectiveness after three years of operation. The Auditor shall submit a report to the Joint Committee on Government and Finance not later than February 1, 2015, and provide details of the program operation including funds distributed and departments taking advantage of the subsidy.

(b) *Filing required documentation.* — Every volunteer and part-volunteer fire company or department seeking to receive formula distributions or an equipment and training grant shall file copies of bank statements and check images from the company’s or department’s state funds accounts for the previous calendar year with the Legislative Auditor on or before February 1 of each year.

(c) *Reviews and audits.* — The Legislative Auditor is authorized to conduct regular reviews or audits of deposits and expenditures from formula distribution and equipment and training grant funds by volunteer and part-volunteer fire companies or departments. The Legislative Auditor may assign an employee or employees to perform audits or reviews at his or her direction. The State Treasurer shall provide the Legislative Auditor information, in the manner designated by the Legislative Auditor, concerning formula distributions and equipment and training grants paid to volunteer or part-volunteer fire companies and departments. The volunteer or part-volunteer fire company or department shall cooperate with the Legislative Auditor, the Legislative Auditor’s employees, and the State Auditor in performing their duties under the laws of this state.

(d) *State Auditor.* — Whenever the State Auditor performs an audit of a volunteer or part-volunteer fire company or department for any purpose, the Auditor shall also conduct an audit of other state funds received by the company or department pursuant to §33-3-14d, §33-3-33, and §33-12C-7 of this code. The Auditor shall send a copy of the audit to the Legislative Auditor. The Legislative Auditor may accept an audit performed by the Auditor in lieu of performing an audit under this section.

(e) *Withholding of funds.* —The Treasurer is authorized to withhold payment of a formula distribution or an equipment and training grant from a volunteer or part-volunteer fire

company or department, when properly notified by the Legislative Auditor pursuant to this section, of any of the following conditions:

- (1) Failure to file, in a timely manner, copies of bank statements and check images with the Legislative Auditor;
- (2) Failure to cooperate with a review or audit conducted by the Legislative Auditor;
- (3) Misapplication of state funds; or
- (4) Failure to file a report or a sworn statement of expenditures as required by §12-4-14 of this code for a state grant other than an equipment and training grant.

(f) *Delinquency in filing.* — If, after February 1, a volunteer or part-volunteer fire company or department has failed to file the required bank statements and check images with the Legislative Auditor, the Legislative Auditor shall notify the delinquent company or department at two separate times in writing of the delinquency and of possible forfeiture of its Fire Service Equipment and Training Fund distribution for the year. If the required bank statements and check images are not filed with the Legislative Auditor by March 31, unless the time period is extended by the Legislative Auditor, the Legislative Auditor shall then notify the Treasurer who shall withhold payment of any amount that would otherwise be distributed to the company or department. Prior to each subsequent quarterly disbursement of funds by the Treasurer, the Legislative Auditor shall notify each delinquent company or department twice per each quarter in which the company or department is delinquent. The Legislative Auditor may choose the method or methods of notification most likely to be received by the delinquent company or department.

(g) *Noncooperation.* — If, in the course of an audit or review by the Legislative Auditor, a volunteer or part-volunteer fire company or department fails to provide documentation of its accounts and expenditures in response to a request of the Legislative Auditor, the Legislative Auditor shall notify the State Treasurer who shall withhold payment of any amount that would otherwise be distributed to the company or department under the provisions of §33-3-14d, §33-3-33, and §33-12C-7 of this code until the Legislative Auditor informs the State Treasurer that the company or department has cooperated with the review or audit.

(h) *Reporting of other grants.* — Nothing in this section alters the duties and responsibilities of a volunteer or part-volunteer fire company or department imposed under §12-4-14 of this code if that company or department has received funds from any state grant program other than from the Fire Service Equipment and Training Fund. If the Legislative Auditor is notified by a grantor that a volunteer or part-volunteer fire company or department has failed to file a report or a sworn statement of expenditures for a state grant it received, the Legislative Auditor shall notify the State Treasurer who shall withhold further distributions to the company or department in the manner provided in this section.

(i) *Escrow and forfeiture of moneys withheld.* — The Volunteer Fire Department Audit Account previously created in the Treasury is hereby continued. When the State Treasurer receives notice to withhold the distribution of money to a volunteer or part-volunteer fire company or department pursuant to this section, the Treasurer shall instead deposit the amounts withheld into the Volunteer Fire Department Audit Account. If the Treasurer receives notice that the volunteer or part-volunteer fire company or department has come into compliance in less than one year from the date of deposit into this special revenue account, then the Treasurer shall release and distribute the withheld amounts to the company or department, except that any interest that has accrued thereon shall be credited to the general revenue of the state. If, after one year from payment of the amount withheld into the special revenue account, the Legislative Auditor informs the State Treasurer of continued noncooperation by the company or department, the delinquent company or department forfeits the amounts withheld and the State Treasurer shall pay the amounts withheld into Fire Service Equipment and Training Fund created in §29-3-5f of this code.

(j) *Misuse of state money.* — If the Legislative Auditor determines that a volunteer or part-volunteer fire company or department has used formula distribution money for purposes not authorized by §8-15-8b of this code or has used equipment and training grant money for purposes not authorized by the grant program, the Legislative Auditor shall give a written notice of noncompliance to the company or department. If a volunteer or part-volunteer fire company or department disagrees or disputes the finding, the company or department may contest the finding by submitting a written objection to the Legislative Auditor within five working days of receipt of the Legislative Auditor's finding. The department or company shall then have 60 days from the date of the Legislative Auditor's finding to provide documentation to substantiate that the expenditures were made for authorized purposes. If the volunteer or part-volunteer fire company or department does not dispute the findings of the Legislative Auditor or if the company or department is not able to substantiate an authorized purpose for the expenditure, the Legislative Auditor shall notify the Treasurer of the amount of misapplied money and the Treasurer shall deduct that amount from future distributions to that company or department until the full amount of unauthorized expenditure is offset.

§12-4-14c. Accountability of volunteer and part-volunteer fire companies or departments receiving state funds for equipment and training; review or audit of expenditures; withholding of state funds for delinquency or misuse; notifications.

(c) *Reviews and audits.* — The Legislative Auditor is authorized to conduct regular reviews or audits of deposits and expenditures from formula distribution and equipment and training grant funds by volunteer and part-volunteer fire companies or departments. The Legislative Auditor may assign an employee or employees to perform audits or reviews at his or her direction. The State Treasurer shall provide the Legislative Auditor information, in the manner designated by the Legislative Auditor, concerning formula distributions and equipment and training grants paid to volunteer or part-volunteer fire companies and departments. The volunteer or part-volunteer fire company or department shall cooperate with the Legislative Auditor, the Legislative Auditor’s employees, and the State Auditor in performing their duties under the laws of this state.

(d) *State Auditor.* — Whenever the State Auditor performs an audit of a volunteer or part-volunteer fire company or department for any purpose, the Auditor shall also conduct an audit of other state funds received by the company or department pursuant to §33-3-14d, §33-3-33, and §33-12C-7 of this code. The Auditor shall send a copy of the audit to the Legislative Auditor. The Legislative Auditor may accept an audit performed by the Auditor in lieu of performing an audit under this section.

(e) *Withholding of funds.* — The Treasurer is authorized to withhold payment of a formula distribution or an equipment and training grant from a volunteer or part-volunteer fire company or department, when properly notified by the Legislative Auditor pursuant to this

section, of any of the following conditions:

Prior to each subsequent quarterly disbursement of funds by the Treasurer, the Legislative Auditor shall notify each delinquent company or department twice per each quarter in which the company or department is delinquent. The Legislative Auditor may choose the method or methods of notification most likely to be received by the delinquent company or department.

(g) *Noncooperation.* — If, in the course of an audit or review by the Legislative Auditor, a volunteer or part-volunteer fire company or department fails to provide documentation of its accounts and expenditures in response to a request of the Legislative Auditor, the Legislative Auditor shall notify the State Treasurer who shall withhold payment of any amount that would otherwise be distributed to the company or department under the provisions of §33-3-14d, §33-3-33, and §33-12C-7 of this code until the Legislative Auditor informs the State Treasurer that the company or department has cooperated with the review or audit.

(h) *Reporting of other grants.* — Nothing in this section alters the duties and responsibilities of a volunteer or part-volunteer fire company or department imposed under §12-4-14 of this code if that company or department has received funds from any state grant program other than from the Fire Service Equipment and Training Fund. If the Legislative Auditor is notified by a grantor that a volunteer or part-volunteer fire company or department has failed to file a report or a sworn statement of expenditures for a state grant it received, the Legislative Auditor shall notify the State Treasurer who shall withhold further distributions to the company or department in the manner provided in this section.

(i) *Escrow and forfeiture of moneys withheld.* — The Volunteer Fire Department Audit

Account previously created in the Treasury is hereby continued. When the State Treasurer receives notice to withhold the distribution of money to a volunteer or part-volunteer fire company or department pursuant to this section, the Treasurer shall instead deposit the amounts withheld into the Volunteer Fire Department Audit Account. If the Treasurer receives notice that the volunteer or part-volunteer fire company or department has come into compliance in less than one year from the date of deposit into this special revenue account, then the Treasurer shall release and distribute the withheld amounts to the company or department, except that any interest that has accrued thereon shall be credited to the general revenue of the state. If, after one year from payment of the amount withheld into the special revenue account, the Legislative Auditor informs the State Treasurer of continued noncooperation by the company or department, the delinquent company or department forfeits the amounts withheld and the State Treasurer shall pay the amounts withheld into Fire Service Equipment and Training Fund created in §29-3-5f of this code.

(j) *Misuse of state money.* — If the Legislative Auditor determines that a volunteer or part-volunteer fire company or department has used formula distribution money for purposes not authorized by §8-15-8b of this code or has used equipment and training grant money for purposes not authorized by the grant program, the Legislative Auditor shall give a written notice of noncompliance to the company or department. If a volunteer or part-volunteer fire company or department disagrees or disputes the finding, the company or department may contest the finding by submitting a written objection to the Legislative Auditor within five working days of receipt of the Legislative Auditor's finding. The department or company shall then have 60 days from the date of the Legislative Auditor's finding to provide documentation to substantiate that the expenditures were made for authorized purposes. If the volunteer or part-volunteer fire company or department does not dispute the findings of the Legislative Auditor or if the company or department is not able to substantiate an authorized purpose for the expenditure, the Legislative Auditor shall notify the Treasurer of the amount of misapplied money and the Treasurer shall deduct that amount from future distributions to that company or department until the full amount of unauthorized expenditure is offset.

§12-4-15. Bank at school.

(a) The State Treasurer may conduct a program in West Virginia public schools to educate students about banking activities and to encourage savings. Banking institutions under the jurisdiction of the West Virginia commissioner of banking may participate in the program by assisting the treasurer in developing and producing materials for use in the schools, opening savings accounts for students at the schools and receiving and accepting deposits at the schools.

(b) The State Treasurer may not implement the banking program in any school in a county unless he or she obtains permission from the county board of education and the principal of the school; and

(c) Nothing in this section shall be construed to require any professional or service employee to perform additional duties as a result of the establishment of the banking program.

§12-4-16. Transfer of specified excess funds.

(a) The treasurer has authority to monitor all state funds and accounts created by the Legislature. The treasurer shall transfer, using the state's accounting system, the appropriate amount of excess funds whenever the Legislature has:

(1) Created a fund or account and provided that only a specified amount is allowed to remain in the fund or account from one fiscal year to another, or other specified period; and

(2) Required that excess amounts are to revert or be deposited into the General Revenue Fund, school fund or other specified fund or account.

(b)(1) If a statutory provision provides that only a specified amount is allowed to remain in a fund from one fiscal year to another, the treasurer shall transfer the excess amount, as of the date specified by the provision, no later than August 15, of each year and give written notice of the transfer to all spending units that are authorized to use the fund or account.

(2) If a statutory provision provides for the transfer of excess amounts at a time other than the end of a fiscal year, the treasurer shall transfer the specified excess amounts within fifteen days of the time provided.

(c) The treasurer shall file quarterly reports with the Joint Committee on Government and Finance setting forth the accounts and funds from which excess funds were transferred and the amounts transferred.

§12-4-17. Retention and disposal of Treasurer's records.

The Treasurer shall develop procedures for the storage, retention and disposal of records filed with, submitted to or created by the Treasurer's office. The procedures shall comply with the requirements for state records, as defined in section three, article eight, chapter five-a of this code, and for the reproduction and preservation of essential state records, as defined in section four, article eight, chapter five-a of this code. Preservation duplicates, as defined in section three, article eight, chapter five-a of this code, shall be maintained in an unalterable readable electronic media in accordance with industry standards, reviewed for accuracy and indexed, and shall have the same force and effect as the original records whether the original records are in existence or not. The procedures shall provide for the maintenance of the confidentiality of the records and ensure the director of the division of archives and history receives the records the director identifies as having historic value. The Treasurer shall purchase the equipment and supplies needed for record retention as part of his or her electronic commerce activities: Provided, That this section shall not limit the responsibility of the Treasurer to provide all documents necessary for the State Auditor, the Department of Revenue and the State Tax Department to complete their duties.

§12-4A-1. Legislative findings.

The Legislature finds that there is no centralized state authority responsible for receiving and referring reports of possible fraud, misappropriation of, mismanagement or waste of state funds. It is the intent of the Legislature to see that all state funds are utilized for the maximum benefit of the people of the State of West Virginia. The Legislature finds that it is important to provide the people of this state with both a forum and an opportunity to report suspected fraud, waste or abuse of state funds, and to have those reports properly investigated.

§12-4A-2. General purpose.

The State Auditor shall have authority to receive reports of possible fraud, misappropriation, mismanagement or waste of state funds of the State of West Virginia and to refer such reports to the commission on special investigations, county prosecutors and law-enforcement agencies.

WV Legislature

§12-4A-3. Duties generally.

(a) The State Auditor may employ a forensic accountant to receive and review reports of suspected fraud, misappropriation, mismanagement or waste of state funds which shall be filed in that office. Such reports shall be confidential, except that the State Auditor or his or her designee may supply information necessary to effectuate this article to the appropriate governmental entities.

(b) The State Auditor shall establish modes of communication sufficient to receive reports of suspected fraud, misappropriation of, mismanagement or waste of state funds. Reports of suspected fraud, misappropriation, mismanagement or waste may be filed by any citizen or employee of the State of West Virginia.

(c) Nothing in this article shall be construed to limit the authority of any other governmental entity to conduct an internal investigation of suspected fraud, misappropriation, mismanagement or waste.

§12-4A-4. Enforcement.

(a) The authority to enforce the provisions of this article shall be vested in the State Auditor. The State Auditor shall promptly forward any evidence of suspected fraud, misappropriation of, mismanagement or waste of state funds to the commission on special investigations and, if potentially criminal in nature, to the prosecuting attorney of the county in which such is alleged to have taken place, to the law-enforcement agency with jurisdiction in the area as well as to the commission on special investigations.

(b) If such reports are made about an agency that has its own investigative body, then the State Auditor may refer evidence of the fraud, misappropriation, mismanagement or waste to that investigative body.

§12-4B-1. Legislative findings.

The Legislature finds that:

(a) Educational facilities, nonprofit organizations, juvenile detention centers, municipal and county public safety offices and other public, charitable or educational enterprises or organizations are always in need of computers, telecommunications devices and other technological equipment, while the acquisition of such equipment is costly;

(b) The State Auditor must frequently purchase computers, telecommunications devices and other technological equipment for his or her interaction with national and international financial services industries;

(c) The purchase by the State Auditor of modern computers, telecommunications devices and other technological equipment frequently results in the surplus of existing equipment;

(d) Surplus equipment is generally obsolete and may no longer be used effectively by agency employees;

(e) Although the computers, telecommunications devices and other technological equipment is no longer useful in interacting with the financial services industry, they may still be useful items for a less complex and less high-speed dependent use;

(f) Heretofore, the State Auditor has stripped the equipment for spare parts for other machines and that this continued practice does not necessarily result in the equipment's highest and best remaining use; and

(g) Rather than break down the equipment for spare parts or send obsolete machines to the surplus property unit of the state Purchasing Division where they may languish with lack of use, it would be in the best interest of the state that any obsolete computers, telecommunications devices or technological equipment be donated by the State Auditor's office to educational facilities, nonprofit organizations, juvenile detention centers, municipal and county public safety offices and other public, charitable or educational enterprises or organizations.

§12-4B-2. Computer donation program created.

(a) Notwithstanding any other provision of this code to the contrary, the State Auditor is hereby authorized within his or her agency to create a computer donation program to donate equipment, which would otherwise be transferred to the surplus property unit of the Purchasing Division, to educational facilities, nonprofit organizations, juvenile detention centers, municipal and county public safety offices and other public, charitable or educational enterprises or organizations in this state. This program authorizes the State Auditor's office to donate surplus equipment.

(b) The program shall be administered by a director as appointed or employed by the State Auditor. The Auditor may either appoint the director from existing staff from his or her office or may employ a director from existing funds.

(c) The director shall keep records and accounts that indicate the equipment donated, the age of the equipment, the reasons for declaring it obsolete and to which educational facility, nonprofit organization, juvenile detention center, municipal or county public safety office or other public, charitable or educational enterprise or organization the equipment was donated.

§12-4B-3. Legislative rules.

The State Auditor shall propose legislative rules in accordance with the provisions of article three-a, chapter twenty-nine-a of this code which shall detail the regulations for implementing the program. The rules shall provide for fair and impartial selection of equipment recipients.

WV Legislature

§12-4B-4. Severability.

If any provision or application of this article is held invalid, the invalidity does not affect any other provision or application of this article which can be given effect without the invalid provision or application, and to this end the provisions of this chapter are severable.

WV Legislature

§12-5-1. Securities defined.

The term "securities" when used in this article shall include all bonds, securities, debentures, notes or other evidences of indebtedness, and for purposes of this chapter all cash received by any state spending unit intended to serve as security for a legal obligation, whether pursuant to court order or otherwise.

WV Legislature

§12-5-2. Treasurer custodian of securities; charges to companies for care, exchange and substitution of securities.

(a) The treasurer of this state, unless otherwise expressly provided by law, shall be custodian of all securities required by law to be deposited with the state or held in legal custody by the state, and all departments of this state, commissioners or agents of the state, who hold any such securities, shall transfer and deliver the same to the State Treasurer to be kept and held by him as legal custodian thereof until released in the manner provided by law: Provided, That the State Treasurer shall establish a list of which securities shall be acceptable securities and notify all state agencies of the contents of that list: Provided, however, That the provisions of this subsection shall not apply to the Investment Management Board.

(b) The treasurer may by formal order of record fix fair and reasonable charges for the care, custody, exchange and substitution of securities deposited by insurance companies and companies issuing annuity contracts. WV Legislature

§12-6-1a. Legislative findings.

(a) The Legislature hereby finds and declares that all the public employees covered by the Public Employees Retirement System, the Teachers Retirement System, the West Virginia State Police Retirement System, the Death, Disability and Retirement Fund of the Division of Public Safety, the Judges' Retirement System and the Deputy Sheriffs Retirement System should benefit from a prudent and conscientious staff of financial professionals dedicated to the administration, investment and management of those employees and employers financial contributions and that an independent board and staff should be immune to changing political climates and should provide a stable and continuous source of professional financial investment and management.

(b) The Legislature finds and declares that teachers and other public employees throughout the state are experiencing economic difficulty and that in order to reduce this economic hardship on these dedicated public employees and to help foster sound financial practices, the West Virginia Investment Management Board may develop, implement and maintain an efficient and modern system for the investment and management of the state's money, except those moneys managed in accordance with article six-c of this chapter. The Legislature further finds that in order to implement these sound fiscal policies, the West Virginia Investment Management Board shall operate as an independent board with its own full-time staff of financial professionals, immune to changing political climates, in order to provide a stable and continuous source of professional financial management.

(c) The Legislature hereby finds and declares further that experience has demonstrated that prudent investment provides diversification and beneficial return not only for public employees but for all citizens of the state and that in order to have access to this sound fiscal policy, public employee and employer contributions to the 401(a) plans are declared to be made to an irrevocable trust on behalf of each plan, available for no use or purpose other than for the benefit of those public employees.

(d) The Legislature hereby finds and declares further that the Workers' Compensation Fund and Coal-Workers' Pneumoconiosis Fund are trust funds to be used exclusively for those workers, miners and their beneficiaries who have sacrificed their health in the performance of their jobs and further finds that the assets available to pay awarded benefits should be prudently invested so that awards may be paid.

(e) The Legislature hereby finds and declares further that an independent public body corporate with appropriate governance is the best means of assuring prudent financial management of these funds under rapidly changing market conditions and regulations.

(f) The Legislature hereby finds and declares further that in accomplishing this purpose, the West Virginia Investment Management Board, created and established by this article, is acting in all respects for the benefit of the state's public employees and ultimately the citizens of the state and the West Virginia Investment Management Board may act as trustee of the irrevocable trusts created by this article and to manage and invest other state funds.

(g) The Legislature hereby finds and declares further that the standard of care and prudence applied to trustees, the conduct of the affairs of the irrevocable trusts created by this article and the investment of other state funds is intended to be that applied to the investment of funds as described in the "Uniform Prudent Investor Act" codified as article six-c, chapter forty-four of this code and as described in section eleven of this article.

(h) The Legislature further finds and declares that the West Virginia Supreme Court of Appeals declared the West Virginia Trust Fund Act unconstitutional in its decision rendered on the March 28, 1997, to the extent that it authorized investments in corporate stock, but the court also recognized that there were other permissible constitutional purposes of the West Virginia Trust Fund Act and that it is the role of the Legislature to determine those purposes consistent with the court's decision and the Constitution of West Virginia.

(i) The Legislature hereby further finds and declares that it is in the best interests of the state and its citizens to create a new investment management board in order to: (1) Be in full compliance with the provisions of the Constitution of West Virginia; and (2) protect all existing legal and equitable rights of persons who have entered into contractual relationships with the West Virginia Board of Investments and the West Virginia Trust Fund.

(a) The board shall continue to hold each of the participant plans specified by this article in a separate irrevocable trust as trustee pursuant to the terms and provisions set forth in this section and with the earnings and losses accounted for and charged individually to each participant plan and trust: Provided: That the board shall be authorized to invest the assets held in each participant plan in any investment fund even though the board may also invest non-401(a) moneys in the investment fund. §12-6-9e. Legislative findings; loans for industrial development; availability of funds and interest rates.

(a) The Legislature hereby finds and declares that the citizens of the state benefit from the creation of jobs and businesses within the state; that a business and industrial development loan program provides for economic growth and stimulation within the state; that loans from pools established in the consolidated fund will assist in providing the needed capital to assist business and industrial development; and that time constraints relating to business and industrial development projects prohibit duplicative review by both the board and the West Virginia economic development authority board. The Legislature further finds and declares that an investment in the West Virginia enterprise capital fund, LLC, of moneys in the consolidated fund as hereinafter provided will assist in creating jobs and businesses within the state and providing the needed risk capital to assist business and industrial development. This section is enacted in view of these findings.

(b) The board shall make available, subject to cash availability, in the form of a revolving loan, up to \$175,000,000 from the consolidated fund to loan the West Virginia economic development authority for business or industrial development projects authorized by section seven, article fifteen, chapter thirty-one of this code and to consolidate existing loans authorized to be made to the West Virginia economic development authority pursuant to this section and pursuant to section twenty, article fifteen, chapter thirty-one of this code which authorizes a \$150,000,000 revolving loan, and article eighteen-b, chapter thirty-one of this code which authorizes a \$50,000,000 investment pool: Provided, That the West Virginia economic development authority may not loan more than \$15,000,000 for any one business or industrial development project. The revolving loan authorized by this subsection must be secured by one note at a variable interest rate equal to the twelve-month average of the board's yield on its cash liquidity pool. The rate must be set on the first day of July and the rate must be adjusted annually on the same date. The maximum annual adjustment may not exceed one percent. Monthly payments made by the West Virginia economic development authority to the board must be calculated on a one hundred twenty-month amortization. The revolving loan must be secured by a security interest that pledges and assigns the cash proceeds of collateral from all loans under this revolving loan pool. The West Virginia economic development authority may also pledge as collateral certain revenue streams from other revolving loan pools which source of funds does not originate from federal sources or from the board.

The outstanding principal balance of the revolving loan from the board to the West Virginia economic development authority may at no time exceed one hundred three percent of the aggregate outstanding principal balance of the business and industrial loans from the West Virginia economic development authority to economic development projects funded from this revolving loan pool. This provision must be certified annually by an independent audit of the West Virginia economic development authority financial records.

(c) The interest rates and maturity dates on the loans made by the West Virginia economic development authority for business and industrial development projects authorized by

section seven, article fifteen, chapter thirty-one of this code must be at competitive rates and maturities as determined by the West Virginia economic development authority board.

(d) Any and all outstanding loans made by the board, or any predecessor entity, to the West Virginia economic development authority must be refunded by proceeds of the revolving loan contained in this section and no loans may be made hereafter by the board to the West Virginia economic development authority pursuant to section twenty, article fifteen, chapter thirty-one of this code or article eighteen-b of said chapter.

(e) The trustees of the board bear no fiduciary responsibility as provided in section eleven of this article with specific regard to the revolving loan contemplated in this section.

(f) Subject to cash availability, the board shall make available to the West Virginia economic development authority from the consolidated fund a nonrecourse loan in an amount up to \$25,000,000, for the purpose of the West Virginia economic development authority making a loan or loans from time to time to the West Virginia enterprise advancement corporation, an affiliated nonprofit corporation of the West Virginia economic development authority. The respective loans authorized by this subsection by the board to the West Virginia economic development authority and by the West Virginia economic development authority to the West Virginia enterprise advancement corporation must each be evidenced by one note and must each bear interest at the rate of three percent per annum. The proceeds of any and all loans made by the West Virginia economic development authority to the West Virginia enterprise advancement corporation pursuant to this subsection must be invested by the West Virginia enterprise advancement corporation in the West Virginia enterprise capital fund, LLC, the manager of which is the West Virginia enterprise advancement corporation. The loan to West Virginia economic development authority authorized by this subsection must be nonrevolving, and advances thereunder must be made at times and in amounts as may be requested or directed by the West Virginia economic development authority, upon reasonable notice to the board, the loan authorized by this subsection is not subject to or included in the limitations set forth in subsection (b) of this section with respect to the \$15,000,000 limitation for any one business or industrial development project and limitation of one hundred three percent of outstanding loans, and may not be included in the revolving fund loan principal balance for purposes of calculating the loan amortization in subsection (b) of this section. The loan authorized by this subsection to the West Virginia economic development authority must be classified by the board as a long-term, fixed income investment, must bear interest on the outstanding principal balance thereof at the rate of three percent per annum payable annually on or before the thirtieth day of June of each year, and the principal of which must be repaid no later than June 30, 2020, in annual installments due on or before June 30 of each year, which annual installments must commence no later than June 30, 2003, in annual principal amounts as may be agreed upon between the board and the West Virginia economic development authority, and which annual installments need not be equal. The loan authorized by this subsection must be nonrecourse and must be payable by the West Virginia economic development authority solely from amounts or returns received by the West Virginia economic development authority in respect of the loan authorized by this subsection to the West Virginia enterprise advancement

corporation, whether in the form of interest, dividends, realized capital gains, return of capital or otherwise, in all of which the board must have a security interest to secure repayment of the loan to the West Virginia economic development authority authorized by this subsection. Any and all loans from the West Virginia economic development authority to the West Virginia enterprise advancement corporation made pursuant to this subsection must also bear interest on the outstanding principal balance thereof at the rate of three percent per annum payable annually on or before the thirtieth day of June of each year, must be nonrecourse and must be payable by the West Virginia enterprise advancement corporation solely from amounts of returns received by the West Virginia enterprise advancement corporation in respect of its investment in the West Virginia enterprise capital fund, LLC, whether in the form of interest, dividends, realized capital gains, return of capital or otherwise, in all of which the board must have a security interest to secure repayment of the loan to the West Virginia economic development authority authorized by this subsection. In the event the amounts or returns received by the West Virginia enterprise advancement corporation in respect of its investment in the West Virginia enterprise capital fund, LLC, are not adequate to pay when due the principal or interest installments, or both, with respect to the loan from the West Virginia economic development authority and, as a result thereof, the West Virginia economic development authority is unable to pay the principal or interest installments, or both, with respect to the loan authorized by this subsection by the board to the West Virginia economic development authority, the principal or interest, or both, as the case may be due on the loan made to the West Virginia economic development authority pursuant to this subsection must be deferred, and any and all of these past-due principal and interest payments must promptly be paid to the fullest extent possible upon receipt by the West Virginia enterprise advancement corporation of moneys in respect of its investments in the West Virginia enterprise capital fund, LLC. The trustees or the board bear no fiduciary responsibility as provided in section eleven of this article with regard to the loan authorized by this subsection.

(E) Stability;

(F) Turnover;

(G) Liquidity; and

(H) Reasonable cost of fees;

(6) The board may invest in a private real estate fund, a private equity fund or a hedge fund only if the investment satisfies the following conditions:

(c) The duties of the board apply only with respect to those assets deposited with or otherwise held by it.

§12-6-11a. Standard of care for shareholder voting; restrictions and requirements.

(a) Definitions. – For the purposes of this section:

(1) "Beneficiaries" refers to the entities or individuals entitled to benefit from an investment or pool of investments held, administered, or managed by the board pursuant to this code.

(2) "Direct holdings" means all publicly traded securities of a company that are held directly by the board in an actively managed account or fund, when the board owns all shares or interests in said actively managed account or fund.

(3) "Fiduciary" refers to a fund manager or other entity that the board authorizes or otherwise entrusts to cast shareholder votes, by proxy or otherwise, on behalf of the board or the beneficiaries.

(4) "Indirect holdings" means all securities of a company that are held in an account or fund, such as a mutual fund, managed by one or more persons not employed by the board, when the board owns shares or interests together with other investors or that are held in an account or fund.

(5) "Pecuniary factor" means a factor that has a direct and material effect on the financial risk or financial return to beneficiaries based on appropriate investment horizons consistent with an investment pool's objectives and funding policy. Environmental, social, corporate governance, or other similarly oriented considerations are not pecuniary factors, unless a prudent investor would determine that such a consideration directly and materially affects the financial risk or financial return to beneficiaries based on appropriate investment horizons consistent with an investment pool's objectives and funding policy. Any factor that does not meet the definition of "pecuniary factor" according to this subdivision is a "non-pecuniary factor".

(6) "Pecuniary interests" means the interests of minimizing financial risk and maximizing financial return to beneficiaries. Any interest that does not meet the definition of "pecuniary interests" is a "non-pecuniary interest".

(7) "Proxy vote" means a shareholder vote cast by a fiduciary on behalf of the shareholder.

(8) "Proxy voting choice options" refers to options offered by fiduciaries, which allow shareholders with indirect holdings to:

(A) Directly vote and transmit proxy votes;

(B) Select a third-party proxy voting policy and direct the fiduciary to cast proxy votes according to said policy;

(C) Direct proxy votes on individual resolutions or companies; or

(D) Otherwise exercise control over how proxy votes are cast.

(9) "Shareholder votes" refers to all shareholder votes that the board is authorized to cast or to entrust a fiduciary to cast, by proxy or otherwise, on behalf of the board with respect to shares in securities held directly or indirectly by the board.

(b) Applicability. - The requirements of this section apply to all investments and pools of investments that the board is authorized to hold, administer, or manage pursuant to this code.

(c) Standard of Care. - Consistent with the requirements of §12-6-11 and §44-6C-1 *et seq.* of this code, all shareholder votes must be cast solely in the pecuniary interests of the beneficiaries, based on a consideration of only pecuniary factors. The board may not cast, nor authorize a fiduciary to cast, any shareholder vote for the purpose of furthering non-pecuniary interests.

(d) Direct holdings. - The following restrictions and requirements apply to the board's direct holdings:

(1) The board may not adopt a practice or policy of casting shareholder votes or authorizing a fiduciary to cast shareholder votes according to the recommendations of a proxy advisory firm or other similar service provider unless such firm or service provider commits, in writing, to make all shareholder voting recommendations to the board or the board's fiduciary according to the standard of care established in subsection (c) of this section.

(2) The board may not entrust fund assets to a fiduciary, unless the fiduciary commits, in writing, to cast all shareholder votes according to the standard of care established in subsection (c) of this section.

(3) As a term of any contract with a fiduciary, the board shall require the fiduciary to provide advance notice to the board of any shareholder vote concerning non-pecuniary interests and to provide the board with a reasonable opportunity to instruct the fiduciary, in writing, how the vote must be cast.

(4) A fiduciary is prohibited from casting any shareholder vote for the purpose of furthering non-pecuniary interests.

(e) Indirect holdings. - The board shall deliver a letter to the fiduciary managing each investment fund in which the board has indirect holdings, inquiring whether the fiduciary offers proxy voting choice options that are available to the board. If the fiduciary offers proxy voting choice options, the board shall exercise those options according to the standard of care established in subsection (c) of this section. Nothing in this section requires the board to divest from any private market funds or from indirect holdings in actively or passively managed investment funds.

(f) Reporting. -

(1) The board shall produce an annual report tabulating and describing all shareholder votes cast by the board or the board's fiduciaries.

(2) For each shareholder vote cast during a calendar year, the report required by this subsection shall contain a vote caption, the board's or the fiduciary's vote, the recommendation of company management, and, if applicable, the proxy advisor or other service provider's recommendation.

(3) The board shall publish the report required by this subsection on the board's website no later than March 1 of the calendar year following the calendar year addressed in the report.

(g) Waiver after reasonable efforts. -

(1) If the board is unable to comply with the provisions of subsection (d) of this section without significantly increasing costs or limiting the quality of investment options or services available to the board, the board may waive the requirements of said subsection with regard to a particular fiduciary, upon a finding that:

(A) The board has made reasonable and good faith efforts to obtain fiduciary services meeting the requirements of subsection (d) of this section and has included said requirements in the board's minimum selection criteria for said services;

(B) Based on objective information available to the board, the cost of fiduciary services appears significantly higher than the fiduciary services available to similarly situated boards or funds not subject to similar requirements, or the quality of fiduciary services or investment options appears significantly lower than the quality of fiduciary services available to similarly situated boards or funds not subject to similar requirements; and

(C) The board determines that waiving subsection (d) of this section is clearly in the best pecuniary interests of the relevant fund's or funds' beneficiaries.

(2) A waiver authorized by this section must be adopted by a majority vote of board members serving at the time the vote is taken.

(h) Effective date. - The requirements of this section are effective July 1, 2024.

This article, being necessary to secure the public health, safety, convenience and welfare of the citizens of this state, shall be liberally construed to effect the public purposes of this article. §12-6-19. Authorization for loans by the board.

(a) The board, upon request of the state building commission, shall transfer moneys as a loan to the state building commission in an amount not to exceed in the aggregate \$21,000,000 for the purposes of financing or refinancing the projects specified in subsections (b) and (d), section eight, article six, chapter five of this code. Loans made under this subsection shall be repaid in regular monthly or semiannual payments, or as funds are made available by the budget office of department of administration, and shall be paid in full not later than twenty-five years from the date the loans are made with terms and conditions mutually agreed upon by the state building commission and the investment management board.

(b) The state investment management board shall upon request of the state building commission transfer moneys as a loan to the state building commission in an amount not to exceed in the aggregate \$137,000,000 for the purposes of financing construction of regional jails, correctional facilities or building extensions or improvements to regional jails and correctional facilities. Prior to the expenditure of any loan proceeds, the regional jail and correctional facility authority shall certify a list of projects to the state building commission and the joint committee on government and finance that shall be funded from loan proceeds. This certified list cannot thereafter be altered or amended other than by legislative enactment. The state building commission shall borrow money as needed by the regional jail and correctional facility authority. The investment management board shall transfer loan proceeds to the authority for expenditure. The money borrowed shall bear interest during the term of the loan at a fixed rate not to exceed the interest rate on treasury notes, bills or bonds of the same term as the term of the loan the week of closing on the loan as reported by the treasury of the United States.

(c) The regional jail and correctional facility authority shall expend the loan proceeds received under the provisions of subsection (b) of this section to proceed with the projects included in the letter submitted to the joint committee on government and finance dated January 15, 1997: Provided, That the letter shall not be construed to prioritize any project or projects which are included in the letter: Provided, however, That the authority may also expend loan proceeds for any expansion to any existing regional jail or any expansion to a regional jail under construction upon the effective date of this section.

The board shall make transfers for loans first for the project specified in subsection (d), section eight, article six, chapter five of this code, second for the projects specified in subsection (b) of this section and third for projects specified in

subsection (b), section eight, article six, chapter five of this code, which are in imminent danger of default in payment. (2) That construction of capital improvements requires that the cost of the facilities be financed over time; that capital improvements cannot be funded out of the current year appropriations of the Legislature; and that section fifty-one, article six of the constitution prohibits the Legislature amending the budget bill so as to create a deficit;

(3) That while the supreme court of appeals is empowered to interpret the laws, including the constitution of the state, section one, article ten of the constitution grants to the Legislature the power of taxation; section fifty-one, article six of the constitution grants to the Legislature the power of appropriation; and section one, article five of the constitution prohibits any branch of government from exercising powers properly belonging to another;

(4) That the enacting of new taxes, or the diversion of revenues from other essential departments and functions of government, in order to support capital improvements in jails and correctional facilities, is not in the interests of the people of the state represented in the Legislature, and is specifically rejected by the Legislature in its exercise of its legitimate constitutional powers;

(5) That the decision of the supreme court of appeals, imposing a duty on the state to construct and pay for capital improvements to jails and correctional facilities arising out of the Bill of Rights of the United States constitution declared ratified in the year 1791, and the state constitution of the year 1863, constitutes a prior liability of the state within the meaning of section four, article ten of the constitution and an exception to the constitutional limitation on contracting state debt;

(6) That the construction of capital improvements of jail and correctional facilities may be funded through funds available for investment through the West Virginia investment management board, invested in such a manner as to be assured as high a rate of return as would be earned if these funds were otherwise invested, and repaid by the state as provided in this article.

(b) The investment management board shall upon request of the regional jail and correctional facility authority transfer moneys as an investment, from funds available for investment from the public employees retirement system, to the regional jail and correctional facility authority. The amount transferred may not exceed \$150,000,000 in the aggregate and shall be used for the purposes of financing construction of regional jails, correctional facilities, juvenile detention facilities, juvenile correctional facilities, or

extensions, renovations, improvements or additions thereto, or for the replacement or renovation of existing facilities. If the board has loaned money to the state building commission under subsection (b), section nineteen of this article, the total amount loaned shall be repaid to the board from funds made available under the investment made pursuant to this section. Prior to the expenditure of any of the funds, the regional jail and correctional facility authority shall certify to the joint committee on government and finance a list of projects that are to be funded from the invested funds. This certified list may not thereafter be altered or amended other than by legislative enactment. Funds shall be invested with the regional jail and correctional facility authority as requested by the regional jail and correctional facility authority. The money invested shall earn a return at a rate equal to the annualized rate of return earned by the core fixed-income portfolio of the public employees retirement system over the previous five years, plus one tenth of one percent: Provided, That in all events this rate of return may not be less than five percent per annum. The monthly rate of return shall be calculated every quarter. The manner and timing of the investment shall be determined by the board. The total of the amounts invested may not exceed a total of \$150,000,000 during fiscal year 1998, and fiscal year 1999, cumulatively. The authority to make the investment authorized by this section expires on June 30, 1999.

(c) There is created in the state treasury a regional jail and correctional facility investment fund dedicated to the payment of investment earnings and the return of capital invested under this section. The treasurer shall administer the fund. The fund is an interest-bearing account with interest earned credited to and deposited back into the fund. The fund consists of amounts required to be deposited by section fourteen, article three, chapter thirty-three of this code.

(d) The treasurer shall, monthly, transfer amounts from the regional jail and correctional facility investment fund to the board that are sufficient to allow investment earnings to be paid and the capital invested returned in substantially equal amounts by August 31, 2023: Provided, That the amount of investment earnings paid and the capital invested returned during the fiscal year beginning July 1, 1998, may not exceed \$10,000,000. Payment representing investment earnings and the return of capital invested shall begin six months from the date the initial funds are invested, or by January 10, 1999, whichever is later.

(e) The board shall calculate the amount of the projected annual investment earnings to be paid and the capital invested to be returned and certify the amount to the treasurer on the first day of December of each year, until all investment earnings are paid and the total capital invested is returned. (f) As a condition precedent to the transfer and investment of moneys by the investment management board pursuant to subsection (b) of this section, either the investment management board or the regional jail and correctional authority shall have first caused a judicial determination to be made by an appropriate action initiated in the West Virginia supreme court of appeals regarding the transfer of moneys by the investment management board to the regional jail and correctional facility authority as an investment from funds available for investment from the public employees retirement system, and to otherwise determine the constitutionality of the provisions of Enrolled House Bill 4702, as enacted by the Legislature in the year 1998. This judicial determination shall be

brought as soon as practicable, but not later than thirty days following the effective date of the amendments to this section made by the Legislature in the year 1998.

(g) The Legislature recognizes the fiduciary liability and responsibility imposed on the board by this article and by article six, chapter forty-four of this code. The board, its trustees and employees, have no liability, either personally or corporately with respect to the investment provided for in this section and the loans made under section nineteen of this article, if the investment and loans are made in accordance with the respective provisions of this section and section nineteen of this article.

(h) The regional jail and correctional facility authority shall expend the funds invested under the provisions of this section to proceed with the projects identified pursuant to subsection (b) of this section.

(i) The regional jail and correctional facility authority may return the total remaining capital invested upon thirty days written notice to the board and at the time of such return shall pay the investment earnings accrued to the return date.

§12-6E-3. Purpose and goal; investment standards.

(a) The purpose of this article is to continue the efforts of this state to further economic development, infrastructure development, and job creation in the State of West Virginia for the public benefit. It is not the intent of this article that the state compete with private entities by investing in projects to further economic development, infrastructure development and job creation for the public benefit where private capital investment is available for that purpose, but where private capital is not available for major investments to further that purpose, it is in the public interest that the state act to facilitate those major investments. To that end, it is necessary that the state provide the opportunity and support for major investments of capital in this state for projects that would not otherwise be expected to attract private investment in the usual course of business transactions without state sponsorship of and partnership in the investments. (e) When determining whether to approve a final project, the Investment Committee shall take into consideration:

(1) The ability of the project to leverage other sources of funding;

(2) Whether investment funding for the project from other sources, public or private, is available or could otherwise reasonably be expected to be available without the state's participation in the investment made under this article;

(3) The ability of the project to create or retain jobs, considering the number of jobs, the

type of jobs, whether benefits are or will be paid, the type of benefits involved, and the compensation reasonably anticipated to be paid to persons filling new jobs or the compensation currently paid to persons whose jobs would be retained;

(4) Whether, and the extent to which, the project will promote economic development, infrastructure development, and job creation in the state; and

(5) Whether the project is in the best interest of the public.

(f) The Investment Committee may not approve a project or accept funding from or participation in any investment by a potential partner, investor, or entity when such approval or participation would violate the laws of the United States or the laws of the State of West Virginia, or where such approval or participation would provide aid or comfort to any designated enemy of the United States or the agent of any regime determined by the United States Government to be a narcotics trafficking, human trafficking, sponsor of terrorism, totalitarian, or other criminal regime.

§12-6E-4. Establishment of the Investment Committee; appointments; removal; vacancy; quorum.

§12-6E-11. Confidential information.

The reports described in §12-6E-7 of this code shall be public record. Such information may be publicly disclosed only for the purposes of an official law enforcement investigation or when its production is required in a court proceeding.

§12-7-1. Purposes and objectives; how article cited.

This article, which may be cited as the "Jobs Investment Trust Act", is enacted to create a jobs investment trust to be used for the development, promotion and expansion of West Virginia's economy and to provide opportunities to businesses and college and university students to develop and implement plans for innovative projects and investment opportunity.

WV Legislature

§12-7-2. Legislative findings.

(a) The Legislature finds that the Jobs Investment Trust is a necessary tool to make investment funds available to eligible businesses, would stimulate economic growth, and provide or retain jobs within the state. Accordingly, it is declared to be the public policy of the state to create an investment program to inject needed capital into the business community, sustain or improve business profitability, and provide jobs to the citizens of the state.

(b) The Legislature further finds that:

(1) The availability of financial assistance through the creation of the jobs investment trust will promote economic development in the state and will serve the public purposes of the state;

(2) The public policy of the state will be served through financing projects, extending loans, providing financing or credit for working capital, creating innovative investment plans and options, and providing equity financing or the refinancing of existing debt of an enterprise;

(3) It is in the public interest, in order to address the needs of the business community and the citizens of the state, that a public body corporate be created with full power to accept grants, gifts, and appropriations; to generate revenues to furnish money and credit to approved businesses or enterprises; to promote the establishment of new and innovative projects; and to upgrade, expand, and retain existing projects; and

(4) Fundamental changes are occurring in national and international markets that increase the need for debt financing, equity capital, and near-equity capital for emerging, expanding, and restructuring business opportunities in the state.

(c) The Legislature further finds that:

(1) Due to the creation of the Jobs Investment Trust, moneys will be available for venture capital in this state;

(2) The implementation of this innovative program may supplant the need for the state to otherwise assist private venture capital concerns through other tax credits;

(3) Due to the availability of venture capital funds through this program the granting of venture capital company credits under the Capital Company Act should be reduced for three fiscal years pending the full implementation of the Jobs Investment Trust Program;

(4) Due to this reduction in the certification of tax credits, additional general revenue may become available for new economic development programs;

(5) These economic development programs may be funded from general revenue in an amount appropriate to effectuate the purposes of these programs; and

(6) Due to the foregoing findings, there shall be an annual line item appropriation, in an amount determined by the Legislature, to the West Virginia Development Office for a matching grant program for regional economic development corporations or authorities.

[Repealed.]

WV Legislature

(a) The new millennium fund is continued to permit the board to better fulfill its mission to mobilize financing and capital for emerging, expanding and restructuring businesses in the state. New millennium fund moneys are to consist of all appropriations for use by the jobs investment trust board made by the Legislature subsequent December 31, 1999, and funds borrowed from private or institutional lenders by the board through the issuance of promissory notes. Fund moneys may be held in a separate account or accounts by or at the West Virginia Housing Development Fund for the board until the board disburses any portion of the funds. Fund moneys that are not set aside or otherwise designated for paying interest on the promissory notes may be used by the board in accordance with and to effectuate the purposes of this article. The board may impose reasonable fees and charges associated with its investment of funds from the new millennium fund in eligible businesses to be paid in any combination of money, warrants or equity interests.

(b) Without limiting the powers otherwise enumerated in this article, the board may: (1) Sell and transfer portions of the nonincentive tax credits created, issued and transferred to the board pursuant to the provisions of this section to contracting taxpayers and/or their assigns in return for the payments described in subsection (f) of this section; (2) issue or provide promissory notes on loans made to the board having terms of up to ten years on a zero-coupon basis or otherwise; (3) enter into put options or similar commitment contracts with taxpayers that would be for terms of up to ten years committing, at the board's option, to sell and transfer to the contracting taxpayers or their assigns at the end of the term and as soon after the term as is reasonable under the circumstances portions of the nonincentive tax credits created, issued and transferred to the board pursuant to this section; (4) grant, transfer and assign the benefits of the put options or similar commitment contracts as collateral to secure the board's obligations pursuant to its promissory notes; (5) satisfy the board's payment obligations under its promissory notes from assets of the board, other than the benefits of the put options or similar commitment contracts, then to effect a corresponding cancellation of the board's related nonincentive tax credit commitment; and (6) satisfy the board's payment obligations under its promissory notes from the benefits of the put options or similar commitment contracts, then to effect a corresponding sale and transfer of nonincentive tax credits. The terms and conditions of the promissory notes, put options or similar commitment contracts shall be consistent with the purposes of this section, and approved by board resolution, and may be different for separate transactions.

(c) Without limiting the powers otherwise enumerated in this article and with regard to the new millennium fund, the board has and may exercise all powers necessary to further the purposes of this section, including, but not limited to, the power to commit, sell and transfer nonincentive tax credits up to the total amount of \$30,000,000.

(d) The board may issue its promissory notes pursuant to this section in amounts totaling no more than \$6,000,000 in each of the fiscal years ending in 2001, 2002, 2003, 2004 and 2005 and may issue its nonincentive tax credit commitments in amounts totaling no more than

\$6,000,000 in each of the fiscal years ending in 2001, 2002, 2003, 2004 and 2005. The board may agree to sell and transfer, at its option, nonincentive tax credits to taxpayers ten years after the date of its commitments and as soon thereafter as it is reasonable under the circumstances.

(e) Prior to committing to the sale and transfer of any nonincentive tax credits, the board shall first determine that:

(1) The new millennium fund moneys to be received in relationship to the commitment shall be used for the development, promotion and expansion of the economy of the state; and

(2) The existence and pledge of a put option or similar commitment contract that is supported by the nonincentive tax credits that are committed by the board is a material inducement to the private or institutional lender transferring moneys to the board to be placed in the new millennium fund.

(f) The board may sell and transfer nonincentive tax credits only in conjunction with the satisfaction of its obligations under its promissory notes issued pursuant to this section. Each original sale and transfer of nonincentive tax credits by the board shall be consummated upon payment to the board, or for its benefits, of an amount equal to the dollar amount of the nonincentive tax credits sold and transferred. The nonincentive tax credits sold and transferred by the board pursuant to this section shall be claimed as a credit on the tax returns for the year or years in which the nonincentive tax credits are sold and transferred by the board. The amount of the nonincentive tax credit that exceeds the taxpayer's tax liability for the taxable year in the year of the purchase may be carried to succeeding taxable years until used in full up to two years after the year of purchase and may not be carried back to prior taxable years. Any nonincentive tax credit sold and transferred by the board that remains outstanding after the third taxable year subsequent to and including the year of the transfer is forfeited.

(g) Nonincentive tax credits are created, issued and transferred by the state to the board in a total amount of \$30,000,000 to be used by taxpayers, including persons, firms, corporations and all other business entities, to reduce the tax liabilities imposed upon them pursuant to articles twelve-a, thirteen, thirteen-a, thirteen-b, twenty-one, twenty-three and twenty-four, chapter eleven of this code. The total amount of nonincentive tax credits that are created, issued and transferred to the board is \$30,000,000. The nonincentive tax credits are freely transferable to subsequent transferees.
