
WEST VIRGINIA CODE CHAPTER 13
ARTICLE 1

WV Legislature

§13-1-1. Political divisions authorized to issue and sell bonds.

Any county, by and through its county court, either for and on behalf of the county or for and on behalf of any magisterial district, or group of magisterial districts therein; any municipal corporation, by and through its council or other governing body in lieu thereof; or any school district, or any independent school district, by and through its Board of Education or other fiscal body in lieu thereof, may issue and sell its bonds, in the manner and subject to the limitations and conditions hereinafter contained in this article.

WV Legislature

§13-1-1a. Exemption from interest rate ceilings.

Notwithstanding any other provision in this code to the contrary, any municipality, county or state agency shall be free of interest rate restrictions when obtaining loans from the farmers home administration, housing and urban development and the economic development authority where such loans are made from federal moneys and are made for public projects. It is the intention of the Legislature that the political subdivisions of this state take maximum possible advantage of federal programs and financing alternatives where such would be in the best interests of this state.

§13-1-2. Purposes for which bonds may be issued.

Debt may be incurred and bonds issued under this article for the purpose of acquiring, constructing and erecting, enlarging, extending, reconstructing or improving any building, work, utility or undertaking, or for furnishing, equipping and acquiring or procuring the necessary apparatus for any building, work, improvement or department, or for establishing and maintaining a library or museum for the public use, or a building or structure for educational purposes, or acquiring a recreation park for the public use, or for acquiring, constructing, furnishing, equipping and maintaining civic arenas, auditoriums, exhibition halls and theaters, or for other similar corporate purpose, or for the acquiring, constructing, maintaining, repairing, improving public roads and transportation facilities, for which the political division is authorized to levy taxes or expend public money. But no bonds shall be issued for the purpose of providing funds for the current expenses of any body or political division. Interest accruing during the construction period, that is to say, the time when an improvement is under construction and six months thereafter, shall be deemed a part of the cost of the improvement, and shall not be deemed current expenses. All engineering and inspection costs, including a proper proportion of the compensation, salaries and expenses of the engineering staff of the political division properly chargeable to any work or improvements, as determined by the governing body, or the estimated amount of such costs, shall be deemed part of the cost of an improvement. All costs and estimated costs of the issuance of bonds shall be deemed a part of the cost of the work or improvement, or of the property, or of the carrying out of the purposes for which such bonds are to be issued. The power to acquire or construct any building, work or improvement as herein provided shall be deemed to include the power to acquire the necessary lands, sites and rights-of-way therefor.

Bonds may also be issued by any municipality having a population of fifty thousand or more or by any county for the purpose of acquiring land and constructing a building or buildings for use and occupancy as a college. The proposal for such a bond issue shall contain a provision that there shall be created a commission or committee for the purpose of operating the building or buildings and for renting the same for an amount sufficient to pay the interest and sinking fund on the bonds proposed to be issued, and shall contain a further provision that in the event a sufficient amount is not realized from rent or rents for the purpose of meeting the debt service, then the city or county shall lay a levy for such purpose in an amount sufficient within the constitutional and statutory limitation to pay the interest and principal on such bonds as the same become due and payable. The proposal may also contain a provision that when the bonds and the interest thereon shall have been paid, then the title to the land and the building or buildings situated thereon may be transferred to the college to which the same have been rented.

§13-1-3. Amount and purpose of indebtedness for which bonds may be issued.

No political division authorized by this article to issue bonds, except county boards of education, shall by any bond issue, become indebted to an amount, including all other indebtedness, exceeding two and one-half percent of the value of the taxable property therein, as shown by the last assessment thereof, for state and county purposes, next prior to the issuing of such bonds: Provided, That any county for the erection and equipment of a courthouse and/or jail for such county, with funds borrowed from the government of the United States or any governmental agency, federal or state, and any municipal corporation of three hundred inhabitants or more, for the purpose of grading, paving, sewerage, and otherwise improving or reimproving its streets and alleys, or for establishing and maintaining a library or museum for the public use, or a building or structure for educational purposes, or acquiring a recreation park for the public use, or for acquiring, constructing, furnishing, equipping and maintaining civic arenas, Auditoriums, exhibition halls and theaters, may become indebted and issue bonds in an additional sum not exceeding two and one-half percent of the value of the taxable property therein, ascertained as aforesaid: Provided, however, That no county board of education authorized by this article to issue bonds, shall, by any bond issue, become indebted, in any manner, or for any purpose, to an amount, including all other indebtedness, in the aggregate, exceeding five percent on the value of the taxable property therein, in the county school district to be ascertained by the last assessment for state and county taxes, previous to the incurring of such indebtedness, in the manner provided by the "School Bond Amendment," as ratified.

The term "sewerage" as used herein shall be treated in a comprehensive sense, so as to include all mains, laterals, connections, traps, incinerating and disposal plants, and other necessary and convenient accessories to a modern sanitary and efficient sewerage system and shall include storm sewers.

The county court of any county is hereby authorized and empowered to negotiate and sell to the government of the United States or to any governmental agency, federal or state, at private sale, at not less than par any bonds issued for the purpose of erecting and equipping a courthouse or other public buildings for such county, under and by virtue of this article, without first offering them for sale at public auction, or to any other person or agency.

§13-1-4. Bond issue proposal to be submitted to voters; election order.

No debt shall be contracted or bonds issued under this article until all questions connected with the same are first submitted to a vote of the qualified electors of the political division for which the bonds are to be issued, and receive three fifths of all the votes cast for and against the same: Provided, That a county board of education may contract indebtedness and issue bonds for public school purposes when submitted to a vote of the people of the county if the question of contracting indebtedness and issuing bonds is approved by a majority of all the votes cast for and against the same pursuant to section ten, article X of the Constitution. The governing body of any political division referred to in this article may, and when requested so to do by a petition in writing, praying that bonds be issued and stating the purpose and amount thereof, signed by legal voters of the political division equal to twenty percent of the votes cast in a county for Governor, or in a municipal corporation or school district for mayor or member of the Board of Education, as the case may be, shall, by order entered of record, direct that an election be held for the purpose of submitting to the voters of the political division all questions connected with the contracting of debt and the issuing of bonds. The order shall state:

- (a) The necessity for issuing the bonds or, if a petition has been filed as provided herein, that the petition has been filed;
- (b) If for the construction of a county-district road or bridge thereon, a summary of the engineer's report provided for in the following section setting forth the approximate extent and the estimated cost of the proposed improvement and the kind or class of work to be done thereon;

- (d) Valuation of the taxable property as shown by the last assessment thereof for state and county purposes;
- (e) Indebtedness, bonded or otherwise;
- (f) Amount of the proposed bond issue;
- (g) Maximum term of bonds;
- (h) Maximum rate of interest;
- (i) Date of election;
- (j) That the levying body is authorized to lay a sufficient levy annually to provide funds for the payment of the interest upon the bonds and the principal at maturity and the approximate rate of levy necessary for this purpose;
- (k) In the case of school bonds, that the bonds, together with all existing bonded

indebtedness, will not exceed in the aggregate five percent of the value of the taxable property in the school district ascertained in accordance with section eight, article X of the Constitution; and that the bonds will be payable from a direct annual tax levied and collected in each year on all taxable property in the school district sufficient to pay the principal and the interest maturing on the bonds in that year, together with any deficiencies for prior years, within, and not exceeding thirty-four years, which tax levies will be laid separate and apart and in addition to the maximum rates provided for tax levies by school districts on the several classes of property in section one, article X of the Constitution, but in the same proportions as the maximum rates are levied on the several classes of property; and the tax may be levied outside the limits fixed by section one, article X of the Constitution.

Any other provision which does not violate any provision of law, or transgress any principle of public policy, may be incorporated in the order.

§13-1-5. Engineer's estimate.

Before ordering an election on the question of issuing bonds to construct a county-district road or bridge, whether acting on its own motion or on petition, the county court shall instruct the county road engineer, or some other engineer designated by it for the purpose, to make an investigation and furnish to the court an estimate of the probable cost of the proposed improvement.

WV Legislature

§13-1-6. Bonds may be specified for more than one purpose; single or general purpose defined.

The order or ordinance submitting the proposition of issuing bonds to a vote may specify more than one purpose for which bonds are to be issued: Provided, That the amount of the proceeds of the issue to be used for each purpose shall also be specified therein: Provided further, That all expenditures, including but not limited to expenditures for the acquisition of sites, the construction, erection, equipping and furnishing of one or more buildings, structures, improvements or facilities, or group of buildings, structures, improvements or facilities, and the relocation, alteration, renovation or enlargement of any existing buildings, structures, improvements or facilities, or group of buildings, structures, improvements or facilities, for the same general purpose shall be construed to be a single purpose within the meaning of this section. It shall not be necessary to specify in the order or ordinance submitting the proposition the amount of the proceeds of such bond issue to be used for each such site, building, structure, improvement or facility, or group of buildings, structures, improvements or facilities, which are a part of the same general purpose and it shall be sufficient compliance with this section if such order or ordinance state only the general purposes for which bonds are to be issued and the amount of the proceeds of such issue to be used for each such general purpose.

§13-1-6a. When proceeds of bond issue specified for one project may be used for another project.

If the order or ordinance submitting the proposition of issuing bonds to a vote specifies several projects within the same general purpose and the amount of the proceeds of such issue to be used for each project and for any reason one or more of said projects cannot be constructed, carried out, or completed, the amount of money specified for such projects and any sums remaining unused upon completion of any one of the specified projects may be allocated by the governing body in its discretion to and expended for any one or more of the remaining projects specified in said order or ordinance if said order or ordinance of submission shall contain a provision authorizing it to do so.

§13-1-7. When election to be held.

Elections for the purpose of voting upon questions of issuing bonds may be held at any general or primary election which the fiscal body in its order submitting the same to a vote may designate, except that, when a petition is filed asking that bonds be issued, the fiscal body with which the same is filed, shall order a special election and the election shall be held concurrently at the next regularly scheduled general or primary election.

In the event that a majority of the votes cast upon a question submitted pursuant to this section at any primary election be against the question, the question may again be submitted to the voters at the next succeeding general election.

§13-1-8. Publication of notice of election.

Notice of all bond elections shall be given by publication, within fourteen consecutive days next preceding the date of the election, of the order provided for in section four of this article as a Class II-O legal advertisement in compliance with the provisions of article three, chapter fifty-nine of this code, and the publication area for such publication shall be the political division in which the election is to be held.

§13-1-13. Time and manner of canvassing returns.

The authorities calling bond elections shall canvass the returns at the same time with reference to the election and in the same manner as is required of county commissions for general elections: Provided, That the county commission is the board of canvassers to canvass the returns of bond elections called by the board of education.

WV Legislature

§13-1-14. Resolution authorizing issuance and fixing terms of bonds.

If the required amount of all the votes, pursuant to section four of this article, cast for and against the proposition to incur debt and issue negotiable bonds is in favor of the same, the governing body of the political division shall, by resolution, authorize the issuance of the bonds in an amount not exceeding the amount stated in the proposition; establish the maximum rate or rates of interest which the bonds shall bear within the maximum rate stated in the proposition submitted to vote; require that the bonds shall be made payable at the office of the Municipal Bond Commission and at any other place or places as the body issuing the same designates; provide for a sufficient levy to pay the annual interest on the bonds and the principal at maturity; fix the times within the maximum period, as contained in the proposition submitted to vote, when the bonds shall become payable, which shall not exceed thirty-four years from the date thereof; determine whether all or a portion of the bonds will be subject to redemption prior to the maturity thereof; and prescribe a form for executing the bonds authorized.

§13-1-15. Bonds to be payable in annual or semiannual installments.

Bonds shall be made payable in annual or semiannual installments beginning not more than three years after the date thereof and the amount payable in each year may be so fixed that when the annual interest is added to the principal amount to be paid, the total amount payable in each year in which part of the principal is payable shall be as nearly equal as practicable. Once principal payments commence, it shall be an immaterial variance if the difference between the largest and smallest amounts of principal and interest payable annually or semiannually during the term of the bonds shall not exceed five percent of the total authorized issue. Bonds may be payable in annual or semiannual installments beginning not more than three years after the date thereof, each installment being as nearly equal in principal amount as practicable.

§13-1-15a. Bonds may be subject to redemption.

All or a portion of the bonds may be subject to redemption prior to the maturity thereof at the option of the body issuing the same as established by resolution of the governing body authorizing the bonds. The body issuing the bonds may not levy taxes in connection with the redemption of any bonds in excess of the taxes that would have been levied for the payment of principal of and interest on the bonds in any year.

The recital, when the bonds have been endorsed by the Attorney General as provided in section twenty-eight of this article, are considered an authorized declaration by the governing body of the political division and to import that there is Constitutional and statutory authority for incurring the debts and issuing the bonds; that all the proceedings therefor are regular; that all the acts, conditions and things required to exist, happen and be performed precedent to and in the issuance of the bonds have existed, happened and been performed in due time, form and manner as required by law; that the amount of the bond and the issue of which it forms a part, together with all other indebtedness, does not exceed any limit or limits prescribed by the Constitution or statutes of this state; and that all questions connected with incurring the debt and issuing the bonds have been first submitted to a vote of the people and have received the required amount of all the votes, pursuant to section four of this article, cast for and against the same at an election regularly called and held for the purpose after notice published and posted in the manner required by law. If any bond be issued containing the recital, and also containing the endorsement of the Attorney General as aforesaid, it shall be conclusively presumed that the recital, construed according to the import hereby declared, is true and neither the political division nor any taxpayer thereof shall be permitted to question the validity or regularity of the obligation in any court or in any action or proceeding.
