WEST VIRGINIA CODE: §14-1-21

§14-1-21. Lands of state — Registration by Auditor.

- (a) The Auditor shall, in a book kept for the purpose, register all lands in the lists described in §14-1-20 of this code, describing when, how, and of whom, they were obtained, their situation, quantity and the title thereto, together with the price paid therefor by the state.
- (b) The Auditor shall create an index system to reference lands purchased by the state, similar to those created and maintained by the counties of this state. The Auditor shall create a standard naming system to easily cross reference lands purchased by the state in the county indexes. The naming system, at a minimum, must include:
- (1) The state agency purchasing the lands; and
- (2) The county or counties where the land is located.
- (c) The Auditor shall have rule-making authority relating to this index system under §29A-3-1 *et seq.* of this code. Any deed for state lands purchased after December 31, 2020, shall be recorded pursuant to the provisions of this section.
