Each troop, district or detachment shall be composed of the number of officers and members the superintendent determines are necessary to meet operational needs and are required for the efficient operation of the State Police. The superintendent shall establish the general organizational structure of the State Police by interpretive rule in accordance with the provisions of article three, chapter twenty-nine-a of this code. The superintendent shall provide adequate facilities for the training of all members of the State Police and shall prescribe basic training requirements for newly enlisted members. He or she shall also provide advanced or in-service training, from time to time, for all members of the State Police. The superintendent shall hold entry-level training classes for other law-enforcement officers in the state without cost to those officers, except actual expenses for food, lodging and school supplies. The superintendent may also allow the use of classrooms, firearms training facilities and other training venues by other agencies or entities for a daily fee not to exceed \$100 per day, per venue.

(b) There is hereby created in the State Treasury a special revenue account, which shall be an interest bearing account, to be known as the Academy Training and Professional Development Fund. The special revenue account shall consist of training fees, any appropriations that may be made by the Legislature, income from the investment of moneys held in the special revenue account and all other sums available for deposit to the special revenue account from any source, public or private. No expenditures, for purposes of this section, are authorized from collections except in accordance with the provisions of article three, chapter twelve of this code and upon fulfillment of the provisions set forth in article two, chapter eleven-b of this code. Any balance remaining in the special revenue account at the end of any state fiscal year does not revert to the General Revenue Fund but remains in the special revenue account and shall be used solely in a manner consistent with this article. The superintendent is authorized to expend funds from the account to offset operational and training costs; for building maintenance and repair; for purchases and for equipment repair or replacement for the West Virginia State Police Academy; and to defray necessary expenses incidental to those and other activities associated with law-enforcement training.

(c) There is hereby created in the State Treasury a special revenue account, which is an interest bearing account, to be known as the State Police 100th Anniversary Fund. No expenditures for purposes of this section are authorized from collections except in accordance with the provisions of article three, chapter twelve of this code and upon fulfillment of the provisions set forth in article two, chapter eleven-b of this code. Any balance remaining in the special revenue account at the end of any state fiscal

year does not revert to the General Revenue Fund but remains in the special revenue account and shall be used solely in a manner consistent with this article. The superintendent is authorized to expend funds from the account to offset costs for the 100th anniversary celebration; for purchasing 100th anniversary commemorative merchandise, equipment and vehicles; and to defray necessary expenses incidental to those and other activities associated with the 100th anniversary of the West Virginia State Police. This fund expires on December 31, 2019, and remaining funds shall be transferred to the Academy Training and Professional Development Fund.

(d) The superintendent may hold training classes for certification to access and use the West Virginia Automated Police Network for a reasonable daily fee per student not to exceed \$100.

(a) The superintendent shall appoint, from the enlisted membership of the State Police, a deputy superintendent who shall hold the rank of lieutenant colonel and be next in authority to the superintendent. The superintendent shall appoint, from the enlisted membership of the State Police, the number of other officers and members he or she considers necessary to operate and maintain the executive offices, training school and forensic laboratory; and to keep records relating to crimes and criminals, coordinate traffic safety activities, maintain a system of supplies and accounting and perform other necessary services.

The superintendent may also appoint from the membership of the executive protection section of the State Police two additional supervisors who shall receive the compensation and hold the temporary rank of first lieutenant and serve at the will and pleasure of the superintendent. Appointments are exempt from any eligibility requirements established by the career progression system: *Provided*, That any member appointed from within the executive protection section of the State Police to the temporary rank of first lieutenant must have completed a minimum of two years service within the executive protection section prior to becoming eligible for such appointment. Any person appointed to a temporary rank under the provisions of this article remains eligible for promotion or reclassification under the provisions of the career progression system if his or her permanent rank is below that of first lieutenant. Upon the termination of a temporary appointment by the superintendent, the member may not be reduced to a rank or classification below his or her permanent rank or classification, unless the reduction results from disciplinary action, and remains eligible for subsequent appointment to a temporary rank.

§15-2-5. Career progression system state; salaries; exclusion from wage and hour laws, with supplemental payment; bond; leave time for members called to duty in guard or reserves.

(a) The superintendent shall establish within the West Virginia State Police a system to provide for: (1) The promotion of members to the supervisory ranks of sergeant, first sergeant, second lieutenant, and first lieutenant; (2) the classification of nonsupervisory members within the field operations force to the ranks of trooper, senior trooper, trooper first class, or corporal; and (3) the temporary reclassification of members assigned to administrative duties as administrative support specialist I-VIII. (c) The superintendent shall provide to each member a written manual governing any system established under the provisions of this section and specific procedures shall be identified for the evaluation and testing of members for promotion or reclassification and the subsequent placement of any members on a promotional eligibility or reclassification recommendation list. A written manual shall also be provided to individuals within the forensic laboratory governing any system established under the provisions of this section and specific procedures shall be identified for the evaluation of promotion or reclassification of those individuals.

Each member of the West Virginia State Police whose salary is fixed and specified in this annual salary schedule is entitled to the length of service increases set forth in subsection (e) of this section and supplemental pay as provided in subsection (g) of this section.

(e) Each member of the West Virginia State Police whose salary is fixed and specified

pursuant to this section shall receive, and is entitled to, an increase in salary over that set forth in subsection (d) of this section for grade in rank, based on length of service, including that service served before and after the effective date of this section with the West Virginia State Police as follows: Beginning on January 1, 2015, and continuing thereafter, at the end of two years of service with the West Virginia State Police, the member shall receive a salary increase of \$500 to be effective during his or her next year of service and a like increase at yearly intervals thereafter, with the increases to be cumulative. The forensic laboratory employees whose salaries are fixed and specified pursuant to this section, shall receive, and are entitled to, an increase in salary over that set forth in subsection (d) of this section, in accordance with §15-2-7(h) of this code.

(f) In applying the salary schedules set forth in this section where salary increases are provided for length of service, members of the West Virginia State Police in service at the time the schedules become effective shall be given credit for prior service and shall be paid the salaries the same length of service entitles them to receive under the provisions of this section.

(g) The Legislature finds and declares that because of the unique duties of members of the West Virginia State Police, it is not appropriate to apply the provisions of state wage and hour laws to them. Accordingly, members of the West Virginia State Police are excluded from the provisions of state wage and hour laws. This express exclusion shall not be construed as any indication that the members were or were not covered by the wage and hour laws prior to this exclusion.

In lieu of any overtime pay they might otherwise have received under the wage and hour laws, and in addition to their salaries and increases for length of service, members who have completed basic training and who are exempt from federal Fair Labor Standards Act guidelines may receive supplemental pay as provided in this section.

The authority of the superintendent to propose a legislative rule or amendment thereto for promulgation in accordance with §29A-3-1 *et seq.* of this code to establish the number of hours per month which constitute the standard pay period for the members of the West Virginia State Police is hereby continued. The rule shall further establish, on a graduated hourly basis, the criteria for receipt of a portion or all of supplemental payment when hours are worked in excess of the standard pay period. The superintendent shall certify at least twice per month to the West Virginia State Police payroll officer the names of those members who have worked in excess of the standard pay period and the amount of their entitlement to supplemental payment. The supplemental payment may not exceed \$200 per pay period. The superintendent and civilian employees of the West Virginia State Police are not eligible for any supplemental payments.

(h) Each member of the West Virginia State Police, except the superintendent and civilian employees, shall execute, before entering upon the discharge of his or her duties, a bond with security in the sum of \$5,000 payable to the State of West Virginia, conditioned upon the faithful performance of his or her duties, and the bond shall be approved as to form by

the Attorney General and as to sufficiency by the Governor.

(i) In consideration for compensation paid by the West Virginia State Police to its members during those members' participation in the West Virginia State Police Cadet Training Program pursuant to §30-29-8 of this code, the West Virginia State Police may require of its members by written agreement entered into with each of them in advance of such participation in the program that, if a member should voluntarily discontinue employment any time within one year immediately following completion of the training program, he or she shall be obligated to pay to the West Virginia State Police a pro rata portion of such compensation equal to that part of such year which the member has chosen not to remain in the employ of the West Virginia State Police.

(j) Any member of the West Virginia State Police who is called to perform active duty training or inactive duty training in the National Guard or any reserve component of the armed forces of the United States annually shall be granted, upon request, leave time not to exceed 30 calendar days for the purpose of performing the active duty training or inactive duty training and the time granted may not be deducted from any leave accumulated as a member of the West Virginia State Police.

§15-2-6. Authority to make rules for grievance procedure.

The superintendent shall have continuing authority to propose legislative rules for promulgation in accordance with the provisions of article three, chapter twenty-nine-a of this code, relating to a grievance procedure for sworn members of the State Police. At a minimum, the rule shall provide a process for filing and resolving grievances at the lowest possible level in a timely manner, providing for representation, taking evidence at each level, establishing a hearing procedure, providing for appellate review, allocating costs and authorizing attorney fees to a grievant who prevails on appeal.

§15-2-7. Cadet selection board; qualifications for and appointment to membership in State Police; civilian employees; forensic laboratory employees; salaries.

(a) The superintendent shall establish within the West Virginia State Police a cadet selection board which shall be representative of commissioned and noncommissioned officers within the State Police.

(b) The superintendent shall appoint a member to the position of trooper from among the top three names on the current list of eligible applicants established by the cadet selection board.

(c) Preference in making appointments shall be given whenever possible to honorably discharged members of the armed forces of the United States and to residents of West Virginia. Each applicant for appointment shall be a person not less than 18 years of age nor more than 39 years of age, of sound constitution and good moral character, and is required to pass any mental and physical examination and meet other requirements as provided in rules promulgated by the cadet selection board: *Provided*, That a former member may, at the discretion of the superintendent, be reenlisted.

(d) No person may be barred from becoming a member of the State Police because of his or her religious or political convictions.

(e) The superintendent shall adhere to the principles of equal employment opportunity set forth in §5-11-1 *et seq.* of this code and shall take positive steps to encourage applications for State Police membership from females and minority groups within the state. An annual report shall be filed with the Legislature on or before January 1 of each year by the superintendent which includes a summary of the efforts and the effectiveness of those efforts intended to recruit females, African-Americans, and other minorities into the ranks of the State Police.

(f) Except for the superintendent, no person may be appointed or enlisted to membership in the State Police at a grade or rank above the grade of trooper.

(g) The superintendent shall appoint civilian employees as are necessary and all employees may be included in the classified service of the civil service system except those in positions exempt under the provisions of §29-6-1 *et seq.* of this code.

(h) Effective June 30, 2014, West Virginia State Police civilian employees with a minimum of one year service shall receive an annual longevity salary increase equal to \$500. The increases in salary provided by this subsection are in addition to any other increases to which the civilian employees might otherwise be entitled.

(i) Effective July 1, 2014, all current West Virginia State Police Forensic Laboratory analysts, directors, and evidence technicians shall receive a one-time, across-the-board salary increase equal to 20 percent of their current salary.

(j) On or before January 1, 2018, the Director of the West Virginia State Police Forensic Laboratory shall submit a report to the Joint Committee on Government and Finance detailing the West Virginia State Police Forensic Laboratory's ability to retain employees.

(k) Effective July 1, 2021, the salaries of West Virginia State Police Forensic Laboratory evidence custodians, forensic technicians, forensic scientists, and forensic scientist supervisors shall be as set forth in the provisions of §15-2-5(d) of this code.

§15-2-8. Chaplains.

The superintendent may also appoint for each company not more than two chaplains, residing within the State of West Virginia, who shall serve without pay, and who may not be required to perform any duties of members of the department, nor shall any bond be required. The superintendent is authorized to furnish each such chaplain one official uniform, with proper chaplain insignia, to be worn at any ceremonial occasion conducted officially by the department where the presence of a member of the clergy is customary. Such chaplains may be reimbursed by the superintendent for all reasonable and necessary expenses actually incurred in attending such ceremonies.

§15-2-9. State Police Voluntary Contribution Fund.

(a) The Legislature finds that from the year 1951 to 2003, employees of the West Virginia State Police or its predecessor agencies have operated a voluntary contribution fund. Upon the death of a member or employee of the West Virginia State Police who, upon his or her death, was a member of the contribution fund, active members and employees of the West Virginia State Police who have voluntarily chosen to be members of the fund have been permitted, as an expression of respect and gratitude for the contributions and service of the deceased member in protecting the public, to donate small financial contributions to a designated beneficiary of the deceased member. The contributions were deposited into the contribution fund and the disbursements were made from the fund.

The Legislature further finds, upon the reports of the Legislative Auditor, that over the years, without statutory authority to do so, administrators of the West Virginia State Police and its predecessor agencies assumed control of the administration of the contribution fund, performing or directing the administrative functions necessary to receive contributions to and disbursements from the contribution fund.

The Legislature further finds that the State of West Virginia had not established the contribution fund or any similar benefit plan for the members and employees of the West Virginia State Police or its predecessor agencies, nor approved the same as an official state benefit program or plan in any manner whatsoever. In the absence of the establishment or approval of such a program or plan by the Legislature, the exercise of administrative powers for these purposes is inappropriate.

The Legislature further finds that the contribution fund is not a state program, but a private activity to which individual employees of the West Virginia State Police have committed state time and resources.

The Legislature further finds that the contributions and service of deceased members and employees of the West Virginia State Police merit sincere, dignified and personal voluntary expressions of respect and gratitude from fellow members and employees of the deceased. The Legislature further finds that the continuance of the contribution fund or similar benefit plan for the purposes of facilitating those personal voluntary expressions of respect and gratitude may be appropriate under certain circumstances.

It is therefore the intent of the Legislature to authorize the limited use of staff and other resources incidental to the continued administration of the private contribution fund in accordance with the provisions of this section.

(b) The limited use of State Police staff time, postage, duplicating and incidental resources is authorized in the continued administration of the contribution fund for the purpose of facilitating contributions and disbursements from the fund if the following conditions have been met:

(1) The superintendent has provided each member and employee of the West Virginia State Police a copy of this section and a statement in writing that clearly advises the member or employee that the contribution fund is a private activity established and maintained by members and employees of the West Virginia State Police in their private capacity with limited administration by the West Virginia State Police and is not in any manner a benefit or other plan provided by or on behalf of the State of West Virginia and that participation in the fund or plan is not required, but is only permitted if the member or employee elects to participate on a voluntary basis with no obligation to give nor opportunity for coerced participation and that the purpose of the fund is to facilitate participating members' expressions of admiration, appreciation and bereavement to the survivors of deceased members;

(2) All rosters, records and accounts of the contribution fund are available for public inspection and audit; and

(3) State Police administration is consistent with all applicable federal and state tax requirements.

(c) Membership in the State Police Contribution Fund is voluntary. On or before July 31, 2006, members or employees hired between January 1, 2003, and the effective date of this section may elect to participate in the fund, and within five days of employment or reemployment with the West Virginia State Police, a member or employee may elect to participate in the fund: Provided, That any member of the original contribution fund in good standing upon the effective date of this section shall be presumed to be a member of the contribution fund. A retired member may maintain membership in the fund. A member may terminate membership in the fund at any time, by written notice to the superintendent, or by ceasing to make contributions to the fund. Upon the death of a member of the fund, the superintendent is authorized to collect a contribution not to exceed the sum of \$5 from all personnel participating in the fund, payable to a designated beneficiary of the deceased member. To aid administrative efficiency and ease the burden of participation, the superintendent may collect funds prospectively to cover an estimated number of deaths in a given period: Provided, That any such remaining funds credited to a deceased member shall be returned to the member's designated beneficiary.

(d) Use of coercion in an attempt to influence a West Virginia State Police officer's or employee's election to participate in the contribution fund is prohibited and grounds for dismissal from employment.

(e) The superintendent is authorized to establish and maintain a nongovernmental bank account established by agreement with a bank within the state to receive contributions to and make disbursements from the fund. These receipts are not to be deposited or held in the state Treasury.

(f) The superintendent shall verify any death of a member of the fund and authorize the dissemination of a notice of the death to members of the fund. The superintendent shall use

the most cost efficient means of communication available in making these notifications.

(g) The superintendent is authorized to develop a written internal department policy for the operation of the contribution fund, which may include terms and conditions of membership and the development of any necessary forms or agreements for enrollment in the fund and the designation of a beneficiary.

He or she shall also provide the standard uniforms for all members of the State Police, for officers, noncommissioned officers and troopers provided for in this section. (d) The superintendent may purchase and maintain on behalf of members group life insurance not to exceed the amount of \$5,000 on behalf of each member.

(e) The superintendent may contract and furnish at State Police expense medical and hospital services for treatment of illness or injury of a member which shall be determined by the superintendent to have been incurred by the member while engaged in the performance of duty and from causes beyond control of the members. Notwithstanding any other provision of this code, the superintendent has the right of subrogation in any civil action or settlement brought by or on behalf of a member in relation to any act by another which

results in the illness, injury or death of a member. To this end, the superintendent may initiate an action on behalf of the State Police in order to recover the costs incurred in providing medical and hospital services for the treatment of a member resulting from injury or illness originating in the performance of official duties. This subsection shall not affect the power of a court to apply ordinary equitable defenses to the right of subrogation.

The superintendent may also consult with the West Virginia Insurance Commissioner in an effort to defray the cost of medical and hospital services. In no case will the compensation rendered to health care providers for medical and hospital services exceed the then current rate schedule in use by the West Virginia Insurance Commissioner.

Third-party reimbursements received by the superintendent after the expiration of the fiscal year in which the injury, illness or death occurred will be deposited to a nonexpiring special revenue account. Funds deposited to this account may be used solely for defraying the costs of medical or hospital services rendered to any sworn members as a direct result of an illness, injury or death resulting from the performance of official duties.

(f) The superintendent shall establish and maintain local headquarters at those places in West Virginia that are in his or her judgment suitable and proper to render the West Virginia State Police most efficient for the purpose of preserving the peace, protecting property, preventing crime, apprehending criminals and carrying into effect all other provisions of this article. The superintendent shall provide, by acquisition, lease or otherwise, for local headquarters, for housing and quarters for the accommodation of the members of the West Virginia State Police, and for any other facilities necessary or useful for the effective operation of the West Virginia State Police and shall provide all equipment and supplies necessary for the members of the West Virginia State Police to perform their duties.

§15-2-10a. Duty to return assigned items; superintendent's right of setoff.

(a) Whenever any member of the department of public safety retires, resigns or is terminated from employment, he or she shall surrender, in good condition, considering reasonable wear and tear from proper use, all items of equipment and clothing assigned to such member as set forth in section ten of this article: Provided, That this section shall not apply to any member awarded his or her service revolver pursuant to the provisions of section forty-three of this article.

(b) Notwithstanding any provision of this code to the contrary, the superintendent of the department of public safety shall have a setoff against any West Virginia state police retirement benefits, salary owed, sick leave benefits or vacation day benefits owed such retired, resigning or terminated member in an amount equal to the value of any equipment and clothing not returned. Notwithstanding the fact that a retired, resigning or terminated member is no longer employed by the department of public safety, the member may file a grievance for the sole purpose of protesting the application of the setoff. Such a grievance shall be processed, considered and decided pursuant to the provisions of section six of this article and rules promulgated thereunder. Prior to applying any setoff under this subsection, the superintendent will notify the retired, resigning or terminated member of his or her opportunity to file a grievance.

§15-2-28. Credit toward retirement for member's prior military service; credit toward retirement when employee has joined Armed Forces in time of armed conflict; qualified military service.

(a) For purposes of this section, the term "active military duty" means full-time active duty with the Armed Forces of the United States, namely the United States Air Force, Army, Coast Guard, Marines, Space Force, or Navy; and service with the National Guard or reserve military forces of any of the Armed Forces when the employee has been called to active full-time duty and has received no compensation during the period of the duty from any person other than the Armed Forces.

(b) Any member of the fund who has previously served on active military duty is entitled to and shall receive credit on the minimum period of service required by law for retirement pay from the service of the West Virginia State Police under the provisions of this article for a period equal to the active military duty not to exceed five years, subject to the following:

- (1) That he or she has been honorably discharged from the Armed Forces;

- (3) That he or she is not receiving credit from any other retirement system administered by the board for his or her active military duty; and
- (4) That, except with respect to disability retirement pay awarded under §15-2-30 of this code, he or she has actually served with the fund for 20 years exclusive of his or her active military duty.

(c) The amount of retirement pay to which any member is entitled shall be calculated and determined as if he or she had been receiving for the period of his or her active military duty a monthly salary from the agency equal to the average monthly salary which he or she actually received from the agency for his or her total service with the agency exclusive of the active military duty. The superintendent shall transfer and pay into the fund from moneys appropriated for the agency, a sum equal to 18 percent of the aggregate of the salaries on which the retirement pay of all members has been calculated and determined for their periods of active military duty. In addition, any person who, while an employee of the agency was commissioned, enlisted or inducted into the Armed Forces of the United States or, being a member of the reserve officers' corps, was called to active duty in the Armed Forces between September 1, 1940, and the close of hostilities in World War II, or between June 27, 1950, and the close of the armed conflict in Korea on July 27, 1953, between August 1, 1964, and the close of the armed conflict in Vietnam, or during any other period of armed conflict by the United States whether sanctioned by a declaration of war by the Congress or by executive or other order of the President, is entitled to and shall receive credit on the minimum period of service required by law for retirement pay from the service of the West Virginia State Police for a period equal to the full time he or she has or shall, pursuant to the

commission, enlistment, induction or call, have served with the Armed Forces subject to the following:

- (1) That he or she has been honorably discharged from the Armed Forces;
- (2) That within 90 days after honorable discharge from the Armed Forces he or she has presented himself or herself to the superintendent and offered to resume service as an active employee of the agency; and
- (3) That he or she has made no voluntary act, whether by reenlistment, waiver of discharge, acceptance of commission or otherwise, to extend or participate in extension of the period of service with the Armed Forces beyond the period of service for which he or she was originally commissioned, enlisted, inducted or called.
- (d) That amount of retirement pay to which any employee is entitled shall be calculated and determined as if the employee has continued in the active service of the agency at the rank or grade to him or her appertaining at the time of the commission, induction, enlistment or call, during a period coextensive with the time the employee served with the Armed Forces pursuant to the commission, induction, enlistment or call. The superintendent of the agency shall transfer and pay each month into the fund from moneys appropriated for the agency a sum equal to 18 percent of the aggregate of salary which all employees would have been entitled to receive had they continued in the active service of the agency during a period coextensive with the time the employee served with the Armed Forces pursuant to the commission, induction, enlistment or call: *Provided*, That the total amount of military service credit allowable under this section shall not exceed five years.
- (e) Notwithstanding any of the preceding provisions of this section, contributions, benefits and service credit with respect to qualified military service shall be provided in accordance with Section 414(u) of the Internal Revenue Code. For purposes of this section, "qualified military service" has the same meaning as in Section 414(u) of the Internal Revenue Code. The board may determine all questions and make all decisions relating to this section and, pursuant to the authority granted to the board in §5-10D-1 of this code, may promulgate rules relating to contributions, benefits and service credit to comply with Section 414(u) of the Internal Revenue Code.

§15-2-29. Awards and benefits for disability incurred in performance of duty.

(a) Any member of the fund who has not yet entered retirement status on the basis of age and service and who becomes partially disabled by injury, illness or disease resulting from any occupational risk or hazard inherent in or peculiar to the services required of employees of the agency or incurred pursuant to or while the employee was engaged in the performance of his or her duties as an employee of the agency shall, if, in the opinion of the board, he or she is by reason of that cause probably permanently unable to perform adequately the duties required of him or her as an employee of the agency, but is able to engage in any other gainful employment in a field other than law enforcement, be retired from active service by the board. The member thereafter is entitled to receive annually from the fund in equal monthly installments during his or her lifetime; or until the disability eligibility sooner terminates, one or the other of two amounts, whichever is greater:

(1) An amount equal to five and one-half percent of the total salary which would have been earned during twenty-five years, or during actual service if more than twenty-five years in the fund, based on the average earnings of the retirant while employed as an employee of the agency; or

(2) The sum of \$6,000.

(b) A retirant who is partially disabled under this article may not, while in receipt of benefits for partial disability, be employed as a law-enforcement officer: Provided, That a retirant retired on partial disability under this article may serve as an elected sheriff or appointed chief of police in the state without a loss of disability retirement benefits so long as the elected or appointed position is shown, to the satisfaction of the board, to require the performance of administrative duties and functions only, as opposed to the full range of duties of a law-enforcement officer.

(c) If any member not yet in retirement status on the basis of age and service is found by the board to be permanently and totally disabled as the result of a physical or mental impairment resulting from any occupational risk or hazard inherent in or peculiar to the services required of employees of the agency or incurred pursuant to or while the member was engaged in the performance of his or her duties as an employee of the agency, the member is entitled to receive annually and there shall be paid from the fund in equal monthly installments during his or her lifetime or until the disability eligibility sooner terminates, an amount equal to eight and one-half percent of the total salary which would have been earned by the employee during twenty-five years, or during actual service if more than twenty-five years of service in the fund, based on the average earnings of the retirant while employed as an employee of the agency: Provided, That in no event may the amount be less than \$15,000 per annum, unless otherwise required by this article.

(d) The superintendent may expend moneys from funds appropriated for the agency in payment of medical, surgical, laboratory, X-ray, hospital, ambulance and dental expenses and fees and reasonable costs and expenses incurred in the purchase of artificial limbs and

other approved appliances which may be reasonably necessary for any member or disability retiree who has or becomes temporarily, permanently or totally disabled by injury, illness or disease resulting from any occupational risk or hazard inherent in or peculiar to the service required of employees of the agency or incurred pursuant to or while the member was or shall be engaged in the performance of duties as an employee of the agency. Whenever the superintendent determines that any disabled member or retiree is ineligible to receive any of the aforesaid benefits at public expense, the superintendent shall, at the request of the disabled member or retiree, refer the matter to the board for hearing and final decision. In no case will the compensation rendered to health care providers for medical and hospital services exceed the then current rate schedule approved by the West Virginia Insurance Commission.

(e) Any member awarded a disability benefit under the provisions of this section may receive retirement disability annuity payments on the day following the board's approval of his or her disability application. Upon termination of employment and receipt of properly executed forms from the agency and the member, the board shall process the member's disability retirement benefit and commence annuity payments as soon as administratively feasible.

(f) For the purposes of this section, the term "salary" does not include any compensation paid for overtime service.

§15-2-30. Awards and benefits for disability due to other causes.

(a) If any employee who has served less than twenty years and who remains in the active service of the agency has, in the opinion of the board, become permanently partially or totally disabled to the extent that the employee cannot adequately perform the duties required of an employee of the agency from any cause other than those set forth in the preceding section and not due to vicious habits, intemperance or willful misconduct on his or her part, the employee shall be retired by the board. The employee is entitled to receive annually and shall be paid from the fund in equal monthly installments during a period equal to one-half the time he or she served as an employee of the agency or until the disability eligibility sooner terminates, a sum equal to five and one-half percent of the total salary which would have been earned during twenty-five years of service. At the end of the one-half time period of service, the benefit payable for the remainder of the retirant's life is an annual sum paid in monthly installments equal to one-half the base salary received by the retirant from the agency in the preceding twelve-month period immediately prior to the disability award: Provided, That if the retirant was not employed with the agency for twelve months immediately prior to the disability award, the amount of monthly salary shall be annualized for the purpose of determining the benefit.

(b) If the employee, at the time of retirement under the terms of this section, has served twenty years or longer as an employee of the agency, the employee is entitled to receive annually and shall be paid from the fund in equal monthly installments, commencing on the date the employee is retired and continuing during his or her lifetime while in status of retirement or until the disability eligibility sooner terminates, a sum equal to five and one-half percent of the aggregate of salary paid to the retirant through the day immediately preceding his or her disability award, to be determined in the manner provided by subsection (c), section twenty-seven of this article.

(c) An employee awarded a disability benefit under the provisions of this section may receive retirement disability annuity payments on the day following the board's approval of his or her disability application. Upon termination of employment and receipt of properly executed forms from the agency and the employee, the board shall process the disability retirement benefit and commence annuity payments as soon as administratively feasible.

(d) For the purposes of this section, the term "salary" does not include any compensation paid for overtime service.

§15-2-31. Disability physical examinations; termination.

(a) The board may require any retirant who has been retired with compensation on account of disability to submit to a physical and/or mental examination by a physician or physicians selected or approved by the board and a report of the findings of the physician or physicians shall be submitted in writing to the board for its consideration. All medical costs associated with the examination shall be paid by the fund. If, from the report or from the report and hearing on the report, the board is of the opinion and finds that the disabled retirant has recovered from the disability to the extent that he or she is able to perform adequately the duties of a law-enforcement officer, the board shall within five working days provide written notice of the finding to the Superintendent of State Police, who shall reinstate the retirant to active duty as a member of the department at his or her rank or classification prior to the disability retirement within forty-five days of the finding, unless the retirant declines to be reinstated, is found by a background check to be ineligible for reinstatement, or is found by the Superintendent to be unacceptable due to the retirant's performance history and evaluations during prior work with the department. The Superintendent shall promptly notify the Board when the retirant is reinstated, is found ineligible for reinstatement due to a background check or unacceptable prior performance history or evaluations, or refuses reinstatement. The board shall order disability payments from the fund to be terminated at the earlier of the date of the retirant's reinstatement, regular retirement, failure of a background check, finding of unacceptable prior performance history or evaluation with the department, failure to accept reinstatement or forty-five days from the board's finding. If, from the report or the report and hearing on the report, the board is of the opinion and finds that the disabled retirant has recovered from his or her previously determined probable permanent disability to the extent that he or she is able to engage in gainful employment but remains unable to adequately perform the duties of a law-enforcement officer, the board shall order the payment, in monthly installments of an amount equal to two thirds of the salary, in the case of a retirant retired under the provisions of section twenty-nine of this article or equal to one half of the salary, in the case of a retirant retired under the provisions of section thirty of this article, excluding any compensation paid for overtime service, for the twelve-month employment period immediately preceding the disability award: Provided, That if the retirant had not been employed with the fund for twelve months immediately prior to the disability award, the amount of monthly salary shall be annualized for the purpose of determining the benefit.

(b) A disability retirant who is returned to active duty as a member of the West Virginia State Police shall again become a member of the retirement system in which he or she was originally enrolled and the retirant's credited service in force at the time of retirement shall be restored.

§15-2-31a. Application for disability benefit; determinations.

(a) Application for a disability benefit may be made by a member under the provisions of section twenty-nine of this article, by an employee under the provisions of section thirty of this article or, if the member or employee is under an incapacity, by a person acting with legal authority on the member's or the employee's behalf. After receiving an application for a disability benefit, the board shall notify the superintendent of the agency that an application has been filed: Provided, That when, in the judgment of the superintendent, an employee is no longer physically or mentally fit for continued duty as an employee of the West Virginia State Police and the employee has failed or refused to make application for disability benefits under this article, the superintendent may petition the board to retire the employee on the basis of disability pursuant to rules which may be established by the board. Within thirty days of the superintendent's receipt of the notice from the board or the filing of the superintendent's petition with the board, the superintendent shall forward to the board a statement certifying the duties of the employee's employment, information relating to the superintendent's position on the work relatedness of the employee's alleged disability, complete copies of the employee's medical file and any other information requested by the board in its processing of the application, if this information is requested timely.

(b) The board shall propose legislative rules in accordance with the provisions of article three, chapter twenty-nine-a of this code relating to the processing of applications and petitions for disability retirement under this article.

(c) The board shall notify the member and the superintendent of its final action on the disability application or petition within ten days of the board's final action. The notice shall be sent by certified mail, return receipt requested. If either the member or the superintendent is aggrieved by the decision of the board and intends to pursue judicial review of the board's decision as provided in section four, article five, chapter twenty-nine-a of this code, the party so aggrieved shall notify the board within twenty days of the member's or superintendent's receipt of the board's notice that they intend to pursue judicial review of the board's decision.

(d)(1) The board shall require each disability benefit recipient to file an annual certified statement of earnings, to include the amount and source of earnings and any other information required in legislative rules which may be proposed by the board. The board may waive or modify the requirement that a recipient of total disability benefits file the annual statement of earnings if the board's physician certifies that the recipient's disability is ongoing. The board shall annually examine the information submitted by each recipient. If a disability retiree refuses to file a statement and other information required by the board, the disability benefit shall be suspended, after notice and opportunity to be heard, until the statement and information are filed.

(2) The board shall annually examine any information available from the State Tax Commissioner on all recipients of disability benefits pursuant to article ten, chapter eleven of this code.

(e)(1) A nonblind recipient earning annual income exceeding the equivalent of \$860 per month in the year two thousand six, after impairment-related work expenses are subtracted from earnings, has engaged in substantial gainful activity. A statutorily blind recipient has engaged in substantial gainful activity in the year two thousand six if the recipient has earned annual income exceeding the equivalent of \$1,450 per month after impairment-related work expenses are subtracted from earnings.

(2) The substantial gainful activity dollar limit shall be automatically adjusted annually to correspond to the dollar limit as established and published by the United States Social Security Administration for each year in accordance with methods published in the Federal Register (FR6582905 December 29, 2000) and similar methods used by the Social Security Administration applying the average annual wage index.

(3) If after review of a disability retiree's annual statement of earnings, tax records or other financial information, as required or otherwise obtained by the board, the board determines that earnings of the recipient of total disability benefits in the preceding year are sufficient to show that the recipient engaged in substantial gainful activity, the disability retiree's disability annuity shall be terminated by the board, upon recommendation of the board's disability review committee and after notice and opportunity to be heard, on the first day of the month following the board's action.

(4) If the board obtains information that a recipient of partial disability benefits is employed as a law-enforcement officer, upon recommendation of the board's disability review committee and after notice and an opportunity to be heard, the board shall terminate the recipient's disability benefits on the first day of the month following the board's action.

(f) Any person who wishes to reapply for disability retirement and whose disability retirement has been terminated by the board pursuant to this section may do so within ninety days of the effective date of termination: Provided, That any person reapplying for disability benefits shall undergo an examination at the applicant's expense by an appropriate medical professional selected by the board as part of the reapplication process.

(g) Notwithstanding other provisions in this section, any person whose disability retirement has been terminated by the board pursuant to this section may apply for regular retirement benefits upon meeting the eligibility requirements of age and years of service.

§15-2-31b. Annual report on disability retirement experience.

Not later than January 1, 2006, and each January 1 thereafter, the board shall prepare a report for the preceding fiscal year of the disability retirement experience of the West Virginia State Police Death, Disability and Retirement Fund. The report shall specify the total number of disability applications submitted, the status of each application as of the last day of the fiscal year, total applications granted or denied, and the percentage of disability benefit recipients to the total number of West Virginia State Police employees who are members of the fund. The report shall be submitted to the Governor and the chairpersons of the standing committees of the Senate and House of Delegates with primary responsibility for retirement legislation.

§15-2-32. Retirant not to exercise police authority; retention of group insurance.

A retirant may not exercise any of the powers conferred upon active employees by section twelve of this article; but is entitled to receive free of cost to the retirant and retain as his or her separate property one complete standard uniform prescribed by section ten of this article: Provided, That the uniform may be worn by a retirant on occasions prescribed by the superintendent. The superintendent shall maintain at public expense for the benefit of all retirants that group life insurance mentioned in section ten of this article. The superintendent, when he or she is of opinion that the public safety shall require, may recall to active duty during any period determined by the superintendent, any retiree who is retired under the provisions of section twenty-seven of this article, provided the consent of the retiree to reassume duties of active membership shall first be obtained. Any retirant who resumes status of active membership is not entitled to receive retirement pay or benefits, but in lieu thereof, is entitled to receive that rate of salary and allowance pertinent to the rank or grade previously held by the retirant. When the former retirant is released from active duty, he or she shall reassume the status of retirement and shall be entitled to receive appropriate benefits as provided by this article: Provided, That the amount of the benefits shall in no event be less than the amount determined by the order of the board previously made in his or her behalf.

§15-2-33. Awards and benefits to dependents of member when the member dies in performance of duty; to dependents of a duty disability retiree; dependent child scholarship and amount.

(a) The surviving spouse or the dependent child or children or dependent parent or parents of any member who has lost or loses his or her life by reason of injury, illness or disease resulting from an occupational risk or hazard inherent in or peculiar to the service required of employees while the member was or is engaged in the performance of his or her duties as an employee of the agency, or if a retiree dies from any cause after having been retired pursuant to the provisions of section twenty-nine of this article, the surviving spouse or other dependent is entitled to receive and shall be paid from the fund benefits as follows: To the surviving spouse annually, in equal monthly installments during his or her lifetime the greater of one or the other of two amounts:

(1) An amount equal to five and one-half percent of the total salary which was or would have been earned by the deceased member or duty disability retiree during twenty-five years of service based on the average earnings of the member or duty disability retiree while employed by the agency; or

(2) The sum of \$6,000.

(b) In addition, the surviving spouse is entitled to receive and shall be paid \$100 monthly for each dependent child or children. If the surviving spouse dies or if there is no surviving spouse, there shall be paid monthly to each dependent child or children from the fund a sum equal to twenty-five percent of the surviving spouse's entitlement. If there is no surviving spouse and no dependent child or children, there shall be paid annually in equal monthly installments from the fund to the dependent parents of the deceased member or retiree during their joint lifetimes a sum equal to the amount which a surviving spouse, without children, would have received: Provided, That when there is one dependent parent surviving, that parent is entitled to receive during his or her lifetime one-half the amount which both parents, if living, would have been entitled to receive.

(c) Any person qualified as a surviving dependent child under this section, in addition to any other benefits due under this or other sections of this article, is entitled to receive a scholarship to be applied to the career development education of that person. This sum, up to but not exceeding \$7,500 per year, shall be paid from the fund to any higher education institution in this state, career-technical education provider in this state or other entity in this state approved by the board, to offset the expenses of tuition, room and board, books, fees or other costs incurred in a course of study at any of those institutions so long as the recipient makes application to the board on an approved form and under rules as provided by the board and maintains scholastic eligibility as defined by the institution or the board. The board may, by appropriate rules, define age requirements, physical and mental requirements, scholastic eligibility, disbursement methods, institutional qualifications and other requirements as necessary and not inconsistent with this section. Scholarship benefits awarded pursuant to this subsection are not subject to division or payable to an alternate

payee by any Qualified Domestic Relations Order.

(d) A surviving spouse or dependent of an employee meeting the requirements of this section is entitled to receive beneficiary payments on the first day following the date the deceased employee is removed from payroll by the agency. A surviving spouse or dependent of a member who is not currently an employee meeting the requirements of this section is entitled to receive beneficiary payments on the first day following the date of the deceased member's death. A surviving spouse or dependent of a retirant meeting the requirements of this section is entitled to receive beneficiary payments on the first day of the month following the date of the deceased retirant's death. Upon receipt of properly executed forms from the agency and the surviving spouse or dependent, the board shall process the surviving spouse or dependent benefit as soon as administratively feasible.

(e) For the purposes of this section, the term "salary" does not include any compensation paid for overtime service.

§15-2-33a. Awards and benefits to dependents of member -- Termination.

When any surviving spouse of a member shall die or remarry while receiving or being entitled to receive any benefits under any section except section thirty-three of this article, the surviving spouse may not from the date of his or her remarriage, nor may the deceased member's estate from the date of death of the surviving spouse, be entitled to receive any benefits hereunder whatsoever: Provided, That in any case where under the terms of this article benefits are provided for a child or children surviving the death or remarriage of the surviving spouse, payment of benefits to that child or children shall be calculated for payment from the date the surviving spouse dies or remarries.

§15-2-34. Awards and benefits to dependents of employee when the employee dies from nonservice-connected causes.

(a) If an employee of the agency, before having completed twenty years of service as an employee of the agency, dies from any cause other than those specified in this article and not due to vicious habits, intemperance or willful misconduct on his or her part, there shall be paid annually in equal monthly installments from the fund to the surviving spouse of the employee during his or her lifetime, or until such time as the surviving spouse remarries, a sum equal to two and three-quarters percent of the total salary which would have been earned by the employee during twenty-five years of service with the agency based on his or her average earnings while employed with the agency. If there is no surviving spouse, or the surviving spouse dies or remarries, there shall be paid monthly to each dependent child or children from the fund, a sum equal to twenty-five percent of the surviving spouse's entitlement. If there is no surviving spouse and no dependent child or children, there shall be paid annually in equal monthly installments from the fund to the dependent parents of the deceased employee during their joint lifetimes, a sum equal to the amount which a surviving spouse would have been entitled to receive: Provided, That when there is only one dependent parent surviving, that parent is entitled to receive during his or her lifetime one-half the amount which both parents, if living, would have been entitled to receive.

(b) A surviving spouse or dependent meeting the requirements of this section is entitled to receive beneficiary payments on the first day following the date the deceased employee is removed from payroll by the agency. Upon receipt of properly executed forms from the agency and the surviving spouse or dependent, the board shall process the surviving spouse or dependent benefit as soon as administratively feasible.

(c) For the purposes of this section, the term "salary" does not include compensation paid for overtime service.

§15-2-35. Awards and benefits to dependents of retirant or after an employee serves twenty years.

(a) When any employee of the agency has completed twenty years of service or longer as an employee of the agency and has died or dies from any cause or causes other than those specified in this article before having been retired by the board, and when a retirant has died or dies after having been retired by the board under the provisions of this article, there shall be paid annually in equal monthly installments from the fund to the surviving spouse of the employee or retirant during the lifetime or until remarriage of the surviving spouse, an amount equal to three-fourths the retirement benefits the deceased retirant was receiving or would have been entitled to receive while in status of retirement, or would have been entitled to receive to the same effect as if the employee had been retired under the provisions of this article immediately prior to the time of his or her death and in no event to be less than \$5,000, unless otherwise required under this article, and in addition the surviving spouse shall be entitled to receive and shall be paid from the fund the sum of \$100 monthly for each dependent child or children. If the surviving spouse dies or remarries or if there is no surviving spouse, there shall be paid monthly from the fund to each dependent child or children of the deceased employee or retirant a sum equal to twenty-five percent of the surviving spouse's entitlement. If there is no surviving spouse or no surviving spouse eligible to receive benefits and no dependent child or children, there shall be paid annually in equal monthly installments from the fund to the dependent parents of the deceased employee or retirant during their joint lifetimes a sum equal to the amount which a surviving spouse without children would have been entitled to receive: Provided, That when there is only one dependent parent surviving, the parent shall be entitled to receive during his or her lifetime one-half the amount which both parents, if living, would have been entitled to receive.

(b) A surviving spouse or dependent of an employee meeting the requirements of this section is entitled to receive beneficiary payments on the first day following the date the deceased employee is removed from payroll by the agency. A surviving spouse or dependent of a retirant meeting the requirements of this section is entitled to receive beneficiary payments on the first day of the month following the date of the deceased retirant's death. Upon receipt of properly executed forms from the agency and the surviving spouse or dependent, the board shall process the surviving spouse or dependent benefit as soon as administratively feasible.

§15-2-35a. Authority to continue payments to certain dependents.

The board may continue payments of a surviving spouse's entitlement in full to any dependent children who continue to be dependent by reason of mental or physical incapacity as determined by the board notwithstanding the age of the dependent child or other provisions of this article.

WV Legislature

§15-2-36. Awards and benefits to dependents of member -- Termination.

When any surviving spouse of a member shall die or remarry while receiving or being entitled to receive any benefits under any section except section thirty-three of this article, such surviving spouse shall not from the date of such remarriage, nor shall the estate from the date of death of such surviving spouse be entitled to receive any benefits hereunder whatsoever: Provided, That in any case where under the terms of this article benefits are provided for a child or children surviving the death or remarriage of such surviving spouse, payment of such benefits to such child or children shall be calculated for payment from the date such surviving spouse shall die or remarry.

§15-2-37. Refunds to certain employees upon discharge or resignation; deferred retirement.

(a) Any employee who is discharged by order of the superintendent or otherwise terminates employment with the agency, at the written request of the member to the board, is entitled to receive from the fund a sum equal to the aggregate of the principal amount of moneys deducted from his or her salary and paid into the fund plus four percent interest compounded thereon calculated annually as provided and required by this article.

(b) Any member withdrawing contributions who may thereafter be reemployed by the agency shall not receive any prior service credit in the fund on account of former service. The employee may redeposit in the fund established in article two-a of this chapter the amount of the refund, together with interest thereon at the rate of seven and one-half percent per annum from the date of withdrawal to the date of redeposit, in which case he or she shall receive the same credit on account of his or her former service as if no refund had been made. He or she shall become a member of the retirement system established in article two-a of this chapter.

(c) Every employee who completes ten years of service with the agency is eligible, upon separation of employment, either to withdraw his or her contributions in accordance with subsection (a) of this section or to choose not to withdraw his or her accumulated contributions with interest. Upon attainment of age sixty-two, a member who chooses not to withdraw his or her contributions is eligible to receive a retirement annuity. Any member choosing to receive the deferred annuity under this subsection is not eligible to receive the annual annuity adjustment provided in section twenty-seven-a of this article. When the board retires any member under any of the provisions of this section, the member is entitled to receive annually and shall be paid from the fund in equal monthly installments during the lifetime of the member while in status of retirement one or the other of two amounts, whichever is greater, subject to reduction if necessary to comply with the maximum benefit provisions of Section 415 of the Internal Revenue Code and section forty-four of this article:

(1) An amount equal to five and one-half percent of the aggregate of salary paid to the employee during the whole period of service as an employee of the agency; or

(2) The sum of \$6,000.

(d) A member may choose, in lieu of a life annuity available under the provisions of subsection (c) of this section, an annuity in a reduced amount payable during the member's lifetime, with one half of the reduced monthly amount paid to his or her surviving spouse, for the spouse's remaining lifetime after the death of the retirant. Reduction of this monthly benefit amount shall be calculated to be of equal actuarial value to the life annuity the member could otherwise have chosen.

(e) A member retiring under the provisions of this section may receive retirement annuity payments on the day following his or her attaining age sixty-two. Upon receipt of properly

executed forms from the agency and the member, the board shall process the member's retirement benefit and commence annuity payments as soon as administratively feasible.

WV Legislature

§15-2-38. Refund to dependents upon death of member not eligible for benefits.

If any member dies and the board is of the opinion after hearing that the dependent or dependents of the member are ineligible under the provisions of this article to receive any of the benefits provided herein, the board shall refund to the spouse, if surviving, but if not surviving, to the children of the member, and if there is no surviving spouse or children, to the dependent parents, a sum equal to the aggregate of the principal amount of all moneys deducted from the salary of the member and paid into the fund. If there is no surviving spouse or children or dependent parent or parents, then a sum equal to the aggregate of the principal amount of all moneys deducted from the salary of the member and paid into the fund will be paid to the member's estate. Whenever a refund is made to the surviving spouse or other dependents of the deceased member, the surviving spouse or other dependents shall not be entitled to any other rights or benefits from the fund.

§15-2-39. Dependent child or children.

In any case where under the terms of this article benefits are provided for dependent child or children, the benefits shall be paid for so long as they continue to meet the qualifications provided under the provisions of this article.

WV Legislature

§15-2-39a. Limitations on benefit increases.

(a) The state shall not increase any existing benefits or create any new benefits for any retirees or beneficiaries currently receiving monthly benefit payments from the system, other than an increase in benefits or new benefits effected by operation of law in effect on the effective date of this article, in an amount that would exceed more than one percent of the accrued actuarial liability of the system as of the last day of the preceding fiscal year as determined in the annual actuarial valuation for the plan completed for the Consolidated Public Retirement Board as of the first day of the following fiscal year as of the date the improvement is adopted by the Legislature.

(b) If any increase of existing benefits or creation of new benefits for any retirees or beneficiaries currently receiving monthly benefit payments under the system, other than an increase in benefits or new benefits effected by operation of law in effect on the effective date of this article, causes any additional unfunded actuarial accrued liability in any of the West Virginia state sponsored pension systems as calculated in the annual actuarial valuation for the plan during any fiscal year, the additional unfunded actuarial accrued liability of the system shall be fully amortized over no more than the six consecutive fiscal years following the date the increase in benefits or new benefits become effective as certified by the Consolidated Public Retirement Board. Following the receipt of the certification of additional actuarial accrued liability, the Governor shall submit the amount of the amortization payment each year for the system as part of the annual budget submission or in an executive message to the Legislature.

(c) Notwithstanding the provisions of subsections (a) and (b) of this section, the computation of annuities or benefits for active members due to retirement, death or disability as provided for in the system shall not be amended in such a manner as to increase any existing benefits or to provide for new benefits.

(d) The provisions of this section terminate effective July 1, 2025: Provided, That if bonds are issued pursuant to article eight, chapter twelve of this code, the provisions of this section shall not terminate while any of the bonds are outstanding.

§15-2-40. Commission on drunk driving prevention created; members; quorum; meetings.

There is hereby created within the department of public safety the commission on drunk driving prevention which shall consist of eight members as follows: The superintendent of the department of public safety; the commissioner of the department of motor vehicles; the Alcohol Beverage Control Commissioner; the Governor's representative for highway safety; a prosecuting attorney appointed by the Governor from a list of three prosecuting attorneys submitted by the prosecuting attorney's association; a county sheriff appointed by the Governor from a list of three county sheriffs submitted by the county sheriff's association; a municipal police officer appointed by the Governor from a list of three officers submitted by the state fraternal order of police; a lay citizen of the state appointed by the Governor, who has demonstrated an interest in the prevention of drunk driving.

The superintendent of the department of public safety shall be the chairman, ex officio, of the commission and shall provide the necessary staff and meeting facilities to the commission. The appointed members shall serve for a term of two years and may be reappointed. Any appointed member who ceases to occupy the position which qualifies him for the appointment shall immediately vacate his membership on the commission. Each member shall serve until the appointment of his successor.

No member shall receive any compensation, but shall be reimbursed for actual and necessary expenses incurred in the performance of his duties.

A majority of the members of the commission shall constitute a quorum for the transaction of business. Meetings shall be held at the call of the chairman or of a majority of its members.

§15-2-41. Powers and duties of commission; rule-making authority; monitoring and reporting.

The commission shall have the following powers and duties:

- (a) Develop and maintain a comprehensive program to prevent drunk driving and to enhance the enforcement of laws defining drunk driving offenses.
- (b) Inquire and determine from state and local law- enforcement agencies the availability and need for equipment and additional personnel for the effective enforcement of laws defining drunk driving offenses.
- (c) Subject to appropriations of the Legislature, administer the drunk driving prevention fund created by the provisions of section sixteen, article fifteen, chapter eleven of this code by providing grants to state and local law- enforcement agencies for the purchase of equipment or hiring of additional personnel for the effective enforcement of laws defining drunk driving offenses and such other items as the commission may define by legislative rule to be reasonable and necessary.
- (d) Promulgate rules to guide and administer said fund and to establish procedures and criteria for grants to state and local law-enforcement agencies under this section, in accordance with the provisions of article three, chapter twenty-nine-a of this code.
- (e) Monitor, review and evaluate the expenditure, use and effectiveness of the fund and report to the Legislature annually on the exercise of its powers and duties under this section, including an annual accounting of expenditures and of the grants made under this section.

§15-2-42. Drunk driving enforcement program established; purpose.

The superintendent of the department shall establish and maintain a drunk driving enforcement program for the purpose of enforcing drunk driving laws in the state, especially the investigation and apprehension of persons driving illegally on previously revoked or suspended operators' licenses for drunk driving related offenses. The superintendent shall develop a program in cooperation with local law-enforcement agencies to accomplish this purpose.

§15-2-43. Awarding service revolver upon retirement and disposal of service weapon when replaced due to routine wear.

(a) Upon the retirement of a member of the West Virginia state police, the superintendent shall award to the retiring member his or her service revolver, without charge, upon determining:

(1) That the retiring member is retiring honorably with at least twenty years of service; or

(2) Such retiring member is retiring with less than twenty years of service based upon a determination that such member is totally physically disabled as a result of his or her service with the West Virginia state police.

(b) Notwithstanding the provisions of subsection (a) of this section, the superintendent may not award his or her service revolver to any member whom the superintendent finds to be mentally incapacitated or who constitutes a danger to any person or the community.

(c) The disposal of state police service weapons, when replaced due to routine wear, shall not fall under the jurisdiction of the agency for surplus property, within the Purchasing Division of the Department of Administration. The superintendent may offer these surplus weapons for sale to any active or retired member of the State Police, at fair market value, with the proceeds from any sales used to offset the cost of the new weapons.

§15-2-44. Federal law maximum benefit limitations.

Notwithstanding any other provision of this article or state law, the board shall administer the fund in compliance with the limitations of Section 415 of the Internal Revenue Code and regulations under that section to the extent applicable to governmental plans (hereafter sometimes referred to as the "415 limitation(s)" or "415 dollar limitation(s)"), so that the annual benefit payable under this system to a member shall not exceed those limitations. Any annual benefit payable under this system shall be reduced or limited if necessary to an amount which does not exceed those limitations. The extent to which any annuity or other annual benefit payable under this fund shall be reduced, as compared with the extent to which an annuity, contributions or other benefits under any other defined benefit plans or defined contribution plans required to be taken into consideration under Section 415 of the Internal Revenue Code shall be reduced, shall be proportional on a percentage basis to the reductions made in such other plans administered by the board and required to be so taken into consideration under Section 415, unless a disproportionate reduction is determined by the board to maximize the aggregate benefits payable to the member. If the reduction is under this fund, the board shall advise affected members or retirants of any additional limitation on the annuities or other annual benefit required by this section. For purposes of the 415 limitations, the "limitation year" shall be the calendar year. The 415 limitations are incorporated herein by reference, except to the extent the following provisions may modify the default provisions thereunder:

(a) The annual adjustment to the 415 dollar limitations made by Section 415(d) of the Internal Revenue Code and the regulations thereunder shall apply for each limitation year. The annual adjustments to the dollar limitations under Section 415(d) of the Internal Revenue Code which become effective: (i) After a retirant's severance from employment with the employer; or (ii) after the annuity starting date in the case of a retirant who has already commenced receiving benefits, will apply with respect to a retirant's annual benefit in any limitation year. A retirant's annual benefit payable in any limitation year from this retirement fund shall in no event be greater than the limit applicable at the annuity starting date, as increased in subsequent years pursuant to Section 415(d) of the Internal Revenue Code and the regulations thereunder.

(b) For purposes of this section, the "annual benefit" means a benefit that is payable annually in the form of a straight life annuity. Except as provided below, where a benefit is payable in a form other than a straight life annuity, the benefit shall be adjusted to an actuarially equivalent straight life annuity that begins at the same time as such other form of benefit, using factors prescribed in the 415 limitation regulations, before applying the 415 limitations. No actuarial adjustment to the benefit shall be made for: (1) Survivor benefits payable to a surviving spouse under a qualified joint and survivor annuity to the extent such benefits would not be payable if the member's benefit were paid in another form; (2) benefits that are not directly related to retirement benefits (such as a qualified disability benefit, preretirement incidental death benefits, and post-retirement medical benefits); or (3) the inclusion in the form of benefit of an automatic benefit increase feature, provided the form of benefit is not subject to Section 417(e)(3) of the Internal Revenue Code and would otherwise

satisfy the limitations of this article, and the plan provides that the amount payable under the form of benefit in any limitation year shall not exceed the limits of this article applicable at the annuity starting date, as increased in subsequent years pursuant to Section 415(d) of the Internal Revenue Code. For this purpose an automatic benefit increase feature is included in a form of benefit if the form of benefit provides for automatic, periodic increases to the benefits paid in that form.

(c) Adjustment for benefit forms not subject to Section 417(e)(3). -- The straight life annuity that is actuarially equivalent to the member's form of benefit shall be determined under this subsection if the form of the member's benefit is either: (1) A nondecreasing annuity (other than a straight life annuity) payable for a period of not less than the life of the member (or, in the case of a qualified preretirement survivor annuity, the life of the surviving spouse); or (2) an annuity that decreases during the life of the member merely because of: (i) The death of the survivor annuitant (but only if the reduction is not below fifty percent of the benefit payable before the death of the survivor annuitant); or (ii) the cessation or reduction of Social Security supplements or qualified disability payments (as defined in Section 411(a)(9) of the Internal Revenue Code). The actuarially equivalent straight life annuity is equal to the greater of: (I) The annual amount of the straight life annuity (if any) payable to the member under the plan commencing at the same annuity starting date as the member's form of benefit; and (II) the annual amount of the straight life annuity commencing at the same annuity starting date that has the same actuarial present value as the member's form of benefit, computed using a five percent interest rate assumption and the applicable mortality table defined in Treasury Regulation §1.417(e)-1(d)(2) (Revenue Ruling 2001-62 or any subsequent Revenue Ruling modifying the applicable provisions of Revenue Ruling 2001-62) for that annuity starting date.

(d) Adjustment for benefit forms subject to Section 417(e)(3). -- The straight life annuity that is actuarially equivalent to the member's form of benefit shall be determined under this subsection if the form of the member's benefit is other than a benefit form described in subdivision (c) of this section. In this case, the actuarially equivalent straight life annuity shall be determined as follows: The actuarially equivalent straight life annuity is equal to the greatest of: (1) The annual amount of the straight life annuity commencing at the same annuity starting date that has the same actuarial present value as the member's form of benefit, computed using the interest rate specified in this retirement fund and the mortality table (or other tabular factor) specified in this retirement fund for adjusting benefits in the same form; (2) the annual amount of the straight life annuity commencing at the same annuity starting date that has the same actuarial present value as the member's form of benefit, computed using a five and a half percent interest rate assumption and the applicable mortality table defined in Treasury Regulation §1.417(e)-1(d)(2) (Revenue Ruling 2001-62 or any subsequent Revenue Ruling modifying the applicable provisions of Revenue Ruling 2001-62) for that annuity starting date; and (3) the annual amount of the straight life annuity commencing at the same annuity starting date that has the same actuarial present value as the member's form of benefit, computed using the applicable interest rate defined in Treasury Regulation §1.417(e)-1(d)(3) and the applicable mortality table defined in Treasury

Regulation §1.417(e)-1(d)(2) (the mortality table specified in Revenue Ruling 2001-62 or any subsequent Revenue Ruling modifying the applicable provisions of Revenue Ruling 2001-62), divided by 1.05.

(e) Benefits payable prior to age sixty-two. --

(1) Except as provided in paragraphs (2) and (3) of this subdivision, if the member's retirement benefits become payable before age sixty-two, the 415 dollar limitation prescribed by this section shall be reduced in accordance with regulations issued by the Secretary of the Treasury pursuant to the provisions of Section 415(b) of the Internal Revenue Code, so that the limitation (as so reduced) equals an annual straight life benefit (when the retirement income benefit begins) which is equivalent to an annual benefit in the amount of the applicable dollar limitation of Section 415(b)(1)(A) of the Internal Revenue Code (as adjusted pursuant to Section 415(d) of the Internal Revenue Code) beginning at age sixty-two.

(2) The limitation reduction provided in paragraph (1) of this subdivision shall not apply if the member commencing retirement benefits before age sixty-two is a qualified participant. A qualified participant for this purpose is a participant in a defined benefit plan maintained by a state, or any political subdivision of a state, with respect to whom the service taken into account in determining the amount of the benefit under the defined benefit plan includes at least fifteen years of service: (i) As a full-time employee of any police or fire department organized and operated by the state or political subdivision maintaining the defined benefit plan to provide police protection, firefighting services or emergency medical services for any area within the jurisdiction of such state or political subdivision; or (ii) as a member of the Armed Forces of the United States.

(3) The limitation reduction provided in paragraph (1) of this subdivision shall not be applicable to preretirement disability benefits or preretirement death benefits.

(4) For purposes of adjusting the 415 dollar limitation for benefit commencement before age sixty-two or after age sixty-five (if the plan provides for such adjustment), no adjustment is made to reflect the probability of a member's death: (i) After the annuity starting date and before age sixty-two; or (ii) after age sixty-five and before the annuity starting date.

(f) Adjustment when member has less than ten years of participation. -- In the case of a member who has less than ten years of participation in the retirement fund (within the meaning of Treasury Regulation §1.415(b)-1(g)(1)(ii)), the 415 dollar limitation (as adjusted pursuant to Section 415(d) of the Internal Revenue Code and subdivision (e) of this section) shall be reduced by multiplying the otherwise applicable limitation by a fraction, the numerator of which is the number of years of participation in the plan (or one, if greater), and the denominator of which is ten. This adjustment shall not be applicable to preretirement disability benefits or preretirement death benefits.

(g) The application of the provisions of this section shall not cause the maximum annual

benefit provided to a member to be less than the member's accrued benefit as of December 31, 2008 (the end of the limitation year that is immediately prior to the effective date of the final regulations for this retirement system as defined in Treasury Regulation §1.415(a)-1(g)(2)), under provisions of the retirement system that were both adopted and in effect before April 5, 2007, provided that such provisions satisfied the applicable requirements of statutory provisions, regulations, and other published guidance relating to Section 415 of the Internal Revenue Code in effect as of December 31, 2008, as described in Treasury Regulation §1.415(a)-1(g)(4). If additional benefits are accrued for a member under this retirement system after January 1, 2009, then the sum of the benefits described under the first sentence of this subsection and benefits accrued for a member after January 1, 2009, must satisfy the requirements of Section 415, taking into account all applicable requirements of the final 415 Treasury Regulations.

§15-2-45. Federal law minimum required distributions.

The requirements of this section apply to any distribution of a member's or beneficiary's interest and take precedence over any inconsistent provisions of this code. This section applies to plan years beginning after December 31, 1986. Notwithstanding anything in the retirement system to the contrary, the payment of benefits under this article shall be determined and made in accordance with §401(a)(9) of the Internal Revenue Code and the federal regulations promulgated thereunder as applicable to governmental plans, including without limitation the minimum distribution incidental benefit (MDIB) requirement of §401(a)(9)(G) and the regulations thereunder, and the incidental benefit rule of §1.401-1(b)(1)(i) of the regulations. Any term used in this article has the same meaning as when used in a comparable context in §401(a)(9) of the Internal Revenue Code and the federal regulations promulgated thereunder unless a different meaning is clearly required by the context or definition in this article. The following provisions apply to payments of benefits required under this article:

(a) The payment of benefits under the fund to any member shall be distributed to him or her not later than the required beginning date, or be distributed to him or her commencing not later than the required beginning date, in accordance with regulations prescribed under section 401(a)(9) of the Internal Revenue Code, over the life of the member or over the lives of the member and his or her beneficiary, or over a period not extending beyond the life expectancy of the member and his or her beneficiary: *Provided*, That the requirements of this section may not be construed to grant a right to a form of benefit which is not otherwise available to a particular member under this retirement system. For purposes of this section, the term "required beginning date" means April 1 of the calendar year following the later of:

- (1) The calendar year in which the member attains the applicable age as set forth in this paragraph; or

- (2) The calendar year in which he or she retires or otherwise separates from covered employment.

The applicable age is:

- (A) Seventy-two, if the individual attains age 72 prior to January 1, 2023;

- (B) Seventy-three, if the individual attains age 72 after December 31, 2022, and attains age 73 before January 1, 2033; or

- (C) Seventy-five, if the individual attains age 74 after December 31, 2032; provided that the applicable age shall be determined in accordance with the provisions of §401(a)(9) of the Internal Revenue Code and the Treasury Regulations thereunder, as the same may be amended from time to time. Benefit payments under this section shall not be delayed pending, or contingent upon, receipt of an application for retirement from the member.

- (b) If a member dies after distribution to him or her has commenced pursuant to this section

but before his or her entire interest in the retirement system has been distributed, then the remaining portion of that interest shall be distributed at least as rapidly as under the method of distribution being used at the date of his or her death.

(c) If a member dies before distribution to him or her has commenced, then his or her entire interest in the fund is to be distributed by December 31 of the calendar year containing the fifth anniversary of the member's death, unless the provisions of subsection (d) of this section apply.

(d) If a member dies before distribution to him or her has commenced, and the member's interest is eligible to be paid in the form of a survivor annuity to a designated beneficiary, distributions are to be made over the life of that beneficiary or over a period certain not greater than the life expectancy of that beneficiary, commencing on or before the following:

(1) December 31 of the calendar year immediately following the calendar year in which the member died; or

(2) If the member's sole designated beneficiary is either the surviving spouse or a former spouse who, as an alternate payee under a Qualified Domestic Relations Order, is receiving 100 percent of the survivor benefit, distributions are to commence on or before the later of:

(A) December 31 of the calendar year in which the member would have attained the applicable age as set forth in the definition of required beginning date provided in subsection (a) of this section; or

(B) December 31 of the calendar year immediately following the calendar year in which the member died.

(e) If a member dies before distribution to him or her has commenced and the survivor annuity provisions of subsection (d) of this section are not applicable, any designated beneficiary who is eligible to receive a distribution pursuant to the provisions of subsection (c) of this section may elect to have life expectancy treatment apply to the distribution for purposes of determining whether any portion of the distribution is an eligible rollover distribution: *Provided*, That any such election shall not delay the required distribution of the deceased member's entire interest in the retirement system beyond December 31 of the calendar year containing the fifth anniversary of the member's death as required by subsection (c) of this section: *Provided, however*, That the election is timely made in a form acceptable to the board on or before the following:

(1) December 31 of the calendar year immediately following the calendar year in which the member died; or

(2) If the member's sole designated beneficiary is either the surviving spouse or a former spouse who, as an alternate payee under a Qualified Domestic Relations Order, is receiving 100 percent of the survivor benefit, election of life expectancy treatment must be made on or

before the earlier of:

(A) The later of: (i) December 31 of the calendar year immediately following the calendar year in which the member died; or (ii) December 31 of the calendar year in which the member would have attained the applicable age as set forth in the definition of required beginning date provided in subsection (a) of this section; or

§15-2-46. Direct rollovers.

(a) Except where otherwise stated, this section applies to distributions made on or after January 1, 1993. Notwithstanding any provision of this article to the contrary that would otherwise limit a distributee's election under this fund, a distributee may elect, at the time and in the manner prescribed by the board, to have any portion of an eligible rollover distribution that is equal to at least \$500 paid directly to an eligible retirement plan specified by the distributee in a direct rollover. For purposes of this section, the following definitions apply:

(1) "Eligible rollover distribution" means any distribution of all or any portion of the balance to the credit of the distributee, except that an eligible rollover distribution does not include any of the following: (i) Any distribution that is one of a series of substantially equal periodic payments not less frequently than annually made for the life or life expectancy of the distributee or the joint lives or the joint life expectancies of the distributee and the distributee's designated beneficiary, or for a specified period of ten years or more; (ii) any distribution to the extent the distribution is required under Section 401(a)(9) of the Internal Revenue Code; (iii) the portion of any distribution that is not includable in gross income determined without regard to the exclusion for net unrealized appreciation with respect to employer securities; (iv) any hardship distribution described in Section 401(k)(2)(B)(i)(iv) of the Internal Revenue Code; and (v) any other distribution or distributions that are reasonably expected to total less than \$200 during a year. For distributions after December 31, 2001, a portion of a distribution shall not fail to be an eligible rollover distribution merely because the portion consists of after-tax employee contributions which are not includable in gross income. However, this portion may be paid only to an individual retirement account or annuity described in Section 408(a) or (b) of the Internal Revenue Code, or (for taxable years beginning before January 1, 2007) to a qualified trust which is part of a defined contribution plan described in Section 401(a) or (for taxable years beginning after December 31, 2006) to a qualified trust or to an annuity contract described in Section 403(a) or (b) of the Internal Revenue Code that agrees to separately account for amounts transferred (including interest or earnings thereon), including separately accounting for the portion of the distribution which is includable in gross income and the portion of the distribution which is not so includable, or (for taxable years beginning after December 31, 2007) to a Roth IRA described in Section 408A of the Internal Revenue Code.

(2) "Eligible retirement plan" means an individual retirement account described in Section 408(a) of the Internal Revenue Code, an individual retirement annuity described in Section 408(b) of the Internal Revenue Code, an annuity plan described in Section 403(a) of the Internal Revenue Code, or a qualified plan described in Section 401(a) of the Internal Revenue Code, that accepts the distributee's eligible rollover distribution: Provided, That in the case of an eligible rollover distribution prior to January 1, 2002, to the surviving spouse, an eligible retirement plan is limited to an individual retirement account or individual retirement annuity. For distributions after December 31, 2001, an eligible retirement plan also means an annuity contract described in Section 403(b) of the Internal Revenue Code and an eligible plan under Section 457(b) of the Internal Revenue Code which is maintained

by a state, political subdivision of a state, or any agency or instrumentality of a state or political subdivision of a state and which agrees to separately account for amounts transferred into the plan from this system. For distributions after December 31, 2007, an eligible retirement plan also means a Roth IRA described in Section 408A of the Internal Revenue Code: Provided, That in the case of an eligible rollover distribution after December 31, 2007, to a designated beneficiary (other than a surviving spouse) as such term is defined in Section 402(c)(11) of the Internal Revenue Code, an eligible retirement plan is limited to an individual retirement account or individual retirement annuity which meets the conditions of Section 402(c)(11) of the Internal Revenue Code.

(3) "Distributee" means a member. In addition, the member's surviving spouse and the member's spouse or former spouse who is the alternate payee under a qualified domestic relations order, as defined in Section 414(p) of the Internal Revenue Code with respect to governmental plans, are distributees with regard to the interest of the spouse or former spouse. For distributions after December 31, 2007, "distributee" also includes a designated beneficiary (other than a surviving spouse) as such term is defined in Section 402(c)(11) of the Internal Revenue Code.

(4) "Direct rollover" means a payment by the system to the eligible retirement plan.

(b) Nothing in this section may be construed as permitting rollovers into this fund or any other retirement system administered by the board.

§15-2-47. Federal qualification requirements.

This retirement system is intended to meet the requirements of Section 401(a) of the Internal Revenue Code as applicable to governmental plans. Notwithstanding any other provision of state law, the board shall administer the retirement system to fulfill this intent for the exclusive benefit of the members and their beneficiaries. Any provision of this article referencing or relating to these federal qualification requirements shall be effective as of the date required by federal law. The board may promulgate rules and amend or repeal conflicting rules in accordance with the authority granted to the board pursuant to section one, article ten-d of chapter five to assure compliance with this section.

§15-2-48. Specification of actuarial assumptions.

The board shall specify and adopt all actuarial assumptions for the fund at its first meeting of every calendar year or as soon thereafter as may be practicable, which assumptions shall become part of the terms of the fund.

WV Legislature

§15-2-51. State police reemployment.

(a) The Legislature finds:

(1) That the West Virginia state police is currently suffering from an unacceptably high number of vacant trooper positions, and that given the time factors and expense associated with the hiring and training of personnel with no prior law-enforcement experience, it is in the interest of the state to reemploy recently retired troopers in order to fill vacant positions;

(2) That no pension rights of any kind shall accrue or attach pursuant to reemployment under this section;

(3) That the State Police shall bear no responsibility for medical payments for work related injuries or illnesses of employees hired pursuant to this section, other than those commonly associated with state employees covered by workers' compensation.

(b) Notwithstanding any provision of this code to the contrary, any member of the West Virginia state police honorably retired pursuant to the provisions of section twenty-seven of this article between December 1, 1997 and December 1, 2002, may, at the discretion of the superintendent and subject to executive order of the Governor specifying circumstances warranting such reemployment and establishing beginning and end dates for such reemployment, be reemployed subject to the provisions of this section.

(c) Notwithstanding any provision of this code to the contrary, any honorably retired member of the State Police who qualifies for reemployment pursuant to the provisions of this section and who is not currently certified as a law-enforcement officer under section five, article twenty-nine, chapter thirty of this code may be deemed to have met the entry level law-enforcement recertification requirements of 149 CSR 215, Section 15.3, upon successful completion of a course of instruction prescribed by the superintendent. Such course of instruction shall include at a minimum the following subject areas: Firearms training and certification, defensive driving, mechanics of arrest, law of arrest search and seizure, West Virginia motor vehicle law, criminal law update, and domestic crimes.

(d) Any member reemployed pursuant to the provisions of this section shall hold the nonsupervisory rank of corporal and shall receive the same compensation as a regularly enlisted member of the same rank. For purposes of determining length of service pursuant to section five of this article, any member reemployed pursuant to this section shall receive credit for all years of service accrued prior to their retirement, as well as service rendered after reemployment. Any member reemployed pursuant to this section shall exercise the same authority as a regularly enlisted member of the State Police, shall wear the same uniform and insignia, shall be subject to the same oath, shall execute the same bond, shall exercise the same powers and shall be subject to the same limitations as a regularly enlisted member of the State Police.

(e) Any member reemployed pursuant to the provisions of this section shall not be eligible

for promotion or reclassification of any type, nor shall he or she be eligible for appointment to temporary rank pursuant to the provisions of section four of this article.

(f) Any reemployment offered subject to the provisions of this section shall be for a period not exceeding five years from the effective date of this section.

(g) Any retired member applying for reemployment under this section shall be required to pass such mental and physical examinations, and meet such other requirements as may be provided for in rules promulgated by the superintendent pursuant to this section.

(h) Notwithstanding the provisions of section ten of this article, the superintendent shall make provisions for coverage of personnel employed pursuant to this section by the workers' compensation division, Bureau of Employment Programs. In the event a member reemployed pursuant to this section sustains an illness or injury which is work related in origin, any cost associated with the treatment of same shall be defrayed in this manner and not from state police funds.

(i) In the event a work related illness or injury, as described within subsection (h) above, renders a member of the division employed pursuant to the provisions of this section permanently physically or mentally disabled, the provisions of subsections (a) and (b), section twenty-nine of this article shall apply, and the member's existing pension shall be recalculated as though the disabling event had occurred coincident with the member's original retirement. Any change in benefits resulting from this recalculation shall not be retroactive in nature. The provisions of subsection (c), section twenty-nine of this article shall not apply with respect to payments for medical, surgical, laboratory, X-ray, hospital, ambulance and dental expenses and fees. Neither shall the provisions of this subsection apply in the event the member is disabled due to some cause or event which is determined not to be work related.

(j) Any individual reemployed pursuant to this section is not eligible to contribute to any pension plan administered by the Consolidated Public Retirement Board, nor may he or she establish or accrue any new pension eligibility pursuant to such reemployment.

(k) Notwithstanding any provision of this code to the contrary, any member reemployed pursuant to this section shall serve at the will and pleasure of the superintendent, and is subject to termination without cause. Any member reemployed pursuant to this section shall not be included in the classified service of the civil service system.

(l) Notwithstanding any provision of this code to the contrary, compensation paid to any member reemployed pursuant to this section shall be in addition to any retirement payments or pension benefits which he or she is already entitled to receive under section twenty-seven of this article.

(m) The provisions of this section shall terminate on April 1, 2004.

§15-2-52. Termination of benefits; procedures.

(a) Whenever the board determines that a person seeking benefits under the provisions of this article has made false representation of a material fact in support of applying for or retaining benefits or has falsified or permitted to be falsified any record or records of the retirement system in support of benefits, the board shall terminate any present benefit approved as a result of the false statement or record. In addition, the board shall initiate appropriate action to recover any benefits paid by virtue of the false representation.

(b) Any termination of benefits pursuant to this section may be appealed pursuant to the state administrative procedures act in chapter twenty-nine-a of this code. The board may promulgate rules in accordance with the provisions of article three of said chapter regarding the procedure for termination of benefits and any repayment of benefits.

§15-2-53. State law-enforcement association members annual leave program.

(a) Notwithstanding any provision of this code to the contrary, members of the largest statewide professional law-enforcement association representing members of the West Virginia State Police may donate annual leave time to the president of the association. The president may designate the vice president of the association or the chairman of the association's board of directors to act on his or her behalf. The West Virginia State Police will calculate the dollar value of the donated leave based on the hourly rate of the donor multiplied by the number of hours of annual leave to be donated and the donee will use the annual leave at the present dollar value of the donee's hourly rate. The donated annual leave may be used by the president or designee in the performance of his or her duties including: (1) Assistance to members; and (2) the legislative session and legislative meetings.

(b) When the president of the association or his or her designee uses the donated annual leave he or she is considered on personal annual leave of absence with pay just as if he or she used his or her annual leave. While the president of the association or his or her designee are using donated annual leave, all payroll deductions and employee status are maintained as if he or she had

used his or her regularly accrued annual leave. All donated leave that is not used by July 1 of every year will be forfeited to the state and no unused donated leave may be used to add to the president's or his or her designee's retirement.

(c) No member of the association shall be considered absent from service as a member of the West Virginia State Police while serving as president of the association, or as his or her designee in that capacity: Provided, That the period of service credit granted for that service shall not exceed ten years: Provided, however, That a member of the West Virginia State Police Retirement System who is serving or has served as president of the association, or as his or her designee, shall make deposits to the West Virginia State Police Retirement Fund, for the time of any absence, in an amount equal to the sum of the amount which both the employer and the employee would have contributed in his or her regular assignment for a like period of time: Provided further, That if the president of the association, or his or her designee, is a member of the West Virginia State Police Death, Disability and Retirement Fund, he or she may not receive service credit for time spent serving as president or the president's designee.

§15-2-54. Correction of errors; underpayments; overpayments.

(a) *General rule.* — Upon learning of any errors, the board shall correct errors in the system in a timely manner whether the individual, entity, or board was at fault for the error with the intent of placing the affected individual, entity and retirement board in the position each would have been in had the error not occurred.

(b) *Underpayments to the system.* — Any error resulting in an underpayment to the system may be corrected by the member or retirant remitting the required employee contribution or underpayment and the employer remitting the required employer contribution or underpayment. Interest shall accumulate in accordance with the legislative rule 162 CSR 7 concerning retirement board refund, reinstatement, retroactive service, loan and correction of error interest factors and any accumulating interest owed on the employee and employer contributions or underpayments resulting from an employer error is the responsibility of the employer. The employer may remit total payment and the employee reimburse the employer through payroll deduction over a period equivalent to the time period during which the employer error occurred. If the correction of an error involving an underpayment to the system will result in the system correcting an erroneous underpayment from the system, the correction of the underpayment from the system shall be made only after the board receives full payment of all required employee and employer contributions or underpayments, including interest.

(c) *Overpayments to the system by an employer.* — When mistaken or excess employer contributions, including any overpayments have been made to the system by the employer, the board shall credit the employer with an amount equal to the overpayment, to be offset against the employer's future liability for employer contributions to the system. If the employer has no future liability for employer contributions to the retirement system, the board shall refund the erroneous contributions directly to the employer. Earnings or interest shall not be returned, offset or credited to the employer under any of the means used by the board for returning employer overpayments to the retirement system.

(d) *Overpayments to the system by an employee.* — When mistaken or excess employee contributions or overpayments have been made to the system, the board shall have sole authority for determining the means of return, offset or credit to or for the benefit of the individual making the mistaken or excess employee contribution of the amounts, and may use any means authorized or permitted under the provisions of section 401(a), *et seq.* of the Internal Revenue Code and guidance issued thereunder applicable to governmental plans. Alternatively, in its full and complete discretion, the board may require the employer employing the individual to pay the individual the amounts as wages, with the board crediting the employer with a corresponding amount to offset against its future contributions to the plan. If the employer has no future liability for employer contributions to the system, the board shall refund said amount directly to the employer: *Provided*, That the wages paid to the individual shall not be considered compensation for any purposes of this article. Earnings or interest shall not be returned, offset, or credited under any of the means used by the board for returning employee overpayments.

(e) *Overpayments from the system.* — If any error results in any member, retirant, beneficiary, entity or other individual receiving from the system more than he would have been entitled to receive had the error not occurred the board, upon learning of the error, shall correct the error in a timely manner. If correction of the error occurs after annuity payments to a retirant or beneficiary have commenced, the board shall prospectively adjust the payment of the benefit to the correct amount. In addition, the member, retirant, beneficiary, entity or other person who received the overpayment from the system shall repay the amount of any overpayment to the system in any manner permitted by the board. If the member, retirant, beneficiary or other person who received the overpayment is deceased and an annuity or lump sum benefit is still payable, the amount of the remaining overpayment shall be offset against the benefit payment owed in a manner consistent with the board's error correction policy. Interest shall not accumulate on any corrective payment made to the system pursuant to this subsection.

(f) *Underpayments from the system.* — If any error results in any member, retirant, beneficiary, entity or other individual receiving from the retirement system less than he would have been entitled to receive had the error not occurred, the board, upon learning of the error, shall correct the error in a timely manner. If correction of the error occurs after annuity payments to a retirant or beneficiary have commenced, the board shall prospectively adjust the payment of the benefit to the correct amount. In addition, the board shall pay the amount of such underpayment to the member, retirant, beneficiary or other individual in a lump sum. Interest shall not be paid on any corrective payment made by the system pursuant to this subsection.

(g) *Eligibility errors.* — If the board finds that an individual, employer, or both individual and employer currently or formerly participating in the retirement system is not eligible to participate, the board shall notify the individual and his or her employer of the determination and terminate participation in the system. Any erroneous payments to the system shall be returned to the employer and individual in accordance with the methods described in subsections (c) and (d) of this section and any erroneous payments from the system to such individual shall be returned to the system in accordance with the methods described in subsection (e) of this section. Any erroneous service credited to the individual shall be removed. If the board determines that an individual or employer, or both, has not been participating in the system, but was eligible to and required to be participating in the system, the board shall as soon as practicable notify the individual and his or her employer of the determination, and the individual and his or her employer shall prospectively commence participation in the system as soon as practicable. Service credit for service prior to the date on which the individual prospectively commences participation in the system shall be granted only if the board receives the required employer and employee contributions for such service, in accordance with subsection (b) in this section, including interest.
