The board may provide for the construction of the project by one of the two following methods or any combination thereof:

(1) If there exists a governmental agency with the experience, knowledge and authority to construct the project, the board may elect to enter into a contract with such agency for the construction of all or part of the project or for any other service necessary or incident to the construction of the project, in which case such governmental agency shall be responsible for entering into contracts, subject to the board's approval, with such other persons as may be necessary or incident to the construction of the project; or

(2) The board may elect to enter into one or more contracts with such contractors and other persons as may be necessary or incident to the construction of the project, in which case it shall solicit competitive bids. All contracts for work on any project, the expense of which will exceed \$50,000, shall be awarded to the lowest qualified responsible bidder who shall furnish a sufficient performance and payment bond. The board may reject any and all bids and if it rejects all bids, notices shall be published as originally required before any other bids may be received. The board may let portions of the work necessary to complete a project under different contracts.

(b) The resolution described in subsection (a) of this section shall also provide for payment of the cost of the project.

(c) Prior to the construction of the project, the board shall obtain such permits and licenses required by law for the construction and operation of the project.

§16-13E-8. Notice to property owners of assessments; correcting and laying assessments; report on project completion; credits.

(a) Prior to the issuance of assessment bonds or pledging any amounts to payment of tax increment financing obligation debt service, the board shall cause a report to be prepared describing each lot or parcel of land located within the community enhancement district and setting forth the total cost of the project based on the contract with the governmental agency, the accepted bid or bids, or a cost estimate certified by a professional engineer, and all other costs incurred prior to the commencement of construction and the future administrative costs, and the respective amounts chargeable upon each lot or parcel of land and the proper amount to be assessed against the respective lots or parcels of land with a description of the lots and parcels of land as to ownership and location. If two or more different kinds of projects are involved, the report shall set forth the portion of the assessment attributable to each respective project. The board shall thereupon give notice to the owners of real property to be assessed that on or after a date specified in the notice an assessment will be deemed granted against the property. The notice shall state that the owner of assessed property, or other interested party, may on said date appear before the board to move the revision or correction of the proposed assessment and shall show the total cost of the project, whether the assessments will pay for all or part of the total cost of the project and the lots or parcels of property to be assessed and the respective amounts to be assessed against such lots or parcels, with a description of the respective lots and parcels of land as to ownership and location. The notice shall also be published as a Class II-0 legal advertisement in compliance with the provisions of article three, chapter fifty-nine of the code, and the publication area for such publication is the assessment district. On or after the date so advertised, the board may revise, amend, correct and verify the report and proceed by resolution to establish the assessments as corrected and verified and shall certify the same to the governing body which created the district.

(b) During the pendency of the project, the board may decrease the amount of the assessments certified to the county sheriff for collection following the June 7 certification of those assessments by the community enhancement district to the sheriff as provided by subdivision (6), subsection (b), section six of this article, upon a finding or determination by the community enhancement board that the decrease is necessary or appropriate as the total cost of the project is less than projected or that the need for the assessment amount has decreased under the circumstances, and so certify to the sheriff of the county where the property is located. The modified assessment shall be granted against all property in the district for inclusion in the tax ticket or the preparation of modified tax tickets by that sheriff for the affected parcels.

(c) Upon completion of a project, the board shall prepare a final report certifying the completion of the project and showing the total cost of the project and whether the cost is greater or less than the cost originally estimated. If the total cost of the project is less or greater than the cost shown in the report prepared prior to construction, the board may revise the assessment charged on each lot or parcel of land pursuant to subsection (a) of this

section to reflect the total cost of the project as completed, and in so doing shall, in the case of an assessment increase only, follow the same procedure with regard to notice and providing each owner of assessed property the right to appear before the board to move for the revision or correction of such proposed reassessment as required for the original assessment. If an assessment is decreased, the board shall, by resolution and written notice to the sheriff of the county in which the community enhancement district is located, cause the next installment or installments of assessments then due and payable by each affected property owner to be reduced pro rata, and shall provide written notice to such property owners of the amount of such decrease by the deposit of such notice in the United States mail, postage prepaid.

(d) The value of the projects financed with the assessments shall be treated as a credit toward any impact fees related to the service or services provided levied under article twenty, chapter seven of this code.

§16-13E-9. Exemption of public property from assessments.

No lots or parcels of land owned or controlled by the United States, this state, any municipality, county, Board of Education or other public body shall be subject to any assessments.

WV Legislature

§16-13E-10. Assessment bonds; sinking fund for assessment bonds; tax exemption.

(a) For constructing or acquiring any project authorized by this article, and also for reimbursing or paying the costs and expenses of creating the district, the board of any such district is hereby authorized to borrow money, from time to time, and in evidence thereof issue the bonds of such district, payable from the proceeds of the assessments granted under this article. Such bonds shall be issued in one or more series, may bear such date or dates, may mature at such time or times not exceeding thirty-five years from their respective dates, shall be fully registered as to principal and interest in the name of the bondholder with a certificate of authentication attached thereto, may bear interest at such rate or rates not exceeding eighteen percent per annum, may be payable at such times, may be executed in such manner, may be payable at such place or places, may be subject to such terms of redemption with or without premium, may be declared or become due before maturity date thereof, may be authenticated in any manner, and, upon compliance of such conditions, may contain such terms and covenants as provided by the resolution or resolutions of the board. All such bonds shall be, and shall be treated as, negotiable instruments for all purposes. Bonds bearing the signatures of officers and offices on the dates of the signing thereof shall be valid and binding for all purposes notwithstanding that before the delivery thereof any or all such persons whose signatures appear thereon shall have ceased to be such officers. Notwithstanding the requirements or provisions of any other law, any such bonds may be negotiated or sold in such manner at such time or times and at such prices or prices as is found by the board to be most advantageous. Any resolution or resolutions providing for the issuance of such bonds may contain covenants and restrictions upon the issuance of additional bonds thereafter as may be deemed necessary or advisable for the assurance of the payment of the bonds thereby authorized.

(b) At or before the time of issuance of any bonds under this article, the board shall by resolution provide for the creation of a sinking fund and for payments in succession fund from the assessments granted pursuant to this article in such amount as shall be sufficient to pay the accruing interest and retire the bonds at or before the time each will respectively become due and to establish or maintain reserves therefor. All sums which are or should be, in accordance with such provisions, paid into such sinking fund shall be used solely for payment of interest and for the retirement of such bonds at or prior to maturity as may be provided or required by such resolution.

(c) The property, including leased property, of the community enhancement district and bonds and any income or interest thereon issued by the community enhancement district are exempt from taxation by the State of West Virginia and other taxing bodies of the state.

§16-13E-10a. Extension of vesting period for land development plans and plats; approval of phases.

(a) The five-year vesting period is extended to the development concept vesting period with respect to the development concept if: (i) The land development will be wholly contained within a community enhancement district; and (ii) either:

(A) Such community enhancement district has been created and is in existence, and such facts have been communicated to the planning commission, at the time the planning commission approves the subject land development plan and plat (whether such plan and plat is denominated final, preliminary, phased preliminary, concept or otherwise); or

(B) Such community enhancement district is created after the initial approval of the subject land development plan and plat and the planning commission subsequently ratifies the approval of such plan and plat with the knowledge of the existence of the community enhancement district; and (iii) assessment bonds or tax increment financing obligations payable from or secured by, in whole, or in part, assessments against real property located within the district are issued within the five-year vesting period.

(b) Nothing herein shall be deemed to extend or otherwise modify the five-year vesting period with respect to items other than those included in the development concept.

(c) When a land development will be wholly contained within a community enhancement district, a land development plan and plat that otherwise pertains to and seeks approval of only a portion or phase of the land development may also contain the development concept for a greater portion, multiple phases or the entirety of the land development if the plan and plat expressly so provides. Approval of a land development plan and plat by the planning commission constitutes approval of, and the establishment of a vested property right in, the entire development concept contained in the land development plan and plat.

(d) This section shall apply to all community enhancement districts, regardless of whether created prior or subsequent to enactment of this section.

§16-13E-11. Indebtedness of assessment district.

No Constitutional or statutory limitation with respect to the nature or amount of or rate of interest on indebtedness which may be incurred by municipalities, counties or other public or governmental bodies shall apply to the indebtedness of a community enhancement district. No indebtedness of any nature of a community enhancement district shall constitute an indebtedness of any municipality or county creating and establishing such community enhancement district or a charge against any property of said municipalities or counties but shall be paid solely from the assessments which the community enhancement district is authorized to impose on the owners of the property within the district by this article. No indebtedness or obligation incurred by any community enhancement district shall give any right against any member of the governing body of any municipality or any member of the county commission of any county or any member of the community enhancement board of any community enhancement district.

§16-13E-12. Payment of assessments to sheriff; report to community enhancement district; collection of delinquent assessments.

The assessments imposed pursuant to this article will not be considered to be ad valorem taxes or the equivalent of ad valorem taxes under any other provision of this code: Provided, That for the exclusive purposes of collection of the assessments imposed under section eight of this article and enforcement of the assessment liens created by section thirteen of this article, the provisions of chapter eleven-a of this code shall apply as if the assessments were taxes as that term is defined in section one, article one of that chapter. The sheriff shall promptly deposit all assessments upon receipt thereof in a segregated account established by the sheriff for such purpose and shall maintain a record of the assessments so received. Each month, the sheriff shall pay all moneys collected for the community enhancement district into the district treasury or if the sheriff consents to a trustee for the benefit of bondholders if assessment bonds are issued by the community enhancement district. Payments to the community enhancement district shall be made in the time set forth in section fifteen, article one, chapter eleven-a of this code and the sheriff shall be entitled to take a commission for collection of the assessments on behalf of the community enhancement district, as provided in section seventeen of said article. For each tax year, the sheriff will prepare and deliver to the board of each community enhancement district located in the county, a statement setting forth the aggregate amount of assessments received for such district and the name of any property owner who failed to pay the assessments due and payable for the period in question. This report shall be due on or before August 1, of the following year. The sheriff is authorized to collect delinquent assessments and enforce the liens created in section thirteen of this article as if those assessments were delinquent real property taxes and the liens are tax liens using the enforcement tools provided in articles two and three, chapter eleven-a of this code.

§16-13E-13. Liens; recording notice of liens; priority; release of lien; notice to future property owners.

(a) With the exception of property exempt from assessment pursuant to section nine of this article, there shall be a lien on all real property located within the community enhancement district for the assessments imposed by section eight of this article, which lien shall attach on the date specified in the notice to property owners. A notice of the liens of said assessments referring to the assessing resolution and setting forth a list of the property assessed, described respectively as to amounts of assessment, ownership and location of the property, shall be certified, by the chairman and secretary of the board, to the clerk of the county commission of the county wherein the project is located. The county clerk shall record the notice of such lien in the appropriate trust deed book or other appropriate county lien book and index the same in the name of each owner of property assessed. From the date of an assessment, the trustee, for the benefit of bondholders if assessment bonds are issued by the community enhancement district, and/or the district shall have such lien and shall be entitled to enforce the same in its, his or their name to the extent of the amount, including principal and interest and any penalty due for any failure to pay an installment when due, of such assessments and against the property to which the assessment applies, as to any assessment not paid as and when due. The trustee or the district, as an alternative to the enforcement provision set forth in section twelve of this article, are granted all legal remedies as are necessary to collect the assessment. Such assessments shall be and constitute liens for the benefit of the community enhancement district or of the trustee, for the benefit of bondholders if assessment bonds are issued by the community enhancement district, upon the respective lots and parcels of land assessed and shall have priority over all other liens except those for land taxes due the state, county and municipality and except any liens for preexisting special assessments provided under this code. If any assessment is revised in accordance with this article, the lien created by this section shall extend to the assessment so revised and shall have the same priority as the priority of the lien created upon the laying of the original assessment. Such assessments and interest thereon shall be paid by the owners of the property assessed as and when the installments are due. Following the payment in full of any assessment bonds including any interest thereon, the chairman and secretary of the board shall execute a release of all liens and shall certify the same to county clerk for recordation.

(b) Following the grant of an assessment on property as provided in this article, the seller of such property shall provide reasonable disclosure to the buyer in the real estate contract that an assessment has been granted on the property, the amount of the assessment and the duration of the assessment.

§16-13E-14. Liberal construction.

This article being necessary for the public health, safety and welfare and economic development, it shall be liberally construed to effectuate the purpose hereof.
