

WEST VIRGINIA CODE: §16-2-2

§16-2-2. Definitions.

Unless the context used clearly requires a different meaning, as used in this article:

“Appointing authority” means the county commission or municipality, or combination thereof, that authorized the creation or combination of the local board of health, in whatever form it presently exists;

“Basic public health services” means those services that are necessary to protect the health of the public and that a local board of health must provide;

“Bureau” means the Bureau for Public Health in the Department of Health and Human Resources;

“Clinical and categorical programs” means those services provided to individuals of specified populations and usually focus on health promotion or disease prevention. These services are not considered comprehensive health care but focus on specific health issues such as breast and cervical cancer, prenatal and pediatric health services, and home health services;

“Combined local board of health” is one form of organization for a local board of health and means a board of health serving any two or more counties or any county or counties and one or more municipalities within or partially within the county or counties;

“Commissioner” means the Commissioner of the Bureau for Public Health, who is the state health officer;

“Communicable and reportable disease prevention and control” means disease surveillance, case investigation and follow-up, outbreak investigation, response to epidemics, and prevention and control of communicable and reportable diseases;

“Community health promotion” mean assessing and reporting community health needs to improve health status, facilitating community partnerships including identifying the community’s priority health needs, mobilization of a community around identified priorities, and monitoring the progress of community health education services;

“County board of health” is one form of organization for a local board of health and means a local board of health serving a single county;

“Department” means the West Virginia Department of Health and Human Resources;

“Enforcement activity” means the implementation or enforcement of applicable state rules, local rules, and local health department rules;

“Enhanced public health services” means services that focus on health promotion activities to address a major health problem in a community, are targeted to a particular population and assist individuals in this population to access the health care system;

“Environmental health protection” means efforts to protect the community from environmental health risks including, inspection of housing, institutions, recreational facilities, sewage, and wastewater facilities; inspection and sampling of drinking water facilities; and response to disease outbreaks or disasters;

“Guidance” means providing advice to a person, the public, a business, school board, or governmental entity regarding a public health issue or matter. Guidance is not a health order;

“Health order” means an order issued by the local health officer or local health board to protect the public health of the citizens by directing an individual or a discreet group of individuals to take a specific action to protect the health of the public or stop the spread of a communicable disease;

“Imminent public health emergency” means any immediate acute threat, hazard, or danger to the health of the population of the jurisdiction, whether specific or general, whether or not officially declared;
