§16-29A-6. Hospital loans.

The authority may lend money to hospitals for the acquisition, construction, improvement or alteration of hospital facilities. A hospital loan shall not be made unless the authority is reasonably satisfied that there will be made available to the hospital from the hospital loan and other sources all the funds necessary to pay all project costs; that the hospital facilities will produce revenues sufficient, together with any other revenues pledged, to meet the principal of and interest on the hospital loan, other costs, expenses and charges in connection with the hospital loan and other charges or obligations of the hospital which may be prior or equal to the hospital loan, promptly as they become due; and that the hospital is otherwise soundly financed. The hospital loan may be secured by a deed of trust on or a security interest in, as applicable, property of the hospital, including the hospital facilities, and may provide for the appointment of a receiver to operate the hospital facilities in case of default. A hospital loan made pursuant to this section shall not exceed the project costs as determined by the authority. A hospital loan shall be secured in a manner, be repaid in a period not exceeding fifty years and bear interest at a rate, all as determined by the authority, which interest rate may be decreased or increased so that it shall in no event be less than the rate paid by the authority on notes, renewal notes or bonds issued to fund the hospital loan. Such terms and provisions shall be set forth in a loan agreement between the authority and the hospital.

§16-29A-7. Bonds and notes.

(a) The authority periodically may issue its negotiable bonds and notes in a principal amount which, in the opinion of the authority, shall be necessary to provide sufficient funds for the making of hospital loans, including temporary loans during the construction of hospital facilities, for the payment of interest on bonds and notes of the authority during construction of hospital facilities for which the hospital loan was made and for a reasonable time thereafter and for the establishment of reserves to secure those bonds and notes.

(b) The authority periodically may issue renewal notes, may issue bonds to pay notes and, if it considers refunding expedient, to refund or to refund in advance bonds or notes issued by the authority by the issuance of new bonds pursuant to the requirements of section thirteen of this article.

(c) The authority may, upon concurrent resolution passed by the Legislature, authorize the issuance of negotiable bonds and notes in a principal amount which are necessary to provide sufficient funds for the construction, reconstruction, renovation and maintenance of one or more skilled nursing facilities that will only serve the skilled nursing needs of West Virginia veterans who have performed active duty in an active component of the Armed Forces or performed active service in a reserve component of the Armed Forces. These bonds issued by the authority may not exceed \$10 million. The revenues pledged for the repayment of principal and interest of these bonds shall include the net profit of the veterans instant lottery scratch-off game authorized by section nine-a, article twenty-two, chapter twenty-nine of this code excluding all architectural fees and associated project costs transferred pursuant to that section.

(e) The bonds and the notes shall be authorized by resolution of the authority, shall bear the date and shall mature at time or times, in the case of any such note or any renewals thereof, not exceeding seven years from the date of issue of the original note and in the case of any bond not exceeding fifty years from the date of issue, as the resolution may provide. The bonds and notes shall bear interest at rate or rates, be in a denomination, be in a form, either coupon or registered, carry registration privileges, be payable in the medium of payment and at place or places and be subject to the terms of redemption as the authority may authorize. The bonds and notes of the authority may be sold by the authority, at public or private sale, at or not less than the price the authority determines. The bonds and notes are executed by the chairman and vice chairman of the board, both of whom may use facsimile signatures. The official seal of the authority or a facsimile thereof shall be affixed to or printed on each bond and note and attested, manually or by facsimile signature, by the secretary-treasurer of the board, and any coupons attached to any bond or note shall bear the signature or facsimile signature of the chairman of the board. In case any officer whose signature, or a facsimile of whose signature, appears on any bonds, notes or coupons ceases

to be an officer before delivery of the bonds or notes, the signature or facsimile is nevertheless sufficient for all purposes the same as if he or she had remained in office until the delivery; and, in case the seal of the authority has been changed after a facsimile has been imprinted on the bonds or notes, the facsimile seal will continue to be sufficient for all purposes.

(f) A resolution authorizing bonds or notes or an issue of bonds or notes under this article may contain provisions, which are a part of the contract with the holders of the bonds or notes, as to any or all of the following:

- (1) Pledging and creating a lien on all or any part of the fees and charges made or received or to be received by the authority, all or any part of the moneys received in payment of hospital loans and interest on hospital loans and all or any part of other moneys received or to be received, to secure the payment of the bonds or notes or of any issue of bonds or notes, subject to those agreements with bondholders or noteholders which then exist;
- (2) Pledging and creating a lien on all or any part of the assets of the authority, including notes, deeds of trust and obligations securing the assets, to secure the payment of the bonds or notes or of any issue of bonds or notes, subject to those agreements with bondholders or note holders which then exist;

Any such trust agreement may contain provisions as set forth in section seven of this article with respect to the resolution. All expenses incurred in carrying out the provisions of any trust agreement may be treated as a part of the costs of the operation of the hospital loan program provided for hereunder. Any such trust agreement, indenture or resolution authorizing the issuance of bonds or notes may provide the method whereby the general administrative overhead expenses of the authority shall be allocated among the several hospitals to which hospital loans have been made.

§16-29A-9. Use of funds by authority; restrictions thereon.

All moneys, properties and assets acquired by the authority, whether as proceeds from the sale of bonds or notes or as revenues or otherwise, shall be held by it in trust for the purposes of carrying out its powers and duties and shall be used and reused in accordance with the purposes and provisions of this article. Such moneys shall at no time be commingled with other public funds. Such moneys, except as otherwise provided in any resolution authorizing the issuance of bonds or notes or in any trust agreement securing the same, or except when invested pursuant to subsection nine of section five of this article, shall be kept in appropriate depositories and secured as provided and required by law. The resolution authorizing the issuance of such bonds or notes of any issue or the trust agreement securing such bonds or notes shall provide that any officer to whom, or any banking institution or trust company to which, such moneys are paid, shall act as trustee of such moneys and hold and apply them for the purposes hereof, subject to the conditions this article and such resolution or trust agreement provide.

§16-29A-10. Security for bonds and notes.

A resolution authorizing the issuance of bonds or notes under this article may provide that the principal of an interest on the bonds or notes issued shall be secured by a lien on any or all of the fees and charges made or received, or to be received, by the authority from the hospital in connection with the hospital loan, on any or all of the money received in payment of the hospital loan and interest on the hospital loan, on any or all of investment earnings or profits on any of these sources or on any or all of the security held for that payment, and on other funds or assets of the authority pledged for such purpose.

§16-29A-11. Enforcement of payment and validity of bonds and notes.

(a) The provisions of this article and any resolution, indenture, deed of trust or security agreement shall continue in effect until the principal of and interest on the bonds or notes of the authority have been fully paid, and the duties of the authority under this article and any resolution, indenture, deed of trust or security agreement shall be enforceable by any bondholder or noteholder by mandamus, trustee's sale under the deed of trust or other appropriate action in any court of competent jurisdiction.

(b) The resolution authorizing the bonds or notes shall provide that such bonds or notes shall contain a recital that they are issued pursuant to this article, which recital shall be conclusive evidence of their validity and of the regularity of their issuance.

§16-29A-12. Pledges; time; liens; recordation.

Any pledge made by the authority shall be valid and binding from the time the pledge is made. The money or property so pledged and thereafter received by the authority shall immediately be subject to the lien of the pledge without any physical delivery thereof or further act. The lien of any such pledge shall be valid and binding as against all parties having claims of any kind in tort, contract or otherwise against the authority, irrespective of whether such parties have notice thereof.

WV Legislature

§16-29A-13. Refunding bonds.

Any bonds issued hereunder and at any time outstanding may at any time and from time to time be refunded by the authority by the issuance of its refunding bonds in such amount as it may deem necessary to refund the principal of the bonds so to be refunded, together with any unpaid interest thereon; to provide additional funds for the purposes of the authority; and to pay any premiums and commissions necessary to be paid in connection therewith. Any such refunding may be effected whether the bonds to be refunded shall have then matured or shall thereafter mature, either by sale of the refunding bonds and the application of the proceeds thereof for the redemption of the bonds to be refunded thereby or by exchange of the refunding bonds for the bonds to be refunded thereby: Provided, That the holders of any bonds so to be refunded shall not be compelled without their consent to surrender their bonds for payment or exchange prior to the date on which they are payable or, if they are called for redemption, prior to the date on which they are by their terms subject to redemption. Any refunding bonds issued under the authority of this article shall be payable from the revenues out of which the bonds to be refunded thereby were payable, from other moneys or from the principal of and interest on or other investment yield from investments or proceeds of bonds or other applicable funds and moneys, including investments of proceeds of any refunding bonds, and shall be subject to the provisions contained in section seven of this article and shall be secured in accordance with the provisions of sections seven and eight of this article.

If the bonds or notes are then redeemable, the price of such purchase shall not exceed the redemption price then applicable plus accrued interest to the next interest payment date thereon. If the bonds or notes are not then redeemable, the price of such purchase shall not exceed the redemption price applicable on the first date after such purchase upon which the bonds or notes become subject to redemption plus accrued interest to such date. Upon such purchase, such bonds or notes shall be canceled.

§16-29A-15. Vested rights; impairment.

The state pledges and agrees with the holders of any bonds or notes issued under this article that the state will not limit or alter the rights vested in the authority to fulfill the terms of any agreements made with the holders thereof, or in any way impair the rights and remedies of the holders until the bonds or notes, together with the interest thereon, and all costs and expenses in connection with any action or proceeding by or on behalf of such holders, are fully met and discharged. The authority is authorized to include this pledge and agreement of the state in any agreement with the holders of such bonds or notes.

§16-29A-16. Bonds and notes not debt of state, county, municipality or any political subdivision; expenses incurred pursuant to article.

Bonds, including refunding bonds, and notes issued under the authority of this article and any coupons in connection therewith shall not constitute a debt or a pledge of the faith and credit or taxing power of this state or of any county, municipality or any other political subdivision of this state, and the holders and owners thereof shall have no right to have taxes levied by the Legislature or the taxing authority of any county, municipality or any other political subdivision of this state for the payment of the principal thereof or interest thereon, but such bonds and notes shall be payable solely from the revenues and funds pledged for their payment as authorized by this article unless the notes are issued in anticipation of the issuance of bonds or the bonds are refunded by refunding bonds issued under the authority of this article, which bonds or refunding bonds shall be payable solely from revenues and funds pledged for their payment as authorized by this article. All such bonds and notes shall contain on the face thereof a statement to the effect that the bonds or notes, as to both principal and interest, are not debts of the state or any county, municipality or political subdivision thereof, but are payable solely from revenues and funds pledged for their payment.

All expenses incurred in carrying out the provisions of this article shall be payable solely from funds provided under the authority of this article. Such article does not authorize the authority to incur indebtedness or liability on behalf of or payable by the state or any county, municipality or any other political subdivision thereof.

§16-29A-17. Negotiability of bonds and notes.

Whether or not the bonds or notes are of such form or character as to be negotiable instruments under the uniform commercial code, the bonds or notes authorized to be issued by this article are negotiable instruments within the meaning of and for all the purposes of the uniform commercial code, subject only to the provisions of the bonds or notes for registration.
