- (e) Nothing in this section shall be construed to give or reserve to the Legislature any further or greater power or jurisdiction over the operations or programs of the various departments and divisions affected by this article than that already possessed by the Legislature in the absence of this article.
- (f) For the purchase of health care or health care services by a health care provider participating in a plan under this section on or after September 1, 1989, by the Public Employees Insurance Agency, the Division of Rehabilitation Services and the workers' compensation commission, a state check shall be issued in payment thereof within sixty-five days after a legitimate uncontested invoice is actually received by the division, commission or agency.
