WEST VIRGINIA CODE: §16-2I-3

§16-2I-3. Printed information.

(a) Within 90 days of the effective date of this article, the Secretary of the Department of Health and Human Resources shall cause to be published, in English and in each language which is the primary language of two percent or more of the state's population, as determined by the most recent decennial census performed by the U.S. census bureau, and shall cause to be available on the website provided in §16-2I-4 of this code the following printed materials in such a way as to ensure that the information is easily comprehensible:

(1) Geographically indexed materials designed to inform the reader of public and private agencies and services available to assist a female through pregnancy, upon childbirth and while the child is dependent, including adoption agencies, which shall include a comprehensive list of the agencies available, a description of the services they offer and a description of the manner, including telephone numbers. At the option of the Secretary of Health and Human Resources, a 24-hour-a-day telephone number may be established with the number being published in such a way as to maximize public awareness of its existence which may be called to obtain a list and description of agencies in the locality of the caller and of the services they offer;

(2) Materials designed to inform the female of the probable anatomical and physiological characteristics of the embryo or fetus at two-week gestational increments from the time when a female can be known to be pregnant to full term, including any relevant information on the possibility of the embryo or fetus's survival and pictures or drawings representing the development of an embryo or fetus at two-week gestational increments: *Provided*, That any such pictures or drawings must contain the dimensions of the embryo or fetus and must be realistic and appropriate for the stage of pregnancy depicted. The materials shall be objective, nonjudgmental, and designed to convey only accurate scientific information about the embryo or fetus at the various gestational ages. The material shall also contain objective information describing the methods of abortion procedures commonly employed, the medical risks commonly associated with each procedure, the possible detrimental psychological effects of abortion, and the medical risks commonly associated with carrying a child to term; and

(3) Materials designed to inform the female of the range of possibilities regarding the effects and risks of a mifepristone chemical abortion or an attempt to counteract it and information on and assistance with the resources that may be available.

(b) The materials referred to in subsection (a) of this section shall be printed in a typeface large enough to be clearly legible. The website provided for in section four of this article shall be maintained at a minimum resolution of seventy dots per inch. All pictures appearing on the website shall be a minimum of 200 x 300 pixels. All letters on the website shall be a minimum of 11-point font. All information and pictures shall be accessible with an industry

WVLegislature

standard browser requiring no additional plug-ins.

(c) The materials required under this section shall be available at no cost from the Department of Health and Human Resources upon request and in appropriate numbers to any person, facility, or hospital.
