"Abortion" means the use of any instrument, medicine, drug, or any other substance or device with intent to terminate the pregnancy of a patient known to be pregnant and with intent to cause the death and expulsion or removal of an embryo or a fetus. "Attempt to perform or induce an abortion" means an act or the omission of an act that, under the circumstances as the person so acting or omitting to act believes them to be, constitutes a substantial step in a course of conduct intended to culminate in an abortion.

"Born alive" means the complete expulsion or extraction of the fetus, at any stage of development, who after such expulsion or extraction breathes or has a beating heart, pulsation of the umbilical cord, or definite movement of voluntary muscles, regardless of whether the umbilical cord has been cut, and regardless of whether the expulsion or extraction occurs as a result of natural or induced labor, cesarean section, or induced abortion.

"Contraception" or "contraceptive" means the prevention of pregnancy by interfering with the process of ovulation, fertilization, or implantation.

This term includes a circumstance in which it is necessary to terminate a pregnancy of one or more fetuses to preserve the life of another fetus or fetuses. A condition is not deemed a medical emergency if based on a claim or diagnosis that the patient intends or may engage in conduct which results in the patient's death or in substantial and irreversible physical impairment of a major bodily function.

"Miscarriage" means the unintended or spontaneous loss of an embryo or a fetus before the 20th week of pregnancy. This term includes the medical terms "spontaneous abortion," "missed abortion," and "incomplete abortion".
