WEST VIRGINIA CODE: §16-47-3

§16-47-3. Definitions.

As used in this article:

(1) "Overdose" means an acute condition, including, but not limited to, life-threatening physical illness, coma, mania, hysteria or death, which is the result of the consumption or use of a controlled substance or alcohol.

(2) "Emergency medical assistance" means medical services provided to a person who may be experiencing an overdose by a health care professional licensed, registered or certified under chapter thirty or chapter sixteen of this code acting within his or her lawful scope of practice.
