WEST VIRGINIA CODE: §16-5P-12

§16-5P-12. Designated state agency for handling federal programs.

The bureau shall constitute the designated state agency for handling all programs of the federal government relating to the aging requiring action within the state, which are not the specific responsibility of another state agency under the provisions of federal law or which have not been specifically entrusted to another state agency by the Legislature. The bureau shall be empowered to comply with all regulations and requirements to qualify for federal grants and to administer such federal funds.
