

WEST VIRGINIA CODE: §16-5R-9

§16-5R-9. Establishment of a Dementia Services Director position.

The Department of Health shall establish a Dementia Services Director as a full-time, permanent position.

In collaboration with relevant stakeholders and state agencies, the Dementia Services Director shall:

- (1) Coordinate implementation of the State Alzheimer's Disease and Other Dementia Plan;
- (2) Evaluate the coordination of dementia services within this state;
- (3) Evaluate all applicable state government services and make recommendations to increase efficiency and improve the quality of care in residential and home and community-based settings;
- (4) Identify:
 - (A) Any duplicated services; and
 - (B) Grant opportunities to expand the scope of services for persons living with dementia and their caregivers and apply for the grant opportunities;
- (5) Evaluate information and resources affecting West Virginians living with dementia and their caregivers, including:
 - (A) Support the provision of dementia-specific staff training across all relevant state agencies; and
 - (B) Recommend strategies to improve access to and coordination of dementia-related services and resources provided by public and private entities;
- (6) Complete other duties relevant to supporting policy development and implementation to enhance the quality of life for persons affected by dementia and their caregivers;
- (7) Promote public and professional awareness and education of dementia and access to needed services and programs;
- (8) Collect and monitor dementia-related data to coordinate ways to improve public outcomes and service delivery; and
- (9) Compile an annual report that is available on the Department's publicly accessible website outlining implantation status of the state plan, funding through grant applications,

and office deliverables.
