WEST VIRGINIA CODE: §16-5V-21

§16-5V-21. Same -- Physical examinations; termination of disability.

(a) The board may require any member who has applied for or is receiving disability benefits under this article to submit to a physical examination, mental examination or both, by a physician or physicians selected or approved by the board. All costs incident to any examination by a board selected physician shall be paid from the board's expense fund. The costs may include hospital, laboratory, X-ray, medical and physicians' fees. A report of the findings of any physician shall be submitted in writing to the board for its consideration. If, from the report, independent information, or from the report and any hearing on the report, the board is of the opinion and finds that: (1) The member has become reemployed as an emergency medical services officer; (2) a physician who has examined the member has found that considering the opportunities for emergency medical services in West Virginia, the member could be so employed as an emergency medical services officer; or (3) other facts exist to demonstrate that the member is no longer totally disabled, then the disability benefits shall cease the first day of the month following board action. (b) The board shall require recertification for a disabled retirant, who has not attained age sixty, at least once each year during the first five years following his or her retirement and at least once in each three year period thereafter.

(c) If a retirant refuses to submit to a medical examination or submit a statement by his or her physician certifying continued disability in any period, his or her disability annuity may be discontinued by the board until the retirant complies. If the refusal continues for one year, all the retirant's rights in and to the annuity may be revoked by the board.
