
WEST VIRGINIA CODE CHAPTER 16
ARTICLE 9A

WV Legislature

§16-9A-1. Legislative findings and intent.

Intent. - The Legislature hereby declares it to be the policy and intent of this state to discourage and ban the use of tobacco products by minors. As basis for this policy, the Legislature hereby finds and accepts the medical evidence that tobacco products may cause lung cancer, lung or heart disease, emphysema, and other serious health problems while the use of smokeless tobacco may cause gum disease and oral cancer. It is the further intent of the Legislature to reduce tobacco use by keeping tobacco products out of the hands of youth and young adults by banning the sale of tobacco products to persons younger than 21 years of age to ease the personal tragedy and eradicate the severe economic loss associated with the use of tobacco and to provide the state with a citizenry free from the use of tobacco.
