

WEST VIRGINIA CODE: §16B-20-2

§16B-20-2. Birthing centers to obtain license, application, fees, suspension, or revocation.

The Inspector General designates the director of the Office of Health Facilities Licensure and Certification to enforce the provisions of this article, except as otherwise stated.

No person, partnership, association, or corporation, or any local governmental unit or any division, department, board or agency thereof may operate a birthing center unless such operation shall have been approved and licensed by the director in accordance with the provisions of this article and the rules and regulations lawfully promulgated hereunder provided that all birthing centers which are in operation or which have received a certificate of need valid as of the date of passage of this act shall be deemed to have been so approved and shall be issued a license within 30 days of passage of this act.

Any person, partnership, association or corporation, or any local governmental unit or any division, department, board, or agency thereof desiring a license hereunder shall file with the director an application in such form as the director shall prescribe and furnish accompanied by a fee of \$10. Information received by the director under the provisions of this section shall be confidential. The director is authorized to issue licenses for the operation of birthing centers which are found to comply with the provisions of this article and with all rules and regulations promulgated by the Inspector General. The license issued shall not be transferred or assignable. The director, in consultation with the Inspector General, is authorized to suspend or revoke a license issued hereunder if the provisions of this article or of the rules and regulations are violated.

Before any such license is suspended or revoked, however, written notice shall be given the licensee, stating the grounds of the complaint, and the date, time and place set for the hearing on the complaint, which date shall not be less than 30 days from the time notice is given. Such notice shall be sent by registered mail to the licensee at the address where the institution concerned is located. The licensee shall be entitled to be represented by legal counsel at the hearing.

If a license is revoked as herein provided, a new application for a license shall be considered by the director if, when and after, the conditions upon which revocation was based have been corrected and evidence of this fact has been furnished. A new license shall then be granted after proper inspection has been made and all provisions of this article and rules and regulations promulgated hereunder have been satisfied.

All of the pertinent provisions of §29A-5-1 of this code shall apply to and govern any hearing authorized and required by the provisions of this article and the administrative procedure in connection with and following any such hearing, with like effect as if the provisions of said article five were set forth in extenso in this section.

The West Virginia Intermediate Court of Appeals shall have the power to affirm, modify or reverse the decision of the Board of Review and either the applicant or licensee or the Office of Inspector General may appeal from the court's decision to the Supreme Court of Appeals. Pending the final disposition of the matter the status quo of the applicant or licensee shall be preserved.

Any applicant or licensee who is dissatisfied with the decision of the Board of Review as a result of the hearing provided in this section may, within 30 days after receiving notice of the decision, appeal to the West Virginia Intermediate Court of Appeals for judicial review of the decision.
