**WEST VIRGINIA CODE CHAPTER 16B**  
**ARTICLE 5**

WV Legislature

**§16B-5-1. Purpose.**

(a) It is the policy of this state to encourage and promote the development and utilization of resources to ensure the effective care and treatment of persons who are dependent upon the services of others by reason of physical or mental impairment who may require limited and intermittent nursing care, including those individuals who qualify for and are receiving services coordinated by a licensed hospice. Such care and treatment requires a living environment for such persons which, to the extent practicable, will approximate a normal home environment. To this end, the guiding principle for administration of the laws of the state is that such persons shall be encouraged and assisted in securing necessary care and treatment in noninstitutional surroundings.

(b) In recognition that for many such persons effective care and treatment can only be secured from proprietary, voluntary and governmental assisted living residences, it is the policy of this state to encourage, promote and require the maintenance of assisted living residences so as to ensure protection of the rights and dignity of those using the services of assisted living residences.

(c) The provisions of this article are hereby declared to be remedial and shall be liberally construed to effectuate its purposes and intents.

**§16B-5-5. Rules; minimum standards for assisted living residences.**

(a) The Inspector General will propose rules for legislative approval in accordance with the provisions of §29A-3-1 *et seq.* of this code to carry out the purposes and intent of this article and to enable the Inspector General to exercise the powers and perform the duties conferred upon the director by this article.

(b) The Inspector General will propose rules establishing minimum standards of operation of assisted living residences, including, but not limited to, the following:

(12) Such other categories as the Inspector General determines to be appropriate to ensure resident's health, safety, and welfare.

(c) The Inspector General will include in rules detailed standards for each of the categories of standards established pursuant to §16B-5-5(b) and §16B-5-5(d) of this code and will classify such standards as follows:

(1) Class I standards are standards the violation of which, as the Inspector General determines, would present either an imminent danger to the health, safety, or welfare of any resident or a substantial probability that death or serious physical harm would result;

(2) Class II standards are standards which the Inspector General determines have a direct or immediate relationship to the health, safety, or welfare of any resident, but which do not create imminent danger;

(3) Class III standards are standards which the Inspector General determines have an indirect or a potential impact on the health, safety, or welfare of any resident.

(d) An assisted living residence shall attain substantial compliance with standards established pursuant to this section and such other requirements for a license as may be established by rule under this article.

**§16B-5-6. License required; application; fees; duration; renewal.**

(a) There shall be one assisted living residence license for each assisted living residence. No person may establish, operate, maintain, offer, or advertise an assisted living residence within this state unless and until he or she obtains a valid license therefor as provided in this article, which license remains unsuspended, unrevoked, and unexpired. No public official or employee may place any person in, or recommend that any person be placed in, or directly or indirectly cause any person to be placed in any assisted living residence, as defined in §16B-5-2 of this code, which is being operated without a valid license from the director. The licensee shall be responsible for, and shall have complete control of, the operation and premises of the assisted living residence and the personal assistance and supervision provided to the residents: *Provided*, That the director may review any leases or any contracts, subcontracts, agreements, or arrangements for the provision of on-site services to the residents of an assisted living residence to ensure the proper care, safety, and welfare of current or potential residents. Nothing in this article shall be construed to prevent or prohibit the ability of a resident of an assisted living residence to contract or arrange for, and to receive, privately paid nursing care or personal assistance in addition to those services provided by the licensee, subject to the consent and cooperation of the licensee and consistent with the duties and responsibilities imposed by this section.

(b) Nothing in this article shall be construed to require the licensing of landlords or property owners who are not involved in the provision of supervision, personal assistance, limited and intermittent nursing care, or other on-site professional services for the residents of an assisted living residence or in the advertising, recruitment of residents, transportation of residents, or other substantial and ongoing services for the operation or maintenance of the assisted living residence.

(c) The procedure for obtaining a license shall be as follows:

The applicant shall submit an application to the director on a form to be prescribed by the director, containing such information as may be necessary to show that the applicant is in compliance with the standards for assisted living residences as established by this article and the rules lawfully promulgated by the Inspector General hereunder. The application and any exhibits thereto shall provide the following information:

(A) The name and address of the applicant;

(B) The name, address, and principal occupation:

(i) Of each person who, as a stockholder or otherwise, has a proprietary interest of 10 percent or more in the applicant;

(ii) Of each officer and director of a corporate applicant;

(iii) Of each trustee and beneficiary of an applicant which is a trust; and

(iv) Where a corporation has a proprietary interest of 25 percent or more in an applicant, the name, address, and principal occupation of each officer and director of the corporation;

(C) The name and address of the owner of the premises of the assisted living residence or proposed assisted living residence, if he or she is a different person from the applicant, and in such case, the name and address:

(i) Of each person who, as a stockholder or otherwise, has a proprietary interest of 10 percent or more in the owner;

(ii) Of each officer and director of a corporate applicant;

(iii) Of each trustee and beneficiary of the owner if it is a trust; and

(iv) Where a corporation has a proprietary interest of 25 percent or more in the owner, the name and address of each officer and director of the corporation;

(D) Where the applicant is the lessee or the assignee of the assisted living residence or the premises of the proposed assisted living residence, a signed copy of the lease and any assignment thereof;

(E) The name and address of the assisted living residence or the premises of the proposed assisted living residence;

(F) The proposed bed quota of the assisted living residence and the proposed bed quota of each unit thereof;

(G) An organizational plan for the assisted living residence indicating the number of persons employed or to be employed, the positions and duties of all employees;

(H) The name and address of the individual who is to serve as administrator;

(I) Such evidence of compliance with applicable laws and rules governing zoning, buildings, safety, fire prevention, and sanitation as the director may require; and

(J) Such additional information as the director may require.

(d) Upon receipt and review of an application for license made pursuant to §16B-5-6(a) of this code and inspection of the applicant assisted living residence pursuant to §16B-5-9 and §16B-5-10 of this code, the director will issue a license if he or she finds:

(1) That an individual applicant, and every partner, trustee, officer, director, and controlling person of an applicant which is not an individual, is a person responsible and suitable to operate or to direct or participate in the operation of an assisted living residence by virtue of financial capacity, appropriate business or professional experience, a record of compliance with lawful orders of the department, if any, and lack of revocation of a license during the

previous five years;

(2) That the assisted living residence is under the supervision of an administrator who is qualified by training and experience; or

(3) That the assisted living residence is in substantial compliance with standards established pursuant to §16B-5-5 of this code and such other requirements for a license as the Inspector General may establish by rule under this article.

(e) The director, in consultation with the Inspector General, may deny an initial or renewal license if the information provided in an application or report is known by the applicant to be false or the applicant fails to report required information or for any other reason permitted by law or rules promulgated pursuant to this article.

(f) Any license granted by the director will state the maximum bed capacity for which it is granted, the date the license was issued, and the expiration date. Licenses will be issued for a period not to exceed one year for assisted living residences: *Provided*, That any such license in effect for which timely application for renewal, together with payment of the proper fee has been made to the department in conformance with the provisions of this article and the rules issued thereunder and prior to the expiration date of the license, shall continue in effect until: (1) One year following the expiration date of the license; or (2) the date of the revocation or suspension of the license pursuant to the provisions of this article; or (3) the date of issuance of a new license, whichever date first occurs. Each license will be issued only for the premises and persons named in the application and is not transferable or assignable: *Provided, however*, That in the case of the transfer of ownership of an assisted living residence with an unexpired license, the application of the new owner for a license shall have the effect of a license for a period of three months when filed with the director. Every license shall be posted in a conspicuous place in the assisted living residence for which it is issued so as to be accessible to and in plain view of all residents and visitors of the assisted living residence.

(g) An original license shall be renewable, conditioned upon the licensee filing timely application for the extension of the term of the license accompanied by the fee and contingent upon evidence of compliance with the provisions of this article and rules promulgated by the Inspector General hereunder; the application shall be accompanied by:

(1) The information required in §16B-5-6(c)(A) through §16B-5-6(c)(C) of this code.

(2) A balance sheet of the assisted living residence as of the end of its fiscal year, setting forth assets and liabilities at such date, including all capital, surplus, reserve, depreciation, and similar accounts;

(3) A statement of operations of the assisted living residence as of the end of its fiscal year, setting forth all revenues, expenses, taxes, extraordinary items, and other credits or charges; and

(4) A statement of any changes in the name, address, management, or ownership information on file with the director.

(h) In the case of an application for a renewal license, if all requirements of §16B-5-5 and §16B-5-6 of this code are not met, the director may in his or her discretion issue a provisional license, provided that care given in the assisted living residence is adequate for resident needs and the assisted living residence has demonstrated improvement and evidences potential for substantial compliance within the term of the license: *Provided*, That a provisional renewal may not be issued for a period greater than one year, may not be renewed, and may not be issued to any assisted living residence with uncorrected violations of any Class I standard, as defined in §16B-5-5(c) of this code.

(i) A nonrefundable application fee in the amount of \$65 for an original assisted living residence license shall be paid at the time application is made for the license. An average cost of all direct costs for the initial licensure for the preceding 10 facilities based on the size of the facility's licensed bed capacity shall be borne by the applicant and shall be received by the director prior to the issuance of an initial or amended license. The license fee for renewal of a license shall be at the rate of \$6 per bed per year for assisted living residences except the annual rate per bed may be assessed for licenses issued for less than one year. The director may annually adjust the licensure fees for inflation based upon the consumer price index. The bed capacity for the holder of each license will be determined by the director. All license fees shall be due and payable to the director annually, and in the manner set forth in the rules promulgated by the Inspector General. The fee and application shall be submitted to the director who will retain both the application and fee pending final action on the application. All fees received by the director under the provisions of this article will be deposited in accordance with §16-1-13 of this code.

**§16B-5-7. Cost disclosure; surety for residents' funds.**

(a) Each assisted living residence shall disclose in writing to all prospective residents a complete and accurate list of all costs which may be incurred by them. Residents are not liable for any cost not so disclosed.

(b) If the assisted living residence handles any money for residents within the assisted living residence, the licensee or his or her authorized representative shall give a bond in an amount consistent with this subsection and with such surety as the director will approve. The bond shall be upon condition that the licensee shall hold separately and in trust all residents' funds deposited with the licensee, shall administer the funds on behalf of the resident in the manner directed by the depositor, shall render a true and complete account to the depositor and the director when requested, and at least quarterly to the resident, and upon termination of the deposit, shall account for all funds received, expended, and held on hand. The licensee shall file a bond in a sum to be fixed by the director based upon the magnitude of the operations of the applicant, but which sum may not be less than \$2,500.

(c) Every person injured as a result of any improper or unlawful handling of the money of a resident of an assisted living residence may bring an action in a proper court on the bond required to be posted by the licensee pursuant to this subsection for the amount of damage suffered as a result thereof to the extent covered by the bond. Whenever the director determines that the amount of any bond which is filed pursuant to this subsection is insufficient to adequately protect the money of residents which is being handled, or whenever the amount of any bond is impaired by any recovery against the bond, the director may require the licensee to file an additional bond in such amount as necessary to adequately protect the money of residents being handled.

(d) The provisions of §16B-5-7(b) of this code do not apply if the licensee handles less than \$25 per resident and less than \$500 for all residents in any month.

**§16B-5-8. Investigation of complaints.**

(a) The Inspector General will establish, by rule, procedures for prompt investigation of all complaints of alleged violations by assisted living residences of applicable requirements of state law or rules, except for such complaints that the director determines are willfully intended to harass a licensee or are without any reasonable basis. Such procedures will include provisions for ensuring the confidentiality of the complainant and of any other person so named in the complaint and for promptly informing the complainant and the assisted living residence involved of the results of the investigation.

(b) If, after its investigation, the director determines that the complaint has merit, the director will take appropriate disciplinary action and will advise any injured party of the possibility of a civil remedy under this article.

(c) No assisted living residence may discharge or in any manner discriminate against any resident or employee for the reason that the resident or employee has filed a complaint or participated in any proceeding specified in this article. Violation of this prohibition by any assisted living residence constitutes grounds for the suspension or revocation of the license of the assisted living residence as provided in §16B-5-11 and §16B-5-12 of this code. Any type of discriminatory treatment of a resident or employee by whom, or upon whose behalf, a complaint has been submitted to the director, or any proceeding instituted under this article, within 120 days of the filing of the complaint or the institution of the action, shall raise a rebuttable presumption that the action was taken by the assisted living residence in retaliation for the complaint or action.

**§16B-5-9. Inspections.**

(a) The director and any duly designated employee or agent thereof will have the right to enter upon and into the premises of any assisted living residence at any time for which a license has been issued, for which an application for license has been filed with the director, or which the director has reason to believe is being operated or maintained as an assisted living residence without a license. If entry is refused by the owner or person in charge of the assisted living residence, the director, in consultation with the Inspector General, will apply to the circuit court of the county in which the assisted living residence is located or the Circuit Court of Kanawha County for an administrative inspection warrant.

(b) The director, by the director's authorized employees or agents, will conduct at least one inspection prior to issuance of a license pursuant to §16B-5-6 of this code and will conduct periodic unannounced inspections thereafter to determine compliance by the assisted living residence with applicable statutes and rules promulgated thereunder. All assisted living residences shall comply with rules of the State Fire Commission. The State Fire Marshal, by his or her employees or authorized agents, shall make all fire, safety, and like inspections. The director may provide for such other inspections as the director may deem necessary to carry out the intent and purpose of this article. If after investigating a complaint the director determines that the complaint is substantiated and that an immediate and serious threat to a resident's health or safety exists, the director, in consultation with the Inspector General, may invoke any remedies available pursuant to §16B-5-11 and §16B-5-12 of this code. Any assisted living residence aggrieved by a determination or assessment made pursuant to this section shall have the right to an administrative appeal as set forth in §16B-5-12 of this code.

**§16B-5-10. Reports of inspections; plans of correction; assessment of penalties and use of funds derived therefrom; hearings.**

(a) Reports of all inspections made pursuant to §16B-5-9 of this code will be in writing and will list all deficiencies in the assisted living residence's compliance with the provisions of this article and the rules adopted by the Inspector General hereunder. The director will send a copy of the report to the assisted living residence by physical or electronic method with verifiable delivery, and will specify a time within which the assisted living residence shall submit a plan for correction of deficiencies, which plan will be approved, rejected, or modified by the director. The inspectors will allow audio taping of the exit conference for licensure inspections with all costs directly associated with the taping to be paid by the assisted living residence, provided that an original tape is provided to inspectors at the end of taping.

(b) Upon an assisted living residence's failure to submit a plan of correction which is approved by the director, or to correct any deficiency within the time specified in an approved plan of correction, the director, in consultation with the Inspector General, may assess civil penalties as hereinafter provided or may initiate any other legal or disciplinary action as provided by this article.

(c) Nothing in this section may be construed to prohibit the Inspector General from enforcing a rule, administratively or in court, without first affording formal opportunity to make correction under this section, where, in the opinion of the director, in consultation with the Inspector General the violation of the rule jeopardizes the health or safety of residents or where the violation of the rule is the second or subsequent violation occurring during a period of 12 full months.

(d) Civil penalties assessed against assisted living residences will be classified according to the nature of the violation as defined in §16B-5-5(c) of this code and rules promulgated thereunder by the Inspector General, as follows: For each violation of a Class I standard, a civil penalty of not less than \$50 nor more than \$500 will be imposed; for each violation of a Class II standard, a civil penalty of not less than \$25 nor more than \$50 will be imposed; for each violation of a Class III standard, a civil penalty of not less than \$10 nor more than \$25 will be imposed. Each day a violation continues, after the date of citation, shall constitute a separate violation. The date of citation is the date the facility receives the written statement of deficiencies.

(e) The director, in consultation with the Inspector General, will assess a civil penalty not to exceed \$2,000 against any individual who notifies, or causes to be notified, an assisted living residence of the time or date on which an inspection is scheduled to be conducted under this article.

(f) If the director, in consultation with the Inspector General, assesses a penalty under this section, the director will cause delivery of notice of the penalty by personal service or by certified mail. The notice will state the amount of the penalty, the action or circumstance for

which the penalty is assessed, the requirement that the action or circumstance violates, and the basis upon which the director, in consultation with the Inspector General, assessed the penalty and selected the amount of the penalty.

(g) The Inspector General will, in a civil judicial proceeding, recover any unpaid assessment which has not been contested under §16B-5-12 of this code within 30 days of receipt of notice of the assessment or which has been affirmed under the provisions of that section and not appealed within 30 days of receipt of the Board of Review's final order or which has been affirmed on judicial review, as provided in §16B-5-13 of this code. All money collected by assessments of civil penalties or interest will be paid into a special resident benefit account and will be applied by the director only for the protection of the health or property of residents of assisted living residences operated within the state that the director finds to be deficient, including payment for the costs of relocation of residents to other facilities, operation of an assisted living residence pending correction of deficiencies, or closure and reimbursement of residents for personal funds lost.

(h) The opportunity for a hearing on an action taken under this section shall be as provided in §16B-5-12 of this code. In addition to any other rights of appeal conferred upon an assisted living residence pursuant to this section, an assisted living residence shall have the right to request a hearing and seek judicial review pursuant to §16B-5-12 and §16B-5-13 of this code to contest the citing by the director of a deficiency on an inspection report, irrespective of whether the deficiency results in the imposition of a civil penalty.

**§16B-5-11. Enforcement actions; assessment of interest; collection of assessments; hearings.**

(a) The director, in consultation with the Inspector General, will, by order, impose a ban on the admission of residents or reduce the bed quota of the assisted living residence, or any combination thereof, where he or she finds upon inspection of the assisted living residence that the licensee is not providing adequate care under the assisted living residence's existing bed quota and that reduction in quota or imposition of a ban on admissions, or any combination thereof, would place the licensee in a position to render adequate care. Any notice to a licensee of reduction in quota or ban on new admissions will include the terms of the order, the reasons therefor, and the date set for compliance.

(b) The director, in consultation with the Inspector General, may suspend or revoke a license issued under this article or take other action as set forth in this section if he or she finds upon inspection that there has been a substantial failure to comply with the provisions of this article or the standards or rules promulgated pursuant hereto.

(c) The suspension, expiration, forfeiture, or cancellation by operation of law or order of the director, in consultation with the Inspector General, of a license issued by the director or the withdrawal of an application for a license after it has been filed with the director, may not deprive the director of the director's authority to institute or continue an enforcement action or a proceeding for the denial of a license application against the licensee or applicant upon any ground provided by law or to deny the license application or suspend or revoke the license or otherwise take enforcement action on any such ground.

(d) In addition to other remedies provided in this article, upon petition from the Inspector General, the circuit court of the county in which the conduct has occurred or is occurring or the Circuit Court of Kanawha County may determine that an assisted living residence's deficiencies under this article constitute an emergency immediately jeopardizing the health, safety, welfare, or rights of its residents and issue an order to:

(1) Close the assisted living residence;

(2) Transfer residents in the assisted living residence to other facilities; or

(3) Appoint temporary management to oversee the operation of the assisted living residence and to assure the health, safety, welfare, and rights of the assisted living residence's residents where there is a need for temporary management while:

(A) There is an orderly closure of the assisted living residence; or

(B) Improvements are made to bring the assisted living residence into compliance with all the applicable requirements of this article.

(e) If the Inspector General petitions a circuit court for the closure of an assisted living residence, the transfer of residents, or the appointment of a temporary management, the

circuit court shall hold a hearing no later than seven days thereafter, at which time the Inspector General and the licensee or operator of the assisted living residence may participate and present evidence.

(f) A circuit court may divest the licensee or operator of possession and control of an assisted living residence in favor of temporary management. After the termination of the temporary management, the person who was responsible for the temporary management shall make an accounting to the court and after deducting from

(d) If a license is denied or revoked as herein provided, a new application for license will be considered by the director if, when, and after the conditions upon which the denial was based have been corrected and evidence of this fact has been furnished.
