Such notice shall be sent by registered mail to the licensee at the address where the institution concerned is located. The licensee shall be entitled to be represented by legal counsel at the hearing.

If a license is revoked as herein provided, a new application for a license shall be considered by the Office of Health Facility Licensure and Certification if, when, and after the conditions upon which revocation was based have been corrected and evidence of this fact has been furnished. A new license shall then be granted after proper inspection has been made and all provisions of this article and rules and regulations promulgated hereunder have been satisfied.

All of the pertinent provisions of §29A-5-1 of this code shall apply to and govern any hearing authorized and required by the provisions of this article and the administrative procedure in connection with and following any such hearing, with like effect as if the provisions of said article five were set forth in extenso in this section.

Findings of fact by the Office of Health Facility Licensure and Certification shall be considered as prima facie correct, but the court may remand the case to the Office of Health Facility Licensure and Certification for the taking of further evidence. The Office of Health Facility Licensure and Certification may thereupon make new or modified findings of fact which shall likewise be considered as prima facie correct. All evidence in the case shall be confidential until the final order is issued by the court, which order shall be made public.

The court shall have the power to affirm, modify, or reverse the decision of the Office of Health Facility Licensure and Certification and either the applicant or licensee or the Office of the Inspector General may appeal from the court's decision to the Supreme Court of Appeals. No rule or regulation or standard of the Inspector General shall be adopted or enforced which would have the effect of denying a license to a hospital or other institution required to be licensed hereunder, solely by reason of the school or system of practice employed or permitted to be employed by physicians therein: *Provided*, That such school or system of practice is recognized by the laws of this state.

The Inspector General designates the director of the Office of Health Facility Licensure and Certification to enforce the provisions of this article, except where otherwise stated.

§16B-3-10. Information not to be disclosed; exception.

§16B-3-20. Patient safety and transparency.

(a) As used in this section:

"Acuity-based patient classification system" means a set of criteria based on scientific data that acts as a measurement instrument which predicts registered nursing care requirements for individual patients based on severity of patient illness, need for specialized equipment and technology, intensity of nursing interventions required, and the complexity of clinical nursing judgment needed to design, implement, and evaluate the patient's nursing care plan consistent with professional standards of care. The acuity system criteria shall take into consideration the patient care services provided by registered nurses, licensed practical nurses, and other health care personnel.

"Competency" means those observable and measurable knowledge, skills, abilities and personal attributes, as determined by the facility, that demonstrate a nurse's ability to safely perform expected nursing duties of a unit.

"Direct-care registered nurse" means a registered nurse, who is a member of the facility's staff, has no management role or responsibility, and accepts direct responsibility and accountability to carry out medical regimens, nursing or other bedside care for patients.

"Unit Nurse Staffing Committee" means a committee made up of facility employees which includes a minimum of 51 percent of direct-care registered nurses who regularly provide direct nursing care to patients on the unit of the facility for which the nurse staffing plan is developed.

(b) The Legislature finds that to better improve the quality and efficiency of health care and to better facilitate planning for future states of emergency in West Virginia, a comprehensive system for nurses should be established to create staffing plans to ensure facilities are adequately staffed to handle the daily workload that may accompany a state of emergency. Further, the Legislature finds that nurses in West Virginia fall under the definition of "critical infrastructure," and by establishing a comprehensive staffing plan, West Virginia

will be better equipped to deal with employment and staffing issues associated with higher acuity treatment in facilities. Additionally, the Legislature finds that based upon the nature of the acuity-based patient classification system it relies upon confidential patient information to generate a staffing plan model and therefore both the classification system and the staffing plan are considered confidential records as defined in §30-3C-3 of this code and are therefore not subject to discovery in any civil action or administrative proceeding.

(c) A facility shall:

- (1) Develop, by July 1, 2024, an acuity-based patient classification system to be used to establish the staffing plan to be used for each unit;
- (2) Direct each unit nurse staffing committee to annually review the facility's current acuity-based patient classification system and submit recommendations to the facility for changes based on current standards of practice; and
- (3) Provide orientation, competency validation, education, and training programs in accordance with a nationally-recognized accrediting body recognized by the Centers for Medicare and Medicaid Services or in accordance with the Office of Health Facility Licensure and Certification. The orientation shall include providing for orientation of registered nursing staff to assigned clinical practice areas.

(3) "Surgical smoke" means the by-product, including surgical plume, smoke plume, bio-aerosols, laser-generated airborne contaminants, and other lung-damaging dust, that results from contact with tissue by an energy generating device.

(b) On or before January 1, 2025, in order to protect operating room nurses, operating room personnel, and patients from the hazards of surgical smoke, the Office of the Inspector General shall propose rules for legislative approval in accordance with the provisions of §29A-3-1 *et seq.* of this code requiring a health care facility licensed under this chapter that utilizes energy generating devices to use a smoke evacuation system during any surgical procedure that is likely to produce surgical smoke.

(c) Any health facility acting by or through its agents or employees that violates subsection (b) of this section shall be punished by a fine of not less than \$1,000 nor more than \$5,000 for each violation.

§16B-4-1. Purpose.

It is the policy of this state to encourage and promote the development and utilization of resources to ensure the effective and financially efficient care and treatment of persons who are convalescing or whose physical or mental condition requires them to receive a degree of nursing or related health care greater than that necessary for well individuals. To this end, the guiding principle for administration of the laws of the state is that such persons shall be encouraged and assisted in securing necessary care and treatment in noninstitutional surroundings. In recognition that for many such persons effective care and treatment can only be secured from proprietary, voluntary, and governmental nursing homes it is the policy of this state to encourage, promote, and require the maintenance of nursing homes so as to ensure protection of the rights and dignity of those using the services of such facilities.

 - (B) Permit immediate access to a resident, subject to reasonable restrictions and the resident's right to deny or withdraw consent at any time, by others who are visiting with the consent of the resident; and
 - (C) Permit access to other specific persons or classes of persons consistent with state and federal law; and
- (16) Admission, transfer, and discharge rights.
 - (c) To ensure compliance with §29A-3-11(b)(3) of this code, the Inspector General shall amend his or her legislative rule to exempt federally certified Medicare and Medicaid nursing facilities from provisions addressed in the federal regulations.
 - (d) The director shall permit the nonclinical instruction portions of a nurse aide training program approved by the Office of Health Facility Licensure and Certification to be provided through distance learning technologies.

§16B-4-6. License required; application; fees; duration; renewal.

No person may establish, operate, maintain, offer, or advertise a nursing home within this state unless and until he or she obtains a valid license therefor as hereinafter provided, which license remains unsuspended, unrevoked, and unexpired. No public official or employee may place any person in, or recommend that any person be placed in, or directly or indirectly cause any person to be placed in, any nursing home, as defined in §16B-4-2 of this code, which is being operated without a valid license from the Inspector General. The procedure for obtaining a license is as follows:

(a) The applicant shall submit an application to the director on a form to be prescribed by the director, containing such information as may be necessary to show that the applicant is in compliance with the standards for nursing homes, as established by this article and the rules lawfully promulgated hereunder. The application and any exhibits thereto shall provide the following information:

(1) The name and address of the applicant;

(2) The name, address, and principal occupation:

(A) Of each person who, as a stockholder or otherwise, has a proprietary interest of 10 percent or more in the applicant;

(B) Of each officer and director of a corporate applicant;

(C) Of each trustee and beneficiary of an applicant which is a trust; and

(D) Where a corporation has a proprietary interest of 25 percent or more in an applicant, the name, address, and principal occupation of each officer and director of the corporation;

(3) The name and address of the owner of the premises of the nursing home or proposed nursing home, if he or she is a different person from the applicant, and in such case, the name and address:

(A) Of each person who, as a stockholder or otherwise, has a proprietary interest 10 percent or more in the owner;

(B) Of each officer and director of a corporate applicant; and

(C) Of each trustee and applicant, the name, address, and principal occupation of each officer and director of the corporation;

(4) Where the applicant is the lessee or the assignee of the nursing home or the premises of the proposed nursing home, a signed copy of the lease and any assignment thereof;

(5) The name and address of the nursing home or the premises of the proposed nursing

home;

(6) A description of the nursing home to be operated;

(7) The bed quota of the nursing home;

(8) An organizational plan for the nursing home indicating the number of persons employed or to be employed and the positions and duties of all employees;

(9) The name and address of the individual who is to serve as administrator;

(10) Such evidence of compliance with applicable laws and rules governing zoning, buildings, safety, fire prevention, and sanitation as the director may require;

(11) A listing of other states in which the applicant owns, operates, or manages a nursing home or long-term care facility; and

(12) Such additional information as the director may require.

(b) Upon receipt and review of an application for license made pursuant to §16B-4-6(a) of this code, and inspection of the applicant nursing home pursuant to §16B-4-9 and §16B-4-10 of this code, the director shall issue a license if he or she finds:

(1) That an individual applicant, and every partner, trustee, officer, director, and controlling person of an applicant which is not an individual, is a person responsible and suitable to operate or to direct or participate in the operation of a nursing home by virtue of financial capacity, appropriate business or professional experience, a record of compliance with lawful orders of the department, if any, and lack of revocation of a license during the previous five years or consistent poor performance in other states;

(2) That the facility is under the supervision of an administrator who is licensed pursuant to the provisions of §30-25-1 *et seq.* of this code; and

(3) That the facility is in substantial compliance with standards established pursuant to §16B-4-5 of this code, and such other requirements for a license as may be established by rule under this article.

Any license issued by the director shall state the maximum bed capacity for which it is issued, the date the license was issued, and the expiration date. Such licenses shall be issued for a period not to exceed 15 months for nursing homes: *Provided*, That any license in effect for which timely application for renewal, together with payment of the proper fee has been made to the director in conformance with the provisions of this article and the rules issued thereunder, and prior to the expiration date of the license, shall continue in effect until:

(A) Six months following the expiration date of the license; or

(B) The date of the revocation or suspension of the license pursuant to the provisions of this article; or

(C) The date of issuance of a new license, whichever date first occurs.

Each license shall be issued only for the premises and persons named in the application and is not transferable or assignable: *Provided*, That in the case of the transfer of ownership of a facility with an unexpired license, the application by the proposed new owner shall be filed with the director no later than 30 days before the proposed date of transfer. Upon receipt of proof of the transfer of ownership, the application shall have the effect of a license for three months. The director shall issue or deny a license within three months of the receipt of the proof of the transfer of ownership. Every license shall be posted in a conspicuous place in the nursing home for which it is issued so as to be accessible to and in plain view of all residents of and visitors to the nursing home.

(c) A license is renewable, conditioned upon the licensee filing timely application for the extension of the term of the license accompanied by the fee, and contingent upon evidence of compliance with the provisions of this article and rules promulgated hereunder. Any application for renewal of a license shall include a report by the licensee in such form and containing such information as shall be prescribed by the director, including a statement of any changes in the name, address, management, or ownership information on file with the director. All holders of facility licenses as of the effective date of this article shall include, in the first application for renewal filed thereafter, such information as is required for initial applicants under the provisions of §16B-4-6(a) of this code.

(d) In the case of an application for a renewal license, if all requirements of §16B-4-6 of this code are not met, the director may at his or her discretion issue a provisional license, provided that care given in the nursing home is adequate for resident needs and the nursing home has demonstrated improvement and evidences potential for substantial compliance within the term of the license: *Provided*, That a provisional license may not be issued for a period greater than six months, may not be renewed, and may not be issued to any nursing home that is a poor performer.

(e) A nonrefundable application fee in the amount of \$200 for an original nursing home license shall be paid at the time application is made for the license. Direct costs of initial licensure inspections or inspections for changes in licensed bed capacity shall be borne by the applicant and shall be received by the director prior to the issuance of an initial or amended license. The license fee for renewal of a license shall be at the rate of \$15 per bed per year for nursing homes, except the annual rate per bed may be assessed for licenses issued for less than 15 months. Annually, the director may adjust the licensure fees for inflation based upon the increase in the consumer price index during the last 12 months. All such license fees shall be due and payable to the director, annually, and in the manner set forth in the rules promulgated hereunder. The fee and application shall be submitted to the director who shall retain both the application and fee pending final action on the application. All fees received by the director under the provisions of this article shall be deposited in

accordance with §16-1-13 of this code.

WV Legislature

§16B-4-7. Cost disclosure; surety for resident funds.

(a) Each nursing home shall disclose in writing to all residents at the time of admission a complete and accurate list of all costs which may be incurred by them, and shall notify the residents 30 days in advance of changes in costs. The nursing home shall make available copies of the list in the nursing home's business office for inspection. Residents may not be liable for any cost not so disclosed.

(b) If the nursing home handles any money for residents within the facility, the licensee or his or her authorized representative shall either: (1) Give a bond; or (2) obtain and maintain commercial insurance with a company licensed in this state in an amount consistent with this subsection and with the surety as the director shall approve. The bond or insurance shall be upon condition that the licensee shall hold separately and in trust all residents' funds deposited with the licensee; shall administer the funds on behalf of the resident in the manner directed by the depositor; shall render a true and complete account to the depositor and the director when requested, and at least quarterly to the resident; and upon termination of the deposit, shall account for all funds received, expended, and held on hand. The licensee shall file a bond or obtain insurance in a sum at least 1.25 times the average amount of funds deposited with the nursing home during the nursing home's previous fiscal year.

This insurance policy shall specifically designate the resident as the beneficiary or payee reimbursement of lost funds. Regardless of the type of coverage established by the facility, the facility shall reimburse, within 30 days, the resident for any losses directly and seek reimbursement through the bond or insurance itself. Whenever the director determines that the amount of any bond or insurance required pursuant to this subsection is insufficient to adequately protect the money of residents which is being handled, or whenever the amount of any such bond or insurance is impaired by any recovery against the bond or insurance, the director may require the licensee to file an additional bond or insurance in such amount as necessary to adequately protect the money of residents being handled.

The provisions of this subsection do not apply if the licensee handles less than \$35 per resident per month in the aggregate. Nursing homes certified to accept payment by Medicare and Medicaid must meet the requirements for surety bonds as listed in the applicable federal regulations.

§16B-4-8. Investigation of complaints.

(a) The director shall establish rules for prompt investigation of all complaints of alleged violations by nursing homes of applicable requirements of state law or rules, except for such complaints that the director determines are willfully intended to harass a licensee or are without any reasonable basis. Such procedures shall include provisions for ensuring the confidentiality of the complainant and for promptly informing the complainant and the nursing home involved of the results of the investigation.

(b) If, after its investigation, the director determines that the complaint has merit, the director shall take appropriate disciplinary action and shall advise any injured party of the possibility of a civil remedy.

(1) A nursing home or licensee adversely affected by an order or citation of a deficient practice issued pursuant to this section may request the independent informal dispute resolution process contained in §16B-4-12a of this code.

(2) No later than 20 working days following the last day of a complaint investigation, the director shall transmit to the nursing home a statement of deficiencies committed by the facility. Notification of the availability of the independent informal dispute resolution process and an explanation of the independent informal dispute resolution process shall be included in the transmittal.

(c) No nursing home may discharge or in any manner discriminate against any resident, legal representative, or employee for the reason that the resident, legal representative, or employee has filed a complaint or participated in any proceeding specified in this article. Violation of this prohibition by any nursing home constitutes ground for the suspension or revocation of the license of the nursing home as provided in §16B-4-11 and §16B-4-12 of this code. Any type of discriminatory treatment of a resident, legal representative, or employee by whom, or upon whose behalf, a complaint has been submitted to the director, or any proceeding instituted under this article, within 120 days of the filing of the complaint or the institution of such action, shall raise a rebuttable presumption that such action was taken by the nursing home in retaliation for such complaint or action.

§16B-4-9. Inspections.

The director and any duly designated employee or agent shall have the right to enter upon and into the premises of any nursing home at any time for which a license has been issued, for which an application for license has been filed with the director, or which the director has reason to believe is being operated or maintained as a nursing home without a license. If entry is refused by the owner or person in charge of the nursing home, the director may apply to the circuit court of the county in which the nursing home is located or the Circuit Court of Kanawha County for a warrant authorizing inspection to conduct the following inspections:

- (1) An initial inspection prior to the issuance of a license pursuant to §16B-4-6 of this code;
- (2) A license inspection for a nursing home, which shall be conducted at least once every 15 months, if the nursing home has not applied for and received an exemption from the requirement as provided for in this section;
- (3) The director, by the director's authorized employees or agents, shall conduct at least one inspection prior to issuance of a license pursuant to §16B-4-6 of this code, and shall conduct periodic unannounced inspections thereafter, to determine compliance by the nursing home with applicable rules promulgated thereunder. All facilities shall comply with regulations of the State Fire Commission. The State Fire Marshal, by his or her employees or authorized agents, shall make all fire, safety, and like inspections. The director may provide for such other inspections as the director may deem necessary to carry out the intent and purpose of this article. Any nursing home aggrieved by a determination or assessment made pursuant to this section, shall have the right to an administrative appeal as set forth in §16B-4-12 of this code;
- (4) A complaint inspection based on a complaint received by the director. If, after investigation of a complaint, the director determines that the complaint is substantiated, the director may invoke any applicable remedies available pursuant to §16B-4-11 of this code.

§16B-4-9a. Exemptions.

(a) The director may grant an exemption from a license inspection if a nursing home was found to be in substantial compliance with the provisions of this chapter at its most recent inspection and there have been no substantiated complaints thereafter. The director may not grant more than one exemption in any two-year period.

(b) The director may grant an exemption to the extent allowable by federal law from a standard survey, only if the nursing home was found to be in substantial compliance with certification participation requirements at its previous standard inspection and there have been no substantiated complaints thereafter.

(c) The director may grant an exemption from periodic license inspections if a nursing home receives accreditation by an accrediting body approved by the director and submits a complete copy of the accreditation report. The accrediting body shall identify quality of care measures that assure continued quality care of residents. The director may not grant more than one exemption in any two-year period.

(d) If a complaint is substantiated, the director has the authority to immediately remove the exemption.

§16B-4-10. Reports of inspections; plans of correction; assessment of penalties and use of funds derived therefrom; hearings.

(a) Reports of all inspections made pursuant to §16B-4-8 and §16B-4-9 of this code shall be in writing and filed with the director and shall list all deficiencies in the nursing home's compliance with the provisions of this article and the rules adopted hereunder.

(1) No later than 10 working days following the last day of the inspection, the director shall transmit to the nursing home a copy of such report and shall specify a time within which the nursing home shall submit a plan for correction of such deficiencies.

(2) Additionally, notification of the availability of the independent informal dispute resolution process and an explanation of the independent informal dispute resolution process shall be included in the transmittal.

(3) A nursing home adversely affected by an order or citation of a deficient practice issued pursuant to this section may request the independent informal dispute resolution process contained in §16B-4-12a of this code.

(4) The plan submitted by the nursing home shall be approved, rejected, or modified by the director.

(5) The inspectors or the nursing home shall allow audio taping of the exit conference with the expense to be paid by the requesting party.

(b) With regard to a nursing home with deficiencies and upon its failure to submit a plan of correction which is approved by the director, or to correct any deficiency within the time specified in an approved plan of correction, the director, in consultation with the Inspector General, may assess civil penalties as hereinafter provided or may initiate any other legal or disciplinary action as provided by this article: *Provided*, That any action by the director shall be stayed until federal proceedings arising from the same deficiencies are concluded.

(c) Nothing in this section may be construed to prohibit the director from enforcing a rule, administratively or in court, without first affording formal opportunity to make correction under this section, where, in the opinion of the director, the violation of the rule jeopardizes the health or safety of residents, or where the violation of the rule is the second or subsequent such violation occurring during a period of 12 full months.

(d) Civil penalties assessed against nursing home shall not be less than \$50 nor more than \$8,000: *Provided*, That the director, in consultation with the Inspector General, may not assess a penalty under state licensure for the same deficiency or violation cited under federal law and may not assess a penalty against a nursing home if the nursing home corrects the deficiency within 20 days of receipt of written notice of the deficiency unless it is a repeat deficiency or the nursing home is a poor performer.

(e) In determining whether to assess a penalty, and the amount of penalty to be assessed,

the director, in consultation with the Inspector General shall consider:

- (1) How serious the noncompliance is in relation to direct resident care and safety;
- (2) The number of residents the noncompliance is likely to affect;
- (3) Whether the noncompliance was noncompliance during a previous inspection;
- (4) The opportunity the nursing home has had to correct the noncompliance; and
- (5) Any additional factors that may be relevant.

(f) The range of civil penalties shall be as follows:

(1) For a deficiency which presents immediate jeopardy to the health, safety, or welfare of one or more residents, the director, in consultation with the Inspector General, may impose a civil penalty of not less than \$3,000 nor more than \$8,000;

(2) For a deficiency which actually harms one or more residents, the director, in consultation with the Inspector General, may impose a civil penalty of not less than \$1,000 nor more than \$3,000;

(3) For a deficiency which has the potential to harm one or more residents, the director, in consultation with the Inspector General, may impose a civil penalty of not less than \$50 nor more than \$1,000;

(4) For a repeated deficiency, the director, in consultation with the Inspector General, may impose a civil penalty of up to 150 percent of the penalties provided in §16B-4-10(f)(1) through §16B-4-10(f)(3) of this code; and

(5) If no plan of correction is submitted as established in this rule, a penalty may be assessed in the amount of \$100 a day unless a reasonable explanation has been provided and accepted by the director, in consultation with the Inspector General.

(g) The director, in consultation with the Inspector General, shall assess a civil penalty of not more than \$1,000 against an individual who willfully and knowingly certifies a material and false statement in a resident assessment. Such penalty shall be imposed with respect to each such resident assessment. The director, in consultation with the Inspector General, shall impose a civil penalty of not more than \$5,000 against an individual who willfully and knowingly causes another individual to certify a material and false statement in a resident assessment. Such penalty shall be imposed with respect to each such resident assessment.

(h) The director, in consultation with the Inspector General, shall assess a civil penalty of not more than \$2,000 against any individual who notifies, or causes to be notified, a nursing home of the time or date on which an inspection is scheduled to be conducted under this article or under 42 U.S.C.A. §§ 1395 *et seq.* and 1396 *et seq.*

(i) If the director, in consultation with the Inspector General, assesses a penalty under this section, the director shall cause delivery of notice of such penalty by personal service or by certified mail. Said notice shall state the amount of the penalty, the action or circumstance for which the penalty is assessed, the requirement that the action or circumstance violates, and the basis upon which the director, in consultation with the Inspector General, assessed the penalty and selected the amount of the penalty.

(j) The Inspector General shall, in a civil judicial proceeding, recover any unpaid assessment which has not been contested under §16B-4-12 of this code within 30 days of receipt of notice of such assessment, or which has been affirmed under the provisions of that section and not appealed within 30 days of receipt of the Board of Review's final order, or which has been affirmed on judicial review, as provided in §16B-4-13 of this code. All money collected by assessments of civil penalties or interest shall be paid into a special resident benefit account and shall be applied by the Inspector General for:

- (1) The protection of the health or property of facility residents;
 - (2) Long-term care educational activities;
 - (3) The costs arising from the relocation of residents to other nursing homes when no other funds are available; and
 - (4) In an emergency situation in which there are no other funds available, the operation of a facility pending correction of deficiencies or closure.
- (k) The opportunity for a hearing on an action taken under this section shall be as provided in §16B-4-12 of this code.

§16B-4-11. Ban on admissions; closure; transfer of residents; appointment of temporary management; assessment of interest; collection of assessments; promulgation of rules to conform with federal requirements.

(a) The director, in consultation with the Inspector General, may reduce the bed quota of the nursing home or impose a ban on new admissions, where he or she finds upon inspection of the nursing home that the licensee is not providing adequate care under the nursing home's existing bed quota, and that reduction in quota or ban on new admissions, or both, would place the licensee in a position to render adequate care. A reduction in bed quota or a ban on new admissions, or both, may remain in effect until the nursing home is determined by the director to be in substantial compliance with the rules. In addition, the director shall determine that the facility has the management capability to ensure continued substantial compliance with all applicable requirements. The director, in consultation with the Inspector General, shall evaluate the continuation of the admissions ban or reduction in bed quota on a continuing basis, and may make a partial lifting of the admissions ban or reduction in bed quota consistent with the purposes of this section. If the residents of the facility are in immediate jeopardy of their health, safety, welfare, or rights, the Inspector General may seek an order to transfer residents out of the nursing home as provided for in §16B-4-11(d) of this code. Any notice to a licensee of reduction in bed quota or a ban on new admissions shall include the terms of such order, the reasons therefor, and a date set for compliance.

(b) The director, in consultation with the Inspector General, may deny, limit, suspend, or revoke a license issued under this article or take other action as set forth in this section, if he or she finds upon inspection that there has been a substantial failure to comply with the provisions of this article or the standards or rules promulgated pursuant hereto.

(c) The suspension, expiration, forfeiture, or cancellation by operation of law or order of a license issued by the director, or the withdrawal of an application for a license after it has been filed with the director, may not deprive the director, in consultation with the Inspector General, of the authority to institute or continue a disciplinary proceeding, or a proceeding for the denial of a license application, against the licensee or applicant upon any ground provided by law or to enter an order denying the license application, suspending, or revoking the license, or otherwise taking disciplinary action on any such ground.

(d) In addition to other remedies provided in this article, upon petition from the Inspector General, a circuit court in the county in which a facility is located, or in Kanawha County if emergency circumstances occur, may determine that a nursing home's deficiencies under this article, or under 42 U.S.C.A. §§ 1395 *et seq.* and 1396 *et seq.*, if applicable, constitute an emergency immediately jeopardizing the health, safety, welfare, or rights of its residents, and issue an order to:

- (1) Close the nursing home;
- (2) Transfer residents in the nursing home to other nursing homes; or

(3) Appoint temporary management to oversee the operation of the facility and to assure the health, safety, welfare, and rights of the nursing home's residents, where there is a need for temporary management while:

(A) There is an orderly closure of the facility; or

(B) Improvements are made in order to bring the nursing home into compliance with all the applicable requirements of this article and, if applicable, 42 U.S.C.A. §§ 1395 *et seq.* and 1396 *et seq.*

If the Inspector General petitions a circuit court for the closure of a nursing home, the transfer of residents, or the appointment of temporary management, the circuit court shall hold a hearing no later than seven days thereafter, at which time the Inspector General and the licensee or operator of the nursing home may participate and present evidence. The burden of proof is on the Inspector General.

A circuit court may divest the licensee or operator of possession and control of a nursing home in favor of temporary management. The temporary management shall be responsible to the court and shall have such powers and duties as the court may grant to direct all acts necessary or appropriate to conserve the property and promote the health, safety, welfare, and rights of the residents of the nursing home, including, but not limited to, the replacement of management and staff, the hiring of consultants, the making of any necessary expenditures to close the nursing home, or to repair or improve the nursing home so as to return it to compliance with applicable requirements, and the power to receive, conserve, and expend funds, including Medicare, Medicaid, and other payments on behalf of the licensee or operator of the nursing home. Priority shall be given to expenditures for current direct resident care or the transfer of residents. Expenditures other than normal operating expenses totaling more than \$20,000 shall be approved by the circuit court.

The person charged with temporary management shall be an officer of the court, is not liable for conditions at the nursing home which existed or originated prior to his or her appointment, and is not personally liable, except for his or her own gross negligence and intentional acts which result in injuries to persons or damage to property at the nursing home during his or her temporary management. All compensation and per diem costs of the temporary manager shall be paid by the nursing home. The costs for the temporary manager for any 30-day period may not exceed the 75th percentile of the allowable administrator's salary as reported on the most recent cost report for the nursing home's peer group as determined by the director. The temporary manager shall bill the nursing home for compensation and per diem costs. Within 15 days of receipt of the bill, the nursing home shall pay the bill or contest the costs for which it was billed to the court. Such costs shall be recoverable through recoupment from future reimbursement from the state Medicaid agency in the same fashion as a benefits overpayment.

The temporary management shall promptly employ at least one person who is licensed as a nursing home administrator in West Virginia.

A temporary management established for the purpose of making improvements in order to bring a nursing home into compliance with applicable requirements may not be terminated until the court has determined that the nursing home has the management capability to ensure continued compliance with all applicable requirements, except if the court has not made such determination within six months of the establishment of the temporary management, the temporary management terminates by operation of law at that time, and the nursing home shall be closed. After the termination of the temporary management, the person who was responsible for the temporary management shall make an accounting to the court, and after deducting from receipts the costs of the temporary management, expenditures, civil penalties, and interest no longer subject to appeal, in that order, any excess shall be paid to the licensee or operator of the nursing home.

(e) The assessments for penalties and for costs of actions taken under this article shall have interest assessed at five percent per annum beginning 30 days after receipt of notice of such assessment or 30 days after receipt of the Board of Review's final order following a hearing, whichever is later. All such assessments against a nursing home that are unpaid shall be added to the nursing home's licensure fee and may be filed as a lien against the property of the licensee or operator of the nursing home. Funds received from such assessments shall be deposited as funds received in §16B-4-10 of this code.

(f) The opportunity for a hearing on an action by the Inspector General taken under this section shall be as provided in §16B-4-12 of this code.

§16B-4-12. License denial, limitation, suspension, or revocation.

- (a) The director, in consultation with the Inspector General, shall deny, limit, suspend, or revoke a license issued if the provisions of this article or if the rules promulgated pursuant to this article are violated. The director, in consultation with the Inspector General, may revoke a nursing home's license and prohibit all physicians and licensed disciplines associated with that nursing home from practicing at the nursing home location based upon an annual, periodic, complaint, verification, or other inspection and evaluation.
- (b) Before any such license is denied, limited, suspended, or revoked, however, written notice shall be given to the licensee, stating the grounds for such denial, limitation, suspension, or revocation.
- (c) An applicant or licensee has 10 working days after receipt of the order denying, limiting, suspending, or revoking a license to request a formal hearing contesting the denial, limitation, suspension, or revocation of a license under this article. If a formal hearing is requested, the applicant or licensee and the director shall proceed in accordance with the provisions of §29A-5-1 *et seq.* of this code.
- (d) If a license is denied or revoked as herein provided, a new application for license shall be considered by the director if, when, and after the conditions upon which the denial or revocation was based have been corrected and evidence of this fact has been furnished. A new license shall then be granted after proper inspection, if applicable, has been made and all provisions of this article and rules promulgated pursuant to this article have been satisfied.
- (e) If the license of a nursing home is denied, limited, suspended, or revoked, the administrator or owner or lessor of the nursing home property shall cease to operate the facility as a nursing home as of the effective date of the denial, limitation, suspension, or revocation. The owner or lessor of the nursing home property is responsible for removing all signs and symbols identifying the premises as a nursing home within 30 days. Any administrative appeal of such denial, limitation, suspension, or revocation shall not stay the denial, limitation, suspension, or revocation.
- (f) Upon the effective date of the denial, limitation, suspension, or revocation, the administrator of the nursing home shall advise the director and the Board of Pharmacy of the disposition of all medications located on the premises. The disposition is subject to the supervision and approval of the director. Medications that are purchased or held by a nursing home that is not licensed may be deemed adulterated.
- (g) The period of suspension for the license of a nursing home shall be prescribed by the director but may not exceed one year.

§16B-4-12a. Independent informal dispute resolution.

(a) A facility or licensee adversely affected by an order or citation of a deficient practice issued pursuant to this article or by a citation issued for a deficient practice pursuant to federal law may request the independent informal dispute resolution process. A facility may contest a cited deficiency as contrary to law or unwarranted by the facts or both.

(b) The director shall contract with up to three independent review organizations to conduct an independent informal dispute resolution process for facilities. The independent review organization shall be accredited by the Utilization Review Accreditation Commission.

(c) The independent informal dispute resolution process is not a formal evidentiary proceeding and utilizing the independent informal dispute resolution process does not waive the facility's right to a formal hearing.

(d) The independent informal dispute resolution process consists of the following:

(1) No later than 10 working days following the last day of the survey or inspection, or no later than 20 working days following the last day of a complaint investigation, the director shall transmit to the facility a statement of deficiencies committed by the facility.

Notification of the availability of the independent informal dispute resolution process and an explanation of the independent informal dispute resolution process shall be included in the transmittal;

(2) When the facility returns its plan to correct the cited deficiencies to the director, the facility may request in writing the independent informal dispute resolution process to refute the cited deficiencies;

(3) Within five working days of receipt of the written request for the independent informal dispute resolution process made by a facility, the director shall refer the request to an independent review organization from the list of certified independent review organizations approved by the state. The director shall vary the selection of the independent review organization on a rotating basis. The director shall acknowledge in writing to the facility that the request for independent review has been received and forwarded to an independent review organization for review. The notice shall include the name and address of the independent review organization.

(4) Within 10 working days of receipt of the written request for the independent informal dispute resolution process made by a facility, the independent review organization shall hold an independent informal dispute resolution conference unless additional time is requested by the facility. Before the independent informal dispute resolution conference, the facility may submit additional information.

(5) The facility may not be accompanied by counsel during the independent informal dispute resolution conference. The manner in which the independent informal dispute resolution

conference is held is at the discretion of the facility, but is limited to:

- (A) A desk review of written information submitted by the facility;
 - (B) A telephonic conference; or
 - (C) A face-to-face conference held at the facility or a mutually agreed upon location.
- (6) If the independent review organization determines the need for additional information, clarification, or discussion after conclusion of the independent informal dispute resolution conference, the director and the facility shall present the requested information.

§16B-4-13. Judicial review.

(a) Any applicant or licensee who is dissatisfied with the decision of the formal hearing as a result of the hearing provided for in §16B-4-12 of this code may, within 30 days after receiving notice of the decision, petition the West Virginia Intermediate Court of Appeals for judicial review of the decision.

(b) The court may affirm, modify, or reverse the decision of the Board of Review and either the applicant, licensee, or Inspector General may appeal from the court's decision to the Supreme Court of Appeals.

(c) The judgment of the West Virginia Intermediate Court of Appeals shall be final unless reversed, vacated, or modified on appeal to the Supreme Court of Appeals in accordance with the provisions of §29A-6-1 *et seq.* of this code.

(b) The Governor may appoint counsel for the Office of Health Facility Licensure and Certification, who shall perform such legal services in representing the interests of residents in nursing homes in matters under the jurisdiction of the Inspector General as the Governor shall direct. It shall be the duty of such counsel to appear for the residents in all cases where they are not represented by counsel. The compensation of such counsel shall be fixed by the Governor.

§16B-4-15. Unlawful acts; penalties; injunctions; private right of action.

(a) Whoever establishes, maintains, or is engaged in establishing or maintaining a nursing home without a license granted under §16B-4-6 of this code, or who prevents, interferes with or impedes in any way the lawful enforcement of this article, is guilty of a misdemeanor and, upon conviction thereof, shall be punished for the first offense by a fine of not more than \$100, or by confinement in jail for a period of not more than 90 days, or by both fine and confinement, at the discretion of the court. For each subsequent offense, the fine may be increased to not more than \$250, with confinement in jail for a period of not more than 90 days, or by both fine and confinement, at the discretion of the court. Each day of a continuing violation after conviction is considered a separate offense.

(b) The director, in consultation with the Inspector General, may in his or her discretion bring an action to enforce compliance with this article or any rule or order hereunder whenever it appears to the director, in consultation with the Inspector General, that any person has engaged in, or is engaging in, an act or practice in violation of this article or any rule or order hereunder, or whenever it appears to the director, in consultation with the Inspector General, that any person has aided, abetted or caused, or is aiding, abetting, or causing, such an act or practice. Upon application by the Inspector General, the circuit court of the county in which the conduct has occurred or is occurring, or if emergency circumstances occur the Circuit Court of Kanawha County, has jurisdiction to grant without bond a permanent or temporary injunction, decree, or restraining order.

Whenever the director, in consultation with the Inspector General, has refused to grant or renew a license, or has revoked a license required by law to operate or conduct a nursing home, or has ordered a person to refrain from conduct violating the rules of the Inspector General, and the person has appealed the action of the director, the court may, during pendency of the appeal, issue a restraining order or injunction upon proof that the operation of the nursing home or its failure to comply with the order of the director adversely affects the well-being or safety of the residents of the nursing home. Should a person who is refused a license or the renewal of a license to operate or conduct a nursing home or whose license to operate is revoked or who has been ordered to refrain from conduct or activity which violates the rules of the Inspector General fails to appeal or should the appeal be decided favorably to the Inspector General, then the court shall issue a permanent injunction upon proof that the person is operating or conducting a nursing home without a license as required by law, or has continued to violate the rules of the Inspector General.

(c) Any nursing home that deprives a resident of any right or benefit created or established for the well-being of this resident by the terms of any contract, by any state statute or rule, or by any applicable federal statute or regulation, shall be liable to the resident for injuries suffered as a result of such deprivation. Upon a finding that a resident has been deprived of such a right or benefit, and that the resident has been injured as a result of such deprivation, and unless there is a finding that the nursing home exercised all care reasonably necessary to prevent and limit the deprivation and injury to the resident, compensatory damages shall be assessed in an amount sufficient to compensate the resident for such injury. In addition,

where the deprivation of the right or benefit is found to have been willful or in reckless disregard of the lawful rights of the resident, punitive damages may be assessed. A resident may also maintain an action pursuant to this section for any other type of relief, including injunctive and declaratory relief, permitted by law. Exhaustion of any available administrative remedies is not required prior to commencement of suit under this subsection.

(d) The amount of damages recovered by a resident, in an action brought pursuant to this section, is exempt for purposes of determining initial or continuing eligibility for medical assistance under §9-5-1 *et seq.* of this code, and may neither be taken into consideration, nor required to be applied toward the payment or part payment of the cost of medical care or services available under that article.

(e) Any waiver by a resident or his or her legal representative of the right to commence an action under this section, whether oral or in writing, is void as contrary to public policy.

(f) The penalties and remedies provided in this section are cumulative and are in addition to all other penalties and remedies provided by law.

(g) Nothing in this section or any other section of the code shall limit the protections afforded nursing homes or their health care providers under §55-7b-1 *et seq.* of this code. Nursing homes and their health care providers shall be treated in the same manner as any other health care facility or health care provider under §55-7b-1 *et seq.* of this code. The terms "health care facility" and "health care provider" as used in this subsection shall have the same meaning as set forth in §55-7b-2(f) and (g) of this code.

(h) The proper construction of this section and the limitations and provisions of §55-7b-1 *et seq.* of this code shall be determined by principles of statutory construction.

(a) Each nursing home subject to the provisions of this article shall hold in a separate account and in trust each resident's personal funds deposited with the nursing home.

(b) No person may use or cause to be used for any purpose the personal funds of any resident admitted to any such nursing home unless consent for the use thereof has been obtained from the resident, or from a committee, or guardian, or relative.

(c) Each nursing home shall maintain a true and complete record of all receipts for any disbursements from the personal funds account of each resident in the nursing home, including the purpose and payee of each disbursement, and shall render a true account of such record to the resident or his or her representative upon demand and upon termination of the resident's stay in the nursing home.

(d) Any person or corporation who violates any subsection of this section is guilty of a misdemeanor and, upon conviction thereof, shall be fined not more than \$1,000, or imprisoned in jail not more than one year, or both fined and imprisoned.

(e) Reports provided to review organizations are confidential unless inaccessibility of information interferes with the director's ability to perform his or her oversight function as mandated by federal regulations and this section.

(f) Notwithstanding §16B-4-16(b) or any other provision of this code, upon the death of a resident, any funds remaining in his or her personal account shall be made payable to the person or probate jurisdiction administering the estate of said resident: *Provided*, That if after 30 days there has been no qualification over the decedent resident's estate, those funds are presumed abandoned and are reportable to the State Treasurer pursuant to the West Virginia Uniform Unclaimed Property Act, §36-8-1 *et seq.* of this code.

§16B-4-17. Federal law; legislative rules.

Notwithstanding any provision in this code to the contrary, the Inspector General shall promulgate legislative rules, in compliance with the provisions of §29A-3-1 *et seq.* of this code, pertaining to nursing homes, when those rules are required for compliance with federal law or regulations. The rules may be filed as emergency rules.

WV Legislature

§16B-4-18. Hospice palliative care required to be offered.

(a) When the health status of a nursing home facility resident declines to the state of terminal illness or when the resident receives a physician's order for "comfort measures only", the facility shall notify the resident with information about the option of receiving hospice palliative care. If a nursing home resident is incapacitated, the facility shall also notify any person who has been given the authority of guardian, a medical power of attorney, or health care surrogate over the resident, information stating that the resident has the option of receiving hospice palliative care.

(b) The facility shall document that it has notified the resident, and any person who has been given a medical power of attorney or health care surrogate over the resident, information about the option of hospice palliative care and maintain the documentation so that the director may inspect the documentation, to verify the facility has complied with this section.

§16B-4-19. Employment restrictions.

All personnel of a nursing home by virtue of ownership, employment, engagement, or agreement with a provider or contractor shall be subject to the provisions of the West Virginia Clearance for Access: Registry and Employment Screening Act, §16B-15-1 *et seq.* of this code and the rules promulgated pursuant thereto.

WV Legislature

§16B-4-20. Jury trial waiver to be a separate document.

(a) Every written agreement containing a waiver of a right to a trial by jury that is entered into between a nursing home and a person for the nursing care of a resident, must have as a separate and stand-alone document any waiver of a right to a trial by jury.

(b) Nothing in this section may be construed to require a court of competent jurisdiction to determine that the entire agreement or any portion thereof is enforceable, unenforceable, conscionable, or unconscionable.

§16B-5-1. Purpose.

(a) It is the policy of this state to encourage and promote the development and utilization of resources to ensure the effective care and treatment of persons who are dependent upon the services of others by reason of physical or mental impairment who may require limited and intermittent nursing care, including those individuals who qualify for and are receiving services coordinated by a licensed hospice. Such care and treatment requires a living environment for such persons which, to the extent practicable, will approximate a normal home environment. To this end, the guiding principle for administration of the laws of the state is that such persons shall be encouraged and assisted in securing necessary care and treatment in noninstitutional surroundings.

(b) In recognition that for many such persons effective care and treatment can only be secured from proprietary, voluntary and governmental assisted living residences, it is the policy of this state to encourage, promote and require the maintenance of assisted living residences so as to ensure protection of the rights and dignity of those using the services of assisted living residences.

(c) The provisions of this article are hereby declared to be remedial and shall be liberally construed to effectuate its purposes and intents.

(d) An assisted living residence shall attain substantial compliance with standards established pursuant to this section and such other requirements for a license as may be established by rule under this article.

§16B-5-6. License required; application; fees; duration; renewal.

(a) There shall be one assisted living residence license for each assisted living residence. No person may establish, operate, maintain, offer, or advertise an assisted living residence within this state unless and until he or she obtains a valid license therefor as provided in this article, which license remains unsuspended, unrevoked, and unexpired. No public official or employee may place any person in, or recommend that any person be placed in, or directly or indirectly cause any person to be placed in any assisted living residence, as defined in §16B-5-2 of this code, which is being operated without a valid license from the director. Nothing in this article shall be construed to prevent or prohibit the ability of a resident of an assisted living residence to contract or arrange for, and to receive, privately paid nursing care or personal assistance in addition to those services provided by the licensee, subject to the consent and cooperation of the licensee and consistent with the duties and responsibilities imposed by this section.

(b) Nothing in this article shall be construed to require the licensing of landlords or property owners who are not involved in the provision of supervision, personal assistance, limited and intermittent nursing care, or other on-site professional services for the residents of an assisted living residence or in the advertising, recruitment of residents, transportation of residents, or other substantial and ongoing services for the operation or maintenance of the assisted living residence.

(c) The procedure for obtaining a license shall be as follows:

(1) That an individual applicant, and every partner, trustee, officer, director, and controlling person of an applicant which is not an individual, is a person responsible and suitable to operate or to direct or participate in the operation of an assisted living residence by virtue of financial capacity, appropriate business or professional experience, a record of compliance with lawful orders of the department, if any, and lack of revocation of a license during the

previous five years;

(2) That the assisted living residence is under the supervision of an administrator who is qualified by training and experience; or

(e) The director, in consultation with the Inspector General, may deny an initial or renewal license if the information provided in an application or report is known by the applicant to be false or the applicant fails to report required information or for any other reason permitted by law or rules promulgated pursuant to this article.

(f) Any license granted by the director will state the maximum bed capacity for which it is granted, the date the license was issued, and the expiration date. Licenses will be issued for a period not to exceed one year for assisted living residences: *Provided*, That any such license in effect for which timely application for renewal, together with payment of the proper fee has been made to the department in conformance with the provisions of this article and the rules issued thereunder and prior to the expiration date of the license, shall continue in effect until: (1) One year following the expiration date of the license; or (2) the date of the revocation or suspension of the license pursuant to the provisions of this article; or (3) the date of issuance of a new license, whichever date first occurs. Each license will be issued only for the premises and persons named in the application and is not transferable or assignable: *Provided, however*, That in the case of the transfer of ownership of an assisted living residence with an unexpired license, the application of the new owner for a license shall have the effect of a license for a period of three months when filed with the director. Every license shall be posted in a conspicuous place in the assisted living residence for which it is issued so as to be accessible to and in plain view of all residents and visitors of the assisted living residence.

(g) An original license shall be renewable, conditioned upon the licensee filing timely application for the extension of the term of the license accompanied by the fee and contingent upon evidence of compliance with the provisions of this article and rules promulgated by the Inspector General hereunder; the application shall be accompanied by:

(1) The information required in §16B-5-6(c)(A) through §16B-5-6(c)(C) of this code.

(h) In the case of an application for a renewal license, if all requirements of §16B-5-5 and §16B-5-6 of this code are not met, the director may in his or her discretion issue a provisional license, provided that care given in the assisted living residence is adequate for resident needs and the assisted living residence has demonstrated improvement and evidences potential for substantial compliance within the term of the license: *Provided*, That a provisional renewal may not be issued for a period greater than one year, may not be renewed, and may not be issued to any assisted living residence with uncorrected violations of any Class I standard, as defined in §16B-5-5(c) of this code.

(i) A nonrefundable application fee in the amount of \$65 for an original assisted living residence license shall be paid at the time application is made for the license. An average cost of all direct costs for the initial licensure for the preceding 10 facilities based on the size of the facility's licensed bed capacity shall be borne by the applicant and shall be received by the director prior to the issuance of an initial or amended license. The license fee for renewal of a license shall be at the rate of \$6 per bed per year for assisted living residences except the annual rate per bed may be assessed for licenses issued for less than one year. The director may annually adjust the licensure fees for inflation based upon the consumer price index. The bed capacity for the holder of each license will be determined by the director. All license fees shall be due and payable to the director annually, and in the manner set forth in the rules promulgated by the Inspector General. The fee and application shall be submitted to the director who will retain both the application and fee pending final action on the application. All fees received by the director under the provisions of this article will be deposited in accordance with §16-1-13 of this code.

§16B-5-7. Cost disclosure; surety for residents' funds.

(a) Each assisted living residence shall disclose in writing to all prospective residents a complete and accurate list of all costs which may be incurred by them. Residents are not liable for any cost not so disclosed.

(b) If the assisted living residence handles any money for residents within the assisted living residence, the licensee or his or her authorized representative shall give a bond in an amount consistent with this subsection and with such surety as the director will approve. The bond shall be upon condition that the licensee shall hold separately and in trust all residents' funds deposited with the licensee, shall administer the funds on behalf of the resident in the manner directed by the depositor, shall render a true and complete account to the depositor and the director when requested, and at least quarterly to the resident, and upon termination of the deposit, shall account for all funds received, expended, and held on hand. The licensee shall file a bond in a sum to be fixed by the director based upon the magnitude of the operations of the applicant, but which sum may not be less than \$2,500.

(c) Every person injured as a result of any improper or unlawful handling of the money of a resident of an assisted living residence may bring an action in a proper court on the bond required to be posted by the licensee pursuant to this subsection for the amount of damage suffered as a result thereof to the extent covered by the bond. Whenever the director determines that the amount of any bond which is filed pursuant to this subsection is insufficient to adequately protect the money of residents which is being handled, or whenever the amount of any bond is impaired by any recovery against the bond, the director may require the licensee to file an additional bond in such amount as necessary to adequately protect the money of residents being handled.

(d) The provisions of §16B-5-7(b) of this code do not apply if the licensee handles less than \$25 per resident and less than \$500 for all residents in any month.

§16B-5-8. Investigation of complaints.

(a) The Inspector General will establish, by rule, procedures for prompt investigation of all complaints of alleged violations by assisted living residences of applicable requirements of state law or rules, except for such complaints that the director determines are willfully intended to harass a licensee or are without any reasonable basis. Such procedures will include provisions for ensuring the confidentiality of the complainant and of any other person so named in the complaint and for promptly informing the complainant and the assisted living residence involved of the results of the investigation.

(b) If, after its investigation, the director determines that the complaint has merit, the director will take appropriate disciplinary action and will advise any injured party of the possibility of a civil remedy under this article.

(c) No assisted living residence may discharge or in any manner discriminate against any resident or employee for the reason that the resident or employee has filed a complaint or participated in any proceeding specified in this article. Violation of this prohibition by any assisted living residence constitutes grounds for the suspension or revocation of the license of the assisted living residence as provided in §16B-5-11 and §16B-5-12 of this code. Any type of discriminatory treatment of a resident or employee by whom, or upon whose behalf, a complaint has been submitted to the director, or any proceeding instituted under this article, within 120 days of the filing of the complaint or the institution of the action, shall raise a rebuttable presumption that the action was taken by the assisted living residence in retaliation for the complaint or action.

§16B-5-9. Inspections.

(a) The director and any duly designated employee or agent thereof will have the right to enter upon and into the premises of any assisted living residence at any time for which a license has been issued, for which an application for license has been filed with the director, or which the director has reason to believe is being operated or maintained as an assisted living residence without a license. If entry is refused by the owner or person in charge of the assisted living residence, the director, in consultation with the Inspector General, will apply to the circuit court of the county in which the assisted living residence is located or the Circuit Court of Kanawha County for an administrative inspection warrant.

(b) The director, by the director's authorized employees or agents, will conduct at least one inspection prior to issuance of a license pursuant to §16B-5-6 of this code and will conduct periodic unannounced inspections thereafter to determine compliance by the assisted living residence with applicable statutes and rules promulgated thereunder. All assisted living residences shall comply with rules of the State Fire Commission. The State Fire Marshal, by his or her employees or authorized agents, shall make all fire, safety, and like inspections. The director may provide for such other inspections as the director may deem necessary to carry out the intent and purpose of this article. If after investigating a complaint the director determines that the complaint is substantiated and that an immediate and serious threat to a resident's health or safety exists, the director, in consultation with the Inspector General, may invoke any remedies available pursuant to §16B-5-11 and §16B-5-12 of this code. Any assisted living residence aggrieved by a determination or assessment made pursuant to this section shall have the right to an administrative appeal as set forth in §16B-5-12 of this code.

§16B-5-10. Reports of inspections; plans of correction; assessment of penalties and use of funds derived therefrom; hearings.

(a) Reports of all inspections made pursuant to §16B-5-9 of this code will be in writing and will list all deficiencies in the assisted living residence's compliance with the provisions of this article and the rules adopted by the Inspector General hereunder. The director will send a copy of the report to the assisted living residence by physical or electronic method with verifiable delivery, and will specify a time within which the assisted living residence shall submit a plan for correction of deficiencies, which plan will be approved, rejected, or modified by the director. The inspectors will allow audio taping of the exit conference for licensure inspections with all costs directly associated with the taping to be paid by the assisted living residence, provided that an original tape is provided to inspectors at the end of taping.

(b) Upon an assisted living residence's failure to submit a plan of correction which is approved by the director, or to correct any deficiency within the time specified in an approved plan of correction, the director, in consultation with the Inspector General, may assess civil penalties as hereinafter provided or may initiate any other legal or disciplinary action as provided by this article.

(c) Nothing in this section may be construed to prohibit the Inspector General from enforcing a rule, administratively or in court, without first affording formal opportunity to make correction under this section, where, in the opinion of the director, in consultation with the Inspector General the violation of the rule jeopardizes the health or safety of residents or where the violation of the rule is the second or subsequent violation occurring during a period of 12 full months.

(d) Civil penalties assessed against assisted living residences will be classified according to the nature of the violation as defined in §16B-5-5(c) of this code and rules promulgated thereunder by the Inspector General, as follows: For each violation of a Class I standard, a civil penalty of not less than \$50 nor more than \$500 will be imposed; for each violation of a Class II standard, a civil penalty of not less than \$25 nor more than \$50 will be imposed; for each violation of a Class III standard, a civil penalty of not less than \$10 nor more than \$25 will be imposed. Each day a violation continues, after the date of citation, shall constitute a separate violation. The date of citation is the date the facility receives the written statement of deficiencies.

(e) The director, in consultation with the Inspector General, will assess a civil penalty not to exceed \$2,000 against any individual who notifies, or causes to be notified, an assisted living residence of the time or date on which an inspection is scheduled to be conducted under this article.

(f) If the director, in consultation with the Inspector General, assesses a penalty under this section, the director will cause delivery of notice of the penalty by personal service or by certified mail. The notice will state the amount of the penalty, the action or circumstance for

which the penalty is assessed, the requirement that the action or circumstance violates, and the basis upon which the director, in consultation with the Inspector General, assessed the penalty and selected the amount of the penalty.

(g) The Inspector General will, in a civil judicial proceeding, recover any unpaid assessment which has not been contested under §16B-5-12 of this code within 30 days of receipt of notice of the assessment or which has been affirmed under the provisions of that section and not appealed within 30 days of receipt of the Board of Review's final order or which has been affirmed on judicial review, as provided in §16B-5-13 of this code. All money collected by assessments of civil penalties or interest will be paid into a special resident benefit account and will be applied by the director only for the protection of the health or property of residents of assisted living residences operated within the state that the director finds to be deficient, including payment for the costs of relocation of residents to other facilities, operation of an assisted living residence pending correction of deficiencies, or closure and reimbursement of residents for personal funds lost.

(h) The opportunity for a hearing on an action taken under this section shall be as provided in §16B-5-12 of this code. In addition to any other rights of appeal conferred upon an assisted living residence pursuant to this section, an assisted living residence shall have the right to request a hearing and seek judicial review pursuant to §16B-5-12 and §16B-5-13 of this code to contest the citing by the director of a deficiency on an inspection report, irrespective of whether the deficiency results in the imposition of a civil penalty.

§16B-5-11. Enforcement actions; assessment of interest; collection of assessments; hearings.

(a) The director, in consultation with the Inspector General, will, by order, impose a ban on the admission of residents or reduce the bed quota of the assisted living residence, or any combination thereof, where he or she finds upon inspection of the assisted living residence that the licensee is not providing adequate care under the assisted living residence's existing bed quota and that reduction in quota or imposition of a ban on admissions, or any combination thereof, would place the licensee in a position to render adequate care. Any notice to a licensee of reduction in quota or ban on new admissions will include the terms of the order, the reasons therefor, and the date set for compliance.

(b) The director, in consultation with the Inspector General, may suspend or revoke a license issued under this article or take other action as set forth in this section if he or she finds upon inspection that there has been a substantial failure to comply with the provisions of this article or the standards or rules promulgated pursuant hereto.

(c) The suspension, expiration, forfeiture, or cancellation by operation of law or order of the director, in consultation with the Inspector General, of a license issued by the director or the withdrawal of an application for a license after it has been filed with the director, may not deprive the director of the director's authority to institute or continue an enforcement action or a proceeding for the denial of a license application against the licensee or applicant upon any ground provided by law or to deny the license application or suspend or revoke the license or otherwise take enforcement action on any such ground.

(d) In addition to other remedies provided in this article, upon petition from the Inspector General, the circuit court of the county in which the conduct has occurred or is occurring or the Circuit Court of Kanawha County may determine that an assisted living residence's deficiencies under this article constitute an emergency immediately jeopardizing the health, safety, welfare, or rights of its residents and issue an order to:

(1) Close the assisted living residence;

(2) Transfer residents in the assisted living residence to other facilities; or

(3) Appoint temporary management to oversee the operation of the assisted living residence and to assure the health, safety, welfare, and rights of the assisted living residence's residents where there is a need for temporary management while:

(A) There is an orderly closure of the assisted living residence; or

(B) Improvements are made to bring the assisted living residence into compliance with all the applicable requirements of this article.

(e) If the Inspector General petitions a circuit court for the closure of an assisted living residence, the transfer of residents, or the appointment of a temporary management, the

circuit court shall hold a hearing no later than seven days thereafter, at which time the Inspector General and the licensee or operator of the assisted living residence may participate and present evidence.

(f) A circuit court may divest the licensee or operator of possession and control of an assisted living residence in favor of temporary management. The temporary management shall be responsible to the court and shall have such powers and duties as the court may grant to direct all acts necessary or appropriate to conserve the property and promote the health, safety, welfare, and rights of the residents of the assisted living residence, including, but not limited to, the replacement of management and staff, the hiring of consultants, the making of any necessary expenditures to close the assisted living residence, or to repair or improve the assisted living residence so as to return it to compliance with applicable requirements and the power to receive, conserve, and expend funds, including payments on behalf of the licensee or operator of the assisted living residence. Priority shall be given to expenditures for current direct resident care or the transfer of residents.

(g) The person charged with temporary management:

(1) Shall be an officer of the court;

(2) Shall be paid by the licensee;

(3) Is not liable for conditions at the assisted living residence which existed or originated prior to his or her appointment; and

(4) Is not personally liable, except for his or her own gross negligence and intentional acts which result in injuries to persons or damage to property at the assisted living residence during his or her temporary management.

(h) No person may impede the operation of temporary management. There shall be an automatic stay for a 90-day period subsequent to the establishment of temporary management of any action that would interfere with the functioning of the assisted living residence, including, but not limited to, cancellation of insurance policies, termination of utility services, attachments to working capital accounts, foreclosures, evictions, and repossessions of equipment used in the assisted living residence.

(i) A temporary management established for the purpose of making improvements to bring the assisted living residence into compliance with applicable requirements may not be terminated until the court has determined that the assisted living residence has the management capability to ensure continued compliance with all applicable requirements: Provided, That if the court has not made such determination within six months of the establishment of the temporary management, the temporary management terminates by operation of law at that time, and the assisted living residence shall be closed. After the termination of the temporary management, the person who was responsible for the temporary management shall make an accounting to the court and after deducting from

receipts the costs of the temporary management, expenditures, and civil penalties and interest no longer subject to appeal, in that order, any excess shall be paid to the licensee or operator of the assisted living residence.

(j) The assessments for penalties and for costs of actions taken under this article shall have interest assessed at five percent per year beginning 30 days after receipt of notice of the assessment or 30 days after receipt of the Board of Review's final order following a hearing, whichever is later. All assessments against an assisted living residence that are unpaid shall be added to the assisted living residence's licensure fee and may be filed as a lien against the property of the licensee or operator of the assisted living residence. Funds received from assessments shall be deposited as funds received as provided in §16B-5-10 of this code.

(k) The opportunity for a hearing on an action by the director taken under this section shall be as provided in §16B-5-12 of this code.

§16B-5-12. License denial; limitation, suspension, or revocation.

(a) The director, in consultation with the Inspector General, shall issue an order denying, limiting, suspending, or revoking a license issued pursuant to this article if the provisions of this article or of the rules promulgated pursuant to this article are violated. The director, in consultation with the Inspector General, may issue an order revoking a program's license and prohibit all licensed disciplines associated with the assisted living residence from practicing at the assisted living residence based upon an annual, periodic, complaint, verification, or other inspection and evaluation.

(b) Before any order is issued by the director, in consultation with the Inspector General, denying, limiting, suspending, or revoking a license, written notice will be given to the licensee, stating the grounds for such denial, limitation, suspension, or revocation.

(c) An applicant or licensee has 10 working days after receipt of the director's order denying, limiting, suspending, or revoking a license to request a formal hearing contesting the denial, limitation, suspension, or revocation under this article. If a formal hearing is requested, the applicant or licensee and the director shall proceed in accordance with the provisions of §29A-5-1 *et seq.* of this code.

(d) If a license is denied or revoked as herein provided, a new application for license will be considered by the director if, when, and after the conditions upon which the denial was based have been corrected and evidence of this fact has been furnished. A new license will then be granted after proper inspection, if applicable, has been made and all provisions of this article and rules promulgated pursuant to this article have been satisfied.

(e) Any applicant or licensee who is dissatisfied with the decision as a result of the formal hearing provided in this section may, within 30 days after receiving notice of the decision, petition the West Virginia Intermediate Court of Appeals for judicial review of the decision.

(f) If the license of an assisted living residence is denied, limited, suspended, or revoked, the administrator, any owner of the assisted living residence, or owner or lessor of the assisted living residence property shall cease to operate the facility as an assisted living residence as of the effective date of the denial, limitation, suspension, or revocation. The owner or lessor of the assisted living residence property is responsible for removing all signs and symbols identifying the premises as an assisted living residence within 30 days. Any administrative appeal of such denial, limitation, suspension, or revocation shall not stay the denial, limitation, suspension, or revocation.

(g) Upon the effective date of the denial, limitation, suspension, or revocation, the administrator of the assisted living residence shall advise the director and the Board of Pharmacy of the disposition of all medications located on the premises. The disposition is subject to the supervision and approval of the director. Medications that are purchased or held by an assisted living residence that is not licensed may be deemed adulterated.

(h) If the license of an assisted living residence is suspended or revoked, any person named in the licensing documents of the assisted living residence, including persons owning or operating the assisted living residence, may not, as an individual or as part of a group, apply to operate another assisted living residence for up to five years after the date of suspension or revocation.

(i) The period of suspension for the license of an assisted living residence will be prescribed by the director, in consultation with the Inspector General, but may not exceed one year.

§16B-5-13. Judicial review.

(a) Any applicant or licensee or the Inspector General who is adversely affected by the decision as a result of the formal hearing provided for in §16-5D-12 of this code may, within 30 days after receiving notice of the decision, petition the West Virginia Intermediate Court of Appeals for judicial review of the decision.

(b) The court may affirm, modify, or reverse the decision of the Board of Review and either the applicant, licensee, or the Inspector General may appeal from the court's decision to the Supreme Court of Appeals.

(c) The judgment of the West Virginia Intermediate Court of Appeals shall be final unless reversed, vacated, or modified on appeal to the Supreme Court of Appeals in accordance with the provisions of §29A-6-1 *et seq.* of this code.

§16B-5-14. Legal counsel and services for the Inspector General.

(a) Legal counsel and services for the Inspector General in all administrative hearings and all proceedings in any circuit court and the Supreme Court of Appeals shall be provided by the Attorney General, his or her assistants, or an attorney employed by the Office of the Inspector General in proceedings in any circuit court by the prosecuting attorney of the county as well, all without additional compensation.

(b) The Governor may appoint counsel for the Inspector General who shall perform such legal services in representing the interests of residents in assisted living residences in matters under the jurisdiction of the Inspector General as the Governor shall direct. It shall be the duty of such counsel to appear for the residents in all cases where they are not represented by counsel. The compensation of such counsel shall be fixed by the Governor.

§16B-5-15. Unlawful acts; penalties; injunctions; private right of action.

(a) Whoever advertises, announces, establishes, or maintains or is engaged in establishing or maintaining an assisted living residence without a license granted under §16B-5-6 of this code, or who prevents, interferes with, or impedes in any way the lawful enforcement of this article shall be guilty of a misdemeanor and, upon conviction thereof, shall be punished for the first offense by a fine of not more than \$100 or by imprisonment in jail for a period of not more than 90 days, or by both such fine and imprisonment, at the discretion of the court. For each subsequent offense, the fine may be increased to not more than \$250, with imprisonment in jail for a period of not more than 90 days, or both such fine and imprisonment at the discretion of the court. Each day of a continuing violation after conviction shall be considered a separate offense.

Upon application by the Inspector General, the circuit court of the county in which the conduct has occurred or is occurring, or the Circuit Court of Kanawha County shall have jurisdiction to grant without bond a permanent or temporary injunction, decree, or restraining order.

(c) Whenever the director, in consultation with the Inspector General, refuses to grant or renew a license or revokes a license required by law to operate or conduct an assisted living residence or orders a person to refrain from conduct violating the rules of the Inspector General, and the person deeming himself or herself aggrieved by the refusal, revocation, or order appeals the action of the director, the court may, during pendency of the appeal, issue a restraining order or injunction upon proof that the operation of the assisted living residence or its failure to comply with the order of the director adversely affects the well-being or safety of the residents of the assisted living residence. Should a person who is refused a license or the renewal of a license to operate or conduct an assisted living residence or whose license to operate is revoked or who has been ordered to refrain from conduct or activity which violates the rules of the Inspector General, fails to appeal or should such appeal be decided favorably to the director, then the court shall issue a permanent injunction upon proof that the person is operating or conducting an assisted living residence without a license as required by law or has continued to violate the rules of the Inspector General.

(d) Any assisted living residence that deprives a resident of any right or benefit created or established for the well-being of the resident by the terms of any contract, by any state statute or rule, or by any applicable federal statute or regulation shall be liable to the resident for injuries suffered as a result of the deprivation. Upon a finding that a resident has been deprived of such a right or benefit and that the resident has been injured as a result of the deprivation and unless there is a finding that the assisted living residence

exercised all care reasonably necessary to prevent and limit the deprivation and injury to the resident, compensatory damages shall be assessed in an amount sufficient to compensate the resident for the injury. In addition, where the deprivation of any right or benefit is found to have been willful or in reckless disregard of the lawful rights of the resident, punitive damages may be assessed. A resident may also maintain an action pursuant to this section for any other type of relief, including injunctive and declaratory relief, permitted by law. Exhaustion of any available administrative remedies may not be required prior to commencement of suit hereunder.

(f) Any waiver by a resident or his or her legal representative of the right to commence an action under this section, whether oral or in writing, shall be null and void as contrary to public policy.

Each day of a continuing violation after conviction shall be considered a separate offense.

(b) The Inspector General may in his or her discretion bring an action to enforce compliance with this article or any rule, or order hereunder, whenever it appears to the Inspector General that any person has engaged in, or is engaging in, an act or practice in violation of this article or any rule or order hereunder, or whenever it appears to the Inspector General that any person has aided, abetted, or caused or is aiding, abetting, or causing such an act or practice. Upon application by the Inspector General, the circuit court of the county in which the conduct has occurred or is occurring, or the Circuit Court of Kanawha County shall have jurisdiction to grant without bond a permanent or temporary injunction, decree, or restraining order.

In addition, where the deprivation of any right or benefit is found to have been willful or in reckless disregard of the lawful rights of the resident, punitive damages may be assessed. A resident may also maintain an action pursuant to this section for any other type of relief, including injunctive and declaratory relief, permitted by law. WV Legislature

§16B-6-5. Inspections; right of entry.

The director may employ inspectors to enforce the provisions of this article. These inspectors shall have the right of entry into any place where services are provided by a service provider, to determine the number of residents therein, and the adequacy of services being provided to them. The director may obtain a search warrant to inspect those premises that the director has reason to believe are being used to provide services. The inspectors shall have access to all parts of the home and grounds, including, but not limited to, all areas of all buildings on the grounds of a home, food supplies, resident medications, and resident medical records. Inspectors shall also be permitted to conduct private interviews with all residents and staff of a home.

If after investigating a complaint, the director determines that the complaint is substantiated and that an immediate and serious threat to a resident's health or safety exists, the director may petition the circuit court for an injunction, order of abatement or other appropriate action or proceeding to: (1) Close the home; (2) transfer residents in the home to other facilities; or (3) appoint temporary management to oversee the operation of the home to assure the health, safety, welfare, and rights of the home's residents where there is a need for temporary management to ensure compliance with the court's order. §16B-6-6. Enforcement; criminal penalties.

(c) If after investigating a complaint, the director determines that the home is housing more than three residents, the director, in consultation with the Inspector General, shall assess a civil penalty of \$50 per day per the number of residents exceeding three. Each day the violation continues, after the date of citation shall constitute a separate violation. The date of citation is the date the facility receives the written statement of deficiencies.

(d) The Inspector General may in his or her discretion bring an action to enforce compliance with the provisions of this article.

(e) The Circuit Court of Kanawha County or the circuit court of the county in which the conduct occurred shall have jurisdiction in all civil enforcement actions brought under this article and may order equitable relief without bond.

§16B-7-1. Purpose and short title.

This article shall be known as the Chronic Pain Clinic Licensing Act. WV Legislature

§16B-7-2. Definitions.

(a) As used in this article, unless a different meaning appears from the context:

(1) "Chronic pain" means pain that has persisted after reasonable medical efforts have been made to relieve the pain or cure its cause and that has continued, either continuously or episodically, for longer than three continuous months. For purposes of this article, "chronic pain" does not include pain directly associated with a terminal condition.

(2) "Director" means the Director of the Office of Health Facility Licensure and Certification, or his or her designee.

(3) "Inspector General" means the Inspector General of the Office of the Inspector General as described in §16B-2-1 of this code, or his or her designee.

(A) Where in any month more than 50 percent of patients of the clinic are prescribed or dispensed Schedule II opioids or other Schedule II controlled substances specified in rules promulgated pursuant to this article for chronic pain resulting from conditions that are not terminal; and

(B) The facility meets any other identifying criteria established by the Inspector General by rule.

(7) "Physician" means an individual authorized to practice medicine or surgery or osteopathic medicine or surgery in this state.

(8) "Prescriber" means an individual who is authorized by law to prescribe drugs or drug therapy related devices in the course of the individual's professional practice, including only a medical or osteopathic physician authorized to practice medicine or surgery; a physician assistant, or osteopathic physician assistant who holds a certificate to prescribe drugs; or an advanced nurse practitioner who holds a certificate to prescribe.

(b) The Inspector General may define in rules any term or phrase used in this article which is not expressly defined.

§16B-7-3. Pain management clinics to obtain license; application; fees and inspections.

- (a) The Inspector General designates the Director of the Office of Health Facility Licensure and Certification to enforce the provisions of this article, except where otherwise stated.
- (b) No person, partnership, association, or corporation may operate a pain management clinic without first obtaining a license from the director in accordance with the provisions of this article and the rules lawfully promulgated pursuant to this article.
- (c) Any person, partnership, association, or corporation desiring a license to operate a pain management clinic in this state shall file with the Office of Health Facility Licensure and Certification an application in such form as the director shall prescribe and furnish accompanied by a fee to be determined by the director.
- (d) The Director of the Office of Health Facility Licensure and Certification or his or her designee shall inspect each facility prior to issuing a license and review all documentation submitted with the application. The director shall issue a license if the facility is in compliance with the provisions of this article and with the rules lawfully promulgated pursuant to this article.
- (e) A license shall expire one year from the date of issuance. Sixty days prior to the expiration date, an application for renewal shall be submitted on forms furnished by the director. A license shall be renewed if the director determines that the applicant is in compliance with this article and with all rules promulgated pursuant to this article. A license issued to one facility pursuant to this article is not transferable or assignable. A change of ownership of a licensed pain management clinic requires submission of a new application.
- (f) The director or his or her designee shall inspect on a periodic basis all pain management clinics that are subject to this article and all rules adopted pursuant to this article to ensure continued compliance.

§16B-7-4. Operational requirements.

(a) Any person, partnership, association, or corporation that desires to operate a pain management clinic in this state must submit to the director documentation that the facility meets all of the following requirements:

(1) The clinic shall be licensed in this state with the director, the Secretary of State, the State Tax Department, and all other applicable business or license entities.

(2) The application shall list all owners of the clinic. At least one owner shall be a physician actively licensed to practice medicine, surgery, or osteopathic medicine or surgery in this state. The clinic shall notify the director of any change in ownership within 10 days of the change and must submit a new application within the time frame prescribed by the director.

(3) Each pain management clinic shall designate a physician owner who shall practice at the clinic and who will be responsible for the operation of the clinic. Within 10 days after termination of a designated physician, the clinic shall notify the director of the identity of another designated physician for that clinic. Failing to have a licensed designated physician practicing at the location of the clinic may be the basis for a suspension or revocation of the clinic license. The designated physician shall:

(A) Have a full, active, and unencumbered license to practice medicine, surgery, or osteopathic medicine or surgery in this state:

(B) Meet one of the following training requirements:

(i) Complete a pain medicine fellowship that is accredited by the Accreditation Council for Graduate Medical Education or such other similar program as may be approved by the director; or

(E) Supervise, control, and direct the activities of each individual working or operating at the facility, including any employee, volunteer, or individual under contract, who provides treatment of chronic pain at the clinic or is associated with the provision of that treatment. The supervision, control, and direction shall be provided in accordance with rules promulgated by the Inspector General.

(4) All persons employed by the facility shall comply with the requirements for the operation of a pain management clinic established by this article or by any rule adopted pursuant to this article.

(5) No person may own or be employed by or associated with a pain management clinic who has previously been convicted of, or pleaded guilty to, any felony in this state or another state or territory of the United States. All owners, employees, volunteers, or associates of the clinic shall undergo a criminal records check prior to operation of the clinic or engaging in any work, paid or otherwise, pursuant to §16B-15-1 *et seq.* of this code.

(6) The clinic may not be owned by, nor may it employ or associate with, any physician or prescriber:

(A) Whose Drug Enforcement Administration number has ever been revoked;

(B) Whose application for a license to prescribe, dispense, or administer a controlled substance has been denied by any jurisdiction; or

(C) Who, in any jurisdiction of this state or any other state or territory of the United States, has been convicted of or plead guilty or nolo contendere to an offense that constitutes a felony for receipt of illicit and diverted drugs, including controlled substances, as defined by §60A-1-101 of this code.

(7) A person may not dispense any medication, including a controlled substance, as defined by section §60A-1-101 of this code, on the premises of a licensed pain management clinic unless he or she is a physician or pharmacist licensed in this state. Prior to dispensing or prescribing controlled substances, as defined by §60A-1-101 of this code, at a pain management clinic, the treating physician must access the Controlled Substances Monitoring Program database maintained by the Board of Pharmacy to ensure the patient is not seeking controlled substances from multiple sources. If the patient receives ongoing treatment, the physician shall also review the Controlled Substances Monitoring Program database at each patient examination or at least every 90 days. The results obtained from the Controlled Substances Monitoring Program database shall be maintained with the patient's medical records.

(8) Each clinic location shall be licensed separately, regardless of whether the clinic is operated under the same business name or management as another clinic.

(9) A pain management clinic shall not dispense to any patient more than a 72-hour supply of a controlled substance, as defined by §60A-1-101 of this code.

(10) The pain management clinic shall develop patient protocols, treatment plans, and profiles, as prescribed by the Inspector General by rule, and which shall include, but not be limited by, the following guidelines:

(A) When a physician diagnoses an individual as having chronic pain, the physician may treat

the pain by managing it with medications in amounts or combinations that may not be appropriate when treating other medical conditions. The physician's diagnosis shall be made after having the individual evaluated by one or more other physicians who specialize in the treatment of the area, system, or organ of the body perceived as the source of the pain unless the individual has been previously diagnosed as suffering from chronic pain and is referred to the pain management clinic by such diagnosing physician. The physician's diagnosis and treatment decisions shall be made according to accepted and prevailing standards for medical care.

(B) The physician shall maintain a record of all of the following:

- (i) Medical history and physical examination of the individual;
- (ii) The diagnosis of chronic pain, including signs, symptoms, and causes;
- (iii) The plan of treatment proposed, the patient's response to the treatment, and any modification to the plan of treatment;
- (iv) The dates on which any medications were prescribed, dispensed, or administered, the name and address of the individual to or for whom the medications were prescribed, dispensed, or administered and the amounts and dosage forms for the drugs prescribed, dispensed, or administered; and
- (v) A copy of the report made by the physician to whom referral for evaluation was made.

(C) A physician, physician assistant, certified registered nurse anesthetist, or advanced nurse practitioner shall perform a physical examination of a patient on the same day that the physician initially prescribes, dispenses or administers a controlled substance to a patient, and at least four times a year thereafter at a pain management clinic according to accepted and prevailing standards for medical care.

(D) A physician authorized to prescribe controlled substances who practices at a pain management clinic is responsible for maintaining the control and security of his or her prescription blanks and any other method used for prescribing controlled substance pain medication. The physician shall comply with all state and federal requirements for tamper-resistant prescription paper. In addition to any other requirements imposed by statute or rule, the physician shall notify the director in writing within 24 hours following any theft or loss of a prescription blank or breach of any other method for prescribing pain medication.

(c) Upon satisfaction that an applicant has met all of the requirements of this article, the director may issue a license to operate a pain management clinic. An entity that obtains this license may possess, have custody or control of, and dispense drugs designated as Schedule II or Schedule III in §60A-2-206 or §60A-2-208 of this code.

§16B-7-5. Exemptions.

(a) The following facilities are not pain management clinics subject to the requirements of this article:

(1) A facility that does not prescribe or dispense controlled substances for the treatment of chronic pain;

(2) A hospital licensed in this state, a facility located on the campus of a licensed hospital that is owned, operated, or controlled by that licensed hospital, and an ambulatory health care facility as defined by §16-2D-2 of this code that is owned, operated, or controlled by a licensed hospital;

(3) A physician practice owned or controlled, in whole or in part, by a licensed hospital or by an entity that owns or controls, in whole or in part, one or more licensed hospitals;

(b) Any facility that is not included in this section may petition to the director for an exemption from the requirements of this article. All such petitions are subject to the administrative procedures requirements of §29A-1-1 *et seq.* of this code.

§16B-7-6. Inspection.

(a) The Office of Health Facility Licensure and Certification shall inspect each pain management clinic annually, including a review of the patient records, to ensure that it complies with this article and the applicable rules.

(b) During an onsite inspection, the inspector shall make a reasonable attempt to discuss each violation with the designated physician or other owners of the pain management clinic before issuing a formal written notification.

(c) Any action taken to correct a violation shall be documented in writing by the designated physician or other owners of the pain management clinic and verified by follow-up visits by the Office of Health Facility Licensure and Certification.

§16B-7-7. Suspension; revocation.

(a) The director, in consultation with the Inspector General, may suspend or revoke a license issued pursuant to this article if the provisions of this article or of the rules promulgated pursuant to this article are violated. The director, in consultation with the Inspector General, may revoke a clinic's license and prohibit all physicians associated with that pain management clinic from practicing at the clinic location based upon an annual or periodic inspection and evaluation.

(b) Before any such license is suspended or revoked, however, written notice shall be given to the licensee, stating the grounds of the complaint and shall provide notice of the right to request a hearing. The notice shall be sent by certified mail to the licensee at the address where the pain management clinic concerned is located. The licensee shall be entitled to be represented by legal counsel at the hearing.

(c) If a license is revoked pursuant to this article, a new application for a license may be considered by the director if, when, and after the conditions upon which revocation was based have been corrected, and evidence of this fact has been furnished to the director. A new license may then be granted after proper inspection has been made and all provisions of this article and rules promulgated pursuant to this article have been satisfied.

(d) All of the pertinent provisions of §29A-5-1 *et seq.* of this code shall apply and govern any hearing authorized and required by the provisions of this article and the administrative procedure in connection therewith.

(e) Any applicant or licensee who is dissatisfied with the decision of the Board of Review as a result of the hearing provided in this section may, within 30 days after receiving notice of the decision, appeal the decision to West Virginia Intermediate Court of Appeals for judicial review of the decision.

(f) The court may affirm, modify, or reverse the decision of the Board of Review and either the applicant or licensee or the Inspector General may appeal from the court's decision to the Supreme Court of Appeals.

(g) If the license of a pain management clinic is revoked or suspended, the designated physician of the clinic, any other owner of the clinic or the owner or lessor of the clinic property shall cease to operate the facility as a pain management clinic as of the effective date of the suspension or revocation. The owner or lessor of the clinic property is responsible for removing all signs and symbols identifying the premises as a pain management clinic within 30 days.

(h) Upon the effective date of the suspension or revocation, the designated physician of the pain management clinic shall advise the director and the Board of Pharmacy of the disposition of all drugs located on the premises. The disposition is subject to the supervision and approval of the director. Drugs that are purchased or held by a pain management clinic

that is not licensed may be deemed adulterated.

(i) If the license of a pain management clinic is suspended or revoked, any person named in the licensing documents of the clinic, including persons owning or operating the pain management clinic, may not, as an individual or as part of a group, apply to operate another pain management clinic for five years after the date of suspension or revocation.

(j) The period of suspension for the license of a pain management clinic shall be prescribed by the director, in consultation with the Inspector General, but may not exceed one year.

§16B-7-8. Violations; penalties; injunction.

(a) Any person, partnership, association, or corporation which establishes, conducts, manages, or operates a pain management clinic without first obtaining a license therefor as herein provided, or which violates any provisions of this article or any rule lawfully promulgated pursuant to this article, shall be assessed a civil penalty by the director, in consultation with the Inspector General, in accordance with this subsection. Each day of continuing violation after conviction shall be considered a separate violation:

(1) If a pain management clinic or any owner or designated physician is found to be in violation of any provision of this article, unless otherwise noted herein, the director, in consultation with the Inspector General, may suspend or revoke the clinic's license.

(2) If the clinic's designated physician knowingly and intentionally misrepresents actions taken to correct a violation, the director, in consultation with the Inspector General, may impose a civil penalty not to exceed \$10,000, and, in the case of an owner-operated pain management clinic, revoke or deny a pain management clinic's license.

(3) If an owner or designated physician of a pain management clinic concurrently operates an unlicensed pain management clinic, the director, in consultation with the Inspector General, may impose a civil penalty upon the owner or physician, or both, not to exceed \$5,000 per day.

(4) If the owner of a pain management clinic that requires a license under this article fails to apply for a new license for the clinic upon a change-of-ownership and operates the clinic under the new ownership, the director, in consultation with the Inspector General, may impose a civil penalty not to exceed \$5,000.

(5) If a physician knowingly operates, owns, or manages an unlicensed pain management clinic that is required to be licensed pursuant to this article; knowingly prescribes or dispenses or causes to be prescribed or dispensed, controlled substances in an unlicensed pain management clinic that is required to be licensed; or licenses a pain management clinic through misrepresentation or fraud; procures or attempts to procure a license for a pain management clinic for any other person by making or causing to be made any false representation, the director, in consultation with the Inspector General, may assess a civil penalty of not more than \$20,000. The penalty may be in addition to or in lieu of any other action that may be taken by the director, in consultation with the Inspector General, or any other board, court, or entity.

(b) Notwithstanding the existence or pursuit of any other remedy, the director, in consultation with the Inspector General, may, in the manner provided by law, maintain an action in the name of the state for an injunction against any person, partnership, association, or corporation to restrain or prevent the establishment, conduct, management, or operation of any pain management clinic or violation of any provisions of this article, or any rule lawfully promulgated thereunder without first obtaining a license therefor in the manner

hereinbefore provided.

(c) In determining whether a penalty is to be imposed and in fixing the amount of the penalty, the director, in consultation with the Inspector General, shall consider the following factors:

(1) The gravity of the violation, including the probability that death or serious physical or emotional harm to a patient has resulted, or could have resulted, from the pain management clinic's actions or the actions of the designated or practicing physician, the severity of the action or potential harm, and the extent to which the provisions of the applicable laws or rules were violated;

(2) What actions, if any, the owner or designated physician took to correct the violations;

(3) Whether there were any previous violations at the pain management clinic; and

(4) The financial benefits that the pain management clinic derived from committing or continuing to commit the violation.

(d) Upon finding that a physician has violated the provisions of this article or rules adopted pursuant to this article, the director, in consultation with the Inspector General, shall provide notice of the violation to the applicable licensing board.

(b) The rules authorized by this section may be filed as emergency rules if deemed necessary to promptly effectuate the purposes of this article. (b) Notwithstanding the existence or pursuit of any other remedy, the Inspector General may, in the manner provided by law, maintain an action in the name of the state for an injunction against any person, partnership, association, corporation, or any governmental unit or any division, department, board, or agency thereof to restrain or prevent the establishment, conduct, management, or operation of any hospice or violation of any provisions of this article or any rule or regulation lawfully promulgated thereunder without first obtaining a license therefor in the manner hereinbefore provided.

§16B-9-1. Purpose.

It is the policy of this state to encourage and promote the development and utilization of quality residential communities for persons who desire to live independently in an apartment, who are or may be dependent upon the services of others by reason of physical or mental impairment, and who may require limited and intermittent nursing care and who are capable of self-preservation and are not bedfast. Individuals may not be disqualified for residency solely because they qualify for or receive services coordinated by a licensed hospice. This care and treatment requires a living environment for these persons which, to the extent practicable, approximates a normal home environment. To this end, it is the policy of this state to encourage and promote the development and maintenance of residential care communities.

The provisions of this article are remedial and shall be liberally construed to effectuate its purposes and intents. This article is intended to apply only to residential communities in which apartments are rented on a month-to-month basis. All residential care community rental contracts shall specify in bold-faced type, under the conspicuous caption "NOTICE TO RESIDENT", that residents of the residential community must be capable of self-preservation, or substantially similar words clearly conveying the same meaning. This article may not be construed to require that any person be required to vacate any property in which that person has an ownership or a leasehold interest, except for a month-to-month tenancy, because that person is disabled and incapable of self-preservation. Nothing in this article is intended to supersede the provisions of §5-11A-1 *et seq.* of this code.

§16B-9-5. Rules; minimum standards for residential care communities.

(a) The Inspector General shall propose all rules that may be necessary or proper to implement or effectuate the purposes and intent of this article and to enable the director to exercise the powers and perform the duties conferred herein. All rules authorized or required pursuant to this article shall be proposed by the Inspector General and promulgated in accordance with the provisions governing legislative rules, contained in §29A-3-1 of this code.

(b) The Inspector General shall propose rules establishing minimum standards for the operation of residential care communities, including, but not limited to, the following:

(1) Administrative policies, including: (i) An affirmative statement of the right of access to residential care communities by members of recognized community organizations and community legal services programs whose purposes include rendering assistance without charge to residents, consistent with the right of residents to privacy; and (ii) a statement of the rights and responsibilities of residents;

(2) Minimum numbers and qualifications of residential care community personnel according to the size, classification and health care needs of the residential care community;

(3) Safety requirements, except for those fire and life safety requirements under the jurisdiction of the state Fire Marshal;

(c) The Inspector General shall propose rules that include detailed specifications for each

category of standards required under subsections (b) and (d) of this section, and shall classify these standards as follows:

(1) Class I standards, the violation of which presents either an imminent danger to the health, safety, or welfare of a resident or a substantial probability that death or serious physical harm may result;

(2) Class II standards, the violation of which directly implicates the health, safety or welfare of a resident, but which does not present imminent danger thereto; and

(3) Class III standards, the violation of which has an indirect or potential impact on the health, safety, or welfare of any resident.

(d) A residential care community shall attain substantial compliance in every category of standard enumerated in this section in order to be considered as being in substantial compliance with the requirements of this article and the rules promulgated hereunder.

(e) Until such time as the Inspector General proposes rules governing residential care communities under this section, existing rules governing residential board and care homes shall apply to residential care communities and shall be construed so as to conform with the provisions of this article in their application to residential care communities: *Provided*, That to the extent any provisions of the rule governing residential board and care homes conflict with the provisions of this article, the provisions of this article shall govern.

§16B-9-6. License required; application; fees; duration; renewal.

No person may establish, operate, maintain, offer, or advertise a residential care community within this state unless he or she first obtains a license therefor as provided in this article, which license remains unsuspended, unrevoked, and unexpired. No public official or employee may place any person in, or recommend that any person be placed in, or directly or indirectly cause any person to be placed in, any residential care community which is being operated without a valid license from the director. The procedure for obtaining a license is as follows:

(a) The applicant shall submit an application to the director on a form prescribed by the director, containing information as may be necessary to show that the applicant is in compliance with the standards for residential care communities as established by this article and the rules promulgated hereunder. The application and any exhibits thereto shall provide the following information:

(1) The name and address of the applicant;

(2) The name, address, and principal occupation: (i) Of each person who, as a stockholder or otherwise, has a proprietary interest of 10 percent or more in the applicant; (ii) of each officer and director of a corporate applicant; (iii) of each trustee and beneficiary of an applicant which is a trust; and (iv) where a corporation has a proprietary interest of 25 percent or more in an applicant, the name, address, and principal occupation of each officer and director of the corporation;

(3) The name and address of the owner of the premises of the residential care community or proposed residential care community, if different from the applicant, and if so, the name and address: (i) Of each person who, as a stockholder or otherwise, has a proprietary interest of 10 percent or more in the owner of the premises; (ii) of each officer and director of a corporate applicant; (iii) of each trustee and beneficiary of the owner if it is a trust; and (iv) where a corporation has a proprietary interest of 25 percent or more in the owner, the name and address of each officer and director of the corporation;

(4) Where the applicant is the lessee or the assignee of the residential care community or the premises of the proposed residential care community, a signed copy of the lease and any assignment thereof;

(5) The name and address of the residential care community or the premises of the proposed residential care community;

(7) (A) An organizational plan for the residential care community indicating the number of persons employed or to be employed, and the positions and duties of all employees; (B) the name and address of the individual who is to serve as administrator; and (C) evidence of

compliance with applicable laws and rules governing zoning, building, safety, fire prevention, and sanitation, as the director may require; and

(8) Additional information as the director may require.

(b) Upon receipt and review of an application for license made pursuant to subdivision (a) of this section and inspection of the applicant pursuant to §16B-9-10 of this code, the director shall issue a license if he or she finds:

(1) That an applicant which is an individual and every partner, trustee, officer, director, and person with a controlling interest of an applicant which is not an individual, is a person responsible and suitable to operate or to direct or participate in the operation of a residential care community by virtue of financial capacity, appropriate business or professional experience, a record of compliance with lawful orders of the department (if any) and a history of nonrevocation of a license during the five years immediately preceding the application;

(2) That the residential care community is under the supervision of an administrator qualified for that position by training and experience;

(3) That the residential care community is in substantial compliance with standards established pursuant to section five of this article, and other requirements as the Inspector General may establish by rule under this article.

Any license granted by the director shall state the maximum number of apartments for which it is granted, the date of issuance and the date of expiration. Residential care community licenses shall be issued for a period not to exceed one year: *Provided*, That any license which is unexpired, for which timely application for renewal has been made, together with payment of the proper fee, as required by the provisions of this article and the rules promulgated hereunder, continues in effect until: (i) One year after the original expiration date of the license; (ii) the date that the license is revoked or suspended pursuant to the provisions of this article; or (iii) the date of issuance of a new license, whichever date first occurs. Each license issued is only for the premises and applicant named in the application and may not be transferred or assigned: *Provided, however*, That if the ownership of a residential care community with an unexpired license is transferred, the filing of an application for a license with the director by the new owner shall have the effect of licensing the operation of the residential care community under the new owner for a period not to exceed three months. Every residential care community license shall be displayed in a conspicuous place at the facility for which it is issued so as to be accessible to and in plain view of residents and visitors.

(c) An original license may be renewed upon the timely filing of an application therefor, accompanied by the required fee and contingent upon the licensee's submission of evidence satisfactorily demonstrating compliance with the provisions of this article and the rules promulgated hereunder together with the following:

(1) A balance sheet as of the end of the residential care community's fiscal year, setting forth its assets and liabilities as of that date, including all capital, surplus, reserve, depreciation, and similar accounts;

(2) A statement of operations of the residential care community as of the end of its fiscal year, setting forth all revenues, expenses, taxes, extraordinary items and other credits or charges; and

(3) A statement of any changes in the name, address, management, or ownership information on file with the director.

(d) In the case of an application for license renewal, if all the requirements of section five of this article are not met, the director may issue a provisional license, provided that care given in the residential care community is adequate for resident needs and the residential care community has demonstrated improvement and evidences potential for substantial compliance during the term of the provisional license: *Provided*, That a provisional license is effective for a period not to exceed one year, may not be renewed, and may not be issued to any residential care community with uncorrected violations of any Class I standard, as defined in subsection (c), section five of this article.

(e) A nonrefundable application fee in the amount of \$75 for an original residential care community license shall be paid at the time an application for license is made. The average cost of all direct costs for initial licensure inspections of all residential care communities for the preceding year shall be assessed against and paid by the applicant to the director before an initial or amended license may be issued. The fee for license renewal shall be computed at the rate of \$4 per apartment in the community per year: *Provided*, That the rate per apartment may be assessed against applicants for whom a license is issued for a period of less than one year. The director may annually adjust licensure fees for inflation, based upon the consumer price index. All license fees are due and payable to the director, annually, in the manner set forth in the rules promulgated hereunder. The director shall retain each application and licensure fee pending final action on the application. All fees received by the director under the provisions of this article shall be deposited in accordance with §16B-1-13 of this code.

§16B-9-7. Cost disclosure; residents' funds; nursing care; fire code.

(a) Each residential care community shall disclose in writing to all prospective residents a complete and accurate list of all costs which may be incurred by them as residents of the community. Residents may not be held liable for any cost that was not disclosed.

(b) Residential care communities may not manage the personal finances or funds of its residents.

(c) A residential care community may be required to have registered nurses on its staff to the extent that it provides limited and intermittent nursing care.

(d) Residential care communities shall comply with the applicable provisions of the current edition of the life safety code as promulgated by the national fire protection association and adopted by the state Fire Commission.

§16B-9-8. Investigation of complaints.

The director shall by rule establish procedures for the prompt investigation of all complaints of alleged violations of applicable requirements of state law or rules by residential care communities, except those complaints that the director determines are without any reasonable basis or are made with the sole intention to willfully harass a licensee. These procedures shall include provisions for ensuring the confidentiality of the complainant and of any other person named in the complaint, and for promptly informing the complainant and the residential care community involved of the results of the investigation.

If, after its investigation, the director determines that the complaint has merit, the director shall take appropriate disciplinary action and shall advise any injured party of the possibility of a civil remedy under this article.

No residential care community may discharge or in any manner discriminate or retaliate against any employee or resident for filing a complaint or participating in any proceeding provided for in this article. Violation of this prohibition by any residential care community constitutes grounds for the suspension or revocation of its license as provided in §16B-9-11 of this code. Any type of adverse action taken by a residential care community against a resident who has submitted a complaint to the director or upon whose behalf a complaint has been submitted or who has instituted any proceeding under this article, if taken within 120 days of the filing of the complaint or the institution of the proceeding, shall raise a rebuttable presumption that the adverse action was taken in retaliation for filing the complaint or instituting the proceeding.

§16B-9-9. Inspections.

The director and any duly designated employee or agent thereof is authorized to enter upon and into the premises of any residential care community for which a license has been issued, for which an application for license has been filed, or which the director has reason to believe is being operated or maintained as a residential care community without a license. If entry is refused by the owner or person in charge of the residential care community, the director shall apply to the circuit court of the county in which the residential care community is located or the Circuit Court of Kanawha County for an order authorizing inspection, and the court shall issue an appropriate order if it finds good cause for inspection.

The director, by and through his or her agents or employees, shall conduct at least one inspection of a residential care community before issuing a license to it and shall conduct periodic unannounced inspections thereafter to determine if it is in compliance with all applicable statutory requirements and rules. All residential care communities shall comply with applicable rules of the state Fire Commission. The State Fire Marshal, by and through his or her agents or employees, shall make all fire, safety, and similar inspections of residential care communities. The director may provide for other inspections he or she considers necessary to effectuate the intent and purpose of this article. If the director determines upon investigation that a complaint is substantiated and that an immediate and serious threat to health or safety exists at a residential care community, he or she may invoke any remedy available pursuant to §16B-9-11 of this code. Any residential care community aggrieved by a determination or assessment made pursuant to this section shall have the right to an administrative appeal as set forth in §16B-9-12 of this code.

§16B-9-10. Reports of inspections; plans of correction; assessment of penalties, fees, and costs; use of funds derived therefrom; hearings.

(a) Reports of all inspections made pursuant to §16B-9-9 of this code shall be in writing and filed with the director, and shall list all deficiencies in the residential care community's compliance with the provisions of this article and the rules promulgated hereunder. The director shall send a copy of the report to the residential care community and shall specify a time within which the residential care community shall submit a plan for correction of any listed deficiencies, which plan shall be approved, rejected, or modified by the director. Inspectors shall allow audio taping of the exit conference that follows a licensure or certification inspection, with all costs incurred as a result of the taping to be paid by the residential care community. A copy of the audio tape shall be provided to the inspector.

(b) Upon the failure of a residential care community to submit a plan of correction as required or to correct any deficiency within the time specified, the director, in consultation with the Inspector General, may assess a civil penalty or initiate other appropriate legal or disciplinary action, as provided by this article.

(c) Nothing in this section may be construed to require the director to afford a formal opportunity for a residential care community to correct a deficiency before initiating an enforcement action in either an administrative or judicial forum, where, in the opinion of the director, in consultation with the Inspector General, the deficiency jeopardizes the health or safety of the community's residents or where the deficiency is the second or subsequent violation to occur within a 12-month period.

(d) Civil penalties assessed against residential care communities shall be classified according to the nature of the violation, as provided in §16B-9-5(c) and rules promulgated thereunder, consistent with the following: For each violation of a Class I standard, the civil penalty imposed shall be not less than \$50 nor more than \$500; for each violation of a Class II standard, the civil penalty imposed shall be not less than \$25 nor more than \$50; for each violation of a Class III standard, the civil penalty imposed shall be not less than \$10 nor more than \$25. Each day that a violation continues after the date of citation constitutes a separate violation. The date of the citation is the date the facility receives the written statement of deficiencies.

(e) The director, in consultation with the Inspector General, shall assess a civil penalty not to exceed \$2,000 against any individual who notifies a residential care community, or causes it to be notified, in advance, of the time or date on which an inspection is scheduled to be conducted under this article.

(f) If the director, in consultation with the Inspector General, assesses a penalty under this section, he or she shall cause a notice of penalty to be delivered to the residential care community by personal service or by certified mail. This notice shall state the amount of the penalty, the action, deficiency or other circumstance for which the penalty is assessed, the statutory requirement or rule which has been violated and the basis upon which the director,

in consultation with the Inspector General, determined the amount of the penalty.

(g) The Inspector General shall recover in a judicial proceeding any civil penalty which: (i) Remains uncontested and unpaid for 30 days after its receipt; or (ii) if contested, has been affirmed by the Board of Review and remains unappealed for 30 days after receipt of the Board of Review's final order; or (iii) if appealed, has been affirmed upon judicial review of the Board of Review's final order. All funds received in the form of civil penalties or interest thereon pursuant to this article shall be deposited in a special resident benefit account which is hereby established and applied by the director exclusively for the protection of the health or property of residents of residential care communities operated within this state that the director determines to be deficient, which may include payment of costs to relocate residents of a deficient residential care community to other facilities, operation costs of a residential care community pending correction of deficiencies or closure and reimbursement of residents for personal funds lost.

(h) The opportunity for a hearing on any action taken under this section is as provided in §16B-9-12 of this code. In addition to any other rights of appeal conferred upon a residential care community under this section, it may also request a hearing and seek judicial review pursuant to §16B-9-12 and §16B-9-13 of this code to contest the director's citing of a deficiency in an inspection report, irrespective of whether the deficiency results in the imposition of a civil penalty.

§16B-9-11. License limitation, suspension, and revocation; ban on admissions; continuation of disciplinary proceedings; closure, transfer of residents, appointment of temporary management; assessment of interest; collection of assessments; hearing.

(a) The director, in consultation with the Inspector General, shall by order impose a ban on the admission of additional residents or reduce the number of apartments permitted in a residential care community, or any combination thereof, where it is determined upon inspection that a licensee is not providing adequate care to its residents under its existing quota and, further, that a reduction in the quota or the imposition of a ban on additional admissions, or a combination thereof, would enable the licensee to render adequate care to its residents. A notice to a licensee of a reduction in its quota or a ban on additional admissions shall include the terms of the order, the reasons therefor, and the date by which it must comply.

(b) The director, in consultation with the Inspector General, may suspend or revoke a license issued under this article if it is determined upon inspection that there has been a substantial failure to comply with the provisions of this article or the standards or rules promulgated hereunder.

(c) Whenever a license is limited, suspended, or revoked pursuant to this section, the director, in consultation with the Inspector General, shall file an administrative complaint stating facts constituting the grounds therefor. Upon the filing of this administrative complaint, the director, in consultation with the Inspector General, shall notify the licensee in writing, enclose a copy of the administrative complaint, and advise the licensee of its opportunity for a hearing pursuant to §16B-9-12 of this code. The notice and copy of the administrative complaint shall be served on the licensee by certified mail, return receipt requested.

(d) The suspension, revocation, or expiration of a license, or the withdrawal of an application for a license after it has been filed with the director, in consultation with the Inspector General, may not deprive the director, in consultation with the Inspector General, of his or her authority to institute or continue a disciplinary proceeding or to deny an application for a license.

(e) In addition to other remedies provided in this article, upon petition from the Inspector General, a circuit court may determine that a residential care community's deficiencies under this article constitute an emergency immediately jeopardizing the health, safety, welfare or rights of its residents, and issue an order to:

- (1) Close the residential care community;
- (2) Transfer residents of the residential care community to other facilities; or
- (3) Appoint a temporary manager to oversee the operation of the residential care community

and to assure the health, safety, welfare and rights of the residential care community's residents, where there is a need for temporary management while:

(A) There is an orderly closure of the residential care community; or

(B) Corrections are made in order to bring the residential care community into compliance with all applicable requirements of this article and the rules promulgated hereunder.

If the Inspector General petitions a circuit court for the closure of a residential care community, for the transfer of residents, or for the appointment of a temporary manager, the circuit court shall hold a hearing no later than seven days thereafter, at which time the Inspector General and the licensee or operator of the residential care community may participate and present evidence.

A circuit court may divest the licensee or operator of possession and control of a residential care community in favor of temporary management. The temporary management is accountable to the court and has those powers and duties that the court may grant to direct all acts necessary or appropriate to conserve the property and promote the health, safety, welfare and rights of the residents, including, but not limited to, replacing managerial and other staff, hiring consultants, making necessary expenditures to close the residential care community or to repair or improve the residential care community so as to return it to compliance with applicable requirements, and receiving, conserving and expending funds, including making payments on behalf of the licensee or operator. Priority in making payments shall be given to expenditures for current direct resident care and the transfer of residents, if necessary.

The person charged with temporary management shall be an officer of the court and paid by the residential care community if resources are available; he or she may not be held liable in any capacity for conditions at the residential care community that originated or existed before his or her appointment nor may he or she be held personally liable for any act or omission, except those constituting gross negligence or intentional acts that result in injuries to persons or damage to property during his or her tenure as temporary manager.

It is unlawful for any person to impede the operation of temporary management as appointed by the court. For 90 days after the appointment of temporary management at a residential care community, any legal action that would interfere with its functioning or operation shall be automatically stayed. These actions include, but are not limited to, cancellation of insurance policies, termination of utility services, attachments to working capital accounts, foreclosures, evictions and repossessions of equipment used in the residential care community.

Temporary management appointed by the court for purposes of making improvements to bring a residential care community into compliance with applicable requirements may not be terminated until the court has determined that the residential care community has the management capability to ensure continued compliance with all applicable requirements:

Provided, That if the court does not make such a determination within six months of the appointment of the temporary management, the temporary management terminates by operation of law at that time, and the residential care community shall be closed. After the termination of the temporary management, the person who was appointed as the temporary management shall make an accounting to the court, and after deducting the costs of the temporary management, expenditures and civil penalties and interest no longer subject to appeal, in that order, from receipts, the remainder, if any, shall be paid to the licensee or operator of the residential care community.

(f) Assessments for civil penalties and costs of actions taken under this article, including attorney fees, shall accrue interest at the rate of five percent per annum, beginning on the 30th day after receipt of notice of the assessment or the 30th day after receipt of the director's final order following a hearing, whichever later occurs. The Office of Health Facility Licensure and Certification may verify, by unannounced inspection, that the medication-assisted treatment program is in compliance with any waiver or variance granted by the director, in consultation with the Inspector General, for the duration of such waiver or variance.

§16B-13-7. Inspection; inspection warrant.

(a) The Office of Health Facility Licensure and Certification shall inspect each opioid treatment program annually, including a review of the patient records, to ensure that the program complies with this article and the applicable rules. (f) When possible, inspections for annual certification and licensure by the medication-assisted treatment programs will be done consecutively or concurrently. However, this provision does not limit the ability to conduct unannounced inspections pursuant to a complaint.

§16B-13-8. License and registration limitation; denial; suspension; revocation.

(a) The director, in consultation with the Inspector General, may, by order, impose a ban on the admission of patients or reduce the patient capacity of the medication-assisted treatment program, or any combination thereof, when he or she finds upon inspection of the medication-assisted treatment program that the licensee or registrant is not providing adequate care under the medication-assisted treatment program's existing patient quota, and that a reduction in quota or imposition of a ban on admissions, or any combination thereof, would place the licensee or registrant in a position to render adequate care. Any notice to a licensee or registrant of reduction in quota or ban on new admissions shall include the terms of the order, the reasons therefor and the date set for compliance.

(b) The director, in consultation with the Inspector General, shall deny, suspend, or revoke a license or registration issued pursuant to this article if the provisions of this article or of the rules promulgated pursuant to this article are violated. The director, in consultation with the Inspector General, may revoke a program's license or registration and prohibit all physicians and licensed disciplines associated with that medication-assisted treatment program from practicing at the program location based upon an annual, periodic, complaint, verification or other inspection and evaluation.

If a formal hearing is requested, the applicant, licensee or registrant and the director shall proceed in accordance with the provisions of §29A-5-1 *et seq.* of this code.

(e) If a license or registration is denied or revoked as herein provided, a new application for license or registration shall be considered by the director, in consultation with the Inspector General, if, when and after the conditions upon which the denial or revocation was based have been corrected and evidence of this fact has been furnished. A new license or registration shall then be granted after proper inspection, if applicable, has been made and all provisions of this article and rules promulgated pursuant to this article have been satisfied.

(f) Any applicant, licensee or registrant who is dissatisfied with the decision of the director as a result of the hearing provided in this section may, within 30 days after receiving notice of the decision, petition the circuit court of Kanawha County, in term or in vacation, for judicial review of the decision.

The owner or lessor of the medication-assisted treatment program property is responsible for removing all signs and symbols identifying the premises as a medication-assisted treatment program within 30 days. Any administrative appeal of such denial, suspension or revocation shall not stay the denial, suspension, or revocation.

(i) Upon the effective date of the denial, suspension or revocation, the medical director of the medication-assisted treatment program shall advise the director and the Board of Pharmacy of the disposition of all medications located on the premises. The disposition is subject to the supervision and approval of the director. Medications that are purchased or held by a medication-assisted treatment program that is not licensed may be deemed adulterated.

(j) If the license or registration of a medication-assisted treatment program is suspended or revoked, any person named in the licensing or registration documents of the program, including persons owning or operating the medication-assisted treatment program, may not, as an individual or as part of a group, apply to operate another medication-assisted treatment program for up to five years after the date of suspension or revocation. The director, in consultation with the Inspector General, may grant a variance pursuant to §16B-13-6 of this code to the prohibition of this subsection.

(5) If a physician operates, owns or manages an unlicensed or unregistered medication-assisted treatment program that is required to be licensed or registered pursuant to this article; knowingly prescribes or dispenses or causes to be prescribed or dispensed, a medication-assisted treatment medication through misrepresentation or fraud; procures, or attempts to procure, a license or registration for a medication-assisted treatment program for any other person by making or causing to be made any false representation, the director, in consultation with the Inspector General, may assess a civil money penalty of not more than \$20,000. The penalty may be in addition to or in lieu of any other action that may be taken by the director, in consultation with the Inspector General, or any other board, court or entity.

(b) Notwithstanding the existence or pursuit of any other remedy, the Inspector General may, in the manner provided by law, maintain an action in the name of the state for an injunction against any person, partnership, association or corporation to restrain or prevent

the establishment, conduct, management or operation of any medication-assisted treatment program or violation of any provision of this article or any rule lawfully promulgated thereunder without first obtaining a license or registration in the manner herein provided.

(c) In determining whether a penalty is to be imposed and in fixing the amount of the penalty, the director, in consultation with the Inspector General, shall consider the following factors:

(1) The gravity of the violation, including the probability that death or serious physical or emotional harm to a patient has resulted, or could have resulted, from the medication-assisted treatment program's actions or the actions of the medical director or any practicing physician, the severity of the action or potential harm, and the extent to which the provisions of the applicable laws or rules were violated;

(3) Whether there were any previous violations at the medication-assisted treatment program; and

§16B-17-10. Discriminatory practices; investigations, hearings, procedures and orders.

Any individual claiming to be aggrieved by an alleged unlawful discriminatory practice shall make, sign and file with the commission a verified complaint, which shall state the name and address of the person, employer, labor organization, employment agency, owner, real estate broker, real estate salesman or financial institution alleged to have committed the unlawful discriminatory practice complained of, and which shall set forth the particulars thereof and contain such other information as may be required by the commission's rules and regulations. The commission upon its own initiative, or the Attorney General, shall, in like manner, make, sign and file such complaint. Any employer, whose employees, or some of them, hinder or threaten to hinder compliance with the provisions of this article, shall file with the commission a verified complaint, asking for assistance by conciliation or other remedial action and, during such period of conciliation or other remedial action, no hearings, orders or other actions shall be held, made or taken by the commission against such employer. Any complaint filed pursuant to this article must be filed within 365 days after the alleged act of discrimination.

After the filing of any complaint, or whenever there is reason to believe that an unlawful discriminatory practice has been committed, the commission shall make a prompt investigation in connection therewith.

If it shall be determined after such investigation that no probable cause exists for substantiating the allegations of the complaint, the commission shall, within 10 days from such determination, cause to be issued and served upon the complainant written notice of such determination, and the said complainant or his or her attorney may, within 10 days after such service, file with the commission a written request for a meeting with the commission to show probable cause for substantiating the allegations of the complaint. If it shall be determined after such investigation or meeting that probable cause exists for substantiating the allegations of the complaint, the commission shall immediately endeavor to eliminate the unlawful discriminatory practices complained of by conference, conciliation and persuasion. The members of the commission and its staff shall not disclose what has transpired in the course of such endeavors: *Provided*, That the commission may publish the facts in the case of any complaint which has been dismissed, and the terms of conciliation when the complaint has been adjusted, without disclosing the identity of the parties involved.

In case of failure so to eliminate such practice or in advance thereof, if in the judgment of the commission circumstances so warrant, the commission shall cause to be issued and served a written notice, together with a copy of such complaint as the same may have been amended, in the manner provided by law for the service of summons in civil actions, requiring the person, employer, labor organization, employment agency, owner, real estate broker, real estate salesman or financial institution named in such complaint, hereinafter referred to as respondent, to answer the charges of such complaint at a hearing before the commission in the county where the respondent resides or transacts business at a time and

place to be specified in such notice: *Provided*, That said written notice be served at least 30 days prior to the time set for the hearing.

The case in support of the complaint shall be presented before the commission by one of its attorneys or agents. The respondent may file a written, verified answer to the complaint and appear at such hearing in person or otherwise, with or without counsel, and submit testimony and evidence. Except as provided in this article, all of the pertinent provisions of §29A-5-1 *et seq.* of this code shall apply to and govern the hearing and the administrative procedures in connection with and following such hearing, with like effect as if the provisions of said article five were set forth in extensor in this section.

If, after such hearing and consideration of all of the testimony, evidence and record in the case, the commission shall find that a respondent has engaged in or is engaging in any unlawful discriminatory practice as defined in this article, the commission shall issue and cause to be served on such respondent an order to cease and desist from such unlawful discriminatory practice and to take such affirmative action, including, but not limited to, hiring, reinstatement or upgrading of employees, with or without back pay, admission or restoration to membership in any respondent labor organization, or the admission to full and equal enjoyment of the services, goods, facilities, or accommodations offered by any respondent place of public accommodation, and the sale, purchase, lease, rental or financial assistance to any complainant otherwise qualified for the housing accommodation or real property, denied in violation of this article, as in the judgment of the commission, will effectuate the purposes of this article, and including a requirement for report of the manner of compliance. Such order shall be accompanied by findings of fact and conclusions of law as specified in §29A-5-3 of this code.

If, after such hearing and consideration of all of the testimony, evidence and record in the case, the commission shall find that a respondent has not engaged in such unlawful discriminatory practice, the commission shall state its findings of fact and conclusions of law as aforesaid and shall issue and cause to be served on the complainant an order dismissing the said complaint as to such respondent.

A copy of its order shall be delivered in all cases by the commission to the complainant, the respondent, the Attorney General and to such other public officers as the commission may deem proper. Any such order shall not be enforceable except as provided in §16B-17-11 of this code.

§16B-17-11. Appeal and enforcement of commission orders.

(a) From any final order of the commission, an application for review may be prosecuted by either party to the Supreme Court of Appeals within thirty days from the receipt thereof by the filing of a petition therefor to such court against the commission and the adverse party as respondents, and the clerk of such court shall notify each of the respondents and the commission of the filing of such petition. The commission shall, within ten days after receipt of such notice, file with the clerk of the court the record of the proceedings had before it, including all the evidence. The court or any judge thereof in vacation may thereupon determine whether or not a review shall be granted. And if granted to a nonresident of this state, he or she shall be required to execute and file with the clerk before such order or review shall become effective, a bond, with security to be approved by the clerk, conditioned to perform any judgment which may be awarded against him or her thereon. The commission may certify to the court and request its decision of any question of law arising upon the record, and withhold its further proceeding in the case, pending the decision of court on the certified question, or until notice that the court has declined to docket the same. If a review be granted or the certified question be docketed for hearing, the clerk shall notify the board and the parties litigant or their attorneys and the commission of the fact by mail. If a review be granted or the certified question docketed, the case shall be heard by the court in the manner provided for other cases: *Provided*, That in the following cases the appellant may prosecute the appeal in the circuit court of Kanawha County pursuant to section four, §29A-5-1 *et seq.* of this code: (1) Cases in which the commission awards damages other than back pay exceeding \$5,000; (2) cases in which the commission awards back pay exceeding \$30,000; and (3) cases in which the parties agree that the appeal should be prosecuted in circuit court. In such cases the appellee shall respond within thirty days of filing and the court shall make a determination within the following 30 days: *Provided, however*, That appeals filed erroneously in the circuit court after April 1, 1987, and prior to July 1, 1989, may be prosecuted in the Supreme Court of Appeals without regard to the time limits specified herein: *Provided further*, That any party adversely affected by the final judgment of the circuit court of Kanawha County may seek review thereof by appeal to the Supreme Court of Appeals pursuant to §29A-6-1 of this code filed within 30 days of entry of the final order of the circuit court.

The appeal procedure contained in this subsection shall be the exclusive means of review, notwithstanding the provisions of chapter twenty-nine-a of this code: *Provided*, That such exclusive means of review shall not apply to any case wherein an appeal or a petition for enforcement of a cease and desist order has been filed with a circuit court of this state prior to April 1, 1987.

(b) In the event that any person shall fail to obey a final order of the commission within thirty days after receipt of the same, or, if applicable, within thirty days after a final order of the circuit court or the Supreme Court of Appeals, a party or the commission may seek an order from the circuit court for its enforcement. Such proceedings shall be initiated by filing of a petition in said court, and served upon the respondent in the manner provided by law for the service of summons in civil actions; a hearing shall be held on such petition within 60

days of the date of service. The court may grant appropriate temporary relief, and shall make and enter upon the pleadings, testimony, and proceedings such order as is necessary to enforce the order of the commission or Supreme Court of Appeals.

If such complainant institutes any action based on such grievance without resorting to the procedure provided in this article, he or she may not subsequently resort to the procedure herein. In the event of a conflict between the interpretation of a provision of this article and the interpretation of a similar provision contained in any municipal ordinance authorized by charter, the interpretation of the provision in this article shall apply to such municipal ordinance.

(b) Notwithstanding the provisions of subsection (a) of this section, a complainant may institute an action against a respondent in the county wherein the respondent resides or transacts business at any time within 90 days after the complainant is given notice of a right to sue pursuant to this subsection or, if the statute of limitations on the claim has not expired at the end of such 90-day period, then at any time during which such statute of limitations has not expired. If a suit is filed under this section, the proceedings pending before the commission shall be deemed concluded.

The commission shall give a complainant who has filed a complaint a notice of a right to sue upon: (1) The dismissal of the complaint for any reason other than an adjudication of the merits of the case; or (2) the request of a complainant at any time after the timely filing of the complaint in any case which has not been determined on its merits or has not resulted in a conciliation agreement to which the complainant is a party. Upon the issuance of a right to sue letter pursuant to subdivision (1) or (2), the commission may dismiss the complaint.

Notice of right to sue shall be given immediately upon complainant being entitled thereto, by personal service or certified mail, return receipt requested, which notice shall inform the complainant in plain terms of his or her right to institute a civil action as provided in this section within ninety days of the giving of such notice. Service of the notice shall be complete upon mailing.

(c) In any action filed under this section, if the court finds that the respondent has engaged in or is engaging in an unlawful discriminatory practice charged in the complaint, the court shall enjoin the respondent from engaging in such unlawful discriminatory practice and order affirmative action which may include, but is not limited to, reinstatement or hiring of employees, granting of back pay or any other legal or equitable relief as the court deems appropriate. In actions brought under this section, the court in its discretion may award all or a portion of the costs of litigation, including reasonable attorney fees and witness fees, to the complainant.

(d) The provisions of this section shall be available to all complainants whose active cases are pending before the Human Rights Commission as well as those complainants who file after the effective date of this section.

Notwithstanding any other provisions of this article, it shall not be an unlawful discriminatory practice for the Bureau of Employment Programs to ascertain and record the age, sex, race, religion, color, national origin, ancestry, blindness or disability of any individual for the purpose of making such reports as may from time to time be required by agencies of the federal government or be necessary to show compliance with any rule or regulation issued by any such agency. Said records may be made and kept in the manner required by the federal government: *Provided*, That such recording of the age, sex, race, religion, color, national origin, ancestry, blindness or disability of any individual shall not be used to discriminate, within the meaning of this article, directly or indirectly, against any such individual as prohibited by all other sections of this article.

§16B-17-18. Injunctions in certain housing complaints.

When it appears that a housing unit or units described in a complaint may be sold, rented or otherwise disposed of before a determination of the complaint or case has been made by the commission or during judicial review of any final order of the commission, the circuit court of the county in which such housing unit or units are located may, upon the joint petition of the commission and the complainant, or if there be more than one complainant, all such complainants, issue a prohibitive injunction restraining the sale, rental or other disposition of such housing unit or units except in compliance with the order of the court. No such injunction shall be issued by the court until the complainant or complainants shall have posted bond, with good security therefor, in such penalty as the court or judge awarding it may direct. The court may include in any such injunction granted such other conditions as it deems proper and just. Such injunction, if granted, shall be of no more than 30 days duration. If at the end of such 30-day period the commission notifies the court that additional time is needed for the disposal or determination of the complaint or case or the conclusion of such judicial review, the court, for good cause shown, may extend the period of the injunction for such additional time as the court deems proper. No such extension shall be granted except upon the continuation or reposting of the bond required for the original injunction and any such extension of the injunction may be granted upon such additional terms and conditions as to the court seem proper and just.

§16B-17-19. Private club exemption.

Nothing in this article shall prohibit a private club not in fact open to the public, which as an incident to its primary purpose or purposes provides lodgings which it owns or operates for other than a commercial purpose, from limiting the rental or occupancy of such lodgings to its members or guests of members or from giving preference to its members or guests of members: *Provided*, That this exemption shall not apply to any private club not in fact open to the public which owns or operates residential subdivisions providing lodgings for rental, occupancy or sale, or which provides real estate for sale for the construction of single or multiunit dwellings.

rental, the landlord may where it is reasonable to do so condition permission for a modification on the renter agreeing to restore the interior of the premises to the condition that existed before the modification, reasonable wear and tear excepted;

(B) A refusal to make reasonable accommodations in rules, policies, practices or services when the accommodations may be necessary to afford the person equal opportunity to use and enjoy a dwelling; or

(C) In connection with the design and construction of covered multifamily dwellings for first occupancy after the date that is thirty months after the date of enactment of the West Virginia Fair Housing Act, a failure to design and construct those dwellings in a manner that:

(5) (A) If a unit of general local government has incorporated into its laws the requirements set forth in subparagraph (3)(C) of this subdivision, compliance with those laws satisfy the requirements of that subparagraph.

(B) The commission or unit of general local government may review and approve newly constructed covered multifamily dwellings for the purpose of making determinations as to whether the design and construction requirements of subparagraph (3)(C) of this subdivision are met.

(C) The commission shall encourage, but may not require, units of local government to include in their existing procedures for the review and approval of newly constructed covered multifamily dwellings, determinations as to whether the design and construction of such dwellings are consistent with subparagraph (3)(C) of this subdivision, and may provide technical assistance to units of local government and other persons to implement the requirements of that subparagraph.

(6) (A) Nothing in paragraph (5) of this subdivision affects the authority and responsibility of the commission or a local public agency to receive and process complaints or otherwise engage in enforcement activities under this article.

(8) Nothing in this article invalidates or limits any law of this state or any political subdivision of this state that requires dwellings to be designed and constructed in a manner that affords disabled persons greater access than is required by this article.

(9) This section does not require that a dwelling be made available to an individual whose tenancy would constitute a direct threat to the health or safety of other individuals or whose tenancy would result in substantial physical damage to the property of others. The burden of proving such threat to health or safety or the likelihood of such damage is upon the respondent.

(10) For the purposes of this subdivision, rules, policies, practices, or services regarding animals are subject to the reasonable accommodation requirements of subparagraph (B), paragraph (3) of this subdivision and the following provisions:

(A) In connection with a request for reasonable accommodation to the rules, policies or services, a person with a disability may be required to submit documentation, from a professional treatment provider, of the disability related need for the assistance animal.

(i) Such documentation is sufficient if it establishes that the assistance animal will provide some type of disability-related assistance or emotional support.

(ii) A person with a disability may not be required to submit or provide access to medical records or medical providers, or to provide detailed or extensive information or documentation of a person's physical or mental impairments.

(B) A person with a disability may be denied the accommodation of an assistance animal if there is credible evidence that:

(i) The assistance animal poses a direct threat to the health or safety of others that cannot be eliminated by another reasonable accommodation; or

(ii) The assistance animal would cause substantial physical damage to the property of other that cannot be reduced or eliminated by another reasonable accommodation.

(C) A determination that an assistance animal poses a direct threat of harm to others or would cause substantial physical damage to the property of others must be based on an individualized assessment that relies on objective evidence about the specific animal's actual conduct.

(D) A request for a reasonable accommodation may not be unreasonably denied, conditioned on payment of a fee or deposit or other terms and conditions applied to applicants or residents with pets, and a response may not be unreasonably delayed.

§16B-18-6. Discrimination in residential real estate-related transactions.

(a) It is unlawful for any person or other entity whose business includes engaging in residential real estate-related transactions to discriminate against any person in making available such a transaction or in the terms or conditions of such a transaction because of race, color, religion, sex, blindness, disability, familial status, ancestry or national origin.

(b) As used in this section, the term "residential real estate-related transaction" means any of the following:

§16B-18-7. Discrimination in provision of brokerage services.

It is unlawful to deny any person access to or membership or participation in any multiple listing service, real estate broker's organization or other service, organization or facility relating to the business of selling or renting dwellings, or to discriminate against him or her in the terms or conditions of such access, membership, or participation on account of race, color, religion, sex, blindness, disability, familial status, ancestry or national origin.

(a) Nothing in this article shall prohibit a religious organization, association or society, or any nonprofit institution or organization operated, supervised or controlled by or in conjunction with a religious organization, association or society, from limiting the sale, rental or occupancy of dwellings which it owns or operates for other than a commercial purpose to persons of the same religion, or from giving preference to such persons, unless membership in such religion is restricted on account of race, color or national origin. Nor shall anything in this article prohibit a private club not in fact open to the public, which as an incident to its primary purpose or purposes provides lodgings which it owns or operates for other than a commercial purpose, from limiting the rental or occupancy of such lodgings to its members or from giving preference to its members.

(b) (1) Nothing in this article limits the applicability of any reasonable local, state or federal restrictions regarding the maximum number of occupants permitted to occupy a dwelling. Nor does any provision in this article regarding familial status apply with respect to housing for older persons.

(2) As used in this section, "housing for older persons" means housing:

(A) Provided under any state or federal program that the secretary of the United States Department of Housing and Urban Development determines is specifically designed and operated to assist elderly persons, as defined in the state or federal program; or

(B) Intended for, and solely occupied by, persons 62 years of age or older; or

(C) Intended and operated for occupancy by at least one person 55 years of age or older per unit. In determining whether housing qualifies as housing for older persons under this subsection, the commission shall develop regulations which require at least the following factors: (i) The existence of significant facilities and services specifically designed to meet the physical or social needs of older persons, or if the provision of such facilities and services is not practicable, that such housing is necessary to provide important housing opportunities for older persons; (ii) that at least 80 percent of the units are occupied by at least one person 55 years of age or older per unit; and (iii) the publication of, and adherence to, policies and procedures which demonstrate an intent by the owner or manager to provide housing for persons 55 years of age or older.

(3) Housing shall not fail to meet the requirements for housing for older persons by reason of: (A) Persons residing in such housing as of the date of enactment of this article who do not meet the age requirements of subdivision (2)(B) or (C) of this subsection: *Provided*, That new occupants of such housing meet the age requirements of such subdivisions; or (B) unoccupied units: *Provided, however*, That such units are reserved for occupancy by persons who meet the age requirements of subdivision (2)(B) or (C) of this subsection.

(4) Nothing in this article prohibits conduct against a person because such person has been

The authority and responsibility for administering this article shall be in the West Virginia Human Rights Commission.

The commission may delegate any of its functions, duties and powers to employees of the Human Rights Commission, including functions, duties and powers with respect to investigating, conciliating, hearing, determining, ordering, certifying, reporting or otherwise acting as to any work, business or matter under this article. The person to whom such delegations are made with respect to hearing functions, duties and powers shall be a licensed attorney. It may call conferences of persons in the housing industry and other interested parties to acquaint them with the provisions of this article and its suggested means of implementing it, and may endeavor with their advice to work out programs of voluntary compliance and of enforcement. It may pay per diem, travel and transportation expenses for persons attending such conferences as permitted by law. It may consult with local officials and other interested parties to learn the extent, if any, to which housing discrimination exists in their locality, and whether and how local enforcement programs might be utilized to combat such discrimination in connection with the commission's enforcement of this article. The commission shall issue reports on such conferences and consultations as it deems appropriate.

§16B-18-11. Administrative enforcement; preliminary matters; complaints and answers; service; conciliation; injunctions; reasonable cause determinations; issuance of charge.

(a) (1) (A) An aggrieved person may, not later than one year after an alleged discriminatory housing practice has occurred or terminated, file a complaint with the commission alleging a discriminatory housing practice. The commission, on the commission's own initiative, may also file such a complaint. Such complaint shall be in writing and shall contain such information and be in such form as the commission requires. The commission may also investigate housing practices to determine whether a complaint should be brought under this section.

(B) Upon the filing of such complaint: (i) The commission shall serve notice upon the aggrieved person acknowledging such filing and advising the aggrieved person of the time limits and choice of forums provided under this article; (ii) the commission shall, not later than 10 days after such filing or the identification of an additional respondent under paragraph (2) of this subsection, serve on the respondent a notice identifying the alleged discriminatory housing practice and advising such respondent of the procedural rights and obligations of respondents under this article, together with a copy of the original complaint; (iii) each respondent may file, not later than ten days after receipt of notice from the commission, an answer to such complaint; and (iv) unless it is impracticable to do so, the commission shall make an investigation of the alleged discriminatory housing practice and complete such investigation within 100 days after the filing of the complaint.

(C) If the commission is unable to complete the investigation within 100 days after the filing of the complaint, the commission shall notify the complainant and respondent in writing of the reasons for not doing so.

(D) Complaints and answers shall be under oath or affirmation and may be reasonably and fairly amended at any time.

(2) (A) A person who is not named as a respondent in a complaint, but who is identified as a respondent in the course of investigation, may be joined as an additional or substitute respondent upon written notice, under paragraph (1) of this subsection, to such person, from the commission.

(B) Such notice, in addition to meeting the requirements of paragraph (1) of this subsection, shall explain the basis for the commission's belief that the person to whom the notice is addressed is properly joined as a respondent.

(b) (1) During the period beginning with the filing of such complaint and ending with the filing of a charge or a dismissal by the commission, the commission shall, to the extent feasible, engage in conciliation with respect to such complaint.

(2) A conciliation agreement arising out of such conciliation shall be an agreement between

the respondent and the complainant and shall be subject to approval by the commission.

(3) A conciliation agreement may provide for binding arbitration of the dispute arising from the complaint. Any such arbitration that results from a conciliation agreement may award appropriate relief, including monetary relief.

(4) Each conciliation agreement shall be made public unless the complainant and respondent otherwise agree and the commission determines that disclosure is not required to further the purposes of this article.

(5) (A) At the end of each investigation under this section, the commission shall prepare a final investigative report containing: (i) The names and dates of contacts with witnesses; (ii) a summary and the dates of correspondence and other contacts with the aggrieved person and the respondent; (iii) a summary description of other pertinent records; (iv) a summary of witness statements; and (v) answers to interrogatories.

(B) A final report under this paragraph may be amended if additional evidence is later discovered.

(c) Whenever the commission has reasonable cause to believe that a respondent has breached a conciliation agreement, the commission shall refer the matter to the Attorney General with a recommendation that a civil action be filed under §16B-18-15 of this code for the enforcement of such agreement.

(d) Nothing said or done in the course of conciliation under this article may be made public or used as evidence in a subsequent proceeding under this article without the written consent of the persons concerned, except the commission shall make available to the aggrieved person and the respondent, at any time, upon request following completion of the commission's investigation, information derived from an investigation and any final investigative report relating to that investigation.

(e) (1) If the commission concludes at any time following the filing of a complaint that prompt judicial action is necessary to carry out the purposes of this article, the commission may authorize a civil action for appropriate temporary or preliminary relief pending final disposition of the complaint under this section. Upon receipt of such authorization, the Attorney General shall promptly commence and maintain such an action. Any temporary injunction or other order granting preliminary or temporary relief shall be issued in accordance with the West Virginia rules of civil procedure. The commencement of a civil action under this subsection does not affect the initiation or continuation of administrative proceedings under this section and §16B-18-13 of this code.

(2) Whenever the commission has reason to believe that a basis may exist for the commencement of proceedings against any respondent under subsections (a) and (b), §16B-18-15 of this code or for proceedings by any governmental licensing or supervisory authorities, the commission shall transmit the information upon which such belief is based to

the Attorney General, or to such authorities, as the case may be.

(f) (1) The commission shall within 100 days after the filing of the complaint determine, based on the facts, whether reasonable cause exists to believe that a discriminatory housing practice has occurred or is about to occur, unless it is impracticable to do so, or unless the commission has approved a conciliation agreement with respect to the complaint. If the commission is unable to make the determination within 100 days after the filing of the complaint, the commission shall notify the complainant and respondent in writing of the reasons for not doing so.

(2) (A) If the commission determines that reasonable cause exists to believe that a discriminatory housing practice has occurred or is about to occur, the commission shall, except as provided in subparagraph (C), immediately issue a charge on behalf of the aggrieved person, for further proceedings under section thirteen of this article.

(B) Such charge: (i) Shall consist of a short and plain statement of the facts upon which the commission has found reasonable cause to believe that a discriminatory housing practice has occurred or is about to occur; (ii) shall be based on the final investigative report; and (iii) need not be limited to the facts or grounds alleged in the complaint filed under subsection (a) of this section.

(C) If the commission determines that the matter involves the legality of any state or local zoning or other land use law or ordinance, the commission shall immediately refer the matter to the Attorney General for appropriate action under section fifteen of this article, instead of issuing such charge.

(3) If the commission determines that no reasonable cause exists to believe that a discriminatory housing practice has occurred or is about to occur, the commission shall promptly dismiss the complaint. The commission shall make public disclosure of each such dismissal.

(4) The commission may not issue a charge under this section regarding an alleged discriminatory housing practice after the beginning of the trial of a civil action commenced by the aggrieved party under an act of Congress or a state law seeking relief with respect to that discriminatory housing practice.

(g) After the commission issues a charge under this section, the commission shall cause a copy thereof, together with information as to how to make an election under subsection (a), §16B-18-13 of this code and the effect of such an election, to be served: (1) On each respondent named in such charge, together with a notice of opportunity for a hearing at a time and place specified in the notice, unless that election is made; and (2) on each aggrieved person on whose behalf the complaint was filed.

§16B-18-12. Subpoenas; giving of evidence; witness fees; enforcement of subpoenas.

The commission may, in accordance with this subsection, issue subpoenas and order discovery in aid of investigations and hearings under this article. Such subpoenas and discovery may be ordered to the same extent and subject to the same limitations as would apply if the subpoenas or discovery were ordered or served in aid of a civil action in the circuit courts of this state.

Witnesses summoned by a subpoena under this article shall be entitled to the same witness and mileage fees as witnesses in proceedings in the circuit courts of this state. Fees payable to a witness summoned by a subpoena shall be paid by the commission, the complainant or the respondent in accordance with §29A-5-1 *et seq.* of this code.

Enforcement of subpoenas may be had in the circuit courts of this state as set out in §29A-5-1 *et seq.* of this code.

§16B-18-13. Election of remedies; administrative hearings and discovery; exclusivity of remedies; final orders; review by commission; judicial review; remedies; attorney fees.

(a) When a charge is filed under §16B-18-11 of this code a complainant, a respondent or an aggrieved person on whose behalf the complaint was filed, may elect to have the claims asserted in that charge decided in a civil action under subsection (o) of this section in lieu of a hearing under subsection (b) of this section. The election must be made not later than 20 days after the receipt by the electing person of service under section eleven of this article or, in the case of the commission, not later than 20 days after such service. The person making such election shall give notice of doing so to the commission and to all other complainants and respondents to whom the charge relates.

(b) If an election is not made under subsection (a) of this section with respect to a charge filed under section eleven of this article, the commission shall provide an opportunity for a hearing on the record with respect to a charge issued under said section. The commission shall delegate the conduct of a hearing under this section to an administrative law judge who shall be a licensed attorney. The administrative law judge shall conduct the hearing at a place in the county in which the discriminatory housing practice is alleged to have occurred or is about to occur.

(c) At a hearing under this section, each party may appear in person, be represented by counsel, present evidence, cross-examine witnesses and obtain the issuance of subpoenas under §16B-18-12 of this code. Any aggrieved person may intervene as a party in the proceeding. The rules of evidence apply to the presentation of evidence in such hearing as they would in a civil action in the circuit courts of this state. The case in support of the complaint shall be presented before the administrative law judge by the Attorney General.

(d) (1) Discovery in administrative proceedings under this section shall be conducted as expeditiously and inexpensively as possible, consistent with the need of all parties to obtain relevant evidence.

(2) A hearing under this section shall be conducted as expeditiously and inexpensively as possible, consistent with the needs and rights of the parties to obtain a fair hearing and a complete record.

(3) The commission shall, not later than 180 days after the date of enactment of this subsection, issue rules to implement this subsection.

(e) Any resolution of a charge before a final order under this section shall require the consent of the aggrieved person on whose behalf the charge is issued.

(f) An administrative law judge may not continue administrative proceedings under this section regarding any alleged discriminatory housing practice after the beginning of the trial of a civil action commenced by the aggrieved party under an act of Congress or a state law

seeking relief with respect to that discriminatory housing practice.

(g) (1) The administrative law judge shall commence the hearing under this section no later than 120 days following the issuance of the charge, unless it is impracticable to do so. If the administrative law judge is unable to commence the hearing within 120 days after the issuance of the charge, the administrative law judge shall notify the commission, the aggrieved person on whose behalf the charge was filed and the respondent in writing of the reasons for not doing so.

(2) The administrative law judge shall make findings of fact and conclusions of law within 60 days after the end of the hearing under this section, unless it is impracticable to do so. If the administrative law judge is unable to make findings of fact and conclusions of law within such period, or any succeeding 60-day period thereafter, the administrative law judge shall notify the commission, the aggrieved person on whose behalf the charge was filed and the respondent in writing of the reasons for not doing so.

(3) If the administrative law judge finds that a respondent has engaged or is about to engage in a discriminatory housing practice, such administrative law judge shall promptly issue an order for such relief as may be appropriate, which may include actual damages suffered by the aggrieved person and injunctive or other equitable relief. Such order may, to vindicate the public interest, assess a civil penalty against the respondent: (A) In an amount not exceeding \$10,000 if the respondent has not been adjudged to have committed any prior discriminatory housing practice; (B) in an amount not exceeding \$25,000 if the respondent has been adjudged to have committed one other discriminatory housing practice during the five-year period ending on the date of the filing of this charge; and (C) in an amount not exceeding \$50,000 if the respondent has been adjudged to have committed two or more discriminatory housing practices during the seven-year period ending on the date of the filing of this charge; except that if the acts constituting the discriminatory housing practice that are the object of the charge are committed by the same natural person who has been previously adjudged to have committed acts constituting a discriminatory housing practice, then the civil penalties set forth in subparagraphs (B) and (C) may be imposed without regard to the period of time within which any subsequent discriminatory housing practice occurred.

(4) No such order shall affect any contract, sale, encumbrance or lease consummated before the issuance of such order and involving a bona fide purchaser, encumbrancer or tenant without actual notice of the charge filed under this article.

(5) In the case of an order with respect to a discriminatory housing practice that occurred in the course of a business subject to licensing or regulation by a governmental agency, the commission shall, not later than thirty days after the date of the issuance of such order or, if such order is judicially reviewed, 30 days after such order is in substance affirmed upon such review: (A) Send copies of the findings of fact, conclusions of law and the order to that governmental agency; and (B) recommend to that governmental agency appropriate disciplinary action, including, where appropriate, the suspension or revocation of the license

of the respondent.

(6) In the case of an order against a respondent against whom another order was issued within the preceding five years under this section, the commission shall send a copy of each such order to the Attorney General.

(7) If the administrative law judge finds that the respondent has not engaged or is not about to engage in a discriminatory housing practice, as the case may be, such administrative law judge shall enter an order dismissing the charge. The commission shall make public disclosure of each such dismissal.

(h) (1) The commission may review any finding, conclusion or order issued under subsection (g) of this section. Such review shall be completed not later than 30 days after the finding, conclusion or order is so issued; otherwise the finding, conclusion or order becomes final.

(2) The commission shall cause the findings of fact and conclusions of law made with respect to any final order for relief under this section, together with a copy of such order, to be served on each aggrieved person and each respondent in the proceeding.

(i) (1) Any party aggrieved by a final order for relief under this section granting or denying, in whole or in part, the relief sought may obtain a review of such order under §29A-5-4 of this code.

(2) Notwithstanding §29A-1-1 *et seq.* of this code, venue of the proceeding shall be in the judicial circuit in which the discriminatory housing practice is alleged to have occurred and filing of the petition for review shall be not later than 30 days after the order is entered.

(j) (1) The commission may petition the circuit court in the circuit in which the discriminatory housing practice is alleged to have occurred or in which any respondent resides or transacts business for the enforcement of the order of the administrative law judge and for appropriate temporary relief or injunctive relief by filing in such court a written petition praying that such order be enforced and for appropriate temporary relief or injunctive relief.

(2) The commission shall file in court with the petition the record in the proceeding. A copy of such petition shall be forthwith transmitted by the clerk of the court to the parties to the proceeding before the administrative law judge.

(k) (1) Upon the filing of a petition under subsection (i) or (j) of this section, the court may:

(A) Grant to the petitioner, or any other party, such temporary relief, injunction or other order as the court deems just and proper;

(B) Affirm the order or decision of the administrative law judge or remand the case for further proceedings. It shall reverse, vacate or modify the order or decision of the administrative law judge if the substantial rights of the parties have been prejudiced

because the administrative findings, inferences, conclusions, decision or order are: (i) In violation of Constitutional or statutory provisions; or (ii) in excess of the statutory authority or jurisdiction of the commission; or (iii) made upon unlawful procedures; or (iv) affected by other error of law; or (v) clearly wrong in view of the reliable, probative and substantial evidence on the whole record; or (vi) arbitrary or capricious or characterized by abuse of discretion or clearly unwarranted exercise of discretion; and

(C) Enforce such order to the extent that such order is affirmed or modified.

(2) Any party to the proceeding before the administrative law judge may intervene in the circuit court.

(3) No objection not made before the administrative law judge shall be considered by the court, unless the failure or neglect to urge such objection is excused because of extraordinary circumstances.

(4) The judgment of the circuit court shall be final unless reversed, vacated, or modified on appeal to the Supreme Court of Appeals of this state in accordance with the provisions of §29A-6-1 of this code.

(l) If no petition for review is filed under subsection (i) of this section before the expiration of 45 days after the date the administrative law judge's order is entered, the administrative law judge's findings of fact and order shall be conclusive in connection with any petition for enforcement: (1) Which is filed by the commission under subsection (j) of this section after the end of such day; or (2) under subsection (m) of this section.

(m) If before the expiration of 60 days after the date the administrative law judge's order is entered, no petition for review has been filed under subsection (i) of this section, and the commission has not sought enforcement of the order under subsection (j) of this section, any person entitled to relief under the order may petition for a decree enforcing the order in the circuit court for the circuit in which the discriminatory housing practice is alleged to have occurred.

(n) The judge of the circuit court in which a petition for enforcement is filed under subsection (l) or (m) of this section shall forthwith enter a decree enforcing the order and shall transmit a copy of such decree to the commission, the respondent named in the petition and to any other parties to the proceeding before the administrative law judge. The judgment of the circuit court shall be final unless reversed, vacated, or modified on appeal to the Supreme Court of Appeals pursuant to §29A-6-1 of this code.

(o) (1) If an election is made under subsection (a) of this section, the commission shall authorize, and not later than 30 days after the election is made the Attorney General shall commence and maintain, a civil action on behalf of the aggrieved person in the appropriate circuit court seeking relief under this subsection. Venue for such civil action shall be in the circuit court in the county in which the alleged discriminatory housing practice occurred.

(2) Any aggrieved person with respect to the issues to be determined in a civil action under this subsection may intervene as of right in that civil action.

(3) In a civil action under this subsection, if the court finds that a discriminatory housing practice has occurred or is about to occur, the court may grant as relief any relief which a court could grant with respect to such discriminatory housing practice in a civil action under §16B-18-12 of this code. Any relief so granted that would accrue to an aggrieved person in a civil action commenced by that aggrieved person under said section shall also accrue to that aggrieved person in a civil action under this subsection. If monetary relief is sought for the benefit of an aggrieved person who does not intervene in the civil action, the court shall not award such relief if that aggrieved person has not complied with discovery orders entered by the court.

(p) In any administrative proceeding brought under this section, or any court proceeding arising therefrom, or any civil action under section fourteen of this article, the administrative law judge or the court, as the case may be, in its discretion, may allow a prevailing complainant a reasonable attorney's fee and costs.

§16B-18-14. Enforcement by private persons; civil actions; appointed attorneys; remedies; bona fide purchasers; intervention by Attorney General.

(a) (1) (A) An aggrieved person may commence a civil action in an appropriate circuit court not later than two years after the occurrence or the termination of an alleged discriminatory housing practice, or the breach of a conciliation agreement entered into under this article, whichever occurs last, to obtain appropriate relief with respect to such discriminatory housing practice or breach.

(B) The computation of such two-year period shall not include any time during which an administrative proceeding under this article was pending with respect to a complaint or charge under this article based upon such discriminatory housing practice. This subparagraph does not apply to actions arising from a breach of a conciliation agreement.

(2) An aggrieved person may commence a civil action under this subsection whether or not a complaint has been filed under subsection (a), §16B-18-11 of this code and without regard to the status of any such complaint, but if the commission has obtained a conciliation agreement with the consent of an aggrieved person, no action may be filed under this subsection by such aggrieved person with respect to the alleged discriminatory housing practice which forms the basis for such complaint except for the purpose of enforcing the terms of such an agreement.

(3) An aggrieved person may not commence a civil action under this subsection with respect to an alleged discriminatory housing practice which forms the basis of a charge issued by the commission if an administrative law judge has commenced a hearing on the record under this article with respect to such charge.

(b) Upon application by a person alleging a discriminatory housing practice, the court may: (1) Appoint an attorney for such person; or (2) authorize the commencement or continuation of a civil action under subsection (a) of this section without the payment of fees, costs or security, if in the opinion of the court such person is financially unable to bear the costs of such action.

(c) (1) In a civil action under subsection (a) of this section, if the court finds that a discriminatory housing practice has occurred or is about to occur, the court may award to the complainant actual and punitive damages, and subject to subsection (d) of this section, may grant as relief, as the court deems appropriate, any permanent or temporary injunction or other order, including an order enjoining the respondent from engaging in such practice or ordering such affirmative action as may be appropriate.

(2) In a civil action under subsection (a) of this section, the court, in its discretion, may allow a prevailing complainant a reasonable attorney's fee and costs.

(d) Relief granted under this section shall not affect any contract, sale, encumbrance or lease consummated before the granting of such relief and involving a bona fide purchaser,

encumbrancer or tenant without actual notice of the filing of a complaint with the commission or civil action under this section.

(e) Upon timely application, the Attorney General may intervene in such civil action, if the Attorney General certifies that the case is of general public importance. Upon such intervention the Attorney General may obtain such relief as would be available to the Attorney General under subsection (d), §16B-18-15 of this code in a civil action to which such section applies.

16B-18-15. Enforcement by Attorney General; pattern or practice cases; subpoena enforcement; remedies; intervention.

(a) Whenever the Attorney General has reasonable cause to believe that any person or group of persons is engaged in a pattern or practice of resistance to the full enjoyment of any of the rights granted by this article, or that any group of persons has been denied any of the rights granted by this article and such denial raises an issue of general public importance, the Attorney General may commence a civil action in any appropriate circuit court.

(b) (1) The Attorney General may commence a civil action in any appropriate circuit court for appropriate relief with respect to a discriminatory housing practice referred to the Attorney General by the commission under subsection (f), §16B-18-11 of this code. A civil action under this paragraph may be commenced not later than the expiration of 18 months after the date of the occurrence or the termination of the alleged discriminatory housing practice.

(2) The Attorney General may commence a civil action in any appropriate circuit court for appropriate relief with respect to breach of a conciliation agreement referred to the Attorney General by the commission under subsection (c), §16B-18-12 of this code. (c) The Attorney General, on behalf of the commission or other party at whose request a subpoena is issued under this article, may enforce such subpoena in appropriate proceedings in the circuit court for the circuit in which the person to whom the subpoena was addressed resides, was served or transacts business.

(d) (1) In a civil action under subsection (a) or (b) of this section, the court:

(A) May award such preventive relief, including a permanent or temporary injunction or other order against the person responsible for a violation of this article as is necessary to assure the full enjoyment of the rights granted by this article;

(B) May award such other relief as the court deems appropriate, including monetary damages to persons aggrieved; and

(C) May, to vindicate the public interest, assess a civil penalty against the respondent: (i) In an amount not exceeding \$50,000 for a first violation; and (ii) in an amount not exceeding \$100,000 for any subsequent violation.

(2) In a civil action under this section, the court, in its discretion, may allow a prevailing complainant a reasonable attorney's fee and costs.

(e) Upon timely application, any person may intervene in a civil action commenced by the Attorney General under subsection (a) or (b) of this section which involves an alleged discriminatory housing practice with respect to which such person is an aggrieved person or a conciliation agreement to which such person is a party. The court may grant such

appropriate relief to any such intervening party as is authorized to be granted to a complainant in a civil action under section fourteen of this article.

For each subsequent offense the fine may be increased to not more than \$500, with imprisonment in the county jail for a period of not more than 90 days, or both such fine and imprisonment, in the discretion of the court. Each day of a continuing violation after conviction shall be considered a separate offense.

Notwithstanding the existence or pursuit of any other remedy, the Inspector General may, in the manner provided by law, maintain an action in the name of the state for an injunction against any person, partnership, association, corporation, or any local governmental unit, or any division, department, board or agency thereof, to restrain or prevent the establishment, conduct, management or operation of any birthing center without first obtaining a license therefor in the manner hereinbefore provided.
