

WEST VIRGINIA CODE: §17-16F-23

§17-16F-23. Rentals and other revenues from railroad projects; contracts and leases of division; cooperation of other governmental agencies; bonds of such agencies.

(a) The division shall charge, alter, and collect rates, rentals, or other charges for the use or services of any project, and contract in the manner provided by this section with one or more persons, one or more governmental agencies, or a combination, desiring the use or services, and fix the terms, conditions, rates, rentals, or other charges for use or services. The rentals or other charges are not subject to supervision, or regulation by any other division, authority, department, commission, board, bureau, or agency of the state, and the contract may provide for acquisition by a person or governmental agency of all or any part of a railroad project for consideration payable over the period of the contract or otherwise as the division in its sole discretion determines to be appropriate, but subject to the provisions of any authorized issue of railroad maintenance revenue bonds or notes or railroad maintenance revenue refunding bonds of the division or any trust agreement securing the same. Any governmental agency which has power to construct, operate, and maintain railroad projects may enter into a contract or lease with the division whereby the use or services of any railroad project of the division will be made available to such governmental agency and pay for such use or services such rentals or other charges as may be agreed to by such governmental agency and the division.

(b) Any governmental agency or agencies shall cooperate with the division in the acquisition or construction of a railroad project and shall enter into such agreements with the division when necessary, facilitating cooperation and safeguarding the respective interests of the parties, which agreements shall provide for such contributions by the parties in such proportion as may be agreed upon and such other terms as may be mutually satisfactory to the parties, including without limitation the authorization of the construction of the project by one of the parties acting as agent for all of the parties and the ownership and control of the project by the division to the extent necessary or appropriate for purposes of the issuance of railroad maintenance revenue bonds by the commissioner. Any governmental agency may provide contributions as is required under the agreements by the appropriation of money or, if authorized by a favorable vote of the electors to issue bonds or notes or levy taxes or assessments and issue notes or bonds in anticipation of the collection, by the issuance of bonds or notes or by the levying of taxes or assessments and the issuance of bonds or notes in anticipation of the collection, and by the payment of such appropriated money or the proceeds of such bonds or notes to the division pursuant to such agreements.

(c) Any governmental agency, pursuant to a favorable vote of the electors in an election held for the purpose of issuing bonds to provide funds to acquire, construct or equip, or provide real estate and interests in real estate for a railroad project, whether or not the governmental agency at the time of such election had the authority to pay the proceeds from such bonds or notes issued in anticipation to the division as provided in this section, may

issue such bonds or notes in anticipation of the issuance and pay the proceeds to the division in accordance with an agreement between such governmental agency and the division:
Provided, That the legislative authority of the governmental agency finds and determines that the railroad project to be acquired or constructed by the division in cooperation with such governmental agency will serve the same public purpose and meet substantially the same public need as the facility otherwise proposed to be acquired or constructed by the governmental agency with the proceeds of such bonds or notes.
