WEST VIRGINIA CODE: §17-3-10

§17-3-10. Special fund.

There is hereby created a special fund, to the credit of which shall be paid all federal funds allocated and distributed to the State of West Virginia in implementation of the provisions of Title 23, United States Code, Section 135, relating to a traffic operations program to increase capacity and safety, to be administered by the state road commissioner in the carrying out of that program. There shall also be paid to the credit of this special fund funds received from municipalities, which funds represent the municipalities' share of the cost of participating in the traffic operations program.
