(a) Upon any highway outside of a business or residence district no person shall stop, park, or leave standing any vehicle, whether attended or unattended, upon the paved or main-traveled part of the highway when it is practicable to stop, park, or so leave such vehicle off such part of said highway, but in every event an unobstructed width of the highway opposite a standing vehicle shall be left for the free passage of other vehicles and a clear view of such stopped vehicles shall be available from a distance of two hundred feet in each direction upon such highway. (b) Any person violating the provisions of this section is guilty of a misdemeanor and, upon conviction thereof, shall be fined not more than \$100; upon a second conviction within one year thereafter, shall be fined not more than \$200; and upon a third or subsequent conviction, shall be fined not more than \$500.

(c) This section shall not apply to the driver of any vehicle which is disabled while on the paved or main-traveled portion of a highway in such manner and to such extent that it is impossible to avoid stopping and temporarily leaving such disabled vehicle in such position.

§17C-13-2. Officers authorized to remove illegally stopped vehicles.

(a) Whenever any police officer finds a vehicle standing upon a highway in violation of any of the foregoing provisions of this article such officer is hereby authorized to move such vehicle, or require the driver or other person in charge of the vehicle to move the same, to a position off the paved or main- traveled part of such highway.

(b) Whenever any police officer finds a vehicle unattended upon any bridge or causeway or in any tunnel where such vehicle constitutes an obstruction to traffic, such officer is hereby authorized to provide for the removal of such vehicle to the nearest garage or other place of safety.

(c) Any person violating the provisions of this section is guilty of a misdemeanor and, upon conviction thereof, shall be fined not more than \$100; upon a second conviction within one year thereafter, shall be fined not more than \$200; and upon a third or subsequent conviction, shall be fined not more than \$500.

§17C-13-4. Right and left parallel parking; angle parking; highway signs restricting parking, etc.; penalty.

(c) Local authorities may by ordinance permit angle parking on any roadway, except that angle parking shall not be permitted on any federal-aid or state highway unless the Division of Highways has determined by resolution or order entered in its minutes that the roadway is of sufficient width to permit angle parking without interfering with the free movement of traffic.

(d) The Division of Highways with respect to highways under its jurisdiction may place signs prohibiting or restricting the stopping, standing, or parking of vehicles on any highway where in its opinion, as evidenced by resolution or order entered in its minutes, such stopping, standing, or parking is dangerous to those using the highway or where the stopping, standing, or parking of vehicles would unduly interfere with the free movement of traffic thereon. Such signs shall be official signs and no person shall stop, stand, or park any vehicle in violation of the restrictions stated on such signs. Any person violating the provisions of this subsection is guilty of a misdemeanor and, upon conviction thereof, shall be fined not more than \$100; upon a second conviction within one year thereafter, shall be fined not more than \$200; and upon a third or subsequent conviction, shall be fined not more than \$500.

§17C-13-5. Removal of vehicles parked, etc., on highways in emergencies; liability for costs of removal and storage; liens for towing and storage.

Whenever a vehicle has been stopped, parked or left standing upon any part of a highway or constitutes an obstruction to the restoration of traffic flow as the result of an accident or other emergency, any police officer or employee of the Division of Highways, duly authorized by the commissioner, may remove or order the removal of the vehicle, by towing or otherwise, to the nearest available established garage or parking lot for storage until called for by the owner or his or her agent. The owner is liable for the reasonable cost of removal and storage, and until payment of the cost the garage or parking lot operator may retain possession of the vehicle subject to a lien for the amount due. The garage or parking lot operator may enforce his or her lien for towing and storage in the manner provided in section fourteen, article eleven, chapter thirty-eight of this code for the enforcement of other liens.

§17C-13-6. Stopping, standing, or parking privileges for persons with a mobility impairment; disabled veterans; definitions; qualification; special registration plates and removable windshield placards; expiration, application; violation; penalties.

(a)(1) The commissioner may issue up to two special registration plates or removable windshield placards to a person with a mobility impairment or a West Virginia organization which transports persons with disabilities and facilitates the mobility of its customers, patients, students, or persons otherwise placed under its responsibility.

(2) Special registration plates or placards may only be issued for placement on a Class A or Class G motor vehicle registered under the provisions of §17A-3-1 *et seq.* of this code.

(3) The applicant shall specify whether he or she is applying for a special registration plate, a removable windshield placard, or both on the application form prescribed and furnished by the commissioner.

(4) The applicant shall submit, with the application, a certificate issued by any physician, chiropractor, advanced nurse practitioner, or physician's assistant who is licensed in this state, stating that the applicant has a mobility impairment, or that the applicant is an organization which regularly transports a person with a mobility impairment as defined in this section. The physician, chiropractor, advanced nurse practitioner, or physician's assistant shall specify in the certificate whether the disability is temporary or permanent. A disability which is temporary is one expected to last for a limited duration and improve during the applicant's life. A disability which is permanent is one which is expected to last during the duration of the applicant's life.

(5) Upon receipt of the completed application, the physician's certificate, and the regular registration fee for the applicant's vehicle class, if the commissioner finds that the applicant qualifies for the special registration plate or a removable windshield placard as provided in this section, he or she shall issue to the applicant a special registration plate (upon remittance of the regular registration fee) or a removable windshield placard (red for temporary and blue for permanent), or both. Upon request, the commissioner shall also issue to any otherwise qualified applicant one additional placard having the same expiration date as the applicant's original placard. The placard shall be displayed by hanging it from the interior rearview mirror of the motor vehicle so that it is conspicuously visible from outside the vehicle when parked in a designated accessible parking space. The placard may be removed from the rearview mirror whenever the vehicle is being operated to ensure clear vision and safe driving. Only in the event that there is no suitable rearview mirror in the vehicle may the placard be displayed on the dashboard of the vehicle.

(6) Organizations which transport people with disabilities will be provided with a placard which will permit them to park in a designated area for the length of time necessary to load and unload passengers. These vehicles must be moved to a nondesignated space once the loading or unloading process is complete.

Any person who falsely or fraudulently obtains or seeks to obtain the special plate or the removable windshield placard provided for in this section, and any person who falsely certifies that a person is mobility impaired in order that an applicant may be issued the special registration plate or windshield placard under this section is guilty of a misdemeanor and, upon conviction thereof, in addition to any other penalty he or she may otherwise incur, shall be fined \$500. Any person who fabricates, uses, or sells unofficially issued windshield placards to any person or organization is committing a fraudulent act and is guilty of a misdemeanor and, upon conviction thereof, in addition to any other penalty he or she may otherwise incur, shall be fined \$500 per placard fabricated, used, or sold. Any person who fabricates, uses, or sells unofficially issued labels imprinted with a future expiration date to any person or organization is committing a fraudulent act and is guilty of a misdemeanor and, upon conviction thereof, in addition to any other penalty he or she may otherwise incur, shall be fined \$700. Any person covered by this section who sells or gives away their officially issued windshield placard to any person or organization not qualified to apply for or receive the placard and then reapplies for a new placard on the basis it was stolen is committing a fraudulent act and is guilty of a misdemeanor and, upon conviction thereof, in addition to any other penalty he or she, or they may otherwise incur, shall lose their right to receive or use a special placard or special license plate for a period of not less than five years.

(c) The commissioner shall set the expiration date for special registration plates on the last day of a given month and year, to be valid for a minimum of one year but not more than five years, after which time a new application must be submitted to the commissioner. After the commissioner receives the new application, signed by a certified physician, chiropractor, advanced nurse practitioner, or physician's assistant if required under this subsection, the commissioner shall issue: (i) A new special registration plate or new permanent or temporary removable windshield placard; or (ii) official labels imprinted with the new expiration date and designed so as to be placed over the old dates on the original registration plate or windshield placard: *Provided*, That a new application under this subsection must not be accompanied by a certificate pursuant to §17C-13-6(a)(4) of this code if a prior application is on file with the commissioner, such application includes a certificate issued pursuant to §17C-13-6(a)(4) of this code, such certificate specifies that the applicant's disability is permanent for life, and such certificate was made within 10 years of the new application.

(d) The commissioner shall set the expiration date of temporary removable windshield

placards to be valid for a period of approximately six months after the application was received and approved by the commissioner. Permanent removable windshield placards are valid for the duration of the applicant's life.

(e) The commissioner shall issue to each applicant who is granted a special registration plate or windshield placard an identification card bearing the applicant's name, assigned identification number, and expiration date. The applicant shall thereafter carry this identification card on his or her person whenever parking in an accessible parking space. The identification card shall be identical in design for both registration plates and removable windshield placards.

(f) An accessible parking space should comply with the provisions of the Americans with Disabilities Act accessibility guidelines, contained in 28 C.F.R. 36, Appendix A, Section 4.6. In particular, the parking space should be a minimum of eight feet wide with an adjacent eight-foot access aisle for vans having side mounted hydraulic lifts or ramps, or a five-foot access aisle for standard vehicles. Access aisles should be marked using diagonal two- to four-inch-wide stripes spaced every 12 or 24 inches apart along with the words "no parking" in painted letters which are at least 12 inches in height. All accessible parking spaces must have a signpost in front or adjacent to the accessible parking space displaying the international symbol of access sign mounted at a minimum of eight feet above the pavement or sidewalk and the top of the sign. Lines or markings on the pavement or curbs for parking spaces and access aisles may be in any color, although blue is the generally accepted color for accessible parking.

(g) A vehicle displaying a disabled veterans special registration plate issued pursuant to §17A-3-14(c)(6) of this code shall be recognized and accepted as meeting the requirements of this section.

(h) A vehicle from any other state, United States territory, or foreign country displaying an officially issued special registration plate, placard, or decal bearing the international symbol of access shall be recognized and accepted as meeting the requirements of this section, regardless of where the plate, placard, or decal is mounted or displayed on the vehicle.

(i) Stopping, standing, or parking places marked with the international symbol of access shall be designated in close proximity to all public entities, including state, county, and municipal buildings and facilities, places of public accommodation, and commercial facilities. These parking places shall be reserved solely for persons with a mobility impairment and disabled veterans at all times.

(j) Any person whose vehicle properly displays a valid, unexpired special registration plate or removable windshield placard may park the vehicle for unlimited periods of time in parking zones unrestricted as to length of parking time permitted: *Provided*, That this privilege does not mean that the vehicle may park in any zone where stopping, standing, or parking is prohibited or which creates parking zones for special types of vehicles or which prohibits parking during heavy traffic periods during specified rush hours or where parking would

clearly present a traffic hazard. To the extent any provision of any ordinance of any political subdivision of this state is contrary to the provisions of this section, the provisions of this section take precedence and apply.

The parking privileges provided for in this subsection apply only during those times when the vehicle is being used for the loading or unloading of a person with a mobility impairment. Any person who knowingly exercises, or attempts to exercise, these privileges at a time when the vehicle is not being used for the loading or unloading of a person with a mobility impairment is guilty of a misdemeanor and, upon first conviction thereof, in addition to any other penalty he or she may otherwise incur, shall be fined \$200; upon second conviction thereof, in addition to any other penalty he or she may otherwise incur, shall be fined \$300; and upon third and subsequent convictions thereof, in addition to any other penalty he or she may otherwise incur, shall be fined \$500.

(k) Any person whose vehicle does not display a valid, special registration plate or removable windshield placard may not stop, stand, or park a motor vehicle in an area designated, zoned, or marked for accessible parking with signs or instructions displaying the international symbol of access, either by itself or with explanatory text. The signs may be mounted on a post or a wall in front of the accessible parking space and instructions may appear on the ground or pavement, but use of both methods is preferred. Accessible parking spaces for vans having an eight-foot adjacent access aisle should be designated as "van accessible" but may be used by any vehicle displaying a valid special registration plate or removable windshield placard.

Any person who violates the provisions of this subsection is guilty of a misdemeanor and, upon conviction thereof, shall be fined \$200; upon second conviction thereof, in addition to any other penalty he or she may otherwise incur, shall be fined \$300; and upon third and subsequent convictions thereof, in addition to any other penalty he or she may otherwise incur, shall be fined \$500.

(l) All signs that designate areas as "accessible parking" or that display the international symbol of access shall also include the words "up to \$500 fine".

(m) No person may stop, stand, or park a motor vehicle in an area designated or marked off as an access aisle adjacent to a van-accessible parking space or regular accessible parking space. Any person, including a driver of a vehicle displaying a valid removable windshield placard or special registration plate, who violates the provisions of this subsection is guilty of a misdemeanor and, upon conviction thereof, shall be fined \$200; upon second conviction thereof, in addition to any other penalty he or she may otherwise incur, shall be fined \$300; and upon third and subsequent convictions thereof, in addition to any other penalty he or she may otherwise incur, shall be fined \$500.

(n) Parking enforcement personnel who otherwise enforce parking violations may issue citations for violations of this section and shall reference the number on the vehicle's license plate, since the driver normally will not be present.

(o) Law-enforcement agencies may establish a program to use trained volunteers to collect information necessary to issue citations to persons who illegally park in designated accessible parking spaces. Any law-enforcement agency choosing to establish a program shall provide for workers' compensation and liability coverage. The volunteers shall photograph the illegally parked vehicle and complete a form, to be developed by supervising law-enforcement agencies, that includes the vehicle's license plate number, date, time, and location of the illegally parked vehicle. The photographs must show the vehicle in the accessible space and a readable view of the license plate. Within the discretion of the supervising law-enforcement agency, the volunteers may issue citations or the volunteers may submit the photographs of the illegally parked vehicle and the form to the supervising law-enforcement agency, who may issue a citation, which includes the photographs and the form, to the owner of the illegally parked vehicle. Volunteers shall be trained on the requirements for citations for vehicles parked in marked, zoned, or designated accessible parking areas by the supervising law-enforcement agency.

(p) Local authorities who adopt the basic enforcement provisions of this section and issue their own local ordinances shall retain all fines and associated late fees. These revenues shall be used first to fund the provisions of subsection (o) of this section, if adopted by local authorities, or otherwise shall go into the local authorities' General Revenue Fund. Otherwise, any moneys collected as fines shall be collected for and remitted to the state.

(q) The commissioner shall prepare and issue a document to applicants describing the privileges accorded a vehicle having a special registration plate and removable windshield placard as well as the penalties when the vehicle is being inappropriately used as described in this section and shall include the document along with the issued special registration plate or windshield placard. In addition, the commissioner shall issue a separate document informing the general public regarding the new provisions and increased fines being imposed either by way of newspaper announcements or other appropriate means across the state.

(r) The commissioner shall propose rules for legislative approval in accordance with the provisions of §29A-3-1 *et seq.* of this code.

(s)(1) A public entity may not require a person to pay for parking a vehicle in an accessible parking space with a parking meter if the following requirements are met:

(A) The vehicle displays a special registration plate or placard that entitles the person to park in an accessible parking space pursuant to this section;

(B) The driver has a mobility impairment and is unable to walk;

(C) The parking meter is not accessible to the driver while sitting in a wheelchair or without traveling more than 30 feet from the parked vehicle; and

(D) The parked vehicle displays an unexpired parking certification that is plainly visible with

pertinent information through its windshield. For purposes of this subsection, “parking certification” means a letter completed by a licensed medical provider on the provider’s letterhead that is titled “Parking Certification pursuant to W.Va. Code §17C-13-6(s)” and that certifies that the person is physically able to drive but unable to walk, which means for purposes of this subsection that the person cannot ambulate without the aid of a wheelchair. Such letter shall specify whether the inability to walk is permanent or temporary. If the inability to walk is temporary, the letter shall include the date on which such temporary disability is anticipated to end, and the letter may not be displayed in a windshield after such date.

(2) By displaying a parking certification in the windshield of a vehicle that is parked in an accessible parking space with an expired parking meter, the person is swearing under penalty of false swearing that he or she is unable to access the parking meter without unreasonable effort.

(3) Parking enforcement personnel may not cite a vehicle that is parked in an accessible parking space of a public entity for parking at an expired meter if the requirements of this subsection are met: *Provided*, That if a parking citation is issued, it shall be prima facie evidence that the person was entitled to park in the accessible parking space with an expired meter if the person produces his or her parking certification.

§17C-13-7. Signs on workers' and church buses; when lawful for such buses to stop on highways and streets.

Any bus used primarily for the transportation of workers only and any bus operated by a church may bear upon the front and rear thereof a plainly visible sign, either painted or affixed on the body of the bus proper, or attached securely to the bus, containing the words "workers bus" or "church bus," respectively, in letters not less than eight inches in height. Any bus used primarily for the transportation of workers only and any bus operated by a church and bearing signs in that manner may lawfully stop upon the paved portion of any highway or street where there is no loading zone or pull-off adjacent to the highway or street to load or discharge persons: Provided, That such bus shall be equipped with warning lamps permitted under subsection (d), section nineteen, article fifteen of this chapter, and shall use such warning lamps when stopped on the highway or decreasing speed in order to stop, in order to warn the operators of other vehicles of a possible traffic hazard.

§17C-13-8. Disabled parking places on private facilities; signs designating places.

Upon request of operators of privately-owned facilities serving the general public, the director of the division of vocational rehabilitation may provide signs to designate disabled persons parking places.
