§17A-3A-2. Consumer disclosure.

Before a motor vehicle not originally manufactured in accordance with the laws and regulations of the United States Clean Air Act and the Motor Vehicle Safety Act can be sold to a consumer in this state, the seller must provide the purchaser with full written disclosure of all modifications performed to the vehicle. This disclosure consists of a description phrased in terms reasonably understandable to a consumer with no specialized technical training, accompanied by a copy of the technical submissions made to the environmental protection agency and Department of Transportation in order to obtain certification of compliance.
