WV Legislature

§17A-2B-1. Legislative findings and purpose.

(a) The Legislature finds that responsibility for delivery of government services and the enforcement of laws pertaining to the motor carrier industry currently resides in several state agencies, divisions and departments including the Division of Motor Vehicles, Public Service Commission, Division of Highways, State Tax Department and the State Police. The Division of Motor Vehicles currently administers numerous provisions of this code relating to the regulation of the motor carrier industry in this state, including chapter seventeen-a of this code, which prescribes the process for titling and registration of all motor vehicles, the provisions for commercial drivers licenses set forth in chapter seventeen-b of this code, and has numerous other responsibilities relating to the motor carrier industry. The Division of Motor Vehicles also has significant interaction with the various federal agencies and other state agencies responsible for the administration of government functions relative to the industry. It further appears to the Legislature that a significant portion of the responsibility, in terms of volume of transactions and its database, routine contact with the industry and assignment of staff pertaining to regulating the motor carrier industry, is currently vested in the Division of Motor Vehicles. Therefore, the Legislature finds that the Division of Motor Vehicles is the appropriate agency to plan the consolidation of the administration and enforcement of the various state laws pertaining to the motor carrier industry.

(b) The Legislature further finds that it is very cumbersome and onerous for motor carrier business entities to obtain the necessary permits, licenses and file the necessary returns, reports and other documents through numerous state agencies whose offices are scattered both geographically and administratively throughout state government. The lack of centralization of these various state agencies also results in the redundancy of information provided by motor carrier entities to the various state agencies. The Legislature further finds that the lack of centralization of these government functions does not encourage the growth and success of this industry in the State.

(c) The Legislature further finds that it would be more cost effective and efficient to both the state agencies and the motor carrier industry to provide these services through consolidated facilities, licensing and permitting processes and electronic information and communication technologies.

(d) Therefore, it is the purpose of this article to facilitate the consolidation of the administration of government services pertaining to the motor carrier industry and to designate the division as the lead agency in planning the consolidation of state government services and enforcement of laws pertaining to the regulation and taxation of the motor carrier industry.

§17A-2B-2. Development of plan of consolidation of government services and regulation applicable to the motor carrier industry.

(a) Notwithstanding any other provisions of this code to the contrary, the Division of Motor Vehicles is authorized and directed, and is designated the lead state agency to formulate and develop a plan for the consolidation of state government services and enforcement of laws pertaining to the regulation and taxation of the motor carrier industry.

(b) (1) The Public Service Commission, Division of Highways, State Tax Department and the State Police shall cooperate with the division and provide information, aid and assistance as requested by the division to plan the consolidation of state government services and of enforcement of laws pertaining to the regulation and taxation of the motor carrier industry.

(2) The division shall consult with these agencies and shall solicit and use any applicable experience and expertise that can be beneficial to the development of the plan of consolidation.

§17A-2B-3. Report to the Joint Committee on Government and Finance.

(a) The Division of Motor Vehicles shall submit to the Joint Committee on Government and Finance on or before December 1, 2012, a report setting forth the plan for the consolidation of state government services and of enforcement of laws pertaining to the regulation and taxation of the motor carrier industry.

(b) The report shall make recommendations pertaining to changes in laws, administration, personnel and procedure in the provision of government services applicable to the motor carrier industry and shall include drafts of recommended legislation necessary to implement the proposed consolidation.

§17A-3-1. Misdemeanor to violate provisions of article; penalty.

(a) It is unlawful for any person to drive or move or for an owner knowingly to permit to be driven or moved upon any highway any vehicle of a type required to be registered under this article which is not registered or for which a certificate of title has not been issued or applied for or for which the appropriate fee has not been paid when and as required under this article, except as otherwise permitted by the provisions of this chapter: Provided, That in the event of the sale of a vehicle by a person other than a registered dealer, the person purchasing the same may, for a period of not more than ten days, operate such vehicle under the registration of its previous owner and display the registration thereof: Provided, however, That he or she shall have and display on the demand of any proper officer the consent in writing of such previous owner so to use such registration.

(b) Unless otherwise provided for in this article, any person violating the provisions of this article is guilty of a misdemeanor and, upon conviction thereof, shall be fined not more than \$500; and upon a second or subsequent conviction thereof, shall be fined not more than \$500, or confined in the county or regional jail not more than six months, or both.

§17A-3-1a. Registration of vehicles of new residents.

(a) Every owner of a motor vehicle, trailer or other vehicle, shall, within thirty days after taking up residence in the state, apply to the division and obtain registration and title for the vehicle.

- (2) The person enrolls the person's child to be educated in a public elementary or secondary school in this state.

- (6) The person has filed for a homestead tax exemption on property in this state.

"Resident" does not include a person who is attending a college, university or other educational institution in this state, if the person has a domicile in another state and has a valid operator's license and vehicle registration issued by the state of domicile. "Resident" also does not include members of the Armed Forces that are stationed in West Virginia providing that their vehicles are properly registered in their state of residence or a member of the Armed Forces stationed in another state or country providing that their vehicles are properly registered in that state or country.

A corporation, association, partnership, company or firm whose principal place of business is located within this state is a resident of this state.

The provisions of this section shall not apply to vehicles registered under proportional registration agreement.

§17A-3-2. Every motor vehicle, etc., subject to registration and certificate of title provisions; exceptions.

(a) Every motor vehicle, trailer, semitrailer, pole trailer, and recreational vehicle when driven or moved upon a highway is subject to the registration and certificate of title provisions of this chapter except:

(1) Any vehicle driven or moved upon a highway in conformance with the provisions of this chapter relating to manufacturers, transporters, dealers, lienholders, or nonresidents or under a temporary registration permit issued by the division as authorized under this chapter;

(2) Any implement of husbandry upon which is securely attached a machine for spraying fruit trees and plants of the owner or lessee or for any other implement of husbandry which is used exclusively for agricultural or horticultural purposes on lands owned or leased by the owner of the implement and which is not operated on or over any public highway of this state for any other purpose other than for the purpose of operating it across a highway or along a highway other than an expressway as designated by the Commissioner of the Division of Highways from one point of the owner's land to another part of the owner's land, irrespective of whether or not the tracts adjoin: *Provided*, That the distance between the points may not exceed 35 miles, or for the purpose of taking it or other fixtures attached to the implement, to and from a repair shop for repairs. The exemption in this subdivision from registration and license requirements also applies to any vehicle described in this subsection or to any farm trailer owned by the owner or lessee of the farm on which the trailer is used, when the trailer is used by the owner of the trailer for the purpose of moving farm produce and livestock from the farm along a public highway for a distance not to exceed 35 miles to a storage house or packing plant, when the use is a seasonal operation:

(A) The exemptions contained in this section also apply to farm machinery, tractors, and mini-trucks: *Provided*, That the machinery, tractors, and mini-trucks may use the highways in going from one tract of land to another tract of land regardless of whether the land is owned by the same or different persons. For the purposes of this section, "mini-truck" means a foreign-manufactured import or domestic-manufactured vehicle designed primarily for off-road use and powered by an engine ranging in size from 550cc to 660cc and weighing approximately 1,800 pounds;

(B) Any vehicle exempted under this subsection from the requirements of annual registration certificate and license plates and fees for the registration certificate and license plate may not use the highways between sunset and sunrise unless the vehicle is classified as a Class A motor vehicle with a farm-use exemption under the provisions of §17A-10-1 of this code and has a valid and current inspection sticker as required by the provisions of §17C-16-1 *et seq.* of this code and is traveling from one tract of land to another over a distance of 35 miles or less;

(D) Any vehicle used as an implement of husbandry exempt under this section shall have the words "farm use" in at least 10-inch letters affixed to both sides or to both front and back of the implement or in at least 2-inch letters on license plates affixed to both front and back of the implement. Any vehicle which would be subject to registration as a Class A or B vehicle if not exempted by this section shall display a farm-use exemption certificate on the lower driver's side of the windshield:

(i) The farm-use exemption certificate shall be provided by the commissioner and shall be issued annually by the assessor of the applicant's county of residence. The assessor shall issue a farm-use exemption certificate to the applicant upon his or her determination pursuant to an examination of the property books or documentation provided by the applicant that the vehicle has been properly assessed as Class I personal property. Nothing in this section or any rule promulgated under the authority of chapter 29A of this code may be construed to require any applicant for a renewal of a farm use exemption certificate to appear personally before any assessor. The assessor shall charge a fee of \$2 for each certificate, which shall be retained by the assessor;

(ii) A farm-use exemption certificate shall not exempt the applicant from maintaining the security required by §17D-1-1 *et seq.* of this code on any vehicle being operated on the roads or highways of this state;

(iii) No person charged with the offense of operating a vehicle without a farm-use exemption certificate, if required under this section, may be convicted of the offense if he or she produces in court, or in the office of the arresting officer, a valid farm-use exemption certificate for the vehicle in question within five days;

(7) Any special mobile equipment as defined in §17A-1-1(r) of this code.

(b) Notwithstanding the provisions of subsection (a) of this section:

(2) House trailers may be registered and licensed; and

(3) Factory-built homes are subject to the certificate of title provisions of this chapter.

(c) The division shall title and register low-speed vehicles if the manufacturer's certificate of origin clearly identifies the vehicle as a low-speed vehicle. The division may not title or register homemade low-speed vehicles or retrofitted golf carts and such vehicles do not qualify as low-speed vehicles in this state. In addition to all other motor vehicle laws and regulations, except as specifically exempted below, low-speed vehicles are subject to the following restrictions and requirements:

(1) Low-speed vehicles shall only be operated on private roads and on public roads and streets within the corporate limits of a municipality where the speed limit is not more than 25 miles per hour;

(3) In lieu of periodic inspection, the owner of a low-speed vehicle shall, upon initial application for registration and each renewal thereafter, certify under penalty of false swearing, that all lights, brakes, tires, and seat belts are in good working condition; and

(4) Any person operating a low-speed vehicle must hold a valid driver's license, not an instruction permit.

§17A-3-2a. Registration of nonresident vehicles.

(a) A nonresident vehicle is not required to be registered pursuant to §17A-3-2 of this code: *Provided*, That a nonresident vehicle may be registered in this state and be issued a West Virginia registration plate upon payment of all applicable fees to the division. For purposes of this subsection, the receipt and verification requirements of §17A-3-3a of this code do not apply.

(b) For purposes of this section, “nonresident vehicle” means a vehicle titled in this state under the provisions of §17A-4-11 of this code, which is not intended to spend a majority of service time on West Virginia roads, owned by a business whose principal place of business is not in this state, that is not a common carrier, and that maintains a local, national, or international fleet of vehicles.

(c) Nothing in this section subjects a nonresident vehicle to the inspection requirement set forth in §17A-16-4 of this code. A nonresident vehicle is not domiciled in any county in this state, and nothing in this section requires the imposition of personal property taxes within this state pursuant to §11-5-1 *et seq.* of this code.

(d) The division may promulgate emergency rules pursuant to the provisions of §29A-3-15 of this code and may propose rules for legislative approval in accordance with the provisions of §29A-3-1 *et seq.* of this code to accomplish the provisions of this section.

The declared gross weight stated in the application may not exceed the permissible gross weight for the axle spacing listed in the application as determined by the table of permissible gross weights contained in chapter seventeen-c of this code; and any vehicle registered for a declared gross weight as stated in the application is subject to the single-axle load limit set forth in that chapter.

(d) Each applicant shall state whether the vehicle is or is not to be used in the public transportation of passengers or property, or both, for compensation and if used for compensation, or to be used, the applicants shall certify that the vehicle is used for compensation and shall, as a condition precedent to the registration of the vehicle, obtain a certificate of convenience or permit from the Public Service Commission unless otherwise exempt from this requirement in accordance with chapter twenty-four-a of this code.

qualified as a self-insurer meeting the requirements of section two, article six of said chapter and that as a self-insurer he or she has complied with the minimum security requirements as established in section two, article four of that chapter. If any person making an application required under the provisions of this section, in the application knowingly provides false information, false proof of security or a false statement of insurance, or if any person, including an applicant's insurance agent, knowingly counsels, advises, aids or abets another in providing false information, false proof of security, or a false statement of insurance in the application he or she is guilty of a misdemeanor and, upon conviction thereof, shall be fined not more than \$500, or be imprisoned in jail for a period not to exceed fifteen days, or both fined and imprisoned and, in addition to the fine or imprisonment, shall have his or her driver's license suspended for a period of ninety days and vehicle registration revoked if applicable.

(f) Any further information that is reasonably required by the division to enable it to determine whether the vehicle is lawfully entitled to registration.

(g) Each application for registration shall be accompanied by the fees provided in this article and an additional fee of 50¢ for each motor vehicle for which the applicant seeks registration.

(h) Revocation of a motor vehicle registration pursuant to this section does not affect the perfection or priority of a lien or security interest attaching to the motor vehicle that is noted on the certificate of title to the motor vehicle.

§17A-3-3a. Payment of personal property taxes and emergency ambulance fees prerequisite to registration or renewal; duties of assessors; schedule of automobile values.

(a) Certificates of registration and renewal of registration of any vehicle or registration plates for any vehicle may not be issued or furnished by the Division of Motor Vehicles, or any other officer charged with the duty, unless the applicant for the certificate or registration plate, except an applicant exempt from payment of registration fees under section eight, article ten of this chapter, has furnished the receipt provided in this section or the division has received verification by electronic means to show full payment of:

(2) All emergency ambulance fees owed pursuant to section seventeen, article fifteen, chapter seven of this code at the time the receipt is prepared, except for any of the fees that are not yet past due: Provided, That any county which does not impose emergency ambulance fees or which chooses not to show emergency ambulance fees on the personal property tax receipt may issue a receipt without complying with this subdivision and the Commissioner of Motor Vehicles may issue or renew registration without regard to such fees.

(b) If the applicant contends that any registered vehicle was not subject to personal property taxation for that year or that he or she does not owe any emergency ambulance fees if a receipt for fees are required by the county, he or she shall furnish the information and evidence as the Commissioner of Motor Vehicles may require to substantiate his or her contention.

When the property taxes on any vehicle have been paid, the officer to whom the payment was made shall deliver to the person paying the taxes a written or printed receipt for the payment and shall retain for his or her records a duplicate of the receipt. It is the duty of the assessor and sheriff, respectively, to see that the assessment records and the receipts contain information adequately identifying the vehicle as registered under the provisions of this chapter. The officer receiving payment shall sign each receipt in his or her own handwriting.

(d) Each receipt given to a taxpayer for payment of personal property taxes on a vehicle may indicate on the receipt whether the taxpayer has paid all emergency ambulance fees owed pursuant to section seventeen, article fifteen, chapter seven of this code at the time the receipt is prepared, except for any of the fees that are not yet past due: Provided, That each county shall include on the same notice of personal property taxes due the additional amount

§17A-3-3b. Motor vehicles believed illegally unregistered; assessor to make verification.

If, on information and belief the assessor has reason to believe that a motor vehicle has not been properly registered in this state in violation of the provisions of section one of this article, he or she shall give notice by posting on the vehicle a notice advising the owner of the vehicle to contact the office of the assessor within fifteen days to verify that the owner is not a resident of the State of West Virginia. Factors to be considered in determining whether or not such person is a resident of this state include, but are not limited to, the following:

- (1) The person is registered to vote in this state;

- (3) The person is receiving public assistance from this state;
- (4) The person resides or has continuously remained in this state for a period exceeding thirty days, except for infrequent brief absences;

In the event the assessor receives no response from the posting, the assessor will refer the matter to the prosecuting attorney. If it is determined that the vehicle has not been properly registered in this state, the owner of the vehicle is in violation of the provisions of this article and the person will be subject to the criminal sanctions contained in section one of this article.

§17A-3-4. Application for certificate of title; fees; abolishing privilege tax; prohibition of issuance of certificate of title without compliance with consumers sales and service tax provisions; exceptions.

(a) Certificates of registration of any vehicle or registration plates for the vehicle, whether original issues or duplicates, may not be issued or furnished by the Division of Motor Vehicles or any other officer or agent charged with the duty, unless the applicant already has received, or at the same time makes application for and is granted, an official certificate of title of the vehicle in either an electronic or paper format. The application shall be upon a blank form to be furnished by the Division of Motor Vehicles and shall contain a full description of the vehicle, which description shall contain a manufacturer's serial or identification number or other number as determined by the commissioner and any distinguishing marks, together with a statement of the applicant's title and of any liens or encumbrances upon the vehicle, the names and addresses of the holders of the liens and any other information as the Division of Motor Vehicles may require. The application shall be signed and sworn to by the applicant. A duly certified copy of the division's electronic record of a certificate of title is admissible in any civil, criminal or administrative proceeding in this state as evidence of ownership.

(b) A tax is imposed upon the privilege of effecting the certification of title of each vehicle in the amount equal to five percent of the value of the motor vehicle at the time of the certification, to be assessed as follows:

(1) If the vehicle is new, the actual purchase price or consideration to the purchaser of the vehicle is the value of the vehicle. If the vehicle is a used or secondhand vehicle, the present market value at time of transfer or purchase is the value of the vehicle for the purposes of this section: Provided, That so much of the purchase price or consideration as is represented by the exchange of other vehicles on which the tax imposed by this section has been paid by the purchaser shall be deducted from the total actual price or consideration paid for the vehicle, whether the vehicle be new or secondhand. If the vehicle is acquired through gift or by any manner whatsoever, unless specifically exempted in this section, the present market value of the vehicle at the time of the gift or transfer is the value of the vehicle for the purposes of this section.

(2) No certificate of title for any vehicle may be issued to any applicant unless the applicant has paid to the Division of Motor Vehicles the tax imposed by this section which is five percent of the true and actual value of the vehicle whether the vehicle is acquired through purchase, by gift or by any other manner whatsoever, except gifts between husband and wife or between parents and children: Provided, That the husband or wife, or the parents or children, previously have paid the tax on the vehicles transferred to the State of West Virginia.

(3) The Division of Motor Vehicles may issue a certificate of registration and title to an applicant if the applicant provides sufficient proof to the Division of Motor Vehicles that the applicant has paid the taxes and fees required by this section to a motor vehicle dealership

that has gone out of business or has filed bankruptcy proceedings in the United States bankruptcy court and the taxes and fees so required to be paid by the applicant have not been sent to the division by the motor vehicle dealership or have been impounded due to the bankruptcy proceedings: Provided, That the applicant makes an affidavit of the same and assigns all rights to claims for money the applicant may have against the motor vehicle dealership to the Division of Motor Vehicles.

(4) The Division of Motor Vehicles shall issue a certificate of registration and title to an applicant without payment of the tax imposed by this section if the applicant is a corporation, partnership or limited liability company transferring the vehicle to another corporation, partnership or limited liability company when the entities involved in the transfer are members of the same controlled group and the transferring entity has previously paid the tax on the vehicle transferred. For the purposes of this section, control means ownership, directly or indirectly, of stock or equity interests possessing fifty percent or more of the total combined voting power of all classes of the stock of a corporation or equity interests of a partnership or limited liability company entitled to vote or ownership, directly or indirectly, of stock or equity interests possessing fifty percent or more of the value of the corporation, partnership or limited liability company.

(5) The tax imposed by this section does not apply to vehicles to be registered as Class H vehicles or Class M vehicles, as defined in section one, article ten of this chapter, which are used or to be used in interstate commerce. Nor does the tax imposed by this section apply to the titling of Class B vehicles registered at a gross weight of fifty-five thousand pounds or more, or to the titling of Class C semitrailers, full trailers, pole trailers and converter gear: Provided, That if an owner of a vehicle has previously titled the vehicle at a declared gross weight of fifty-five thousand pounds or more and the title was issued without the payment of the tax imposed by this section, then before the owner may obtain registration for the vehicle at a gross weight less than fifty-five thousand pounds, the owner shall surrender to the commissioner the exempted registration, the exempted certificate of title and pay the tax imposed by this section based upon the current market value of the vehicle: Provided, however, That notwithstanding the provisions of section nine, article fifteen, chapter eleven of this code, the exemption from tax under this section for Class B vehicles in excess of fifty-five thousand pounds and Class C semitrailers, full trailers, pole trailers and converter gear does not subject the sale or purchase of the vehicles to the consumers sales and service tax.

(6) The tax imposed by this section does not apply to titling of vehicles leased by residents of West Virginia. A tax is imposed upon the monthly payments for the lease of any motor vehicle leased by a resident of West Virginia, which tax is equal to five percent of the amount of the monthly payment, applied to each payment, and continuing for the entire term of the initial lease period. The tax shall be remitted to the Division of Motor Vehicles on a monthly basis by the lessor of the vehicle.

(7) The tax imposed by this section does not apply to titling of vehicles by a registered dealer of this state for resale only, nor does the tax imposed by this section apply to titling of vehicles by this state or any political subdivision thereof, or by any volunteer fire department

or duly chartered rescue or ambulance squad organized and incorporated under the laws of this state as a nonprofit corporation for protection of life or property. The total amount of revenue collected by reason of this tax shall be paid into the State Road Fund and expended by the Commissioner of Highways for matching federal funds allocated for West Virginia. In addition to the tax, there is a charge of \$10 for each original certificate of title or duplicate certificate of title so issued: Provided, That this state or any political subdivision of this state or any volunteer fire department or duly chartered rescue squad is exempt from payment of the charge. The Division of Motor Vehicles may adjust the fee for each original certificate or duplicate certificate of title every five years on September 1, based on the U. S. Department of Labor, Bureau of Labor Statistics most current Consumer Price Index: Provided, That an increase in the fee may not exceed ten percent of the total fee amount in a single year.

(8) The certificate is good for the life of the vehicle, so long as the vehicle is owned or held by the original holder of the certificate and need not be renewed annually, or any other time, except as provided in this section.

(9) If, by will or direct inheritance, a person becomes the owner of a motor vehicle and the tax imposed by this section previously has been paid to the Division of Motor Vehicles on that vehicle, he or she is not required to pay the tax.

(10) A person who has paid the tax imposed by this section is not required to pay the tax a second time for the same motor vehicle, but is required to pay a charge of \$10 for the certificate of retitle of that motor vehicle, except that the tax shall be paid by the person when the title to the vehicle has been transferred either in this or another state from the person to another person and transferred back to the person. The Division of Motor Vehicles may adjust the fee for each original certificate of title every five years on September 1, based on the U. S. Department of Labor, Bureau of Labor Statistics most current Consumer Price Index: Provided, That an increase in such fee may not exceed ten percent of the total fee amount in a single year.

(11) The tax imposed by this section does not apply to any passenger vehicle offered for rent in the normal course of business by a daily passenger rental car business as licensed under the provisions of article six-d of this chapter. For purposes of this section, a daily passenger car means a Class A motor vehicle having a gross weight of eight thousand pounds or less and is registered in this state or any other state. In lieu of the tax imposed by this section, there is hereby imposed a tax of not less than \$1 nor more than \$1.50 for each day or part of the rental period. The commissioner shall propose an emergency rule in accordance with the provisions of article three, chapter twenty-nine-a of this code to establish this tax.

(12) The tax imposed by this article does not apply to the titling of any vehicle purchased by a senior citizen service organization which is exempt from the payment of income taxes under the United States Internal Revenue Code, Title 26 U. S. C. §501(c)(3) and which is recognized to be a bona fide senior citizen service organization by the Bureau of Senior Services existing under the provisions of article five-p, chapter sixteen of this code.

(13) The tax imposed by this section does not apply to the titling of any vehicle operated by an urban mass transit authority as defined in article twenty-seven, chapter eight of this code or a nonprofit entity exempt from federal and state income tax under the Internal Revenue Code and whose purpose is to provide mass transportation to the public at large designed for the transportation of persons and being operated for the transportation of persons in the public interest.

(14) The tax imposed by this section does not apply to the transfer of a title to a vehicle owned and titled in the name of a resident of this state if the applicant:

(A) Was not a resident of this state at the time the applicant purchased or otherwise acquired ownership of the vehicle;

(B) Presents evidence as the commissioner may require of having titled the vehicle in the applicant's previous state of residence;

(C) Has relocated to this state and can present such evidence as the commissioner may require to show bona-fide residency in this state;

(D) Presents an affidavit, completed by the assessor of the applicant's county of residence, establishing that the vehicle has been properly reported and is on record in the office of the assessor as personal property; and

(E) Makes application to the division for a title and registration, and pays all other fees required by this chapter within thirty days of establishing residency in this state as prescribed in subsection (a), section one-a of this article: Provided, That a period of amnesty of three months be established by the commissioner during the calendar year 2007, during which time any resident of this state, having titled his or her vehicle in a previous state of residence, may pay without penalty any fees required by this chapter and transfer the title of his or her vehicle in accordance with the provisions of this section.

(c) Notwithstanding any provisions of this code to the contrary, the owners of trailers, semitrailers, recreational vehicles and other vehicles not subject to the certificate of title tax prior to the enactment of this chapter are subject to the privilege tax imposed by this section: Provided, That the certification of title of any recreational vehicle owned by the applicant on June 30, 1989, is not subject to the tax imposed by this section: Provided, however, That mobile homes, manufactured homes, modular homes and similar nonmotive propelled vehicles, except recreational vehicles and house trailers, susceptible of being moved upon the highways but primarily designed for habitation and occupancy, rather than for transporting persons or property, or any vehicle operated on a nonprofit basis and used exclusively for the transportation of intellectually disabled or physically disabled children when the application for certificate of registration for the vehicle is accompanied by an affidavit stating that the vehicle will be operated on a nonprofit basis and used exclusively for the transportation of intellectually disabled and physically disabled children, are not subject to the tax imposed by this section, but are taxable under the provisions of articles

fifteen and fifteen-a, chapter eleven of this code.

(d) Beginning on July 1, 2008, the tax imposed under this subsection (b) of this section is abolished and after that date no certificate of title for any motor vehicle may be issued to any applicant unless the applicant provides sufficient proof to the Division of Motor Vehicles that the applicant has paid the fees required by this article and the tax imposed under section three-c, article fifteen, chapter eleven of this code.

(e) Any person making any affidavit required under any provision of this section who knowingly swears falsely, or any person who counsels, advises, aids or abets another in the commission of false swearing, or any person, while acting as an agent of the Division of Motor Vehicles, issues a vehicle registration without first collecting the fees and taxes or fails to perform any other duty required by this chapter or chapter eleven of this code to be performed before a vehicle registration is issued is, on the first offense, guilty of a misdemeanor and, upon conviction thereof, shall be fined not more than \$500 or be confined in jail for a period not to exceed six months or, in the discretion of the court, both fined and confined. (f) Notwithstanding any other provisions of this section, any person in the military stationed outside West Virginia or his or her dependents who possess a motor vehicle with valid registration are exempt from the provisions of this article for a period of nine months from the date the person returns to this state or the date his or her dependent returns to this state, whichever is later.

(g) No person may transfer, purchase or sell a factory-built home without a certificate of title issued by the commissioner in accordance with the provisions of this article:

(1) Any person who fails to provide a certificate of title upon the transfer, purchase or sale of a factory-built home is guilty of a misdemeanor and, upon conviction thereof, shall for the first offense be fined not less than \$100 nor more than \$1,000, or be confined in jail for not more than one year, or both fined and confined. For each subsequent offense, the fine may be increased to not more than \$2,000, with confinement in jail not more than one year, or both fined and confined.

(2) Failure of the seller to transfer a certificate of title upon sale or transfer of the factory-built home gives rise to a cause of action, upon prosecution thereof, and allows for the recovery of damages, costs and reasonable attorney fees.

(3) This subsection does not apply to a mobile or manufactured home for which a certificate of title has been canceled pursuant to section twelve-b of this article.

(h) Notwithstanding any other provision to the contrary, whenever reference is made to the

application for or issuance of any title or the recordation or release of any lien, it includes the application, transmission, recordation, transfer of ownership and storage of information in an electronic format.

(i) Notwithstanding any other provision contained in this section, nothing herein shall be considered to include modular homes as defined in subsection (i), section two, article fifteen, chapter thirty-seven of this code and built to the state building code as established by legislative rules promulgated by the State Fire Commission pursuant to section five-b, article three, chapter twenty-nine of this code.

(b) Where in the course of interstate operation of a vehicle registered in another state it is desirable to retain registration of said vehicle in such other state, such applicant need not surrender but shall submit for inspection said evidences of such foreign registration and the department upon a proper showing shall register said vehicle in this state but shall not issue a certificate of title for such vehicle.

(c) In the event application for registration and certificate of title is made for a new vehicle purchased from a dealer outside this state, a certificate of title shall not be issued for such vehicle nor shall such vehicle be registered by the department unless and until such application shall be accompanied by a certificate of title or a manufacturer's certificate of origin, or if the state of purchase does not require a certificate of title such application shall be accompanied by a manufacturer's certificate of origin, accompanied by evidence that such seller is a bona fide dealer of the state in which such vehicle was purchased.

§17A-3-6. Temporary permit pending registration and certification.

WV Legislature

§17A-3-7. Grounds for refusing registration or certificate of title.

The division shall refuse registration or issuance of a certificate of title or any transfer of registration upon any of the following grounds:

- (1) That the application contains any false or fraudulent statement or that the applicant has failed to furnish required information or reasonable additional information requested by the division or that the applicant is not entitled to the issuance of a certificate of title or registration of the vehicle under this chapter;
- (2) That the applicant fails to present a statement of insurance or proof of other security as required pursuant to the provisions of section three of this article;
- (3) That the vehicle is mechanically unfit or unsafe to be operated or moved upon the highways;

- (5) That the registration of the vehicle stands suspended or revoked for any reason as provided in the motor vehicle laws of this state;
- (6) That the required fee has not been paid;
- (7) That the vehicle is operated by a commercial motor carrier who has failed to provide a federal motor carrier identification number (USDOT number) or whose authority to operate in interstate commerce has been denied or suspended by the federal Motor Carrier Safety Administration; or

§17A-3-8. Examination of registration records and index of stolen and recovered vehicles.

The department, upon receiving application for original registration of a vehicle or any certificate of title, shall first check the manufacturer's serial or identification number shown in the application against the indexes of registered motor vehicles and against the index of stolen and recovered motor vehicles required to be maintained by this chapter.

WV Legislature

§17A-3-11. Registration of vehicles according to permissible gross weight.

The commissioner, upon registering any truck, truck tractor or road tractor, under the laws of this state, may require such information and may make such investigation or test as necessary to determine whether such motor vehicle may safely be operated upon the highways in compliance with all the provisions of law relating to such vehicles. Every such vehicle shall be registered with a permissible gross weight under which the vehicle can safely be operated upon the highways, which weight may not exceed the limitations set forth in chapter seventeen-c of this code.

The commissioner shall include on the registration card issued for every such motor vehicle the gross weight for which it is registered, and if it is a motor vehicle to be used for propelling other vehicles, a separate listing of the total permissible gross weight of such motor vehicle and other vehicles to be propelled by it shall be included. The commissioner shall also cause to be printed or stamped upon the registration card a statement that the vehicle although registered for the gross weight appearing on the registration card is subject to the axle load limit set forth in chapter seventeen-c of this code.

§17A-3-12. Commissioner to issue certificate of title; signatures on certificate; certificate of title to be delivered to owner or lienor.

(a) The commissioner, if satisfied that the applicant for a certificate of title is the owner of such vehicle, or otherwise entitled to have the same registered in the applicant's name, shall issue an appropriate certificate of title in either an electronic or paper format. The certificate of title in an electronic format shall contain all of the information required by this section.

(b) The certificate of title shall contain upon the face thereof the date issued, the name and address of the owner, the description of the vehicle as determined by the commissioner, and a statement of the owner's title and of all liens and encumbrances upon the vehicle therein described and whether possession is held by the owner under a lease, contract of conditional sale or other like agreement, and shall bear thereon the seal of the division.

(c) The certificate of title shall contain upon the reverse side a space for the signature of the owner and the owner shall write his or her name with pen and ink in the space upon receipt of the certificate. (d) The commissioner, upon issuing a certificate of title, shall deliver same in either an electronic or paper format to the person who holds legal title to the vehicle described on the face of said certificate: Provided, That when a certificate of title is issued showing upon the face thereof a lien or encumbrance of liens or encumbrances, the certificate of title shall be delivered to the lienholder in either an electronic or paper format in order of priority. It shall be unlawful and constitute a misdemeanor for a lienor who holds a certificate of title, as hereinabove in this section provided, to refuse or fail to surrender the certificate of title to the person legally entitled thereto within ten days after the lien or encumbrance or liens or encumbrances shown on the face thereof shall have been paid and satisfied.

 - (A) The actual mileage the vehicle has been driven;
 - (B) The amount of mileage in excess of the designated mechanical odometer limit ; or
 - (C) A difference from the number of miles the vehicle has actually been driven and that the difference is greater than that caused by odometer calibration error, and that the odometer reading is not the actual mileage. This certification shall state that the odometer reading does not reflect the actual mileage and should not be relied upon, and shall also include a warning notice to alert the transferee that a discrepancy exists between the odometer reading and the actual mileage; and
- (8) A warning statement referring to state and federal law and the statement: "That failure to complete or providing false information may result in fines and/or imprisonment."

- (11) A warning statement referring to state and federal law and the statement: "That failure to complete or providing false information may result in fines and/or imprisonment."

If a lessor transfers the leased vehicle without obtaining possession of it, the lessor may indicate on the title the mileage disclosed by the lessee, unless the lessor has reason to believe the disclosure does not state the actual mileage.

(c) Notwithstanding the provisions of this section, the form for odometer disclosure on the certificate of title or a separate written odometer disclosure statement need not be completed for any of the following motor vehicles:

- (1) A vehicle having a gross weight of more than sixteen thousand pounds;

(h) The commissioner shall promulgate rules for the administration of this section in accordance with chapter twenty-nine-a of this code.

(I) Any person who violates any of the provisions of this section with intent to defraud shall be guilty of a misdemeanor and, upon conviction thereof, shall be fined not less than \$200 nor more than \$1,000, or imprisoned in the county jail for not more than six months, or both fined and imprisoned.

§17A-3A-2. Consumer disclosure.

Before a motor vehicle not originally manufactured in accordance with the laws and regulations of the United States Clean Air Act and the Motor Vehicle Safety Act can be sold to a consumer in this state, the seller must provide the purchaser with full written disclosure of all modifications performed to the vehicle. This disclosure consists of a description phrased in terms reasonably understandable to a consumer with no specialized technical training, accompanied by a copy of the technical submissions made to the environmental protection agency and Department of Transportation in order to obtain certification of compliance. Failure to make this disclosure renders the sale voidable.

§17A-3A-3. Certificates of title.

(a) Before any imported vehicle which has not previously been

titled or registered in the United States may be titled in this state, the applicant must submit: (1) A manufacturer's certificate of origin issued by the actual vehicle manufacturer together with a notarized translation thereof; or (2) the documents constituting valid proof of ownership by an individual owner or exporter and evidencing a change of such ownership to the applicant, together with a notarized translation of any document; or (3) with regard to vehicles imported from countries which cancel the vehicle registration and title for export, the documents assigned to such vehicle after the registration and title have been canceled, together with a notarized translation thereof, and proof satisfactory to the division that the motor vehicle complies with the United States Clean Air Act and the Motor Vehicle Safety Act.

(b) In the event that the documents submitted as required by subsection (a) of this section do not name as owner the current applicant for a certificate of title, the applicant must also submit reliable proof of a chain of title. For those countries which utilize documents of registration rather than a certificate of title, proof of a chain of title for purposes of this subsection shall be accomplished by presenting the change of ownership certificate referred to in subsection (a) of this section.

§17A-4-1. Registration expires on transfer by owner; transfer, surrender or retention of plates.

Whenever the owner of a registered vehicle transfers or assigns his or her title, or interest thereto, the registration of such vehicle shall expire: Provided, That such owner, if he or she has made application to the department within sixty days from the date of purchase to have said registration plates transferred to be used on another vehicle owned by said owner, may then operate the other vehicle for a period of sixty days, but in no event longer than sixty days from the date of original transfer. Upon such transfer, it shall be the duty of the original owner to retain the registration plates issued therefor and to immediately notify the commissioner of such transfer upon such form as may be provided therefor and to deliver to him or her the certificate of registration, whereupon the commissioner shall, upon the payment of a fee of \$10, issue a new certificate showing the use to be made of such plates. The Division of Motor Vehicles may adjust the fee for each new certificate every five years on September 1, based on the U. S. Department of Labor, Bureau of Labor Statistics most current Consumer Price Index: Provided, That an increase in such fee may not exceed ten percent of the total fee amount in a single year. Such plates may then be used by such owner on another vehicle of the same class as the vehicle for which they were originally issued if such other vehicle does not require a greater license fee than was required for such original vehicle. If such other vehicle requires a greater license fee than such original vehicle, then such plates may be used by paying such difference to the commissioner. When such transfer of ownership is made to a licensed dealer in motor vehicles it shall be the duty of such dealer to immediately execute notification of transfer, in triplicate, and to have this notification properly signed by the owner making the transfer. The dealer shall immediately forward to the department the original copy of the notification of transfer. One copy of the notification of transfer shall be given to the owner and one shall be retained by the dealer. The owner shall immediately send to the department the transfer fee of \$10 with any additional fee that may be required under the terms of this chapter. The owner's copy, properly signed by the dealer, will be the owner's identification until he or she receives a new registration card from the department.

The owner of a set of registration plates may surrender them to the commissioner together with the registration card and, upon the payment of \$10 as an exchange fee and upon the payment of such additional fees as are necessary to equalize the value of the plates surrendered with the value of registration plates desired, receive in exchange a set of plates and registration card for a vehicle of a different class.

§17A-4-2. Endorsement of certificate of title upon transfer by owner.

Whenever the owner of a registered vehicle transfers or assigns his title, he shall endorse an assignment and warranty of title upon the certificate of title for such vehicle with a statement of all liens and encumbrances thereon, which statement shall be verified under oath by the owner, and he shall within sixty days from date of sale deliver the certificate of title to the purchaser or transferee, except in the case of a vehicle sold as scrap or to be dismantled.

WV Legislature

§17A-4-3. New owner must secure registration and certificate of title.

The transferee before operating or permitting the operation of such vehicle upon a highway shall apply for and obtain the registration thereof, as upon an original registration, except as otherwise permitted in sections thirteen and fifteen, article six, or by any other provisions of this chapter: Provided, That such transferee may operate such vehicle under the registration of its previous owner for a period of not more than ten days as provided in section one, article three of this chapter.

A transferee shall at the same time present the certificate of title endorsed and assigned as hereinbefore provided to the department and make application for and obtain a new certificate of title for such vehicle, except as otherwise permitted in sections four and five of this article.

§17A-4-4. Transfers to dealers and others.

When the transferee of a vehicle is a dealer who holds the same for resale and lawfully operates the same under dealer's plates, such dealer shall not be required to obtain a new registration of said vehicle or be required to forward the certificate of title to the department, but such dealer upon transferring his title or interest to another person shall execute and acknowledge an assignment and warranty of title upon the certificate of title and deliver the same not later than sixty days from date of sale to the person to whom such transfer is made.

When the transferee of a vehicle does not drive such vehicle or permit it to be driven upon the highways, such transferee shall not be required to obtain a new registration of said vehicle, but such transferee shall be required within sixty days from the date of such transfer to forward the certificate of title to the department accompanied by an application for a new certificate of title in his name.

§17A-4-5. Transfer by operation of law.

Whenever the title or interest of an owner in or to a registered vehicle shall pass to another otherwise than by voluntary transfer, the registration thereof shall expire and the vehicle shall not be operated upon the highways unless and until the person entitled to possession of such vehicle shall apply for and obtain the registration thereof, except that such vehicle may be operated by the person entitled to its possession or his legal representative upon the highways for a distance not exceeding seventy-five miles upon displaying upon such vehicle the registration plates issued to the former owner, or in the event title has become vested in the person holding a lien or encumbrance upon said vehicle, such person may apply to the department for and obtain special plates as may be issued under this chapter to dealers or others and may operate any said repossessed vehicle under such special plates only for purposes of transporting the same to a garage or warehouse or for purposes of demonstrating or selling the same: Provided, That the commissioner is authorized to transfer the plates and registration of a deceased person to his legal heir or legatee without payment of any fee and the legal heir or legatee may keep and use the same license plate until it regularly expires.

Upon any transfer the new owner may secure a new registration and certificate of title upon proper application and upon presentation of the last certificate of title, if available, and such instruments or documents of authority or certified copies thereof as may be sufficient or required by law to evidence or effect a transfer of title or interest in or to chattels in such case. In the event title has become vested in the person or financial institution holding a lien or encumbrance upon said vehicle, such person or institution need not obtain a new registration of said vehicle or forward the certificate of title to the department in order to sell the vehicle, but the person or institution upon transfer of title or interest to another shall execute and acknowledge an assignment and warranty of title upon the certificate of title and deliver the same not later than sixty days from the date of sale to the purchaser. The person or institution holding a lien or encumbrance upon the vehicle who acquires the vehicle as a result of the lien or encumbrance and subsequently, within sixty days, sells the vehicle in satisfaction of the debt creating the lien or encumbrance, shall not be subject to any privilege tax or personal property tax on the vehicle imposed by any other section.

§17A-4-6. When department to register vehicle and issue new certificate; file of surrendered certificates.

The department upon receipt of a properly endorsed certificate of title and proper application for registration accompanied by the required fee and when satisfied as to the genuineness and regularity of said transfer and of the right of the transferee to a certificate of title shall reregister the vehicle as upon a new registration in the name of the new owner and issue a new certificate of title as upon an original application.

The department shall retain and appropriately file every surrendered certificate of title, such file to be so maintained as to permit the tracing of title of the vehicles designated therein.

§17A-4-7. Release by lienholder to owner.

A person holding a lien or encumbrance as shown upon a certificate of title upon a vehicle may release the lien or encumbrance or assign his or her interest to the owner without affecting the registration of the vehicle. The division, upon receiving an electronic acknowledgment of a release of lien from the lienholder or a certificate of title upon which a lienholder has released or assigned his or her interest to the owner or upon receipt of a certificate of title not so endorsed but accompanied by a legal release from a lienholder of this interest in or to a vehicle, shall issue a new certificate of title as upon an original application. The division, upon receiving an electronic acknowledgment of a release of lien from the lienholder shall issue, without further application or fee a new certificate of title free of any lien or encumbrance to the vehicle owner to the address shown in the division's records.

§17A-4-8. Failure to deliver certificate a misdemeanor.

It is a misdemeanor for any person to fail or neglect to properly endorse and deliver a certificate of title to a transferee or owner lawfully entitled thereto.

WV Legislature

§17A-4-9. Owner after transfer not liable for negligent operation.

The owner of a motor vehicle who has made a bona fide sale or transfer of his title or interest and who has delivered possession of such vehicle and the certificate of title thereto properly endorsed to the purchaser or transferee shall not be liable for any damages thereafter resulting from negligent operation of such vehicle by another.

WV Legislature

§17A-4-10. Salvage certificates for certain wrecked or damaged vehicles; fee; penalty.

(a) In the event a motor vehicle is determined to be a total loss or otherwise designated as totaled by an insurance company or insurer, and upon payment of a total loss claim to an insured or claimant owner for the purchase of the vehicle, the insurance company or the insurer, as a condition of the payment, shall require the owner to surrender the certificate of title: *Provided*, That an insured or claimant owner may choose to retain physical possession and ownership of a total loss vehicle. If the vehicle owner chooses to retain the vehicle and the vehicle has not been determined to be a cosmetic total loss in accordance with subsection (d) of this section, the insurance company or insurer shall also require the owner to surrender the vehicle registration certificate. The term "total loss" means a motor vehicle which has sustained damages equivalent to seventy-five percent or more of the market value as determined by a nationally accepted used car value guide or meets the definition of a flood-damaged vehicle as defined in this section.

(b) The insurance company or insurer shall, prior to the payment of the total loss claim, determine if the vehicle is repairable, cosmetically damaged, or nonrepairable. Except as provided in subsection (p) of this section, within 10 days of payment of the total loss claim, the insurance company or insurer shall surrender the certificate of title, a copy of the claim settlement, a completed application on a form prescribed by the commissioner, and the registration certificate if the owner has chosen to keep the vehicle to the Division of Motor Vehicles.

(c) If the insurance company or insurer determines that the vehicle is repairable, the division shall issue a salvage certificate, on a form prescribed by the commissioner, in the name of the insurance company, the insurer, or the vehicle owner if the owner has chosen to retain the vehicle. The certificate shall contain, on the reverse, spaces for one successive assignment before a new certificate at an additional fee is required. Upon the sale of the vehicle, the insurance company, insurer, or vehicle owner if the owner has chosen to retain the vehicle, shall complete the assignment of ownership on the salvage certificate and deliver it to the purchaser. The vehicle may not be titled or registered for operation on the streets or highways of this state unless there is compliance with subsection (h) of this section. The division shall charge a fee of \$22.50 for each salvage title issued. The Division of Motor Vehicles may adjust the fee for each salvage title every five years on September 1, based on the U.S. Department of Labor, Bureau of Labor Statistics most current Consumer Price Index: *Provided*, That an increase in such fee may not exceed 10 percent of the total fee amount in a single year.

(d) If the insurance company or insurer determines the damage to a totaled vehicle is exclusively cosmetic and no repair is necessary in order to legally and safely operate the motor vehicle on the roads and highways of this state, the insurance company or insurer shall, upon payment of the claim, submit the certificate of title to the division. Neither the insurance company nor the division may require the vehicle owner to surrender the registration certificate in the event of a cosmetic total loss settlement.

(1) The division shall, without further inspection, issue a title branded "cosmetic total loss" to the insured or claimant owner if the insured or claimant owner wishes to retain possession of the vehicle, in lieu of a salvage certificate. The division shall charge a fee of \$22.50 for each cosmetic total loss title issued. The terms "cosmetically damaged" and "cosmetic total loss" do not include any vehicle which has been damaged by flood or fire. The designation "cosmetic total loss" on a title may not be removed. The Division of Motor Vehicles may adjust the fee for each cosmetic total loss title every five years on September 1, based on the U. S. Department of Labor, Bureau of Labor Statistics most current Consumer Price Index: *Provided*, That an increase in such fee may not exceed ten percent of the total fee amount in a single year.

(2) If the insured or claimant owner elects not to take possession of the vehicle and the insurance company or insurer retains possession, the division shall issue a cosmetic total loss salvage certificate to the insurance company or insurer. The division shall charge a fee of \$22.50 for each cosmetic total loss salvage certificate issued. The Division of Motor Vehicles may adjust the fee for each cosmetic total loss salvage certificate every five years on September 1, based on the U. S. Department of Labor, Bureau of Labor Statistics most current Consumer Price Index: *Provided*, That an increase in such fee may not exceed ten percent of the total fee amount in a single year. The division shall, upon surrender of the cosmetic total loss salvage certificate issued under the provisions of this paragraph and payment of the five percent motor vehicle sales tax on the fair market value of the vehicle as determined by the commissioner, issue a title branded "cosmetic total loss" without further inspection.

(e) If the insurance company or insurer determines that the damage to a totaled vehicle renders it nonrepairable, incapable of safe operation for use on roads and highways, and as having no resale value except as a source of parts or scrap, the insurance company or vehicle owner shall, in the manner prescribed by the commissioner, request that the division issue a nonrepairable motor vehicle certificate in lieu of a salvage certificate. The division shall issue a nonrepairable motor vehicle certificate without charge.

(f) Any owner who scraps, compresses, dismantles, or destroys a vehicle without further transfer or sale for which a certificate of title, nonrepairable motor vehicle certificate, or salvage certificate has been issued shall, within 45 days, surrender the certificate of title, nonrepairable motor vehicle certificate, or salvage certificate to the division for cancellation.

(g) Any person who purchases or acquires a vehicle as salvage or scrap, to be dismantled, compressed, or destroyed, shall, within 45 days, surrender to the division the certificate of title, nonrepairable motor vehicle certificate, salvage certificate, or a statement of cancellation signed by the seller, on a form prescribed by the commissioner. Subsequent purchasers of salvage or scrap are not required to comply with the notification requirement.

(h) If the motor vehicle is a "reconstructed vehicle" as defined in this section or §17A-1-1 of this code, it may not be titled or registered for operation until it has been inspected by an official state inspection station and by the Division of Motor Vehicles. Following an approved

inspection, an application for a new certificate of title may be submitted to the division. The applicant is required to retain all receipts for component parts, equipment, and materials used in the reconstruction. The salvage certificate shall also be surrendered to the division before a certificate of title may be issued with the appropriate brand.

(i) The owner or title holder of a motor vehicle titled in this state which has previously been branded in this state or another state as salvage, reconstructed, cosmetic total loss, cosmetic total loss salvage, flood, fire, an equivalent term under another state's laws, or a term consistent with the intent of the National Motor Vehicle Title Information System established pursuant to 49 U. S. C. § 30502 shall, upon becoming aware of the brand, apply for and receive a title from the Division of Motor Vehicles on which the brand "reconstructed", "salvage", "cosmetic total loss", "cosmetic total loss salvage", "flood", "fire", or other brand is shown. The division shall charge a fee of \$10 for each title so issued. The Division of Motor Vehicles may adjust the fee for each reconstructed, salvage, cosmetic total loss, cosmetic total loss salvage, flood, fire, or other brand title issued every five years on September 1, based on the U. S. Department of Labor, Bureau of Labor Statistics most current Consumer Price Index: *Provided*, That an increase in such fee may not exceed 10 percent of the total fee amount in a single year.

(j) If application is made for title to a motor vehicle, the title to which has previously been branded reconstructed, salvage, cosmetic total loss, cosmetic total loss salvage, flood, fire, or other brand by the Division of Motor Vehicles under this section and said application is accompanied by a title from another state which does not carry the brand, the division shall, before issuing the title, affix the brand "reconstructed", "cosmetic total loss", "cosmetic total loss salvage", "flood", "fire", or other brand to the title. The motor vehicle sales tax paid on a motor vehicle titled as reconstructed, cosmetic total loss, flood, fire, or other brand under the provisions of this section shall be based on 50 percent of the fair market value of the vehicle as determined by a nationally accepted used car value guide to be used by the commissioner.

(k) The division shall charge a fee of \$22.50 for the issuance of each salvage certificate or cosmetic total loss salvage certificate but shall not require the payment of the five percent motor vehicle sales tax. The Division of Motor Vehicles may adjust the fee for each salvage certificate or cosmetic total loss salvage certificate every five years on September 1, based on the U. S. Department of Labor, Bureau of Labor Statistics most current Consumer Price Index: *Provided*, That an increase in such fee may not exceed ten percent of the total fee amount in a single year. However, upon application for a certificate of title for a reconstructed, cosmetic total loss, flood or fire damaged vehicle, or other brand, the division shall collect the five percent privilege tax on the fair market value of the vehicle as determined by the commissioner unless the applicant is otherwise exempt from the payment of such privilege tax. A wrecker/dismantler/rebuilder, licensed by the division, is exempt from the payment of the five percent privilege tax upon titling a reconstructed vehicle. The division shall collect a fee of \$35 per vehicle for inspections of reconstructed vehicles. These fees shall be deposited in a special fund created in the State Treasurer's office and may be expended by the division to carry out the provisions of this article: *Provided*, That on and

after July 1, 2007, any balance in the special fund and all fees collected pursuant to this section shall be deposited in the State Road Fund. Licensed wreckers/dismantlers/rebuilders may charge a fee not to exceed \$25 for all vehicles owned by private rebuilders which are inspected at the place of business of a wrecker/dismantler/rebuilder.

(l) As used in this section:

(1) "Reconstructed vehicle" means the vehicle was totaled under the provisions of this section or by the provisions of another state or jurisdiction and has been rebuilt in accordance with the provisions of this section or in accordance with the provisions of another state or jurisdiction or meets the provisions of §17A-1-1(n) of this code.

(2) "Flood-damaged vehicle" means that the vehicle was submerged in water to the extent that water entered the passenger or trunk compartment.

(3) "Other brand" means a brand consistent with the intent of the National Motor Vehicle Title Information System established pursuant to 49 U. S. C. § 30502 and rules promulgated by the United States Department of Justice to alert consumers, motor vehicle dealers or the insurance industry of the history of a vehicle.

(m) Every vehicle owner shall comply with the branding requirements for a totaled vehicle whether or not the owner receives an insurance claim settlement for a totaled vehicle.

(n) A certificate of title issued by the division for a reconstructed vehicle shall contain markings in bold print on the face of the title that it is for a reconstructed, flood, or fire-damaged vehicle.

(o) Any person who knowingly provides false or fraudulent information to the division that is required by this section in an application for a title, a cosmetic total loss title, a reconstructed vehicle title, or a salvage certificate, or who knowingly fails to disclose to the division information required by this section to be included in the application, or who otherwise violates the provisions of this section is guilty of a misdemeanor and, upon conviction thereof, shall for each incident be fined not less than \$1,000 nor more than \$2,500, or imprisoned in jail for not more than one year, or both fined and imprisoned.

(p) Notwithstanding any other provision of law and with respect to a vehicle which the vehicle owner has not chosen to retain, if an insurance company or insurer is unable to obtain the properly endorsed certificate of title for a motor vehicle within 15 days of the payment of a total loss claim, the insurance company or insurer, at any time thereafter, may apply to the Division of Motor Vehicles for a salvage certificate, a cosmetic total loss salvage certificate, or a nonrepairable motor vehicle certificate, as applicable. The application shall be accompanied by evidence that the insurance company or insurer has paid a total loss claim on the vehicle, a copy of a written request for the certificate of title sent to the vehicle owner and any known lienholder by the insurance company or insurer or a designee of the insurance company or insurer, proof that the request was sent by certified mail, return

receipt requested, to the last known address of the vehicle owner and any known lienholder, service to be complete upon the mailing thereof, and the required fee, if applicable. Upon receipt of a properly completed application, the division shall issue a salvage certificate, a cosmetic total loss salvage certificate or a nonrepairable motor vehicle certificate, as applicable, in the name of the insurance company or insurer. Such salvage certificate, cosmetic total loss salvage certificate, or nonrepairable motor vehicle certificate shall be issued free and clear of all liens and claims of ownership.

(q) If an insurance company or insurer requests that an automobile auction take possession of a motor vehicle that is the subject of an insurance claim, and subsequently the insurance company denies coverage with respect to the motor vehicle or otherwise does not take ownership of the motor vehicle, the automobile auction may proceed as follows. At any time after the automobile auction has had possession of the motor vehicle for 45 days, it may apply to the division for a salvage certificate or a nonrepairable motor vehicle certificate without surrendering the certificate of title for the motor vehicle. The application shall be accompanied by a copy of a written request, on the automobile auction's letterhead, requesting that, upon payment of applicable charges, the vehicle be removed from the automobile auction's facility, proof that the request was delivered by a nationally-recognized courier service or by certified mail to the vehicle owner and any known lienholder at least 15 days before the date of the application, and the required fee, if applicable. Upon receipt of a properly completed application, the division shall issue a salvage certificate or a nonrepairable motor vehicle certificate, as applicable, in the name of the automobile auction. Such salvage certificate or nonrepairable motor vehicle certificate shall be issued free and clear of all liens and claims of ownership.

(r) An applicant pursuant to subsection (p) or (q) of this section shall indemnify and hold harmless the Division of Motor Vehicles from any liability arising from an error or misrepresentation made by such applicant in a submission to the division pursuant to subsection (p) or (q) of this section.

§17A-4-11. Title Clearinghouse.

(a) The Legislature finds that continuing advances in digital title technology have improved and are expected to continue to improve such that the Division of Motor Vehicles can produce a secure digital title with an efficiency that is sought by businesses in other states. The Legislature hereby authorizes the Division of Motor Vehicles to operate and regulate a title clearinghouse to produce titles for nonresident businesses.

(b) Any nonresident business may apply to participate in the title clearinghouse. Notwithstanding any code provision to the contrary, the division may produce a title for a non-resident business participant in accordance with this section.

(c) The division is authorized to establish a participation fee and title fees for participants. The title fees shall not be less than the fees assessed to residents of this state to obtain a title.

(d) The division shall require a participant to submit a penalty bond payable to the division in the sum of \$250,000, conditioned that the participant will not commit any fraud against any purchaser, seller, financial institution, the State of West Virginia or any other state through the use of the title clearinghouse.

(e) The division may issue emergency rules and propose legislative rules to implement the provisions of this section.

(f) The title clearinghouse is not intended to supplant any reciprocal agreements or compacts for title and registration entered by the division with other states and jurisdictions. If any provision of this section or rule is deemed to conflict with a reciprocal agreement or compact, the conflicting provision in this section or rule shall not apply.

(g) The commissioner is authorized to develop and manage a registration process designed for resident businesses maintaining a local, national or international fleet of vehicles.

§17A-4A-1. Certificate to show liens or encumbrances.

The division upon receiving an application for a certificate of title to a vehicle, trailer, semitrailer, pole trailer, factory-built home or recreational vehicle for which a certificate of title is required under article three of this chapter, all of which are hereinafter in this article referred to as vehicles, showing liens or encumbrances upon the vehicle, shall, upon issuing to the owner thereof a certificate of title therefor, show upon the face of the certificate of title all liens or encumbrances disclosed by the application. All liens or encumbrances shall be shown in the order of their priority being according to the information contained in the application. When an application shows liens and encumbrances, the information as evidence of the lien in connection therewith as the division may consider necessary shall also be furnished. The information shall include the name and address of the lienholder, the nature and kind of the lien, the date thereof and the amount thereby secured. However, only the name and address of the lienholder will be endorsed on the title certificate. Upon issuing the certificate, the division shall thereupon send or deliver it by either paper or electronic means to the holder of the first lien.

§17A-4A-2. Liens and encumbrances subsequently created.

(a) Liens or encumbrances placed on vehicles by the voluntary act of the owner after the original issue of title to be properly recorded must be shown on the certificate of title. In such cases, the owner or lienholder shall file application with the division on a blank furnished for that purpose, setting forth the lien or liens and such information and evidence of the lien in connection therewith as the division may deem necessary. Such information shall include the name and address of the lienholder, the kind of and nature of the lien, the date thereof, and the amount thereby secured. However, only the name and address of the lienholder shall be endorsed on the title certificate with the endorsement of the fact of such lien as hereinafter provided. The division, if satisfied that it is proper that the same be recorded, and upon surrender of the certificate of title covering the vehicle, shall thereupon issue a new certificate of title, showing the liens or encumbrances in the order of their filing being according to the date, hour, and minute of receipt by the division of the application for the same. For the purpose of recording a subsequent lien on a certificate of title, the subsequent lienholder shall make a written request upon the lienholder in possession of the certificate of title, accompanied by proof of the existence of the subsequent lien, stating his or her need to have possession of the certificate of title for the purpose of having his or her lien recorded thereon by the division. Thereupon, the lienholder in possession of the certificate shall within a reasonable time, not to exceed 10 days from the receipt of said written request, deliver the certificate of title to the requesting subsequent lienholder.

Upon delivery of the certificate of title, the subsequent lienholder shall immediately forward it and the lienholder's own application to the division for the filing of the lien and for the recording of the same on the certificate of title. Upon issuing the new certificate, the division shall thereupon send or deliver it to the holder of the first lien.

(b) The provisions of subsection (a) of this section shall not apply to: (1) Vehicles held as inventory for sale by a registered dealer holding title by assignment entered upon a certificate of title; or (2) vehicles for which certificates of title have been issued and are held as inventory for lease by a vehicle rental agency or similar person engaged solely in the business of leasing vehicles. Any lien or encumbrance placed on such vehicles by the voluntary act of the owner shall be created and perfected in accordance with the provisions of §46-9-1 *et seq.* of this code.

§17A-4A-2a. Electronic transfer of liens.

(a) Notwithstanding any requirement in this chapter that a lien on a motor vehicle shall be noted on the face of the certificate of title, if there are one or more liens or encumbrance on a vehicle, trailer, semitrailer, pole trailer, factory-built home, or recreational vehicle, the division may electronically transmit the lien to the first lienholder and notify the first lienholder of any additional liens. Subsequent lien satisfactions may be electronically transmitted to the division and shall include the name and address of the person satisfying the lien and any other information required by the division as a condition of participating in the electronic lien information exchange program.

(b) The division may enter into agreements with a service provider or providers to administer the electronic exchange of lien information between dealers, financial institutions, and the division. For the purposes of this section, the term financial institutions shall have the same meaning as defined in §17A-6-10b of this code.

(c) When electronic transmission of liens and lien satisfaction is used, a hard copy certificate of title need not be issued until the last lien is satisfied and a clear hard copy certificate of title is issued to the owner of the vehicle. When a vehicle is subject to an electronic lien, the certificate of title for the vehicle shall be considered to be physically held by the lienholder for the purpose of compliance with state and federal odometer disclosure requirements and for any other requirement of this code. A duly certified copy of the division's electronic record of the certificate of title and lien shall be admissible in any civil, criminal, or administrative proceeding in this state as evidence of the existence of the lien.

(d) For the purposes of this chapter, whenever reference is made by this code to the physical production of a certificate of title as a paper document, or reference to the completion of information related to recording a lien as a paper document, the reference shall be understood to also include the transmission and recordation of the information in an electronic format.

(e) Beginning July 1, 2025, all financial institutions recording five or more liens in a calendar year shall use the division's electronic lien and title system for all lien actions. The division is not required to issue certificates of title as a paper document to a lienholder after the division's electronic lien and title system is fully implemented: *Provided*, That nothing in this section invalidates, prohibits a person from requesting, or prevents the division from issuing a certificate of title as a paper document.

§17A-4A-3. Notice of lien; noninventory lien created by voluntary act of the owner not shown on certificate of title or otherwise perfected void as to subsequent purchasers and lien creditors; exceptions.

(a) A certificate of title, when issued by the division showing a lien or encumbrance, shall be considered from and after the filing with the division of the application therefor or the notice of lien authorized in section four of this article adequate notice to the state and its agencies, boards and commissions, to the United States government and its agencies, boards and commissions, to creditors and to purchasers that a lien against the vehicle exists.

(b) Notwithstanding any other provision of this code to the contrary, and subject to the provisions of subsection (c) of this section, any lien or encumbrance placed on a vehicle by the voluntary act of the owner shall be void as against: (i) Any lien creditor who, without knowledge of the lien, acquires by attachment, levy or otherwise a lien thereupon, unless the lien or encumbrance is noted on the certificate of title, a filed application for certificate of title or the notice of lien authorized in section four of this article; and (ii) any purchaser who, without knowledge of the lien or encumbrance, purchases the vehicle, unless the lien or encumbrance is noted on the certificate of title, a filed application for certificate of title or the notice of lien authorized in section four of this article: Provided, That a purchaser under this subsection who purchases the vehicle without knowledge of the lien or encumbrance and contemporaneously obtains actual physical possession of the vehicle and the certificate of title for the vehicle without the lien or encumbrance noted on the certificate of title, receives the vehicle free and clear of the lien or encumbrance.

(c) The creation and perfection of a lien against: (1) A vehicle held as inventory for sale by a registered dealer holding title by assignment; or (2) a vehicle for which a certificate of title has been issued and is held as inventory for lease by a vehicle rental agency or similar person engaged solely in the business of leasing vehicles in accordance with the provisions of article nine, chapter forty-six of this code shall be deemed adequate notice to the state and its agencies, boards and commissions, to the United States government and its agencies, boards and commissions, to creditors and to purchasers that a lien against the vehicle exists, subject to the provisions of section three hundred seven, article nine, chapter forty-six of this code, except that any lien or encumbrance on such a vehicle shall not be effective against the rights of any purchaser for value who purchases the vehicle primarily for personal, family, household or agricultural purposes unless such lien or encumbrance is recorded on the certificate of title or specified on the bill of sale.

§17A-4A-4. Purchase money lien or encumbrance; effective date of lien; dealer to record lien; fees.

(a) A purchase money lien or encumbrance upon any vehicle shall be perfected on the date and at time of delivery to the Division of Motor Vehicles of either the application for a certificate of title with all supporting documents, or a completed notice of lien form in a format determined by the division. The notice of lien form may be submitted to the division in paper format, facsimile or in any other electronic format approved by the division.

(b) If perfection occurs through the notice of lien form pursuant to subsection (a) of this section, an application for certificate of title must be received by the Division of Motor Vehicles within sixty days after the date of purchase of the vehicle or refinancing of such purchase in order to maintain the perfected status of such lien or encumbrance. When an application is not filed within the time prescribed, the lien or encumbrance shall become unperfected on the sixty-first day following the purchase or refinancing date of the vehicle. If an application for a certificate of title is received by the division on or after the sixty-first day, the new perfection date for the lien or encumbrance is the date the application for a certificate of title is received by the division. Nothing in this section extends the sixty-day title application filing requirement of section four, article four of this chapter. The name and address of the lien holder shall be recorded on this title by the division in either electronic or paper format.

(c) No certificate of title for a vehicle shall be issued unless an application is delivered to the Division of Motor Vehicles.

(d) In all transactions involving a purchase money lien or encumbrance upon a motor vehicle, the motor vehicle dealer shall collect and remit to the Division of Motor Vehicles the title, tax and registration fees required under section four, article three of this chapter and file and record with the Division of Motor Vehicles any lien created as a result of the transaction: Provided, That a motor vehicle dealer may remit the title, tax and registration fees through any license service that is licensed by the Division of Motor Vehicles.

(e) No fee may be charged by a motor vehicle dealer for its services required under this section except that fee authorized by section one-b, article six of this chapter or subdivision (6), subsection (a), section one hundred nine, article three, chapter forty-six-a of this code.

(f) For purposes of this section, a purchase money lien or encumbrance is defined to include: (1) A lien taken or retained by the seller or the vehicle to secure all or a part of its price; (2) a lien taken by a person who by making advances or incurring an obligation gives value to enable another to acquire rights in or the use of a vehicle if such value is so used; and (3) the refinancing of either of the foregoing for the sole purpose of repaying a loan secured by the vehicle.

§17A-4A-5. Priority of liens shown on certificate.

The liens shown upon a certificate of title issued by the department pursuant to applications for same shall have priority over any other liens against such vehicle, however created and recorded, except as otherwise provided in this article.

WV Legislature

§17A-4A-6. Who to hold certificate of title subject to lien; transfer of possession upon satisfaction of lien; assignment of obligation by lien holder.

The certificate of title of such vehicle shall be delivered to the person, firm or corporation holding the first lien or encumbrance upon the vehicle and retained by him or them until the entire amount of his or their lien is fully paid. Thereupon the certificate of title shall be delivered to the next lien holder, and so on, or if none, then to the owner of the vehicle. It shall be the responsibility of each lienor upon the satisfaction of his lien to deliver said certificate of title to the lienor next entitled to the possession thereof and, if none to the owner, which acts of delivery may be accomplished through registered or certified mail addressed to the lienor or the owner entitled to such possession at his address as shown upon said certificate. In the event of assignment of the obligation by a lienholder who lawfully has possession of the certificate of title at the time of assignment, the lienholder shall deliver the certificate of title to his assignee who shall be entitled to hold the same until the obligation is satisfied, at which time the assignee shall deliver the certificate of title to the next lienholder, or if none, then to the owner of the vehicle. In the event of assignment of the obligation by a lienholder not entitled to possession of the certificate of title at the time of assignment, the lienholder shall immediately upon becoming lawfully entitled to, and obtaining lawful possession of, the certificate of title, deliver the same to his assignee who shall be entitled to hold the same until the obligation is satisfied, at which time the assignee shall deliver the certificate of title to the next lienholder, or if none, then to the owner of the vehicle.

§17A-4A-7. Release of lien or encumbrance shown on certificate of title.

An owner upon securing the release of any lien or encumbrance upon a vehicle shown upon the certificate of title issued therefor may exhibit the document evidencing such release, signed by the person or persons making the release and acknowledged before a notary public or someone authorized by the laws of this state to take acknowledgments of deeds, and this document together with the certificate of title shall be returned to the division; or the lienholder may release the lien by endorsing across the lien in his or her favor on the face of the title or closely adjacent thereto the following words or words of similar effect or purport: "This lien, this day fully paid, satisfied and released, this day of ," and duly signing and executing said endorsement and acknowledging the same before a notary public and having the notary public execute a certificate of the acknowledgment in the form required for releasing deeds of trust in this state; or when it is impossible to secure either such release from the beneficiary or holder of the lien, the owner may exhibit to the division whatever evidence may be available showing that the debt secured has been satisfied, together with a statement by the owner under oath that the debt has been paid and the certificate of title to such vehicle. The division when satisfied as to the genuineness and regularity thereof shall issue to the owner either a new certificate of title in proper form or an endorsement or rider showing the release of the lien or encumbrance which the division shall attach to the outstanding certificate of title. For the purposes of this article, the term release shall mean either an electronic or paper transaction format.

§17A-4A-8. Failure to execute release or to surrender certificate when lien paid.

It shall be unlawful and constitute a misdemeanor for a lienor who holds a certificate of title either electronically or in a paper format as provided in this article to refuse or fail to execute a release as provided for in the next preceding section, or to refuse or fail to surrender the certificate of title to the person legally entitled thereto within fifteen days after the lien shall have been paid and satisfied.

WV Legislature

§17A-4A-9. Levy of execution, etc.

A levy made by virtue of an execution, fieri facias or other proper court order, upon a vehicle for which application for a certificate of title has been filed with the department, shall constitute a recorded lien, with the effect of constructive notice thereof to all persons, subsequent to holders of liens or encumbrances theretofore filed with the department, only from and after the time when the officer making such levy files a report to and with the department of motor vehicles, on forms provided therefor by the department, that such levy has been made and that the vehicle thus levied upon has been seized by and is in the actual custody of such officer; and the provisions of any other article, chapter or section of this code to the contrary notwithstanding, the docketing or recording of any such execution, fieri facias or other court order in the office of the clerk of the county court of any county in this state shall not constitute constructive notice thereof as to any such vehicle.

Such report by such officer shall show among other things the full names of the parties to the proceeding upon which the execution, fieri facias or court order is based; the identity of the court, judge or justice of the peace or other judicial officer from which said execution, fieri facias or other court order was issued; the amount required for the satisfaction thereof; the date thereof; the date and hour when received by the officer; the date, hour and minute of the levy, attachment or other execution of said process and the taking into actual custody of said vehicle; the date returnable; the make, year, body style of the vehicle to which the lien of said execution, fieri facias or court order relates as well as the name of the person or persons whose interest or ownership therein is intended to be affected by the lien of such execution, fieri facias or court order. Such report shall also show, if known, the serial number of such vehicle, the current West Virginia registration card number and current West Virginia registered owner thereof and current West Virginia license plate number, and if any item in this sentence enumerated for listing on such report is unknown to the reporting officer the report shall state that such item is unknown to the officer. Such report shall be dated, signed and certified by the reporting officer and such certification shall constitute an official act on his part. The department shall by endorsement upon or attachment to its records note the officer's report and the day and hour and the minute received upon its record copy of the certificate of title thereby affected; should such lien be thereafter satisfied or should the vehicle thus levied upon and seized be thereafter released by such officer, he shall immediately report that fact to the department of motor vehicles and the department shall in a like manner note such fact. Any owner who after such levy and seizure by an officer and before the report thereof by the officer to the department shall fraudulently assign or transfer his title to or interest in such vehicle or cause the certificate of title thereto to be assigned or transferred or cause a lien or encumbrance to be shown upon such certificate of title shall be deemed guilty of a misdemeanor, and, upon conviction thereof, shall be fined not less than \$25 nor more than \$500, or imprisoned in jail for not less than ten days nor more than twelve months.

The actual possession of the levying or attaching officer of the law or the actual possession of some person, other than the judgment or attachment debtor, holding such property for the officer, shall constitute notice of the lien, if any, of the execution, fieri facias, or other

court order under which he levies and seizes or otherwise takes possession.

For any vehicle as to which an involuntary lien has been reported and noted by the department and for which there has been no report of release or satisfaction by the levying or seizing officer, if application be made for the transfer of title thereto or issuance of new certificate of title therefor to the current registered owner or to someone claiming by assignment of title certificate from such registered owner or if application be made pursuant to the provisions of this article for the endorsement upon the certificate of title to such vehicle of a lien or encumbrance created by the voluntary act of the owner and the issuance of a new certificate of title showing the same, such involuntary lien, for which the department's records show no report of satisfaction or release, and the information furnished in the officer's report thereof together with the date, hour and minute of receipt of such report shall be endorsed upon such new certificate of title issued pursuant to any of such applications.

§17A-4A-10. Fee for recording and release of lien.

The Division of Motor Vehicles is hereby authorized to charge a fee of \$10 for the recording of any lien either in an electronic or paper format created by the voluntary act of the owner and endorsing it upon the title certificate issued pursuant to this article. The Division of Motor Vehicles may adjust the fee for each lien recording every five years on September 1, based on the U. S. Department of Labor, Bureau of Labor Statistics most current Consumer Price Index: Provided, That an increase in such fee may not exceed ten percent of the total fee amount in a single year. The Division of Motor Vehicles is hereby authorized to charge a fee of \$10 for recordation of any release of a lien created by the voluntary act of the owner. The Division of Motor Vehicles may adjust the fee for each recording of a lien release every five years on September 1, based on the U. S. Department of Labor, Bureau of Labor Statistics most current Consumer Price Index: Provided, That an increase in the fee may not exceed ten percent of the total fee amount in a single year: Provided, however, That no charge shall be made for the endorsement and recordation of liens or releases thereof as provided under section nine of this article. No charge shall be made for the issuance of a title to the owner of a vehicle upon the receipt of an electronic release of the final lien.

The provisions of this section enacted in 2017 take effect on July 1, 2017.

§17A-4A-11. Article to create no cause of action against lienor for damage to property or injury to person.

The exercise by the lienor of the rights and privileges in this article given him shall not in and of itself give rise to a cause of action against such lienor for damages resulting from any act or omission of the registered and beneficial owner of the vehicle in said registered owner's dominion, ownership, use, operation or control thereof.

WV Legislature

§17A-4A-12. Article not to apply to certain common-law and statutory liens.

The provisions of this article shall not be construed so as to require common-law mechanic's liens or repairman's liens, or the lien of an improver or bailee as provided in article eleven, chapter thirty-eight of the Code of West Virginia, 1931, as amended, to be shown on the certificate of title in order to preserve such liens against any purchaser for value or lien creditor who, in either case, without notice of such lien or encumbrance, purchases such vehicle or acquires by attachment, levy or otherwise a lien thereupon.

WV Legislature

§17A-4A-13. Article not to apply to vehicle accessories.

The provisions of this article shall not apply to the recording of a lien or liens which are created only upon tires, radios, heaters, or other vehicle accessories.

WV Legislature

§17A-4A-14. Effect of article on liens and encumbrances created in transactions consummated before vehicle brought into state and subject to registration and titling in state.

As to bona fide purchasers for value or lien creditors without notice, the provisions of this article shall not be construed so as to invalidate or render void any lien or encumbrance placed upon a vehicle, by the voluntary act of the owner, in a transaction consummated before the vehicle is brought into this state, and before the same is subject to registration in the State of West Virginia, and before the application for a West Virginia certificate of title is required so long as such a lien or encumbrance has been properly recorded according to the laws of the jurisdiction in which it was created so as to be valid against bona fide purchasers for value or lien creditors without notice and so long as such lien or encumbrance is of such kind, nature and character as the law of this state would otherwise protect against such purchasers and lien creditors: Provided, however, That after such vehicle is brought into this state and after it is required to be registered and titled in this state, such lien or encumbrance as in this section described shall be void as to any purchaser for value or lien creditor, who, in either case, without notice of such lien or encumbrances, purchases such vehicle or acquires by attachment, levy or otherwise a lien thereupon, unless such lien holder, within three months after the removal of such vehicle into this state or within ten days after such lien holder received notice of such removal, whichever period of time is least, shall, in the manner set forth in section two of this article file application with the department in which case the department shall proceed as in section two of this article.

§17A-4A-15. Expiration of lien or encumbrance; refiling.

The filing of any lien or encumbrance and its recordation upon the face of a certificate of title to any vehicle as provided in this article is valid for fifteen years only from the date of filing, unless the lienholder refiles the lien or encumbrance in the manner provided in this article for filing and recordation in the first instance, in which event the lien or encumbrance is valid for successive additional periods of five years from the date of each refiling: Provided, That this article does not require the lienholder to obtain the consent of the owner to refile the lien or encumbrance: Provided, however, That in the case of a mobile home or manufactured home, the filing of any lien or encumbrance and its recordation upon the face of a certificate of title to the mobile home or manufactured home is valid for a period of thirty-three years from the date of filing.

§17A-6-2. Legislative findings, declaration of public policy and dealer recovery fund.

(a) The Legislature hereby determines and finds that in the past some persons engaged in the business of selling new or used motor vehicles, house trailers, trailers, recreational vehicles, motorcycles, or used motor vehicle parts, and in the business of wrecking or dismantling motor vehicles, have not had the necessary qualifications, staff, equipment or facilities to adequately serve the public; that some persons engaged in the businesses have made false and deceptive claims and advertisements to the public and have engaged in fraud and other illegal conduct; that certain citizens of this state have sustained financial losses as a result thereof; and that in some of the cases there has been no adequate means to prevent the conduct or protect the interests of the citizens of West Virginia. It is, therefore, declared to be the public policy of this state that the business of new motor vehicle dealer, used motor vehicle dealer, house trailer dealer, trailer dealer, recreational vehicle dealer, motorcycle dealer, used parts dealer, or wrecker or dismantler, affects the general welfare of this state and its citizens; that persons without the necessary qualifications, staff, equipment or facilities to adequately serve the public, and persons not of good character or who have or are likely to attempt to misrepresent their product or engage in fraudulent or other illegal conduct should not engage in these businesses; and that the evils may best be prevented and the interests of the public best served by requiring persons in the businesses to meet the qualifications set forth in this article and to be licensed by the Commissioner of Motor Vehicles as provided in this article.

(b) The Legislature further determines and finds that there exists a significant problem when a motor vehicle dealer goes out of business or engages in business practices that cause citizens or businesses of the affected community, as well as this state substantial financial loss. It is, therefore determined, that the creation of a dealer recovery fund is necessary as a remedial measure to allow both the state and the citizens of this state to recover any taxes which have not been properly remitted to the state and to provide financial relief to citizens, businesses and other motor vehicle dealers who have suffered financial harm through the failure of a motor vehicle dealer to properly fulfill its responsibilities such as failure to properly release liens and deliver clear title in motor vehicle transactions.

§17A-6-2a. Dealer recovery fund created.

(a) There is hereby created a special fund in the State Treasury which is to be designated the "Dealer Recovery Fund." The fund consists of certain moneys received from persons engaged in the business of selling new or used motor vehicles, new or used motorcycles, trailers, multitrailers or recreational vehicles and from grants, gifts, bequests or awards arising out of the settlement or adjudication of a claim. The fund is not to be treated by the Auditor and Treasurer as part of the general revenue of the state. The fund is to be a special revolving fund paid out upon order of the Commissioner of Motor Vehicles based on the recommendation of the Dealer Recovery Fund control board created in this section, solely for the purposes specified in this section. The commissioner may use up to one percent of funds from the Dealer Recovery Fund for the administrative expenses of operating the Dealer Recovery Fund program.

(b) The Dealer Recovery Fund control board consists of the Commissioner of Motor Vehicles or his or her designee, the Attorney General's designee representing the Office of Consumer Protection and one representative selected by the Motor Vehicle Dealer's Advisory Board. The Commissioner of Motor Vehicles or his or her designee serves as chair and the board shall meet at least once a year during the month of July, and as required by the commissioner. The board may hear claims consistent only with the purposes specified in this section. The board may recommend rejection or acceptance of a claim, in full or in part. The recommendation of the board requires a majority vote of the board. The commissioner may propose rules for promulgation in accordance with §29A-3-1 et seq. of this code that are necessary to effectuate the provisions of this section. The commissioner may employ the necessary staff needed to operate the program. The board may prorate the amount paid on claims when the aggregate amount of valid claims submitted would exceed 33 percent of the fund. However, claims presented by the Division of Motor Vehicles for taxes and fees shall be paid in full. The board may purchase insurance at a cost not to exceed one percent of the fund to cover extraordinary or excess claims from the fund.

(c) Every applicant for either an original dealer license or renewal of an existing dealer license of the type enumerated in subsection (a) of this section shall pay, in addition to any other license fee, an annual Dealer Recovery Fund fee of \$150. All dealers shall continue to maintain a surety bond as required by this article and the Dealer Recovery Fund payment unless exempt by one of the following requirements:

(1) Any dealer who, for the three years immediately preceding assessment of the fees, has not had a claim paid against their bond or against the Dealer Recovery Fund, whose license has not been suspended or revoked and who has not been assessed any civil penalties is not required to continue to keep the bond required by this article. However, no dealer can submit a claim against the fund unless it has contributed to the fund for at least three years.

(2) If the Dealer Recovery Fund reaches or exceeds the amount of \$3,000,000 as of July 1, of any year, a dealer who meets the requirements of subdivision (1) of this subsection, is

exempt from payment of the annual Dealer Recovery Fund fee. However, if the fund should, as of April 1 of any year, drop below \$3,000,000, all dealers, regardless of any previous exemption shall pay the annual dealer recovery fee of \$150. The exemption prescribed in subdivision (1) of this subsection remains in effect regardless of the status of the fund.

(d) The Dealer Recovery Fund control board may consider payment only after any dealer surety bond required pursuant to the provisions of section four of this article has been exhausted.

(e) When the fund reaches \$250,000, the board shall consider claims for payment.

(f) Claims against the fund are not to be made for any act or omission which occurred prior to July 1, 2002.

(2) Claims submitted by a retail purchaser of a vehicle from a dealer covered by the fund with an undisclosed lien or a retail purchaser of a vehicle from a dealer covered by the fund who finds that the lien on the vehicle traded in has not been satisfied by the selling dealer if the lien satisfaction was a condition of the purchase agreement;

(3) Claims submitted by a motor vehicle dealer contributing to the fund, which has purchased a vehicle or vehicles from another dealer covered by the fund with an undisclosed lien;

(4) Claims submitted by a retail purchaser of third party goods or services from a dealer covered by the fund for the unpaid charges when the dealer fails to pay the third party for the goods or services; or

(5) Claims submitted by the Division of Motor Vehicles, a retail purchaser or a motor vehicle dealer contributing to the fund, not authorized by subdivisions (1) through (4) of this subsection, but otherwise payable under the bond described in section four of this article, may be considered for payment by the board up to the amount of \$50,000 for each licensing year the West Virginia dealer that is the subject of the complaint did not maintain the bond: Provided, That the board may not consider claims submitted by or on behalf of a financial institution for money owed by a dealer upon a loan to a dealer or credit extended to a dealer that is secured by a lien upon the inventory of the dealer, commonly referred to as a floor planner.

personal injury or inconvenience, reimbursement for alternate transportation or payment for attorney fees, legal expenses, court costs or accrued interest.

The maximum claim against the fund for any new or unused vehicle is the amount of the invoice less any amounts rebated or to be rebated to the dealer from the manufacturer. Payment is only to be made to a secured party who agrees to accept payment from the Dealer Recovery Fund and who accepts the payment in full settlement of any claims, and who releases the lien and the title, if applicable, prior to receiving payment. Any dealer who agrees to accept payment from the Dealer Recovery Fund shall release the title prior to receiving payment.

No applicant with an unpaid claim is eligible for renewal or relicensure until the full amount of the reimbursement plus interest as determined by the board is paid to the fund. This section does not limit the authority of the commissioner to suspend, revoke or levy civil penalties against a dealer, nor does full repayment of the amount owed to the fund necessarily nullify or modify the effect of any action by the commissioner.

(l) This section does not limit the right of any person to seek relief through civil action against any other person.

(b) Upon application by the commissioner, the circuit courts of this state may by mandatory or prohibitory injunction compel compliance with the provisions of this article and all final orders of the commissioner or board. The court may issue a temporary injunction in any case pending a decision on the merits of any application filed.

(c) The judgment of the circuit court upon any application permitted by the provisions of this section shall be final unless reversed, vacated or modified on appeal to the Supreme Court of Appeals. Any such appeal shall be sought in the manner and within the time provided by law for appeals from circuit courts in other civil cases.

(d) The commissioner shall be represented in all such proceedings by the Attorney General or his assistants and in such proceedings in the circuit courts by the prosecuting attorneys of the several counties as well, all without additional compensation and in accordance with the provisions of said section twenty, article two of this chapter. With the written approval of the Attorney General, the commissioner may employ special counsel to represent him in any such proceeding.

§17A-6-25. Inspections; violations and penalties.

(a) The commissioner and all law-enforcement officers of the state, acting at the commissioner's request, are hereby authorized to inspect the place of business, vehicles and pertinent records, documents and papers of any person required to be licensed under the provisions of this article to the extent deemed reasonably necessary to determine compliance with and violations of this article. For the purpose of making any such inspection, the commissioner and such law-enforcement officers are authorized, at reasonable times, to enter in and upon any such place of business and any other public garage or enclosure where vehicles are sold, stored, hired or repaired.

(b) Any person who shall violate any provision of this article or any final order of the commissioner or board hereunder shall be guilty of a misdemeanor and, the provisions of article eleven of this chapter governing violations of this chapter generally shall be fully applicable thereto.

§17A-6-25a. Civil penalties.

(a) In addition to any other remedy or penalty provided by law, the commissioner may levy and collect a civil fine, in an amount not to exceed \$1,000 for each first violation, against any person who violates the provisions of this article, article six-b, article six-c or article six-d of this chapter, any of the rules or policies implemented to enforce those articles, or any lawful order of the commissioner pursuant to authority set forth in those articles. Every transaction which violates this article, article six-b, article six-c or article six-d of this chapter shall be considered a separate violation. For a second violation, being any violation occurring within three years following any previous violation for which the violator has been disciplined pursuant to section eighteen, article six of this chapter, the commissioner may levy and collect a fine in an amount not to exceed \$2,500 and for a third and subsequent violation occurring within the three-year period following the first violation, the commissioner may levy and collect a fine in an amount not to exceed \$5,000.

(b) A fine assessed under this section shall not take effect until the commissioner sends to the person against whom the penalty is assessed by certified mail, return receipt requested, a notice of violation finding that the person has committed an offense. The notice shall contain:

- (1) A statement of the offense the person committed;
- (2) A summary of the facts on which the finding of a violation was made;
- (3) The amount of the fine which is being levied; and
- (4) An order that the person:
 - (A) Cease and desist from all future violations and pay the fine; or
 - (B) Protest in writing the findings of the commissioner or the amount of the assessed fine and request a hearing.

Any request for a hearing must be received by the commissioner within thirty days after the mailing date of the notice of violation. The notice of violation may be sent to any address which the person has used on any title or license application, or other filing or record which the commissioner believes is current. Failure of any person to receive a notice of violation does not preclude the fine from taking effect. However, the commissioner shall accept as timely a request for hearing from any person who, within one year of the date the notice of violation was sent, provides satisfactory proof that he or she did not receive the notice of violation and that good cause exists to excuse his or her failure to receive the notice of violation and that he or she wishes in good faith to assert a protest to the notice of violation. The pendency of the one-year period shall not keep any penalty from taking effect, but the commissioner shall stay enforcement of the fine upon his or her acceptance of any notice filed after the thirty-day period pending the outcome of the appeal.

(c) Upon receipt of a timely request, the commissioner shall afford the person a hearing in accordance with the rules of the Division of Motor Vehicles. The commissioner, in addition to considering the evidence relied upon to prove or defend against a finding of a violation, shall also evaluate the appropriateness of the amount of the civil penalty. In making such evaluation, the commissioner shall consider:

- (1) The severity of the violation and its impact on the public;
- (2) The number of similar or related violations;
- (3) Whether the violations were willful or intentional; and
- (4) Any other facts considered appropriate.

(d) In addition to any other findings of fact or conclusions of law, the commissioner may reduce the civil penalty to a stated amount. The appellant may, at any time during the pendency of the appeal, enter into a settlement agreement with the commissioner. The settlement agreement may provide for a reduction in the penalty and may provide that the appellant does not admit a violation. The entry into a settlement agreement or the payment of any fine pursuant to a settlement agreement which states that the appellant does not admit a violation shall not amount to an admission of guilt for purposes of any criminal prosecution.

(e) Upon the expiration of all periods for protest or appeal of a notice of violation, including judicial review pursuant to section four, article five, chapter twenty-nine-a of this code, the notice of violation shall have the same force and effect and be enforceable as a judgment entered by any court of law of this state.

(f) If a corporation is found to have committed a violation against which a penalty may be assessed under this section, any officer of the corporation who is found to have knowingly and intentionally committed the violation, to have knowingly and intentionally directed another to commit the violation or to have knowingly and intentionally failed to take reasonable steps to prevent another from committing the violation, may be individually found to be in violation and assessed a civil penalty as provided by this section.

§17A-6-26. Construction.

- (a) The provisions of this article shall be liberally construed so as to effectuate its purposes.
- (b) All of the provisions of this chapter expressly stated to be applicable throughout such chapter shall be as fully applicable to this act as if they were set forth in extenso herein.

WV Legislature

§17A-6A-1. Legislative finding.

The Legislature finds and declares that the distribution and sale of motor vehicles in this state vitally affects the general economy and the public welfare and that in order to promote the public welfare and in exercise of its police power, it is necessary to regulate motor vehicle dealers, manufacturers, distributors and representatives of vehicle manufacturers and distributors doing business in this state in order to avoid undue control of the independent new motor vehicle dealer by the vehicle manufacturer or distributor and to ensure that dealers fulfill their obligations under their franchises and provide adequate and sufficient service to consumers generally, and to protect and preserve the investments and properties of the citizens and motor vehicle dealers of this state.

§17A-6A-2. Governing law.

(a) In accord with the settled public policy of this state to protect the rights of its citizens, each franchise or agreement between a manufacturer or distributor and a dealer or dealership which is located in West Virginia, or is to be performed in substantial part in West Virginia, shall be construed and governed by the laws of the State of West Virginia, regardless of the state in which it was made or executed and of any provision in the franchise or agreement to the contrary. WV Legislature

§17A-6A-4. Cancellation of dealer contract; notification.

(1) Notwithstanding any agreement, a manufacturer or distributor shall not cancel, terminate, fail to renew or refuse to continue any dealer agreement with a new motor vehicle dealer unless the manufacturer or distributor has complied with all of the following:

- (a) Satisfied the notice requirement of section seven of this article;
- (b) Acted in good faith;
- (c) Engaged in full and open communication with franchised dealer; and
- (d) Has good cause for the cancellation, termination, nonrenewal or discontinuance.

(2) Notwithstanding any agreement, good cause exists when a manufacturer or distributor can demonstrate termination is necessary due to a material breach of a reasonable term or terms of the agreement by a dealer when weighed against the interests of the dealer and the public. The burden of proof is on the manufacturer to prove good cause by a preponderance of the evidence. The interests of the dealer and the public shall include consideration of:

- (a) The relationship of the dealer's sales to the sales in the relevant market;
- (b) The investment and financial obligations of the dealer under the terms of the franchise agreement;
- (c) The effect on the public cancellation of the franchise agreement would cause;
- (d) The adequacy of the dealer's sales and service facilities, equipment, parts and personnel in relation to other dealers in the relevant market;
- (e) Whether the dealer is honoring existing warranties;
- (f) Whether the dealer is complying, or can comply within a reasonable time, with reasonable capitalization requirements; and
- (g) The dealer's overall performance under the reasonable terms of the franchise agreement. This shall include the overall fairness of the agreement terms, the enforceability of the agreement and the relative bargaining power of the parties.
- (h) Whether the manufacturer made available the appropriate volumes and type of motor vehicles to the dealer and a reasonable opportunity for sales and service training to the dealer.

(3) In addition to the requirements of subsection (2) of this section, if the failure by the new motor vehicle dealer to comply with a provision of the dealer agreement relates to the performance of the new motor vehicle dealer in sales or service, good cause exists for the

purposes of a termination, cancellation, nonrenewal or discontinuance under subsection (1) of this section when the new motor vehicle dealer failed to effectively carry out the performance provisions of the dealer agreement if all of the following have occurred:

- (a) The new motor vehicle dealer was given written notice by the manufacturer or distributor of the failure;
- (b) The notification stated that the notice of failure of performance was provided pursuant to this article;
- (c) The new motor vehicle dealer was afforded a reasonable opportunity to exert good faith efforts to carry out the dealer agreement; and
- (d) The failure continued for more than three hundred sixty days after the date notification was given pursuant to subdivision (a) of this subsection.

§17A-6A-5. Circumstances not constituting good cause.

Notwithstanding any agreement, the following alone does not constitute good cause for the termination, cancellation, nonrenewal, or discontinuance of a dealer agreement under §17A-6A-4 of this code.

(1) A change in ownership of the new motor vehicle dealer's dealership. This section does not authorize any change in ownership which would have the effect of a sale or an assignment of the dealer agreement or a change in the principal management of the dealership without the manufacturer's or distributor's prior written consent which may not be unreasonably or untimely withheld.

(2) The refusal of the new motor vehicle dealer to purchase or accept delivery of any new motor vehicle parts, accessories, or any other commodity or services not ordered by the new motor vehicle dealer.

(3) The fact that the new motor vehicle dealer owns, has an investment in, participates in the management of, or holds a dealer agreement for the sale of another make or line of new motor vehicles, or that the new motor vehicle dealer has established another make or line of new motor vehicles in the same dealership facilities as those of the manufacturer or distributor: *Provided*, That the new motor vehicle dealer maintains a reasonable line of credit for each make or line of new motor vehicles, and that the new motor vehicle dealer remains in substantial compliance with the terms and conditions of the dealer agreement and with any reasonable facilities' requirements of the manufacturer or distributor.

(4) The fact that the new motor vehicle dealer designates as an executive manager or sells or transfers ownership of the dealership or sells or transfers capital stock in the dealership to the new motor vehicle dealer's spouse, son, or daughter: *Provided*, That the sale or transfer shall not have the effect of a sale or an assignment of the dealer agreement or a change in the principal management of the dealership without the manufacturer's or distributor's prior written consent, which may not be unreasonably or untimely withheld or refused in a manner inconsistent with §17A-6A-11 of this code.

(5) This section does not apply to any voluntary agreement entered into after a disagreement or civil action has arisen for which the dealer has accepted separate and valuable consideration. Any prospective agreement is void as a matter of law.

§17A-6A-6. Burden of proof.

For each termination, cancellation, nonrenewal or discontinuance, the manufacturer or distributor has the burden of proof by a preponderance of the evidence for showing that he or she has acted in good faith, that the notice requirement has been complied with and that there was good cause by a preponderance of the evidence for the termination, cancellation, nonrenewal or discontinuance.

WV Legislature

§17A-6A-7. Notice provisions.

Notwithstanding any agreement, prior to the termination, cancellation, nonrenewal or discontinuance of any dealer agreement, the manufacturer or distributor shall furnish notice of the termination, cancellation, nonrenewal or discontinuance to the new motor vehicle dealer as follows:

(a) Except as otherwise provided in this section, notice shall be made not less than one hundred twenty days prior to the effective date of the termination, cancellation, nonrenewal or discontinuance.

(b) Notice shall be by certified mail with restrictive delivery to the new motor vehicle dealer principal and shall contain the following:

(1) A statement of intention to terminate, cancel, not renew or discontinue the dealer agreement;

(2) A detailed written statement of all reasons for the termination, cancellation, nonrenewal or discontinuance. The statement shall include, at a minimum, a complete explanation of each reason upon which the manufacturer or distributor relies to support its proposed action, along with all supporting documentation which is material to the proposed action and available to the manufacturer or distributor at the time of termination, cancellation, nonrenewal or discontinuance; and

(3) The date on which the termination, cancellation, nonrenewal or discontinuance takes effect.

(c) Notwithstanding subdivision (a) of this subsection, notice shall be made not less than thirty days prior to the effective date of the termination, cancellation, nonrenewal or discontinuance for any of the following reasons:

(1) Insolvency of the new motor vehicle dealer or the filing of any petition by or against the new motor vehicle dealer under any bankruptcy or receivership law;

(2) Failure of the new motor vehicle dealer to conduct his or her customary sales and service operations during his or her customary business hours for seven consecutive business days;

(3) Conviction of the new motor vehicle dealer or its principal owners of a crime, but only if the crime is punishable by imprisonment in excess of one year under the law under which the dealer was convicted or the crime involved theft, dishonesty or false statement regardless of the punishment;

(4) Revocation of a motor vehicle dealership license in accordance with section eighteen, article six of this chapter; or

(5) A fraudulent misrepresentation by the new motor vehicle dealer to the manufacturer or

distributor, which is material to the dealer agreement.

(d) Notwithstanding subdivision (a) of this subsection, notice shall be made not less than twelve months prior to the effective date of a termination, cancellation, nonrenewal or discontinuance if a manufacturer or distributor discontinues production of the new motor vehicle dealer's product line or discontinues distribution of the product line in this state.

(e) Except as provided in subdivision (c) of this subsection, any motor vehicle dealer who receives a notice of intent to discontinue, cancel or not renew a dealer agreement may, within a one hundred twenty-day notice period, file a petition or complaint for a determination of whether such action is an unfair or prohibited discontinuation, cancellation or nonrenewal. Dealer agreements and certificates of appointment shall continue in effect until a final determination of the issues raised in such petition or complaint by the motor vehicle dealer. A discontinuance, cancellation or nonrenewal is unfair if it is:

(1) Not clearly permitted by the dealer agreement;

(2) Not undertaken for good cause; or

(3) Is based on an alleged breach of the franchise agreement which is not in fact a material and substantial breach.

(f) No replacement dealer shall be named for this point or location to engage in business and the dealer's agreement shall remain in effect until a final judgement is entered after all appeals are exhausted: Provided, That when a motor vehicle dealer appeals a decision upholding a discontinuation, cancellation or nonrenewal under subdivisions (f) and (g) of this section, the dealer agreement shall remain in effect pending exhaustion of all appeals only if the motor vehicle dealer establishes a likelihood of success on appeal and that the public interest will not be harmed by keeping the dealer agreement in effect pending entry of final judgement after such appeal.

(g) If a transfer of ownership is proposed after a notice to discontinue, cancel or not renew a dealer agreement is received but, prior to the final determination, including exhaustion of all appellate remedies of a motor vehicle dealer's complaint or petition contesting such action, the termination proceedings shall be stayed, without bond, during the period the transfer is being reviewed by the manufacturer or distributor. During the period that the transfer is being reviewed by the manufacturer or distributor, the dealer agreement shall remain in full force and effect, and the motor vehicle dealer shall retain all rights and remedies pursuant to the terms and conditions of the dealer agreement and applicable law. This shall include, but is not limited to, all rights of transfer under subdivision (2), section ten, article six-a, chapter seventeen of this code until such time as the manufacturer or distributor has accepted or rejected the proposed transfer. If the proposed transfer is rejected, the motor vehicle dealer shall retain all of its rights pursuant to section sixteen of said article to a judicial determination as to whether the manufacturer or distributor's rejection is in compliance with the provisions of subdivision (2), section ten of said article and during the

pendency of such judicial proceeding, and any related appellate proceedings, the termination proceedings shall remain stayed without bond, the dealer agreement shall remain in full force and effect and the motor vehicle dealer shall retain all rights and remedies pursuant to the terms and conditions of the dealer agreement and applicable law including all rights of transfer. If a transfer is approved by the manufacturer or distributor or mandated by law, the termination proceedings shall be dismissed with prejudice as moot.

WV Legislature

§17A-6A-8. Reasonable compensation to dealer.

(1) Upon the termination, cancellation, nonrenewal or discontinuance of any dealer agreement, the new motor vehicle dealer shall be allowed fair and reasonable compensation by the manufacturer or distributor for the following:

(a) Any new motor vehicle inventory, manufactured for sale in the United States, purchased from the manufacturer, distributor or other dealers, in the ordinary course of business, which has not been materially altered, substantially damaged or driven for more than one thousand miles, except that for any new motorcycle, new all-terrain vehicle or utility terrain vehicle inventory, including motorhomes and travel trailers, regardless of gross vehicle weight, purchased from the manufacturer or distributor, that inventory must not have been materially altered, substantially damaged or driven for more than fifty miles and for motor vehicles with a rating greater than twenty-six thousand one pounds gross vehicle weight driven no more than five thousand miles. For purposes of a school bus, truck tractor, road tractor or truck, materially altered does not include dealer add-ons, such as, but not limited to, racks, mud flaps, fifth wheel assemblies, dump or tank bodies;

(b) Supplies and parts inventory purchased at the published list price purchased from, or at the direction of, the manufacturer or distributor. Parts shall be restricted to those listed in the manufacturer's or distributor's current parts catalog;

(c) Equipment, special tools, furnishings and signs purchased or leased from, or at the direction of, the manufacturer or distributor; and

(d) Special computer software, hardware, license fees and other programs mandated by the manufacturer to provide training or communication with the manufacturer.

(2) Upon the termination, cancellation, nonrenewal or discontinuance of a dealer agreement by the manufacturer or distributor, the manufacturer or distributor shall also pay to the new motor vehicle dealer a sum equal to the current, fair rental value of his or her established place of business for a period of three years from the effective date of termination, cancellation, nonrenewal or discontinuance, or the remainder of the lease, whichever is less. If the dealer, directly or indirectly, owns the dealership facility, the manufacturer shall pay the dealer a sum equal to the reasonable rental value of the dealership premises for three years. However, the dealer shall have the obligation to mitigate his or her damages, including, but not limited to, listing the facility with a commercial real estate agent and other reasonable steps to sell or lease the property. During this three-year period the manufacturer shall have the right to occupy and use the facilities until such time as the dealer is able to otherwise sell or lease the property to another party. The payment required by this subsection does not apply to any termination, cancellation, nonrenewal or discontinuance made pursuant to subsection (c), section seven of this article.

(3) In addition to the items listed in subsections (1) and (2) of this section, the termination, cancellation or nonrenewal where the manufacturer or distributor is discontinuing the sale

of a product line, the manufacturer or distributor shall pay or provide to the motor vehicle dealer:

- (a) Support of the manufacturer's or distributor's warranty obligations by making parts available and compensating dealers for warranty parts and labor for five years: Provided, That the motor vehicle dealer has adequate facilities, trained personnel and equipment to perform warranty repairs;
- (b) Any actual damages that can be proven by a dealer by a preponderance of the evidence;
- (c) Any costs the dealer incurred for facility upgrades or alternations required by the manufacturer, distributor or factory branch within the previous five years; and
- (d) Within forty-five days after termination, dealer shall submit evidence of items to the manufacturer in accordance with reasonable manufacturer requirements. The manufacturer shall have thirty days from receipt of this evidence to note any objection. If not objected thereto, payment by the manufacturer to the dealer shall be made within thirty days. Thereafter, interest accumulates at the rate of the Fifth Federal Reserve District's secondary discount rate in effect on January 2 of the year in which payment is due plus five percentage points. If a dispute arises over the sufficiency of any evidence or an amount submitted, when interest begins to accumulate will be determined in accordance with West Virginia common law.

§17A-6A-8a. Compensation to dealers for service rendered.

(a) Every motor vehicle manufacturer, distributor, or wholesaler, factory branch or distributor branch, or officer, agent, or representative thereof, shall:

(1) Specify in writing to each of its dealers, the dealer's obligation for delivery, preparation, warranty, and factory recall services on its products;

(2) Compensate the motor vehicle dealer for warranty and factory recall service required of the dealer by the manufacturer, distributor or wholesaler, factory branch or distributor branch, or officer, agent, or representative thereof;

(3) Provide the dealer the schedule of compensation, which shall be reasonable, to be paid the dealer for parts, work, and service, including reasonable and adequate allowances for diagnostic time, including time communicating with the manufacturer, necessary for a qualified technician to perform the service, in connection with warranty and recall services and the time allowance for the performance of the diagnosis, work, and service. If a disagreement arises between the manufacturer, distributor, or wholesaler, factory branch or distributor branch, and the dealer about the time allowance for the performance of the diagnosis, work, or service, the dealer shall submit a written request for modification of the time allowance, which shall be presumed reasonable. A manufacturer, distributor, or wholesaler, factory branch, or distributor branch shall not unreasonably deny a written request submitted by a new motor vehicle dealer for modification of a time allowance for a specific warranty repair, or a request submitted by a dealer for an additional time allowance for either diagnostic or repair work on a specific vehicle covered under warranty, provided the request includes any information and documentation reasonably required by the manufacturer, distributor, or wholesaler, factory branch, or distributor branch to assess the merits of the request; and

(4) Provide compensation to a new motor vehicle dealer for assistance requested by a retail buyer or lessee whose vehicle was subjected to an over-the-air or remote change, repair, or update to any part, system, accessory, or function by the vehicle manufacturer or distributor, and performed at the dealership to satisfy the customer.

(b) In no event may:

(1) The schedule of compensation fail to compensate the dealers for the diagnosis, work, and services they are required to perform in connection with the dealer's delivery and preparation obligations, or fail to adequately and fairly compensate the dealers for labor, time, or rate, parts, and other expenses incurred by the dealer to perform under and comply with manufacturer's warranty agreements and factory recalls;

(2) Any manufacturer, distributor, or wholesaler, or representative thereof, pay its dealers an amount of money for warranty or recall work that is less than that charged by the dealer to the retail customers of the dealer for nonwarranty and nonrecall work of the like kind;

and

(3) Any manufacturer, distributor, or wholesaler, or representative thereof, compensate for warranty and recall work based on a flat-rate figure that is less than what the dealer charges for retail work.

(c) It is a violation of this section for any manufacturer, distributor, wholesaler, or representative to require any dealer to pay in any manner, surcharges, limited allocation, audits, charge backs, or other retaliation if the dealer seeks to recover its nonwarranty retail rate for warranty and recall work.

(d) The retail rate charged by the dealer for parts is established by the dealer submitting to the manufacturer or distributor 100 sequential nonwarranty customer-paid service repair orders that contain warranty-like parts or 90 consecutive days of nonwarranty customer-paid service repair orders that contain warranty-like parts covering repairs made no more than 180 days before the submission and declaring the average percentage markup. A dealer may decide to submit a single set of repair orders for the purpose of calculating both the labor rate and parts markup or submit separate sets of repair orders for a labor rate and parts markup calculation.

(e) The retail rate customarily charged by the dealer for labor rate shall be established using the same process as provided under subsection (d) of this section and declaring the average labor rate. The average labor rate shall be determined by dividing the amount of the dealer's total labor sales by the number of total hours that generated those sales. If a labor rate and parts markup rate are simultaneously declared by the dealer, the dealer may use the same repair orders to complete each calculation as provided under subsection (d) of this section. A reasonable allowance for labor for diagnostic time shall be either included in the manufacturer's labor time allowance or listed as a separate compensable item. A dealer may request additional time allowance for either diagnostic or repair time for a specific repair. The request shall not be unreasonably denied by the manufacturer.

(f) In calculating the retail rate customarily charged by the dealer for parts and labor, the following work may not be included in the calculation:

(1) Repairs for manufacturer or distributor special events, specials, or promotional discounts for customer repairs;

(2) Parts sold at wholesale;

(3) Routine maintenance not covered under any retail customer warranty, including bulbs, batteries, fluids, filters, and belts not provided in the course of repairs;

(4) Nuts, bolts, fasteners, and similar items that do not have an individual part number;

(5) Tires; and

(6) Vehicle reconditioning.

(g) The average of the parts markup rates and labor rate is presumed to be reasonable and goes into effect 30 days following the manufacturer's approval. A manufacturer or distributor must approve or rebut the presumption by demonstrating that the submitted parts markup rate or labor rate is: (1) Fraudulent or inaccurate; (2) not established in accordance with this section; or (3) unreasonable in light of the practices of all other same line-make dealers in an economically similar area of the state offering the same line-make vehicles, not later than 30 days after the dealer's submission, or the dealer's submission shall be considered approved. If the average parts markup rate or average labor rate is disputed by the manufacturer or distributor, the manufacturer or distributor shall provide written notice to the new motor vehicle dealer stating the specific reasons for the rebuttal, providing a full explanation of the reasons for the allegation, and providing a copy of all calculations used by the manufacturer or distributor in determining the manufacturer or distributor's position. If the manufacturer's or distributor's objection is based on the accuracy or reasonableness of the dealer's rate submission, the manufacturer or distributor shall propose an adjustment of the average percentage parts markup or labor rate based on that rebuttal not later than 30 days after the dealer's submission. If the dealer does not agree with the manufacturer's proposed average percentage parts markup or labor rate, the dealer may file a civil action in the circuit court for the county in which it operates not later than 90 days after dealer's receipt of the written notice of rebuttal or adjustment by the manufacturer or distributor. In the event a civil action is filed, the manufacturer or distributor has the burden of proof to establish, by a preponderance of the evidence, that the dealer's submitted parts markup rate or labor rate was fraudulent, inaccurate, not established in accordance with this section, or is unreasonable in light of the practices of all other same line-make dealers in an economically similar area of the state offering the same line-make vehicles.

(h) Each manufacturer, in establishing a schedule of compensation for warranty work, shall rely on the dealer's declaration of hourly labor rates and parts as stated in subsections (d), (e), and (f) of this section and may not obligate any dealer to engage in unduly burdensome or time-consuming documentation of rates or parts, including obligating dealers to engage in transaction-by-transaction or part-by-part calculations.

(i) A dealer or manufacturer may demand that the average parts markup or average labor rate be calculated using the process provided under subsections (d) and (e) of this section; however, the demand for the average parts markup may not be made within 12 months of the last parts markup declaration and the demand for the average labor rate may not be made within 12 months of the last labor rate declaration. If a parts markup or labor rate is demanded by the dealer or manufacturer, the dealer shall determine the repair orders to be included in the calculation under subsections (d) and (e) of this section.

(j) As it applies to a school bus, truck tractor, road tractor, and truck as defined in §17A-1-1 of this code, with a gross vehicle weight in excess of 26,001 pounds, the manufacturer, distributor and/or original equipment manufacturer supplier shall pay the dealer its incurred

actual time at the retail labor rate for retrieving a motor vehicle and returning a motor vehicle to the dealer's designated parking area. The dealer shall be paid \$50 minimum for each operation that requires the use of each electronic tool (i.e. laptop computer). The manufacturer or distributor may not reduce what is paid to a dealer for this retrieval or return time, or for the electronic tool charge. The dealer is allowed to add to a completed warranty repair order three hours for every 24 hours the manufacturer, distributor, and/or original equipment manufacturer supplier makes the dealer stop working on a vehicle while the manufacturer, distributor, and/or original equipment manufacturer supplier decides how it wants the dealer to proceed with the repairs.

(k) All claims made by dealers pursuant to this section for compensation for delivery, preparation, warranty, and recall work, including labor, parts, and other expenses, shall be paid by the manufacturer within 30 days after approval and shall be approved or disapproved by the manufacturer within 30 days after receipt. When any claim is disapproved, the dealer shall be notified in writing of the grounds for disapproval. A claim which has been approved and paid may not be charged back to the dealer unless it can be shown that the claim was false or fraudulent, that the repairs were not properly made or were unnecessary to correct the defective condition, or the dealer failed to reasonably substantiate the claim in accordance with the reasonable written requirements of the manufacturer or distributor in effect at the time the claim arose. Charge back may not be made until the dealer has had notice and an opportunity to support the claim in question. An otherwise valid reimbursement claim may not be denied once properly submitted within manufacturers' submission guidelines due to a clerical error or omission, a dealer's incidental failure to comply with a specific non-material claim processing requirement or administrative technicality, or based on a different level of technician technical certification or the dealer's failure to subscribe to any manufacturer's computerized training programs. The dealer has 30 days to respond to any audit by a manufacturer or distributor.

(l) Notwithstanding the terms of a dealer agreement or provision of law in conflict with this section, the dealer's delivery, preparation, warranty, and recall obligations constitute the dealer's sole responsibility for product liability between the dealer and manufacturer. Except for a loss caused by the dealer's failure to adhere to the obligations or a loss caused by the dealer's negligence or intentional misconduct or a loss caused by the dealer's modification of a product without manufacturer authorization, the manufacturer shall reimburse the dealer for all loss incurred by the dealer, including legal fees, court costs, and damages, as a result of the dealer having been named a party in a product liability action.

(m) When calculating the compensation that must be provided to a new motor vehicle dealer for labor and parts used to fulfill a warranty and recall obligations under this section, all of the following apply:

(1) The manufacturer shall use time allowances for the diagnosis and performance of the warranty and recall work and services that are reasonable and adequate for the work or services to be performed by a qualified technician.

(2) At the request of the dealer, the manufacturer shall use any retail labor rate and any retail parts markup percentage established in accordance with this section in calculating the compensation;

(3) If the manufacturer provided a part or component to the dealer at no cost to use in performing repairs under a recall, campaign service action, or warranty repair, the manufacturer shall provide to the dealer an amount equal to the retail parts markup for that part or component, which shall be calculated by multiplying the dealer cost for the part or component as listed in the manufacturer's price schedule by the retail parts markup percentage; and

(4) A manufacturer shall not assess penalties, surcharges, or similar costs to a dealer, transfer or shift any costs to a dealer, limit allocation of vehicles or parts to a dealer, or otherwise take retaliatory action against a dealer based on any dealer's exercise of its rights under this section. This section does not prohibit a manufacturer or distributor from increasing the price of a vehicle or part in the ordinary course of business.

§17A-6A-9. Payment of compensation.

(1) Compensation for new motor vehicle inventory under subdivision (a), subsection (1), section eight of this article shall be paid within sixty days after the effective date of the termination, cancellation, nonrenewal or discontinuance. Compensation for items of personal property required by subdivisions (b), (c) and (d), subsection (1), section eight of this article shall be paid within sixty days after the effective date of the termination, cancellation, nonrenewal or discontinuance. The new motor vehicle dealer will meet all reasonable requirements of the dealer agreement with respect to the return of the repurchased personal property, including providing clear title.

(2) Reasonable compensation pursuant to subdivision (a), subsection (1), section eight of this article may not be less than the new motor vehicle dealer's net acquisition cost, including any special promotions ordered by the manufacturer, such as advertising charges. Reasonable compensation pursuant to subdivision (b) of said subsection shall be the amount stated in the manufacturer's or distributor's current parts price list. Reasonable compensation pursuant to subdivisions (c) and (d) of said subsection shall be the fair market value of the personal property determined by a five-year straight line depreciation schedule.

(3) In the event payment is not made within ninety days as provided in subsection (1) of this section, interest shall accumulate at the rate of the Fifth Federal Reserve District's secondary discount rate in effect on January 2 of the year in which payment is due plus five percentage points. In determining when interest begins to accumulate, the court may consider whether the dealer reasonably complied with the reasonable manufacturer's submission requirements and the reasonableness of the manufacturer's determinations in refusing or delaying payment to the dealer.

§17A-6A-10. Prohibited practices.

(a) A manufacturer or distributor may not require any dealer in this state to do any of the following:

(1) Order or accept delivery of any new motor vehicle, part or accessory of the vehicle, equipment, or any other commodity not required by law which was not voluntarily ordered by the dealer. This section does not prevent the manufacturer or distributor from requiring that dealers carry a reasonable inventory of models offered for sale by the manufacturer or distributor;

(2) Order or accept delivery of any new motor vehicle with special features, accessories, or equipment not included in the list price of the new motor vehicle as publicly advertised by the manufacturer or distributor;

(3) Unreasonably participate monetarily in any advertising campaign or contest, or purchase any promotional materials, display devices, display decorations, brand signs and dealer identification, nondiagnostic computer equipment and displays, or other materials at the expense of the dealer;

(4) Enter into any agreement with the manufacturer or distributor or do any other act prejudicial to the dealer by threatening to terminate a dealer agreement, limit inventory, invoke sales and service warranty, or other types of audits or any contractual agreement or understanding existing between the dealer and the manufacturer or distributor, or any manufacturer or distributor's required or designated vendor or supplier. Notice in good faith to any dealer of the dealer's violation of any terms or provisions of the dealer agreement is not a violation of this article;

(5) Change the capital structure or financial requirements of the new motor vehicle dealership without reasonable business justification in light of the dealer's market, historical performance, and compliance with prior capital structure or financial requirements and business necessity, or the means by or through which the dealer finances the operation of the dealership if the dealership at all times meets any reasonable capital standards determined by the manufacturer in accordance with uniformly applied criteria. The burden of proof is on the manufacturer to prove business justification by a preponderance of the evidence;

(6) Refrain from participation in the management of, investment in, or the acquisition of any other line of new motor vehicle or related products: *Provided*, That the dealer maintains a reasonable line of credit for each make or line of vehicle, remains in compliance with reasonable facilities requirements, and makes no change in the principal management of the dealer. Notwithstanding the terms of any dealer agreement, a manufacturer or distributor may not enforce any requirements, including facility or image requirements, that a dealer establish or maintain exclusive facilities, personnel, or display space, when the requirements are unreasonable considering current economic conditions and are not otherwise justified by

reasonable business considerations. The burden of proving that current economic conditions or reasonable business considerations justify such actions is on the manufacturer or distributor and must be proven by a preponderance of the evidence;

(7) Change the location of the new motor vehicle dealership or make any substantial alterations to the dealership premises, where to do so would be unreasonable. The burden is on the manufacturer or distributor to prove reasonableness by a preponderance of the evidence;

(8) Prospectively assent to a waiver of trial by jury release, arbitration, assignment, novation, waiver, or estoppel which would relieve any person from liability imposed by this article or require any controversy between a dealer and a manufacturer or distributor to be referred to a person other than the duly constituted courts of this state or the United States District Courts of the Northern or Southern Districts of West Virginia. Nothing in this article prevents a dealer, after a civil action is filed, from entering into any agreement of settlement, arbitration, assignment, or waiver of a trial by jury;

(9) Coerce or require any dealer, whether by agreement, program, incentive provision, or otherwise, to construct improvements to its facilities or to install new signs, or other franchisor image elements that replace or substantially alter those improvements, signs, or franchisor image elements completed within the preceding 15 years that were required and approved by the manufacturer, factory branch, distributor or distributor branch, or one of its affiliates. If a manufacturer, factory branch, distributor, or distributor branch offers incentives or other payments to a retail buyer, lessee, or dealer paid on individual new motor vehicle sales or leases under a program offered after the effective date of this subdivision that are available to more than one dealer in the state that are premised, wholly or in part, on dealer facility improvements or installation of franchisor image elements required by and approved by the manufacturer, factory branch, distributor, or distributor branch, and completed within 15 years preceding the program, the dealer is determined to be in compliance with the program requirements pertaining to construction of facilities or installation of signs or other franchisor image elements that would replace or substantially alter those previously constructed or installed within that 15-year period: *Provided*, That the provisions of this subdivision apply to any dealer who obtains ownership, either through a stock purchase, asset purchase or other means, of a new motor vehicle dealership which has met the requirements of this subdivision within the 15-year period set forth in this subdivision, unless the dealer selling the new motor vehicle dealership has signed an agreement with the manufacturer agreeing to dealer facility improvements or the installation of franchisor image elements prior to an agreement to transfer ownership to a subsequent dealer. This subdivision shall not apply to a program that is in effect with more than one dealer in the state on the effective date of this subsection, nor to any renewal of the program, nor to a modification that is not a modification of a material term or condition of the program;

(10) Condition the award, sale, transfer, relocation, or renewal of a dealer agreement, or to condition sales, service, parts, or finance incentives upon site control or an agreement to

renovate or make substantial improvements to a facility: *Provided*, That voluntary and noncoerced acceptance of such conditions by the dealer in writing, including, but not limited to, a written agreement for which the dealer has accepted separate and valuable consideration, does not constitute a violation;

(11) Enter into a contractual requirement imposed by the manufacturer, distributor, or a captive finance source as follows:

(A) In this section, "captive finance source" means any financial source that provides automotive-related loans or purchases retail installment contracts or lease contracts for motor vehicles in this state and is, directly or indirectly, owned, operated, or controlled by the manufacturer, factory branch, distributor or distributor branch.

(B) It is unlawful for any manufacturer, factory branch, captive finance source, distributor or distributor branch, or any field representative, officer, agent, or any representative of them, notwithstanding the terms, provisions, or conditions of any dealer agreement, to require any of its dealers located in this state to agree to any terms, conditions, or requirements in subdivisions (1) through (10), inclusive, of this subsection in order for the dealer to sell to any captive finance source any retail installment contract, loan, or lease of any new motor vehicles purchased or leased by any of the dealer's customers, or to be able to participate in, or otherwise, directly or indirectly, obtain the benefits of the retail buyer or lessee transaction incentive program payable to the retail buyer, lessee, or the dealer and offered by or through any captive finance source as to that incentive program.

(C) The applicability of this section is not affected by a choice of law clause in any agreement, waiver, novation, or any other written instrument.

(D) It is unlawful for a manufacturer or distributor to use any subsidiary corporation, affiliated corporation, or any other controlled corporation, partnership, association, or person to accomplish what would otherwise be illegal conduct under this section on the part of the manufacturer or distributor; or

(12) Agree to any term or provision in the dealer agreement which gives a manufacturer or distributor the right to unilaterally amend the dealer agreement governing the operation and business of a dealer, including, but not limited to, the purchase, sale, lease, or service of new motor vehicles except as provided for in this article. That term or provision is considered null and void. Any amendment to a dealer agreement governing the purchase, sale, lease, or service of new motor vehicles must be agreed upon by both the manufacturer, factory branch, distributor, or distributor branch and the dealer at the time the dealer agreement is amended.

(b) A manufacturer or distributor may not do any of the following:

(1) Fail to deliver new motor vehicles or new motor vehicle parts or accessories within a reasonable time and in reasonable quantities relative to the dealer's market area and

facilities, unless the failure is caused by acts or occurrences beyond the control of the manufacturer or distributor, or unless the failure results from an order by the dealer in excess of quantities reasonably and fairly allocated by the manufacturer or distributor. A manufacturer or distributor may not penalize a dealer for an alleged failure to meet sales quotas where the alleged failure is due to actions of the manufacturer or distributor;

(2) Refuse to offer to its same line-make dealers all models manufactured for that line-make, including, but not limited to, any model that contains a separate label or badge indicating an upgraded version of the same model regardless of the new motor vehicle's means of propulsion: *Provided*, That the dealer meets any reasonable sales, warranty service repair, and recall standards established by the manufacturer or distributor. This prohibition includes a new line make established by a manufacturer with a dealer agreement in this state, or a subsidiary thereof, or a company affiliated through ownership of the manufacturer, factory branch, distributor, or distributor branch of at least 25 percent of the equity of the company. This provision does not apply to motorhome, travel trailer, or fold-down camping trailer manufacturers;

(3) Require as a prerequisite to receiving a model or series of new motor vehicles, that a dealer pay an extra unreasonable acquisition fee or surcharge, or purchase unreasonable advertising displays or other materials, or conduct unreasonable facility or image remodeling, renovation, or reconditioning of the dealer's facilities, or any other type of unreasonable upgrade requirement;

(4) Use new motor vehicles in transit but not yet in the dealer's physical possession in any sales effective or efficiency formula to the detriment of the dealer;

(5) Refuse to disclose to a dealer the method and manner of distribution of new motor vehicles by the manufacturer or distributor, including any numerical calculation or formula used, nationally or within the dealer's market, to make the allocations within 30 days of a request. Any information or documentation provided by the manufacturer may be subject to a reasonable confidentiality agreement;

(6) Refuse to disclose to a dealer the total number of new motor vehicles of a given model, which the manufacturer or distributor has sold during the current model year within the dealer's marketing district, zone, or region, whichever geographical area is the smallest within 30 days of a request;

(7) Increase prices of new motor vehicles which the dealer had ordered and then eventually delivered to the same retail buyer or lessee for whom the vehicle was ordered if the order was made prior to the dealer's receipt of the written official price increase notification. A sales contract signed by a private retail consumer and binding on the dealer which has been submitted to the vehicle manufacturer is evidence of each order. In the event of manufacturer or distributor price reductions or cash rebates, the amount of any reduction or rebate received by a dealer shall be passed on to the private retail buyer or lessee by the dealer. Any price reduction in excess of \$5 shall apply to all new motor vehicles in the

dealer's inventory which were subject to the price reduction. A price difference applicable to new model or series motor vehicles at the time of the introduction of the new models or the series is not a price increase or price decrease. This subdivision does not apply to price changes caused by the following:

(A) The addition to a motor vehicle of required or optional equipment pursuant to state or federal law;

(B) In the case of foreign-made vehicles or components, revaluation of the United States dollar; or

(C) Any increase in transportation charges due to an increase in rates charged by a common carrier and transporters;

(8) Offer any refunds or other types of inducements to any dealer for the purchase of new motor vehicles of a certain line-make to be sold to this state or any political subdivision of this state without making the same offer available upon request to all other new motor vehicle dealers of the same line-make;

(9) Release to an outside party, except under subpoena or in an administrative or judicial proceeding to which the dealer or the manufacturer or distributor are parties, any business, financial, or personal information which has been provided by the dealer to the manufacturer or distributor, unless the dealer gives his or her written consent;

(10) Deny a dealer the right to associate with another dealer for any lawful purpose;

(11) Establish, operate, or engage in the business of a new motor vehicle dealership. A manufacturer or distributor is not considered to have established, operated, or engaged in the business of a new motor vehicle dealership if the manufacturer or distributor is:

(A) Operating a preexisting dealership temporarily for a reasonable period;

(B) Operating a preexisting dealership which is for sale at a reasonable price; or

(C) Operating a dealership with another person who has made a significant investment in the dealership and who will acquire full ownership of the dealership under reasonable terms and conditions;

(12) A manufacturer may not, except as provided by this section, directly or indirectly:

(A) Own an interest in a dealer or dealership: *Provided*, That a manufacturer may own stock in a publicly held company solely for investment purposes;

(B) Operate a new or used motor vehicle dealership, including, but not limited to, displaying a motor vehicle intended to facilitate the sale of new motor vehicles other than through dealers, unless the display is part of an automobile trade show that more than two motor

vehicle manufacturers participate in; or

(C) Act in the capacity of a new motor vehicle dealer;

(13) A manufacturer or distributor may own an interest in a dealer, or otherwise control a dealership, for a period not to exceed 12 months from the date the manufacturer or distributor acquires the dealership if:

(A) The person from whom the manufacturer or distributor acquired the dealership was a dealer; and

(B) The dealership is for sale by the manufacturer or distributor at a reasonable price and on reasonable terms and conditions;

(14) The 12-month period may be extended for an additional 12 months. Notice of any extension of the original 12-month period must be given to any dealer of the same line-make whose dealership is located in the same county, or within 20 air miles of, the dealership owned or controlled by the manufacturer or distributor prior to the expiration of the original 12-month period. Any dealer receiving the notice may protest the proposed extension within 30 days of receiving notice by bringing a declaratory judgment action in the circuit court for the county in which the dealer is located to determine whether good cause exists for the extension;

(15) For the purpose of broadening the diversity of its dealer body and enhancing opportunities for qualified persons who are part of a group who have historically been under represented in its dealer body, or other qualified persons who lack the resources to purchase a dealership outright, but for no other purpose, a manufacturer or distributor may temporarily own an interest in a dealership if the manufacturer's or distributor's participation in the dealership is in a bona fide relationship with a dealer who:

(A) Has made a significant investment in the dealership, subject to loss;

(B) Has an ownership interest in the dealership; and

(C) Operates the dealership under a plan to acquire full ownership of the dealership within a reasonable time and under reasonable terms and conditions;

(16) Unreasonably withhold consent to the sale, transfer, or exchange of the dealership to a qualified buyer capable of being licensed as a new motor vehicle dealer in this state;

(17) Fail to respond in writing to a request for consent to a sale, transfer, or exchange of a dealership within 60 days after receipt of a written application from the dealer on the forms generally used by the manufacturer or distributor for that purpose and containing the information required in the application. Failure to respond to the request within the 60 days is consent;

(18) Unfairly prevent a dealer from receiving reasonable compensation for the value of the new motor vehicle dealership;

(19) Audit any dealer in this state for warranty parts or warranty service compensation, service compensation, service or sales incentives, manufacturer rebates, or other forms of sales incentive compensation more than 12 months after the claim for payment or reimbursement has been made by the dealer. A charge back may not be made until the dealer has had notice and an opportunity to support the claim in question within 30 days of receiving notice of the charge back. An otherwise valid reimbursement claim may not be denied once properly submitted in accordance with material and reasonable manufacturer guidelines unless the factory can show that the claim was false or fraudulent, or that the dealer failed to reasonably substantiate the claim consistent with the manufacturer's written, reasonable, and material guidelines. This subsection does not apply where a claim is fraudulent. In addition, the manufacturer or distributor is responsible for reimbursing the audited dealer for all documented copying, postage, and administrative and personnel costs reasonably incurred by the dealer during the audit. Any charges to a dealer as a result of the audit shall be separately billed to the dealer;

(20) Restrict or attempt to restrict a dealer's ownership of a dealership through noncompetition covenants, site control, sublease, collateral pledge of lease, right of first refusal, or option to purchase;

(21) Except for experimental low-volume not-for-retail sale vehicles, cause warranty and recall repair work to be performed by any entity other than a dealer;

(22) Make any material or unreasonable change to the dealer's area of responsibility without giving the dealer written notice, by certified mail of the change at least 60 days prior to the effective date of the change which shall include an explanation of the basis for the alteration. Upon written request from the dealer, this explanation shall include, but is not limited to, a reasonable and commercially acceptable copy of all information, data, evaluations, and methodology relied on or based its decision on, to propose the change to the dealer's area of responsibility. Any information or documentation provided by the manufacturer or distributor may be produced subject to a reasonable confidentiality agreement. At any time prior to the effective date of an alteration of a dealer's area of responsibility, and after the completion of any internal appeal process pursuant to the manufacturer's or distributor's policy manual, the dealer may petition the court to enjoin or prohibit the alteration within 30 days of receipt of the manufacturer's internal appeal process decision. The court shall enjoin or prohibit the alteration of a dealer's area of responsibility unless the manufacturer shows, by a preponderance of the evidence, that the alteration is reasonable and justifiable in light of market conditions. If a motor vehicle dealer petitions the court, an alteration to a dealer's area of responsibility shall not become effective until a final determination by the court. If a dealer's area of responsibility is altered, the manufacturer shall allow 24 months for the dealer to become sales effective prior to taking any action claiming a breach or nonperformance of the dealer's sales performance responsibilities;

(23) Fail to reimburse a dealer, at the dealer's regular rate, or the full and actual cost of providing a loaner vehicle to any retail buyer or lessee who is having a motor vehicle serviced at the dealership if the provision of the loaner motor vehicle is required by the manufacturer;

(24) Compel a dealer, through its finance subsidiaries, to agree to unreasonable operating requirements, or to directly or indirectly terminate a dealer agreement through the actions of a finance subsidiary of the manufacturer. This subsection does not limit the right of a finance subsidiary to engage in business practices in accordance with the usage of trade in retail or wholesale vehicle financing;

(25) Discriminate directly or indirectly between dealers on vehicles of like grade, line, model, or quantity where the effect of the discrimination would substantially lessen competition;

(26) Use or employ any performance standard that is not fair and reasonable and based upon accurate and verifiable data made available to the dealer; or

(27) Require or coerce any dealer to sell, offer to sell, or sell exclusively an extended service contract, maintenance plan, or similar product, including gap or other products offered, endorsed, or sponsored by the manufacturer or distributor by the following means:

(A) By an act of statement that the manufacturer or distributor will adversely impact the dealer, whether it is express or implied;

(B) By a contract made to the dealer on the condition that the dealer sells, offers to sell, or sells exclusively an extended service contract, extended maintenance plan, or similar product offered, endorsed, or sponsored by the manufacturer or distributor;

(C) By measuring the dealer's performance under the dealer agreement based on the sale of extended service contracts, extended maintenance plans, or similar products offered, endorsed, or sponsored by the manufacturer or distributor;

(D) By requiring the dealer to actively promote the sale of extended service contracts, extended maintenance plans, or similar products offered, endorsed, or sponsored by the manufacturer or distributor: *Provided*, That nothing in this paragraph prohibits a manufacturer or distributor from providing incentive programs to a dealer who makes the voluntary decision to offer to sell, sell, or sell exclusively an extended service contract, extended maintenance plan, or similar product offered, endorsed, or sponsored by the manufacturer or distributor;

(E) By requiring a dealer to purchase goods or services from a vendor selected, identified, or designated by a manufacturer, factory branch, distributor, distributor branch, or one of its affiliates by agreement, program, incentive provision, or otherwise without making available to the dealer the option to obtain the goods or services of substantially similar quality and

overall design from a vendor chosen by the dealer and approved by the manufacturer, factory branch, distributor, or distributor branch: *Provided*, That the approval may not be unreasonably withheld: *Provided, however*, That the dealer's option to select a vendor is not available if the manufacturer or distributor provides substantial reimbursement for the goods or services offered. Substantial reimbursement is equal to the difference in price of the goods and services from manufacturer's proposed vendor and the dealer's selected vendor: *Provided further*, That the goods are not subject to the manufacturer or distributor's intellectual property or trademark rights, or trade dress usage guidelines.

(c) A manufacturer or distributor, either directly or through any subsidiary, may not terminate, cancel, fail to renew, or discontinue any lease of the dealer's established place of business except for a material breach of the lease.

(d) Except as may otherwise be provided in this article, a manufacturer may not directly or indirectly, sell, lease, exchange, or convey a new motor vehicle to a retail, buyer or lessee offer for retail sale, lease, exchange, or other conveyance a new motor vehicle; or directly finance the retail sale, lease, exchange, or other conveyance of a new motor vehicle to a retail buyer or lessee in this state, except through a dealer holding a franchise for the line-make covering the new motor vehicle. This subsection does not apply to manufacturer sales of new motor vehicles to charitable organizations, qualified vendors, or employees of the manufacturer.

(e) Except when prevented by an act of God, labor strike, transportation disruption outside the control of the manufacturer, or time of war, a manufacturer or distributor may not refuse or fail to deliver, in reasonable quantities and within a reasonable time, to a dealer having a dealer agreement for the retail sale of any new motor vehicle sold or distributed by the manufacturer, any new motor vehicle or parts or accessories to new motor vehicles that are covered by the dealer agreement if the vehicles, parts, and accessories are publicly advertised as being available for delivery or are actually being delivered.

(f) It is unlawful for any manufacturer, factory branch, distributor, or distributor branch, when providing a new motor vehicle to a dealer for offer, sale, or lease in this state to the public, to fail to provide to the dealer a written disclosure that may be provided to a potential retail buyer or lessee of the new motor vehicle of each accessory or function of the motor vehicle that may be initiated, updated, changed, or maintained by the manufacturer or distributor through over the air or remote means, and the charge to the retail buyer or lessee for the initiation, update change, or maintenance that is known at the time of sale. A manufacturer or distributor may comply with this subdivision by notifying the dealer that the information is available on a website or by other digital means.

(g) A manufacturer or distributor shall not attempt to coerce, threaten, or take any act prejudicial against a new motor vehicle dealer arising from the retail price at which a dealer sells a new motor vehicle.

(h) Notwithstanding the terms of any dealer agreement, or the terms of any program or

policy, a manufacturer or distributor may not do any of the following if it has a dealer agreement with any dealer in this state and if the manufacturer or distributor permits retail customers the option of reserving the purchase or lease of a vehicle through a manufacturer or distributor reservation system:

(1) Fail to assign any retail vehicle reservation, or request to purchase, or lease received by the manufacturer or distributor from a resident of this state to the dealer authorized to sell that make and model which is designated by the retail buyer or lessee, or if none is designated, to its dealer authorized to sell that make and model located in closest proximity to the retail buyer or lessee's location: *Provided*, That if the retail buyer or lessee does not purchase or lease the vehicle from that dealer within 10 days of the new motor vehicle being received by the dealer, or if the retail buyer or lessee requests that the transaction be assigned to another dealer, then the manufacturer or distributor may assign the transaction to another dealer authorized to sell that make and model;

(2) Prohibit or interfere with a dealer negotiating the final purchase price of the new motor vehicle with a retail buyer or lessee that has reserved the purchase or lease through a manufacturer or distributor reservation system;

(3) Prohibit or interfere with a dealer offering and negotiating directly with the customer retail buyer or lessee the terms of vehicle financing or leasing through all sources available to the dealer for the retail buyer or lessee that has reserved the purchase or lease of a new motor vehicle through a manufacturer or distributor reservation system;

(4) Prohibit or interfere with a dealer's ability to offer to sell or sell any service contract, extended warranty, vehicle maintenance contract, or guaranteed asset protection agreement, or any other vehicle-related products and services offered by the dealer with a retail buyer or lessee that has reserved to purchase or lease through a manufacturer or distributor reservation system: *Provided*, That a manufacturer, distributor, or captive finance source shall not be required to finance the product or service;

(5) Prohibit or interfere with a dealer directly negotiating the trade-in value the retail buyer or lessee will receive, or prohibit the dealer from conducting an on-site inspection of the condition of a trade-in vehicle before the dealer becomes contractually obligated to accept the trade-in value negotiated with a retail buyer or lessee that has reserved to purchase or lease a new motor vehicle through the manufacturer or distributor reservation system;

(6) Use a third party to accomplish what would otherwise be prohibited by this subdivision;

(7) Nothing contained in this subdivision shall:

(A) Require that a manufacturer or distributor allocate or supply additional or supplemental inventory to a dealer located in this state in order to satisfy a retail buyer or lessee's vehicle reservation or request submitted directly to the manufacturer or distributor as provided in this section;

(B) Apply to the generation of sales leads: *Provided*, That for purposes of this subdivision, the term "sales leads" shall not include any reservation or request to purchase or lease a vehicle submitted directly by a retail buyer or lessee or a potential retail buyer or lessee to a manufacturer or distributor reservation system; or

(C) Apply to a reservation or request to purchase or lease a new motor vehicle through the manufacturer or distributor received from the retail buyer or lessee that is a resident of this state if the retail buyer or lessee designates a dealer outside of this state to be assigned the reservation or request to purchase or lease or if the dealer in closest proximity to the retail buyer or lessee's location is in another state and the manufacturer or distributor assigns the reservation or request to purchase or lease to that dealer.

(i) Notwithstanding the terms of any dealer agreement, or the terms of any manufacturer or distributor program or policy, a manufacturer or distributor may not, if it has a dealer agreement with any dealer in this state, offer new motor vehicles through a subscription directly to a retail buyer or lessee. However, this subsection is not intended to prevent a manufacturer or distributor from providing or offering new motor vehicles through a subscription program through a dealer for sale or lease to a retail buyer or lessee.

(j) Notwithstanding the terms of any dealer agreement, or the terms of any manufacturer or distributor program or policy, a manufacturer or distributor may not, if it has a dealer agreement with any dealer in this state, offer direct financing for the purchase, lease, or other conveyance of a new motor vehicle to a retail buyer or lessee. However, this subsection is not intended to prevent a manufacturer or distributor from providing or offering a financing program through a dealer which is available for retail buyers or lessees.

(k) A manufacturer may not coerce or require any dealer, whether by agreement, program, incentive provision, or provision for loss of incentive payments or other benefits, to amend its dealer agreement or to establish a dealer agreement under which the manufacturer:

(1) Maintains a website or other electronic or digital means of communication for negotiating prices or other binding terms of sale or lease of new motor vehicles directly with retail buyers or lessees, including, but not limited to, agreements between the manufacturer, factory branch, distributor, or distributor branch on prices or other substantive terms for the sale or leasing of new motor vehicles directly with retail buyers or lessees;

(2) Retains ownership of new motor vehicles until they are sold or leased to retail buyers or lessees; except that, a manufacturer or distributor may maintain a common supply of new motor vehicles to which it retains ownership until the new motor vehicles are sold to dealers pursuant to the manufacturer or distributor's allocation policies and procedures, and may maintain a common supply of new motor vehicles from which a dealer may buy vehicles for the dealer's inventory without having reached agreement for sale or lease of any new motor vehicle with a retail buyer or lessee if the manufacturer, factory branch, or distributor, or distributor branch does not otherwise allow its dealers to obtain stock inventory through the new motor vehicle allocation process and pursuant to the manufacturer or distributor's

allocation policies and procedures;

(3) Consigns new motor vehicles to dealers for dealer inventory or for sale to a retail buyer or lessee;

(4) Reserves the right to negotiate binding terms of sale or lease directly with retail buyers or lessees of new motor vehicles; or

(5) Designates dealers to be only delivery agents for new motor vehicles, for which the binding terms of sale or lease are negotiated directly between the manufacturer and the retail buyer or lessee of the new motor vehicle.

§17A-6A-11. Motor vehicle dealer successorship or change in executive management.

(1) Any designated family member of a new motor vehicle dealer may succeed the dealer in the ownership or operation, or be a designated executive manager of the dealership under the existing dealer agreement if the designated family member gives the manufacturer or distributor written notice of his or her intention to succeed to, or be designated as the executive manager of, the dealership within 120 days after the dealer's death or incapacity or designation of a successor or executive manager, and agrees to be bound by all of the terms and conditions of the dealer agreement, and the designated family member meets the current criteria generally applied by the manufacturer or distributor in qualifying new motor vehicle dealers or executive managers. A manufacturer or distributor may refuse to honor the designation or change with the designated family member only for good cause. In determining whether good cause exists for refusing to honor the agreement, the manufacturer or distributor has the burden of proving that the designated successor is a person who is not of good moral character or does not meet the manufacturer's existing written, reasonable, and uniformly applied standards for business experience and financial qualifications. The designated family member will have a minimum of one year to satisfy that manufacturer's written and reasonable standards and financial qualifications for appointment as the dealer or executive manager.

(2) The manufacturer or distributor may request from a designated family member any information or application reasonably necessary to determine whether the existing dealer agreement should be honored. The designated family member shall supply the personal and financial data promptly upon the request.

(3) If a manufacturer or distributor believes that good cause exists for refusing to honor the succession or designation, the manufacturer or distributor may, within 45 days after receipt of the notice of the designated family member's intent to succeed the dealer in the ownership or the appointment of an executive manager in the operation of the dealership, or within forty-five days after the receipt of the requested personal and financial data, serve upon the designated family member notice of its refusal to approve the succession.

(4) The notice of the manufacturer or distributor provided in subdivision (3) of this section shall state the specific factual and legal grounds for the refusal to approve the succession or designation of an executive manager.

(5) If notice of refusal is not served within the 45 days provided for in subdivision (3) of this section, the dealer agreement continues in effect and is subject to termination only as otherwise permitted by this article.

(6) This section does not preclude a new motor vehicle dealer from designating any person as his or her successor by will or any other written instrument filed with the manufacturer or distributor, and if such an instrument is filed, it alone determines the succession rights to the management and operation of the dealership.

(7) If the manufacturer challenges the succession in ownership or executive manager designation, it maintains the burden of proof to show good cause by a preponderance of the evidence. If the person or new motor vehicle dealer seeking succession of ownership or executive manager designation files a civil action within 180 days of the manufacturer's refusal to approve or the one year qualifying period set forth in subdivision (1) of this section, whichever is longer, no action may be taken by the manufacturer contrary to the dealer agreement until such time as the civil action and any appeal has been exhausted: *Provided*, That when a motor vehicle dealer appeals a decision upholding a manufacturer's decision to not allow succession based upon the designated person's insolvency or conviction of a crime punishable by imprisonment in excess of one year under the law which the designated person was convicted, the dealer agreement shall remain in effect pending exhaustion of all appeals only if the new motor vehicle dealer establishes that the public interest will not be harmed by keeping the dealer agreement in effect pending entry of final judgment after the appeal.

§17A-6A-12. Establishment and relocation or establishment of additional dealers.

(1) As used in this section, “relocate” and “relocation” do not include the relocation of a new motor vehicle dealer within four miles of its established place of business or if an existing new motor vehicle dealer sells or transfers the dealership to a new owner and the successor new motor vehicle dealership owner relocates to a location within four miles of the seller’s last open new motor vehicle dealership location. The relocation of a new motor vehicle dealer to a site within the area of sales responsibility assigned to that dealer by the manufacturing branch or distributor may not be within six air miles of another dealer of the same line-make.

(2) Before a manufacturer or distributor enters into a dealer agreement establishing or relocating a new motor vehicle dealer within a relevant market area where the same line-make is represented, the manufacturer or distributor shall give written notice to each new motor vehicle dealer of the same line-make in the relevant market area of its intention to establish an additional dealer or to relocate an existing dealer within that relevant market area.

(3) Within 60 days after receiving the notice provided in subdivision (2) of this section, or within 60 days after the end of any appeal procedure provided by the manufacturer or distributor, a new motor vehicle dealer of the same line-make within the affected relevant market area may bring a declaratory judgment action in the circuit court for the county in which the new motor vehicle dealer is located to determine whether good cause exists for the establishing or relocating of the proposed new motor vehicle dealer: *Provided*, That a new motor vehicle dealer of the same line-make within the affected relevant market area shall not be permitted to bring such an action if the proposed relocation site would be further from the location of the new motor vehicle dealer of the same line-make than the location from which the dealership is being moved. Once an action has been filed, the manufacturer or distributor may not establish or relocate the proposed new motor vehicle dealer until the circuit court has rendered a decision on the matter. An action brought pursuant to this section shall be given precedence over all other civil matters on the court’s docket. The manufacturer has the burden of proving that good cause exists for establishing or relocating a proposed new motor vehicle dealer.

(4) This section does not apply to the reopening in a relevant market area of a new motor vehicle dealer that has been closed within the preceding two years if the established place of business of the new motor vehicle dealer is within four air miles of the established place of business of the closed or sold new motor vehicle dealer.

(5) In determining whether good cause exists for establishing or relocating an additional new motor vehicle dealer for the same line-make, the court shall take into consideration the existing circumstances, including, but not limited to, the following:

(A) The permanency and amount of the investment, including any obligations incurred by the dealer in making the investment;

(B) The effect on the retail new motor vehicle business and the consuming public in the relevant market area;

(C) Whether it is injurious or beneficial to the public welfare;

(D) Whether the new motor vehicle dealers of the same line-make in the relevant market area are providing adequate competition and convenient consumer care for the motor vehicles of that line-make in the market area, including the adequacy of motor vehicle sales and qualified service personnel;

(E) Whether the establishment or relocation of the new motor vehicle dealer would promote competition;

(F) The growth or decline of the population and the number of new motor vehicle registrations in the relevant market area; and

(G) The effect on the relocating dealer of a denial of its relocation into the relevant market area.

§17A-6A-12a. Restriction on motor vehicle dealer's use of dealership property.

(1) A manufacturer shall not require that a new motor vehicle dealer, a proposed new motor vehicle dealer, or any owner of an interest in a dealership facility enter into or agree to a property use agreement as a condition to any of the following:

- (a) Awarding a dealer agreement to a prospective new motor vehicle dealer.
- (b) Adding a line make or dealer agreement to an existing new motor vehicle dealer.
- (c) Renewing a dealer agreement with an existing new motor vehicle dealer.
- (d) Approving a relocation of a new motor vehicle dealer's place of business.
- (e) Approving a sale or transfer of the ownership of a dealership or a transfer of a dealer agreement to another person.

(2) Subsection (1) of this section does not apply to a property use agreement if any of the following are offered and accepted for that agreement:

- (a) Monetary consideration.
- (b) Separate and valuable consideration that can be calculated to a sum certain.

(3) If a manufacturer and new motor vehicle dealer are in parties to a property use agreement, the dealer agreement between the manufacturer and new motor vehicle dealer is terminated by a manufacturer or by a successor manufacturer or by operation of law and the reason for the termination is not a reason described in paragraphs (1) through (5), inclusive, subdivision (c), section seven of this article, the property use agreement terminates and ceases to be effective at the time the dealer agreement is terminated.

(4) If any provision contained in a property use agreement entered into on or after the effective date of the amendatory act that added this subsection is inconsistent with this section, the provision is voidable at the election of the affected new motor vehicle dealer, proposed new motor vehicle dealer, or owner of an interest in the dealership facility.

(5) As used in this section, "property use agreement" means any of the following:

- (a) An agreement that requires that a new motor vehicle dealer establish or maintain exclusive dealership facilities.
- (b) An agreement that restricts the ability of a new motor vehicle dealer, or the ability of the dealer's lessor if the dealer is leasing the dealership facility, to transfer, sell, lease, or change the use of the place of business of the dealership, whether by sublease, lease, collateral pledge of lease, right of first refusal to purchase or lease, option to purchase, option to lease, or other similar agreement, regardless of who the parties to that agreement

are.

(c) Any similar agreement between a manufacturer and a new motor vehicle dealer and commonly known as a site control agreement or exclusive use agreement.

WV Legislature

§17A-6A-13. Obligations regarding warranties.

(1) Each new motor vehicle manufacturer or distributor shall specify in writing to each of its new motor vehicle dealers licensed in this state the dealer's obligations for preparation, delivery, and warranty service on its products. The manufacturer or distributor shall compensate the new motor vehicle dealer for warranty service required of the dealer by the manufacturer or distributor. The manufacturer or distributor shall provide the new motor vehicle dealer with the schedule of compensation to be paid to the dealer for parts, diagnostic time as applicable, work and service, and the time allowance for the performance of the work, diagnostic time as applicable, and service in a manner in compliance with §17A-6A-8a of this code.

(2) The schedule of compensation shall include reasonable compensation for diagnostic work, as well as repair service and labor. Time allowances for the diagnosis and performance of warranty work and service shall be reasonable and adequate for the work to be performed. In the determination of what constitutes reasonable compensation under this section §17A-6A-8a of this code shall govern: *Provided*, That in the case of a dealer of new motorcycles, motorboat trailers, all-terrain vehicles, utility terrain vehicles, and snowmobiles, the compensation of a dealer for warranty parts is the greater of the dealer's cost of acquiring the part plus 30 percent or the manufacturer's suggested retail price: *Provided, however*, That in the case of a dealer of travel trailers, fold-down camping trailers, and motorhomes, the compensation of a dealer's cost for warranty parts is not less than the dealer's cost of acquiring the part plus 20 percent.

(3) A manufacturer or distributor may not do any of the following:

(A) Fail to perform any warranty obligation;

(B) Fail to include in written notices of factory recalls to new motor vehicle owners and dealers the expected date by which necessary parts and equipment will be available to dealers for the correction of the defects; or

(C) Fail to compensate any of the new motor vehicle dealers licensed in this state for repairs effected by the recall or the manufacturer's or distributor's warranty obligation as provided under §17A-6A-8a of this code.

(4) All claims made by a new motor vehicle dealer pursuant to this section for labor and parts shall be paid within 30 days after their approval. All claims shall be either approved or disapproved by the manufacturer or distributor within 30 days after their receipt on a proper form generally used by the manufacturer or distributor and containing the usually required information therein. Any claim not specifically disapproved in writing within 30 days after the receipt of the form is considered to be approved and payment shall be made within 30 days. The manufacturer has the right to initiate an audit of a claim within twelve months after payment and to charge back to the new motor vehicle dealer the amount of any false, fraudulent, or unsubstantiated claim, subject to the requirements of §17A-6A-8a of this code.

(5) The manufacturer shall accept the return of any new and unused part, component, or accessory that was ordered by the dealer, and shall reimburse the dealer for the full cost charged to the dealer for the part, component, or accessory if the dealer returns the part and makes a claim for the return of the part within one year of the dealer's receipt of the part, component, or accessory and provides reasonable documentation, to include any changed part numbers to match new part numbers, provided that the part was ordered for a warranty repair.

WV Legislature

§17A-6A-14. Acceptance of vehicles; risk of loss or damage.

(1) Notwithstanding the terms, provisions or conditions of any agreement, a new motor vehicle dealer is solely liable for damages to new motor vehicles after acceptance from the carrier, after a three-day period for proper inspection of the vehicle and before delivery to the ultimate purchaser. Acceptance by the new motor vehicle dealer shall occur when the new motor vehicle dealer signs a delivery receipt for any motor vehicle.

(2) Notwithstanding the terms, provisions or conditions of any agreement, the manufacturer or distributor is liable for all damages or repairs to motor vehicles before delivery to a carrier or transporter and shall indemnify the new motor vehicle dealer for any such damages or repairs.

(3) The new motor vehicle dealer is liable for damages to new motor vehicles after delivery to the carrier only if the dealer selects the method of transportation, mode of transportation and the carrier. In all other instances, the manufacturer or distributor is liable for new motor vehicle damage.

(4) If the new motor vehicle dealer rejects a new motor vehicle pursuant to this section, the manufacturer or distributor shall credit the dealer's account within ten business days after receipt of the notice of rejection.

§17A-6A-14a. Open account protection.

If there is a dispute between the manufacturer, factory branch, distributor or distributor branch and the dealer with respect to any matter referred to this article, either party may notify, in writing, the other party of its request to challenge, through the manufacturer's appeal process or the circuit courts of the state of West Virginia. A manufacturer, factory branch, distributor, or distributor branch may not collect chargebacks, fully or in part, either through direct payment or by charge to the dealer's account, for warranty parts or service compensation, including service incentives, sales incentives, other sales compensation, surcharges, fees, penalties or any financial imposition of any type arising from an alleged failure of the dealer to comply with a policy of, directive from or agreement with the manufacturer, factory branch, distributor or distributor branch until thirty days following final notice of the amount charged to the dealer following all internal processes of the manufacturer, factory, factory branch, distributor or distributor branch. Within thirty days following receipt of final notice, the dealer may, in writing, request a hearing or seek civil relief from the manufacturer's appeal process or the circuit courts of the state of West Virginia. If a dealer requests a hearing or files a civil action, the manufacturer, factory branch, distributor or distributor branch may not collect the chargeback, fully or in part, either through direct payment or by charge to the dealer's account, until the completion of the hearing or civil action, and all appeal, civil or otherwise, have been exhausted concerning the validity of the chargeback.

§17A-6A-15. Indemnity.

Notwithstanding the terms of any dealer agreement, a manufacturer or distributor shall indemnify and hold harmless its dealers for any reasonable expenses incurred, including damages, court costs, and attorney's fees, arising out of complaints, claims, or actions to the extent such complaints, claims, or actions relate to the manufacture, assembly, or design of a new motor vehicle, manufacturer's warranty obligations excluding dealer negligence, or other functions by the manufacturer or distributor beyond the control of the dealer, including, without limitation, the selection by the manufacturer or distributor of parts or components for the vehicle, and any damages to merchandise occurring prior to acceptance of the vehicle by the dealer to the dealer if the carrier is designated by the manufacturer or distributor, if the new motor vehicle dealer gives timely notice to the manufacturer or distributor of the complaint, claim, or action.

§17A-6A-15a. Dealer data, obligation of manufacturer, vendors, suppliers and others; consent to access dealership information; unlawful activities; indemnification of dealer.

(a) Except as expressly authorized in this section, a manufacturer or distributor cannot require a motor vehicle dealer to provide its customer information to the manufacturer or distributor unless necessary for the sale and delivery of a new motor vehicle to a consumer, to validate and pay consumer or dealer incentives, for manufacturer's marketing purposes, for evaluation of dealer performance, for analytics, or to support claims submitted by the new motor vehicle dealer for reimbursement for warranty parts or repairs. Nothing in this section shall limit the manufacturer's ability to require or use customer information to satisfy any safety or recall notice obligation or other legal obligation.

(b) The dealer is only required to provide the customer information to the extent lawfully permissible, and to the extent the requested information relates solely to specific program requirements or goals associated with the manufacturer's or distributor's own vehicle makes. A manufacturer, factory branch, distributor, distributor branch, dealer, data systems vendor, or any third party acting on behalf of any manufacturer, factory branch, distributor, distributor branch or dealer or data systems vendor may not prohibit a dealer from providing a means to regularly and continually monitor, or conduct an audit of, the specific data accessed from or written to the dealer's data systems and from complying with applicable state and federal laws and any rules or regulations promulgated thereunder. These provisions do not impose an obligation on a manufacturer, factory branch, distributor, distributor branch, dealer, vendor, or any third party acting on behalf of any manufacturer, factory branch, distributor, distributor branch, dealer, or data systems vendor to provide that capability.

(c) A manufacturer, factory branch, distributor, distributor branch, dealer, data systems vendor, or any third party acting on behalf of any manufacturer, factory branch, distributor, distributor branch or dealer, or data systems vendor, may not provide access to customer or dealership information maintained in a dealer data systems used by a motor vehicle dealer located in this state, other than a subsidiary or affiliate of the manufacturer factory branch, distributor or distributor branch without first obtaining the dealer's prior express written consent and agreement, revocable by the dealer upon 10 business days written notice, to provide the access.

(d) Upon a written request from a motor vehicle dealer, the manufacturer, factory branch, distributor, distributor branch, dealer, or data systems vendor, or any third party acting on behalf of or through any manufacturer, factory branch, distributor, distributor branch or dealer data systems vendor shall provide to the dealer a written list of all specific third parties other than a subsidiary or affiliate of the manufacturer, factory branch, distributor or distributor branch to whom any data obtained from the dealer has actually been provided within the 12 month period prior to date of dealer's written request. If requested by the dealer, the list shall further describe the scope and specific fields of the data provided. The consent does not change the person's obligations to comply with the terms of this section

and any additional state or federal laws, and any rules or regulations promulgated thereunder, applicable to them with respect to the access.

(e) A manufacturer, factory branch, distributor, distributor branch, dealer, data systems vendor, or any third party acting on behalf of or through any dealer, or data systems vendor, having electronic access to customer or motor vehicle dealer data in a dealership data system used by a motor vehicle dealer located in this state shall provide notice in a reasonable timely manner to the dealer of any security breach of dealership or customer data obtained through the access.

(f) A manufacturer or distributor or a third party acting on behalf of a manufacturer or distributor may not require a dealer to provide any customer information: Any individual who is not a customer of such manufacturer's or distributor's own vehicle makes; for any purpose other than for reasonable marketing purposes on behalf of that dealer, market research, consumer surveys, market analysis, or dealership performance analysis; if sharing that information would not be permissible under local, state, or federal law; except to the extent the requested information relates solely to specific program requirements or goals associated with such manufacturer's or distributor's own vehicle makes; that is general customer information or other information related to the dealer, unless the requested information can be provided in a manner consistent with dealer's current privacy policies and Gramm-Leach-Bliley Act privacy notice, a dealer may not be required to amend that notice to accommodate data sharing with the manufacturer or distributor.

(g) As used in this section:

(1) "Authorized Integrator" means any third party with whom a dealer has entered into a written contract to perform a specific function for a dealer that permits the third party to access protected dealer data and/or to write data to a dealer data system to carry out the specified function (the "authorized integrator contract").

(2) "Dealer" means a new motor vehicle dealer as defined by §17A-6A-3(11) of this code and any authorized dealer personnel.

(3) "Dealer data system" means any software, hardware, or firmware used by a dealer in its business operations to store, process, or maintain protected dealer data.

(4) "Dealer data systems vendor" means any dealer management system provider, customer relationship management system provider, or other vendor that permissibly stores protected dealer data pursuant to a written contract with the dealer ("dealer data systems vendor contract").

(5) "Data access overcharge" means any charge to a dealer or authorized integrator for integration beyond reimbursement for any direct costs incurred by the dealer data systems vendor for such Integration. If a dealer data systems vendor chooses to seek reimbursement from any dealer or authorized integrator for such direct costs, the direct costs must be

disclosed to the dealer, and justified by documentary evidence of the costs associated with such Integration or it will be considered a data access overcharge.

(6) "Integration" means access to protected dealer data in a dealer's dealer data system by an authorized integrator, or an authorized integrator writing data to a dealer's dealer data system. Integration does not require access to any copyrighted material but must allow for access to all protected dealer data. Integration may be accomplished by any commercially reasonable means that do not violate this section, but all dealer data vendors must include an option to integrate via a secure open application programming interface (API), which must be made available to dealers and authorized integrators. In the event that APIs are no longer the reasonable commercial or technical standard for secure data integration, a similar open access integration method may be provided, to the extent it provides the same or better secure access to dealers and authorized Integrators as an API.

(7) "Prior express written consent" means written consent provided by the dealer that is contained in a document separate from any other consent, contract, franchise agreement, or other writing that specifically outlines the dealer's consent for the authorized Integrator to obtain the dealer data, as well as the scope and duration of that consent. This consent may be unilaterally revoked by the dealer: (A) without cause, upon 30 days' notice, and (B) immediately for cause.

(8) "Protected dealer data" means any of the following data that is stored in a dealer data system:

(A) Personal, financial, or other data pertaining to a consumer, or a consumer's vehicle that is provided to a dealer by a consumer or otherwise obtained by a dealer: *Provided*, That this subdivision does not give a new motor vehicle dealer any ownership or rights to share or use the motor vehicle diagnostic data beyond what is necessary to fulfill a dealer's obligation to provide warranty, repair, or service work to its customers; or

(B) Any other data regarding a dealer's business operations in that dealer's dealer data system:

(9) "Secure open API" means an application programming interface that allows authorized integrators to integrate with dealer data systems remotely and securely. The APIs must be "open" in that all required information to Integrate via the API (software development toolkit and any other necessary technical or other information) must be made available by a dealer data systems vendor to any authorized integrator upon request by a dealer. The secure open API must include all relevant endpoints to allow for access to all protected dealer data, or as are needed to integrate with protected dealer data, and must provide granularity and control necessary for dealers and authorized integrators to Integrate the data necessary under the authorized integrator contract. "Open" does not mean that the API must be available publicly or at no cost to an authorized integrator, however no data access overcharge may be assessed in connection with a secure open API.

(10) "Third party" includes service providers, vendors, including dealer data systems vendors and authorized integrators, and any other individual or entity other than the dealer. Third party does not include any manufacturer, factory branch, distributor, distributor branch or governmental entity acting pursuant to federal, state, or local law, or any third party acting pursuant to a valid court order.

(h) Prohibited Action

1. A third party may not:

(A) Access, share, sell, copy, use, or transmit protected dealer data from a dealer data system without the express written consent of a dealer;

(B) Take any action, by contract, by technical means, or otherwise, that would prohibit or limit a dealer's ability to protect, store, copy, share, or use any protected dealer data. This includes, but is not limited to:

(i) Imposing any data access overcharges or other restrictions of any kind on the dealer or any authorized integrator for integration;

(ii) Prohibiting any third party that the dealer has identified as one of its authorized integrators from integrating with that dealer's dealer data system;

(iii) Place unreasonable restrictions on integration by any authorized integrator or other third party that the dealer wishes to be an authorized integrator. Examples of unreasonable restrictions include, but are not limited to:

(I) Unreasonable restrictions on the scope or nature of the data shared with an authorized integrator;

(II) Unreasonable restrictions on the ability of the authorized integrator to write data to a dealer data system;

(III) Unreasonable restrictions or conditions on a third party accessing or sharing protected dealer data, or writing data to a dealer data system; and

(IV) Requiring unreasonable access to sensitive, competitive, or other confidential business information of a third party as a condition for access to protected dealer data or sharing protected dealer data with an authorized integrator;

(iv) Prohibiting or limiting a dealer's ability to store, copy, securely share or use protected dealer data outside the dealer data system in any manner and for any reason; or

(v) Permitting access to or accessing protected dealer data without express written consent by the dealer.

(i) Nothing in this section shall be interpreted to prevent any dealer or third party from discharging its obligations as a service provider under an agreement or otherwise under federal, state, or local law to protect and secure protected dealer data, or to otherwise limit those responsibilities.

(j) A dealer data systems vendor or authorized integrator is not responsible for any action taken directly by the dealer, or for any action it takes in appropriately following the written instructions of the dealer, to the extent that such action prevents it from meeting any legal obligation regarding the protection of protected dealer data or results in any liability as a consequence of such actions by the dealer.

(k) A dealer is not responsible for any action taken directly by any of its dealer data systems vendors or authorized integrators, or for any action it takes in appropriately following the written instructions of any of its dealer data systems vendors or authorized integrators, to the extent that such action prevents it from meeting any legal obligation regarding the protection of protected dealer data or results in any liability as a consequence of such actions by the dealer data systems vendor or authorized integrator.

(l) Additional responsibilities and restrictions

(1) All dealer data systems vendors must adopt and make available a standardized Integration framework (use of the STAR Standards or a standard compatible with the STAR standards shall be deemed to be in compliance with this requirement) and allow for integration via secure open APIs to authorized integrators. In the event that APIs are no longer the reasonable commercial or technical standard for secure data integration, a similar open access integration method may be provided, to the extent it provides the same or better secure Integration to dealers and authorized integrators as a secure open API.

(2) All dealer data systems vendors and authorized integrators:

(A) May Integrate, or otherwise access, use, store, or share protected dealer data, only as outlined in, and to the extent permitted by their dealer data systems vendor contract or authorized integrator contract;

(B) Must make any dealer data systems vendor contract or authorized integrator contract terminable upon no more than 90 days notice from the dealer;

(C) Must, upon notice of the dealer's intent to terminate its dealer data systems vendor contract or authorized integrator contract, in order to prevent any risk of consumer harm or inconvenience, work to ensure a secure transition of all protected dealer data to a successor dealer data systems vendor or authorized integrator. This includes, but is not limited to:

(i) Providing unrestricted access to all protected dealer data and all other data stored in the dealer data system in a commercially reasonable time and format that a successor dealer data systems vendor or authorized integrator can access and use; and

(ii) Deleting or returning to the dealer all protected dealer data prior to termination of the contract pursuant to any written directions of the dealer;

(iii) Providing a dealer, upon request, with a listing of all entities with whom it is sharing or has shared protected dealer data, or with whom it has allowed access to protected dealer data; and

(iv) Allowing a dealer to audit the dealer data systems vendor or authorized integrator's access to and use of any protected dealer data.

(m) Notwithstanding the terms or conditions of any consent, authorization, release, novation, franchise, or other contract or agreement, every manufacturer, factory branch, distributor, distributor branch, dealer, data systems vendor, or any third party acting on behalf of or through a manufacturer, factory branch, distributor, distributor branch or dealer, data systems vendor shall fully indemnify, defend, and hold harmless any dealer or manufacturer, factory branch, distributor or distributor branch from all damages, attorney fees, and costs, other costs and expenses incurred by the dealer from complaints, claims, or actions arising out of manufacturer's, factory's branch, distributor's, distributor's branch, dealer data systems vendors, or any third party for its willful, negligent, or impermissible use or disclosure of dealer data or customer data or other sensitive information in the dealer's data system. The indemnification includes, but is not limited to, judgments, settlements, fines, penalties, litigation costs, defense costs, court costs, costs related to the disclosure of security breaches, and attorneys' fees arising out of complaints, claims, civil, or administrative actions.

(n) The rights conferred on motor vehicle dealers in this section are not waivable and may not be reduced or otherwise modified by any contract or agreement.

(o) This section applies to contracts entered into after the effective date of this section.

(p) If any provision of this section or its application to any person or circumstance is held invalid, the invalidity does not affect other provisions or applications of this section which can be given effect without the invalid provision or application, and to this end the provisions of this section are severable.

(q) A manufacturer, factory branch, distributor, distributor branch, dealer, data management computer systems vendor, or any third party acting on behalf of itself, or through a manufacturer, factory branch, distributor, distributor branch, or dealer data management computer system vendor shall not take an act prejudicial against a new motor vehicle dealer because of a new motor vehicle dealer exercising its rights under this section.

§17A-6A-15b. Exports; rebuttable presumption on behalf of dealer.

It is unlawful for a manufacturer or distributor to take or threaten to take any adverse action against a dealer pursuant to an export or sale-for-resale prohibition because the dealer sold or leased a vehicle to a customer who either exported the vehicle to a foreign country or resold the vehicle in violation of the prohibition, unless the export or sale-for-resale prohibition policy was provided to the dealer in writing prior to the sale or lease, and the dealer knew or reasonably should have known of the customer's intent to export or resell the vehicle in violation of the prohibition at the time of sale or lease. If the dealer causes the vehicle to be registered in this state or any other state and has determined that the customer is not on a list of known or suspected exporters provided by the manufacturer at the time of sale, a rebuttable presumption is established that the dealer did not have reason to know of the customer's intent to export or resell the vehicle.

§17A-6A-15c. Manufacturer performance standards; uniform application; prohibited practices.

A manufacturer may not require dealer adherence to a performance standard or standards which are not applied uniformly to other similarly situated dealers. In addition to any other requirements of the law, the following shall apply:

- (1) A performance standard, sales objective, or program for measuring dealer performance used by a manufacturer, distributor, or factory branch in determining a dealer's compliance with the dealer agreement shall be reasonable and based on accurate information, including, but not limited to, the dealer's specific local market circumstances and geographical characteristics. A manufacturer, distributor, or factory branch may not impose unreasonable restrictions on a dealer relative to compliance with a sales performance standard or sales objective.
- (2) Upon written request from a dealer participating in the program, the manufacturer shall provide in writing the dealer's performance requirement or sales goal or objective, which shall include a reasonable and general explanation of the methodology, criteria, and calculations used.
- (3) A manufacturer shall allocate a reasonable and appropriate supply of vehicles to assist the dealer in achieving any performance standards established by the manufacturer and distributor.
- (4) The manufacturer or distributor has the burden of proving by a preponderance of the evidence that the performance standard, sales objective, or program for measuring dealership performance complies with this article.

§17A-6A-16. Actions at law; damages.

- (1) If a manufacturer or distributor terminates, cancels, fails to renew or discontinues a dealer agreement for other than good cause as defined in this article, or commits any other violation of this article, the new motor vehicle dealer adversely affected by the actions may bring an action for damages and equitable relief against the manufacturer or distributor. If the new motor vehicle dealer prevails, the dealer may recover, in addition to actual damages, treble damages up to three times the amount of the actual damages awarded, plus reasonable attorney's fees, regardless of the amount in controversy. Otherwise, the commissioner shall issue to the applicant the license certificate which shall entitle the licensee to engage in the license service business.

(d) Whenever the commissioner shall refuse to issue a license certificate, or shall suspend or revoke a license certificate, or shall suspend the right of a licensee to issue temporary plates or markers under the provisions of section fifteen, article six of this chapter, he or she shall make and enter an order to that effect and shall cause a copy of such order to be served in person or by certified mail, return receipt requested, on the applicant or licensee, as the case may be.

The commissioner may conduct an investigation to determine whether any provisions of this chapter have been violated by a licensee. Any investigation shall be kept in strictest confidence by the commissioner, the division, the licensee, any complainant and all other persons, unless and until the commissioner suspends or revokes the license certificate of the license involved.
