 - (5) Compute the funded percentage of the active members' actuarial accrued liabilities under the Teachers Retirement System as of July 1, 2015, by dividing the active members' market value of assets under subdivision (3) of this subsection by the active members' actuarial accrued liabilities under subdivision (4) of this subsection;
 - (6) Compute the actuarial accrued liabilities under the Teachers Retirement System as of July 1, 2015, for active employees transferring to the Public Employees Retirement System; and

- (d) Once an employee transfers from the Teachers Retirement System to the Public Employees Retirement System, the Teachers Retirement System shall bar any further liability and the transfer is an agreement whereby the transferring employee forever indemnifies and holds harmless the Teachers Retirement System from providing him or her any form of retirement benefit whatsoever until that employee obtains other employment which would make him or her eligible to reenter the Teachers Retirement System with no credit whatsoever for the amounts transferred to the Public Employees Retirement System.
- (e) Assets for employees who are members in the Teachers Defined Contribution System pursuant to article seven-b, chapter eighteen, shall remain invested in his or her Teachers Defined Contribution retirement account until termination of employment with the Department of Agriculture.
