§18-23-20. When dormitories, housing facilities, food service facilities or motor vehicle parking facilities become property of state.

When the particular bonds for any dormitory or dormitories, housing facilities, food service facilities or motor vehicle parking facilities and the interest on the bonds shall have been paid or a sufficient amount has been provided for their payment and shall continue to be held for that purpose, the dormitories, housing facilities, food service facilities or motor vehicle parking facilities shall thereafter be exclusively the property of the State of West Virginia and thereafter the rents, fees and charges collected for the use or occupancy of, or service rendered and furnished by, the dormitories, housing facilities, food service facilities or motor vehicle parking facilities shall be paid into the state Board of Investments as provided by the provisions of section two, article two, chapter twelve of this code, as amended, and used and expended for the benefit of the institution where collected: Provided, That nothing in this section precludes any governing board from pledging the rents, fees and charges to pay the principal and interest on any bonds thereafter issued to construct new or to improve existing dormitories, housing facilities, food service facilities or motor vehicle parking facilities pursuant to section nineteen of this article. The rents, fees and charges shall be paid as may be provided in a trust agreement authorized pursuant to section seventeen of this article and in the absence of such trust agreement as provided in section nineteen of this article.

§18-23-21. State debt not to be incurred for dormitories, housing facilities, food service facilities or motor vehicle parking facilities; federal and private assistance; provisions separable.

Nothing in these sections dealing with dormitories, housing facilities, food service facilities or motor vehicle parking facilities may be so construed or interpreted as to authorize or permit the incurring of state debt of any kind or nature as contemplated by the Constitution of this state in relation to the state debt. The dormitories, housing facilities, food service facilities or motor vehicle parking facilities herein are of the character described as self-liquidating projects under the laws of this state.

Any governing board authorized to issue bonds under the provisions of this article is authorized and empowered to accept loans or grants or temporary advances for the purpose of paying part or all of the cost of construction of the dormitories, housing facilities, food service facilities or motor vehicle parking facilities and the other purposes herein authorized, from the United States of America or a federal or public agency or department of the United States or any private agency, corporation or individual, which temporary advances may be repaid out of the proceeds of the bonds authorized to be issued under the provisions of this article and to enter into the necessary contracts and agreements to carry out the purposes hereof with the United States of America or a federal or public agency or department of the United States or with any private agency, corporation or individual. The provisions and parts of this section are separable and are not matters of mutual essential inducement and it is the intention to confer the whole or any part of the powers herein provided for and if any of the sections or provisions, or parts thereof, are for any reason illegal or invalid, it is the intention that the remaining sections and provisions or parts thereof shall remain in full force and effect.
