This document shall be made available on the West Virginia Department of Education's website and may be distributed to all parents.

(p) Any public charter school established pursuant to §18-5G-1 *et seq.* of this code may, at its discretion, abide by all or some of the local school improvement council requirements of this section and may modify any of the requirements it elects to follow to adapt them to be consistent with the operations of the school.

(a) For the purposes of this section, "parent" or "parents" means the person or persons who have legal responsibility for a student, including parents, guardians or custodians.

(b) Jointly established schools --

WV Legislature

§18-5A-3. County board authority to designate innovation schools; local school improvement council proposals of alternatives to operation of school; process for requesting waivers of rules, policies, interpretations and statutes to implement alternatives.

(a) The intent of this section is to encourage and facilitate the design and implementation of innovative initiatives by local schools, working through their local school improvement councils, that meet the school's needs and circumstances. A school level initiative may propose alternatives to the operation of the public school that will enable the school to better meet or exceed the high quality standards established by the state board, increase administrative efficiency, enhance the delivery of instructional programs, promote student engagement in the learning process, promote business partnerships, promote parent and community involvement at the school, or improve the educational performance of the school generally. In accordance with this intent, a local school improvement council established under the provisions of §18-5A-2 of this code may submit to its county board proposed alternatives to the operation of the public school in accordance with this section. If the county board approves the proposal in accordance with this section, it may designate the school as an innovation school and may provide funding to support implementation of the proposal, if necessary.

(b) An alternative proposed by a local school improvement council shall set forth:

- (1) The objective or objectives to be accomplished under the proposal;
- (2) How the accomplishment of such objective or objectives will meet or exceed the standards established by the state board;
- (3) The indicators upon which the meeting of such standards should be judged;
- (4) A projection of any funds to be saved by the proposal and how such funds will be reallocated within the school, or any costs associated with the proposal and proposed funding sources; and
- (5) Any policies or rules promulgated by the state or county board, any state superintendent interpretations and any state statutes for which a waiver will be required for the proposed alternative to be implemented; and

(c) For an alternative to be proposed, at least two thirds of the members of the local school improvement council must vote in favor of the proposal. If the alternative to be proposed includes the request for a waiver of policies or rules promulgated by the state or county board, state superintendent interpretations or state statutes affecting employees, then prior to the proposal of the alternative, a majority of the local affected employee group must agree.

(d) A local school improvement council shall submit its proposed alternative to the county

board. The county board shall acknowledge receipt of the proposal and promptly review the proposed alternative. The county board may request additional information and clarifications from the local school improvement council regarding the proposed alternative. The county board shall approve or disapprove the proposal and return it to the council with a statement of the reasons for the action taken, subject to the following:

(1) If an alternative proposed by the local school improvement council requires the waiver of any policies or rules promulgated by the county board, approval of the proposal by the county board constitutes a grant of the waiver;

(2) If an alternative proposed by the local school improvement council requires the waiver of any policies or rules promulgated by the state board and the county board approves the proposal except that a waiver by the state board is required, the county board shall forward the approved proposal to the state board for final determination. The state board shall acknowledge receipt of the proposal and promptly review the proposed alternative in consultation with the county board or their agents and, in its discretion, approve implementation of the alternative or reply to the county board and council within a reasonable time as to its reasons for not approving the proposed alternative. Approval of the proposal by the state board constitutes a grant of the waiver;

(3) If an alternative proposed by the local school improvement council requires the waiver of a state superintendent's interpretation and the county board approves the proposal except that a waiver by the state superintendent is required, the county board shall forward the approved proposal to the state superintendent for final determination. The state superintendent shall acknowledge receipt of the proposal and promptly review the proposed alternative in consultation with the county board or their agents and, in his or her discretion, approve implementation of the alternative or reply to the county board and council within a reasonable time as to its reasons for not approving the proposed alternative. Approval of the proposal by the state superintendent constitutes a grant of the waiver;

(4) If an alternative proposed by the local school improvement council requires the waiver of a state statute and the county board approves the proposal except that a waiver of the statute is required, the county board shall forward the approved proposal to the Legislative Oversight Commission on Education Accountability. The commission shall acknowledge receipt of the proposal and promptly review the proposed alternative in consultation with the county board or their agents and determine whether a recommendation should be made for an Act of the Legislature to waive the statute to permit implementation of the proposed alternative;

(5) If an alternative that requires a waiver is proposed by more than one local school improvement council in the county and the county board approves, the county board may forward a consolidated proposal requesting the waiver to the appropriate bodies as provided in this subsection; and

(6) When an alternative to the operation of a school is approved, the county board shall

establish a process for evaluation of the operation of the alternative. Approval for the operation of the alternative may be continued or revoked at any time based on the results and findings of the evaluation.

(e) Notwithstanding any other provisions of the law to the contrary, a local school improvement council is not prohibited from permitting off-site classrooms to be developed in conjunction with local businesses if those sites meet the requirements established by the county board for sites that are located off campus.

(f) The state board shall submit a report to the Legislative Oversight commission on education accountability and the Governor on September 1, of each year summarizing the proposed alternatives received, approved or rejected, continued or revoked during the preceding school year and the results and findings of the evaluations. The report shall specifically identify all policy, rule, and interpretation waiver requests including those requests made to county boards by local school improvement councils received during the preceding year and the disposition of each.

§18-5A-3a. Waivers of statutes granted to public schools pursuant to recommendations submitted by local school improvement councils; limitations.

(a) The Legislature hereby grants a waiver from the statute or statutes indicated for the following school or schools pursuant to and for the purposes enumerated in the written statement recommending the waiver, with supporting reasons, approved by the local school improvement council of the respective schools and recommended by the Legislative Oversight Commission on Education Accountability in accordance with the provisions of section three of this article. The grant of a waiver to a statute means that the school or schools granted the waiver may implement the actions as specifically described in their written statement notwithstanding the provisions of this code from which they are specifically waived. These waivers are limited to the purposes as specifically described in the statement upon which the Legislative Oversight Commission on Education Accountability made its recommendation for a waiver to the Legislature and are expressly repealed for any modification or implementation of the described actions which changes those purposes. However, nothing in this section prohibits a local school improvement council school that has been granted a waiver from submitting a request to the Legislative Oversight Commission on Education Accountability for modifications, subject to approval in accordance with section three of this article.

(b) The following waivers are granted:

(1) Section two-b, article three, chapter eighteen-a of this code is waived for the schools of Cabell County for the purpose of implementing a comprehensive new teacher induction program, which purposes are as more specifically described in the schools written statement approved by the county board and submitted to the Legislative Oversight Commission on Education Accountability on February 24, 2011.

(2) Section one-a, article eight, chapter eighteen of this code is waived for the schools of Marshall County for the purpose of increasing the compulsory school attendance age in Marshall County from seventeen to eighteen years of age as a part of its countywide dropout prevention initiative as requested by letter dated January 4, 2016, and recommended by the Legislative Oversight Commission on Education Accountability on January 18, 2016.

(3) Section one-a, article eight, chapter eighteen of this code is waived for the schools of Wyoming County for the purpose of increasing the compulsory school attendance age in Wyoming County from seventeen to eighteen years of age as a part of its countywide dropout prevention initiative as requested by letter dated February 25, 2016 and recommended by the Legislative Oversight Commission on Education Accountability on February 25, 2016.

§18-5A-4. State board to establish criteria for selecting schools of excellence; annual school of excellence awards.

The state Board of Education shall promulgate rules, in accordance with the provisions of article three-b, chapter twenty-nine-a of this code, outlining criteria for the identification of schools of excellence. Such criteria shall include, but not be limited to, improvement in student achievement in comparison to state and national norms, improvement in reducing drop-out rates, improvement in standardized test scores, implementation of advanced or innovative programs, implementation of the goals and purposes of jobs through education as provided in section eight, article two-e of this chapter, improvement in parent and community involvement, improvement in parent, teacher and student satisfaction, improvement in student attendance and other factors which promote excellence in education. Such rules shall be promulgated by January 1, 1991. Such rules may not prohibit any school from applying for consideration as a school of excellence.

Each year, the state board shall select one high school, one middle or junior high school and one elementary school within each regional educational service agency district, and one vocational school selected on a statewide basis to be awarded school of excellence status.

The rules promulgated by the state board shall outline appropriate methods of recognizing and honoring the students, teachers and other employees and parents or members of the school community who have contributed to excellence in education at the school.

§18-5A-5. Public school faculty senates established; election of officers; powers and duties.

(a) There is established at every public school in this state a faculty senate which is comprised of all permanent, full-time professional educators employed at the school who shall all be voting members. "Professional educators", as used in this section, means "professional educators" as defined in chapter eighteen-a of this code. A quorum of more than one half of the voting members of the faculty shall be present at any meeting of the faculty senate at which official business is conducted. Prior to the beginning of the instructional term each year, but within the employment term, the principal shall convene a meeting of the faculty senate to elect a chair, vice chair and secretary and discuss matters relevant to the beginning of the school year. The vice chair shall preside at meetings when the chair is absent. Meetings of the faculty senate shall be held during the times provided in accordance with subdivision (12), subsection (b) of this section as determined by the faculty senate. Emergency meetings may be held during noninstructional time at the call of the chair or a majority of the voting members by petition submitted to the chair and vice chair. An agenda of matters to be considered at a scheduled meeting of the faculty senate shall be available to the members at least two employment days prior to the meeting. For emergency meetings the agenda shall be available as soon as possible prior to the meeting. The chair of the faculty senate may appoint such committees as may be desirable to study and submit recommendations to the full faculty senate, but the acts of the faculty senate shall be voted upon by the full body.

(b) In addition to any other powers and duties conferred by law, or authorized by policies adopted by the state or county board or bylaws which may be adopted by the faculty senate not inconsistent with law, the powers and duties listed in this subsection are specifically reserved for the faculty senate. The intent of these provisions is neither to restrict nor to require the activities of every faculty senate to the enumerated items except as otherwise stated. Each faculty senate shall organize its activities as it considers most effective and efficient based on school size, departmental structure and other relevant factors.

(1) Each faculty senate shall control funds allocated to the school from legislative appropriations pursuant to section nine, article nine-a of this chapter. From those funds, each classroom teacher and librarian shall be allotted \$300 for expenditure during the instructional year for academic materials, supplies or equipment which, in the judgment of the teacher or librarian, will assist him or her in providing instruction in his or her assigned academic subjects or shall be returned to the faculty senate: Provided, That nothing contained herein prohibits the funds from being used for programs and materials that, in the opinion of the teacher, enhance student behavior, increase academic achievement, improve self-esteem and address the problems of students at risk. The remainder of funds shall be expended for academic materials, supplies or equipment in accordance with a budget approved by the faculty senate. Notwithstanding any other provisions of the law to the contrary, funds not expended in one school year are available for expenditure in the next school year: Provided, however, That the amount of county funds budgeted in a fiscal year

may not be reduced throughout the year as a result of the faculty appropriations in the same fiscal year for such materials, supplies and equipment. Accounts shall be maintained of the allocations and expenditures of such funds for the purpose of financial audit. Academic materials, supplies or equipment shall be interpreted broadly, but does not include materials, supplies or equipment which will be used in or connected with interscholastic athletic events.

(2) A faculty senate may establish a process for members to interview or otherwise obtain information regarding applicants for classroom teaching vacancies that will enable the faculty senate to submit recommendations regarding employment to the principal. To facilitate the establishment of a process that is timely, effective, consistent among schools and counties, and designed to avoid litigation or grievance, the state board shall promulgate a rule pursuant to article three-b, chapter twenty-nine-a of this code to implement the provisions of this subdivision. The rule may include the following:

(A) A process or alternative processes that a faculty senate may adopt;

(B) If determined necessary, a requirement and procedure for training for principals and faculty senate members or their designees who may participate in interviews and provisions that may provide for the compensation based on the appropriate daily rate of a classroom teacher who directly participates in the training for periods beyond his or her individual contract;

(C) Timelines that will assure the timely completion of the recommendation or the forfeiture of the right to make a recommendation upon the failure to complete a recommendation within a reasonable time;

(D) The authorization of the faculty senate to delegate the process for making a recommendation to a committee of no less than three members of the faculty senate; and

(E) Such other provisions as the state board determines are necessary or beneficial for the process to be established by the faculty senate.

(3) A faculty senate may nominate teachers for recognition as outstanding teachers under state and local teacher recognition programs and other personnel at the school, including parents, for recognition under other appropriate recognition programs and may establish such programs for operation at the school.

(4) A faculty senate may submit recommendations to the principal regarding the assignment scheduling of secretaries, clerks, aides and paraprofessionals at the school.

(5) A faculty senate may submit recommendations to the principal regarding establishment of the master curriculum schedule for the next ensuing school year.

(6) A faculty senate may establish a process for the review and comment on sabbatical leave requests submitted by employees at the school pursuant to section eleven, article two of this

chapter.

(7) Each faculty senate shall elect three faculty representatives to the local school improvement council established pursuant to section two of this article.

(8) Each faculty senate may nominate a member for election to the county staff development council pursuant to section eight, article three, chapter eighteen-a of this code.

(9) Each faculty senate shall have an opportunity to make recommendations on the selection of faculty to serve as mentors for beginning teachers under beginning teacher internship programs at the school.

(10) A faculty senate may solicit, accept and expend any grants, gifts, bequests, donations and any other funds made available to the faculty senate: Provided, That the faculty senate shall select a member who has the duty of maintaining a record of all funds received and expended by the faculty senate, which record shall be kept in the school office and is subject to normal auditing procedures.

(11) Any faculty senate may review the evaluation procedure as conducted in their school to ascertain whether the evaluations were conducted in accordance with the written system required pursuant to section twelve, article two, chapter eighteen-a of this code or pursuant to section two, article three-c, chapter eighteen-a of this code, as applicable, and the general intent of this Legislature regarding meaningful performance evaluations of school personnel. If a majority of members of the faculty senate determine that such evaluations were not so conducted, they shall submit a report in writing to the State Board of Education: Provided, That nothing herein creates any new right of access to or review of any individual's evaluations.

(12) A local board shall provide to each faculty senate at least six two-hour blocks of time for faculty senate meetings with at least one two-hour block of time scheduled in the first month of the employment term, one two-hour block of time scheduled in the last month of the employment term and at least one two-hour block of time scheduled in each of the months of October, December, February and April. A faculty senate may meet for an unlimited block of time during noninstructional days to discuss and plan strategies to improve student instruction and to conduct other faculty senate business. A faculty senate meeting scheduled on a noninstructional day shall be considered as part of the purpose for which the noninstructional day is scheduled. This time may be used and determined at the local school level and includes, but is not limited to, faculty senate meetings.

(13) Each faculty senate shall develop a strategic plan to manage the integration of special needs students into the regular classroom at their respective schools and submit the strategic plan to the superintendent of the county board periodically pursuant to guidelines developed by the State Department of Education. Each faculty senate shall encourage the participation of local school improvement councils, parents and the community at large in developing the strategic plan for each school.

Each strategic plan developed by the faculty senate shall include at least: (A) A mission statement; (B) goals; (C) needs; (D) objectives and activities to implement plans relating to each goal; (E) work in progress to implement the strategic plan; (F) guidelines for placing additional staff into integrated classrooms to meet the needs of exceptional needs students without diminishing the services rendered to the other students in integrated classrooms; (G) guidelines for implementation of collaborative planning and instruction; and (H) training for all regular classroom teachers who serve students with exceptional needs in integrated classrooms.

§18-5A-6. Establishment of school curriculum teams; process for teacher collaboration to improve learning.

(a) There shall be established at each school in the state a school curriculum team composed of the school principal, the counselor designated to serve that school and no fewer than three teachers representative of the grades taught at the school and chosen by the faculty senate: In instances where the counselor is assigned to an elementary school or a combination elementary and middle school on less than a one-half time basis, a school curriculum team established at that school may meet on days when the counselor is not at the school and the principal shall consult with the counselor on the issues relevant to the meeting agenda.

(b) The purposes of this section are to implement the following goals:

(1) Provide professional opportunities for teachers, administrators and other school personnel that allow them to have a direct voice in the operation of their schools and to create a culture of shared decision-making focused on the ultimate goal of raising student achievement;

(2) Encourage the use of different, high-quality models of teaching, scheduling and other aspects of educational delivery that meet a variety of student needs;

(3) Increase high-quality educational opportunities for all students that close achievement gaps between high-performing and low-performing groups of public school students; and

(4) Provide public schools with increased school-level freedom and flexibility to achieve these purposes when they have achieved exceptional levels of results-driven accountability.

(c) Powers and duties of the school curriculum team. --

(1) Establish for use at the school the programs and methods to be used to implement a curriculum based on state-approved content standards that meet the needs of students at the individual school.

(A) The curriculum shall focus on reading, composition, mathematics, science and technology.

(B) The curriculum thus established shall be submitted to the county board which may approve for implementation at the school or may return to the curriculum team for reconsideration.

(2) Review the list of other, non-required testing and assessment instruments provided by the state board through the statewide assessment program as provided in section five, article two-e of this chapter. The curriculum team may select one or more tests or assessment instruments that are applicable to the grade levels at the school for use at the school to improve student learning.

(3) Establish for use at the school the assessments, instructional strategies and programs that it determines are best suited to promote student achievement and to achieve content standards for courses required by the state board. The curriculum team shall submit the established assessments, instructional strategies and programs to the county board which shall approve the recommendations for implementation at the school or shall return them to the curriculum team for reconsideration.

(d) Notwithstanding subsection (c) of this section, the school curriculum team established at a school that has achieved adequate yearly progress or has achieved an accreditation status of distinction or exemplary in accordance with section five, article two-e of this chapter, may use the assessments and implement the instructional strategies and programs consistent with the approved curriculum that it determines are best suited to promote student achievement at the school.

(1) The school may not be required to assess students using any specific assessment except the state summative assessment known as the WESTEST2 or any successor tests, the Alternative Performance Task Assessment, the Online Writing Assessment, and the National Assessment of Educational Progress (NAEP); and

(2) The school may not be required to employ any specific instructional strategy or program to achieve content standards for courses required by the state board, except as approved by the school curriculum team.

(e) If a school fails to achieve adequate yearly progress or if it receives any school approval level other than distinction or exemplary as set forth in section five, article two-e of this chapter, the curriculum team may not exercise the options provided in subsections (d) and (i) of this article until the school has regained one or more of these credentials.

(f) Nothing in this section exempts a school from assessments required by statute or state board policy including, but not limited to, the state summative assessment known as the WESTEST2 or any successor tests, the Alternative Performance Task Assessment, the Online Writing Assessment, and the National Assessment of Educational Progress (NAEP).

(g) The school curriculum team may apply for a waiver for instructional resources approved and adopted pursuant to article two-a of this chapter if, in the judgment of the team, the instructional resources necessary for the implementation of the instructional strategies and programs best suited to teach the school's curriculum are not available through the normal adoption process.

(h) The school curriculum team may apply for a grant from the state board to develop and/or implement remedial and accelerated programs to meet the needs of the students at the individual school.

(i) Process for teacher collaboration. --

(1) Notwithstanding the application and approval process established by article five-c of this chapter, at a school that has achieved adequate yearly progress or has achieved a school accreditation status of distinction or exemplary in accordance with section five, article two-e of this chapter, the faculty senate, with approval of the principal, may establish a process for teacher collaboration to improve instruction and learning.

(A) The collaborative process may be established in addition to, or as an alternative to, the school curriculum team provided for in subsection (a) of this section.

(B) The mission of the collaboration process is to review student academic performance based on multiple measures, to identify strategies to improve student performance and make recommendations for improvement to be implemented subject to approval of the principal.

(C) The teacher collaborative includes members the faculty senate determines are necessary to address the needed improvements in the academic performance of students at the school. If applicable, the collaborative may consist of multiple subject area subcommittees which may meet independently.
