WEST VIRGINIA CODE: §18-9F-7

§18-9F-7. School access safety requirements for new schools.

(a) Notwithstanding any other provision of this code to the contrary, and in an effort to enhance school access safety, the design and construction of any new school building receiving funds from the authority shall comply with the school access safety standards established by the authority. Any new school building that does not comply with the school access safety standards may not receive any funds from the authority pursuant to this article.

(b) The authority shall propose a rule for legislative approval in accordance with the provisions of article three-a, chapter twenty-nine-a of this code that establishes standards for school access safety in public school buildings. The rule shall require for any project that will receive funding pursuant to this article that the county board shall submit any new school design to the authority for review and approval for compliance with this section prior to preparing final bid documents.
