**§18A-2-2. Employment of teachers; contracts; continuing contract status; how terminated; dismissal for lack of need; released time; failure of teacher to perform contract or violation thereof; written notice bonus for teachers and professional personnel.**

(a) Before entering upon their duties, all teachers shall execute a contract with their county boards, which shall state the salary to be paid and shall be in the form prescribed by the state superintendent. Each contract shall be signed by the teacher and by the president and secretary of the county board and shall be filed, together with the certificate of the teacher, by the secretary of the office of the county board. When necessary to facilitate the employment of employable professional personnel and prospective and recent graduates of teacher education programs who have not yet attained certification, the contract may be signed upon the condition that the certificate is issued to the employee prior to the beginning of the employment term in which the employee enters upon his or her duties.

(b) Each teacher's contract, under this section, shall be designated as a probationary or continuing contract. A probationary teachers contract shall be for a term of not less than one nor more than three years, one of which shall be for completion of a beginning teacher internship pursuant to the provisions of section two-b, article three of this chapter, if applicable. If, after three years of such employment, the teacher who holds a professional certificate, based on at least a bachelor's degree, has met the qualifications for a bachelors degree and the county board enter into a new contract of employment, it shall be a continuing contract, subject to the following:

(1) Any teacher with less than a bachelor's degree who holds a valid certificate and is employed in a county beyond the three-year probationary period shall be granted continuing contract status upon qualifying for the professional certificate based upon a bachelor's degree, if the teacher becomes reemployed; and

(2) A teacher holding continuing contract status with one county shall be granted continuing contract status with any other county upon completion of one year of acceptable employment if the employment is during the next succeeding school year or immediately following an approved leave of absence extending no more than one year.

(c) The continuing contract of any teacher shall remain in full force and effect except as modified by mutual consent of the school board and the teacher, unless and until terminated, subject to the following:

(1) A continuing contract may not be terminated except:

(A) By a majority vote of the full membership of the county board on or before May 1 of the then current year, after written notice, served upon the teacher, return receipt requested, stating cause or causes and an opportunity to be heard at a meeting of the board prior to the board's action on the termination issue; or

(B) By written resignation of the teacher on or before May 1 to initiate termination of a continuing contract;

(2) The termination shall take effect at the close of the school year in which the contract is terminated;

(3) The contract may be terminated at any time by mutual consent of the school board and the teacher;

(4) This section does not affect the powers of the school board to suspend or dismiss a principal or teacher pursuant to section eight of this article;

(5) A continuing contract for any teacher holding a certificate valid for more than one year and in full force and effect during the school year 1984-1985 shall remain in full force and effect;

(6) A continuing contract does not operate to prevent a teacher's dismissal based upon the lack of need for the teacher's services pursuant to the provisions of law relating to the allocation to teachers and pupil-teacher ratios. The written notification of teachers being considered for dismissal for lack of need shall be limited to only those teachers whose consideration for dismissal is based upon known or expected circumstances which will require dismissal for lack of need. An employee who was not provided notice and an opportunity for a hearing pursuant to this subsection may not be included on the list. In case of dismissal for lack of need, a dismissed teacher shall be placed upon a preferred list in the order of their length of service with that board. A teacher may not be employed by the board until each qualified teacher on the preferred list, in order, has been offered the opportunity for reemployment in a position for which he or she is qualified, not including a teacher who has accepted a teaching position elsewhere. The reemployment shall be upon a teacher's preexisting continuing contract and has the same effect as though the contract had been suspended during the time the teacher was not employed.

(d) In the assignment of position or duties of a teacher under a continuing contract, the board may provide for released time of a teacher for any special professional or governmental assignment without jeopardizing the contractual rights of the teacher or any other rights, privileges or benefits under the provisions of this chapter. Released time shall be provided for any professional educator while serving as a member of the Legislature during any duly constituted session of that body and its interim and statutory committees and commissions without jeopardizing his or her contractual rights or any other rights, privileges, benefits or accrual of experience for placement on the state minimum salary schedule in the following school year under the provisions of this chapter, board policy and law.

(e) A teacher is disqualified to teach in any public school in the state for the duration of the next ensuing school year, if that teacher:

(1) Fails to fulfill his or her contract with the board, unless prevented from doing so by personal illness or other just cause or unless released from his or her contract by the board, or

(2) Violates any lawful provision of his or her contract: Provided, That the marriage of a teacher is not considered a failure to fulfill, or violation of, the contract.

The State Department of Education or board may hold all papers and credentials of the teacher on file for a period of one year for the violation and shall report such disqualification status in the National Association of State Directors of Teacher Education and Certification (NASDTEC) database system.

(f) Any classroom teacher, as defined in section one, article one of this chapter, who desires to resign employment with a county board or request a leave of absence, the resignation or leave of absence to become effective on or before July 15 of the same year and after completion of the employment term, may do so at any time during the school year by written notification of the resignation or leave of absence and any notification received by a county board shall automatically extend the teacher's public employee insurance coverage until August 31 of the same year.

(g) (1) A classroom teacher who gives written notice to the county board on or before March 1 of the school year of his or her retirement from employment with the board at the conclusion of the school year shall be paid \$500 from the early notification of retirement line item established for the Department of Education for this purpose, subject to appropriation by the Legislature. If the appropriations to the Department of Education for this purpose are insufficient to compensate all applicable teachers, the Department of Education shall request a supplemental appropriation in an amount sufficient to compensate all such teachers. Additionally, if funds are still insufficient to compensate all applicable teachers, the priority of payment is for teachers who give written notice the earliest. This payment may not be counted as part of the final average salary for the purpose of calculating retirement.

(2) The position of a classroom teacher providing written notice of retirement pursuant to this subsection may be considered vacant and the county board may immediately post the position as an opening to be filled at the conclusion of the school year. If a teacher has been hired to fill the position of a retiring classroom teacher prior to the start of the next school year, the retiring classroom teacher is disqualified from continuing his or her employment in that position. However, the retiring classroom teacher may be permitted to continue his or her employment in that position and forfeit the early retirement notification payment if, after giving notice of retirement in accordance with this subsection, he or she becomes subject to a significant unforeseen financial hardship, including a hardship caused by the death or illness of an immediate family member or loss of employment of a spouse. Other significant unforeseen financial hardships shall be determined by the county superintendent on a case-by-case basis. This subsection does not prohibit a county school board from eliminating the position of a retiring classroom teacher.

**§18A-2-2a. Leaves of absence for teachers and service personnel.**

(a) Any teacher who is returning from an approved leave of absence that extended for a period of one year or less shall be reemployed by the county board with the right to be restored to the same assignment of position or duties held prior to the approved leave of absence. Such teacher shall retain all seniority, rights and privileges which had accrued at the time of the approved leave of absence, and shall have all rights and privileges generally accorded teachers at the time of the reemployment.

(b) An employee shall notify the county board at least ten working days prior to beginning a leave of absence. The county board shall approve such leave of absence for any teacher or service personnel who requests an extended leave of absence without pay for any period of time not exceeding one year for the purpose of pregnancy, childbirth or adoptive or infant bonding. An employee shall not be required to use accumulated annual leave or sick leave prior to taking an extended leave of absence.

(c) Such employee who returns from an approved leave of absence for the purpose of pregnancy, childbirth or adoptive or infant bonding which lasted for a period of one year or less than one year shall be reemployed with the right to be restored to the same assignment of position or duties and benefits held prior to the approved leave of absence. Such employee shall retain all rights and privileges generally accorded employees at the time of the reemployment.

**§18A-2-2b. Employment of prospective teachers and other professional personnel for next ensuing school year; and payment of financial incentive for recruitment.**

(a) Notwithstanding any other provision of this code to the contrary, the county superintendent, subject to approval of the county board, may employ prospective teachers and other professional personnel each year who will be placed in positions and begin regular employment in the next ensuing school year. The intent of this section is to enable school systems to recruit and employ prospective teachers and other professional personnel during the prime recruiting season for new graduates in positions in which the county board has a critical need. The employment of prospective teachers and other professional personnel is subject to the following:

(1) The county board adopts a policy authorizing the employment of prospective teachers and other professional personnel to address areas of critical need;

(2) The county board posts a notice of the critical need positions in the county in which the county intends to employ the prospective teachers and other professional personnel. reserve list at the county level and placed into a school-specific critical need position if the job has been posted at least once resulting in no qualified applicants; and

(9) Regular employment status for prospective teachers and other professional personnel may be obtained only upon recommendation by the superintendent and approval by the county board following consideration of the qualifications of the candidate in accordance with the applicable provisions of §18A-4-7a of this code;

**§18A-2-3. Employment of substitute teachers; and employment of retired teachers as substitutes in areas of critical need and shortage.**

(a) The county superintendent, subject to approval of the county board, may employ and assign substitute teachers to any of the following duties:

(2) For the purposes of this subsection:

Therefore, it is the intent of the Legislature that after the twentieth day prior to the beginning of the instructional term, filling positions through transfers of personnel from one position to another be kept to a minimum for autism mentors and aides who work with students with autism and for paraprofessionals, interpreters, early childhood classroom assistant teachers and aides who work with students with exceptionalities whose IEPs require one-on-one services, in accordance with the following:

(c) Except as provided in subsection (b) of this section, after the twentieth day prior to the beginning of the instructional term, a service person may transfer to another position of employment one time only during any one half of the instructional term, unless otherwise mutually agreed upon by the service person and the county superintendent, or the superintendent's designee, subject to county board approval. During the first year of employment as a service person, a service person may not transfer to another position of employment during the first one half of the instructional term unless mutually agreed upon by the service person and county superintendent, subject to county board approval, except as follows:

(4) Nothing in §18A-3C-1 et seq. of this code may be construed to negate the provisions of this subsection.

**§18A-2-12a. Statement of policy and practice for the county boards and school personnel to minimize possible disagreement and misunderstanding.**

(a) The Legislature makes the following findings:

(1) The effective and efficient operation of the public schools depends upon the development of harmonious and cooperative relationships between county boards and school personnel;

(2) Each group has a fundamental role to perform in the educational program and each has certain separate, distinct and clearly defined areas of responsibility as provided in chapters eighteen and eighteen-a of this code; and

(3) There are instances, particularly involving questions of wages, salaries and conditions of work, that are subject to disagreement and misunderstanding between county boards and school personnel and may not be so clearly set forth.

(b) The purpose of this section is to establish a statement of policy and practice for the county boards and school personnel, as follows, in order to minimize possible disagreement and misunderstanding:

(1) County boards, subject to the provisions of this chapter, chapter eighteen of this code and the policies and rules of the state board, are responsible for the management of the schools within their respective counties. The powers and responsibilities of county boards in setting policy and in providing management are broad, but not absolute;

(2) The school personnel shares the responsibility for putting into effect the policies and practices approved by the county board that employs them and the school personnel also have certain rights and responsibilities as provided in statute, and in their contracts;

(3) School personnel are entitled to meet together, form associations and work in concert to improve their circumstances and the circumstances of the schools;

(4) County boards and school personnel can most effectively discharge their total responsibilities to the public and to each other by establishing clear and open lines of communication. School personnel should be encouraged to make suggestions, proposals and recommendations through appropriate channels to the county board. Decisions of the county board concerning the suggestions, proposals and recommendations should be communicated to the school personnel clearly and openly;

(5) Official meetings of county boards are public meetings. School personnel are free to attend the meetings without fear of reprisal and should be encouraged to attend;

(6) All school personnel are entitled to know how well they are fulfilling their responsibilities and should be offered the opportunity of open and honest evaluations of their performance on a regular basis and in accordance with the provisions of section twelve of this article. All school personnel are entitled to opportunities to improve their job performance prior to the

termination or transfer of their services. Decisions concerning the promotion, demotion, transfer or termination of employment of school personnel, other than those for lack of need or governed by specific statutory provisions unrelated to performance, should be based upon the evaluations, and not upon factors extraneous thereto. All school personnel are entitled to due process in matters affecting their employment, transfer, demotion or promotion; and

(7) All official and enforceable personnel policies of a county board must be written and made available to its employees.

**§18A-3-8. County professional staff development councils.**

The Legislature finds the professional expertise and insight of the classroom teacher to be an invaluable ingredient in the development and delivery of staff development programs which meet the needs of classroom teachers.

Therefore, a professional staff development council comprised of proportional representation from the major school levels and from vocational, special education and other specialties in proportion to their employment numbers in the county shall be established in each school district in the state in accordance with rules adopted by the State Board of Education. Nominations of instructional personnel to serve on the county staff development council may be submitted by the faculty senates of the district to the county superintendent who shall prepare and distribute ballots and tabulate the votes of the counties instructional personnel voting on the persons nominated. Each county staff development council shall consist of between nine and fifteen members at the discretion of the county superintendent based on the size of the county. The county superintendent or a designee has an advisory, nonvoting role on the council. The county board shall make available an amount equal to one tenth of one percent of the amounts provided in accordance with §18-9A-4 of this code and credit the funds to an account to be used by the council to fulfill its objectives. The local board has final approval of all proposed disbursements.

Any funds credited to the council during a fiscal year, but not used by the council, shall be carried over in the council account for use in the next fiscal year. (b) Therefore, a service personnel staff development council comprised of representation from the various categories of service personnel employment shall be established in each school district in the state in accordance with rules adopted by the state Board of Education. Nominations of service personnel to serve on the county service personnel staff development council may be submitted by the six groups, as defined in subsection (e), section one, article one of this chapter, of the district to the county superintendent who shall prepare and distribute ballots and tabulate the votes of the counties service personnel voting on the persons nominated. Each county staff service personnel development council shall consist of two employees from each category of employment one of whom shall be elected as chairperson by the staff development council members. The county superintendent or a designee has an advisory, nonvoting role on the council. The county board shall make available an amount equal to one tenth of one percent of the amounts provided in accordance with section five, article nine-a, chapter eighteen of this code and credit the funds to an account to be used by the council to fulfill its objectives. Department of Education.**

(a) Any applicant for an initial license issued by the West Virginia Department of Education shall be fingerprinted by the West Virginia State Police in accordance with state board policy in order to determine the applicant's suitability for licensure. The fingerprints shall be analyzed by the State Police for a state criminal history record check through the central abuse registry and then forwarded to the Federal Bureau of Investigation for a national criminal history record check.

(b) Information contained in either the central abuse registry record or the Federal Bureau of Investigation record may form the basis for the denial of a certificate for just cause.

(c) The applicant for initial certification pays for the cost of obtaining the central abuse registry record and the Federal Bureau of Investigation record.

(d) Upon written consent to the state department by the applicant and within ninety days of the state fingerprint analysis, the results of a state analysis may be provided to a county board with which the applicant is applying for employment without further cost to the applicant.

(e) Information maintained by the state department or a county board which was obtained for the purpose of this section is exempt from the disclosure provisions of chapter twenty-nine-b of this code. **§18A-3-11. Fellowship for 21st Century Learners.**

(a) The Legislature finds that:

(1) There are instances, especially for the purpose of professional development, where it would be beneficial for persons who are members of the Teachers' Retirement System or the Teachers' Defined Contribution System to be employed by state institutions of higher education or research corporations;

(2) Members of the Teachers' Retirement System are discouraged from terminating their membership to that system because their annuity is based on their final average salary and their total service credit;

(3) A member of the Teachers' Defined Contribution System may be discouraged from terminating his or her membership to that system because the member may be completely vested in that system or have made substantial progress toward being vested;

(4) These members also are discouraged from leaving employment that allows them to participate in the Public Employees Insurance Program pursuant to article sixteen, chapter five of this code; and

(5) An example of this beneficial arrangement would be the employment of a member of the Teachers' Retirement System or a member of the Teachers' Defined Contribution System by an entity that otherwise would not be considered an employer under article seven-a, chapter eighteen of this code or article seven-b, chapter eighteen of this code for the purpose of working on a joint professional development project between higher education and public education.

(b) For the purposes of this section only, unless the context clearly indicates otherwise:

(1) "Employer" means either the state institution of higher education or the research corporation employing a 21st Century Learner Fellow;

**§18A-3C-1. Findings; purposes and definition.**

(a) The Legislature makes the following findings:

(1) Processes set forth in this article for the performance evaluation of professional personnel and the induction and professional growth of teachers and leaders are not intended to make up for substandard initial preparation, but instead are intended to build on a solid foundation created by the teacher and principal preparation programs. Therefore, the Legislature expects the teacher preparation programs to graduate teachers and leaders who can perform at a level that increases student achievement. The Legislature expects that the processes set forth in this article will allow a teacher and principal to excel beyond that level in the classroom and in school leadership positions;

(2) The comprehensive system of support provided in this article should be implemented in a way that effectively provides for the professional growth of teachers and principals;

(3) In order for the comprehensive system of support to much more effectively provide for the professional growth of teachers and principals, professional development resources must be focused in the most cost effective manner on the unique needs of individual schools, including their professional personnel evaluation data, to increase the school's capacity to improve student performance and progress; and

(4) Although the quality of the teacher is extremely important to the academic achievement of students, students cannot learn if they are not present to receive the instruction. Therefore, attending school on a regular basis is of utmost importance to the academic success of students.

(b) The purpose of this article is to create a comprehensive infrastructure that routinely supports a continuous process for improving teaching and learning. Its focus is on developing strong teaching and school leadership, without which effective learning does not occur. The general components of this infrastructure include the following:

(1) High-quality teacher and principal preparation, induction, and evaluation;

(2) Universal support for emerging teachers and principals including comprehensive induction and support for (A) Beginning teachers, student teachers, teachers teaching in assignments for which they have less than a full professional credential, and teacher candidates pursuing certification through an alternative route; and (B) beginning principals, assistant principals, and vocational administrators, and those of them beginning a new assignment at a school with a significantly different grade level configuration;

(3) Evaluation of the performance of teachers and leaders in demonstrating high quality professional practice, leadership, and collaboration and the resulting growth in student learning;

(4) Focused improvement in teaching and learning through the use of evaluation data to inform the delivery of professional development and additional supports to improve teaching based on the evaluation results and to inform the need for improvements in teacher preparation programs; and

(5) The creation of a leadership culture that seeks and builds powerful alliances among all stakeholders focused on continuous growth in student learning.

(c) For purposes of this article “professional personnel” includes classroom teachers, assistant principals, and principals as defined in §18A-1-1 of this code.

**§18A-3C-2. Performance evaluations of professional personnel.**

(a) The provisions of this section govern the performance evaluation of classroom teachers, principals and assistant principals employed in public schools and school systems. To the extent that this section conflicts with the provisions of §18A-2-12 of this code relating to professional personnel performance evaluations, this section shall govern.

(b) Before July 1, 2018, the state board shall adopt a legislative rule in accordance with §29A-3B-1 *et seq.* of this code, for annually evaluating the performance of each professional person. The rule shall provide for performance evaluations of professional personnel to be conducted in accordance with this section in each school and school system.

(c)(1) The process adopted by the state board for evaluating the performance of classroom teachers shall incorporate at least the following:

(A) Alignment with the West Virginia Professional Teaching Standards adopted by the state board that establish the foundation for educator preparation, teacher assessment, and professional development throughout the state;

(B) Employment of the professional teaching standards to provide explicit and extensive measures of the work of teaching and what teachers must know and be able to do and provide evaluative measures of educator performance; and

(C) The use of two pieces of evidence at two points in time over the instructional term to demonstrate student learning as an indicator of educator performance.

(2) Eighty percent of the evaluation shall be based on an appraisal of the educator's ability to perform the critical standard elements of the professional teaching standards. The appraisal shall include conferences with the evaluator reinforced through observation. Twenty percent of the evaluation shall be based on evidence of the learning of the students assigned to the educator in accordance with paragraph (C), subdivision (1) of this subsection.

(d)(1) The process adopted by the state board for evaluating the performance of principals and assistant principals shall include at least the following:

(A) Alignment with the West Virginia Professional Leadership Standards adopted by the state board establishing the responsibility of principals for the collective success of their school including the learning, growth, and achievement of students, staff, and self;

(B) Employment of the professional leadership standards to provide explicit and extensive measures of the work of school leadership focused on the continuous improvement of teaching and learning. The process shall include conferences and goal setting with the superintendent or his or her designee and the use of a survey of stakeholders to assist in identifying the needs and establishing the goals for the school and the principal. The survey shall be distributed to at least the following stakeholders: Students, parents, teachers, and service personnel. The evaluative measures shall include the use of data, evidence, and

artifacts to confirm the principal's performance on achieving the goals established by the principal and superintendent; and

(C) The use of two pieces of evidence at two points in time over the instructional term to demonstrate the growth in student learning at the school.

(2) Eighty percent of the evaluation shall be based on an appraisal of the principal's or the assistant principal's ability to perform the critical standard elements of the professional leadership standards and achieve the goals established for the principal and the school. Twenty percent of the evaluation shall be based on evidence of the learning of the students assigned to the school in accordance with paragraph (C), subdivision (1) of this subsection.

(e) Evaluations of the performance of professional personnel shall serve the following purposes:

(1) Serve as a basis for the improvement of the performance of the professional personnel in their assigned duties;

(2) Serve as the basis for providing professional development specifically targeted on the area or areas identified through the evaluation process as needing improvement. If possible, this targeted professional development should be delivered at the school site using collaborative processes, mentoring or coaching or other approaches that maximize use of the instructional setting;

(3) Serve as the basis for establishing priorities for the provision of county-level professional development when aggregate evaluation data from the county's schools indicates an area or areas of needed improvement;

(4) Serve as a basis for informing the teacher preparation programs in this state of an area or areas of needed improvement in the programs, or informing a specific program of needed improvement, when state-level aggregate evaluation data indicates that beginning teachers who have graduated from the program have specific weaknesses;

(5) Provide an indicator of level of performance of the professional personnel and, if the evaluation indicates any area, quality, skill, or level of performance is less than accomplished, provide an explanation and data to support the evaluation;

(6) Serve as a basis for programs to increase the professional growth and development of professional personnel; and

(7) Serve as documentation for a dismissal on the grounds of unsatisfactory performance.

(f) The rule adopted by the state board shall include standards for the performance of professional personnel and the criteria to be used to determine whether their performance meets the standards. The rule also shall include guidance on best practices for providing time within the school day for teachers and leaders subject to performance evaluations

under this section to participate in the collaborative mentoring or coaching and planning processes necessary for execution of the performance evaluation process and achieving advanced levels of performance.

(g) The rule adopted by the state board shall include provisions for written improvement plans when necessary to improve the performance of the professional personnel. The written improvement plan shall be specific as to what improvements are needed in the performance of the professional personnel and shall clearly set forth recommendations for improvements including recommendations for additional education and training of professionals subject to recertification. Professional personnel whose performance evaluation includes a written improvement plan shall be given an opportunity to improve his or her performance through the implementation of the plan.

(h) A professional person whose performance is considered to be unsatisfactory shall be given written notice of his or her deficiencies. A written improvement plan to correct these deficiencies shall be developed by the employing county board and the employee. The professional person shall be given a reasonable period of time, not exceeding 12 months, to accomplish the requirements of the improvement plan and shall receive a written statement of the resources and assistance available for the purposes of correcting the deficiencies. If the next performance evaluation shows that the professional is now performing satisfactorily, no further action may be taken concerning the original performance evaluation. If the evaluation shows that the professional is still not performing satisfactorily, the evaluator either shall make additional written recommendations for improvement or may recommend the dismissal of the professional personnel in accordance with the provisions of §18A-2-8 of this code.

(i) No person may evaluate professional personnel for the purposes of this section unless the person has an administrative certificate issued by the state superintendent and has successfully completed education and training in evaluation skills approved by the state board which will enable the person to make fair, professional, and credible evaluations of the personnel whom the person is responsible for evaluating.

(j) Prior to implementation of the evaluation process pursuant to this section at a school, each affected employee shall be given training to ensure that the employees have a full understanding of the purposes, instruments, and procedures used in evaluating their performance. Thereafter, this training shall be held annually at the beginning of the employment term.

**§18A-3C-3. Comprehensive system for teacher and leader induction and professional growth.**

(a) The intent of the Legislature is to allow for local-level implementation of comprehensive systems of support for building professional practice consistent with sound educational practices and resources available. In this regard, it is the intent of the Legislature that the comprehensive systems of support shall incorporate support for improved professional performance that begins with meaningful assistance for beginning teachers and leaders and also is targeted on deficiencies identified through the educator personnel evaluation process and other professional development needs identified in the strategic plans for continuous improvement of schools and school systems. Further, because of significant variability among the counties, not only in the size of their teaching force, distribution of facilities and available resources, but also because of their varying needs, the Legislature intends for the implementation of this section to be accomplished in a manner that provides adequate flexibility to the counties to design and implement a comprehensive system of support for improving professional performance that best achieves the goals of this section within the county. Finally, because of the critical importance of ensuring that all teachers perform at the accomplished level or higher in the delivery of instruction that at least meets the West Virginia Professional Teaching Standards and because achieving this objective at a minimum entails providing assistance to address the needs as indicated by the data informed results of annual performance evaluations, including the self-assessed needs of the teachers themselves, the Legislature expects the highest priority for county and state professional development will be on meeting these needs and that the comprehensive systems of support for improving professional practice will reflect substantial redirection of existing professional development resources toward this highest priority.

(b) Each county board shall ensure that the results on the comprehensive statewide student assessment for the students taught by each teacher are provided to that teacher so that the teacher can see the performance of the students he or she taught the previous school year.

(c) On or before July 1, 2018, the state board shall publish guidelines on the design and implementation of a county-level comprehensive system of support for improving professional practice. The purpose of the guidelines is to assist the county board with the design and implementation of a system that best achieves the goals of this section within the county. The guidelines may include examples of best practices and resources available to county boards to assist them with the design and implementation of a comprehensive system of support and may include guidelines for the design and implementation of a teacher leader framework committed to improving the quality of instruction.

(d) Effective for the school year beginning July 1, 2018, and thereafter, a county board is not eligible to receive state funding appropriated for the purposes of this section or any other provision of law related to beginning teacher and principal internships and mentor teachers and principals unless it has adopted a plan for implementation of a comprehensive system of support for improving professional practice, the plan has been verified by the state board as meeting the requirements of this section and the county is implementing the plan. The plan

shall address the following:

(1) The manner in which the county will provide the strong school-based support and supervision that will assist beginning teachers in developing instructional and management strategies, procedural and policy expertise, and other professional practices they need to be successful in the classroom and perform at the accomplished level. Nothing in this subdivision prohibits a school or school system that was granted an exception or waiver from §18A-3-2c of this code prior to the effective date of this section from continuing implementation of the program in accordance with the exception or waiver;

(2) The manner in which the county will provide the strong support and supervision necessary to assist teachers employed by the county who are less than fully certified for the teaching position in which they are employed that will include an emphasis on grade-level content, standards driven instruction, research-based instructional strategies, and mentoring support consistent with the West Virginia Professional Teaching Standards.

(3) The manner in which the county will provide the strong support and supervision that will assist beginning principals in developing instructional leadership, supervisory and management strategies, procedural and policy expertise, and other professional practices they need to be successful in leading continuous school improvement and performing at the accomplished level or above;

(4) The manner in which the county in cooperation with the teacher preparation programs in this state will provide strong school-based support and assistance necessary to make student and resident teaching a productive learning experience;

(5) The manner in which the county will use the data from the educator performance evaluation system to serve as the basis for providing professional development specifically targeted on the area or areas identified through the evaluation process as needing improvement. If possible, this targeted professional development should be delivered at the school site using collaborative processes, mentoring or coaching or other approaches that maximize use of the instructional setting;

(6) The manner in which the county will use the data from the educator performance evaluation system to serve as the basis for establishing priorities for the provision of county-level professional development when aggregate evaluation data from the county's schools indicates an area or areas of needed improvement;

(7) If a county uses master teachers, mentors, academic coaches, or any other approaches using individual employees to provide support, supervision, or other professional development or training to other employees for the purpose of improving their professional practice, the manner in which the county will select each of these individual employees based upon demonstrated superior performance and competence as well as the manner in which the county will coordinate support for these employees. If the duties of the position are to provide mentoring to an individual teacher at only one school, then priority shall be

given to applicants employed at the school at which those duties will be performed;

(8) The manner in which the county will use local resources available, including, but not limited to, funds for professional development and academic coaches, to focus on the priority professional development goals of this section;

(9) The manner in which the county will adjust its scheduling, use of substitutes, collaborative planning time, calendar, or other measures as may be necessary to provide sufficient time for professional personnel to accomplish the goals of this section as set forth in the county's plan; and

(10) The manner in which the county will monitor and evaluate the effectiveness of implementation and outcomes of the county system of support for improving professional practice.

(e) Effective the school year beginning July 1, 2020, and thereafter, appropriations for supporting county-level implementation of the comprehensive systems of support for teacher and leader induction and professional growth pursuant to §18-9A-10 of this code and any new appropriation which may be made for the purposes of this section shall be expended by county boards only to accomplish the activities as set forth in their county plan pursuant to this section. Effective the school year beginning July 1, 2020, and thereafter, any employee service or employment as a mentor is not subject to the provisions of this code governing extra duty contracts. A county board may adopt a teacher leader framework designed to accomplish the purposes of this section related to teacher induction and professional growth and, if the county board adopts a county salary supplement pursuant to §18A-4-5a of this code to provide additional compensation to teachers who, in addition to teaching duties, are assigned other duties for new teacher induction, improving professional practice and furthering professional growth among teachers as set forth in the county's comprehensive system of support, then appropriations made for supporting the purposes of this section may be applied to that salary supplement and other associated costs which may include a reduction in the teaching load of the teacher leader: *Provided*, That effective July 1, 2024, and thereafter, any additional amount paid to a teacher pursuant to this section shall only be for the duration of any service provided under this section and not be considered salary for the purposes of the computation of an annuity under §18-7A-26 of this code.

(f) The Department of Education shall assist county boards with the design and implementation of a teacher leader framework to accomplish the teacher induction and professional growth aspects of their comprehensive systems of support pursuant to this section. The goals of a teacher leader framework are to achieve:

(1) Increased student achievement and growth through the development of a shared leadership structure at the school level;

(2) Broader dissemination and use of effective teacher strategies through an increase in teacher collaboration; and

(3) Stronger and more positive school and district culture through the development and retention of highly effective teachers.

(g) The Department of Education may form networks among schools or school systems, or both, of comparable size and interests for the design and implementation of teacher leader frameworks that are:

(A) Driven by varying district and school needs;

(B) Related to existing state and district initiatives;

(C) Designed to improve student achievement and growth; and

(D) Designed to fit district size, current culture for collaboration, and funding capacity.

(h) A teacher leader framework adopted by a county board must:

(1) Create specific roles and responsibilities, eligibility requirements, and compensation plans for each teacher leader position, and clearly communicate these to teacher leaders, administrators, and other stakeholders;

(2) Provide regular, targeted professional learning opportunities for teacher leaders, and encourage redelivery within their respective schools;

(3) Provide time and opportunities for teacher leaders to collaborate with administrators, curriculum staff, other teacher leaders, and teachers;

(4) Monitor and evaluate the effectiveness of the teacher leader program through surveys from school administrators and school faculty; and

(5) Include teacher leaders in the school improvement planning process.

(d) The salary increment in this section for each assistant principal shall be determined in the same manner as that for principals using the number of teachers supervised by the principal under whose direction the assistant principal works, except that the percentage rate shall be fifty percent of the rate prescribed for the principal.

(e) Salaries for employment beyond the minimum employment term shall be at the same daily rate as the salaries for the minimum employment terms.

(f) For the purpose of determining the number of teachers supervised by a principal, the county board shall use data for the second school month of the prior school term and the number of teachers shall be interpreted to mean the total number of professional educators assigned to each school on a full-time equivalency basis: Provided, That if there is a change in circumstances because of consolidation or catastrophe, the county board shall determine what is a reasonable number of supervised teachers in order to establish the appropriate increment percentage rate.

(g) No county may reduce local funds allocated for salary increments for principals and assistant principals in effect on January 1, 2008, and used in supplementing the state minimum salaries as provided in this article, unless forced to do so by defeat of a special levy, or a loss in assessed values or events over which it has no control and for which the county board has received approval from the state board prior to making the reduction.

(h) Nothing in this section prevents a county board from providing, in a uniform manner, salary increments greater than those required by this section.

**§18A-4-4. Minimum salary schedule for teachers having specialized training.**

The state Board of Education shall establish the minimum salary schedule for teachers where specialized training may be required for vocational, technical and adult education, and such other permits as may be authorized by said board.

On and after July 1, 1985, any vocational industrial, technical, occupational home economics, or health occupations teacher who is required to hold a vocational certificate and is paid a salary equivalent to the amount prescribed for "A.B. + 15" training classification in the state minimum salary schedule for teachers under section two of this article shall, upon application therefor, receive advanced salary classification and be entitled to increased compensation on and after such date in respect to and based upon additional semester hours, approved by the state Board of Education and completed either prior to or subsequent to such date. All such hours earned must be from a regionally accredited institution of higher education.

The advanced salary classification shall be as follows:

- (1) Those who have earned fifteen such additional semester hours shall receive an amount equal to that prescribed for the "M.A." training classification under section two of this article.
- (2) Those who have earned thirty such additional semester hours shall receive an amount equal to that prescribed for the "M.A. + 15" training classification under section two of this article.
- (3) Those who have earned forty-five such additional semester hours shall receive an amount equal to that prescribed for the "M.A. + 30" training classification under section two of this article.
- (4) Those who have earned sixty such additional semester hours shall receive an amount equal to that prescribed for the "M.A. + 45" training classification under section two of this article.

Any such teacher who has a permanent vocational certificate and who has earned or earns a bachelor's degree prior or subsequent to the issuance of such certificate shall be entitled to receive the amount prescribed for the "M.A. + 30" training classification upon application: Provided, That any such teacher who has a permanent vocational certificate and who has earned or earns fifteen graduate hours prior or subsequent to the issuance of such certificate shall be entitled to receive the amount prescribed for the "M.A. + 45" training classification upon application therefor, such advanced salary to take effect immediately upon qualification therefor: Provided, however, That any vocational teacher receiving the amount prescribed for the "M.A. + 30" training classification under prior enactments of this section who have not been issued a permanent vocational certificate shall not have such salary reduced as a result of this section: Provided further, That any teacher with a

vocational certificate and under contract for the school year 1985-1986 who has earned a bachelor's degree prior to the end of such school year shall be entitled to receive the amount prescribed for the "M.A. + 30" training classification, upon application therefor, for the school year beginning on July 1, 1986, and thereafter.

No teacher holding a valid professional certificate shall incur a salary reduction resulting from assignment out of the teacher's field by the superintendent, with the approval of the county board, under any authorization or regulation of the state board.

WV Legislature

**§18A-4-5. State salary supplement.**

(a) The Legislature recognizes its constitutional responsibility to provide for a thorough and efficient system of education. To carry out this responsibility the Legislature enacted, and continues to update, as necessary, the public school support program as set forth in §18-9A-1, *et seq.* of this code. The public school support program is a non-discriminatory funding mechanism for financing the educational system in this state as it takes into account each county's specific characteristics, and ensures that all counties are provided equitable funding.

(b) The Legislature further finds that the purpose of the public school support program is not to deter counties from growing economically or from using county resources in a manner that best meets their specific educational needs and the desires of their citizens. To that end, counties must have the discretion and flexibility to use local county funds, not otherwise factored into the public school support program, to provide the best education possible to their students, including, but not limited to, providing salary supplements to teachers.

(c) Subject to available state appropriations and the conditions set forth herein, each teacher and school service personnel shall receive a supplement amount as specified in §18A-4-2 and §18A-4-8a of this code, respectively, of this article in addition to the amount from the state minimum salary schedules provided in those sections. State funds for this purpose shall be paid within the West Virginia public school support plan in accordance with §18-9A-1 *et seq.* of this code. The amount allocated for this supplement shall be apportioned between teachers and school service personnel in direct proportion to that amount necessary to support the professional salaries and service personnel salaries statewide under §18-9A-4, §18-9A-5, and §18-9A-8 of this code.

(d) Pursuant to this section, each teacher and service person shall receive from state funds the supplement amount indicated in §18A-4-2(f) and §18A-4-8a(f) of this code, as applicable, reduced by any amount provided by the county as a salary supplement for teachers and school service personnel on January 1, 1984.

(e) The amount received pursuant to this section shall not be decreased as a result of any county supplement increase instituted after January 1, 1984: *Provided*, That any amount received pursuant to this section may be reduced proportionately based upon the amount of funds appropriated for this purpose. No county may reduce any salary supplement that was in effect on January 1, 1984, except as permitted by §18-4-5a and §18-4-5b of this code.

(f) The amendments to this section during the 2019 First Extraordinary Session of the Legislature shall be effective for school years beginning on or after July 1, 2019, and the provisions of this section existing immediately prior to the 2019 First Extraordinary Session of the Legislature remain in effect for school years beginning prior to July 1, 2019.

**§18A-4-5a. County salary supplements for teachers.**

(a) County boards of education in fixing the salaries of teachers shall use at least the state minimum salaries established under the provisions of this article. The board may establish salary schedules which shall be in excess of the state minimums fixed by this article, such county schedules to be uniform throughout the county as to the classification of training, experience, responsibility and other requirements subject to the following:

(1) Counties may fix higher salaries for teachers placed in special instructional assignments, for those assigned to or employed for duties other than regular instructional duties, and for teachers of one-teacher schools;

(2) Counties may provide additional compensation for any teacher assigned duties in addition to the teacher's regular instructional duties wherein such noninstructional duties are not a part of the scheduled hours of the regular school day;

(3) Counties may provide additional compensation for teachers who are assigned and fully certified to teach in a subject area in which the county board finds it has a critical need and shortage of fully certified teachers;

(4) Counties may provide additional compensation or other financial assistance to teachers who teach in schools that are in remote geographical locations or have experienced high rates of turnover in experienced teachers; and

(5) Counties may provide additional compensation to teachers who, in addition to regularly assigned teaching duties, are assigned as a master teacher, mentor, academic coach, or other title whose duties include providing strong school-based support and supervision to assist licensure candidates in a clinical internship, beginning teachers, and other teachers at the school to improve their professional practice as set forth in the county's comprehensive system of support for teacher and leader induction and professional growth provided for in section §18A-3C-3 of this code.

(b) In establishing such local salary schedules authorized in subsection (a) of this section, a county may not reduce local funds allocated for salaries in effect on January 1, 1990, and used in supplementing the state minimum salaries as provided for in this article, unless forced to do so by defeat of a special levy, or a loss in assessed values or events over which it has no control and for which the county board has received approval from the state board prior to making such reduction.

(c) Counties may provide, in a uniform manner, benefits for teachers which require an appropriation from local funds including, but not limited to, dental, optical, health and income protection insurance, vacation time and retirement plans excluding the State Teachers Retirement System. Nothing herein shall prohibit the maintenance nor result in the reduction of any benefits in effect on January 1, 1984, by any county board of education.

**§18A-4-5b. County salary supplements for school service personnel.**

The county board of education may establish salary schedules which shall be in excess of the state minimums fixed by this article.

These county schedules shall be uniform throughout the county with regard to any training classification, experience, years of employment, responsibility, duties, pupil participation, pupil enrollment, size of buildings, operation of equipment or other requirements. Further, uniformity shall apply to all salaries, rates of pay, benefits, increments or compensation for all persons regularly employed and performing like assignments and duties within the county: Provided, That in establishing such local salary schedules, no county shall reduce local funds allocated for salaries in effect on January 1, 1990, and used in supplementing the state minimum salaries as provided for in this article, unless forced to do so by defeat of a special levy, or a loss in assessed values or events over which it has no control and for which the county board has received approval from the state board prior to making such reduction.

Counties may provide, in a uniform manner, benefits for service personnel which require an appropriation from local funds including, but not limited to, dental, optical, health and income protection insurance, vacation time and retirement plans excluding the state Teachers Retirement System. Nothing herein shall prohibit the maintenance nor result in the reduction of any benefits in effect on January 1, 1984, by any county board of education.

Upon the change of the training classification of any teacher, his salary shall be made to comply with requirements of this article and of any county schedule, where such exist, based upon his new classification and allowable years of experience.

WV Legislature

**§18A-4-7. Substitute teachers pay.**

The pay of a substitute teacher shall not be less than eighty percent of the daily rate of the state basic salary paid to teachers: Provided, That any substitute teacher who teaches in excess of ten consecutive instructional days in the same position shall, thereafter, not be paid less than eighty percent of the daily rate of the state advanced salary based upon teaching experience: Provided, however, That any substitute teacher who teaches in excess of thirty days in the same position shall be paid the daily rate of the advanced salary, within that teacher's county.

**§18A-4-7a. Employment, promotion, and transfer of professional personnel; qualifications.**

(a) A county board of education shall make decisions affecting the filling of vacancies in professional positions of employment on the basis of the applicant with the highest qualifications: Provided, That the county superintendent shall be hired under separate criteria pursuant to §18-4-2 of this code.

(b) In judging qualifications for the filling of vacancies of professional positions of employment, consideration shall be given to each of the following:

(1) Appropriate certification, licensure or both;

(2) Amount of experience relevant to the position or, in the case of a classroom teaching position, the amount of teaching experience in the required certification area;

(3) The amount of course work, degree level or both in the relevant field and degree level generally;

(4) Academic achievement;

(5) In the case of a principal or classroom teaching position, certification by the National Board for Professional Teaching Standards;

(6) Specialized training relevant to performing the duties of the job;

(7) Past performance evaluations conducted pursuant to §18A-2-12 and §18A-3C-2 of this code or, in the case of a classroom teacher, past evaluations of the applicant's performance in the teaching profession;

(8) Seniority;

(9) Other measures or indicators upon which the relative qualifications of the applicant may fairly be judged;

(10) In the case of a classroom teaching position, the recommendation of the principal of the school at which the applicant will be performing a majority of his or her duties; and

(11) In the case of a classroom teaching position, the recommendation, if any, resulting from the process established pursuant to the provisions of §18-5A-5 of this code by the faculty senate of the school at which the employee will be performing a majority of his or her duties.

(c) When filling of a vacancy pursuant to this section, a county board is entitled to determine the appropriate weight to apply to each of the criterion when assessing an applicant's qualifications: Provided, That if one or more permanently employed instructional personnel

apply for a classroom teaching position and meet the standards set forth in the job posting, each criterion under subsection (b) of this section shall be given equal weight except that the criterion in subdivisions (10) and (11) shall each be double weighted.

(d) For a classroom teaching position, if the principal and faculty senate recommend the same applicant pursuant to subdivisions (10) and (11), subsection (b) of this section, and the superintendent concurs with those recommendations, then the other provisions of subsections (b) and (c) of this section do not apply and the county board shall appoint that applicant notwithstanding any other provision of this code to the contrary.

(e) The state board shall promulgate a rule, including an emergency rule if necessary, in accordance with the provisions of §29A-3B-1 et seq. of this code to implement and interpret the provisions of this section. The rule may provide for a classroom teacher who directly participates in making recommendations pursuant to this section to be compensated at the appropriate daily rate during periods of participation beyond his or her individual contract.

(f) The recommendations of the principal and faculty senate made pursuant to subdivisions (10) and (11), subsection (b) of this section shall be based on a determination as to which applicant is the most highly qualified for the position: Provided, That nothing in this subsection may require principals or faculty senates to assign any amount of weight to any factor in making a recommendation.

(g) With the exception of guidance counselors, the seniority of classroom teachers, as defined in section one, article one of this chapter, shall be determined on the basis of the length of time the employee has been employed as a regular full-time certified and/or licensed professional educator by the county board of education and shall be granted in all areas that the employee is certified, licensed or both.

(h) If two or more employees with the same certification establish an identical seniority date as a result of initial employment as a regular teacher on or after July 1, 2019, the priority between these employees shall be determined by a random selection system established by the employees and approved by the county board. A board shall conduct the random selection within 30 days of the time the employees with the same certification establish an identical seniority date. All employees with an identical seniority date and the same certification shall participate in the random selection. As long as the affected employees hold the identical seniority date within a certification, the initial random selection conducted by the board shall be permanent for the duration of the employment of the employees by the board.

(i) Upon completion of 133 days of employment in any one school year, substitute teachers, except retired teachers and other retired professional educators employed as substitutes, shall accrue seniority exclusively for the purpose of applying for employment as a permanent, full-time professional employee. One hundred thirty-three days or more of said employment shall be prorated and shall vest as a fraction of the school year worked by the permanent, full-time teacher.

(j) Guidance counselors and all other professional employees, as defined in §18A-1-1 of this code, except classroom teachers, shall gain seniority in their nonteaching area of professional employment on the basis of the length of time the employee has been employed by the county board of education in that area: Provided, That if an employee is certified as a classroom teacher, the employee accrues classroom teaching seniority for the time that employee is employed in another professional area. For the purposes of accruing seniority under this subsection, employment as principal, supervisor or central office administrator, as defined in §18A-1-1 of this code, shall be considered one area of employment.

(k) Employment for a full employment term equals one year of seniority, but an employee may not accrue more than one year of seniority during any given fiscal year. Employment for less than the full employment term shall be prorated.

(l) All decisions on reductions in force shall be based on qualifications as set forth in a county board policy. Furthermore, for the purposes of this subsection and subsections (m) through (t), inclusive, of this section, the word "qualifications" means the qualifications set forth in county board policy and only means qualifications set forth in subsection (b) of this section to the extent those qualifications are set forth in county board policy: Provided, That in defining the word "qualifications" in its policy, the county board:

(1) Shall consider including the following criteria:

(A) Seniority;

(B) Appropriate certification, licensure, or both;

(C) Amount of experience relevant to the position or, in the case of a classroom teaching position, the amount of teaching experience in the required certification area;

(D) The amount of course work, degree level, or both in the relevant field and degree level generally;

(E) Academic achievement;

(F) In the case of a principal or classroom teaching position, certification by the National Board for Professional Teaching Standards;

(G) Specialized training relevant to performing the duties of the job;

(H) Past performance evaluations conducted pursuant to §18A-2-12 and §18A-3C-2 of this code or, in the case of a classroom teacher, past evaluations of the applicant's performance in the teaching profession;

(I) Other measures or indicators upon which the relative qualifications of the applicant may fairly be judged;

(J) In the case of transfer or recall to a classroom teaching position, the recommendation of the principal of the school at which the applicant will be performing a majority of his or her duties; and

(K) In the case of transfer or recall to a classroom teaching position, the recommendation, if any, resulting from the process established pursuant to the provisions of §18-5A-5 of this code by the faculty senate of the school at which the employee will be performing a majority of his or her duties;

(2) Shall consider other criteria set forth in subdivision (1) of this subsection to the extent they are included in the county board policy only after considering personnel whose last performance evaluation conducted pursuant to §18A-2-12 or §18A-3C-2 of this code, as applicable, is less than satisfactory; and

(3) May not include salary as one of the criteria in the definition.

(m) Whenever a county board is required to reduce the number of professional personnel in its employment, the selection of the employee to be properly notified and released from employment pursuant to the provisions of section two, article two of this chapter shall be based upon seniority, certification, licensure and performance evaluations. The provisions of this subsection are subject to the following:

(1) In the event of a reduction in force, a county board of education may properly notify and release from employment pursuant to the provisions of section two, article two of this chapter any classroom teacher with unsatisfactory evaluations for the previous two consecutive years regardless of years of service instead of release from employment of less senior classroom teachers with satisfactory performance evaluations;

(2) All persons employed in a certification area to be reduced who are employed under a temporary permit shall be properly notified and released before a fully certified employee in such a position is subject to release;

(3) Notwithstanding any provision of this code to the contrary, for any vacancy in an established, existing or newly created position that, on or before March 1, is known to exist for the ensuing school year, upon recommendation of the superintendent, the board shall appoint the successful applicant from among all qualified applicants. All employees subject to release shall be considered applicants for the positions for which they are qualified and shall be considered before posting such vacancies for application by nonemployees;

(4) An employee subject to release shall be employed in any other professional position where the employee is certified and was previously employed or to any lateral area for which the employee is certified, licensed or both, if the employees seniority is greater than the seniority of any other employee in that area of certification, licensure or both;

(5) If an employee subject to release holds certification, licensure or both in more than one

lateral area and if the employees seniority is greater than the seniority of any other employee in one or more of those areas of certification, licensure or both, the employee subject to release shall be employed in the professional position held by the employee with the least seniority in any of those areas of certification, licensure or both; and

(6) If, prior to August 1 of the year, a reduction in force is approved, the reason for any particular reduction in force no longer exists as determined by the county board in its sole and exclusive judgment, the board shall rescind the reduction in force or transfer and shall notify the released employee in writing of his or her right to be restored to his or her position of employment. Within five days of being so notified, the released employee shall notify the board, in writing, of his or her intent to resume his or her position of employment or the right to be restored shall terminate. Notwithstanding any other provision of this subdivision, if there is another employee on the preferred recall list with proper certification and higher seniority, that person shall be placed in the position restored as a result of the reduction in force being rescinded.

(n) For the purpose of this article, all positions which meet the definition of "classroom teacher" as defined in §18A-1-1 of this code shall be lateral positions. For all other professional positions, the county board of education shall adopt a policy by October 31, 1993, and may modify the policy thereafter as necessary, which defines which positions shall be lateral positions. In adopting the policy, the board may give consideration to the rank of each position in terms of title; nature of responsibilities; salary level; and certification, licensure or both; along with the days in the period of employment.

(o) All professional personnel whose lesser qualifications, as determined by county board policy, with the county board is insufficient to allow their retention by the county board during a reduction in workforce shall be placed upon a preferred recall list. As to any professional position opening within the area where they had previously been employed or to any lateral area for which they have certification, licensure or both, the employee shall be recalled on the basis of qualifications if no regular, full-time professional personnel, or those returning from leaves of absence with greater qualifications apply for and accept the position.

(p) The board shall annually notify professional personnel on the preferred list of the job application procedures and any websites used to advertise vacancies. The notice shall be sent by certified mail via the U.S. Postal Service to the last known address of the employee, and it shall be the duty of each professional person to notify the board of continued availability annually of any change in address, or of any change in certification, licensure or both.

(q) Openings in established, existing or newly created positions shall be processed as follows:

(1) Boards shall be required to post and date notices of each opening at least once. At their discretion, boards may post an opening for a position other than classroom teacher more

than once in order to attract more qualified applicants. At their discretion, boards may repost an opening for a classroom teacher after the first posting in order to attract more qualified applicants subject to the following:

(A) Each notice shall be posted in conspicuous working places for all professional personnel to observe for at least five working days which may include any website maintained by the county board;

(B) At least one notice shall be posted within 20 working days of the position openings and shall include the job description;

(C) Any special criteria or skills that are required by the position shall be specifically stated in the job description and directly related to the performance of the job;

(D) Postings for vacancies made pursuant to this section shall be written so as to ensure that the largest possible pool of qualified applicants may apply; and

(E) Job postings may not require criteria which are not necessary for the successful performance of the job and may not be written with the intent to favor a specific applicant;

(2) No vacancy may be filled until after the five-day minimum posting period of the most recent posted notice of the vacancy;

(3) If one or more applicants under all the postings for a vacancy meets the qualifications listed in the job posting, the successful applicant to fill the vacancy shall be selected by the board within 30 working days of the end of the first posting period;

(4) A position held by a teacher who is certified, licensed or both, who has been issued a permit for full-time employment and is working toward certification in the permit area shall not be subject to posting if the certificate is awarded within five years; and

(5) Nothing provided herein may prevent the county board of education from eliminating a position due to lack of need.

(r) Notwithstanding any other provision of the code to the contrary, where the total number of classroom teaching positions in an elementary school does not increase from one school year to the next, but there exists in that school a need to realign the number of teachers in one or more grade levels, kindergarten through six, teachers at the school may be reassigned to grade levels for which they are certified without that position being posted: Provided, That the employee and the county board mutually agree to the reassignment.

(s) Reductions in classroom teaching positions in elementary schools shall be determined pursuant to the considerations set forth in county board policy and processed as follows:

(1) When the total number of classroom teaching positions in an elementary school needs to be reduced, the reduction shall be made on the basis of qualifications with the least qualified

classroom teacher being recommended for transfer; and

(2) When a specified grade level needs to be reduced and the least qualified employee in the school is not in that grade level, the least qualified classroom teacher in the grade level that needs to be reduced shall be reassigned to the position made vacant by the transfer of the least qualified classroom teacher in the school without that position being posted: Provided, That the employee is certified, licensed or both and agrees to the reassignment.

(t) Any board failing to comply with the provisions of this article may be compelled to do so by mandamus and shall be liable to any party prevailing against the board for court costs and reasonable attorney fees as determined and established by the court. Further, employees denied promotion or employment in violation of this section shall be awarded the job, pay and any applicable benefits retroactive to the date of the violation and payable entirely from local funds. Further, the board shall be liable to any party prevailing against the board for any court reporter costs including copies of transcripts.

(u) Notwithstanding any other provision of this code to the contrary, upon recommendation of the principal and approval by the classroom teacher and county board, a classroom teacher assigned to the school may at any time be assigned to a new or existing classroom teacher position at the school without the position being posted.

(v) All personnel in a public charter school shall continue to accrue seniority in the same manner that they would accrue seniority if employed in a noncharter public school in the county for the purpose of employment in noncharter public schools.

**§18A-4-7b. Calculation of seniority for professional personnel.**

Notwithstanding any other provision of this code to the contrary, seniority for professional personnel as defined in section one, article one, chapter eighteen-a of this code shall be calculated pursuant to the provisions of section seven-a of this article as well as the following: Provided, That any recalculation of seniority of a professional personnel employee that may be required in order to remain consistent with the provisions contained herein shall be calculated retroactively, but shall not be utilized for the purposes of reversing any decision that has been made or grievance that has been filed prior to the effective date of this section:

- (a) A professional employee shall begin to accrue seniority upon commencement of the employee's duties.
- (b) An employee shall receive seniority credit for each day the employee is professionally employed regardless of whether the employee receives pay for that day: Provided, That no employee shall receive seniority credit for any day the employee is suspended without pay pursuant to section eight, article two of this chapter: Provided, however, That an employee who is on an approved leave of absence shall accrue seniority during the period of time that the employee is on the approved leave of absence.
- (c) Any professional employee whose employment with a county board of education is terminated either voluntarily or through a reduction-in-force shall, upon reemployment with the same Board of Education in a regular full-time position, receive credit for all seniority previously accumulated with the board of Education at the date the employee's employment was terminated.
- (d) Any professional employee whose employment has been terminated through reduction in force and whose name is on the preferred recall list shall retain all accumulated seniority for the purpose of seeking reemployment with the county from which he or she was terminated and nothing in this section may be construed to the contrary.
- (e) Any professional employee employed for a full employment term but in a part-time position shall receive seniority credit for each day of employment prorated to the proportion of a full employment day the employee is required to work: Provided, That nothing herein allows a regular full-time employee to be credited with less than a full day of seniority credit for each day the employee is employed by the board: Provided, however, That this calculation of seniority for part-time professional personnel is prospective and does not reduce any seniority credit accumulated by any employee prior to the effective date of this section: Provided further, That for the purposes of this section a part-time employee shall be defined as an employee who is employed less than three and one-half hours per day.

**§18A-4-7c. Summer employment of professional educators.**

A county board shall hire professional educators for positions in summer school programs in accordance with section thirty-nine, article five, chapter eighteen of this code or section seven-a of this article, as applicable, except that a professional educator who is regularly employed by the county board on a full-time basis shall be given employment preference over applicants who are not regularly employed by the county board on a full-time basis.

A month is defined as 20 employment days. The county board may contract with, all or part of, these service personnel for a longer term.

(b) Service personnel employed on a yearly or 12-month basis may be employed by calendar months. Whenever there is a change in job assignment during the school year, the minimum pay scale and any county supplement are applicable.

(c) Service personnel employed in the same classification for more than the 200-day minimum employment term are paid for additional employment at a daily rate of not less than the daily rate paid for the 200-day minimum employment term.

(d) A service person may not be required to report for work more than five days per week without his or her agreement, and no part of any working day may be accumulated by the employer for future work assignments, unless the employee agrees thereto.

(e) If a service person whose regular work week is scheduled from Monday through Friday agrees to perform any work assignments on a Saturday or Sunday, the service person is paid for at least one-half day of work for each day he or she reports for work. If the service person works more than three and one-half hours on any Saturday or Sunday, he or she is paid for at least a full day of work for each day.

(f) A custodian, aide, maintenance, office, and school lunch service person required to work a daily work schedule that is interrupted is paid additional compensation in accordance with this subsection.

(1) A maintenance person means a person who holds a classification title other than in a custodial, aide, school lunch, office or transportation category as provided in §18A-1-1 of this code.

(2) A service person's schedule is considered to be interrupted if he or she does not work a continuous period in one day. Aides are not regarded as working an interrupted schedule when engaged exclusively in the duties of transporting students;

(3) The additional compensation provided in this subsection:

(A) Is equal to at least one eighth of a service person's total salary as provided by the state minimum pay scale and any county pay supplement; and

(B) Is payable entirely from county board funds.

(g) When there is a change in classification or when a service person meets the requirements of an advanced classification, his or her salary shall be made to comply with

the requirements of this article and any county salary schedule in excess of the minimum requirements of this article, based upon the service person's advanced classification and allowable years of employment.

(h) A service person's contract, as provided in §18A-2-5 of this code, shall state the appropriate monthly salary the employee is to be paid, based on the class title as provided in this article and on any county salary schedule in excess of the minimum requirements of this article.

(i) The column heads of the state minimum pay scale and class titles, set forth in §18A-4-8a of this code, are defined as follows:

"Pay grade" means the monthly salary applicable to class titles of service personnel;

"Years of employment" means the number of years which an employee classified as a service person has been employed by a county board in any position prior to or subsequent to the effective date of this section and includes service in the Armed Forces of the United States, if the employee was employed at the time of his or her induction. For the purpose of §18A-4-8a of this code, years of employment is limited to the number of years shown and allowed under the state minimum pay scale as set forth in §18A-4-8a of this code;

"Class title" means the name of the position or job held by a service person;

(4) A service person who holds a master's degree plus 45 college hours; and

(5) A service person who holds a master's degree plus 60 college hours.

(f) Each service person is paid a supplement, as set forth in §18A-4-5 of this code, of \$164 per month, subject to the provisions of that section. These payments: (i) Are in addition to any amounts prescribed in the applicable State Minimum Pay Scale Pay Grade, any specific additional amounts prescribed in this section and article and any county supplement in effect in a county pursuant to §18A-4-5b of this code; (ii) are paid in equal monthly installments; and (iii) are considered a part of the state minimum salaries for service personnel.

(g) When any part of a school service person's daily shift of work is performed between the hours of 6:00 p. m. and 5:00 a. m. the following day, the employee is paid no less than an additional \$10 per month and one half of the pay is paid with local funds.

(h) Any service person required to work on any legal school holiday is paid at a rate one and one-half times the person's usual hourly rate.

(i) Any full-time service personnel required to work in excess of their normal working day during any week which contains a school holiday for which they are paid is paid for the additional hours or fraction of the additional hours at a rate of one and one-half times their usual hourly rate and paid entirely from county board funds.

(j) A service person may not have his or her daily work schedule changed during the school year without the employee's written consent and the person's required daily work hours may not be changed to prevent the payment of time and one-half wages or the employment of another employee.

(k) The minimum hourly rate of pay for extra duty assignments as defined in §18A-4-8b of this code is no less than one seventh of the person's daily total salary for each hour the person is involved in performing the assignment and paid entirely from local funds: Provided, That an alternative minimum hourly rate of pay for performing extra duty assignments within a particular category of employment may be used if the alternate hourly rate of pay is approved both by the county board and by the affirmative vote of a two-thirds majority of the regular full-time persons within that classification category of employment within that county: Provided, however, That the vote is by secret ballot if requested by a service person within that classification category within that county. The salary for any fraction of an hour the employee is involved in performing the assignment is prorated accordingly. When performing extra duty assignments, persons who are regularly employed on a one-half day salary basis shall receive the same hourly extra duty assignment pay computed as though the person were employed on a full-day salary basis.

(l) The minimum pay for any service personnel engaged in the removal of asbestos material or related duties required for asbestos removal is their regular total daily rate of pay and no less than an additional \$3 per hour or no less than \$5 per hour for service personnel supervising asbestos removal responsibilities for each hour these employees are involved in asbestos-related duties. Related duties required for asbestos removal include, but are not limited to, travel, preparation of the work site, removal of asbestos, decontamination of the work site, placing and removal of equipment and removal of structures from the site. If any member of an asbestos crew is engaged in asbestos-related duties outside of the employee's regular employment county, the daily rate of pay is no less than the minimum amount as established in the employee's regular employment county for asbestos removal and an additional \$30 per each day the employee is engaged in asbestos removal and related duties. The additional pay for asbestos removal and related duties shall be payable entirely from county funds. Before service personnel may be used in the removal of asbestos material or related duties, they shall have completed a federal Environmental Protection Act-approved training program and be licensed. For purposes of this section, "under the direct supervision of a certified professional person" means that certified professional person is present, with and accompanying the aide.

WV Legislature

**§18A-4-8b. Seniority rights for school service personnel.**

(a) A county board shall make decisions affecting promotions and the filling of any service personnel positions of employment or jobs occurring throughout the school year that are to be performed by service personnel as provided in section eight of this article, on the basis of seniority, qualifications and evaluation of past service.

(b) Qualifications means the applicant holds a classification title in his or her category of employment as provided in this section and is given first opportunity for promotion and filling vacancies. Other employees then shall be considered and shall qualify by meeting the definition of the job title that relates to the promotion or vacancy, as defined in section eight of this article. If requested by the employee, the county board shall show valid cause why a service person with the most seniority is not promoted or employed in the position for which he or she applies. Qualified applicants shall be considered in the following order:

- (1) Regularly employed service personnel who hold a classification title within the classification category of the vacancy;
- (2) Service personnel who have held a classification title within the classification category of the vacancy whose employment has been discontinued in accordance with this section;
- (3) Regularly employed service personnel who do not hold a classification title within the classification category of vacancy;
- (4) Service personnel who have not held a classification title within the classification category of the vacancy and whose employment has been discontinued in accordance with this section;
- (5) Substitute service personnel who hold a classification title within the classification category of the vacancy;
- (6) Substitute service personnel who do not hold a classification title within the classification category of the vacancy; and
- (7) New service personnel.

(c) The county board may not prohibit a service person from retaining or continuing his or her employment in any positions or jobs held prior to the effective date of this section and thereafter.

(d) A promotion means any change in employment that the service person considers to improve his or her working circumstance within the classification category of employment.

(1) A promotion includes a transfer to another classification category or place of employment if the position is not filled by an employee who holds a title within that classification category of employment.

(2) Each class title listed in section eight of this article is considered a separate classification category of employment for service personnel, except for those class titles having Roman numeral designations, which are considered a single classification of employment:

(A) The cafeteria manager class title is included in the same classification category as cooks;

(B) The executive secretary class title is included in the same classification category as secretaries;

(C) Paraprofessional, autism mentor, early classroom assistant teacher and braille or sign support specialist class titles are included in the same classification category as aides; and

(D) The mechanic assistant and chief mechanic class titles are included in the same classification category as mechanics.

(3) The assignment of an aide to a particular position within a school is based on seniority within the aide classification category if the aide is qualified for the position.

(4) Assignment of a custodian to work shifts in a school or work site is based on seniority within the custodian classification category.

(e) For purposes of determining seniority under this section a service persons seniority begins on the date that he or she enters into the assigned duties.

(f) Extra-duty assignments. --

(1) For the purpose of this section, "extra-duty assignment" means an irregular job that occurs periodically or occasionally such as, but not limited to, field trips, athletic events, proms, banquets and band festival trips.

(2) Notwithstanding any other provisions of this chapter to the contrary, decisions affecting service personnel with respect to extra-duty assignments are made in the following manner:

(A) A service person with the greatest length of service time in a particular category of employment is given priority in accepting extra duty assignments, followed by other fellow employees on a rotating basis according to the length of their service time until all employees have had an opportunity to perform similar assignments. The cycle then is repeated.

(B) An alternative procedure for making extra-duty assignments within a particular classification category of employment may be used if the alternative procedure is approved both by the county board and by an affirmative vote of two-thirds of the employees within that classification category of employment.

(g) County boards shall post and date notices of all job vacancies of existing or newly created positions in conspicuous places for all school service personnel to observe for at least five

working days.

(1) Posting locations include any website maintained by or available for the use of the county board.

(2) Notice of a job vacancy shall include the job description, the period of employment, the work site, the starting and ending time of the daily shift, the amount of pay and any benefits and other information that is helpful to prospective applicants to understand the particulars of the job. The notice of a job vacancy in the aide classification categories shall include the program or primary assignment of the position. Job postings for vacancies made pursuant to this section shall be written to ensure that the largest possible pool of qualified applicants may apply. Job postings may not require criteria which are not necessary for the successful performance of the job and may not be written with the intent to favor a specific applicant.

(3) All vacancies in existing or newly created positions shall be filled within twenty working days from the closing date of the job posting for the position.

(4) The county board shall notify the successful applicant as soon as possible after the county board makes a hiring decision regarding the posted position.

(h) All decisions by county boards concerning reduction in work force of service personnel shall be made on the basis of seniority, as provided in this section.

(i) The seniority of a service person is determined on the basis of the length of time the employee has been employed by the county board within a particular job classification. For the purpose of establishing seniority for a preferred recall list as provided in this section, a service person who has been employed in one or more classifications retains the seniority accrued in each previous classification.

(j) If a county board is required to reduce the number of service personnel within a particular job classification, the following conditions apply:

(1) The employee with the least amount of seniority within that classification or grades of classification is properly released and employed in a different grade of that classification if there is a job vacancy;

(2) If there is no job vacancy for employment within that classification or grades of classification, the service person is employed in any other job classification which he or she previously held with the county board if there is a vacancy and retains any seniority accrued in the job classification or grade of classification.

(k) After a reduction in force or transfer is approved, but prior to August 1, a county board in its sole and exclusive judgment may determine that the reason for any particular reduction in force or transfer no longer exists.

(1) If the board makes this determination, it shall rescind the reduction in force or transfer

and notify the affected employee in writing of the right to be restored to his or her former position of employment.

(2) The affected employee shall notify the county board of his or her intent to return to the former position of employment within five days of being notified or lose the right to be restored to the former position.

(3) The county board may not rescind the reduction in force of an employee until all service personnel with more seniority in the classification category on the preferred recall list have been offered the opportunity for recall to regular employment as provided in this section.

(4) If there are insufficient vacant positions to permit reemployment of all more senior employees on the preferred recall list within the classification category of the service person who was subject to reduction in force, the position of the released service person shall be posted and filled in accordance with this section.

(l) If two or more service persons accumulate identical seniority, the priority is determined by a random selection system established by the employees and approved by the county board.

(m) All service personnel whose seniority with the county board is insufficient to allow their retention by the county board during a reduction in work force are placed upon a preferred recall list and shall be recalled to employment by the county board on the basis of seniority.

(n) A service person placed upon the preferred recall list shall be recalled to any position openings by the county board within the classification(s) where he or she had previously been employed, to any lateral position for which the service person is qualified or to a lateral area for which a service person has certification and/or licensure.

(o) A service person on the preferred recall list does not forfeit the right to recall by the county board if compelling reasons require him or her to refuse an offer of reemployment by the county board.

(p) The county board shall notify all service personnel on the preferred recall list of all position openings that exist from time to time. The notification shall be sent annually, with written receipt notification documented by the superintendent, and shall list instructions to access job postings on any website maintained by or available for the use of the county board.

(q) A position opening may be filled by the county board, whether temporary or permanent, until all service personnel on the preferred recall list have been properly notified of existing vacancies and have been given an opportunity to accept reemployment.

(r) A service person released from employment for lack of need as provided in sections six and eight-a, article two of this chapter is accorded preferred recall status on July 1 of the succeeding school year if he or she has not been reemployed as a regular employee.

(s) A county board failing to comply with the provisions of this article may be compelled to do so by mandamus and is liable to any party prevailing against the board for court costs and the prevailing party's reasonable attorney fee, as determined and established by the court.

(1) A service person denied promotion or employment in violation of this section shall be awarded the job, pay and any applicable benefits retroactively to the date of the violation and shall be paid entirely from local funds.

(2) The county board is liable to any party prevailing against the board for any court reporter costs including copies of transcripts.

**§18A-4-8c. Seniority rights for personnel employed by multicounty vocational centers.**

Professional and service personnel employed by a multicounty vocational center shall establish seniority on the basis of the length of time the employee has been employed by the multicounty vocational center, except that any professional or service personnel whose employment with the multicounty vocational center was immediately preceded by employment with one of the county boards participating in the operation of the center or whose employment contract was with one of the county boards participating in the operation of the center (1) shall retain any seniority accrued during employment by said county board; (2) shall accrue seniority as a regular employee with said county board during employment with the center; (3) shall attain continuing contract status with both the county and the center if the sum of the years employed by the county and the center equals the statutory number required for continuing contract status; and (4) shall retain and continue to accrue county and center seniority in the event of reemployment by said participating county as a result of direct transfer from the center or recall from the preferred list.

Reductions in work force in the center or employment by the center or county board shall be made in accordance with the provisions of sections seven-a and eight-b of this article: Provided, That only years of employment within the multicounty vocational center shall be considered for purposes of reduction in force within the center.

The seniority conferred herein shall apply retroactively to all affected professional and service personnel, but the rights incidental thereto shall commence as of the effective date of this section.

**§18A-4-8d. Consolidation of services and seniority rights for administrative personnel.**

Where two or more counties join together to share the services of central office administrative personnel, any employee whose services are no longer needed by virtue of such sharing may have his or her contract terminated for lack of need, as provided in sections two and six, article two of this chapter, notwithstanding any provision of this code to the contrary. Any employee whose contract is so terminated shall be afforded all rights pursuant to section eight-b of this article.

**§18A-4-8e. Competency testing for service personnel; and recertification testing for bus operators.**

(a) The state board shall develop and make available competency tests for all of the classification titles defined in section eight of this article and listed in section eight-a of this article for service personnel. The board shall review and, if needed, update the competency tests at least every five years. Each classification title defined and listed is considered a separate classification category of employment for service personnel and has a separate competency test, except for those class titles having Roman numeral designations, which are considered a single classification of employment and have a single competency test.

(1) The cafeteria manager class title is included in the same classification category as cooks and has the same competency test.

(2) The executive secretary class title is included in the same classification category as secretaries and has the same competency test.

(3) The classification titles of chief mechanic, mechanic and assistant mechanic are included in one classification title and have the same competency test.

(b) The purpose of these tests is to provide county boards a uniform means of determining whether school service personnel who do not hold a classification title in a particular category of employment meet the definition of the classification title in another category of employment as defined in section eight of this article. Competency tests may not be used to evaluate employees who hold the classification title in the category of their employment.

(c) The competency test consists of an objective written or performance test, or both. Applicants may take the written test orally if requested. Oral tests are recorded mechanically and kept on file. The oral test is administered by persons who do not know the applicant personally.

(1) The performance test for all classifications and categories other than bus operator is administered by an employee of the county board or an employee of a multicounty vocational school that serves the county at a location designated by the superintendent and approved by the board. The location may be a vocational school that serves the county.

(2) A standard passing score is established by the state Department of Education for each test and is used by county boards.

(3) The subject matter of each competency test is commensurate with the requirements of the definitions of the classification titles as provided in section eight of this article. The subject matter of each competency test is designed in such a manner that achieving a passing grade does not require knowledge and skill in excess of the requirements of the definitions of the classification titles. Achieving a passing score conclusively demonstrates the qualification of an applicant for a classification title.

(4) Once an employee passes the competency test of a classification title, the applicant is fully qualified to fill vacancies in that classification category of employment as provided in section eight-b of this article and may not be required to take the competency test again.

(d) An applicant who fails to achieve a passing score is given other opportunities to pass the competency test when applying for another vacancy within the classification category.

(e) Competency tests are administered to applicants in a uniform manner under uniform testing conditions. County boards are responsible for scheduling competency tests, notifying applicants of the date and time of the test. County boards may not use a competency test other than the test authorized by this section.

(f) When scheduling of the competency test conflicts with the work schedule of a school employee who has applied for a vacancy, the employee is excused from work to take the competency test without loss of pay. (g) Competency tests are used to determine the qualification of new applicants seeking initial employment in a particular classification title as either a regular or substitute employee.

(h) Notwithstanding any provisions in this code to the contrary, once an employee holds or has held a classification title in a category of employment, that employee is considered qualified for the classification title even though that employee no longer holds that classification.

(i) The requirements of this section do not alter the definitions of class titles as provided in section eight of this article or the procedure and requirements of section eight-b of this article.

(j) Notwithstanding any other provision of this code to the contrary and notwithstanding any rules of the school board concerning school bus operator certification, the certification test for school bus operators shall be required as follows, and school bus operators may not be required to take the certification test more frequently:

(1) For substitute school bus operators and for school bus operators with regular employee status but on a probationary contract, the certification test shall be administered annually;

(2) For school bus operators with regular employee status and continuing contract status, the certification test shall be administered triennially; and

(3) For substitute school bus operators who are retired from a county board and who at the time of retirement had ten years of experience as a regular full-time bus operator, the certification test shall be administered triennially.

(4) School bus operator certificate. —

(A) A school bus operator certificate may be issued to a person who has attained the age of twenty-one, completed the required training set forth in state board rule, and met the

physical requirements and other criteria to operate a school bus set forth in state board rule.

(B) The state superintendent may, after ten days" notice and upon proper evidence, revoke the certificate of any bus operator for any of the following causes:

(i) Intemperance, untruthfulness, cruelty or immorality;

(ii) Conviction of or guilty plea or plea of no contest to a felony charge;

(iii) Conviction of or guilty plea or plea of no contest to any charge involving sexual misconduct with a minor or a student;

(iv) Just and sufficient cause for revocation as specified by state board rule; and

(v) Using fraudulent, unapproved or insufficient credit to obtain the certificates.

(vi) Of the causes for certificate revocation listed in this paragraph (B), the following causes constitute grounds for revocation only if there is a rational nexus between the conduct of the bus operator and the performance of the job:

(I) Intemperance, untruthfulness, cruelty or immorality;

(II) Just and sufficient cause for revocation as specified by state board rule; and

(III) Using fraudulent, unapproved or insufficient credit to obtain the certificate.

(C) The certificate shall be automatically revoked if the bus operator is convicted under §61-8D-3 or §61-8D-5 of this code or comparable statute in any other state, of any criminal offense that requires the bus operator to register as a sex offender, or of any criminal offense which has as an element the distribution of a controlled substance: Provided, That should the conviction resulting in automatic revocation pursuant to this section be overturned by any Court of this state or the United States, the bus operator's certificate shall be reinstated unless otherwise prohibited by law.

(D) The state superintendent shall designate a review panel to conduct hearings on certificate revocations or denials and make recommendations for action by the state superintendent. The state board, after consultation with employee organizations representing school service personnel, shall promulgate a rule to establish the review panel membership and composition, method of appointment, governing principles and meeting schedule.

(E) It is the duty of any county superintendent who knows of any acts on the part of a bus operator for which a certificate may be revoked in accordance with this section to report the same, together with all the facts and evidence, to the state superintendent for such action as in the state superintendent's judgment may be proper.

(F) If a certificate has been granted through an error, oversight or misinformation, the state superintendent may recall the certificate and make such corrections as will conform to the requirements of law and state board rules.

(5) The state board shall promulgate, in accordance with article three-b, chapter twenty-nine-a of this code, revised rules in compliance with this subsection.

WV Legislature

**§18A-4-8f. Seniority rights, school consolidation.**

(a) Notwithstanding any provision of this article to the contrary, when a majority of the classroom teachers or school service personnel, who vote to do so, in accordance with procedures established in this section, and who are employed by a county board, the board shall give priority to classroom teachers or school service personnel in any school or schools to be closed as a result of a consolidation or merger when filling positions in the new school created by consolidation or newly created positions in existing schools as a result of the merger.

(b) Each year a consolidation or merger is proposed, prior to the implementation of that plan, the superintendent shall cause to be prepared and distributed to all faculty Senates and to all schools or other work sites a ballot on which teachers and service personnel may indicate whether or not they desire those affected by school closings to be given priority status in filling new positions. A secret ballot election shall be conducted:

(1) In each faculty Senate for classroom teachers. The faculty Senate chair shall convey the results of the election to the superintendent; and

(2) At each school or work site for school service personnel. The service personnel supervisor at each school or work site shall convey the results of the election to the superintendent.

(c) The superintendent shall tabulate and post all results prior to the notice requirements for reduction in force and transfer as outlined in sections two and seven, article two of this chapter. The total number of votes shall be tabulated separately for classroom teachers and for service personnel. The provisions of this section also shall be implemented separately as follows:

(1) For classroom teachers only if a majority of the total number of teachers who cast a ballot vote to do so; and

(2) For school service personnel only if a majority of the total number of service personnel who cast a ballot vote to do so.

(d) If a majority approves, the teachers or school service personnel in the school or schools to be closed have priority in filling new positions in the new or merged schools for which the teachers are certified or for which the school service personnel are qualified and meet the standards set forth in the job posting on the basis of seniority within the county. A teacher or school service person may receive priority for filling a position at a school affected by a merger or consolidation only for the position being created by the influx of students from a consolidated or merged school into the school receiving students from their closed school or grade level.

(1) The most senior teacher from the closed school or schools shall be placed first, the

second most senior shall be placed next and so on until all the newly created positions are filled, or until all the teachers in the closed school or schools who wish to transfer into the newly created positions are placed.

(2) The most senior service person from the closed school or schools has priority in filling any position within his or her classification category. The second most senior service person from the closed school or schools then has priority in filling remaining vacancies and so on until all available positions are filled.

(3) If there are fewer new positions in the newly created school or merged school than there are classroom teachers or school service personnel from the school or schools to be closed, the teachers or school service personnel who were not placed in the new positions retain the same rights as all other teachers or service personnel with regard to seniority, transfer and reduction in force.

(4) This section does not grant any employee additional rights or protections with regard to reduction in force.

(e) For the purposes of this section only:

(1) A consolidation means that one or more schools are closed, or one or more grade levels are removed from one or more schools, and the students who previously attended the closed schools or grade levels are assigned to a new school.

(2) A merger means that one or more schools are closed or one or more grade levels are removed from one or more schools and the students who previously attended the closed schools or grade levels are assigned to another existing school.

(f) The provisions of this section do not apply to positions that are filled by a county board prior to the effective date of this section, as reenacted during the regular session of the Legislature, two thousand seven.

**§18A-4-8g. Determination of seniority for service personnel.**

(a) Seniority accumulation for a regular school service person:

(1) Begins on the date the employee enters upon regular employment duties pursuant to a contract as provided in section five, article two of this chapter;

(2) Continues until the service person's employment as a regular employee is severed with the county board; and

(3) Does not cease to accumulate when the county board has authorized an absence whether without pay or due to illness or other reason over which the employee has no control.

(b) Seniority accumulation for a substitute service person:

(1) Begins on the date the employee enters upon the duties of a substitute as provided in section fifteen of this article, after executing with the county board a contract of employment as provided in section five, article two of this chapter; and

(2) Continues until the employee enters into the duties of a regular employment contract as provided in section five, article two of this chapter; or employment as a substitute service person with the county board is severed.

(c) Seniority of a regular or substitute service person does not continue to accumulate under the following conditions:

(1) When a service person is willfully absent from employment duties because of a concerted work stoppage or strike; or

(2) When a service person is suspended without pay.

(d) For all purposes including the filling of vacancies and reduction in force, seniority shall be accumulated within particular classification categories of employment as those classification categories are referred to in section eight-e of this article.

(e) When implementing a reduction in force, the service person with the least seniority within a particular classification category shall be properly released and placed on the preferred recall list. The particular classification title held by a service person within the classification category may not be considered when implementing a reduction in force.

(f) On or before September 1, and January 15, of each school year, county boards shall post at each county school or working station the current seniority list or lists of each service personnel classification. Each list shall contain the name of each regularly employed school service person employed in each classification and the date that each employee began performing his or her assigned duties in each classification. Current seniority lists of substitute school service personnel shall be available to employees upon request at the

county board office.

(g) The seniority of a service person who transfers out of a class title or classification category of employment and subsequently returns to that class title or classification category of employment is calculated as follows:

(1) The county board shall establish the number of calendar days between the date the service person left the class title or category of employment in question and the date of return to the class title or classification category of employment.

(2) This number of days shall be added to the service person's initial seniority date to establish a new beginning seniority date within the class title or classification category.

(3) The service person then shall be considered as having held uninterrupted service within the class title or classification category from the newly established seniority date.

The seniority of an employee who has had a break in the accumulation of seniority as a result of being willfully absent from employment duties because of a concerted work stoppage or strike shall be calculated in the same manner.

(h) Beginning on July 1, 2007, a substitute school service person shall acquire regular employment status, but not regular employee job bidding rights or regular seniority, if the employee receives a position pursuant to the leave of absence or suspension provisions of subdivisions (2) and (5), subsection (a), section fifteen of this article.

(1) A substitute service person shall accumulate substitute employee seniority while holding a position acquired pursuant to subsections (2) and (5).

(2) Upon termination of the regular service person's leave of absence or suspension, the substitute service person shall return to the status previously held.

(3) County boards are not prohibited from providing any benefits of regular employment for substitute service personnel, but the benefits may not include regular service personnel employee status or seniority.

(i) If two or more service personnel accumulate identical seniority, the priority shall be determined by a random selection system established by the service personnel and approved by the county board.

(1) A board shall conduct the random selection within thirty days of the time the service personnel establish an identical seniority date. All service personnel with an identical seniority date within the same class title or classification category shall participate in the random selection.

(2) As long as the affected employees hold identical seniority within the same classification category, the initial random selection conducted by the board shall be permanent for the

duration of the employment within the same classification category of the employees by the board. This random selection priority applies to the filling of vacancies and to the reduction in force of school service personnel.

(3) If any other service person subsequently acquires seniority identical to the employees involved in the original random selection, a second random selection shall be held within thirty days to determine the seniority ranking of the new employee within the group.

(A) The priority between the employees who participated in the original random selection remains the same.

(B) The second random selection is performed by placing numbered pieces of paper equal to the number of employees with identical seniority in a container. Any service person who was not involved in the original random selection shall draw a number from the container which will determine his or her seniority within the group as a whole.

(C) This process will be repeated if any additional service person subsequently acquires identical seniority.

(D) The same process shall be used if any additional service person is subsequently discovered to have the same seniority as the original group of employees but who did not participate in the original random selection due to oversight or mistake.

(j) Service personnel who are employed in a classification category of employment at the time when a vacancy is posted in the same classification category of employment shall be given first opportunity to fill the vacancy.

(k) Seniority acquired as a substitute service person and as a regular service person shall be calculated separately and may not be combined for any purpose. Seniority acquired within different classification categories shall be calculated separately. If a school service employee applies for a position outside of the classification category he or she currently holds, and if the vacancy is not filled by an applicant within the classification category of the vacancy, the applicant shall combine all regular employment seniority acquired for the purpose of bidding on the position.

(l) A school service person who holds a multiclassification title accrues seniority in each classification category of employment that the employee holds and is considered an employee of each classification category contained within his or her multiclassification title. A multiclassified service person is subject to reduction in force in any category of employment contained within his or her multiclassification title, based upon the seniority accumulated within that category of employment. If a multiclassified service person is subject to a reduction in force in one classification category, the service person retains employment in any of the other classification categories that he or she holds within his or her multiclassification title. In that case, the county board shall delete the appropriate classification title or classification category from the contract of the multiclassified

employee.

(m) When applying to fill a vacancy outside the classification categories held by a multiclassified service person, seniority acquired simultaneously in different classification categories is calculated as if accrued in one classification category only.

(n) The seniority conferred in this section applies retroactively to all affected school service personnel, but the rights incidental to the seniority commence as of the effective date of this section.

**§18A-4-8h. Limitation on number of school service personnel positions to be held by an employee.**

(a) Upon the effective date of this section, no school service personnel shall be permitted to become employed in more than one regular full-day position, nor more than two one-half day positions at the same time: *Provided*, That nothing herein shall be construed to prohibit a school service personnel from holding an extracurricular assignment or assignments, as provided in section sixteen of this article, or summer positions, as provided in section thirty-nine, article five, chapter eighteen of this code, nor from performing extra-duty assignments, as provided in section eight-b of this article, in addition to his or her regular position.

(b) Due to the shortages of substitutes in service personnel positions, a service personnel may substitute on a day-to-day basis in a position outside of their regular full-time position: *Provided*, That a service personnel may not substitute in another position if:

(a) A qualified substitute is available to fill the shift;

(b) The shift interferes with their regular duties and or responsibilities; and

(c) The service personnel assuming the shift is not properly certified and trained for that position.

**§18A-4-8i. Seniority rights for professional educators and school service personnel in cases of intercounty transfer arrangements.**

Notwithstanding any other provisions of this code to the contrary, if students are required to attend school in a county other than the county of their residence as a result of an intercounty transfer arrangement, then the following terms, rules and procedures shall apply:

(a) For the purposes of this section, the following terms have the following meanings:

(1) "Intercounty transfer arrangement" means those cases in which students are required to attend school in a county other than the county of their residence;

(2) "Receiving county" means the county, other than the county of residence, where students are required to attend school; and

(3) "Sending county" means the county of residence of students involved in intercounty transfer arrangements.

(b) The state board shall determine the number of professional educator and school service personnel positions to be created in facilities receiving students or in any facility affected by an intercounty transfer arrangement. The state board shall prepare a certified list of positions and shall provide the list to both the sending and receiving counties involved in the intercounty transfer arrangement.

(c) The state board shall prepare a certified list containing the names and seniority of the professional educators and service personnel in the sending county whose employment has been terminated as a result of an intercounty transfer arrangement. Those eligible to appear on the certified list shall be limited to the following classifications of employees:

(1) Those persons whose positions were eliminated as a direct result of an intercounty transfer arrangement and: (i) Who choose not to exercise their right to displace another employee with lesser seniority; or (ii) whose seniority is insufficient to allow them to displace other employees; and

(2) Those persons, as determined by the state board, who would have retained a position with the sending county if the intercounty transfer arrangement had not occurred.

(d) The receiving county may not fill any position on the list of positions created pursuant to the provisions of subsection (b) of this section until the receiving county has received the list of employees created pursuant to the provisions of subsection (c) of this section. When the receiving county has been provided copies of both the certified list of positions and the certified list of employees, the receiving county shall begin filling the vacancies by selecting employees from the certified list. In filling these positions, the receiving county shall comply with all provisions of law relevant to the filling of professional educator or service personnel vacancies.

(e) For the remainder of the school year immediately following the effective date of an intercounty transfer arrangement, but in no case less than six months, the receiving county may fill positions on the certified list of positions only by selecting employees from the certified list of employees.

(f) For the purposes of this section only, professional educators and service personnel whose names appear on the certified list of employees created pursuant to the provisions of subsection (c) of this section and who are hired by the county board of the receiving county shall accrue seniority in both the sending and the receiving counties during the time in which they continue to be employed by the county board of the receiving county.

(g) The state board shall promulgate legislative rules to implement the provisions of this section pursuant to the provisions of article three-b, chapter twenty-nine-a of this code. The rules shall be filed with the office of the Secretary of State no later than October 1, 1997.

**§18A-4-9. Payment of teachers and other employees; withholdings.**

Teachers and all other employees whose salaries or wages are payable out of the school current fund shall be paid for their services by orders duly signed by the president and secretary of the board in accordance with the following provisions:

- (1) Notwithstanding any other provisions of this chapter and §18-1-1 *et seq.* of this code, the number of pays to be made during the school year to the various classes of employees shall be determined by the board: *Provided*, That the sum of such pays for any employee does not exceed the equivalent of an annual salary based upon 12 calendar months.
- (2) In the event a teacher or other employee is not paid the full salary or wage earned in the fiscal year in which the work is performed, the unpaid amount may be paid during July and August of the following fiscal year.
- (3) Adjustments for time loss due to absence may be made in the next paycheck following such time loss.
- (4) The county board may withhold the pay of any teacher or employee until he or she has made the reports required by the board or the state superintendent.
- (5) Accompanying the pay of each employee shall be an accounting of gross earnings, all withholdings, and the dollar value of all benefits provided by the state on behalf of the employee.
- (6) No deductions or assignments of earnings shall be allowed for union, labor organization, or club dues or fees from the compensation of teachers and other employees covered by this section.

**§18A-4-10. Personal leave for illness and other causes; leave banks; substitutes.**

## (a) Personal Leave.

(1) At the beginning of the employment term, any full-time employee of a county board is entitled annually to at least one and one-half days personal leave for each employment month or major fraction thereof in the employee's employment term. Unused leave shall be accumulative without limitation and is transferable within the state. A change in job assignment during the school year does not affect the employee's rights or benefits.

(2) A regular full-time employee who is absent from assigned duties due to accident, sickness, death in the immediate family, or life-threatening illness of the employee's spouse, parents or child, or other cause authorized or approved by the board, shall be paid the full salary from his or her regular budgeted salary appropriation during the period which the employee is absent, but not to exceed the total amount of leave to which the employee is entitled.

(3) Each employee is permitted to use four days of leave annually without regard to the cause for the absence: *Provided*, That effective July 1, 2023, each employee is permitted to use five days of leave annually without regard to the cause for the absence. Personal leave without cause may not be used on consecutive work days unless authorized or approved by the employee's principal or immediate supervisor, as appropriate, or the employee may provide 14 days notice. For non-consecutive days, the employee shall give notice of leave without cause to the principal or immediate supervisor at least 24 hours in advance, except that in the case of sudden and unexpected circumstances, notice shall be given as soon as reasonably practicable. The principal or immediate supervisor may deny use of the day if, at the time notice is given, either 15 percent of the employees or three employees, whichever is greater, under the supervision of the principal or immediate supervisor, have previously given notice of their intention to use that day for leave. Personal leave may not be used in connection with a concerted work stoppage or strike. Where the cause for leave originated prior to the beginning of the employment term, the employee shall be paid for time lost after the start of the employment term. If an employee uses personal leave which the employee has not yet accumulated on a monthly basis and subsequently leaves the employment, the employee is required to reimburse the board for the salary or wages paid for the unaccumulated leave.

(4) The State Board shall maintain a rule to restrict the payment of personal leave benefits and the charging of personal leave time used to an employee receiving a workers' compensation benefit from a claim filed against and billed to the county board by which the person is employed. If an employee is awarded this benefit, the employee shall receive personal leave compensation only to the extent the compensation is required, when added to the workers' compensation benefit, to equal the amount of compensation regularly paid the employee. If personal leave compensation equal to the employee's regular pay is paid prior to the award of the workers' compensation benefit, the amount which, when added to the benefit, is in excess of the employee's regular pay shall be deducted from the employee's

subsequent pay. The employee's accrued personal leave days shall be charged only for such days as equal the amount of personal leave compensation required to compensate the employee at the employee's regular rate of pay.

(5) The county board may establish reasonable rules for reporting and verification of absences for cause. If any error in reporting absences occurs, the county board may make necessary salary adjustments:

(A) In the next pay after the employee has returned to duty; or

(B) In the final pay if the absence occurs during the last month of the employment term.

(b) Leave Banks.

(1) Each county board shall establish a personal leave bank that is available to all school personnel. The board may establish joint or separate banks for professional personnel and school service personnel. Each employee may contribute up to two days of personal leave per school year. An employee may not be coerced or compelled to contribute to a personal leave bank.

(2) The personal leave bank shall be established and operated pursuant to a rule adopted by the county board. The rule:

(A) May limit the maximum number of days used by an employee;

(B) Shall limit the use of leave bank days to an active employee with fewer than five days accumulated personal leave who is absent from work due to accident or illness of the employee; and

(C) Shall prohibit the use of days to:

(i) Qualify for or add to service for any retirement system administered by the State; or

(ii) Extend insurance coverage pursuant to §5-16-13 of this code.

(D) Shall require that each personal leave day contributed:

(i) Is deducted from the number of personal leave days to which the donor employee is entitled by this section;

(ii) Is not deducted from the personal leave days without cause to which a donor employee is entitled if sufficient general personal leave days are otherwise available to the donor employee;

(iii) Is credited to the receiving employee as one full personal leave day;

(iv) May not be credited for more or less than a full day by calculating the value of the leave

according to the hourly wage of each employee; and

(v) May be used only for an absence due to the purpose for which the leave was transferred. Any transferred days remaining when the catastrophic medical emergency ends revert back to the leave bank.

(3) The administration, subject to county board approval, may use its discretion as to the need for a substitute where limited absence may prevail, when an allowable absence does not:

(i) Directly affect the instruction of the students; or

(ii) Require a substitute employee because of the nature of the work and the duration of the cause for the absence.

(4) If funds in any fiscal year, including transfers, are insufficient to pay the full cost of substitutes for meeting the provisions of this section, the remainder shall be paid on or before the August 31 from the budget of the next fiscal year.

(5) A county board may supplement the leave provisions in any manner it considers advisable in accordance with applicable rules of the State Board and the provisions of this chapter and chapter 18 of this code.

(c) Effective July 1, 2019, a classroom teacher who has not utilized more than four days of personal leave during the 200-day employment term shall receive a bonus of \$500 at the end of the school year. If the appropriations to the Department of Education for this purpose are insufficient to compensate all applicable classroom teachers, the Department of Education shall request a supplemental appropriation in an amount sufficient to compensate all eligible classroom teachers. This bonus may not be counted as part of the final average salary for the purpose of calculating retirement.

**§18A-4-10a. Bonus for unused days of personal leave.**

County boards of education are authorized to pay to their employees or to defined groups thereof, for the purpose of reducing absenteeism, a bonus at the end of an employment term for each unused day of personal leave accumulated by the employee during that employment term.

(3) The rules may limit the maximum number of days used by a care giver;

(4) Where the care giver is caring for an absent employee as defined in paragraph (A), subdivision (1), subsection (a) of this section, the rules shall require that leave bank days be used only by a care giver who is absent from work during the same time period as the absent employee for whom care is being provided; and

(5) The rules shall require that the care giver is an active employee with less than five days accumulated personal leave.

(c) The use of these days by the care giver for the extension of insurance coverage pursuant to section twelve, article sixteen, chapter five of this code is prohibited.

(d) Contributions shall reduce, to the extent of the contribution, the number of personal leave days to which a contributing employee is entitled by section ten of this article: Provided, That the employee's contribution may not reduce the number of entitled personal leave days without cause.

(d) The county board periodically shall review the status of the surviving spouse and, upon a determination of the county board that the surviving spouse is able to work at his or her assigned position, any personal leave days credited to the surviving spouse pursuant to the terms of this section shall be extinguished.

(e) Personal leave days credited to the surviving spouse pursuant to this section may be used only for the purposes of this section and may not be used for any other purpose, including, but not limited to, the enhancement of retirement or health insurance benefits.

WV Legislature

**§18A-4-14. Duty-free lunch and daily planning period for certain employees.**

(a) Notwithstanding section seven, article two of this chapter, every teacher who is employed for a period of time more than one half the class periods of the regular school day and every service person whose employment is for a period of more than three and one-half hours per day and whose pay is at least the amount indicated in the state minimum pay scale as set forth in section eight-a of this article shall be provided a daily lunch recess of not less than thirty consecutive minutes, and the employee shall not be assigned any responsibilities during this recess. The recess shall be included in the number of hours worked, and no county shall increase the number of hours to be worked by an employee as a result of the employee being granted a recess under this section.

(b) Every teacher who is regularly employed for a period of time more than one half the class periods of the regular school day shall be provided at least one planning period within each school day to be used to complete necessary preparations for the instruction of pupils. No teacher may be assigned any responsibilities during this period, and no county shall increase the number of hours to be worked by a teacher as a result of such teacher being granted a planning period subsequent to the adoption of this section (March 13, 1982). Principals, and assistant principals, where applicable, shall cooperate in carrying out the provisions of this subsection, including, but not limited to, assuming control of the class period or supervision of students during the time the teacher is engaged in the planning period. Substitute teachers may also be utilized to assist with classroom responsibilities under this subsection: Provided, That any substitute teacher who is employed to teach a minimum of two consecutive days in the same position shall be granted a planning period pursuant to this section.

(c) Nothing in this section prevents any teacher from exchanging his or her lunch recess or a planning period or any service person from exchanging his or her lunch recess for any compensation or benefit mutually agreed upon by the employee and the county superintendent or his or her agent: Provided, That a teacher and the superintendent or his or her agent may not agree to terms which are different from those available to any other teacher granted rights under this section within the individual school or to terms which in any way discriminate among those teachers within the individual school, and a service

person granted rights under this section and the superintendent or his or her agent may not agree to terms which are different from those available to any other service personnel within the same classification category granted rights under this section within the individual school or to terms which in any way discriminate among those service personnel within the same classification category within the individual school.

(b) Service personnel substitutes shall be assigned in the following manner:

(1) The substitute with the greatest length of service time in the vacant category of employment has priority in accepting the assignment throughout the period of the regular service person's absence or until the vacancy is filled on a regular basis pursuant to section eight-b of this article. Length of service time is calculated from the date a substitute service person begins assigned duties as a substitute in a particular category of employment.

(2) All service personnel substitutes are employed on a rotating basis according to their lengths of service time until each substitute has had an opportunity to perform similar assignments.

(3) Any regular service person employed in the same building or working station and the same classification category of employment as the absent employee shall be given the first

opportunity to fill the position of the absent employee on a rotating and seniority basis. In such case the regular service person's position is filled by a substitute service person. A regular service person assigned to fill the position of an absent employee has the opportunity to hold that position throughout the absence. For the purpose of this section only, all regularly employed school bus operators are considered to be employed within the same building or working station.

(c) The county board shall return a regular school service person to the same position held prior to any approved leave of absence or period of recovery from injury or illness. The school service person:

(2) The initial order is effective only until the substitute service personnel have begun their duties for the first time.

(g) A substitute service person who has worked thirty days for a school system has all rights pertaining to suspension, dismissal and contract renewal as are granted to regular service personnel in sections six, seven, eight and eight-a, article two of this chapter.

**§18A-4-15a. Employment of retired bus operators as substitutes in areas of critical need and shortage.**

(a) The Legislature hereby finds and declares that due to a shortage of qualified substitute bus operators a compelling state interest exists in expanding the use of retired bus operators to provide service as substitute bus operators in an area of critical need and shortage.

(b) The Legislature further finds and declares that this shortage is significant and overarching, and in order to comply with §18-5-13(f)(1) of this code, this need supersedes any preclusion of modification of rights codified in §18-7A-28e of this code.

(1) For the purposes of this subsection, “area of critical need and shortage for substitute bus operators” means that the number of available qualified substitute bus operators in the county who are not retired and are available and willing to accept substitute bus operator assignments is insufficient to meet the projected need for qualified substitute bus operators.

(2) A person receiving retirement benefits under §18-7A-1 *et seq.* of this code, or who is entitled to retirement benefits during the fiscal year in which that person retired, may accept employment as a critical need substitute bus operator for an unlimited number of days each fiscal year without affecting the monthly retirement benefit to which the retirant is otherwise entitled, subject to satisfaction of the following conditions:

(A) The county board adopts a policy recommended by the superintendent to address a critical need and shortage for substitute bus operators;

(B) The superintendent of the county board submits the policy to the State Board of Education for approval in the first year of its utilization. After initial approval by the State Board of Education, the county board must annually renew the policy at the local level and provide confirmation to the State Board of Education of its intent to utilize the policy in the subsequent year;

(C) The policy sets forth the critical need and shortage for substitute bus operators in the county in accordance with the definition of area of critical need and shortage for substitute bus operators as provided in subdivision (1) of this subsection;

(D) The policy provides for the employment of retired bus operators as critical need substitute bus operators during the school year on an expanded basis in areas of critical need and shortage for substitute bus operators as provided in this subsection;

(E) The policy provides that a retired bus operator may be employed as a substitute bus operator in an area of critical need and shortage for substitute bus operators on an expanded basis as provided in this subsection only when no other qualified bus operator who is not retired is available and accepts the substitute assignment; and

(F) Prior to employment of a retired bus operator as a critical need substitute bus operator beyond the post-retirement employment limitations established by the Consolidated Public

Retirement Board, the superintendent of the affected county submits to the state board in a form approved by the Consolidated Public Retirement Board and the state board, an affidavit signed by the superintendent stating the name of the county, the fact that the county has adopted a policy to employ retired bus operators as substitutes to address its critical need and shortage, the name or names of the person or persons to be employed as a critical need substitute pursuant to the policy, the date that the person gave notice to the county board of the person's intent to retire, and the effective date of the person's retirement. Upon verification of compliance with this section and the eligibility of the critical need substitute bus operator for employment beyond the post-retirement limit, the state board shall submit the affidavit to the Consolidated Public Retirement Board.

(3) Any person who retires and begins work as a critical need substitute bus operator within the same fiscal year in which that person retired shall lose those retirement benefits attributed to the annuity reserve, effective from the first day of employment as a retiree critical need substitute bus operator in that fiscal year and ending with the month following the date the retiree ceases to perform service as a critical need substitute bus operator.

(4) Retired bus operators employed to perform expanded substitute service pursuant to this subsection are considered day-to-day, temporary, part-time employees. The substitutes are not eligible for additional pension or other benefits paid to regularly employed employees and may not accrue seniority.

(5) A retired bus operator is eligible to be employed as a critical need substitute bus operator to fill a vacant position without any loss of retirement benefits attributed to the annuity reserve only if the retired bus operator's retirement became effective before the first day of July preceding at least the fiscal year during which he or she is employed as a critical need substitute bus operator.

(6) When a retired bus operator is employed as a critical need substitute to fill a vacant position, the county board shall continue to post the vacant position until it is filled with a regularly employed bus operator who is fully qualified for the position: *Provided, That:*

(A) The posting is only required to occur once at the beginning of the year and once mid-year;

(B) This subdivision does not apply when filling a bus operator position of a regular bus operator on leave of absence; and

(C) This subdivision does not apply when a position is filled with a certified bus operator but the bus operator is not available at the time the bus operator accepts the position.

(7) When a retired bus operator is employed as a critical need substitute to fill a vacant position, the position vacancy shall be posted electronically and easily accessible to prospective employees as determined by the state board: *Provided, That:*

(A) The posting is only required to occur once at the beginning of the year and once mid-year;

(B) This subdivision does not apply when filling a bus operator position of a regular bus operator on leave of absence; and

(C) This subdivision does not apply when a position is filled with a certified bus operator but the bus operator is not available at the time the bus operator accepts the position.

(8) The provisions of this subsection shall expire on June 30, 2030.

**§18A-4-16. Extracurricular assignments.**

(1) The assignment of teachers and service personnel to extracurricular assignments shall be made only by mutual agreement of the employee and the superintendent, or designated representative, subject to board approval. Extracurricular duties shall mean, but not be limited to, any activities that occur at times other than regularly scheduled working hours, which include the instructing, coaching, chaperoning, escorting, providing support services or caring for the needs of students, and which occur on a regularly scheduled basis: *Provided*, That all school service personnel assignments shall be considered extracurricular assignments, except such assignments as are considered either regular positions, as provided by section eight of this article, or extra-duty assignments, as provided by section eight-b of this article.

(2) The employee and the superintendent, or a designated representative, subject to board approval, shall mutually agree upon the maximum number of hours of extracurricular assignment in each school year for each extracurricular assignment.

(3) The terms and conditions of the agreement between the employee and the board shall be in writing and signed by both parties.

(4) An employee's contract of employment shall be separate from the extracurricular assignment agreement provided for in this section and shall not be conditioned upon the employee's acceptance or continuance of any extracurricular assignment proposed by the superintendent, a designated representative, or the board.

(5) The board shall fill extracurricular school service personnel assignments and vacancies in accordance with section eight-b of this article: *Provided*, That an alternative procedure for making extracurricular school service personnel assignments within a particular classification category of employment may be utilized if the alternative procedure is approved both by the county board and by an affirmative vote of two thirds of the employees within that classification category of employment.

(6) An employee who was employed in any service personnel extracurricular assignment during the previous school year shall have the option of retaining the assignment if it continues to exist in any succeeding school year. A county board of education may terminate any school service personnel extracurricular assignment for lack of need pursuant to section seven, article two of this chapter. If an extracurricular contract has been terminated and is reestablished in any succeeding school year, it shall be offered to the employee who held the assignment at the time of its termination. If the employee declines the assignment, the extracurricular assignment shall be posted and filled pursuant to section eight-b of this article.

(7) Effective with the retirement of an employee on or after July 1, 2021, any extracurricular contract of the employee shall terminate when an employee retires. Nothing prohibits a retired employee from applying for and, if they are the successful applicant, becoming

employed in an extracurricular assignment or other position with the county board consistent with the rules for the employment of retirees established by the consolidated public retirement board.

WV Legislature

**§18A-4-22. Prohibition on aiding and abetting sexual abuse.**

(a) No school personnel, contractor or agent, or any employee of any state, regional or local educational agency including any employee of a public or private school, may assist an individual employed as school personnel, a contractor or an agent in obtaining a new job if the individual or agency knows, or has probable cause to believe, that such school employee, contractor or agent engaged in sexual misconduct regarding a minor or student in violation of the law: Provided, That nothing in this section shall be construed to prohibit the routine transmission of administrative and personnel files.

(b) The requirements of subsection (a) of this section shall not apply if:

(1) The information giving rise to probable cause has been properly reported to a law-enforcement agency with jurisdiction over the alleged misconduct and reported to any other authorities as required by federal, state or local law; and

(2) One of the following has happened:

(A) The matter has been officially closed, or the prosecutor or police with jurisdiction over the alleged misconduct has investigated the allegations and notified school officials that there is insufficient information to establish probable cause that the school personnel, contractor or agent engaged in sexual misconduct regarding a minor or student in violation of the law;

(B) The school personnel, contractor or agent has been charged with and acquitted or otherwise exonerated of the alleged misconduct; or

(C) The case or investigation remains open and there have been no charges filed against, or indictment of, the school personnel, contractor or agent within four years of the date on which the information was reported to a law-enforcement agency.

(c) Nothing in this section shall be construed to override a statute, regulation or policy that provides greater or additional protections to prohibit any individual who is school personnel, contractor or agent, or any state, regional or local educational agency from assisting a school employee who engaged in sexual misconduct regarding a minor or student in violation of the law in obtaining a new job.

**§18A-5-1. Authority of teachers and other school personnel; exclusion of students having infectious diseases; suspension or expulsion of disorderly students; corporal punishment abolished.**

(a) The teacher shall stand in the place of the parent(s), guardian(s), or custodian(s) in exercising authority over the school and has control of all students enrolled in the school from the time they reach the school until they have returned to their respective homes, except where transportation of students is provided, the driver in charge of the school bus or other mode of transportation shall exercise such authority and control over the students while they are in transit to and from the school.

(b) Subject to the rules of the state board, the teacher shall exclude from the school any student known to have, or who is suspected of having, any infectious disease, or any student who has been exposed to any infectious disease and shall immediately notify the proper health officer or medical inspector of the exclusion. Any student so excluded may not be readmitted to the school until he or she has complied with all the requirements of the rules governing those cases or has presented a certificate of health signed by the medical inspector or other proper health officer.

(c) This subsection is subject to the requirements of subsections (j) through (p) of this section. The teacher may exclude from his or her classroom or school bus any student who is guilty of disorderly conduct; who in any manner interferes with an orderly educational process; who behaves in a manner that obstructs the teaching or learning process of others in the classroom; who threatens, abuses, or otherwise intimidates or attempts to intimidate a school employee or a student; who willfully disobeys a school employee; or who uses abusive or profane language directed at a school employee. Any student excluded shall be placed under the control of the principal of the school or a designee. The excluded student may be admitted to the classroom or school bus only after a school counselor, school social worker, school psychologist, or behavior interventionist develops a behavioral plan for re-entry to the classroom for the student and when the principal, or a designee, provides written certification to the teacher that the student may be readmitted and specifies the specific type of disciplinary action, if any, that was taken. If the principal finds that disciplinary action is warranted, he or she shall provide written and, if possible, telephonic notice of the action to the parent(s), guardian(s), or custodian(s). When a student is excluded from a classroom or a school bus two times in one semester, and after exhausting all reasonable methods of classroom discipline provided in the school discipline plan, the student may be readmitted to the classroom or the school bus only after the principal, teacher, school counselor, or school social worker, and, if possible, the parent(s), guardian(s), or custodian(s) of the student have held a conference to discuss the student's disruptive behavior patterns, a school social worker, behavior specialist, board certified behavior analyst, school psychologist, or other qualified employee with expertise in the behavioral area establishes and implements a behavioral plan, and the teacher and the principal agree on a course of discipline for the student and inform the parent(s), guardian(s), or custodian(s) of the course of action. Thereafter, if the student's disruptive behavior persists,

upon the teacher's request, the principal may, to the extent feasible, transfer the student to another setting. The Legislature finds that isolating students or placing them in alternative learning centers or licensed behavioral health agencies may be the best setting for chronically disruptive students. The county board shall create more alternative learning centers, expand its capacity for alternative placements, or partner with a licensed behavioral health agency, subject to funding, to correct these students' behaviors so they can return to a regular classroom without engaging in further disruptive behavior. Students in alternative learning centers, in alternative placements, or with a licensed behavioral health agency shall meet regularly with a school social worker, behavior specialist, board certified behavior analyst, school psychologist, or other qualified employee with expertise in the behavioral area to address the behavioral and mental health concerns associated with the referral to the alternative learning center and to assist in developing a transition plan back to the classroom and assist with that transition.

(d) Notwithstanding anything in this section to the contrary, nothing herein may be construed to conflict with or be applied to conflict with the provisions of the Individuals with Disabilities Education Act, 20 U.S.C. §1400, *et seq.* or Section 504 of the Rehabilitation Act of 1973, 29 U.S.C. §794.

(e) The Legislature finds that suspension from school is not appropriate solely for a student's failure to attend class. Therefore, a student may not be suspended from school solely for not attending class. Other methods of discipline may be used for the student which may include, but are not limited to, detention, extra class time, or alternative class settings.

(f) Corporal punishment of any student by a school employee is prohibited.

(g) Each county board is solely responsible for the administration of proper discipline in the public schools of the county and shall adopt policies consistent with the provisions of this section to govern disciplinary actions. These policies shall encourage the use of alternatives to discipline practices, provide for the training of school personnel by school social workers, behavior specialists, board certified behavior analysts, school psychologists, and other qualified employees with expertise in the behavioral area in alternatives to discipline practices, and provide for encouraging the involvement of parent(s), guardian(s), or custodian(s) in the maintenance of school discipline. To promote a teaching and learning environment free from substantial classroom disturbances, each county board shall ensure that each school implements a tier system policy, with teacher input, to provide a framework for student behaviors and punishments. The policy shall be clear and concise with specific guidelines and examples. The principal shall support the teacher in the discipline of the students if proper cause and documentation is provided following the schoolwide discipline policy. The teacher may not be reprimanded if their actions are legal and within the structure of the county board's policy for student behavior and punishment. The county board policies shall also include an appeal procedure whereby a teacher may appeal to the county superintendent if a school principal refuses to allow the exclusion of a student from the classroom or if a teacher believes the school principal has prematurely ended the exclusion of a student from the classroom. The county boards shall provide for the

immediate incorporation and implementation in schools of a preventive discipline program which may include the responsible student program and a student involvement program, which may include the peer mediation program, devised by the state board. Each county board may modify those programs to meet the particular needs of the county. The county boards shall provide in-service training for teachers and principals relating to assertive discipline procedures and conflict resolution. The county boards also may establish cooperatives with private entities to provide middle educational programs or behavior intervention programs, which may include programs focusing on developing individual coping skills, conflict resolution, anger control, self-esteem issues, stress management and decision making for students, and any other program related to preventive discipline.

(h) For the purpose of this section:

"Principal" means the principal, assistant principal, vice principal, or the administrative head of the school, or a professional personnel designee of the principal or the administrative head of the school.

"School counselor" has the same meaning as provided for in §18-5-18b.

"School social worker" has the same meaning as "social worker" as provided for in §18-1-1.

"School psychologist" has the same meaning as "licensed school psychologist" as provided for in §30-21-2.

"Student" includes any child, youth, or adult who is enrolled in any instructional program or activity conducted under board authorization and within the facilities of, or in connection with, any program under public school direction: *Provided*, That, in the case of adults, the student-teacher relationship shall terminate when the student leaves the school or other place of instruction or activity;

(i) Teachers shall exercise other authority and perform other duties prescribed for them by law or by the rules of the state board not inconsistent with the provisions of this chapter and Chapter 18 of this code.

(j) When a grade kindergarten through six teacher in an elementary setting, or pre-K teacher at a publicly funded pre-K facility, determines that the behavior of the student is violent, threatening, or intimidating toward staff or peers, or creates an unsafe learning environment or impedes on other students' ability to learn in a safe environment, the student shall be referred to the school counselor, school social worker, school psychologist, or behavior interventionist who shall conduct a functional behavioral assessment to assess underlying causes of the student's behavior. The school counselor, school social worker, school psychologist, or behavior interventionist shall prioritize and use evidence-based

interventions and supports to establish a behavioral plan for the student. The behavioral plan shall be followed for a period of two weeks. After that, a re-evaluation of the student's behavior shall be conducted and if adequate progress is being made, the behavioral plan shall continue. If the evaluation does not show adequate progress, the principal, teacher, and school counselor, school social worker, school psychologist, or behavior interventionist shall determine whether the plan needs to be changed. If the plan is amended and, after another period of two weeks, the student still has not shown adequate progress then the student shall be placed in a behavioral intervention program or with a licensed behavioral health agency the county has established, has partnered with another county board to establish, or has gained access to for its students through an agreement with another county board for the purpose of addressing such behaviors.

(k) "Violent, threatening, or intimidating" behavior by the student is defined as a behavior that seriously and materially interferes with a teacher's ability to communicate effectively with the students in a class, with the ability of the student's classmates to learn, or with the operation of school or a school-sponsored activity. Violent, threatening, or intimidating behaviors are further defined as those actions causing or intending to cause physical harm to the teacher, principal, school service personnel, or the students in the classroom setting.

(l) If the county board has not established, partnered with another county board to establish, or gained access through an agreement with another county board to a behavioral intervention program:

(1) The student shall be removed from the classroom immediately after the incident and removed from the presence of other students for the remainder of the school day;

(2) The parents shall be notified and shall pick the student up from school preferably immediately, but by the end of the day at the latest, upon which the student shall be considered suspended from school;

(3) If a student has to ride the bus home, that student shall ride the bus under the supervision of a principal, vice principal, or an individual designated by the principal to ensure the safety of the student, the bus driver, and other students on the bus;

(4) The student shall continue to be suspended for the next one to three school days while alternative learning accommodations are made;

(5) The student may be evaluated under Child Find and may be referred for a functional behavior analysis pursuant to the Individuals with Disabilities Education Act, 20 U.S.C. §1400, *et seq.*: *Provided*, That the student shall be referred to the student assistance team (SAT), 504 team, or IEP team at that school - whichever is most appropriate for that student - for an immediate intervention, or manifestation if the student has an IEP;

(6) The student shall receive his or her education through the alternative learning accommodations and may not return to school until a risk assessment is done;

(7) After the risk assessment, the student's return to school shall be on a provisional basis for a period of five to 10 days. If another incident as described in this subsection occurs within that time frame, or repeated instances occur following the time frame, the student shall be subject to the provisions of §18A-5-1a for purposes of expulsion: *Provided*, That the expulsion shall not continue through two continuous semesters: *Provided further*, That the teacher may come to the expulsion hearing in instances where a student shows violent, threatening, or intimidating behavior;

(8) If the virtual school option is the agreed upon method of alternative education, then the student can begin the program at such time the decision is made; and

(9) Whether a student's behavior falls under the requirements of this subsection and whether the student is to be placed in an alternative learning environment for the remainder of the semester or school year pursuant to subdivision (6) of this subsection shall be at the discretion of the student's classroom teacher and principal or vice principal. If the principal or vice principal disagree with the actions of the teacher, the principal or vice principal may provide written documentation on their disagreement, the teacher may provide written documentation on their disagreement, and both the principal/vice principal or the teacher may appeal to the county superintendent.

(m) When a grade six through 12 teacher, excluding an elementary school teacher, determines that the behavior of the student is disorderly conduct, is interfering with an orderly educational process, or obstructs the teaching or learning process of others in the classroom:

(1) The student may be excluded from that teacher's classroom and, if excluded, may not re-enter that teacher's classroom for at least the remainder of the instructional day; and

(2) If the student is excluded pursuant to subdivision (1) of this subsection:

(A) The principal shall communicate with the teacher within 24 hours of the student being excluded from the teacher's classroom about the exclusion;

(B) The teacher has 24 hours to create an electronic record and place the report of this action into the West Virginia Education Information System without any repercussion to the teacher; and

(C) If the student is removed from a classroom a total of three times in one month for one or more of the behaviors set forth in this subsection, the student shall receive, as determined by the principal, an in-school suspension, an out-of-school suspension, or may be considered for placement in an alternative learning center or with a licensed behavioral health agency if one is available within the school district.

(n) For purposes of subsection (m) of this section, "disorderly or obstructive" behavior by the student is defined as a behavior that seriously and materially interferes with a teacher's

ability to communicate effectively with the students in a class, with the ability of the student's classmates to learn, or with the operation of school or a school-sponsored activity.

(o) The State Board of Education shall promulgate a rule pursuant to §29A-3B-1 *et seq.* which adopts a statewide disciplinary policy: *Provided*, That if a county or school in this state has a behavioral interventionist, they may apply for a waiver from the statewide disciplinary policy upon a showing of continued positive educational progress from the existing county or school disciplinary policy currently in effect. "Positive educational progress" is defined as data that demonstrates a decrease in violent, threatening, intimidating, disorderly, and obstructive behavior. Such positive educational progress shall also demonstrate that students are maintaining the necessary educational benchmarks otherwise provided for in this code.

(p) For purposes of this section, school counselors, school social workers, school psychologists, or behavior interventionists may provide behavioral support to ensure the effectiveness of this section.

**§18A-5-1a. Possessing deadly weapons on premises of educational facilities; possessing a controlled substance on premises of educational facilities; assaults and batteries committed by students upon teachers or other school personnel; temporary suspension, hearing; procedure, notice and formal hearing; extended suspension; sale of narcotic; expulsion; exception; alternative education.**

(a) A principal shall suspend a student from school or from transportation to or from the school on any school bus if the student, in the determination of the principal after an informal hearing pursuant to subsection (d) of this section, has: (i) Violated the provisions of subsection (b), section fifteen, article two, chapter sixty-one of this code; (ii) violated the provisions of subsection (b), section eleven-a, article seven of said chapter; or (iii) sold a narcotic drug, as defined in section one hundred one, article one, chapter sixty-a of this code, on the premises of an educational facility, at a school-sponsored function or on a school bus. If a student has been suspended pursuant to this subsection, the principal shall, within twenty-four hours, request that the county superintendent recommend to the county board that the student be expelled. Upon such a request by a principal, the county superintendent shall recommend to the county board that the student be expelled. Upon such recommendation, the county board shall conduct a hearing in accordance with subsections (e), (f) and (g) of this section to determine if the student committed the alleged violation. If the county board finds that the student did commit the alleged violation, the county board shall expel the student.

(b) A principal shall suspend a student from school, or from transportation to or from the school on any school bus, if the student, in the determination of the principal after an informal hearing pursuant to subsection (d) of this section, has: (i) Committed an act or engaged in conduct that would constitute a felony under the laws of this state if committed by an adult; or (ii) unlawfully possessed on the premises of an educational facility or at a school-sponsored function a controlled substance governed by the Uniform Controlled Substances Act as described in chapter sixty-a of this code. If a student has been suspended pursuant to this subsection, the principal may request that the superintendent recommend to the county board that the student be expelled. Upon such recommendation by the county superintendent, the county board may hold a hearing in accordance with the provisions of subsections (e), (f) and (g) of this section to determine if the student committed the alleged violation. If the county board finds that the student did commit the alleged violation, the county board may expel the student.

(c) A principal may suspend a student from school, or transportation to or from the school on any school bus, if the student, in the determination of the principal after an informal hearing pursuant to subsection (d) of this section: (i) Threatened to injure, or in any manner injured, a student, teacher, administrator or other school personnel; (ii) willfully disobeyed a teacher; (iii) possessed alcohol in an educational facility, on school grounds, a school bus or at any school-sponsored function; (iv) used profane language directed at a school employee or student; (v) intentionally defaced any school property; (vi) participated in any physical altercation with another person while under the authority of school personnel; or (vii)

habitually violated school rules or policies. If a student has been suspended pursuant to this subsection, the principal may request that the superintendent recommend to the county board that the student be expelled. Upon such recommendation by the county superintendent, the county board may hold a hearing in accordance with the provisions of subsections (e), (f) and (g) of this section to determine if the student committed the alleged violation. If the county board finds that the student did commit the alleged violation, the county board may expel the student.

(d) The actions of any student which may be grounds for his or her suspension or expulsion under the provisions of this section shall be reported immediately to the principal of the school in which the student is enrolled. If the principal determines that the alleged actions of the student would be grounds for suspension, he or she shall conduct an informal hearing for the student immediately after the alleged actions have occurred. The hearing shall be held before the student is suspended unless the principal believes that the continued presence of the student in the school poses a continuing danger to persons or property or an ongoing threat of disrupting the academic process, in which case the student shall be suspended immediately and a hearing held as soon as practicable after the suspension.

The student and his or her parent(s), guardian(s) or custodian(s), as the case may be, shall be given telephonic notice, if possible, of this informal hearing, which notice shall briefly state the grounds for suspension.

At the commencement of the informal hearing, the principal shall inquire of the student as to whether he or she admits or denies the charges. If the student does not admit the charges, he or she shall be given an explanation of the evidence possessed by the principal and an opportunity to present his or her version of the occurrence. At the conclusion of the hearing or upon the failure of the noticed student to appear, the principal may suspend the student for a maximum of ten school days, including the time prior to the hearing, if any, for which the student has been excluded from school.

The principal shall report any suspension the same day it has been decided upon, in writing, to the parent(s), guardian(s) or custodian(s) of the student by regular United States mail. The suspension also shall be reported to the county superintendent and to the faculty senate of the school at the next meeting after the suspension.

(e) Prior to a hearing before the county board, the county board shall cause a written notice which states the charges and the recommended disposition to be served upon the student and his or her parent(s), guardian(s) or custodian(s), as the case may be. The notice shall state clearly whether the board will attempt at hearing to establish the student as a dangerous student, as defined by section one, article one of this chapter. The notice also shall include any evidence upon which the board will rely in asserting its claim that the student is a dangerous student. The notice shall set forth a date and time at which the hearing shall be held, which date shall be within the ten-day period of suspension imposed by the principal.

(f) The county board shall hold the scheduled hearing to determine if the student should be reinstated or should, under the provisions of this section, must be expelled from school. If the county board determines that the student should or must be expelled from school, it also may determine whether the student is a dangerous student pursuant to subsection (g) of this section. At this, or any hearing before a county board conducted pursuant to this section, the student may be represented by counsel, may call his or her own witnesses to verify his or her version of the incident and may confront and cross examine witnesses supporting the charge against him or her. The hearing shall be recorded by mechanical means unless recorded by a certified court reporter. The hearing may be postponed for good cause shown by the student but he or she shall remain under suspension until after the hearing. The state board may adopt other supplementary rules of procedure to be followed in these hearings. At the conclusion of the hearing the county board shall either: (1) Order the student reinstated immediately at the end of his or her initial suspension; (2) suspend the student for a further designated number of days; or (3) expel the student from the public schools of the county.

(g) A county board that did not intend prior to a hearing to assert a dangerous student claim, that did not notify the student prior to the hearing that a dangerous student determination would be considered and that determines through the course of the hearing that the student may be a dangerous student shall schedule a second hearing within ten days to decide the issue. The hearing may be postponed for good cause shown by the student, but he or she remains under suspension until after the hearing.

A county board that expels a student, and finds that the student is a dangerous student, may refuse to provide alternative education. However, after a hearing conducted pursuant to this section for determining whether a student is a dangerous student, when the student is found to be a dangerous student, is expelled and is denied alternative education, a hearing shall be conducted within three months after the refusal by the board to provide alternative education to reexamine whether or not the student remains a dangerous student and whether the student shall be provided alternative education. Thereafter, a hearing for the purpose of reexamining whether or not the student remains a dangerous student and whether the student shall be provided alternative education shall be conducted every three months for so long as the student remains a dangerous student and is denied alternative education. During the initial hearing, or in any subsequent hearing, the board may consider the history of the student's conduct as well as any improvements made subsequent to the expulsion. If it is determined during any of the hearings that the student is no longer a dangerous student or should be provided alternative education, the student shall be provided alternative education during the remainder of the expulsion period.

(h) The superintendent may apply to a circuit judge or magistrate for authority to subpoena witnesses and documents, upon his or her own initiative, in a proceeding related to a recommended student expulsion or dangerous student determination, before a county board conducted pursuant to the provisions of this section. Upon the written request of any other party, the superintendent shall apply to a circuit judge or magistrate for the authority to subpoena witnesses, documents or both on behalf of the other party in a proceeding related

to a recommended student expulsion or dangerous student determination before a county board. If the authority to subpoena is granted, the superintendent shall subpoena the witnesses, documents or both requested by the other party. Furthermore, if the authority to subpoena is granted, it shall be exercised in accordance with the provisions of section one, article five, chapter twenty-nine-a of this code.

Any hearing conducted pursuant to this subsection may be postponed: (1) For good cause shown by the student; (2) when proceedings to compel a subpoenaed witness to appear must be instituted; or (3) when a delay in service of a subpoena hinders either party's ability to provide sufficient notice to appear to a witness. A student remains under suspension until after the hearing in any case where a postponement occurs.

(i) Students may be expelled pursuant to this section for a period not to exceed one school year, except that if a student is determined to have violated the provisions of subsection (a) of this section the student shall be expelled for a period of not less than twelve consecutive months, subject to the following:

(1) The county superintendent may lessen the mandatory period of twelve consecutive months for the expulsion of the student if the circumstances of the student's case demonstrably warrant;

(2) Upon the reduction of the period of expulsion, the county superintendent shall prepare a written statement setting forth the circumstances of the student's case which warrant the reduction of the period of expulsion. The county superintendent shall submit the statement to the county board, the principal, the faculty senate and the local school improvement council for the school from which the student was expelled. The county superintendent may use the following factors as guidelines in determining whether or not to reduce a mandatory twelve-month expulsion:

(A) The extent of the student's malicious intent;

(B) The outcome of the student's misconduct;

(C) The student's past behavior history;

(D) The likelihood of the student's repeated misconduct; and

(E) If applicable, successful completion or making satisfactory progress toward successful completion of Juvenile Drug Court pursuant to section one-d of this section.

(j) In all hearings under this section, facts shall be found by a preponderance of the evidence.

(k) For purposes of this section, nothing herein may be construed to be in conflict with the federal provisions of the Individuals with Disabilities Education Act, 20 U. S. C. §1400, et seq.

(l) Each suspension or expulsion imposed upon a student under the authority of this section shall be recorded in the uniform integrated regional computer information system (commonly known as the West Virginia Education Information System) described in subsection (f), section twenty-six, article two, chapter eighteen of this code.

(1) The principal of the school at which the student is enrolled shall create an electronic record within twenty-four hours of the imposition of the suspension or expulsion.

(2) Each record of a suspension or expulsion shall include the student's name and identification number, the reason for the suspension or expulsion and the beginning and ending dates of the suspension or expulsion.

(3) The state board shall collect and disseminate data so that any principal of a public school in West Virginia can review the complete history of disciplinary actions taken by West Virginia public schools against any student enrolled or seeking to enroll at that principal's school. The purposes of this provision are to allow every principal to fulfill his or her duty under subsection (b), section fifteen-f, article five, chapter eighteen of this code to determine whether a student requesting to enroll at a public school in West Virginia is currently serving a suspension or expulsion from another public school in West Virginia and to allow principals to obtain general information about students' disciplinary histories.

(m) Principals may exercise any other authority and perform any other duties to discipline students consistent with state and federal law, including policies of the state board.

(n) Each county board is solely responsible for the administration of proper discipline in the public schools of the county and shall adopt policies consistent with the provisions of this section to govern disciplinary actions.

(o) For the purpose of this section, "principal" means the principal, assistant principal, vice principal or the administrative head of the school or a professional personnel designee of the principal or the administrative head of the school.

**§18A-5-1b. Alternative procedures for expulsion hearings by county boards.**

The county boards may employ a hearing examiner to conduct the expulsion hearings required by this article. The hearing examiner shall be an attorney, duly licensed to practice law in the State of West Virginia and shall not be employed by the state or county boards for any other reason.

The hearing examiner shall conduct hearings in compliance with the guidelines of section one-a of this article. All hearings shall be recorded by mechanical means, unless recorded by a certified court reporter. The hearing examiner shall issue a decision and written findings of fact and conclusions of law within five days of the conclusion of the hearing. Hearings by a hearing examiner shall have the same force and effect as a decision made by a county board. Upon the written request of a parent, guardian, or custodian of the student, or the county superintendent, the county board shall review the decision of the hearing examiner. Within ten calendar days from the date of the request of the review, the county board shall enter an order affirming, reversing, or modifying the decision of the hearing examiner. A county board may, in its own discretion, hold a hearing to determine any issues in question.

The authority of the county superintendent shall be the same as contained in section one-a of this article.

**§18A-5-1c. Bill of Rights and Responsibilities for Students and School Personnel.**

(a) The Legislature finds that:

- (1) The mission of public schools is to prepare students for equal and responsible citizenship and productive adulthood;
- (2) Democratic citizenship and productive adulthood begin with standards of conduct in schools;
- (3) Schools should be safe havens for learning with high standards of conduct for students; and
- (4) Rights necessarily carry responsibilities.

(b) In recognition of the findings in this section, the following Bill of Rights and Responsibilities for Students and School Personnel is established:

- (1) The right to attend a school and ride a bus that is safe, orderly and drug free;
- (2) The right to learn and work in a school that has clear discipline codes with fair and consistently enforced consequences for misbehavior;
- (3) The right to learn and work in a school that has alternative educational placements for violent or chronically disruptive students;
- (4) The right to be treated with courtesy and respect;
- (5) The right to attend a school and ride on a bus that is free from bullying;
- (6) The right to support from school administrators when enforcing discipline policies;
- (7) The right to support from parents, the community, public officials and businesses in their efforts to uphold high standards of conduct; and
- (8) The responsibility to adhere to the principles in this Bill of Rights and Responsibilities for Students and School Personnel, and to behave in a manner that guarantees that other students and school personnel enjoy the same rights.

**§18A-5-1d. Return to school through Juvenile Drug Court for certain students.**

(a) When a student is expelled from school pursuant to §18A-5-1a of this code, the county board, county superintendent, or principal for the school from which the student was expelled or the parent, guardian, or custodian may refer the student to a Juvenile Drug Court, operated pursuant to §49-4-703 of this code. Upon referral, the judge assigned to Juvenile Drug Court shall determine whether the student is an appropriate candidate for Juvenile Drug Court.

(b) If the judge determines the student is an appropriate candidate for Juvenile Drug Court, then the court has jurisdiction over the student in the same manner as it has jurisdiction over all other persons in Juvenile Drug Court. Jurisdiction over students includes the ability to issue any of the various sanctions available to the Juvenile Drug Court, including temporary detention.

(c)(1) Successful completion of Juvenile Drug Court or certification by the Juvenile Drug Court judge that the student is making satisfactory progress toward successful completion of Juvenile Drug Court warrants consideration for reduction of the expulsion period, pursuant to §18A-5-1a of this code.

(2) The Juvenile Drug Court shall notify the county superintendent of the completion or certification. The county superintendent shall arrange a meeting with the Juvenile Drug Court treatment team, the court, and the student assistance team of the school from which the student was expelled to discuss the student's history, progress, and potential for improvement.

(3) The student assistance team shall evaluate and recommend whether the student's expulsion period should be reduced, and the student reinstated in school.

(4) The student assistance team's recommendation shall be presented to the superintendent, who shall make the final determination. The superintendent shall prepare a statement detailing reasons for or against school reinstatement and submit the statement to the county board. If the superintendent determines to reduce the expulsion period, he or she shall submit the statement required by §18A-5-1a(i) of this code and place the student in an appropriate school within the district.

(5) A student to be reinstated shall be permitted to return to school no later than the 10th regular school day following notice by the court to the superintendent regarding the student's successful completion or satisfactory progress toward successful completion of Juvenile Drug Court.

(a) Schools shall be closed on Saturdays and on the following days which are designated as legal school holidays: Independence Day, Labor Day, Veterans Day, Thanksgiving Day, Christmas Day, New Year's Day, Martin Luther King's birthday, Memorial Day and West Virginia Day. Schools also shall be closed on any day on which a primary election, general election or special election is held throughout the state or school district and on any day appointed and set apart by the president or the Governor as a holiday of special observance by the people of the state.

(b) When any of the above designated holidays, except a special election, falls on Saturday, the schools shall be closed on the preceding Friday. When any designated holiday falls on Sunday, the schools shall be closed on the following Monday.

(1) Under any or all of the above provisions, the time lost by the school closings may not be counted as days of employment and may not be counted as meeting a part of the requirements of the minimum term of one hundred eighty days of instruction. A school employee's pay per pay period may not change as a result of a school closing not being counted as a day of employment, and the employee shall be paid the same amount during any pay period in which a school closing occurs that the employee would have been paid during the pay period if a school closing had not occurred.

(2) On the day or days when a school or schools are closed, county boards may provide appropriate alternate work schedules for professional and service personnel affected by the closing of any school or schools under any or all of the provisions of this subsection. Professional and service personnel shall receive pay the same as if school were in session.

(3) Insofar as funds are available or can be made available during the school year, the board may extend the employment term for the purpose of making up time that might affect the instructional term.

(e) In addition to any other provisions of this chapter, the board further is authorized to provide in its annual budget for meetings, workshops, vacation time or other holidays through extended employment of personnel at the same rate of pay.

Attendance at such meetings may be substituted for an equal amount of teaching or employment and teachers attending shall not suffer loss of pay. Further, the board is authorized to pay all or any part of expenses of any personnel whom it may designate to represent the board at any such professional or educational meetings or in visitation to another school system.

Every county board of education shall adopt a policy under which professional educators serving as mentor teachers, serving on state and county professional staff development councils, serving on school curriculum teams, and serving on professional support teams will be granted professional time if required for performance of their duties during the instructional day or extra duty compensation if required at other times and for reimbursement for necessary expenses actually incurred in attending meetings of the bodies upon which they serve upon. Such policy shall provide for the coverage of the professional personnel's regular duties during such release times through the use of paraprofessional aides, substitutes and other methods if necessary to avoid the interruption of instruction.

**§18A-5-4a. Educational or service meetings.**

A county board of education may approve the attendance of any or all service personnel at educational conventions, conferences, or school service meetings of service personnel on school days when in the judgment of the superintendent it is necessary or desirable.

Attendance at such meetings may be substituted for an equal amount of employment and service personnel so attending shall not suffer loss of pay. Further, the board is authorized to pay all or any part of expenses of any personnel whom it may designate to represent the board at any such educational conventions, conferences or school service meetings or in visitation to another school system.

The school census may be taken by the teachers or as otherwise directed by the county board of education. Teachers taking the school census shall be entitled to use school hours not to exceed a total of one school day, and shall be compensated for such time as for time taught.

The State Superintendent of Schools shall have authority to require a statewide enumeration by the counties at such times as he may direct and may establish the procedures therefor.

**§18A-5-8. Authority of certain aides to exercise control over students; compensation; transfers.**

(a) Within the limitations provided in this section, any aide who agrees to do so shall stand in the place of the parent or guardian and shall exercise such authority and control over students as is required of a teacher as provided in section one of this article. The principal shall designate aides in the school who agree to exercise that authority on the basis of seniority as an aide and shall enumerate the instances in which the authority shall be exercised by an aide when requested by the principal, assistant principal or professional employee to whom the aide is assigned.

(d) An aide may not be required by the operation of this section to perform noninstructional duties for an amount of time which exceeds that required under the aide's contract of employment or that required of other aides in the same school unless the assignment of the duties is mutually agreed upon by the aide and the county superintendent, or the superintendent's designated representative, subject to county board approval.

(1) The terms and conditions of the agreement shall be in writing, signed by both parties, and may include additional benefits.

(2) The agreement shall be uniform as to aides assigned similar duties for similar amounts of time within the same school.
