**§18B-4-4. State agency for participation in federal and private grants to higher education; related powers and duties.**

The governing boards, on behalf of the State of West Virginia, are authorized and empowered to apply for, to accept and administer and expend for the purpose or purposes designated, any funds which now are, or may be made, available to the governing boards or to any institution under their jurisdiction from federal or private grants, appropriations, allocations and programs.

The governing boards have the power:

(1) A person who previously was qualified for employment as a law-enforcement officer for an agency or political subdivision of any state is considered qualified for appointment as a campus police officer.

(2) Before performing duties as a campus police officer in any county, a person shall qualify as is required of county police officers by:

The institution shall furnish and require each officer while on duty to wear a shield with an appropriate inscription and to carry credentials certifying the person's identity and authority as a campus police officer.

(e) A governing board may at its pleasure revoke the authority of any campus police officer and such officers serve at the will and pleasure of the governing board. The president of the state institution shall report the termination of employment of a campus police officer by filing a notice to that effect in the office of the clerk of each county in which the campus police officer's oath of office was filed.

(f) Notwithstanding any other provisions of this code to the contrary, and for purposes of enhancing the ability of campus police officers to perform their duties, a governing board may apply for and receive any public or private grant or other financial award that is available to other law-enforcement agencies in the state.

(a) The president or a designee of each state institution of higher education shall on a regular and timely basis provide information to the public concerning alleged crimes occurring on the institution's property which have been reported to a campus police officer or any other officer of the institution.

(1) A crime is considered reported when:

(A) A campus police officer or other officer of the institution determines that the report is credible;

(B) The report is submitted in writing and attested to by the victim on forms at the institution for such purpose; or

(C) The institution is notified by a law-enforcement agency of the reporting of a crime alleged to have occurred on the institution's property.

(2) Such reports are referred within twenty-four hours to the appropriate law-enforcement agencies, as defined in section one, article twenty-nine, chapter thirty of this code, for further investigation.

(b) For the state institutions of higher education under the jurisdiction of the Governing Board of Marshall University and for the state institution of higher education known as West Virginia University only, the campus police shall investigate a crime within their respective jurisdictions for up to thirty days if the county prosecuting attorney does not reassign the case to another agency sooner.

(c) The information required to be made available to the public regarding the crime report shall be available within ten days of the report. The information shall include the nature of the criminal offense, the date of the offense, the general location of the offense (such as a designation of a specific building or area of the campus) and the time of day when the offense occurred.

(1) This subsection does not require the release of any information which may disclose the identity of the victim.

(d) For purposes of this section, "crime" is defined as those offenses required to be reported under the federal Crime Awareness and Campus Security Act of 1990, as amended. "Crime" includes murder, rape, robbery, aggravated assault, burglary, motor vehicle theft and arrests for liquor, drug or weapons laws violations.

(e) The Council and Commission shall provide crime reporting forms to institutions under their respective jurisdictions and promulgate a rule pursuant to the provisions of article three-a, chapter twenty-nine-a of this code as necessary to implement this section.

**§18B-4-5b. Concealed carry on higher education campuses; exceptions.**

(a) Subject to the provisions of subsection (b) of this section, a person holding a current and valid license to carry a concealed deadly weapon may carry a concealed pistol or revolver on the campus and in the buildings of a state institution of higher education. This subsection only applies to areas of the campus and buildings of a state institution of higher education under the custodial possession of the state institution of higher education and does not include areas rented, leased, or under an exclusive agreement for the full-time occupancy and use of a private entity.

(b) The provisions of subsection (a) of this section do not limit the authority of a state institution of higher education to regulate possession of a concealed pistol or revolver by a person holding a current and valid license to carry a concealed deadly weapon in the following locations when in compliance with §61-7-14 of this code:

(1) At an organized event taking place at a stadium or arena with a capacity of more than 1,000 spectators;

(2) At a daycare facility located on the property of the state institution of higher education;

(3) In the secure area of any building used by a law-enforcement agency on the property of the state institution for higher education;

(4) In an area of the property of the state institution of higher education that has adequate security measures in place to ensure that pistols or revolvers are not carried by the public into the area. As used in this section, "adequate security measures" means the use of electronic equipment and armed personnel at public entrances to detect and restrict the carrying of any pistols or revolvers into the area, including, but not limited to, metal detectors, metal detector wands, or any other equipment used for similar purposes to ensure that pistols or revolvers are not carried in those areas by members of the public;

(5) In an on-campus room or rooms in which a student or employee disciplinary proceeding is being held;

(6) In sole occupancy offices on the campus and in the buildings of the state institution of higher education. "Sole occupancy office" means a room with at least one door and walls that extend to the ceiling that is assigned to a single person as his or her workspace. This subdivision does not authorize a state institution of higher education to prohibit, regulate, or restrict faculty or staff members who hold a current and valid license to carry a concealed deadly weapon from carrying a concealed pistol or revolver in his or her assigned office;

(7) At a primary or secondary education school-sponsored function being held in a specific location on the property of the state institution of higher education that is rented, leased, or under the exclusive use of the West Virginia Department of Education, the West Virginia Secondary Schools Activities Commission, a county school board, or local public school for

the actual period of time the function is occurring;

(8) At a private function that is being held in a specific location on the property of the state institution of higher education that is rented, leased, or under the exclusive use of an entity that is not affiliated with the state institution of higher education for the actual period of time the function is occurring;

(9) In any area on the property of the state institution of higher education where possession of a firearm is prohibited by state or federal law;

(10) In specifically designated areas in which patient-care or mental health counseling is being provided;

(11) In high hazardous and animal laboratories, defined as laboratories with:

(A) Greater than 55 gallons of Class I flammable liquids and/or significant quantities of acids, bases, organics, pyrophorics, peroxides, bio-hazardous materials, extremely toxic materials, or pyrophoric or toxic gases classified NFPA 704 Category 3 or higher;

(B) Hazardous gases with K-size or larger cylinders containing corrosive, reactive, flammable, toxic, and/or oxidizer gases classified NFPA 704 Category 2 or higher;

(C) MRI and/or NMR equipment capable of generating significant magnetic fields with field strength of at least 5 gauss is measured outside the equipment or 5 gauss line typically at least 3 feet and as much as 20 feet from equipment;

(D) Large cylinders of acetylene; or

(E) Animal research laboratory spaces in locations not accessible to the public or generally accessible to students and staff, or

(12) In on-campus residence halls, except common areas such as lounges, dining areas, and study areas.

(c) An employee whose employment responsibilities require him or her to be in an on-campus residence hall and who holds a current and valid license to carry a concealed deadly weapon is permitted to carry a concealed revolver or pistol on or about his or her person while present in on-campus residence halls for purposes of his or her employment.

(d) Institutions of higher education shall provide either: (1) A secure location for the storage of a pistol or revolver in at least one of the institution's on-campus residence halls; or (2) make available an appropriate safe that may be installed in a resident's room in any of the institution's on-campus residence halls. If an institution chooses to make a storage room available to on-campus residents at an on-campus residence hall, the institution shall develop a policy that reserves an appropriate amount of rooms in the on-campus residence hall where the storage room is located for on-campus residents with a current and valid

license to carry a concealed deadly weapon. The institution shall make the storage room available at all times during which the on-campus residence hall is open and fully operational for use by its residents. If West Virginia University chooses to provide secure locations instead of making safes available to students, it shall provide a secure location in at least two on-campus residence halls at its Morgantown campus and one at each of its Beckley and Keyser campuses.

(e) An institution of higher education may charge a reasonable fee for the use of the secure storage location or a safe.

(f) The provisions of subsection (a) of this section do not limit the authority of a state institution of higher education from taking disciplinary action against a student or employee with a valid license to carry a concealed deadly weapon who is convicted of a violation of §61-7-14 of this code related to carrying a firearm in a location listed in subsection (b) of this section.

(g) Notwithstanding any provision of subsection (a) of this section to the contrary, while on the campus or in the buildings of a state institution of higher education, a holder of a license to carry a concealed deadly weapon or any other person not expressly authorized to do so by the state institution of higher education, may not carry a pistol or revolver which is partially or wholly visible, or intentionally or knowingly display a firearm in plain view of another person in a way or manner to cause, or threaten, a breach of the peace, regardless of whether the firearm is holstered. A holder of a license to carry a concealed deadly weapon who violates this subsection may, in addition to any applicable criminal charges, be subject to discipline the state institution of higher education considers appropriate.

(h) It is the intent of the Legislature to establish, by this act, conditions under which persons with a current and valid license to carry a concealed deadly weapon may carry a concealed pistol or revolver at a state institution of higher education. When a person exercises the rights granted by this section, neither the carrying of a concealed pistol or revolver, nor any other conduct of person involving a concealed pistol or revolver, shall be construed to be an act of the state institution of higher education nor of the state, and no liability for any such actions of such person shall be imputed to the state institution of higher education, its officers, agents, or employees, unless the state institution of higher education has expressly requested or directed such person to carry a concealed pistol or revolver: *Provided*, That the failure to provide adequate security measures at any building or location at a state institution of higher education where the carrying of a concealed pistol or revolver is not permitted shall not give rise to a cause action or any liability whatsoever related to or arising from the carrying of a concealed pistol or revolver by any person.

(i) For the purposes of this section, a "license to carry a concealed deadly weapon" refers to a current and valid license, lawfully issued by the State of West Virginia pursuant to §61-7-4 or §61-7-4a of this code, or a current and valid license or permit recognized under §61-7-6a of this code.

(j) These amendments to this section enacted during the regular session of the Legislature, 2023, may be cited as the Campus Self-defense Act.

(k) The provisions of this section apply on or after July 1, 2024.

WV Legislature

**§18B-4-6. Regulation of parking, speed flow of traffic on campus roads and driveways; civil and criminal penalties; disposition of revenue.**

(a) Notwithstanding any other motor vehicle or traffic law or regulation to the contrary, a governing board may regulate and control at any state institution under its jurisdiction the speed, flow and parking of vehicles on campus roads, driveways and parking facilities or areas.

(1) Rules for this purpose shall be promulgated by the governing boards in the manner prescribed in section six, article one of this chapter.

(2) When so promulgated, the rules have the force and effect of law.

(3) The governing board shall post in a conspicuous location in each parking facility or area, a summary of the rules governing the use of the facility or area including, but not limited to, the availability of temporary parking permits and where these permits may be obtained and the penalties which may be imposed for violations of the rules.

(4) The governing board shall post in a conspicuous location along each campus road and driveway notice signs pertaining to the speed of vehicles, spaces available for parking, directional flow of traffic and penalties which may be imposed for violations of the rules.

(b) Any person parking or operating a vehicle in violation of the rules shall be issued a citation:

(1) Describing the offense charged; and

(2) Ordering an appearance:

(A) Within ten days, excluding Saturdays, Sundays and holidays observed by the state institution, before a designated official of the institution;

(B) Before a magistrate located in the county if the person cited fails to appear within the ten days; or

(C) Before the judge of the municipal court, if the state institution is located within a municipality having such an official and the person cited fails to appear within the ten days.

(c) The designated official of the state institution has exclusive jurisdiction of the offense during the ten-day period until the citation is forwarded to a magistrate. For the state institutions of higher education under the jurisdiction of the governing board of Marshall University and for the state institution of higher education known as West Virginia University only, the designated official of the institution has exclusive jurisdiction of the offense for thirty days following the violation. After thirty days the official shall forward the citation to a magistrate. Any person cited may plead no contest to the offense and, by so pleading, is subject to a civil penalty to be determined uniformly by the designated official

and commensurate with the severity of the offense. For the state institutions under the jurisdiction of the governing board of Marshall University and for the state institution of higher education known as West Virginia University only, the amount imposed may not exceed \$20. For all other institutions the amount may not exceed \$10, for each offense as partial reimbursement to the state institution of higher education for the cost of regulating traffic and parking. In the case of the state institutions under the jurisdiction of the governing board of Marshall University and in the case of the state institution of higher education known as West Virginia University only, the designated official shall determine the penalty uniformly, commensurate with the severity of the offense, and may apply academic restrictions in lieu of requiring a student to appear in court and receive penalties otherwise provided in this section. Moneys derived from civil penalties imposed in this subsection shall be deposited in the institution's auxiliary and auxiliary capital fees fund.

(d) Upon expiration of the ten-day or thirty-day period, as applicable, or upon a pleading of not guilty before the designated official of the state institution within the applicable period, the magistrate or judge of the municipal court has jurisdiction of the offense. Any person cited under this section, upon a finding of guilty by the magistrate or municipal judge, is subject to a fine for each offense by the state institutions under the jurisdiction of the governing board of Marshall University and for the state institution of higher education known as West Virginia University only, of up to \$40, and at all other state institutions not less than \$10 nor more than \$20, the amount to be commensurate with the severity of the offense.

(e) Each designated official of a state institution presiding over a case under this section shall keep a record of every citation which alleges a violation of the provisions, or the rules promulgated in accordance with this section, and shall keep a record of every official action in reference to the citation including, but not limited to, a record of every plea of no contest, conviction or acquittal, of the offense charged, and the amount of the fine or civil penalty resulting from each citation.

(f) Whenever a vehicle is parked on any state institution campus road, driveway or parking facility or area in a manner which violates posted rules and substantially impedes the flow of traffic or endangers the health and safety, in addition to issuing a citation and any procedures set forth in this section, the institution may remove the vehicle, by towing or otherwise, to an area owned by the institution or areas designated for this purpose. The vehicle, having been towed to the designated area or areas, may be rendered immovable by use of locking wheel blocks or other device not damaging to the vehicle. The state institution of higher education shall maintain any vehicle towed in the same condition as it was immediately prior to being towed, but is not liable for any damage to a vehicle towed to, or kept in, a designated area pursuant to this section. The state institution of higher education shall pay for the cost of removing the vehicle and has a right to reimbursement from the owner for this cost and for the reasonable cost of keeping the vehicle in the designated area. Until payment of these costs, the state institution of higher education may retain possession of the vehicle and the institution shall have a lien on the vehicle for the amount due. The state institution of higher education may enforce this lien in the manner provided in section

fourteen, article eleven, chapter thirty-eight of this code for the enforcement of other liens. For the state institutions of higher education under the jurisdiction of the governing board of Marshall University and for the state institution of higher education known as West Virginia University only, this subsection also apply when a vehicle is subject to three or more unpaid citations.

(g) If, at any time, Mountwest Community and Technical College ceases to share a physical campus location with Marshall University, it may not be included as an institution under the jurisdiction of the governing board of Marshall University for the purposes of subsections (c), (d) and (f) of this section.

**§18B-4-7. Accreditation of institutions of higher education; standards for degrees.**

(a) The council shall make rules for the accreditation of community and technical colleges in this state and shall determine the minimum standards for conferring degrees. The commission shall make rules for the accreditation of colleges in this state except the governing boards of the exempted schools shall make rules for their respective institutions, and each shall determine the minimum standards for conferring degrees. The governing boards of the exempted schools shall promulgate rules pursuant to the provisions of §18B-1-6 of this code for the accreditation of their respective institutions.

(1) The council, commission, and governing boards of the exempted schools shall regularly update their rules regarding accreditation to conform with changes by, and to take advantage of new flexibilities and data sources made available by, the United States Department of Education and by the United States Congress.

(2) By December 31, 2023, the council, commission, and governing boards must promulgate rules that permit institutions to choose to pursue institutional accreditation with any accreditor recognized by the United States Department of Education.

(b) An institution of higher education may not confer a degree on any basis of work or merit below the minimum standards prescribed by the council or commission.

(c) With the approval of the commission and subject to subsections (e), (f), and (g) of this section, governing boards of institutions which currently offer substantial undergraduate course offerings and a master's degree in a discipline are authorized to grant baccalaureate degrees in that discipline.

(d) Except as otherwise provided in this section, a charter or other instrument containing the right to confer degrees of higher education status may not be granted by the State of West Virginia to an institution, association, or organization within the state, nor may a degree be awarded, until the condition of conferring the degree first has been approved in writing by the council or commission, as appropriate, or by the institution's governing board in the case of the exempted schools.

(e) To retain the authority to confer degrees pursuant to this section, each institution shall provide annually to the commission or council, as requested, all information the commission or council considers necessary to assess the performance of the institution and to determine whether the institution continues to meet the minimum standards for conferring degrees. This information includes, but is not limited to, the following data:

(1) All information current and future federal or state laws and regulations require the institution to report to the public, to students, to employees, or to federal or state agencies;

(2) Other consumer information the commission or council considers necessary, including, but not limited to, graduation and retention rates, transfers, post-graduation placements,

loan defaults, and numbers and types of student complaints;

(3) A detailed explanation of financial operations including, but not limited to, policies, formulas and procedures related to calculation, payment and refund for all tuition and fees; and

(4) An assessment of the adequacy of the institution's curriculum, personnel, facilities, materials, and equipment to meet the minimum standards for conferring degrees.

(f) The commission and council may conduct on-site reviews to evaluate an institution's academic standards, may conduct financial audits, or may require the institution to perform these audits and provide detailed data to the commission or council.

(g) The commission or council shall revoke an institution's authority to confer degrees when the institution's governing body, chief executive officer, or both, have done any one or more of the following:

(1) Failed to maintain the minimum standards for conferring degrees; or

(2) Willfully provided false, misleading, or incomplete information to the commission or council.

(h) The commission and council each shall compile the information collected pursuant to subsections (e), (f) and (g) of this section and submit a report on the information to the Legislative Oversight Commission on Education Accountability annually beginning December 1, 2012. The commission and council each shall make the information and report available to the public in a form and manner that is accessible to the general public, including, but not limited to, posting on its website.

**§18B-4-7a. Choice of accreditors.**

(a) The Legislature finds and declares that:

(1) The United States Department of Education promulgated new regulations on November 1, 2019, that revise the criteria used by the department to recognize accrediting agencies to allow competition (84 Fed. Reg. 58834);

(2) The council, commission, and governing boards of the exempted schools must take advantage of the new regulations in order to improve education quality through competition among accreditors by amending their own regulations;

(3) Regulatory references to accreditation involving the North Central Association are out of date because it was dissolved in 2014; and

(4) Seventeen accreditors are currently recognized by the United States Department of Education (seven traditionally "regional" accreditors and 10 traditionally "national" accreditors).

(b) Competition. —

(1) By December 31, 2023, the council, commission, and governing boards of the exempted schools must amend their regulations regarding accreditation to ensure that every postsecondary institution in the state may freely choose to pursue accreditation by any accreditor recognized by the United States Department of Education for the kinds of programs offered by the institution; and

(2) To the extent that such regulations imply or state that institutions default to, or normally would, should, or must be accredited by the Higher Learning Commission and/or the now-defunct North Central Association, such regulations are incorrect and must be amended.

**§18B-4-8. West Virginia Anatomical Board; powers and duties relating to anatomical gifts; requisition of bodies; autopsies; transportation of bodies; expenses of preservation.**

Many of these veterans have had or will be subject to multiple deployments to active duty, including overseas deployment, resulting in challenges to their pursuit of higher education.

(b) Legislative intent. -- It is the intent of the Legislature that state institutions of higher education provide adequate services and facilities for student veterans in order to better serve their unique needs and to make West Virginia's state institutions of higher education veteran-friendly.

(c) The commission, council and each state institution of higher education shall establish and implement measures to assure that veterans enrolled in the institutions receive services and are provided facilities appropriate for their needs, that student veterans complete programs of study and earn degrees, and that the institutions become veteran-friendly by actively and effectively providing academic and social support and assistance to student veterans. The measures shall include, but are not limited to, the following:

(5) Appointing and training specific faculty within each degree program or major as liaisons and contacts for student veterans;

(6) Providing information about programs that grant credit for prior learning to student veterans and potential student veterans;

(7) Coordinating existing disability services on campus with veteran disability services available from the United States Department of Veterans Affairs, other federal and state agencies, and private resources;

(8) Designating individuals to provide financial and psychological counseling services on each campus who are trained to effectively respond to the needs of veterans and to provide

services or referrals to services to fulfill these needs for student veterans, and to the extent practicable, providing those services and programs in one location;

(9) Developing training materials on responding to student veteran needs to be available for continued professional development of counselors to student veterans;

(10) Facilitating regular statewide meetings for all personnel at state institutions of higher education who regularly provide specific services to student veterans to discuss and develop best practices, exchange ideas and experiences, and hear presentations by individuals with generally accepted expertise in areas of the various needs of student veterans;

(13) Developing and facilitating communications between state institutions of higher education and various veteran organizations in the state to advance veteran causes that benefit student veterans; and

(14) Coordinating among all relevant departments within each state institution of higher education including but not limited to admissions, the registrar, the bursar, the veterans advocate and financial aid to ensure that relevant deadlines or time-lines are met for certifying veterans' enrollment as early as practicable to ensure that assistance is received from the U.S. Department of Veterans Affairs (DVA) in a timely fashion. Measures to achieve greater coordination shall include but are not limited to:

(A) Identifying applicants who are veterans as early as possible;

(E) Making every effort to provide sufficient class sections to meet the needs of students for classes which are required for graduation, including where appropriate, giving student veterans priority registration.

(d) Veterans Advocates. -- Each state institution of higher education shall appoint or designate and train a person, preferably a veteran, to serve as a veterans advocate on its campus. The commission and council shall also provide training for veterans advocates at each of the institutions under their respective jurisdictions. The veterans advocate shall serve as the primary point of contact and campus advocate for current and prospective students who are veterans of the Armed Forces of the United States or are current members of the Armed Forces of the United States, including reserve components of the National Guard of this state or any other state. The duties and responsibilities of the veterans advocate include, but are not limited to the following:

(1) The rule shall be as uniform among the institutions as is practicable and shall take into consideration the unique conditions or circumstances of each institution.

(2) The intent of the rule is to ensure that enrolled students who are called to military duty are afforded a fair and efficient procedure of withdrawing from classes, completing course work or securing a leave of absence from course attendance, when feasible. The rule also shall provide for maintaining the academic integrity of the course work in a manner that is reasonably accommodating to the student under the circumstances.

(3) The commission and council shall consider and include the following elements when developing the rule:

(A) Discipline appropriate options which allow a student to withdraw from courses without penalty; earn credit for work completed in a course; receive an incomplete grade and make up the course work at a later time; or secure a leave of absence from course attendance;

(B) For students who withdraw from classes during an academic term and who do not receive full credit for completing classes in which they are enrolled, provision for obtaining a full or partial refund of tuition, fees and room and board fees paid to the institution; and

(C) Other measures as the commission and council consider necessary or effective to support, accommodate and encourage the students to continue and successfully complete their education programs.

(c) The rule required by this section is superceded by and may not conflict in any way with the following provisions:

(1) Educational leave of absence for active duty National Guard or other reserve components of the Armed Forces as set forth in section one-a, article one-f, chapter fifteen of this code for students who are subject to these provisions; and

(2) Applicable federal laws, rules or regulations.
