Immediately after such petition shall have been filed it shall be the duty of the court, or the judge thereof in vacation, to enter upon its records an order appointing an engineer to be selected by the petitioners, provided the engineer whom they select is a qualified and suitable person. If the engineer designated by the petitioners is, in the opinion of the court, not a proper person, the court shall appoint such other engineer as it may deem qualified to perform the duties imposed upon him by this article. In his report the engineer shall give a general idea of the improvements required and an approximate estimate of their cost, together with such other suggestions as he may think will be of service to the court in passing on the prayer of the petitioners. For service rendered in this connection the compensation of the engineer shall be fixed by the court.
