§19-7-8. Gambling devices and immoral shows prohibited; forfeiture of right to state aid; horse racing exempted.

No association, organization or individual which is the recipient of state aid under this article may operate or permit to be operated in conjunction with the fair, festival or event any gambling device or any indecent or immoral show. Any association, organization or individual violating the provisions of this section shall forfeit all eligibility for state aid for a period of three years. This section, however, may not be construed to prevent horse racing or horse shows at any fair receiving state aid.

§19-7-9. State fair of West Virginia; ex officio members of board of directors; appropriations; authority to propose rules.

(a) The corporation formerly known as "Greenbrier Valley fair" is designated "the state fair of West Virginia"; with the exclusive right to the use of that designation.

(b) The Governor and commissioner of agriculture are ex officio members of the board of directors of the fair association for the purpose of protecting the interests of the state in the awarding of premiums and in the arrangement of the agriculture and other exhibits.

(c) The provisions of this section may not alter, change or alienate the rights of any other association, organization or individual entitled to benefits under the provisions of this article, except as to the use of the name designated in subsection (a) of this section.

(d) For the purpose of encouraging agriculture and industry, the state fair of West Virginia is not limited to the appropriations authorized by section one of this article. Nothing contained in this article may be construed or interpreted to prevent the state fair of West Virginia from receiving the benefit of any sum specifically appropriated for its use by the Legislature to pay awards and exhibition expenses.

§19-7-10. Appropriations specifically made available for designated exhibitions.

For the purpose of encouraging agriculture, forestry and industries related thereto and the development and progress of the state, and when appropriations are specifically set out in the budget bill by the Legislature for any state, county or local exhibition or community development, when the exhibition or community development is held in the interest of the public and substantially supported financially by an association or corporation not operated for profit, the commissioner of agriculture may expend any moneys for those purposes and nothing contained in this article may be construed or interpreted to prevent the commissioner from paying awards to exhibitors and expenses in connection with the operation of the exhibition.

The commissioner of agriculture may pay premiums, awards and provide monetary assistance to the exhibitors at county, community and state fairs, festivals or events of any agricultural or horticultural products when appropriations are specifically made available for specific events or organizations.

§19-7-11. Determination of eligibility; legislative rules.

(a) The commissioner shall administer the provisions of this article and shall determine the eligibility of an association, organization or individual to receive state aid described in this article in accordance with the provisions of subsection (b) of this section.

(b) The commissioner of agriculture shall propose legislative rules for promulgation pursuant to the provisions of article three, chapter twenty-nine-a of this code. The rules shall provide for the administration of the provisions of this article and shall provide criteria under which the commissioner is to determine the eligibility of an association, organization or individual to receive state aid under the provisions of this article. Notwithstanding any other provisions of this code to the contrary, until the Legislature has authorized the rules, the commissioner of agriculture may promulgate emergency rules for those purposes pursuant to section fifteen, article three, chapter twenty-nine-a of this code.
