WEST VIRGINIA CODE: §19-9A-6

§19-9A-6. Inspection and investigation; maintenance of records.

(a) Any authorized representative of the commissioner shall have the power to enter at reasonable times upon any private or public property for the purpose of inspecting and investigating conditions relating to the treating of garbage to be fed to swine.

(b) The commissioner may require maintenance of records relating to the operating of equipment for and procedure of treating garbage to be fed to swine and any authorized representative of the commissioner may examine any such records or memoranda pertaining to the feeding of garbage to swine. Copies of such records shall be submitted to the commissioner upon request.
