NOTE: West Virginia Code §20-1-7 was amended by two bills passed during the 2020 Regular Session of the Legislature. When two acts of the Legislature amend the same section of the Code without express recognition in the bill of the action of the other bill, the Legislative Manager makes no determination as to the appropriate, legal effect of the two acts. Therefore, both versions of this section are set out below.

Senate Bill 586 (passed last on February 28, 2020) amended West Virginia Code §20-1-7 to read as follows:

- (3) Conduct research in improved conservation methods and disseminate information matters to the residents of the state;

- (6) Hold at least six meetings each year at such time and at such points within the state, as in the discretion of the Natural Resources Commission may appear to be necessary and proper for the purpose of giving interested persons in the various sections of the state an opportunity to be heard concerning open season for their respective areas, and report the

results of the meetings to the Natural Resources Commission before the season and bag limits are fixed by it;

(7) Suspend open hunting season upon any or all wildlife in any or all counties of the state with the prior approval of the Governor in case of an emergency such as a drought, forest fire hazard, or epizootic disease among wildlife. The suspension shall continue during the existence of the emergency and until rescinded by the director. Suspension, or reopening after such suspension, of open seasons may be made upon 24 hours' notice by delivery of a copy of the order of suspension or reopening to the wire press agencies at the state capitol;

(8) Supervise the fiscal affairs and responsibilities of the division;

(9) Designate such localities as he or she shall determine to be necessary and desirable for the perpetuation of any species of wildlife;

(10) Enter private lands to make surveys or inspections for conservation purposes, to investigate for violations of provisions of this chapter, to serve and execute warrants and processes, to make arrests, and to otherwise effectively enforce the provisions of this chapter;

(11) Acquire for the state in the name of the Division of Natural Resources by purchase, condemnation, lease or agreement, or accept or reject for the state, in the name of the Division of Natural Resources, gifts, donations, contributions, bequests, or devises of money, security or property, both real and personal, and any interest in such property, including lands and waters, which he or she deems suitable for the following purposes:

(a) For state forests for the purpose of growing timber, demonstrating forestry, furnishing or protecting watersheds, or providing public recreation;

(b) For state parks or recreation areas for the purpose of preserving scenic, aesthetic, scientific, cultural, archaeological, or historical values or natural wonders, or providing public recreation;

The appraisal shall be made within a reasonable time prior to any sale, reduced to writing, filed in the office of the director and shall be available for public inspection. The director must obtain the written permission of the Governor to sell timber when the appraised value is more than \$5,000. The director shall receive sealed bids therefor, after notice by publication as a Class II legal advertisement in compliance with the provisions of §59-3-1 *et seq.* of this code and the publication area for the publication shall be each county in which the timber is located. The timber so advertised shall be sold at not less than the appraised value to the highest responsible bidder, who shall give bond for the proper performance of the sales contract as the director shall designate; but the director may reject any and all bids and re-advertise for bids. If the foregoing provisions of this section have been complied with and no bid equal to or in excess of the appraised value of the timber is received, the director may, at any time, during a period of six months after the opening of the bids, sell the timber in such manner as he or she deems appropriate, but the sale price may not be less than the appraised value of the timber advertised. No contract for sale of timber made pursuant to this section may extend for a period of more than 10 years. And all contracts heretofore entered into by the state for the sale of timber may not be validated by this section if a contract is otherwise invalid. The proceeds arising from the sale of the timber so sold shall be paid to the Treasurer of the State of West Virginia and shall be credited to the division and used exclusively for the purposes of this chapter: *Provided*, That nothing contained herein may prohibit the sale of timber which otherwise would be removed from rights-of-way necessary for and strictly incidental to the extraction of minerals;
