- (5) "Director" means the Director of the Division of Natural Resources;
- (6) "Personal watercraft" means a small vessel of less than 16 feet in length which uses an inboard motor powering a water jet pump as its primary source of motive power and which is designed to be operated by a person sitting, standing, or kneeling on the vessel, rather than the conventional manner of sitting or standing inside the vessel. For purposes of this article, the term "personal watercraft" also includes "specialty prop-crafts" which are vessels similar in appearance and operation to a personal watercraft but which are powered by an outboard motor or propeller driven motor; and
- (7) "State of principal operation" means the state in whose waters a vessel is or will be used, operated, navigated, or employed more than on the waters of any other state during a calendar year.

§20-7-12. Motorboat identification numbers required; application for numbers; fee; displaying; reciprocity; change of ownership; conformity with United States regulations; records; renewal of certificate; transfer of interest, abandonment, etc.; change of address; unauthorized numbers; information to be furnished assessors.

Every motorboat, as defined in this section, operating upon public waters whose principal operation is within the territorial limits of this state shall be numbered as provided in this section:

(a) The owner of each motorboat requiring numbering by this state shall file an application for a number with the commissioner on forms approved by the Division of Motor Vehicles. The application shall be signed by the owner of the motorboat and shall be accompanied by the appropriate fee for a three-year registration period if the motorboat is propelled by a motor of three or more horsepower or 70 or more pounds of thrust. There is no fee for motorboats propelled by motors of less than three horsepower or less than 70 pounds of thrust. The fee schedule for a three-year registration period is as follows, and may be prorated by the commissioner for periods of less than three years:

- (1) Class A motorboats less than 16 feet in length, \$30;
- (2) Class 1 motorboats 16 feet or over and less than 26 feet in length, \$45;
- (3) Class 2 motorboats 26 feet or over and less than 40 feet in length, \$60; and
- (4) Class 3 motorboats 40 feet in length or over, \$75.

All fees, including those received under §20-7-12(b) of this code, shall be deposited in the State Treasury. All moneys deposited pursuant to this section and credited to the Division of Motor Vehicles and 50 percent of all fees collected thereafter shall be credited to the State Road Fund. The remaining 50 percent shall be credited to the Division of Natural Resources and shall be used and paid out upon order of the director solely for the enforcement and safety education of the state boating system.

Upon receipt of the application in approved form, the commissioner shall enter the application upon the records of the division and issue to the applicant a number awarded to the motorboat and the name and address of the owner. The owner shall paint on or attach to each side of the bow of the motorboat the identification number in the manner prescribed by rules of the commissioner in order that it is clearly visible. The owner shall maintain the number in legible condition. The certificate of number shall be pocket size and shall be available at all times for inspection on the motorboat for which it is issued, whenever the motorboat is in operation.

(b) To permit a motorboat sold to a purchaser by a dealer to be operated pending receipt of the certificate of number from the commissioner, the commissioner may deliver to dealers temporary certificates of number to in turn be issued to purchasers of motorboats, upon

application by the dealer and payment of \$1 for each temporary certificate. Every person who is issued a temporary certificate by a dealer shall, under the provisions of §20-7-12(a) of this code, apply for a certificate of number no later than 10 days from the date of issuance of the temporary certificate. A temporary certificate expires upon receipt of the certificate, upon rescission of the contract to buy the motorboat in question, or upon the expiration of 40 days from the date of issuance, whichever occurs first. It is unlawful for any dealer to issue any temporary certificate knowingly containing any misstatement of fact or knowingly to insert any false information on the face of the temporary certificate. The commissioner may by rule prescribe additional requirements upon the dealers and purchasers that are consistent with the effective administration of this section.

(c) The owner of any motorboat already covered by a number in full force and effect which has been awarded to it pursuant to then operative federal law or a federally approved numbering system of another state shall record the number prior to operating the motorboat on the waters of this state in excess of the 60-day reciprocity period provided for in 33 C.F.R. § 173.17 et seq. once its state of principal operation changes to the State of West Virginia. The recordation shall be in the manner and pursuant to procedure required for the award of a number under §20-7-12(a) of this code, except that the commissioner shall not issue an additional or substitute number.

(d) If the ownership of a motorboat changes, the new owner shall file a new application form with the required fee with the commissioner who shall award a new certificate of number in the same manner as provided for in an original award of number.

(e) If an agency of the United States government has in force an overall system of identification numbering for motorboats within the United States, the numbering system employed pursuant to this article by the Division of Motor Vehicles shall be in conformity with the federal system.

(f) The license is valid for a maximum period of three years. If at the expiration of that period ownership has remained unchanged, the commissioner shall, upon application and payment of the proper fee, grant the owner a renewal of the certificate of number for an additional three-year period.

(g) The owner shall furnish the commissioner notice of the transfer of any part of an interest, other than the creation of a security interest, in a motorboat numbered in this state pursuant to §20-7-12(a) and §20-7-12(b) of this code or of the destruction or abandonment of the motorboat within 15 days of the transfer of interest, destruction, or abandonment. The transfer, destruction, or abandonment shall terminate the certificate of number for the motorboat, except that in the case of a transfer of a part interest which does not affect the owner's right to operate the motorboat, the transfer shall not terminate the certificate of number.

(h) Any holder of a certificate of number shall notify the commissioner within 15 days if his or her address no longer conforms to the address appearing on the certificate and shall, as a

part of the notification, furnish the commissioner with his or her new address. The commissioner may provide by rule for the surrender of the certificate bearing the former address and its replacement with a certificate bearing the new address or for the alteration of an outstanding certificate to show the new address of the holder.

(i) An owner shall not paint, attach or otherwise display a number other than the number awarded to a motorboat or granted reciprocity pursuant to this article on either side of the bow of the motorboat.

(j) The commissioner shall on or before August 30 of each year forward to the assessor of each county a list of the names and addresses of all persons, firms, and corporations owning vessels and operating the vessels or other boats registered with the commissioner under the provisions of this article. In furnishing this information to each county assessor, the commissioner shall include information on the make and model of the vessels and other equipment required to be registered for use by the owner or operator of the boats under the provisions of this article: Provided, That the commissioner is not required to furnish the information to the assessor if the true and actual value of the vessel does not exceed \$500 or the cost of the motor does not exceed \$250.

(k) No person may operate an unlicensed motorboat upon any waters of this state without first acquiring a certificate of number or license as required by law.

§20-7-12a. Payment of personal property taxes prerequisite to application for certificate or renewal of number; duties of assessors; schedule of motorboat values.

Certificates of number and renewals therefor shall not be issued or furnished by the Division of Motor Vehicles, or any other officer charged with the duty, unless the applicant therefor furnishes the receipt hereinafter provided to show full payment of the personal property taxes for the current calendar year or the calendar year which immediately precedes the calendar year in which application is made on all motorboats which were listed with the Division of Motor Vehicles in the applicant's name on the tax day for the current or former calendar year or the division has received verification of full payment of personal property taxes by electronic means. If the applicant contends that any motorboat so listed was not subject to personal property taxation for that year, he or she shall furnish the information and evidence as the Commissioner of Motor Vehicles may require to substantiate his or her contention.

The assessor shall require any person having a duty to make a return of property for taxation to him or her to furnish information identifying each motorboat subject to the numbering provisions of this article. When the property taxes on the motorboat have been paid, the officer to whom the payment was made shall deliver to the person paying the taxes a written or printed receipt therefor and shall retain for his or her records a duplicate of the receipt. The assessor and sheriff, respectively, shall see that the assessment records and the receipts contain information adequately identifying the motorboat as registered under the provisions of this article. The officer receiving payment shall sign each receipt in his or her own handwriting.

The assessors shall commence their duties hereunder during the tax year 1989 and the Division of Motor Vehicles shall commence its duties hereunder as of January 1, 1990.

The State Tax Commissioner shall annually compile a schedule of motorboat values, based on the lowest values shown in a nationally accepted used motorboat guide, which schedule shall be furnished to each assessor and shall be used by him or her as a guide in placing the assessed values on all motorboats in his or her county.

§20-7-18c. Implied consent to test; administration at direction of law-enforcement officer.

Any person who operates a motorboat, jet ski or other motorized vessel in this state shall be deemed to have given his or her consent by the operation thereof, to a preliminary breath analysis and a secondary chemical test of either his or her blood, breath or urine for the purposes of determining the alcoholic content of his or her blood. A preliminary breath test and the secondary chemical test of blood, breath or urine and the results of the tests may be designated, administered, processed, interpreted and used in the same manner as tests designated and administered in accordance with the provisions of article five, chapter seventeen-c of this code.

§20-7-18d. Operation of personal watercrafts.

(a) No person under the age of 15 may operate a personal watercraft on the waters of this state: Provided, That a person that has attained the age of 12 may operate a personal watercraft if a person 18 years of age or older is aboard the personal watercraft.

(b) A person may not operate a personal watercraft unless each person on board or being towed behind is wearing a personal flotation device defined and approved by the United States Coast Guard pursuant to 33 C.F.R. §175.13 2014 et seq. as authorized by 46 U.S.C. §4302. Inflatable personal flotation devices do not meet the requirements of this section.

(c) A person operating a personal watercraft equipped by the manufacturer with a lanyard-type engine cutoff switch must attach the lanyard to his or her person, clothing, or personal flotation device as appropriate for the specific vessel.

(d) A person may not operate a personal watercraft at any time between the hours of sunset and sunrise. However, an agent or employee of a fire rescue, emergency rescue unit, or law-enforcement division is exempt from this subsection while performing his or her official duties.

(e) A personal watercraft must at all times be operated in a reasonable and prudent manner. Maneuvers which unreasonably or unnecessarily endanger life, limb, or property constitute reckless operation of a vessel and include, but are not limited to:

(1) Weaving through congested traffic;

(2) Jumping the wake of another vessel unreasonably or unnecessarily close to the other vessel or when visibility around the other vessel is obstructed or restricted;

(3) Becoming airborne or completely leaving the water while crossing the wake of another vessel within 100 feet of the vessel creating the wake;

(4) Operating at a greater than slow or no-wake speed within 100 feet of an anchored or moored vessel, shoreline, dock, pier, swim float, marked swim areas, swimmers, surfers, persons engaged in angling, or any manually powered vessel;

(5) Operating contrary to navigation rules including following too closely to another vessel, including another personal watercraft. For the purpose of this subdivision, "following too closely" is construed as a proceeding in the same direction and operating at a speed in excess of 10 miles per hour within 100 feet to the rear or 50 feet to the side of another vessel which is underway, unless said vessels are operating in a narrow channel, in which case the personal watercraft may operate at the speed and flow of the other vessel traffic within the channel.

§20-7-19. Water skiing and surfboarding.

(a) No person shall operate a vessel on any waters of this state towing a person or persons on water skis, surfboard, or similar device, nor shall any person engage in water skiing, surfboarding, or similar activity between sunset and sunrise.

(b) The provisions of §20-7-19(a) of this code do not apply to a performer engaged in a professional exhibition or a person or persons engaged in an activity authorized under §20-7-20 of this code.

(c) No person shall operate or manipulate any vessel, tow rope, or other device by which the direction or location of water skis, surfboard, or similar device may be affected or controlled in such a way as to cause water skis, surfboard, or similar device, or any person thereon, to collide with or strike against any object or person.

§20-7-19a. Towing water skiers and towables.

(a) No person may operate a personal watercraft towing another person on water skis or other towables unless the personal watercraft has, on board, in addition to the operator, a rear-facing observer, who monitors the progress of the person or persons being towed. This rear-facing observer must be at least twelve years of age.

(b) No person may operate a personal watercraft towing another person on water skis or other towables unless the total number of persons operating, observing and being towed does not exceed the specified number of passengers as identified by the manufacturer as the maximum safe load for the vessel.

§20-7-20. Regattas, races and exhibitions; applications and permits.

(a) The department may authorize the holding of regattas, motorboat or other boat races, marine parades, tournaments or exhibitions on any waters of this state. It shall adopt and may from time to time amend regulations concerning the safety of motorboats and other vessels and persons thereon, either observers or participants. Whenever a regatta, motorboat or other boat race, marine parade, tournament or exhibition is proposed to be held, the person in charge thereof, shall, at least fifteen days prior thereto, file an application with the director for permission to hold such regatta, motorboat or other boat race, marine parade, tournament or exhibition. The application shall set forth the date, time and location where it is proposed to hold such regatta, motorboat or other boat race, marine parade, tournament or exhibition, and it shall not be conducted without authorization of the director in writing.

(b) The provisions of this section shall not exempt any person from compliance with the applicable federal law or regulation, but nothing contained herein shall be construed to require the securing of a state permit pursuant to this section if a permit therefor has been obtained from an authorized agency of the United States.

§20-7-20a. Personal watercraft operation and towing exemptions.

(a) The provisions of sections eighteen-d and nineteen-a do not apply to a performer engaged in a professional exhibition or a person engaging in an officially sanctioned regatta, race, marine parade, tournament, exhibition, or water safety demonstration.

(b) The provisions of sections eighteen-d and nineteen-a do not apply to a person who holds a valid master's, mate's, or operator's license issued by the United States Coast Guard while performing his or her official duties.

§20-7-21. Responsibility of owner, etc., for incapable operators of motorboats.

No person who is the owner of any motorboat, or has such in his charge or control, shall act or permit the same to be operated by any person who, by reason of any physical or mental disability, is incapable of operating such motorboat under all the prevailing circumstances.

(b) Any subdivision of this state may, at any time, but only after public notice, make formal application to the director for special rules with reference to the operation of vessels on any waters within its territorial limits and shall set forth therein the reasons which make such special rules necessary or appropriate.

(c) The director is hereby authorized to promulgate special rules with reference to the operation of vessels on any waters within the territorial limits of any subdivision of this state.
