
WEST VIRGINIA CODE CHAPTER 21a

WV Legislature

§21A-1-1. Purpose of chapter.

The purpose of this chapter is to provide reasonable and effective means for the promotion of social and economic security by reducing as far as practicable the hazards of unemployment. In the furtherance of this objective, the Legislature establishes a compulsory system of unemployment reserves in order to:

- (1) Provide a measure of security to the families of unemployed persons.
- (2) Guard against the menace to health, morals and welfare arising from unemployment.
- (3) Maintain as great purchasing power as possible, with a view to sustaining the economic system during periods of economic depression.
- (4) Stimulate stability of employment as a requisite of social and economic security.
- (5) Allay and prevent the debilitating consequences of poor relief assistance.

To give effect to these purposes the Legislature establishes the following system in the belief that the purposes are reasonably within the sphere of governmental control and that the agencies created for their accomplishment are the fairest and most effective devices now available.

It is the specific intent of the Legislature that the provisions of this article shall be construed as to comply with the Unemployment Compensation Amendments of 1976 (Public Law 94-566) and for that reason the provisions of this chapter are to be effective January 1, 1978.

The form furnished by the commissioner shall provide for listing the eligible unemployed person's prior work experience, skills, educational history, and such other information as the commissioner deems necessary for the purposes of this article. Priority for employment under this program shall be given to eligible unemployed persons who are heads of households.

The commissioner, within fifteen days after the effective date of legislation appropriating funds for the implementation of this article, shall cause to be published a statewide notice of the availability of such application forms under the emergency employment supplemental matching program.

§21A-2A-4. Notice to private business employers; applications for prospective employers.

The commissioner, within fifteen days after the effective date of legislation appropriating funds for the implementation of this article, shall publish statewide a notice to private business employers of the opportunity to employ eligible unemployed persons as provided for under this article.

Any private business, as defined in section two of this article, seeking to employ eligible unemployed persons may make application at any local job service office on forms to be supplied by the commissioner. Such forms shall provide space for a listing of the nature of the employment position available and the minimum experience, skills and educational requirements therefor. The form shall also provide space for an affidavit by the employer that the employment position to be filled is not being used in lieu of the recall of laid-off workers, to replace existing employees or to supplement the compensation paid existing employees. This affidavit shall also contain a statement by the private business employer that there is a reasonable expectation that this employment may continue beyond the end of the six-month reimbursement period provided for under this article. At each job service office of the Bureau of Employment Programs, the commissioner shall cause to be compiled a list of job openings under this program. The list shall be available for inspection by any eligible unemployed person applying for employment hereunder. The commissioner is authorized to require, prior to approval of an application by an employer, examination of such records and documents of the employer as the commissioner may consider necessary to ensure the correctness and truthfulness of the employer's affidavit.

§21A-2A-5. Payments to private business employers; maximums.

The commissioner shall reimburse private business employers of eligible unemployed persons from funds appropriated and made available by the Legislature to the commissioner. Such reimbursement shall equal one half of the employer's prevailing starting hourly wage for each person employed under the provisions of this article, but the state's share of the total reimbursement shall not exceed the federal hourly minimum wage. The workweek shall not exceed forty hours per week, per eligible employee, nor shall any reimbursement extend for a period longer than six months. In addition to the compensation provided under the emergency employment supplemental matching program to the employee, each private business employer shall pay an additional sum to each such employee of not less than one half the employer's prevailing starting hourly wage plus applicable costs for each such employee of payments for workers' compensation and employer social security requirements. Any employment and reimbursement provided for in this section shall be agreed to in writing by the employer, the prospective employee and the commissioner prior to such employee's actual employment.

The commissioner shall provide by rule and regulation: The total number of employees who may be employed by any single private business employer under this program, the total number of employees who may be employed under the entire program and the priority preference to be given eligible unemployed persons who are heads of households.

The commissioner may promulgate such rules and regulations, not inconsistent with the provisions of this article, as may be deemed necessary by him to provide for proper administration of this article.

Any funds appropriated for this program which have not been committed for private sector employment purposes within a reasonable period of time determined by the commissioner to be necessary for implementation of this article shall be redistributed for public employment purposes: Provided, That this is consistent with the language of the legislative appropriation making the funds available.

WV Legislature

§21A-2C-1. Short title.

This article shall be known and may be cited as the "Military Incentive Program Act of 1991."

WV Legislature

§21A-2C-2. Declaration of legislative intent and purpose.

The Legislature of West Virginia hereby recognizes that disabled veterans and economically disadvantaged veterans of the Vietnam era and of the Korean conflict, members of the West Virginia National Guard and the reserve forces of the United States have made sacrifices which merit preferential employment treatment in both the public and private sectors. Economically disadvantaged and disabled veterans traditionally suffer a disproportionately higher unemployment rate than that of nonveterans of similar age and skills. Members of the West Virginia National Guard and reserve forces of the United States who are called upon to leave their jobs to perform military obligations are frequently placed in conflict with their employers and as such are frequently discriminated against by prospective employers. It is the intent and purpose of the Legislature to encourage the employment of these veterans and members of the guard and reserve forces in the private sector by providing tax credits for private sector employers who employ economically disadvantaged Vietnam era and Korean conflict veterans, disabled veterans, unemployed members of the West Virginia National Guard and unemployed members of the reserve forces of the United States generally.

§21A-2C-3. Definitions.

For the purposes of this article:

(a) "Active duty" means full-time duty in the Armed Forces, other than duty for training in the reserves or National Guard. Any period of duty for training in the reserves or National Guard, including authorized travel, during which an individual was disabled from a disease or injury incurred or aggravated in line of duty, is considered "active duty."

(b) "Economically disadvantaged" means a person who:

(1) Receives, or is a member of a family which receives, cash welfare payments under a federal, state or local welfare program;

(2) Has, or is a member of a family which has, received a total family income for the six months prior to application which, in relation to family size, was not in excess of the higher of:

(i) The poverty level determined in accordance with criteria established by the federal office of management and budget; or

(ii) Seventy percent of the lower living standard income level;

(3) Is receiving food stamps pursuant to the food stamp act of 1977;

(4) Is a foster child on behalf of whom state or local government payments are made; or

(5) Is an adult handicapped individual whose own income meets the requirements of subdivisions (1) and (2) of this subsection, but who is a member of a family whose income does not meet such requirements.

(c) "Korean conflict veteran" means a person who served in the armed services of the United States at least one day during the period of time beginning June 27, 1950, and extending through January 31, 1955.

(d) "National guard member" means a member of any component of the West Virginia National Guard.

(e) "Reserve member" means a member of any component of the reserve forces of the United States.

(f) "Veteran" means a member of the United States Armed Forces who:

(1) Served on active duty for a period of more than one hundred eighty days and was discharged or released therefrom with other than a dishonorable discharge; or

(2) Was discharged or released from active duty because of a service-connected disability.

(g) "Vietnam era veteran" means a person who served in the armed services of the United States at least one day during the period of time beginning August 5, 1964, and extending through May 7, 1975.

WV Legislature

§21A-2C-4. Tax credit; eligibility; amount.

(a) Each person, partnership or corporation which employs an economically disadvantaged Vietnam era or Korean conflict veteran or any disabled veteran, or an unemployed member of the West Virginia National Guard or a member of the reserve forces of the United States for a continuous period of one year, except as otherwise provided in this article, shall be entitled to an appropriate tax credit for each such individual so employed. In the case of a person or partnership so employing such individuals, the tax credit provided for in this section shall be applied against the employer's personal income tax liability. In the case of a corporation so employing such individuals, the tax credit provided for in this section shall be applied against the corporation's corporate net income tax liability. This tax credit shall be nonassignable and may not exceed an employer's total tax liability with respect to the specific tax against which the tax credit is required to be applied.

(b) The amount of the tax credit allowed under subsection (a) of this section shall be an amount equal to the following:

(1) For each economically disadvantaged Vietnam era or Korean conflict veteran employed as described in subsection (a), the amount of the tax credit allowed shall be thirty percent of the employee's wage base. For the purposes of this section, the employee's wage base is the first \$5,000 in wages or compensation actually paid to the employee by the employer;

(2) For each disabled veteran employed as described in subsection (a), the amount of the tax credit allowed shall be a percentage equal to the percentage of disability suffered by the veteran multiplied by the employee's wage base. The employee's wage base is the same as provided in subdivision (1) of this subsection. The percentage of disability referred to in this subdivision means the percentage of compensation for service connected disability as determined by the United States department of Veterans Affairs; and

(3) For each member of the West Virginia National Guard or member of the reserve forces of the United States employed as described in subsection (a), the amount of the tax credit allowed shall be twenty-five percent of the employee's wage base. For the purpose of this section, the employee's wage base is the first \$5,000 in wages or compensation actually paid to the employee by the employer.

§21A-2C-5. Restrictions and limitations regarding tax credit.

(a) An employer may not claim a tax credit provided for in this article for any individual employed for less than a continuous period of one year, unless:

- (1) The individual voluntarily leaves employment with the employer;
- (2) The individual becomes totally disabled and unable to continue his employment; or
- (3) The individual is terminated for good cause shown.

In the event that the individual is employed for less than a one continuous year period due to circumstances enumerated in subdivision (1), (2) or (3) above, the employer shall be entitled to a partial tax credit in a proportional amount corresponding to the ratio of the time period during which the veteran was actually employed to the one-year period required for a full tax credit multiplied by the amount of the full tax which would have accrued to the employer had the individual's employment continued for a full year.

(b) An employer may not claim tax credit provided for in this article for any individual who is employed and displaces a person already employed. In addition, no tax credit may be claimed for the employment of any individual for whom the employer is receiving job training payments from either the federal or state government. Nothing in this section prohibits an employer from receiving tax credits from both the federal and state governments under similar targeted jobs programs if the employer is otherwise qualified to receive both.

§21A-2C-6. Program administration.

The program established by this article shall be conducted primarily under the direction of the employment services section of the Bureau of Employment Programs or its successor agency and the West Virginia National Guard. Reserve forces units may also verify through approved vouchers, eligibility of reserve members to participate in this program. Each individual who qualifies under this article for participation in this program shall be given, upon request, a voucher certifying that the individual is eligible for participation in the program described in this article. The voucher shall be in a form prescribed by the commissioner of employment programs and the Adjutant General, and they may conduct such investigations and collect such data as they deem necessary to ensure that each individual applying for the voucher is actually qualified for participation in the program.

When an employer employs an eligible individual who presents the voucher herein provided for, the employer shall submit the voucher along with basic information to the issuing agency as may be required for participation in this program. Each year, the issuing agency shall certify to the State Tax Commissioner a list of employers who may be qualified to receive a tax credit under this program. In order to receive the appropriate tax credit, an employer must file for the tax credit provided for under this article as required by section forty-two, article twenty-one, chapter eleven of this code or by section twelve, article twenty-four, chapter eleven of this code.

(a) At the end of each calendar quarter, or at the end of any other period as determined by the commissioner, the commissioner shall bill each nonprofit organization (or group of such organizations) which has elected to make payments in lieu of contributions for an amount equal to the full amount of regular benefits plus one half of the amount of extended benefits paid during such quarter or other prescribed period which is attributable to service in the employ of such organization.

(b) Each nonprofit organization which has elected payments in lieu of contributions may request permission to make such payments as provided herein. Such method of payment shall become effective upon approval by the commissioner.

At the end of each calendar quarter, or at the end of such other period as determined by the commissioner, the commissioner shall bill each nonprofit organization for an amount representing one of the following: (i) For 1972, one percent of its total payroll for 1971; or (ii) for years after 1972, such percentage of its total payroll for the immediately preceding calendar year as the commissioner shall determine. Such determination shall be based each year on the average benefit costs attributable to service in the employ of nonprofit organizations during the preceding calendar year; or (iii) for any organization which did not pay wages throughout the four calendar quarters of the preceding calendar year, such percentage of its payroll during such year as the commissioner shall determine.

At the end of each taxable year, the commissioner may modify the quarterly percentage of payroll thereafter payable by the nonprofit organization in order to minimize excess or insufficient payments.

At the end of each taxable year, the commissioner shall determine whether the total of payments for such year made by a nonprofit organization is less than, or in excess of, the total amount of regular benefits plus one half of the amount of extended benefits paid to individuals during such taxable year based on wages attributable to service in the employ of such organization. Each nonprofit organization whose total payments for such year are less than the amount so determined shall be liable for payment of the unpaid balance to the fund in accordance with subparagraph (c) of this subdivision (2). If the total payments exceed the amount so determined for the taxable year, all or a part of the excess may, at the discretion of the commissioner, be refunded from the fund or retained in the fund as part of the payments which may be required for the next taxable year.

(c) Payment of any bill rendered under subparagraph (a) or subparagraph (b) of this subdivision (2) shall be made not later than thirty days after such bill was mailed to the last known address of the nonprofit organization or was otherwise delivered to it, unless there has been an application for review and redetermination in accordance with subparagraph (e) of this subdivision (2).

(d) Payments made by any nonprofit organization under the provisions of this subdivision (2) shall not be deducted or deductible, in whole or in part, from the remuneration of individuals in the employ of the organization.

(e) The amount due specified in any bill from the commissioner shall be conclusive on the organization unless, not later than fifteen days after the bill was mailed to its last known address or otherwise delivered to it, the organization files an application for redetermination by the commissioner, setting forth the grounds for such application. The commissioner shall promptly review and reconsider the amount due specified in the bill and shall thereafter issue a redetermination in any case in which such application for redetermination has been filed. Any such redetermination shall be conclusive on the organization unless, not later than fifteen days after the redetermination was mailed to its last known address or otherwise delivered to it, the organization files an appeal to the board of review, setting forth the grounds for the appeal.

(f) Past-due payments of amounts in lieu of contributions shall be subject to the same interest and penalties that, pursuant to section seventeen of this article and the provisions of article ten of this chapter, apply to past-due contributions. Also, unpaid amounts in lieu of contributions are subject to the same assessment and civil action provisions of this chapter as apply to unpaid contributions. Further, the provisions of this chapter which provide for the adjustment or refund of contributions shall apply to the adjustment or refund of payments in lieu of contributions.

(3) Allocation of benefit costs. -- Each employer which is liable for payments in lieu of contributions shall pay to the commissioner for the fund the amount of regular benefits plus the amount of one half of extended benefits paid which are attributable to service in the employ of such employer. If benefits paid to an individual are based on wages paid by more than one employer and one or more of such employers are liable for payments in lieu of contributions, the amount payable to the fund by each employer which is liable for such payments shall be determined in accordance with the provisions of subparagraph (a) or subparagraph (b) of this subdivision (3).

(a) Proportionate allocation (when fewer than all base period employers are liable for reimbursement). -- If benefits paid to an individual are based on wages paid by one or more employers which are liable for payments in lieu of contributions and on wages paid by one or more employers which are liable for contributions, the amount of benefits payable by each employer which is liable for payments in lieu of contributions shall be an amount which bears the same ratio to the total benefits paid to the individual as the total base period wages paid to the individual by such employer bear to the total base period wages paid to

the individual by all of his base period employers.

(b) Proportionate allocation (when all base period employers are liable for reimbursement). -
- If benefits paid to an individual are based on wages paid by two or more employers which are liable for payments in lieu of contributions, the amount of benefits payable by each such employer shall be an amount which bears the same ratio to the total benefits paid to the individual as the total base period wages paid to the individual by such employer bear to the total base period wages paid to the individual by all of his base period employers.

(4) Group accounts. -- Two or more employers which have become liable for payments in lieu of contributions, in accordance with the provisions of this section, may file a joint application with the commissioner for the establishment of a group account for the purpose of sharing the cost of benefits paid which are attributable to service in the employ of such employers. Each such application shall identify and authorize a group representative to act as the group's agent for the purposes of this subdivision (4). Upon his approval of the application, the commissioner shall establish a group account for such employers effective as of the beginning of the calendar quarter in which he receives the application and shall notify the group's representative of the effective date of the account. Such account shall remain in effect for not less than three years and thereafter until terminated at the discretion of the commissioner or upon application by the group. Upon establishment of the account, each member of the group shall be liable for payments in lieu of contributions with respect to each calendar quarter in the amount which bears the same ratio to the total benefits paid in such quarter which are attributable to service performed in the employ of all members of the group as to total wages paid for service in employment by such member in such quarter bear to the total wages paid during such quarter for service performed in the employ of all members of the group. The commissioner shall prescribe such regulation as he deems necessary with respect to applications for establishment, maintenance and termination of group accounts which are authorized by this subdivision (4), for addition of new members to, and withdrawal of active members from, such accounts, and for the determination of the amounts which are payable under this subdivision (4) by members of the group and the time and manner of such payments.

§21A-5-3b. Financing benefits paid to employees of governmental entities; liability of governmental entities for payments.

Benefits paid to employees of governmental entities referred to in paragraph (B), subdivision (9), section sixteen, article one-a of this chapter, shall be financed in the same manner and in accordance with the provisions of section three-a, article five of this chapter; except that for extended benefits reimbursement shall be one hundred percent of the benefits paid.

Any governmental entity which, pursuant to the provisions of this chapter, is, or becomes, subject to this chapter, is liable for payments and shall pay contributions in accordance with the provisions of this article and of this chapter, unless it elects to make payments in lieu of contributions as set forth in section three-a.

Governmental entities electing to make payments in lieu of contributions are liable for the full amount of extended benefits paid for weeks of unemployment.

§21A-5-3c. Designating method of financing.

The Governor or any person or persons he may designate shall elect whether to finance unemployment compensation for the employees of this state or any of its agencies, bureaus, commissions, departments or other instrumentalities by choosing the contribution method or the reimbursement method. Nothing in this chapter shall be construed to require the state or any of its agencies, bureaus, commissions, departments or other instrumentalities to choose the same method of financing.

The county commission for each county or any of its agencies, bureaus, commissions, departments or other instrumentalities or the governing body for a municipality or any of its agencies, bureaus, commissions, departments or other instrumentalities shall elect whether to finance unemployment compensation liabilities by choosing the contribution method or the reimbursement method.

§21A-5-4. Required payments; failure to make required payments; criminal penalties.

(a) An employer is liable for payments in respect to wages paid for employment occurring during each year in which he or she is subject to this chapter.

(b) Any person, firm, partnership, company, corporation, or association who, as an employer, is subject to the provisions of this chapter, and who knowingly and willfully fails to make any payment or file a report as required by the provisions of this chapter within the time periods specified by law, is guilty of an offense as follows:

(1) Any employer who knowingly and willfully fails to make any payment or file a report within the time period specified by law for two calendar quarters, which quarters need not be consecutive but are within twenty-five quarters of each other, is guilty of a misdemeanor and:

(A) Upon a first conviction under this subdivision, shall be fined not less than \$500 nor more than \$1,000; or

(B) Upon a second conviction under this subdivision, shall be fined not less than \$1,000 nor more than \$5,000, imprisoned for not longer than thirty days or both fined and imprisoned.

(2) Any employer who, having been twice convicted of the offense specified in subdivision (1) of this subsection, knowingly and willfully fails to make any payment or file a report as required by the provisions of this chapter within the time period specified by law for two calendar quarters, which quarters need not be consecutive but are within twenty-five quarters of each other, is guilty of a felony and, upon conviction thereof, shall be fined not less than \$5,000 nor more than \$10,000, or imprisoned in the penitentiary for a definite term of imprisonment which is not less than one year nor more than two years, or both fined and imprisoned.

(3) Any employer who knowingly and willfully fails to make any payment or file a report within the time period specified by law for four calendar quarters, which quarters need not be consecutive but are within thirty six quarters of each other, is guilty of a felony and, upon conviction thereof, shall be fined not less than \$5,000 nor more than \$25,000, or imprisoned in the penitentiary for a definite term of imprisonment which is not less than one year nor more than two years, or both fined and imprisoned.

(c) In charging a person with a second or subsequent offense under the provisions of paragraph (B), subdivision (1), subsection (b) of this section or under subdivision (2), subsection (b) of this section, the warrant, indictment or information must set forth the date and particulars of the previous offense or offenses. No person may be convicted of a second or subsequent offense unless the conviction for the previous offense has become final and unless a prior offense occurred within the ten year period next preceding the second or subsequent offense. The venue for prosecution of any violation of this subsection is either

the county in which the defendant's principal business operations are located or in Kanawha County where the fund is located.

WV Legislature

§21A-5-4a. Voluntary payments.

An employer may make voluntary payments under such regulations as the commissioner may prescribe, in addition to the required payments, and such voluntary payments shall be credited to the employer's account in the same manner and under the same conditions as the required payments. Any payment so made shall not be considered a prepayment of any future payment required nor can such payment be refunded under any condition.

WV Legislature

§21A-5-5. Rate of contribution.

On or after January 1, 1941, an employer shall make payments to the unemployment compensation fund equal to two and seven-tenths percent of wages paid by him with respect to employment during each calendar year beginning with the calendar year 1941, subject, however, to other provisions of this article; except that on and after January 1, 1972, each employer subject to this chapter shall pay contributions at the rate of one and five-tenths percent of wages paid by him with respect to employment during each calendar year until he has been an employer for not less than thirty-six consecutive months ending on the computation date; thereafter, his contribution rate shall be determined in accordance with the provisions of section ten of this article.

On and after July 1, 1981, each employer subject to this chapter shall pay contributions at the rate of two and seven-tenths percent of wages paid by him with respect to employment during each calendar year until he has been an employer for not less than thirty-six consecutive months ending on the computation date; thereafter, his contribution rate shall be determined in accordance with the provisions of section ten of this article.

Notwithstanding any other provision of this chapter to the contrary, on or after July 1, 1981, any foreign corporation or business entity engaged in the construction trades shall pay contributions at the rate of seven and five-tenths percent of wages paid by him with respect to employment during each calendar year until he has been an employer for not less than thirty-six consecutive months ending on the computation date; thereafter, his contribution rate shall be determined in accordance with the provisions of section ten of this article.

§21A-5-6. Payments to be pooled in fund.

All payments shall be made to the unemployment compensation fund. All payments to the fund shall be pooled and available to pay benefits to any individual entitled thereto under this chapter, irrespective of the source of the payment. Nothing in this chapter shall be construed to grant to an employer or individual in his service prior claim or right to the amount paid by him to the unemployment compensation fund.

WV Legislature

§21A-5-7. Joint and separate accounts.

(1) The commissioner shall maintain a separate account for each employer, and shall credit the employer's account with all contributions of the employer in excess of four tenths of one percent of taxable wages: Provided, That any adjustment made in any employer's account after the computation date may not be used in the computation of the balance of an employer until the next following computation date: Provided, however, That nothing in this chapter grants an employer or individual in his, her or its service prior claims or rights to the amounts paid by him, her or its into the fund, either on his, her or its behalf or on behalf of the individuals. The account of any employer which has been inactive for a period of four consecutive calendar years shall be terminated for all purposes.

(2) Benefits paid to an eligible individual for regular and extended total or partial unemployment beginning after the effective date of this article shall be charged to the account of the last employer with whom he or she has been employed as much as thirty working days, whether or not the days are consecutive: Provided, That no employer's account may be charged with benefits paid to any individual who has been separated from a noncovered employing unit in which he or she was employed as much as thirty days, whether or not the days are consecutive: Provided, however, That no employer's account may be charged with more than fifty percent of the benefits paid to an eligible individual as extended benefits under the provisions of article six-a of this chapter: Provided further, That state and local government employers shall be charged with one hundred percent of the benefits paid to an eligible individual as extended benefits. Benefits paid to an individual are to be charged to the accounts of his or her employers in the base period, the amount of the charges, chargeable to the account of each employer, to be that portion of the total benefits paid the individual as the wages paid him or her by the employer in the base period are to the total wages paid him or her during his or her base period for insured work by all his or her employers in the base period. For the purposes of this section, no base period employer's account may be charged for benefits paid under this chapter to a former employee, if the base period employer furnishes separation information within fourteen days from the date the notice was mailed or delivered, which results in a disqualification under the provision set forth in subsection one, section three, article six, or subsection two, section three, article six of this chapter or would have resulted in a disqualification under that subsection except for a subsequent period of covered employment by another employing unit. Further, no contributory base period employer's experience rating account may be charged for benefits paid under this chapter to an individual who has been continuously employed by that employer on a part-time basis, if the part-time employment continues while the individual is separated from other employment and is otherwise eligible for benefits. One half of extended benefits paid to an individual are to be charged to the accounts of his or her employers, except state and local government employers, in the base period in the same manner provided for the charging of regular benefits. The entire state share of extended benefits paid to an individual shall be charged to the accounts of his or her base period employers. The provisions of this section permitting the noncharging of contributory employers' accounts have no application to benefit charges imposed upon reimbursable employers.

(3) The commissioner shall classify employers in accordance with their actual experience in the payment of contributions on their own behalf and with respect to benefits charged against their accounts, with a view of fixing the contribution rates as will reflect such experiences. For the purpose of fixing the contribution rates for each calendar year, the books of the department shall be closed on July 31 of the preceding calendar year, and any contributions paid after that, as well as benefits paid after that with respect to compensable weeks ending on or before June 30 of the preceding calendar year, may not be taken into account until the next annual date for fixing contribution rates: Provided, That if an employer has failed to furnish to the commissioner on or before July 31 of the preceding calendar year the wage information for all past periods necessary for the computation of the contribution rate, the employer's rate shall be, if it is immediately prior to that July 31, less than three and three-tenths percent, increased to three and three-tenths percent: Provided, however, That any payment made or any information necessary for the computation of a reduced rate furnished on or before the termination of an extension of time for the payment or reporting of information granted pursuant to a rule of the commissioner authorizing an extension, shall be taken into account for the purposes of fixing contribution rates: Provided further, That when the time for filing any report or making any payment required hereunder falls on Saturday, Sunday, or a legal holiday, the due date is the next succeeding business day: And provided further, That whenever, through mistake or inadvertence, erroneous credits or charges are found to have been made to or against the reserved account of any employer, the rate shall be adjusted as of January 1 of the calendar year in which the mistake or inadvertence is discovered, but payments, made under any rate assigned prior to January 1 of that year, are not erroneously collected.

(4) The commissioner may prescribe rules for the establishment, maintenance and dissolution of joint accounts by two or more employers, and shall, in accordance with the rules and upon application by two or more employers to establish a joint account, or to merge their several individual accounts in a joint account, maintain a joint account as if it is a single employer's account.

(5) State and local government employers may enter into joint accounts and to maintain the joint account or accounts as if it or they are a single employer's account or accounts.

(6) Effective on and after July 1, 2012 if an employer has failed to furnish to the commissioner on or before August 31 of each year the wage information for all past periods necessary for the computation of the contribution rate, the employer's rate shall be, if it is immediately prior to July 1, less than seven and five-tenths percent, increased to seven and five-tenths percent.

(7) Effective July 1, 2012, a contributory employer's account shall not be relieved of charges relating to a payment from the Fund if the department determines that:

(A) The erroneous payment was made because the employer, or an agent of the employer, was at fault for failing to respond timely or adequately to the request of the agency for information relating to the claim for compensation; and

(B) The employer or agent has established a pattern of failing to respond timely or adequately to such requests.

(8) For purposes of this section:

(A) "Erroneous payment" means a payment that but for the failure by the employer or the employer's agent with respect to the claim for unemployment compensation would not have been made.

(B) "Pattern of failing" means repeated documented failure on the part of the employer or the agent of the employer to respond as requested in this section, taking into consideration the number of instances of failure in relation to the total volume of requests by the agency to the employer or the employer's agent as described in this section.

All employer accounts in which charges for all past years exceed credits for such past years shall be adjusted effective June 30, 1967, so that as of said date, for the purpose of determining such employer's rate of contribution, the credits for all past years shall be deemed to equal the charges to such accounts.

Effective on and after the computation date of June 30, 1984, the noncredited contribution identified in section seven of this article shall not be added to the employer's debit balance to determine the employer contribution rate.

Effective on and after the computation date of June 30, 1967, all employers with a debit balance account in which the benefits charged to their account for all past years exceed the payments credited to their account for such past years by an amount up to and including ten percent of their average annual payroll shall make payments to the unemployment compensation fund at the rate of three percent of wages paid by them with respect to employment; except that effective on and after July 1, 1981, all employers with a debit balance account in which the benefits charged to their account for all past years exceed the payments credited to their account for such past years by an amount up to and including five

percent of their average annual payroll shall make payments to the unemployment compensation fund at the rate of five and five-tenths percent of wages paid by them with respect to employment.

Effective on or after July 1, 1981, all employers with a debit balance account in which the benefits charged to their account for all past years exceed the payments credited to their account for such past years by an amount in excess of five percent but less than ten percent of their average annual payroll shall make payments to the unemployment compensation fund at the rate of six and five-tenths percent of wages paid by them with respect to employment.

Effective on and after the computation date of June 30, 1967, all employers with a debit balance account in which the benefits charged to their account for all past years exceed the payments credited to their account for such past years by an amount of ten percent or above of their average annual payroll shall make payments to the unemployment compensation fund at the rate of three and three-tenths percent of wages paid by them with respect to employment; except that effective on and after July 1, 1981, such payments to the unemployment compensation fund shall be at the rate of seven and five-tenths percent of wages paid by them with respect to employment or at such other rate authorized by this article.

"Debit balance account" for the purpose of this section means an account in which the benefits charged for all past years exceed the payments credited for such past years.

"Credit balance account" for the purposes of this section means an account in which the payments credited for all past years exceed the benefits charged for such past years.

Once a debit balance account rate is established for an employer's account for a year, it shall apply for the entire year.

"Due date" means the last day of the month next following a calendar quarter. In determining the amount in the fund on any due date, contributions received, but not benefits paid, for such month next following the end of a calendar quarter shall be included.

(b) Notwithstanding any other provision of this section, every debit balance employer subject to the provisions of this chapter, and any foreign corporation or business entity engaged in the construction trades which has not been an employer in the State of West Virginia for thirty-six consecutive months ending on the computation date, shall, in addition to any other tax provided for in this section, pay contributions at the rate of one percent surtax on wages paid by him with respect to employment.

(c) Effective June 30, 1985, and each computation date thereafter, the reserve balance of a debit balance employer shall be reduced to fifteen percent if such balance exceeds fifteen percent. The amount of noncredited tax shall be reduced by an amount equal to the eliminated charges. If the eliminated charges exceed the amount of noncredited tax, the

noncredited tax shall be reduced to zero.

(d) On and after January 1, 19991, an employer's payment shall remain two and seven-tenths percent, until:

(1) There have elapsed thirty-six consecutive months immediately preceding the computation date throughout which an employer's account was chargeable with benefits; and

(2) The payments credited to the account for all past years exceed the benefits charged to the account by an amount equal to at least the percent of the average annual payroll as shown in Column B of Table III. The rate shall be the amount appearing in Column C of Table II on line with the percentage in Column B.

When the total assets of the fund as of January 1, of a calendar year equal or exceed one and seventy-five one-hundredths percent but are less than two and twenty-five one-hundredths percent of gross covered wages for the twelve-month period ending on June 30 of the preceding year, an employer's rate shall be the amount appearing in Column D of Table III on line with the percentage in Column B.

When the total assets of the fund as of January 1, of a calendar year equal or exceed two and twenty-five one-hundredths percent but are less than two and seventy-five one-hundredths percent of gross covered wages for the twelve-month period ending on June 30 of the preceding year, an employer's rate shall be the amount appearing in Column E of Table III on line with the percentage in Column B.

When the total assets of the fund as of January 1, of a calendar year equal or exceed two and seventy-five one-hundredths percent but are less than three percent of gross covered wages for the twelve-month period ending on June 30 of the preceding year, an employer's rate shall be the amount appearing in Column F of Table III on line with the percentage in Column B.

When the total assets of the fund as of January 1, of a calendar year equal or exceed three percent of gross covered wages for the twelve-month period ending on June 30 of the preceding year, an employer's rate shall be the amount appearing in Column G of Table III on line with the percentage in Column B.

§21A-5-10a. Optional assessments on employers and employees.

(a) On and after July 1, 1987, if the commissioner determines for a given projected quarter that the rates established under the provisions of section ten of this article will not result in payments being made to the unemployment compensation fund in an amount sufficient to finance the payment of benefits during such quarter, the commissioner shall certify such fact to the Governor, and the Governor shall, by executive order, direct the commissioner to establish a level of assessment for employees and employers in accordance with the provisions of this section which is sufficient to prevent, to the extent possible, a deficit in the funds available to pay benefits to eligible individuals.

(b) Pursuant to such executive order, every employer, contributing and reimbursable, subject to this chapter, shall be required to withhold from all persons in his employment an assessment which shall be in an amount not to exceed fifteen one hundredths (15/100) of one percent of an employee's gross wages, which amount, together with an assessment contributed by the employer in an amount as determined in accordance with the provisions of subsection (c) of this section, except for reimbursable employers who shall not be assessed, shall be paid to the Bureau of Employment Programs on a form prescribed by the commissioner, at the same time and under the same conditions as the quarterly contribution payments required under the provisions of section seven, article five, chapter twenty-one-a of this code. The commissioner shall have the right to collect any delinquent assessments under this section in the same manner as provided for in section sixteen, article five, chapter twenty-one-a of this code; and in addition, any delinquency hereunder shall bear interest as set forth in section seventeen, article five, chapter twenty-one-a of this code.

(c) The commissioner shall establish the exact amounts of the employers' and employees' assessments at a level sufficient to generate the revenues needed to prevent a deficit which would otherwise result from the payment of benefits to eligible individuals, subject only to the limitation established in the preceding subsection (b) of this section. After determining the level of assessment on the gross wages of employees, the commissioner shall determine a rate of assessment to be imposed upon employers, except reimbursable employers, which rate shall be expressed as a percentage of wages as defined in section three, article one of this chapter, and which is sufficient to cause the total statewide assessment on such employers to equal the total statewide assessment imposed upon employees.

Notwithstanding any other provision of this section to the contrary, the solvency assessments on employers and employees established by this section hereby terminate on April 1, 1990.

§21A-5-10b. Transfer of business.

If a subject employer transfers his or her entire organization, trade or business, or substantially all the assets thereof, to another employer, the commissioner shall combine the contribution records and the benefit experience records of the transferring and acquiring employers. The acquiring employer's contribution rate for the remainder of the calendar year shall not be affected by the transfer but such rate shall apply to the whole of his or her business, including the portion acquired by the transfer, through the following thirty-first day of December. If a subject employer makes such transfer to an employing unit which is not an employer on the date of the transfer, such subject employer's rate continues as the rate of the acquiring employing unit until the next effective rate date. If an employing unit acquires simultaneously the entire organization, trade or business, or substantially all the assets thereof, of two or more covered employers, the successor shall be assigned as a contribution rate the then current rate of the transferring employer which had, in the calendar quarter immediately preceding the date of the transfer, the higher or highest payroll. If a subject employer transfers his or her entire organization, trade or business, or substantially all the assets thereof, to two or more employers or employing units, apportionment of the contribution records and benefit experience records of the transferring employer shall be made between the acquiring units in accordance with the ratio that the total assets acquired by each transferee bears to the total assets transferred by the transferring employer as of the date of the transfers. The current contribution rate of the transferring employer continues as the rate of each transferee who or which is an employing unit until the next effective rate date; the current contribution rate of each transferee who or which is an employer continues as his or her or its rate until the next effective rate date. For the succeeding calendar year the rate of each transferee shall be determined as provided in section ten of this article. As to any transfers which occur prior to the thirty-first day of July of the current calendar year such rate remains effective for the balance of that calendar year: Provided, That if the transfers occur subsequent to the thirty-first day of July such rate remains effective for the balance of that calendar year and the rate for the succeeding calendar year shall, notwithstanding anything to the contrary provided in section seven of this article, be recomputed on the basis of the combined experience of the transferring employers as of the thirty-first day of July of the year in which the transfers occur. In case the transferring employer is delinquent in the payment of contributions or interest thereon the acquiring employer is not entitled to any benefit of the contribution record of the transferring employer unless payment of such delinquent contributions and interest thereon is assumed by the acquiring employer. The commissioner shall upon joint request of the transferor and transferee furnish the transferee a statement of the amount of any contribution and interest due and unpaid by the transferor. A statement so furnished is controlling for the purposes of the foregoing proviso.

The provisions of this section do not apply to any employer which is established through the assistance of any state economic development agency irrespective of the contribution rate of any related predecessor.

A reorganized employer keeps the contribution rate of the employing unit before the

reorganization until December 31, immediately following the date of reorganization and is liable for all contributions, interest and penalties owed by the employing unit. Effective with January 1, of the calendar year immediately following reorganization, a reorganized employer will have his or her contribution rate based on all of his or her experience with the fund in accordance with section ten of this article. If the predecessor does not remain in business after the transfer of all or part of the assets, business, organization, or trade of the predecessor employer: (1) The successor employer is liable for all contributions, interest and penalties owed by the predecessor employer at the time of the transfer; and (2) if two or more successor employers receive the transfer, the successor employers are liable in the same proportion as the assets of the unit being transferred is to the total assets of the predecessor employer.

§21A-5-10c. Special rules regarding transfers of experience and assignment of rates.

Notwithstanding any other provision of law to the contrary, the following shall apply regarding assignment of rates and transfers of experience:

(a) (1) If an employer transfers its trade or business, or a portion thereof, to another employer and, at the time of the transfer, there is substantially common ownership, management or control of the two employers, then the unemployment experience attributable to the transferred trade or business shall be transferred to the employer to whom such business is so transferred. The rates of both employers shall be recalculated and made effective immediately upon the date of the transfer of trade or business. The transfer of some or all of an employer's workforce to another employer shall be considered a transfer of trade or business when, as a result of such transfer, the transferring employer no longer performs the trade or business with respect to the transferred workforce, and such trade or business is performed by the employer to whom the workforce is transferred.

(2) If, following a transfer of experience under paragraph (1) of this section, the Commissioner determines that a substantial purpose of the transfer of trade or business was to obtain a reduced liability for contributions, then the experience rating accounts of the employers involved shall be combined into a single account and a single rate assigned to such account.

(b) Whenever a person who is not an employer, as defined in section fifteen, article one-a of this chapter, at the time it acquires the trade or business of an employer, the unemployment experience of the acquired business shall not be transferred to such person if the Commissioner or his or her representative finds that such person acquired the business solely or primarily for the purpose of obtaining a lower rate of contributions. Instead, such person shall be assigned the applicable new employer rate under section five of this article. In determining whether the business was acquired solely or primarily for the purpose of obtaining a lower rate of contributions, the Commissioner or his or her representative shall use objective factors which may include the cost of acquiring the business, whether the person continued the business enterprise of the acquired business, how long such business enterprise was continued, or whether a substantial number of new employees were hired for performance of duties unrelated to the business activity conducted prior to acquisition.

(c) (1) If a person knowingly violates or attempts to violate subsection (a) or (b) of this section or any other provision of this chapter related to determining the assignment of a contribution rate, or if a person knowingly advises another person in a way that results in a violation of such provision, the person shall be subject to the following penalties:

(A) If the person is an employer, then such employer shall be assigned the highest rate assignable under this chapter for the rate year during which such violation or attempted violation occurred and the three rate years immediately following this rate year. However, if the person's business is already at the highest rate for any year, or if the amount of increase

in the person's rate would be less than two percent for that year, then a penalty rate of contributions of two percent of taxable wages shall be imposed for that year.

(B) If the person is not an employer, that person shall be subject to a civil money penalty of not more than \$5,000. Any fine collected pursuant to this paragraph shall be deposited in the Special Administrative Fund Account established under section five-a, article nine of this chapter.

(2) For purposes of this section, the term "knowingly" means having actual knowledge of or acting with deliberate ignorance or reckless disregard for the prohibition involved.

(3) For purposes of this section, the term "violates or attempts to violate" includes, but is not limited to, intent to evade, misrepresentation or willful nondisclosure.

(4) In addition to the penalty imposed by paragraph (1) of this subsection, any violation of this chapter may be prosecuted as a misdemeanor under section ten, article ten of this chapter.

(d) The Commissioner shall establish procedures to identify the transfer or acquisition of a business for purposes of this section.

(e) For purposes of this section:

(1) "Person" has the meaning given such term by section 7701(a)(1) of the Internal Revenue Code of 1986; and

(2) "Trade or business" shall include the employer's workforce.

(f) This section shall be interpreted and applied in such a manner as to meet the minimum requirements contained in any guidance or regulations issued by the United States Department of Labor in effect at the time this section becomes law.

§21A-5-16. Collection of payments.

(a) The commissioner in the name of the state may commence a civil action against an employer who, after due notice, defaults in any payment, interest or penalty thereon required by this chapter. Civil actions under this section shall be given preference on the calendar of the court over all other civil actions except petitions for judicial review under article seven of this chapter and cases arising under the workers' compensation law. Upon prevailing in any such civil action, the commissioner is entitled to recover attorneys' fees and costs of action from the employer.

(b) Any payment, interest and penalty thereon due and unpaid under this chapter is a debt due the state in favor of the commissioner. It is a personal obligation of the employer immediately due and owing and is, in addition thereto, a lien that may be enforced as other judgment liens are enforced through the provisions of chapter thirty-eight of this code and the same shall be deemed by the circuit court to be a judgment lien for this purpose against all the property of the employer: Provided, That no such lien is enforceable as against a purchaser (including lien creditor) of real estate or personal property for a valuable consideration, without notice, unless docketed as provided in article ten-c, chapter thirty-eight of this code.

(c) In addition to all other civil remedies prescribed herein the commissioner may in the name of the state, after giving appropriate notice as required by due process, distrain upon any personal property, including intangibles, of any employer delinquent for any payment, interest and penalty thereon. If the commissioner has good reason to believe that such property or a substantial portion thereof is about to be removed from the county in which it is situated, upon giving appropriate notice, either before or after the seizure, as is proper in the circumstances, he or she may likewise distrain in the name of the state before such delinquency occurs. For purposes of effecting a distraint under this subsection, the commissioner may require the services of a sheriff of any county in the state in levying distress in the county in which the sheriff is an officer and in which the employer's personal property is situated. A sheriff so collecting any payments, interest and penalties thereon is entitled to compensation as provided by law for his or her services in the levy and enforcement of executions. Upon prevailing in any distraint action, the commissioner is entitled to recover his or her attorney fees and costs of action from the employer.

(d) In case a business subject to the payments, interest and penalties thereon imposed under this chapter is operated in connection with a receivership or insolvency proceeding in any state court in this state, the court under whose direction such business is operated shall, by the entry of a proper order or decree in the cause, make provision, so far as the assets in administration will permit, for the regular payment of such payments as the same become due.

(e) The Secretary of State of this state shall withhold the issuance of any certificate of dissolution or withdrawal in the case of any corporation organized under the laws of this state, or organized under the laws of another state and admitted to do business in this state,

until notified by the commissioner that all payments, interest and penalties thereon against any such corporation which is an employer under this chapter have been paid or that provision satisfactory to the commissioner has been made for payment.

(f) In any case where an employer defaults in payments, interest or penalties thereon, for as many as two calendar quarters, which quarters need not be consecutive, and remains delinquent after due notice, the commissioner may bring action in the circuit court of Kanawha County to enjoin that employer from continuing to carry on the business in which such liability was incurred: Provided, That the commissioner may as an alternative to this action require such delinquent employer to file a bond in the form prescribed by the commissioner with satisfactory surety in an amount not less than fifty percent more than the payments, interest and penalties due.

(g) Amounts of payments and penalties collected under this section shall be deposited to the credit of the unemployment compensation trust fund. Amounts of interest, attorneys' fees and costs collected under this section shall be paid into the employment security special administration fund. Any such amounts are not to be treated by the Auditor or treasurer as part of the general revenue of the state.

§21A-5-17. Interest and rate on past-due payments; penalties for late payment and reporting.

(a) Payments, including penalties, unpaid on the date on which due and payable, as prescribed by the commissioner, shall bear interest at the rate of one percent per month until payment plus accrued interest is received by the commissioner. Interest shall be compounded quarterly until payment plus accrued interest is received by the commissioner.

Interest collected pursuant to this section shall be paid into the employment security special administration fund.

(b) Each employer who fails to timely pay, in whole or in part, the contribution due with any report for any quarter commencing on and after July 1, 1996, shall pay a late payment penalty of the greater of \$50 or ten percent of the contribution due, but not to exceed \$500. Such late penalty is due immediately along with the payment of the outstanding amount of contribution. Penalties collected pursuant to this section shall be paid into the unemployment compensation trust fund.

§21A-5-17a. Summary assessments.

(1) If an employer fails to file reports for the purpose of determining the amount of contribution in accordance with the regulations of the commissioner, or files manifestly incorrect or insufficient reports, the commissioner may assess the contribution and any interest due on the basis of the information submitted by the employer or on the basis of an estimate as to the amount due and shall give written notice of such assessment to such employer: Provided, That such assessment shall be subject to redetermination by the commissioner upon the filing by the employer of correct and sufficient reports within thirty days after notice of such assessment shall be given to him

(2) If the commissioner determines that the collection of any contribution or interest under the provisions of this chapter are (is) or may be jeopardized by delay, he may, whether or not the time prescribed by this chapter or any regulations issued pursuant thereto for making reports and paying contributions has expired, immediately assess such contribution, together with interest, then due or estimated by him to be due, and shall give written notice of such assessment to the employer: Provided, That such assessment, unless based on information submitted by the employer, shall be subject to redetermination upon the same condition and in the same manner as provided in subsection (1) hereof.

(3) Any such assessment may be enforced in the manner provided in section sixteen hereof.

§21A-5-17b. Comity in collection of past-due payments and overpayments.

The courts of this state shall recognize and enforce liabilities for unemployment contributions imposed by other states which extend a like comity to this state. The commissioner in the name of this state is hereby empowered to sue in the courts of any other jurisdiction which extends such comity, to collect unemployment contributions and interest due this state. The officials of other states which by statute or otherwise extend a like comity to this state may sue in the courts of this state, to collect for such contributions and interest and penalties if any, due such state; in any such case the commissioner of the Bureau of Employment Programs of this state may through his legal assistant or assistants institute and conduct such suit for such other state.

Notwithstanding any other provisions of this chapter, the commissioner may recover an overpayment of benefits paid to any individual under this state or another state law or under an unemployment benefit program of the United States.

§21A-5-17c. Service of process on nonresident employer.

If an employer is not a resident of West Virginia, was a resident but has left the State of West Virginia or is a corporation not authorized to do business in this state and for which employer services are performed in insured work within the State of West Virginia and liability for payment of unemployment compensation contributions is due and payable to this state under the provisions of the West Virginia unemployment compensation law, such employer shall be deemed to appoint the Secretary of State of West Virginia, or his successor in office, to be the employer's true and lawful attorney upon whom may be served all lawful process in any action or any proceeding for all purposes under this chapter and when served as hereinafter provided such service shall have the same force, effect and validity as if said nonresident employer were personally served with summons and complaint in this state.

Service shall be made by leaving the original and two copies of both the summons and complaint, and the fee required by section two, article one, chapter fifty-nine of this code, with the Secretary of State, or in his office, and said service shall be sufficient upon said nonresident. In the event any such summons and complaint is so served on the Secretary of State he shall immediately cause one of the copies of the summons and complaint to be sent by registered or certified mail, return receipt requested, to the employer at the latter's last known or reasonably ascertainable address. The employer's return receipt or, if such registered or certified mail is returned to the Secretary of State refused by the addressee or for any other reason is undelivered, such mail showing thereon the stamp of the post-office department that delivery has been refused, or other reason for nondelivery, shall be appended to the original summons and complaint, and filed by the Secretary of State in the clerk's office of the court from which said process issued.

§21A-5-18. Priorities.

(1) In the event of any distribution of an employer's assets pursuant to an order of the court under a law of this state, payments then or thereafter due and interest allowable thereon shall be paid in full prior to all other claims except taxes and claims for wages. Wage claims in excess of \$250 per claimant or earned more than six months before the commencement of the proceeding, shall not be entitled to priority.

(2) In the event of an employer's adjudication in bankruptcy, judicially confirmed extension proposal, or composition, under the Federal Bankruptcy Act of one thousand eight hundred ninety-eight, as amended, claims for payments then or thereafter due and interest thereon, which have not been reduced to lien, shall be entitled to such priority as is provided in said bankruptcy act for taxes due any state of the United States.

§21A-5-19. Refunds.

Within two years after the date on which payment of contribution, or interest thereon, is made, an employer, who has paid such payment or interest, may make application for:

- (1) An adjustment thereof in connection with subsequent payments.
- (2) A refund thereof if adjustment cannot be made.

If the commissioner determines that payments and interest were erroneously collected, he shall make the adjustment, without interest, in connection with subsequent payments of the employer, or if such adjustment cannot be made, refund the amount of the payments erroneously collected, without interest, from the clearing account of the unemployment compensation fund, and the amount of the interest erroneously collected, from the employment security special administration fund.

For like cause and within the same period the commissioner, on his own initiative, may make an adjustment or refund: Provided, That nothing in this chapter shall be construed as permitting a cash refund of any contribution required under the law in effect when such contribution became due.

§21A-5-20. Qualifying wages for regular benefits of newly covered workers during transition period on the basis of previously uncovered services.

Wages for insured work includes wages paid for previously uncovered service. For the purposes of this section, the term "previously uncovered services" means services:

§21A-6-2. Waiting period construed.

If the benefit year ends during a period of total unemployment for any individual, such individual shall serve a new waiting period of one week before benefits accruing in the new benefit year shall be payable.

During the waiting period, the individual must be eligible in all respects, except for the requirements of subsection (2) of section one of this article. No week shall be counted as the waiting period week if benefits have been paid with respect to such week.

§21A-6-3. Disqualification for benefits.

Upon the determination of the facts by the commissioner, an individual is disqualified for benefits:

(1) For the week in which he or she left his or her most recent work voluntarily without good cause involving fault on the part of the employer and until the individual returns to covered employment and has been employed in covered employment at least 30 working days.

For the purpose of this subdivision, an individual has not left his or her most recent work voluntarily without good cause involving fault on the part of the employer if the individual leaves his or her most recent work with an employer and if he or she in fact, within a 14-day calendar period, does return to employment with the last preceding employer with whom he or she was previously employed within the past year prior to his or her return to work, and which last preceding employer, after having previously employed the individual for 30 working days or more, laid off the individual because of lack of work, which layoff occasioned the payment of benefits under this chapter or could have occasioned the payment of benefits under this chapter had the individual applied for benefits. It is the intent of this paragraph to cause no disqualification for benefits for an individual who complies with the foregoing set of requirements and conditions. Further, for the purpose of this subdivision, an individual has not left his or her most recent work voluntarily without good cause involving fault on the part of the employer, if the individual was compelled to leave his or her work for his or her own health-related reasons and notifies the employer prior to leaving the job or within two business days after leaving the job or as soon as practicable and presents written certification from a licensed physician within 30 days of leaving the job that his or her work aggravated, worsened, or will worsen the individual's health problem.

(2) For the week in which he or she was discharged from his or her most recent work for misconduct and the six weeks immediately following that week; or for the week in which he or she was discharged from his or her last 30-day employing unit for misconduct and the six weeks immediately following that week. The disqualification carries a reduction in the maximum benefit amount equal to six times the individual's weekly benefit. However, if the claimant returns to work in covered employment for 30 days during his or her benefit year, whether or not the days are consecutive, the maximum benefit amount is increased by the amount of the decrease imposed under the disqualification; except that:

If he or she were discharged from his or her most recent work for one of the following reasons, or if he or she were discharged from his or her last 30 days employing unit for one of the following reasons: Gross misconduct consisting of willful destruction of his or her employer's property; assault upon the person of his or her employer or any employee of his or her employer; if the assault is committed at the individual's place of employment or in the course of employment; reporting to work in an intoxicated condition, or being intoxicated while at work; reporting to work under the influence of any controlled substance, as defined in chapter 60A of this code without a valid prescription, or being under the influence of any controlled substance, as defined in said chapter without a valid prescription, while at work;

adulterating or otherwise manipulating a sample or specimen in order to thwart a drug or alcohol test lawfully required of an employee; refusal to submit to, or failure of, random testing for alcohol or illegal controlled substances for employees in an employment position where alcohol or drug use creates an inherent risk to the health and safety of the employee or others, or employees in safety-sensitive positions as defined in §21-1D-2 of this code; violation of an employer's drug-free workplace program; violation of an employer's alcohol-free workplace program; arson, theft, larceny, fraud, or embezzlement in connection with his or her work; or any other gross misconduct, he or she is disqualified for benefits until he or she has thereafter worked for at least 30 days in covered employment: *Provided*, That for the purpose of this subdivision, the words "any other gross misconduct" includes, but is not limited to, any act or acts of misconduct where the individual has received prior written warning that termination of employment may result from the act or acts.

(3) For the week in which he or she failed without good cause to apply for available, suitable work, accept suitable work when offered, or return to his or her customary self-employment when directed to do so by the commissioner, and for the four weeks which immediately follow for such additional period as any offer of suitable work shall continue open for his or her acceptance. The disqualification carries a reduction in the maximum benefit amount equal to four times the individual's weekly benefit amount.

(4) For any week or portion thereof in which he or she did not work as a result of:

(a) A strike or other bona fide labor dispute which caused him or her to leave or lose his or her employment.

(b) A lockout is not a strike or a bona fide labor dispute and no individual may be denied benefits by reason of a lockout. However, the operation of a facility by nonstriking employees of the company, contractors, or other personnel is not a reason to grant employees of the company on strike unemployment compensation benefit payments. If the operation of a facility is with workers hired to permanently replace the employees on strike, the employees would be eligible for benefits.

(c) For the purpose of this subsection, an individual shall be determined to leave or lose his or her employment by reason of a lockout where the individual employee has established that: (i) The individual presented himself or herself physically for work at the workplace on the first day of such lockout or on the first day he or she is able to present himself at the workplace or herself; and (ii) the employer denied the individual the opportunity to perform work.

(d) For purposes of this subsection, an individual is determined to be permanently replaced where the individual employee establishes that: (i) He or she is currently employed by an employer who is the subject of a strike or other bona fide labor dispute; and (ii) the position of the employee has been occupied by another employee who has been notified they are permanently replacing the employee who previously occupied the position. Employees or contractors who are hired to perform striking employees' work on a temporary basis, such as

the duration of a strike or other bona fide labor dispute, or a shorter period of time, may not be determined to have permanently replaced a striking employee.

(5) For a week with respect to which he or she is receiving or has received:

(a) Wages in lieu of notice;

(b) Compensation for temporary total disability under the workers' compensation law of any state or under a similar law of the United States; or

(c) Unemployment compensation benefits under the laws of the United States or any other state.

(6) For the week in which an individual has voluntarily quit employment to marry or to perform any marital, parental, or family duty, or to attend to his or her personal business or affairs and until the individual returns to covered employment and has been employed in covered employment at least 30 working days: *Provided*, That an individual who has voluntarily quit employment to accompany a spouse serving in active military service who has been reassigned from one military assignment to another is not disqualified for benefits pursuant to this subdivision: *Provided, however*, That the account of the employer of an individual who leaves the employment to accompany a spouse reassigned from one military assignment to another may not be charged.

(7) Benefits may not be paid to any individual on the basis of any services, substantially all of which consist of participating in sports or athletic events or training or preparing to so participate, for any week which commences during the period between two successive sport seasons (or similar periods) if the individual performed the services in the first of the seasons (or similar periods) and there is a reasonable assurance that the individual will perform the services in the later of the seasons (or similar periods).

(8) (a) Benefits may not be paid on the basis of services performed by an alien unless the alien is an individual who was lawfully admitted for permanent residence at the time the services were performed, was lawfully present for purposes of performing the services or was permanently residing in the United States under color of law at the time the services were performed (including an alien who is lawfully present in the United States as a result of the application of the provisions of Section 203(a)(7) or Section 212(d)(5) of the Immigration and Nationality Act): *Provided*, That any modifications to the provisions of Section 3304(a)(14) of the federal Unemployment Tax Act as provided by Public Law 94-566 which specify other conditions or other effective date than stated in this subdivision for the denial of benefits based on services performed by aliens and which modifications are required to be implemented under state law as a condition for full tax credit against the tax imposed by the federal Unemployment Tax Act are applicable under the provisions of this section.

(b) Any data or information required of individuals applying for benefits to determine whether benefits are not payable to them because of their alien status shall be uniformly

required from all applicants for benefits.

(c) In the case of an individual whose application for benefits would otherwise be approved, no determination that benefits to the individual are not payable because of his or her alien status may be made except upon a preponderance of the evidence.

(9) For each week in which an individual is unemployed because, having voluntarily left employment to attend a school, college, university, or other educational institution, he or she is attending that school, college, university, or other educational institution, or is awaiting entrance thereto or is awaiting the starting of a new term or session thereof, and until the individual returns to covered employment.

(10) For each week in which he or she is unemployed because of his or her request, or that of his or her duly authorized agent, for a vacation period at a specified time that would leave the employer no other alternative but to suspend operations.

(11) In the case of an individual who accepts an early retirement incentive package, unless he or she: (i) Establishes a well-grounded fear of imminent layoff supported by definitive objective facts involving fault on the part of the employer; and (ii) establishes that he or she would suffer a substantial loss by not accepting the early retirement incentive package.

(12) For each week with respect to which he or she is receiving or has received benefits under Title II of the Social Security Act or similar payments under any Act of Congress, or remuneration in the form of an annuity, pension, or other retirement pay from a base period employer or chargeable employer or from any trust or fund contributed to by a base period employer or chargeable employer or any combination of the above, the weekly benefit amount payable to the individual for that week shall be reduced (but not below zero) by the prorated weekly amount of those benefits, payments, or remuneration: *Provided*, That if the amount of benefits is not a multiple of \$1, it shall be computed to the next lowest multiple of \$1: *Provided, however*, That there is no disqualification if in the individual's base period there are no wages which were paid by the base period employer or chargeable employer paying the remuneration, or by a fund into which the employer has paid during the base period: *Provided further*, That notwithstanding any other provision of this subdivision to the contrary, the weekly benefit amount payable to the individual for that week may not be reduced by any retirement benefits he or she is receiving or has received under Title II of the Social Security Act or similar payments under any Act of Congress. A claimant may be required to certify as to whether or not he or she is receiving or has been receiving remuneration in the form of an annuity, pension, or other retirement pay from a base period employer or chargeable employer or from a trust fund contributed to by a base period employer or chargeable employer.

(13) For each week in which and for 52 weeks thereafter, beginning with the date of the decision, if the commissioner finds the individual who within 24 calendar months immediately preceding the decision, has made a false statement or representation knowing it to be false or knowingly fails to disclose a material fact, to obtain or increase any benefit or

payment under this article: *Provided*, That disqualification under this subdivision does not preclude prosecution under §21A-10-7 of this code.

WV Legislature

§21A-6-4. Individual not denied benefits by receiving vocational training.

Notwithstanding any other provision in this article, no individual shall be denied unemployment compensation benefits because of his receiving training as part of an area vocational program, or similar program, which has as its object the training of unemployed individuals in new occupational skills: Provided, That such individual's training and training institution are approved by the commissioner, and such individual produces evidence of his continued attendance and satisfactory progress at such training institution when requested to do so by the commissioner.

Notwithstanding any other provisions of this chapter, no otherwise eligible individual shall be denied benefits for any week because he or she is in training approved under section 236(a)(1) of the Federal Trade Act of 1974, nor shall such individual be denied benefits by reason of leaving work to enter such training, if the work left is not suitable employment, or because of the application of the provisions of this chapter or any applicable federal unemployment compensation law relating to availability for work, active search for work or refusal to work to any such week in training.

For purposes of this section, the term "suitable employment" means with respect to an individual, work of a substantially equal or higher skill level than the individual's past adversely affected employment as defined for purposes of the Federal Trade Act of 1974 and wages for such work at not less than eighty percent of the individual's average weekly wage as determined for the purposes of the Federal Trade Act of 1974.

§21A-6-4a. National guard or reserve training not to be considered employment; such individual not unavailable for work; remuneration for training not to be deducted from unemployment compensation benefit.

Notwithstanding any other provision of this chapter to the contrary, the following provisions apply to an individual who is a member of the state National Guard or other reserve component of the United States Armed Forces:

- (1) If such individual is otherwise unemployed under the provisions of this chapter, he may not be considered to be employed because he is engaged in inactive duty for training;
- (2) Such individual may not be considered unavailable for work by reason of his inactive duty for training; and
- (3) Remuneration which the individual receives for participating in inactive duty for training may not be deducted from the unemployment compensation benefit to which he is otherwise entitled.

§21A-6-5. Considerations in determining if work is suitable.

In determining whether work is suitable for an individual, the commissioner shall consider:

- (1) The degree of risk involved to the individual's health, safety, and morals.
- (2) The individual's physical fitness and prior training.
- (3) His experience and prior earnings.
- (4) His length of unemployment.
- (5) His prospects of securing local work in his customary occupation.
- (6) The distance of the available work from his residence: Provided, however, That the distance from his new residence shall not be considered in determining suitable work if such distance from available work was created as the result of the individual voluntarily changing his residence to a locality other than that locality in which he resided at the time he voluntarily quit his last employment without good cause involving fault on the part of the employer.

§21A-6-6. New work not deemed suitable.

Notwithstanding any other provisions of this chapter, no work shall be deemed suitable and benefits shall not be denied to an individual, otherwise eligible, for refusing to accept new work under any of the following conditions:

- (1) If the position offered is vacant due directly to a strike, lockout, or other labor dispute.
- (2) If the wages, hours, or other conditions of the work offered are substantially less favorable to the individual than those prevailing for similar work in the locality.
- (3) If as a condition of being employed the individual would be required to join a company union or to resign from or refrain from joining any bona fide labor organization.

§21A-6-7. When departments treated as separate establishments with respect to labor disputes.

In case separate branches of work commonly conducted as separate businesses are conducted in separate departments on the same premises, each department shall, for the purposes of subsection four, section three, be treated as a separate establishment.

WV Legislature

§21A-6-8. Payment of benefits.

Benefits shall become payable from the fund twenty-four months after the first day when payments first accrue.

Benefits shall be payable only with respect to unemployment occurring after expiration of such twenty-four months.

WV Legislature

§21A-6-9. Place of payment.

Benefits shall be paid through employment offices or, if the commissioner by rules so prescribes, through the Bureau of Employment Programs' offices, in accordance with such regulations as the commissioner shall prescribe.

WV Legislature

§21A-6-10. Benefit rate — total unemployment;

(a) Each eligible individual who is totally unemployed in any week shall be paid benefits with respect to that week at the weekly rate appearing in Column (C) in the benefit table in this section, on the line on which in Column (A) there is indicated the employee's wage class, except as otherwise provided under the term "total and partial unemployment" in §21A-1A-27 of this code. The employee's wage class shall be determined by his or her base period wages as shown in Column (B) in the benefit table. The right of an employee to receive benefits shall not be prejudiced nor the amount thereof be diminished by reason of failure by an employer to pay either the wages earned by the employee or the contribution due on such wages.

(b) The maximum benefit for each wage class shall be equal to 26 times the weekly benefit rate.

(a) For individuals with base period wages of \$62,650 or more, the weekly benefit amount shall be \$662.

(b) An individual who is totally unemployed but earns in excess of \$60 as a result of an odd job, a non-payrolled job or work from a non-covered employer or is paid a bonus in any benefit week, shall be paid benefits for such week in accordance with the provisions of §21A-6-11 of this code pertaining to benefits for partial unemployment.

(c) If a balance of benefits remains after an individual receives 26 weeks of unemployment benefits, due to partial unemployment as defined in §21A-6-11 of this code, the individual may receive benefit payments at the same weekly benefit rate as the most recent week, until the maximum benefit balance is exhausted.

(f) The right of an employee to receive benefits shall not be prejudiced, nor the amount thereof be diminished by reason of failure by an employer to pay either the wages earned by the employee or the contribution due on such wages.

(g) The amendments made to this section during the 2024 Regular Session shall become effective July 1, 2024.

§21A-6-11. Benefit rate -- Partial unemployment.

An eligible individual who is partially unemployed in any week shall, upon claim therefor filed within such time and in such manner as the commissioner may by regulation prescribe, be paid benefits for such partial unemployment in an amount equal to his weekly benefit rate, as determined in accordance with section ten of this article, less that part of wages from any source payable or bonus paid to him with respect to such week which is in excess of \$60: Provided, That such amount of benefits if not a multiple of \$1 shall be computed to the next lowest multiple of \$1. Such partial benefits shall be paid to such individual for the week for which he is claiming benefits without regard to the provisions of subdivision (1), section one of this article.

§21A-6-12. Suspension of partial benefit rights.

If at any time the unemployment compensation fund, including the trust fund, clearing account and benefit account, and excluding therefrom an amount, estimated by the commissioner, equal to the sum of the benefit liabilities then accrued and unpaid, shall fall below the sum of \$5 million, the commissioner, with the concurrence of a majority of the advisory council, and with the consent and approval of the Governor, may suspend the right to receive benefit for periods of partial unemployment not then completed, and no right to benefit for periods of partial unemployment completed or occurring during the period of such suspension shall then or thereafter accrue. At any time subsequent to such suspension the commissioner, with the concurrence of a majority of the advisory council, and with the consent and approval of the Governor, may rescind, and whenever the unemployment compensation fund, including the trust fund, clearing account and benefit account, and excluding therefrom an amount, estimated by the commissioner, equal to the sum of the benefit liabilities then accrued and unpaid, reaches the sum of \$10 million, the commissioner shall rescind such suspension as to periods of partial unemployment not then completed.

§21A-6-13. Computation of wage credits; determination of maximum benefits.

The commissioner shall compute wage credits for each individual by crediting him with the wages paid to him for employment by employers during his base period. The maximum total amount of benefits payable to any eligible individual during any benefit year shall not exceed the amount appearing in column (D) on line indicating individual's wage class, of Table A, in this article hereinabove contained.

§21A-6-14. Payment of benefits upon decease of claimant.

Accrued benefits due and unpaid on claims filed prior to decease of a claimant may, in the discretion of the commissioner, be paid, without letters of administration, to the surviving spouse, children, or parents of the deceased, in the order of priority enumerated.

§21A-6A-1. Definitions.

As used in this article, unless the context clearly requires otherwise:

(1) "Extended benefit period" means a period which:

(A) Begins with the third week after a week for which there is a state "on" indicator; and

(B) Ends with either of the following weeks, whichever occurs later:

(i) The third week after the first week for which there is a state "off" indicator; or

(ii) The thirteenth consecutive week of such period. However, for periods beginning in a "high unemployment period," as determined in accordance with subdivision (3), section five of this article, paragraph (B)(ii) of this subdivision shall be applied by substituting "twentieth" for "thirteenth."

Notwithstanding the foregoing provisions of this subdivision, no extended benefit period may begin by reason of a state "on" indicator before the fourteenth week following the end of a prior extended benefit period which was in effect with respect to this state.

(2) After September 25, 1982, there is a "state >on' indicator" for this state for a week if the commissioner determines, in accordance with the regulations of the United States Secretary of Labor, that for the period consisting of such week and the immediately preceding twelve weeks, the rate of insured unemployment, not seasonally adjusted, under this article:

(A) Equaled or exceeded one hundred twenty percent of the average of such rates for the corresponding thirteen-week period ending in each of the preceding two calendar years; and

(B) Equaled or exceeded five percent.

(C) An extended benefit period shall be made hereunder as if subdivision (2) did not contain paragraph (A) thereof, but only if the commissioner determines that the rate of insured unemployment, not seasonally adjusted, equals or exceeds six percent.

(3) For weeks of unemployment beginning on or after February 1, 2009, and ending on or before December 5, 2009, or, if the application of section 2005(a) of Title II of Division B of the American Recovery and Reinvestment Act of 2009, Pub. L. No. 111-5, 123 Stat. 115 (2009) ("ARRA") is extended by Act of Congress, ending on or before a date to be determined by the commissioner not to exceed the extended application of section 2005(a) of the ARRA, there is a "state >on' indicator" for this state for a week if the commissioner determines, in accordance with regulations of the United States Secretary of Labor, that:

(A) The average rate of total unemployment, seasonally adjusted, for the period consisting of the most recent three months for which data for all states are published before the close of such week equals or exceeds six and one-half percent; and

(B) The average rate of total unemployment in the state for the three-month period specified in paragraph (A) of this subdivision equals or exceeds one hundred ten percent of such average for either or both of the corresponding three-month periods ending in the two preceding calendar years.

(C) For weeks of unemployment beginning after December 17, 2010, through weeks of unemployment ending on or before December 31, 2011, or the date established by section 502 of the Tax Relief, Unemployment Insurance Reauthorization and Job Creation Act of 2010, P.L. 111-312, as amended, there is a "state >on' indicator" for a week if the commissioner determines, in accordance with regulations of the United States Secretary of Labor, that:

(i) The average rate of total unemployment, seasonally adjusted, as determined by the United States Secretary of Labor, for the period consisting of the most recent three-months for which data for all states are published before the close of such week equals or exceeds six and one-half percent; and

(ii) The average rate of total unemployment in the state, seasonally adjusted, as determined by the United States Secretary of Labor, for the three-month period referred to in subparagraph (i) of this paragraph equals or exceeds one hundred ten percent of such average for any or all of the corresponding three-month periods ending in the three preceding calendar years.

(D) There is a "high unemployment period" as provided in subsection three, section five, article six-a, chapter twenty-one-a of this code if paragraph (A) or subparagraph (i), paragraph(C), or both, were applied by substituting "eight percent" for "six and one-half percent".

(4) There is a "state >off' indicator" for a week if, for the period consisting of such week and the immediately preceding twelve weeks, none of the options specified in either subdivision (2) or subdivision (3) result in a "state >on' indicator".

(5) "Rate of insured unemployment" means the percentage derived by dividing:

(A) The average weekly number of individuals filing claims for regular compensation in this state for weeks of unemployment with respect to the most recent thirteen-consecutive-week period as determined by the commissioner on the basis of his or her reports to the United States Secretary of Labor; by

(B) The average monthly employment covered under this chapter for the first four of the most recent six completed calendar quarters ending before the end of such thirteen-week period.

(6) "Regular benefits" means benefits payable to an individual under this chapter or under any other state law (including benefits payable to federal civilian employees and to ex-

servicemen pursuant to 5 U.S.C., chapter 85) other than extended benefits.

(7) "Extended benefits" means benefits (including benefits payable to federal civilian employees and to ex-servicemen pursuant to 5 U.S.C., chapter 85) payable to an individual under the provisions of this article for weeks of unemployment in his or her eligibility period.

(8) "Eligibility period" of an individual means the period consisting of the weeks in his or her benefit year which begin in an extended benefit period and, if his or her benefit year ends within such extended benefit period, any weeks thereafter which begin in such period. Notwithstanding any provision of this code to the contrary, an individual's eligibility period shall include any eligibility period provided in section 2005(b) of the ARRA.

(9) "Exhaustee" means an individual who, with respect to any week of unemployment in his or her eligibility period:

(A) Has received, prior to such week, all of the regular benefits which were available to him or her under this chapter or any other state law (including dependents' allowances and benefits payable to federal civilian employees and ex-servicemen under 5 U.S.C., chapter 85) in his or her current benefit year that includes such week: Provided, That for the purposes of this subdivision, an individual is deemed to have received all of the regular benefits which were available to him or her although: (i) As a result of a pending appeal with respect to wages or employment which were not considered in the original monetary determination in his or her benefit year, he or she may subsequently be determined to be entitled to added regular benefits; or (ii) he or she may be entitled to regular benefits with respect to future weeks of unemployment but such benefits are not payable with respect to such week of unemployment by reason of the provisions of section one-a, article six of this chapter; or

(B) His or her benefit year having expired prior to such week has no, or insufficient, wages or employment on the basis of which he or she could establish a new benefit year which would include such week; and

(C) Has no right to unemployment benefits or allowances, as the case may be, under the Railroad Unemployment Insurance Act, 45 U.S.C., §361, et seq., the Trade Expansion Act of 1962, 19 U.S.C., §1801, et seq., the Automotive Products Trade Act of 1965, 19 U.S.C., §2001, et seq., and such other federal laws as are specified in regulations issued by the United States Secretary of Labor and has not received and is not seeking unemployment benefits under the unemployment compensation law of the Virgin Islands or of Canada. If he or she is seeking such benefits and the appropriate agency finally determines that he or she is not entitled to benefits under law, then he or she is considered an exhaustee.

(10) "State law" means the unemployment insurance law of any state, approved by the United States Secretary of Labor under 26 U.S.C., §3304.

(11) No individual is entitled to extended benefits during a period of unemployment if he or she was disqualified under the provisions of subdivision (1), (2) or (3) of section three, article

six of this chapter, which disqualification is not terminated until the individual has returned to covered employment and has been employed in covered employment for at least thirty working days.

(12)(A) Notwithstanding any other provisions of this section, an individual is ineligible for payment of extended benefits for any week of unemployment in his or her eligibility period if the commissioner finds that during such period:

(i) He or she failed to accept an offer of suitable work or failed to apply for suitable work, as defined under subdivision (12)(C) of this section, to which he or she was referred by the commissioner; or

(ii) He or she failed to actively engage in seeking work as prescribed under subdivision (12)(E) of this section.

(B) An individual who has been found ineligible for extended benefits by reason of the provisions in subdivision (12)(A) of this section is also denied benefits beginning with the first day of the week following the week in which such failure occurred and until he or she has been employed in each of four subsequent weeks, whether or not consecutive, and has earned remuneration equal to not less than four times the extended weekly benefit amount;

(C) For purposes of this subdivision, the term "suitable work" means, with respect to any individual, any work which is within such individual's capabilities so long as the gross average weekly remuneration payable for the work must exceed the sum of:

(i) The individual's average weekly benefit amount as determined under subdivision (12)(D) of this section, plus;

(ii) The amount, if any, of supplemental unemployment benefits as defined in 26 U.S.C., §501(c)(17)(D)) payable to such individual for such week; and further,

(iii) Pays wages equal to the higher of:

(I) The minimum wages provided by 29 U.S.C., §206(a)(1), without regard to any exemption; or

(II) The state or local minimum wage;

(iv) Provided, That no individual is denied extended benefits for failure to accept an offer or referral to a job which meets the definition of suitability as described above if:

(I) The position was not offered to the individual in writing and was not listed with the employment service; or

(II) Such failure could not result in a denial of benefits under the definition of suitable work for regular benefit claimants in section five, article six of this chapter, to the extent that the

criteria of suitability in that section are not inconsistent with the provisions of this subdivision; or

(III) The individual furnishes satisfactory evidence to the commissioner that his or her prospects for obtaining work in his or her customary occupation within a reasonably short period are good. If such evidence is deemed satisfactory for this purpose, the determination of whether any work is suitable with respect to such individual is made in accordance with the definition of suitable work in section five, article six of this chapter, without regard to the definition specified in this subdivision.

(D) Notwithstanding the provisions of this section to the contrary, no work is suitable work for an individual which does not accord with the labor standard provisions required by 26 U.S.C., §3304(a)(5) and set forth herein under subdivision (12)(C)(iii)(I) of this section.

(E) For the purposes of subdivision (12)(A)(ii) of this section, an individual is treated as actively engaged in seeking work during any week if:

(i) The individual has engaged in a systematic and sustained effort to obtain work during such week; and

(ii) The individual furnishes tangible evidence that he or she has engaged in such effort during such week.

(F) The employment service shall refer any claimant entitled to extended benefits under this article to any suitable work which meets the criteria prescribed in subdivision (12)(C) of this section.

(G) An individual is not eligible to receive extended benefits with respect to any week of unemployment in his or her eligibility period if the individual has been disqualified for regular benefits under this chapter because he or she voluntarily left work, was discharged for misconduct or refused an offer of suitable work unless the disqualification imposed for such reasons has been terminated in accordance with specific conditions established under this subdivision requiring the individual to perform service for remuneration subsequent to the date of such disqualification.

(13) Notwithstanding any other provisions of this chapter, if the benefit year of any individual ends within an extended benefit period, the remaining balance of extended benefits that such individual would, but for this section, be entitled to receive in that extended benefit period with respect to weeks of unemployment beginning after the end of the benefit year, are reduced, but not below zero, by the product of the number of weeks for which the individual received any amounts as trade readjustment allowances within that benefit year, multiplied by the individual's weekly benefit amount for extended benefits.

(14) An unemployed individual is eligible to receive benefits with respect to any week only if it has been found that he or she has been paid wages by an employer who was subject to the

provisions of this chapter during the base period of his or her current benefit year in an amount at least equal to forty times his or her benefit rate for total unemployment.

(15) The provisions of subdivisions (11) and (12) of this section shall not apply at any time if temporarily or permanently suspended by federal law. If these provisions are suspended by federal law, the provisions of state law which apply to claims for and the payment of regular benefits apply to claims for and the payment of extended benefits.

§21A-6A-2. Effect of state law provisions relating to regular benefits on claims for, and payment of, extended benefits.

Except when the result would be inconsistent with the other provisions of this article, as provided in the regulations of the commissioner, the provisions of this chapter which apply to claims for, or the payment of, regular benefits shall apply to claims for, and the payment of, extended benefits.

WV Legislature

§21A-6A-3. Eligibility requirements for extended benefits.

An individual shall be eligible to receive extended benefits with respect to any week of unemployment in his eligibility period only if the commissioner finds that with respect to such week:

- (1) He is an "exhaustee" as defined in subdivision ten, section one of this article,
- (2) He has satisfied the eligibility requirements of this chapter for the receipt of regular benefits which are applicable to individuals claiming extended benefits, including not being subject to a disqualification for the receipt of benefits.

§21A-6A-4. Weekly extended benefit amount.

The weekly extended benefit amount payable to an individual for a week of total unemployment in his eligibility period shall be an amount equal to the weekly benefit payable to the eligible individual during the eligible individual's applicable benefit year: *Provided*, That for any week during a period in which federal payments to states under section 204 of the Federal-State Extended Unemployment Compensation Act of 1970 are reduced under an order issued under section 252 of the Balanced Budget and Emergency Deficit Control Act of 1985, the weekly extended benefit amount payable to an individual for a week of total unemployment in his eligibility period shall be reduced by a percentage equivalent to the percentage of the reduction in the federal payment. Such reduced weekly extended benefit amount, if not a full dollar amount, shall be rounded to the nearest lower full dollar amount.

The amendments made to this section during the 2024 Regular Session shall become effective July 1, 2024.

§21A-6A-5. Total extended benefit amount.

The total extended benefit amount payable to an eligible individual with respect to his or her applicable benefit year shall be the least of the following amounts:

- (1) Fifty percent of the total amount of regular benefits which were payable to him or her under this chapter in his or her applicable benefit year;
- (2) Thirteen times his or her weekly benefit amount which was payable to him or her under this chapter for a week of total unemployment in the applicable benefit year: *Provided*, That an individual filing for extended benefits through the interstate benefit payment plan and residing in a state where an extended benefit period is not in effect shall be limited to payment for only the first two weeks of such extended benefits: *Provided, however*, That during any fiscal year in which federal payments to states under section 204 of the Federal-State Extended Unemployment Compensation Act of 1970 are reduced under an order issued under section 252 of the Balanced Budget and Emergency Deficit Control Act of 1985, the total extended benefit amount payable to an individual with respect to his or her applicable benefit year shall be reduced by an amount equal to the aggregate of the reductions under §21A-6A-4 of this code in the weekly amounts paid to the individual.
- (3)(A) For weeks beginning in a high unemployment period, subdivision (1) of this section shall be applied by substituting 80 percent for 50 percent, and subdivision (2) of this section shall be applied by substituting 20 for 13.

(B) For the purposes of this article, the term "high unemployment period" means any period during which the provisions of §21A-6A-1(3) of this code would result in a "state >on' indicator" if §21A-6A-1(3) of this code were applied by substituting eight percent for six and one-half percent.
- (4) The amendments made to this section during the 2024 Regular Session shall become effective July 1, 2024.

§21A-6A-6. Beginning and termination of extended benefit period.

(1) Whenever an extended benefit period is to become effective in this state, or in all states, as a result of a state or a national "on" indicator, or an extended benefit period is to be terminated in this state as a result of a state "off" indicator or state and national "off" indicators, the commissioner shall make an appropriate public announcement.

(2) Computations required by the provisions of subdivision (5), section one of this article shall be made by the commissioner, in accordance with regulations prescribed by the United States Secretary of Labor.

(3) Whenever, during a period when emergency unemployment compensation benefits are being paid under the provisions of the Emergency Unemployment Compensation Act of 1991, as amended, or under any subsequent extension or reenactment thereof, the state "on" indicator as defined in subdivisions (2) or (3) of section one of this article triggers on a period of extended benefits, the Governor of this state may elect to not implement the state statutory provision and continue the payment of benefits under the Emergency Unemployment Compensation Act of 1991, as amended, to those individuals who have exhausted their entitlement to regular unemployment compensation under state law.

§21A-6A-7. Effective date of article.

The provisions of this article shall be applicable to compensable weeks beginning on or after February 7, 1971, determined in accordance with the provisions of this article on the basis of a state "on" indicator which occurred prior to said February seven, as determined by the commissioner.

§21A-6B-1. Definitions:

As used in this article, unless the context requires a different meaning:

“Affected unit” means a specific plant, department, shift, or other definable unit of an employing unit that has at least two employees to which an approved short-time compensation plan applies.

“Commissioner” means the Workforce West Virginia Commissioner, formerly known as the Bureau of Employment Programs’ Commissioner, as defined in §21A-1A-12 of this code.

“Exhaustee” has the same meaning as defined in §21A-6A-1 of this code.

“Health and retirement benefits” means employer-provided health benefits and retirement benefits under a defined benefit pension plan as defined in 26 U.S.C. §414(j) or contributions under a defined contribution plan as defined in 26 U.S.C. §414(i) that are incidents of employment in addition to the cash remuneration earned.

“Program” means the short-time compensation program established pursuant to this article.

“Short-time compensation” means the unemployment benefits payable to employees in an affected unit under an approved short-time compensation plan, as distinguished from the unemployment benefits otherwise payable under the unemployment benefits provisions of this chapter.

“Work sharing plan” or “plan” means a plan submitted by an employer to the commissioner for approval to participate in the program.

§21A-6B-2. Application to participate in short-time compensation program.

(a) The commissioner shall establish and implement a short-time compensation program by July 1, 2023. The program shall meet the requirements of 26 U.S.C. § 3306(v) and all other applicable federal and state laws.

(b) An employer that wishes to participate in the program shall submit to the commissioner a signed, written work sharing plan for approval. The commissioner shall develop an application form to request approval of a plan and an approval process. The application shall include:

(1) The affected unit covered by the plan, including the number of employees in the unit; the percentage of employees in the affected unit covered by the plan; identification of each individual employee in the affected unit by name, Social Security number, and the employer's unemployment tax account number; and any other information required by the commissioner to identify plan participants.

(2) A description of how employees in the affected unit will be notified of the employer's participation in the plan if such application is approved, including how the employer will notify those employees in a collective bargaining unit as well as any employees in the affected unit who are not in a collective bargaining unit. If the employer does not intend to provide advance notice to employees in the affected unit, the employer shall explain in a statement in the application why it is not feasible to provide such notice.

(3) A requirement that the employer identify, in the application, the usual weekly hours of work for employees in the affected unit and the specific percentage by which their hours will be reduced during all weeks covered by the plan. The percentage of reduction for which a work sharing plan application may be approved shall be not less than 10 percent and not more than 60 percent. If the plan includes any week for which the employer regularly does not provide work, including incidences due to a holiday or other work closure, then such week shall be identified in the application.

(4) Certification by the employer that, if the employer provides health benefits and retirement benefits to any employee whose usual weekly hours of work are reduced under the program, such benefits will continue to be provided to employees participating in the program under the same terms and conditions as though the usual weekly hours of work of such employee had not been reduced or to the same extent as other employees not participating in the program. For defined benefit retirement plans, the hours that are reduced under the plan shall be credited for purposes of participation, vesting, and accrual of benefits as though the usual weekly hours of work had not been reduced. The dollar amount of employer contributions to a defined contribution plan that are based on a percentage of compensation may be less due to the reduction in the employee's compensation.

(5) Certification by the employer that the aggregate reduction in work hours is in lieu of

layoffs, whether temporary or permanent layoffs or both. The application shall include an estimate of the number of employees who would have been laid off in the absence of the plan. The employer shall also certify that new employees will not be hired in or transferred to an affected unit for the duration of the plan.

(6) Certification by the employer that, to the best of the employer's available knowledge, participation in the plan and its implementation is consistent with the employer's obligations under applicable federal and state laws.

(7) Agreement by the employer to: (i) Furnish reports to the commissioner relating to the proper conduct of the plan; (ii) allow the commissioner access to all records necessary to approve or disapprove the plan application and, after approval of a plan, monitor and evaluate the plan; and (iii) follow any other directives the commissioner deems necessary to implement the plan and that are consistent with the requirements for plan applications.

(8) Any other provision added to the application by the commissioner that the U.S. Secretary of Labor determines to be appropriate for purposes of a work sharing plan.

§21A-6B-3. Approval and disapproval of plan.

The commissioner shall approve or disapprove a work sharing plan in writing within 10 business days of its receipt and promptly communicate the decision to the employer. A decision disapproving the plan shall clearly identify the reasons for the disapproval. If a plan is disapproved, the employer may submit a different work sharing plan for approval.

WV Legislature

§21A-6B-4. Effective date of plan, revocation of plan, and modification of plan.

(a) A work sharing plan shall be effective on the date that is mutually agreed upon by the employer and the commissioner, which shall be specified in the notice of approval to the employer. The plan shall expire on the date specified in the notice of approval, which shall be either the date at the end of the 12th full calendar month after its effective date or an earlier date mutually agreed upon by the employer and the commissioner. However, if a work sharing plan is revoked by the commissioner under subsection (b) of this section, the plan shall terminate on the date specified in commissioner's written order of revocation. An employer may terminate a plan at any time upon written notice to the commissioner. Upon receipt of such notice from the employer, the commissioner shall promptly notify each member of the affected unit of the termination date. An employer may submit a new application to participate in another plan at any time after the expiration or termination date.

(b) The commissioner may revoke approval of a work sharing plan for good cause at any time, including upon the request of any of the affected unit's employees. The revocation order shall be in writing and shall specify the reasons for the revocation and the date the revocation is effective. The commissioner may periodically review the operation of each employer's plan to assure that no good cause exists for revocation of the approval of the plan. Good cause shall include failure to comply with the assurances given in the plan, unreasonable revision of productivity standards for the affected unit, conduct or occurrences tending to defeat the intent and effective operation of the plan, and violation of any criteria on which approval of the plan was based.

(c) An employer may request a modification of an approved plan by filing a written request to the commissioner. The request shall identify the specific provisions proposed to be modified and provide an explanation of why the proposed modification is appropriate for the plan. The commissioner shall approve or disapprove the proposed modification in writing within 10 working days and promptly communicate the decision to the employer. An employer is not required to request approval of a plan modification from the commissioner if the change is not substantial, but the employer shall report every change to the plan to the commissioner promptly and in writing.

§21A-6B-5. Eligibility for short-time compensation.

(a) An employee is eligible to receive short-time compensation under a work sharing plan with respect to any week only if the employee is monetarily eligible for unemployment benefits, not otherwise disqualified for unemployment benefits, and:

(1) During the week, the employee is employed as a member of an affected unit under an approved work sharing plan that was approved prior to that week, and the plan is in effect with respect to the week for which short-time compensation is claimed; and

(2) Notwithstanding any other provisions of this title relating to availability for work and actively seeking work, the employee is available for the employee's usual hours of work with the short-time compensation employer, which may include, for purposes of this section, participating in training, including employer-sponsored training or training funded under the federal Workforce Innovation and Opportunity Act, Pub. L. No. 113-128, 128 Stat. 1425 (2014) to enhance job skills that is approved by the commissioner.

(b) Notwithstanding any other provision of law, an employee covered by a work sharing plan is deemed unemployed in any week during the duration of that plan if the employee's remuneration as an employee in an affected unit is reduced based on a reduction of the employee's usual weekly hours of work under an approved work sharing plan.

(c) The short-term compensation program shall not serve as a subsidy of seasonal employment during the off-season, nor as a subsidy of temporary part-time or intermittent employment.

§21A-6B-6. Benefits

- (a) The short-time compensation weekly benefit amount shall be the product of the regular weekly unemployment compensation amount for a week of total unemployment as defined in §21A-6-10 multiplied by the percentage of reduction in the individual's usual weekly hours of work.
- (b) An individual may be eligible for short-time compensation or unemployment benefits, as appropriate: *Provided*, That no individual shall be eligible for combined benefits in any benefit year in an amount more than the maximum entitlement established for regular unemployment benefits: *Provided, however*, That no individual shall be paid short-time compensation benefits for more than 26 weeks under a plan.
- (c) Provisions applicable to unemployment benefits claimants shall apply to short-time compensation claimants to the extent that they are not inconsistent with the program's provisions. An individual who files an initial claim for short-time compensation benefits shall receive a monetary determination.
- (d) An employee who is not provided any work during a week by the short-time compensation employer, or any other employer, and who is otherwise eligible for unemployment benefits shall be eligible for the amount of regular unemployment compensation to which he or she would otherwise be eligible.
- (e) An employee who is not provided any work by the short-time compensation employer during a week, but who works for another employer and is otherwise eligible, may be paid unemployment benefits for that week subject to the disqualifying income and other provisions applicable to claims for regular unemployment benefits.
- (f) An employee who has received all of the short-time compensation or combined unemployment benefits and short-time compensation available in a benefit year shall be considered an exhaustee for purposes of extended benefits and, if otherwise eligible under those provisions, shall be eligible to receive extended benefits.
- (g) The amendments made to this section during the 2024 Regular Session shall become effective July 1, 2024.

(b) Upon the filing of any claim for benefits, notice thereof shall promptly be given by the commissioner or his designee to the employer concerned, in writing. The employer shall have a period of four calendar days from the receipt of such notice within which to furnish to the deputy or his local office initial information respecting the claim and the facts and circumstances pertaining to the claimant's unemployment. If, within said four-day period, any party shall request a hearing before the deputy, such hearing shall be held, upon notice to all parties by the commissioner or his designee, either by delivery in person or by mail, within five calendar days of receipt of such request. Such hearing shall be informal in nature, but shall afford the parties reasonable opportunity to present, in person, information relevant to the eligibility and disqualification of the claimant.

(c) If it appears from the deputy's investigation and from all of the information before him that a claim relates to a labor dispute or to a disqualification under subdivision (4), section three, article six of this chapter, the claim shall be transferred to the board for full hearing and initial determination by an appeal tribunal.

(d) If it appears from the deputy's investigation, and from all of the information before him that a claim does not relate to a labor dispute or to a disqualification under subdivision (4), section three, article six of this chapter, the deputy shall determine whether or not such claim is valid, and, if valid, shall determine:

All cases relating to labor disputes or to disqualification under subdivision (4), section three, article six of this chapter, and transferred to an appeal tribunal for initial determination, shall be heard by an appeal tribunal composed either of three administrative law judges assigned by the board, or the board itself, as the board may direct in particular cases or in particular areas. All other appeals from the decision of a deputy shall be heard by an appeal tribunal composed, as the board may direct in particular cases or in particular areas, of a single administrative law judge; a tribunal of three administrative law judges assigned by the board; a member of the board; or the board itself.

§21A-7-7a. Hearings and determinations by appeal tribunal in labor dispute cases.

Upon transfer to the board of a case relating to a labor dispute or to a disqualification under subdivision four, section three, article six of this chapter, for hearing and initial determination by an appeal tribunal, the parties shall be entitled to a full and complete hearing and opportunity to present evidence before an appeal tribunal as provided in section seven of this article. Within eight days after the transfer or referral of such a case to the board, the board shall fix the time and place for hearing such case, and notify the claimant, last employer, and the commissioner, ten days in advance of the date set for hearing. All such cases shall be heard and determined as expeditiously as possible and shall be given priority over all other cases. §21A-7-8. Appeal from deputy's decision.

A claimant, last employer or other interested party, may file an appeal from the decision of the deputy within eight calendar days after notice of the decision has been delivered or mailed to the claimant and last employer as provided in section four of this article. The period within which an appeal from the decision of the deputy may be filed shall be stated in such notice. The decision of the deputy shall be final and benefits shall be paid or denied in accordance therewith unless an appeal is filed within such time.

§21A-7-10. Review by board.

The board may, on its own motion, after notice to the claimant, last employer, and the commissioner, eight days in advance of the date set for hearing, affirm, modify, or reverse and set aside a decision of an appeal tribunal. Any appeal from a decision of an appeal tribunal allowing benefits in a case relating to a labor dispute or to a disqualification under subdivision four, section three, article six of this chapter, shall be heard as expeditiously as possible and given priority over all other cases and shall be decided by the board within ten days after the hearing before the board.

§21A-7-11. Benefits pending appeal.

(a) Benefits found payable by decision of a deputy, appeal tribunal, the board or court shall be immediately paid up to the week in which a subsequent appellate body renders a decision, by order, finding that benefits were not or are not payable.

(b) If, at any appeal stage, benefits are found to be payable which were found before the appeal stage to be not payable, the commissioner shall immediately reinstate the payment benefits. (c) If the final decision in any case determines that a claimant was not lawfully entitled to benefits paid to him or her pursuant to a prior decision, the amount of benefits paid are considered overpaid.

(1) The commissioner shall recover such amount by civil action or in any manner provided in this code for the collection of past-due payment and shall withhold, in whole or in part, as determined by the commissioner, any future benefits payable to the individual and credit the amount against the overpayment until it is repaid in full.

(2) The commissioner may not bill an employer under section three-a, article five of this chapter for overpaid amounts of benefits paid to a claimant. In any instance where the commissioner has billed an employer, the employer has paid the billed amount and the amount is determined under this section to be an overpayment, the commissioner shall reimburse the employer for the amount of the overpayment paid by the employer from the Unemployment Compensation Trust Fund, if allowed by federal law, and if not from the Administrative Fund: Provided, That no employer shall be entitled to any payment under this subdivision unless such employer has filed all requested adequate separation information within the required time frame.

(d) If the final decision in any case determines that the claimant was not lawfully entitled to the benefits paid to him or her pursuant to a prior order any benefits paid pursuant to the prior order, are not chargeable to the employer's account.

(e) Whenever the commissioner finds that a claimant has received back pay at his or her customary wage rate from his or her employer the employee is liable to repay the benefits, if any, paid to the individual for the time he or she was unemployed.

(f) In any case in which, under this section, an employee is liable to repay benefits to the commissioner, the amount is collectible by civil action in the name of the commissioner.

(g) Whenever an employer subject to this chapter is required to make a payment of back pay to an individual who has received unemployment compensation benefits during the same period covered by the back pay award, the employer shall withhold an amount equal to the unemployment compensation benefits and shall repay the amount withheld to the Unemployment Compensation Trust Fund. If an employer fails to comply with this section, the commissioner may recover from the employer the amount of unemployment compensation benefits which should have been withheld by a civil action.

Such money may be requisitioned pursuant to section ten [§§ 21A-8-10 et seq.] of this article for the payment of benefits. Such money may also be requisitioned and used for the payment of expenses incurred for the administration of this chapter but only pursuant to a specific appropriation by the Legislature and only if the expenses are incurred and the money requisitioned after the enactment of an appropriation law which specifies the purposes for which such money is appropriated and the amounts appropriated therefor. Such appropriation is subject to the following conditions:

- (1) The period within which such money may be obligated is limited to a period ending not more than two years after the effective date of the appropriation law; and
- (2) The amount which may be obligated is limited to an amount which does not exceed the amount by which (A) the aggregate of the amounts transferred to the account of this state pursuant to section 903 of the Social Security Act exceeds, (B) the aggregate of the amounts used by this State pursuant to this chapter and charged against the amounts transferred to the account of this State.
 - (b) For purposes of subdivision (2) of subsection (a), amounts obligated for administrative purposes pursuant to an appropriation shall be chargeable against transferred amounts at the exact time the obligation is entered into. The appropriation, obligation, and expenditure or other disposition of money appropriated under subdivision (2) shall be accounted for in accordance with standards established by the United States Secretary of Labor.
 - (c) Money requisitioned for the payment of expenses of administration pursuant to this section shall be deposited in the Employment Security Administration Fund, but, until expended, shall remain a part of the Unemployment Compensation Fund. The commissioner shall maintain a separate record of the deposit, obligation, expenditure, and return of funds so deposited. If any money so deposited is, for any reason, not to be expended for the purpose for which it was appropriated, or, if it remains unexpended at the end of the period specified by the law appropriating such money, it shall be withdrawn and returned to the Secretary of the Treasury of the United States for credit to this State's account in the Unemployment Trust Fund.

§21A-8-16. Loans to Unemployment Compensation Fund from Revenue Shortfall Reserve Fund.

(a) Notwithstanding any provision of this code to the contrary and subject to the provisions of this section, the Governor may, by executive order, after first notifying the presiding officers of both houses of the Legislature in writing, borrow funds from the Revenue Shortfall Reserve Fund created in section twenty, article two, chapter eleven-b of this code for deposit into the Unemployment Compensation Fund, created in section one of this article, to be expended in accordance with this code. The amount of funds borrowed and outstanding under this section may not exceed \$50 million at any one time, or the amount the Governor determines is necessary to adequately sustain the balance in the Unemployment Compensation Fund at a minimum of \$50 million, whichever is less.

(b) Notwithstanding the provisions of subsection (a) of this section, the Governor may not borrow funds from the Revenue Shortfall Reserve Fund unless the Executive Director of Workforce West Virginia has projected that the balance in the state's Unemployment Compensation Fund will be less than \$50 million at any time during the next thirty days.

(c) Any funds borrowed pursuant to this section shall be used to pay benefits only.

(d) Any funds borrowed pursuant to this subsection shall be repaid from funds on deposit in the Unemployment Trust Fund in excess of \$50 million or from other funds legally available for such purpose, without interest, and redeposited to the credit of the Revenue Shortfall Reserve Fund within one hundred eighty days of their withdrawal.

(a) For the single purpose of financing the repayment of funds advanced to the department of employment security by the federal government under the provisions of Section 1201 of the Social Security Act, 42 U.S.C.A. §1321, for such advances which were made prior to July 1, 1987, the commissioner of the department of employment security is authorized on behalf of the department of employment security, as provided in this article:

(1) To borrow money, as contractual indebtedness, not bonded, and issue notes as evidence of such borrowing; and

(2) To borrow money and issue revenue bonds as evidence of such borrowing.

(b) Regardless of whether the repayment of funds advanced by the federal government is to be accomplished solely by issuing notes in accordance with the provisions of subdivision (1), subsection (a) of this section, solely by the issuance of bonds in accordance with the provisions of subdivision (2) of such subsection, or by a combination of such notes and bonds, the commissioner shall provide for the issuance of such notes or bonds in such principal amounts and upon such terms as shall be necessary to provide sufficient money for repaying, in whole, such funds advanced by the federal government.

(c) The commissioner may borrow money as provided for in subdivision (1), subsection (a) of this section, from the consolidated fund and the consolidated pension fund established under the provisions of section eight, article six, chapter twelve of this code, or may borrow money from any private financial institution or institutions, or may borrow from both such funds and such institution or institutions, or may borrow money as provided for in subdivision (2), subsection (a) of this section, by issuing revenue bonds. Prior to financing the repayment of funds advanced by the federal government, the commissioner shall ascertain which option or combination of options presents the terms most economically favorable to the commissioner and the employers and employees of this state, and shall proceed to refinance the repayment in accordance with such terms.

(d) The principal of and interest on such bonds and notes shall be payable solely from the special nonrevolving funds created under the provisions of section two of this article.

The portion of such assessments payable to the fund shall be an amount directly proportional to the ratio which the principal and interest on notes issued under this article bears to the total amount of principal and interest to be paid on indebtedness incurred under the provisions of this article. This fund may also receive funds from any other source, either state or federal.

(b) There is hereby created in the State Treasury a special nonrevolving revenue fund to be known as "the employment security debt bond fund," into which shall be paid a portion of all funds derived from the assessments hereinafter set forth in this article. The portion of such assessments payable to the fund shall be an amount directly proportional to the ratio which the principal and interest on bonds issued under this article bears to the total amount of principal and interest to be paid on indebtedness incurred under the provisions of this article. This fund may also receive funds from any other source, either state or federal.

(c) The commissioner shall have authority to pledge all of the revenue paid into a fund created by this section to meet the requirements of any sinking fund established pursuant to section five of this article in connection with any revenue bond issue or notes authorized by this article, including a reserve fund for the payment of the principal of and interest on such revenue bond issue or notes when other moneys in the sinking fund are insufficient therefor; and may provide in the resolution authorizing any issue of such bonds or notes, and in any trust agreement made in connection therewith, for such priorities on the revenues paid into the special revenue fund as may be necessary for the protection of the prior rights of the holders of bonds or notes issued at different times under the provisions of this article.

§21A-8A-3. Issuance of revenue bonds or notes.

The issuance of bonds or notes under the provisions of this article shall be authorized by a resolution of the commissioner, which shall provide for the issuance of bonds or notes in an amount sufficient to provide moneys sufficient to repay the federal government for all advances and interest thereon made to the West Virginia department of employment security pursuant to Title 42 U.S.C.A. §1321, which such advances were made prior to July 1, 1987: Provided, That competitive sealed bids shall be used to determine the bond issuance agent. The bonds or notes shall be of such series, bear such date or dates, mature at such time or times, bear interest at such rate or rates, be payable at such times and intervals, be in such denominations, be in such form, either coupon or fully registered without coupons, or book entry, carrying such registration exchangeability and interchangeability privileges, be payable in such medium of payment and at such place or places, be subject to such terms of such redemption prices, and be entitled to such priorities on the revenues paid into the special revenue fund as may be provided in the resolution authorizing the issuance of the bonds or notes or in any trust agreement made in connection therewith. The bonds or notes shall be signed by the Governor and by the commissioner, under the great seal of the state, attested by the Secretary of State, and the coupons attached thereto, if any, shall bear the facsimile signature of the commissioner. In case any of the officers whose signatures appear on the bonds or notes or coupons cease to be such officers before the delivery of such bonds, such signatures shall nevertheless be valid and sufficient for all purposes the same as if such officers had remained in office until such delivery.

Such bonds or notes shall be sold in such manner as the commissioner may determine to be for the best interests of the state, taking into consideration the financial responsibility of the purchaser. The proceeds of such bonds or notes shall be used solely for the repayment of advances and interest under the provisions of Title 42 U.S.C.A. §1321.

The bonds or notes issued under the provisions of this article shall be and have all the qualities of negotiable instruments under the law merchant and the Uniform Commercial Code of this state.

Bonds or notes issued under the provisions of this article shall be legal investments for banks, building and loan associations, and insurance companies organized under the laws of the State of West Virginia and for business development corporations organized pursuant to article fourteen, chapter thirty-one of the Code of West Virginia.

The commissioner may enter into an agreement or agreements with any trust company, or with any bank having the powers of a trust company, either within or outside the state, as trustee for the holders of bonds or notes issued hereunder, setting forth therein such duties of the commissioner in respect to the payment of the bonds or notes, the conservation and application of all moneys, the security for moneys on hand or on deposit, and the rights and remedies of the trustee and the holders of the bonds or notes, as may be agreed upon with the original purchasers of such bonds or notes, except that competitive bids shall be used to determine such trust company; and including therein provisions restricting the individual right of action of bondholders or noteholders as is customary in trust agreements respecting bonds or notes and debentures of corporations, protecting and enforcing the rights and remedies of the trustee and the bondholders or noteholders.

§21A-8A-5. Municipal bond commission for payment of bonds or notes.

From the special revenue funds established in accordance with the provisions of section two of this article, the commissioner shall make periodic payments to the state Municipal Bond Commission in an amount sufficient to meet the requirements of any issue of bonds or notes sold under the provisions of this article, as specified in the resolution of the commissioner authorizing the issue and in any trust agreement entered into in connection therewith. The payment so made shall be placed by the commissioner in a special sinking fund which is hereby pledged to and charged with the payment of the principal of the bonds or notes of such issue and the interest thereon, and to the redemption or repurchase of such bonds or notes, such sinking fund to be a fund for all bonds or notes of such issue without distinction or priority of one over another. The moneys in the special sinking fund, less such reserve for payment of principal and interest as may be required by the resolution of the commissioner authorizing the issue and any trust agreement made in connection therewith, may be used for the redemption of any of the outstanding bonds or notes payable from such fund which by their terms are then redeemable, or for the purchase of bonds or notes at the market price; but not exceeding the price, if any, at which such bonds or notes shall in the same year be redeemable; and all bonds or notes redeemed or purchased shall forthwith be canceled and shall not again be issued.

§21A-8A-6. Credit of state not pledged.

No provisions of this article shall be construed to authorize the commissioner at any time or in any manner to pledge the credit or taxing power of the state, nor shall any of the obligations or debts created by the commissioner under the authority herein granted be deemed to be obligations of the state.

The bonds and notes authorized hereby shall contain on their face a statement to the effect that: (1) Neither the State of West Virginia nor any agency, political corporation or political subdivision of the State of West Virginia is obligated to pay the principal of or interest on the bonds or notes except as provided in this article; and (2) neither the faith and credit nor the taxing power of the State of West Virginia or any agency, political corporation or political subdivision of the State of West Virginia is pledged to the payment of the principal of or interest on the bonds or notes except as provided by this article.

§21A-8A-7. Bonds or notes exempt from taxation.

§21A-8A-8. Assessments; dedication of assessments; commissioner's authority to adjust assessments.

(a) On and after July 1, 1987, every employer, contributing and reimbursable, subject to this chapter, shall be required to withhold from all persons in his employment an assessment which shall be in an amount not to exceed thirty-five one hundredths (35/100) of one percent of said employee's gross wages, which amount, together with an assessment contributed by the employer in an amount as determined in accordance with the provisions of subsection (b) of this section, except for reimbursable employers who shall not be assessed, shall be paid to the division of employment security on a form prescribed by the commissioner, at the same time and under the same conditions as the quarterly contribution payments required under the provisions of section seven, article five, chapter twenty-one-a of this code. The commissioner shall have the right to collect any delinquent assessments under this section in the same manner as provided for in section sixteen, article five, chapter twenty-one-a of this code; and in addition, any delinquency hereunder shall bear interest as set forth in section seventeen, article five, chapter twenty-one-a of this code.

(b) The commissioner shall establish the exact amounts of the employers' and employees' assessments at a level sufficient to generate the revenues needed to retire the bonds or notes issued pursuant to this article and to pay deferred interest owed to the federal government when due, subject only to the limitation established in the preceding subsection (a) of this section. After determining the level of assessment on the gross wages of employees, the commissioner shall determine a rate of assessment to be imposed upon employers, except reimbursable employers, which rate shall be expressed as a percentage of wages, as defined in section three, article one of this chapter, except that for purposes of this section such wages shall include all of that part of the remuneration paid to an employee that is less than \$21,000 during any calendar year, and which is sufficient to cause the total statewide assessment on such employers to equal the total statewide assessment imposed upon employees.

(c) The proceeds derived from the assessments provided for in this section shall be placed in the special nonrevolving revenue funds established pursuant to the provisions of section two of this article to be held by the commissioner separate and apart from all other funds and accounts created under this chapter and the funds, together with the interest derived therefrom, shall be pledged and utilized only for the repayment of bonds or notes issued under the provisions of this article and the payment of deferred interest owed to the federal government as the same becomes due. At such time as there are no longer any bonds, notes or other evidences of indebtedness outstanding which are payable from the special nonrevolving revenue funds, any remaining balance in these special accounts shall be paid into the unemployment compensation trust fund. The commissioner may establish additional special accounts and subaccounts with the employment security administration fund for the purpose of identifying more precisely the sources of payments into and disbursements from the employment security administration fund.

(d) Prior to the beginning of any quarter during which bonds or notes authorized by this

article will be outstanding, the commissioner may adjust the amount of the assessment set forth in subsection (a) of this section; however, the amount is never to exceed thirty-five one hundredths (35/100) of one percent of each said employee's gross wages. The assessment shall cease when all the bonds or notes are repaid.

(e) Any employer or corporate officer if employer is a corporation, who fails to remit to the division of employment security the assessments provided for under this section shall be guilty of a felony and, upon conviction, shall be punished by a fine of not less than \$5,000 nor more than \$10,000, or by imprisonment of not less than one year, or both.

§21A-8A-9. West Virginia Board of Investments to act as Board of Investments for purposes of this article; powers.

The West Virginia state Board of Investments as heretofore created and constituted under the provisions of article six, chapter twelve of this code, shall be ex officio a Board of Investments for funds of the special investment funds designated as the consolidated fund and the consolidated pension fund as they are made available for investment in accordance with the provisions of this article, and as such, the Board of Investments may exercise all of the powers and functions granted to it pursuant to the provisions of said article six of chapter twelve in carrying out the duties assigned to it under the provisions of this article.

§21A-8A-10. Authority of the Board of Investments.

Upon application by the commissioner of the department of employment security, the Board of Investments shall invest moneys, securities, and other assets of the consolidated fund and the consolidated pension fund established under the provisions of section eight, article six, chapter twelve of this code, in the form of interest-bearing loans to the department of employment security to finance the repayment of funds advanced to the department of employment security by the federal government under the provisions of Section 1201 of the Social Security Act, 42 U.S.C.A. §1321. Such loan shall be made, if at the time of the commitment to make the loan, the Board of Investments determines that there exists a plan for the repayment of such loan which is satisfactory to the Board of Investments and which can be carried out by the department of employment security, that the loan is needed to assist the department of employment security to repay advances made from the federal unemployment account in the unemployment trust fund in accordance with the provisions of Title 42 U.S.C.A. §1321. The board shall also determine that all of the proceeds of a loan made under the provisions of this article will be used to repay advances made to the department of employment security from the federal unemployment account in the unemployment trust fund in accordance with the provisions of Title 42 U.S.C.A. §1321, which advances were made prior to July 1, 1987. Any loss to the principal of the consolidated fund or the consolidated pension fund that occurs because of any loan authorized by this article shall be deducted only from the state government moneys in such funds.

§21A-8A-11. Requirements of loan.

(a) A loan made by the Board of Investments from the consolidated fund or the consolidated pension fund under the provisions of this article will bear interest at a rate determined by the Board of Investments not to exceed seven percent per annum. At the discretion of the Board of Investments, a loan made under the provisions of this article may be renewed if prevailing economic and financial conditions in the marketplace would permit such renewal to be prudently made: Provided, That any such renewal notes shall not be issued by the commissioner which would mature after the date on which the original notes would have otherwise matured.

(b) The date of maturity of notes issued by the commissioner shall, in all cases, be determined by the Board of Investments, consistent with its fiduciary responsibilities.

§21A-8A-12. Limitations on loan authority.
