WEST VIRGINIA CODE: §22-30-10

§22-30-10. Notice to local governments and water companies.

(a) The owner or operator of a regulated aboveground storage tank shall provide notice directly to the public water system and to state, county and municipal emergency response organizations of the type and quantity of fluid stored in the regulated aboveground storage tanks at the facility and the location of the safety data sheets (SDS) associated with the fluids in storage. Subject to the protections afforded in section fourteen of this article, the information required in this subsection shall be delivered to the specific public water system and to state, county and municipal emergency response organizations that are designated by the secretary to receive required notice.

(b) In lieu of the information required in subsection (a) of this section, the tank owner or operator may provide the inventory forms and applicable documents required by sections 311 and 312 of the Emergency Planning and Community Right-to-Know Act, subject to the protection of trade secrets and site security information allowed by section fourteen of this article.
