WEST VIRGINIA CODE: §22-30-21

§22-30-21. Interagency cooperation.

(a) In implementation of this article, the secretary shall coordinate with the Department of Health, the West Virginia Public Service Commission, the Division of Homeland Security and Emergency Management and local health departments to ensure the successful planning and implementation of this act, including consideration of the role of those agencies in providing services to owners and operators of regulated aboveground storage tanks and public water systems.

(b) The Division of Homeland Security and Emergency Management shall also coordinate with state and local emergency response agencies to facilitate a coordinated emergency response and incident command and communication between the owner or operator of the regulated aboveground storage tank, the state and local emergency response agencies, and the affected public water systems.
