

WEST VIRGINIA CODE: §22A-2-73

§22A-2-73. Construction of shafts, slopes, surface facilities and the safety hazards attendant therewith; duties of Board of Coal Mine Health and Safety to promulgate rules; time limits therefor.

The Board of Coal Mine Health and Safety shall investigate or cause to be investigated the technology, procedures and techniques used in the construction of shafts, slopes, surface facilities, and the safety hazards, attendant therewith, and shall promulgate rules governing the construction of shafts and slopes; and shall promulgate by January 1, 1981, rules governing the construction of surface facilities.

The Board of Coal Mine Health and Safety shall continuously update such rules governing the construction of shafts, slopes and surface facilities, which rules shall have as their paramount concern, the health and safety of the persons involved in such operations, and such rules shall include, but not be limited to, the certification of all supervisors, the certification and training of hoist operators and shaft workers, the certification of blasters and approval of plans. The provisions of such rules may be enforced against operators and construction companies in accord with the provisions of article one of this chapter. For purposes of this chapter, a construction company is an operator.
