

# WEST VIRGINIA CODE: §22C-9-7A

## §22C-9-7a. Unitization of interests in horizontal well drilling units.

(a) *Declaration of public policy; legislative findings regarding unitization for all horizontal wells.* —

The Legislature finds that horizontal drilling is a technique that effectively and efficiently recovers natural resources and should be encouraged as a means of production of oil and gas and it is hereby declared to be the public policy of this state and in the public interest to:

- (1) Foster, encourage, and promote exploration for and development, production, utilization, and conservation of oil and gas resources by horizontal drilling in deep and shallow formations;
- (2) Prohibit waste of oil and gas resources and unnecessary surface loss of oil and gas and their constituents;
- (3) Encourage the maximum recovery of oil and gas; and
- (4) Safeguard, protect, and enforce the correlative rights of operators and royalty owners of oil and gas in a horizontal well unit to the end that each such operator and royalty owner may obtain his or her just and equitable share of production from that pool, horizontal well unit or unconventional reservoir of oil or gas; and
- (5) Safeguard, protect, and enforce the property rights and interests of surface owners and the owners and agricultural users of other interests in the land.

(b) *Definitions.* — Unless the context in which used clearly requires a different meaning, as used in this section:

(1) “Bonded operator” means a person that has posted a bond under §22-6-1 *et seq.* or §22-6A-1 *et seq.* of this code; is registered as an oil and gas well operator with the West Virginia Department of Environmental Protection, Office of Oil and Gas; and operates eight or more oil and gas wells, as defined in §22-6-1 *et seq.* or §22-6A-1 *et seq.* of this code, in West Virginia that are active, producing oil and gas wells;

(2) “Executive interest” and “executory interest” means the interest entitling the owner to lease the oil and gas estate or amend an existing oil and gas lease. For purposes of this section, the owner of the executive interest is considered to be the royalty owner and interested party for purposes of notice and participation in proceedings here in this article, and all horizontal well unit orders are binding on the owners of executive interests and non-executive interests in a horizontal well unit. The owners of the executive interest and the associated non-executive interest owners are considered to be the same interest for purposes of computing percentages pursuant to §22C-9-7a(c)(2)(A) and §22C-9-7a(c)(2)(B) of

this code;

(3) "Horizontal well unit" means an area in which horizontal drilling may occur, and that is designated for the allocation of production from one or more horizontal wells drilled in the unit to oil and gas tracts, or portions of the tracts, included in the unit for production of oil and gas and payment of royalty and proceeds of production regardless of the tract or tracts in which the horizontal well is drilled or completed, and the corresponding authorization to drill and produce oil and gas from that area as a unit, notwithstanding the lack of adequate consensual rights allowing pooling or unitization of oil and gas or allowing drilling horizontally across tract lines. When a horizontal well unit is formed, that portion of the production allocated to each tract or portion of the unit included in the horizontal well unit shall, when produced, be considered for all purposes to have been actually produced from the tract by an oil and gas well drilled, completed and producing on the tract;

(4) "Lateral" means the portion of a well bore that deviates from approximate vertical orientation to approximate horizontal orientation and all wellbore beyond the initial deviation to total depth or terminus of the wellbore;

(5) "Overriding royalty" means an interest carved out of the leasehold or out of the working interest and is not included within the meaning of royalty;

(6) "Royalty owner" means any owner of oil and gas in place, or oil and gas rights, to the extent that the owner is not an operator as defined in §22C-9-2(a) of this code. A royalty owner does not include a person whose interest is limited to: (A) A working interest in a wellbore only; (B) overriding royalties; (C) non-participating royalty interests; (D) non-executive mineral interests; or (E) net profits interests;

(7) "Target formation" means the primary geologic formation from which oil or gas is intended to be produced from a horizontal drilling operation and, where completions can reasonably be expected to produce from formations above or below the target formation, includes the formations from which production can reasonably be expected;

(8) "Unitization" means the combination of two or more tracts of oil and gas, or portions thereof, or leases, for drilling of horizontal wells and production of oil and gas from the unit with allocation of production to the net acreage of each tract included in the unit to operate as a consolidated horizontal well unit;

(9) "Unitization consideration" means consideration provided as set forth in subsection (f) of this section. Unitization consideration relates to the net acreage of the non-consenting royalty owner included in a horizontal well unit;

(10) "Unknown and unlocatable interest owner" means a royalty owner, executive interest owner, operator, or other person vested with an interest in oil and gas in the target formation to be included in a horizontal well unit, whose present identity or location cannot be determined from:

(A) A reasonable review of the records of the clerk of the county commission for the county or counties where the oil and gas is located and any immediately adjacent counties within this state;

(B) Diligent inquiry to known interest owners in the same tract;

(C) Inquiry to the sheriff's and assessor's offices of the county or counties in which the oil and gas interest is located;

(D) A reasonable inquiry utilizing available internet resources that could reasonably lead to the identification of the person; and

(E) A mailing to the last known address, if available, of the person as reflected in the records of the sheriff's or assessor's office, and includes the unknown heirs, representatives, successors, and assigns of the person.

(11) "Weighted average sales price" means a weighted average sales price obtained each month for amounts received at the applicant's various delivery points to unaffiliated, third-party purchasers accessible by the owner's production, without deduction of post-production, third-party costs and expenses charged to or incurred by applicant and/or its affiliates other than costs and expenses charged to or incurred by applicant and/or its affiliates after the first liquid trading point or, if the production does not undergo processing, after delivery to the first interstate pipeline.

(c) *Applicability.* —

(1) For all horizontal wells, including shallow horizontal wells and deep horizontal wells, the commission may unitize tracts, or portions of tracts, in a horizontal well unit established under this section upon the filing of an application with the commission by a person that controls the horizontal well unit and upon the issuance of a horizontal well unit order pursuant to this section.

(2) Before filing an application under this section, an applicant must have:

(A) With respect to the royalty interest, for shallow horizontal wells and deep horizontal wells, obtained by ownership, lease, lease amendment, assignment, farmout, compliance with §37B-1-1, *et seq.* of this code with respect to unknown or unlocatable interest owners defined in §37B-1-3 of this code only, contract or other agreement the right, consent or agreement to pool or unitize the acreage to be included in the horizontal well unit from executory interest royalty owners of 75 percent or more of the net acreage in the target formation proposed to be included in the horizontal well unit, as provided and determined in subdivision (3) of this subsection; and

(B) With respect to the operator interest:

(i) For shallow horizontal wells, obtained by ownership, lease, lease amendment, assignment,

farmout, contract or other agreement the right, consent or agreement to pool or unitize as to 55 percent or more of the net acreage in the target formation proposed to be included in the horizontal well unit owned, leased, or operated by operators and the applicant, collectively, by ownership, lease, farmout, assignment, contract or other agreement, as provided and determined in subdivision (3) of this subsection; or

(ii) For deep horizontal wells, obtained by ownership, lease, lease amendment, assignment, farmout, compliance with §37B-1-1, *et seq.* of this code with respect to unknown or unlocatable interest owners defined in §37B-1-3 of this code only, contract or other agreement the right, consent or agreement to develop the acreage to be included in the horizontal well unit from executory interest royalty owners of 55 percent or more of the net acreage in the target formation proposed to be included in the horizontal well unit, as provided and determined in subdivision (3) of this subsection;

(C) (i) Made good-faith offers to consent or agree to pool or unitize, and has negotiated in good faith with, all known and locatable royalty owners having executory interests in the oil and gas in the target formation within the acreage to be included in the proposed horizontal well unit who have not previously consented or agreed to the pooling or unitization of the interests and whose interests are not subject to development under §37B-1-1, *et seq.* of this code; and

(ii) Made good-faith offers to participate or consent or agree to the proposed horizontal well unit, and has negotiated in good faith with, all known and locatable operators who have not previously agreed to participate or consent or agree to pool or unitize the acreage to be included in a proposed horizontal well unit.

(iii) A person who satisfies the conditions of paragraphs (A) through (C) of this subdivision is referred to in this section as a person that controls the horizontal well unit.

(3) For purposes of determining whether a person has obtained the requisite control of the proposed horizontal well unit, the commission may not include overriding royalty owners, non-executive interest royalty owners or acreage owned or otherwise held by unleased unknown and unlocatable interest owners whose acreage is not subject to development pursuant to §37B-1-1, *et seq.* of this code, or acreage owned or otherwise held by operators who are not bonded operators, unless such operators have consented or otherwise agreed to develop their operator interest in the net acreage in the target formation proposed to be included in the horizontal well unit. Furthermore, for purposes of determining whether a person has the requisite control of the proposed horizontal well unit, the identity and rights of royalty owners and operators shall be determined as of the date on which the application for a horizontal well unit is filed.

(4) If the applicant has not met all the provisions of this subsection, the application shall be dismissed without prejudice.

(5) If the applicant meets all of the provisions of this subsection, the commission shall

authorize unitization of tracts, or portions of the tracts, as to all interests in oil and gas in the target formation acreage proposed to be unitized for horizontal drilling, including interests of unknown and unlocatable interest owners, for production of oil and gas from the target formation as a horizontal well unit, and shall issue a horizontal well unit order in accordance with this section.

(e) *Standard of review.* —

(1) The commission shall evaluate the application and shall consider:

(A) The ownership and control of the tracts, or portions of the tracts, in the proposed horizontal well unit;

(B) Whether the tracts, or portions of the tracts, proposed to be made subject to a horizontal well unit order are owned, in whole or in part, by unknown and unlocatable interest owners;

(J) Whether the applicant has complied with subsection (c) of this section;

(K) Whether notice has been provided in accordance with this section; and

(L) Whether the applicant demonstrates the intent and ability to drill all the wells proposed in the unit.

(2) The commission may not issue a horizontal well unit order pursuant to this section unless it finds that the applicant has before the filing of the application met the requirements of

subsection (c) of this section.

(3) The commission may not change the operator of an existing well drilled in the proposed horizontal well unit, or a well actually being drilled within the proposed horizontal well unit as of the date the application is filed under this section and shall consider and protect the interests of owners of the well when issuing a horizontal well unit order.

(f) *Horizontal well unit orders.* —

(1) A horizontal well unit order under this section shall specify:

(A) The size and boundaries of the horizontal well unit giving due regard for maximization of the amount of oil and gas produced to prevent waste and protect correlative rights:

*Provided*, That a horizontal well unit's size may not exceed 640 acres: *Provided, however*, That the commission may exceed the acreage limitation if the applicant demonstrates that the proposed horizontal well unit area would be drained efficiently and economically by a larger horizontal well unit: *Provided further*, That a horizontal well unit containing one or more horizontal wells may not contain more than 128 net acres controlled by non-consenting royalty owners determined as of the date that the application for the horizontal well unit application is filed.

(B) The horizontal wells which may be drilled in the horizontal well unit, and whether the horizontal wells to be drilled are shallow or deep;

(C) If there are vertical wells completed in the target formation in the horizontal well unit, the area where a horizontal well may not be completed;

(D) The target formation or target formations to which the horizontal well unit applies; and

(E) Any unitization consideration due.

(2) An order authorizing unitization of tracts with unknown and unlocatable interest owners shall contain a finding that identifies the persons as unknown and unlocatable.

(3) An order shall specify that the allocation of the percentage of production of the horizontal wells drilled in the horizontal well unit to the separately owned tracts, or portions of the tracts, included within the horizontal well unit shall be in the proportion that each tract's net acreage within the horizontal well unit bears to the total net acreage within the horizontal well unit.

(4) A horizontal well unit order shall authorize and perfect unitization of all interests in the target formation as to the tracts, or portions of the tracts, included in the horizontal well unit.

(5) If the applicant is a person that controls the horizontal well unit proposed for a horizontal well unit order under this section, the commission shall form a horizontal well unit pursuant

to this section and authorize the drilling and operation of one or more horizontal wells in the unit for the production of oil or gas from the target formation from any tract within the horizontal well unit.

(6) With respect to royalty owners of leased tracts who have not consented to pooling or unitization, the commission shall require that unitization consideration be paid to executive interest royalty owners in an amount equal to 25 percent of the weighted average monetary bonus amount on a net mineral acre basis and a production royalty percentage equal to 80 percent of the weighted average production royalty percentage rounded to the nearest one tenth of one percent paid to other executive interest owners of leased tracts in the unit in the same target formation: *Provided*, That the weighted average calculation shall not include any fixed amounts paid to royalty owners or payments made on any basis other than a net mineral acre basis. Further, the royalty percentage cannot be less than the production royalty percentage in the existing lease or 12 and one-half percent for a flat rate lease. The applicant, all royalty owners, and owners of leasehold, working interest, overriding royalty interest and other interests in the oil and gas are bound by the order and the remaining lease terms, including other terms related to the payment of royalties. Unitization consideration shall be paid by the participating operators, including the applicant, to the extent of their interest in the horizontal well unit.

(7) With respect to interests in oil and gas as to which there is no lease in existence:

(A) Executive interest owners may elect to surrender the oil and gas underlying the tract to the participating operators, including the applicant, to the extent of their interest in the horizontal well unit for consideration, which if not agreed upon, shall be an amount equal to the weighted average amount paid, per net mineral acre, by the applicant to executive interest owners in bona fide, third-party transactions for the acquisition of the oil and gas mineral estate in the same target formation underlying the horizontal well unit: *Provided*, That the weighted average calculation shall not include any fixed amounts paid to royalty owners or payments made on any basis other than a net mineral acre basis; or

(B) Executive interest owners may make an election for unitization consideration, and if the executive interest owner elects unitization consideration, the interests of the executive interest owner and the associated nonexecutive interest owners shall be considered leased to the participating operators, including the applicant, to the extent of their interest in the horizontal well unit on terms which, if not agreed upon, shall consist of the following:

(i) A bonus payment per net mineral acre equal to the weighted average monetary bonus paid, per net mineral acre, to executive interest owners by the applicant in connection with other leases in the same target formation controlled by the applicant within the horizontal well unit: *Provided*, That the weighted average calculation shall not include any fixed amounts paid as bonus payments to executive interest owners or payments made on any basis other than a net mineral acre basis; and

(ii) A production royalty for the natural gas, oil and natural gas liquids produced and sold

equal to the highest production royalty percentage in connection with other leases in the same target formation controlled by the applicant within the horizontal well unit and dated within the 24 months preceding the application date. Executive interest owners may make a one-time election prior to the issuance of a horizontal well unit order by the commission to be paid production royalties for natural gas based on either: (a) An index price in effect at the beginning of each calendar month, as published in an independent, third-party publication reflecting arm's-length, market-based sales, for natural gas applicable to the first interstate pipeline into which the natural gas is delivered, and shall not be reduced by post-production expenses; or (b) the weighted average sales price.

Production royalties for natural gas liquids will be calculated using the sum of the proceeds received at the tailgate of the processing facility for each natural gas liquid product during each month divided by the volume of such natural gas liquid product that was sold during such month and shall not be reduced by post-production expenses. If an executive interest owner does not make the one-time election regarding the price on which royalties for natural gas shall be paid prior to the issuance of a horizontal well unit order by the commission, the applicant shall determine whether it will pay royalties to the executive interest owner and the associated nonexecutive interest owners based on either the index price described in this subparagraph or the weighted average sales price, and such determination shall be binding on the applicant, operators, executive interest owners and the associated non-executive interest owners for the term of the lease. The applicant and all royalty owners and owners of leasehold, working interest, overriding royalty interest and other interests in the associated unleased oil and gas shall be bound by the order. Nothing contained in paragraph (B) applies to any lease in this state now in existence or entered into in the future, or to any award of unitization consideration made by the commission other than unitization consideration awarded to an executive interest owner of an unleased tract who elects to be considered leased pursuant to this paragraph; or

(C) Executive interest owners may make an election to participate in a horizontal well unit consistent with §22C-9-7a(f)(9) and §22C-9-7a(f)(10) of this code.

(D) Owners of oil and gas interests as to which there is no lease in existence who do not elect (A), (B) or (C) of this subdivision shall be considered to have made an election to receive unitization consideration and lease their interest in the oil and gas mineral estate in the target formation to the applicant pursuant to §22C-9-7a(f)(7)(B) of this code.

(8) No unitization consideration may be required to be paid to any royalty owner who has consented or agreed to pooling or unitization by virtue of the terms contained in an oil and gas lease, or other agreement which permits pooling or unitization.

(9) An operator may elect to consent to and participate in a horizontal well unit after an application is filed. Subject to subdivision (7) of this subsection, when the commission issues a horizontal well unit order pursuant to this section, the commission shall consider each nonconsenting operator, who does not elect to participate in the risk and cost of drilling in the horizontal well unit through a voluntary agreement with the applicant, to participate in

the drilling in the horizontal well unit on a carried basis on terms and conditions which, if not agreed upon, shall be consistent with the terms and conditions contained in the proposed joint operating agreement submitted by the applicant in accordance with §22C-9-7a(d)(1)(M) of this code: *Provided*, That the commission determines that the proposed terms and conditions of the joint operating agreement are consistent with terms typically found in other similarly situated, arm's-length joint operating agreements within the horizontal well unit that were entered into by the applicant for the same target formation prior to the filing of the application for the horizontal well unit.

(10) If a non-consenting operator participates in the drilling in the horizontal well unit on a carried basis under the horizontal well unit order and an owner of any operating interest in any portion of the horizontal well unit drills and operates, or pays the costs of drilling, completing, equipping, and operating a horizontal well for the benefit of a non-consenting operator as provided in the horizontal well unit order, then the operating owner is entitled to the share of production from the tracts or portions thereof subject to the horizontal well unit order accruing to the interest of the non-consenting operator, exclusive of any unitization consideration, and royalty and overriding royalty reserved in any leases, assignments thereof or agreements relating thereto, of the tracts or portions of the tracts, until the net revenue from the non-consenting operator's share of the production, exclusive of the unitization consideration, royalty and overriding royalty, equals double the share of the costs payable by or charged to the interest of the non-consenting operator, as set forth in the accounting procedures included within the joint operating agreement submitted by the applicant in accordance with §22C-9-7a(d)(1)(M) of this code.

(11) If all wells proposed in a horizontal well unit approved by the commission are not drilled and completed as approved in the horizontal well unit order, the applicant shall file a request to modify the horizontal well unit with the commission within 60 days from the later of: Completion of all drilling activities within the horizontal well unit; or the date that is five years after the most recent drilling activity in the horizontal well unit occurs.

(12) Any interested party may file an application to correct a clerical error in a horizontal well unit order at any time.

(13) The applicant may file a request to modify a horizontal well unit order at any time.

(14) If an operator has not drilled and completed a well in a horizontal well unit formed by the commission within three years after the latter of either the drilling and completion of the initial horizontal well in the horizontal well unit or the drilling and completion of the most recent horizontal well within the horizontal well unit, as the case may be, an interested party may file a request to modify the horizontal well unit, and the commission may modify the horizontal well unit. Upon the modification of the horizontal well unit, the commission shall recalculate the allocation of production from the tracts in the modified horizontal well unit from and after the modification order date and the modification order shall be binding on the property subject to the horizontal well unit order, and all owners thereof, their heirs, representatives, successors, and assigns for so long as the horizontal well unit order remains

in effect. Following the entry of a modified horizontal well unit order containing the commission's recalculation of the allocation of production from the tracts in the modified horizontal well unit order, the applicant and all other operators shall have no liability whatsoever to pay royalty in any manner other than that set forth in the modified horizontal well unit order.

(15) All operations, including, but not limited to, the commencement, drilling, or operation of a horizontal well upon any portion of a horizontal well unit for which a unit order has been entered pursuant to this section, shall be considered for all purposes the conduct of the operations upon each separate tract or portion of the tract in the horizontal well unit. That portion of the production allocated to each tract or portion of the tract included in a horizontal well unit shall, when produced, be considered for all purposes to have been actually produced from the tract by an oil and gas well drilled, completed, and producing on the tract.

(16) Subject to the provisions of subsection (o) of this section, where the commission finds that the interest of one or more unknown and unlocatable interest owners are included in the horizontal well unit, the horizontal well unit operator shall deposit the moneys payable to unknown

and unlocatable interest owners into an escrow account bearing a market rate of interest to be held, administered, and disbursed in accordance with an order of the commission and this section.

(17) A horizontal well unit order under this section shall expire if a horizontal well has not been drilled in the horizontal well unit within three years of the date the order is final and is nonappealable, unless the commission extends the order for good cause, and if a well has been drilled within three years the horizontal well unit shall continue in force and effect until the last producing horizontal well in the horizontal well unit is no longer capable of producing oil and gas.

(18) So long as the order remains in effect, a horizontal well unit order shall be binding on the property subject to the horizontal well order and all owners of the property and their heirs, representatives, successors, and assigns.

*(g) Notice, timelines, hearings, and orders. —*

(1)(A) For purposes of this section and the West Virginia Administrative Procedures Act, "interested parties" and "parties" mean owners of the executive interest in the oil and gas in the target formation within the horizontal well unit, including the unknown and unlocatable interest owner of the executive interest in the tracts, or portions of the tracts, to be included in the horizontal well unit subject to an application for a horizontal well unit order; owners of unleased oil and gas to be included in the horizontal well unit; operators of all target formation acreage in the horizontal well unit; and operators of all oil and gas wells located in

the unit that have been drilled to or through the target formation.

(B) Bonded operators of wells drilled to or through the target formation that are not within the horizontal well unit but are located within 500 feet of a proposed horizontal well unit boundary and executive interest owners owning an interest in the target formation that is not located within the horizontal well unit but is located within 500 feet of a proposed horizontal well unit boundary may submit written comments regarding the horizontal well unit application at any time before the start of any hearing regarding the application, but are not interested parties and may not participate in the hearing nor have the right to appeal the commission's decision regarding the application.

(2) Each notice issued in accordance with this section shall describe the area for which a horizontal well unit order is proposed in recognizable, narrative terms and contain such other information as is essential to the giving of proper notice, including the time and date and place of a hearing. As soon as practicable the commission shall establish a website. Within three business days of the filing of an application under this section, the commission shall publish on its website a copy of: (i) The horizontal well unit application notice required to be published pursuant to this section and section five of this article; and (ii) the proposed horizontal well unit plat filed with the application, both identified as a horizontal well unit application and indexed by county and district where the majority of the acreage to be included in the proposed horizontal well unit is located, so that the plat and notice of the application are readily accessible. Timely publication on the website for a period of 10 business days shall be notice to all operators.

(3) Upon request of any interested party or the commission, the commission shall conduct a hearing and receive evidence regarding the application. All interested parties may participate in any hearing. If a hearing has been held regarding an application, the order shall be a final order. If no hearing has been requested by the commission or an interested party within 15 days after notice of the application is posted on the commission website in accordance with subdivision (2) of this subsection, the commission may issue a proposed order and provide a copy of the proposed order, together with notice of the right to appeal to the commission and request a hearing, to all interested parties. Any interested party aggrieved by the proposed order may appeal the proposed order to the commission and request a hearing. Notice of appeal and request for hearing shall be made within 15 days of entry of the proposed order. If no appeal and request for hearing have been received within 15 days, the proposed order shall become final. If a hearing is requested, the hearing shall commence within 45 days of issuance of the initial notice. The commission may, upon written request, extend the date for the hearing: *Provided*, That the hearing must be convened within 45 days of the initial notice issued by the commission. The commission shall, within 20 days of the hearing, enter an order authorizing the unit, dismiss the application, or for good cause continue the process.

(4) At least 10 days prior to a hearing to consider an application for a horizontal well unit order, the applicant shall file with an independent, third-party attorney, or accountant selected by the chair of the commission a summary of:

(A) The prevailing economic terms of the leases within the proposed horizontal well unit relating to the target formation where the applicant is the operator, including the bonus payment per net mineral acre and production royalty rate, including whether the production royalty is subject to reduction for post-production expenses; and

(B) The prevailing amounts paid to the executive interest royalty owners, per net mineral acre, for the modification of leases relating to the target formation within the proposed unit where the applicant is the operator to allow the lessee to unitize the leased tract with other tracts for purposes of drilling horizontal wells.

(C) The independent, third party selected by the chair of the commission shall review the economic information filed by the applicant to determine its accuracy and, upon completion of his or her review, shall submit a report to the commission specifying the following information for inclusion by the commission in the horizontal well unit order:
