

WEST VIRGINIA CODE: §22c-3-5

§22C-3-5. Board to designate and establish disposal sheds; construction, maintenance, etc., of disposal projects; loan agreements; compliance with federal and state law.

To accomplish the public policy and purpose and to meet the responsibility of the state as set forth in this article, the solid waste management board shall designate and establish solid waste disposal sheds and it may initiate, acquire, construct, maintain, repair and operate solid waste disposal projects or cause the same to be operated pursuant to a lease, sublease or agreement with any person or governmental agency; may make loans and grants to persons and to governmental agencies for the acquisition or construction of solid waste disposal projects by such persons and governmental agencies; and may issue solid waste disposal revenue bonds of this state, payable solely from revenues, to pay the cost of, or finance, in whole or in part, by loans to governmental agencies, such projects. A solid waste disposal project shall not be undertaken unless the board determines that the project is consistent with federal law, with its solid waste disposal shed plan, with the standards set by the state environmental quality board and the director of the Division of Environmental Protection for any waters of the state which may be affected thereby, with the air quality standards set by the said director and with health standards set by the bureau of public health. Any resolution of the board providing for acquiring or constructing such projects or for making a loan or grant for such projects shall include a finding by the board that such determinations have been made. A loan agreement shall be entered into between the board and each governmental agency to which a loan is made for the acquisition or construction of a solid waste disposal project, which loan agreement shall include without limitation the following provisions:

- (1) The cost of such project, the amount of the loan, the terms of repayment of such loan and the security therefor, which may include, in addition to the pledge of all revenues from such project after a reasonable allowance for operation and maintenance expenses, a deed of trust or other appropriate security instrument creating a lien on such project;
- (2) The specific purposes for which the proceeds of the loan shall be expended, the procedures as to the disbursement of loan proceeds and the duties and obligations imposed upon the governmental agency in regard to the construction or acquisition of the project;
- (3) The agreement of the governmental agency to impose, collect, and, if required to repay the obligations of such governmental agency under the loan agreement, increase service charges from persons using said project, which service charges shall be pledged for the repayment of such loan together with all interest, fees and charges thereon and all other financial obligations of such governmental agency under the loan agreement;
- (4) The agreement of the governmental agency to comply with all applicable laws, rules and regulations issued by the board or other state, federal and local bodies in regard to the

construction, operation, maintenance and use of the project; and

(5) Such other provisions, terms or conditions as the board may reasonably require.

The board shall comply with all of the provisions of federal law and of article fifteen, chapter twenty-two of this code and any rules promulgated thereunder which pertain to solid waste collection and disposal.
