

WEST VIRGINIA CODE: §24-2H-4

§24-2H-4. Preparation of list of potentially unstable water and wastewater utilities.

Annually, the commission shall prepare a list of water and wastewater utilities that appear to be financially unstable by reviewing annual reports, rate case filings and other financial data available to it. Commission staff shall contact each utility placed on the list and provide advice and assistance in resolving any financial instability or managerial or operational issues that are contributing to the utility's financial instability.
