WEST VIRGINIA CODE: §24F-1-1

§24F-1-1. Legislative findings.

(a) The Legislature finds that it is in the public interest to regulate transactions between cemeteries, companies that set and install memorial monument markers and veterans in the fees and total charges for the setting of United States department of veterans' affairs grave markers at the graves of deceased United States Armed Forces veterans by authorizing the Public Service Commission to regulate the fees and total charges.

(b) The Legislature further finds that the Public Service Commission is the appropriate agency to determine the reasonable rates as charged by these cemeteries and companies that set and install memorial monument markers for the setting of these markers.
