WV Legislature

§27-1-1. Definitions.

Notwithstanding any provision to the contrary, if any service provision or reimbursement is affected by the changes in terminology adopted in the 2010 First Extraordinary Session of the Legislature, the terms "intellectual disability" or "individuals with an intellectual disability" shall assume their previous terminology. It is not the intent of the Legislature to expand the class of individuals affected by this terminology change.

§27-1-4. Inebriate.

An "inebriate" person is anyone over the age of eighteen years who is incapable or unfit to properly conduct himself or herself, or his or her affairs, or is dangerous to himself or herself or others, by reason of periodical, frequent or constant drunkenness, induced either by the use of alcoholic or other liquors, or of opium, morphine, or other narcotic or intoxicating or stupefying substance.

The terms "hospital" and "state hospital" exclude correctional and regional jail facilities.

WV Legislature

§27-1-7. Administrator and clinical director.

(a) The administrator of a state-operated treatment facility is its chief executive officer and has the authority to manage and administer the financial, business and personnel affairs of such facility. (b) The clinical director has the responsibility for decisions involving clinical and medical treatment of patients in a state-operated mental health facility. (b) In making the "likely to cause serious harm" determination, judicial, medical, psychological and other evaluators and decisionmakers should utilize all available information, including psychosocial, medical, hospitalization and psychiatric information and including the circumstances of any previous commitments or convalescent or conditional releases that are relevant to a current situation, in addition to the individual's current overt behavior.
