§29-1-8a. Protection of human skeletal remains, grave artifacts and grave markers; permits for excavation and removal; penalties.

(a) Legislative findings and purpose. --

The Legislature finds that there is a real and growing threat to the safety and sanctity of unmarked human graves in West Virginia and the existing laws of the state do not provide equal or adequate protection for all such graves. As evident by the numerous incidents in West Virginia which have resulted in the desecration of human remains and vandalism to grave markers, there is an immediate need to protect the graves of earlier West Virginians from such desecration. Therefore, the purpose of this article is to assure that all human burials be accorded equal treatment and respect for human dignity without reference to ethnic origins, cultural backgrounds, or religious affiliations.

The Legislature also finds that those persons engaged in the scientific study or recovery of artifacts which have been acquired in accordance with the law are engaged in legitimate and worthy scientific and educational activities. Therefore, this legislation is intended to permit the appropriate pursuit of those lawful activities.

Finally, this legislation is not intended to interfere with the normal activities of private property owners, farmers, or those engaged in the development, mining or improvement of real property. (b) Definitions. --
