

WEST VIRGINIA CODE: §29-12B-9

§29-12B-9. High risk professional liability insurance program.

(a) The rate charged participants in the high risk professional liability insurance program may be higher than those established and approved by the board for participants in the preferred professional insurance program as set forth in a written rating manual. Risks may be refused coverage under criteria approved by the board, as set forth in its underwriting manual. The Board of Risk and Insurance Management shall periodically review its underwriting manual and make any changes it deems necessary or appropriate.

(b) If a majority of the board determines that a health care provider covered by one of the programs created by this article presents an extreme risk because of the number of claims filed against him or her or the outcome of such claims, said board may, after notice and a hearing in accordance with the provisions of the West Virginia administrative procedures act, chapter twenty-nine-a of this code, terminate coverage for all claims against that health care provider. Coverage shall terminate thirty days after the board's decision. Upon termination of coverage under this subsection, the board shall notify the licensing or disciplinary board having jurisdiction over the health care provider of said provider's name and of the reasons for termination of the coverage.

(c) The board may terminate coverage for a health care provider's failure to pay premiums by providing written notice of such termination by first-class mail no less than thirty days prior to termination of coverage.
