WEST VIRGINIA CODE: §29-22B-1903

§29-22B-1903. Timing of implementation.

The Legislature finds and declares that the success of this state's implementation of video lottery operations under this article requires that the operations be phased in over a manageable transition period designed to allow careful regulation and control of the implementation of operations under this article and also to allow persons possessing devices that are declared by this article to be contraband gambling devices a reasonable opportunity to remove any existing devices from this state.
