WEST VIRGINIA CODE: §29A-1-3A

§29A-1-3a. Technical amendments to a current rule.

The provisions of this chapter do not apply to purely technical amendments to a current rule, including correcting addresses, phone numbers, punctuation, spelling, code citations or internal citations, numbering, grammatical errors or changes to language to standardize rules generally without affecting the content of any rule. An agency may make these amendments by filing the corrected rule with the Secretary of State's office.
